1) Miscellaneous funds are defined and calculated as per ACA § 6-20-2303 (12), ACA § 6-20-2308 and ACA § 6-20-2503 (a) (3).
2) Negative funding amounts for 98% of URT X assessment less net revenues indicate funds owed to the state. Districts with negative funding amounts will receive written notification that will include information on how to code the repayment transaction.
3) Educational excellence trust funds are included in state foundation funding aid and are restricted pursuant to ACA § 6-5-307.
4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. No school district shall receive both declining enrollment funding and student growth funding or special needs isolated, small district, and transportation funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. Subsequent FY16 state aid notices reflect these comparisons. The final determination of FY16 student growth funding is made in FY17.

3) Educational excellence trust funds are included in state foundation funding aid and are restricted pursuant to ACA § 6-5-307.
4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. No school district shall receive both declining enrollment funding and student growth funding or special needs isolated, small district, and transportation funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. Subsequent FY16 state aid notices reflect these comparisons. The final determination of FY16 student growth funding is made in FY17.

3) Educational excellence trust funds are included in state foundation funding aid and are restricted pursuant to ACA § 6-5-307.
4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. No school district shall receive both declining enrollment funding and student growth funding or special needs isolated, small district, and transportation funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. 3) Educational excellence trust funds are included in state foundation funding aid and are restricted pursuant to ACA § 6-5-307.
4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. No school district shall receive both declining enrollment funding and student growth funding or special needs isolated, small district, and transportation funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. Subsequent FY16 state aid notices reflect these comparisons. The final determination of FY16 student growth funding is made in FY17.

4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. No school district shall receive both declining enrollment funding and student growth funding or special needs isolated, small district, and transportation funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. Subsequent FY16 state aid notices reflect these comparisons. The final determination of FY16 student growth funding is made in FY17.

1) Miscellaneous funds are defined and calculated as per ACA § 6-20-2303 (12), ACA § 6-20-2308 and ACA § 6-20-2503 (a) (3).
2) Negative funding amounts for 98% of URT X assessment less net revenues indicate funds owed to the state. Districts with negative funding amounts will receive written notification that will include information on how to code the repayment transaction.
3) Educational excellence trust funds are included in state foundation funding aid and are restricted pursuant to ACA § 6-5-307. Except in the calculation of educational excellence trust funds, the effect of the November 2013 settlement agreement (USDC No. 4:82-CV-866) is not reflected on this state aid notice.
4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. No school district shall receive both declining enrollment funding and student growth funding or special needs isolated, small district, and transportation funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. Subsequent FY16 state aid notices reflect these comparisons. The final determination of FY16 student growth funding is made in FY17.

2) Negative funding amounts for 98% of URT X assessment less net revenues indicate funds owed to the state. Districts with negative funding amounts will receive written notification that will include information on how to code the repayment transaction.
3) Educational excellence trust funds are included in state foundation funding aid and are restricted pursuant to ACA § 6-5-307.
4) The combination of NSL state categorical, NSL transitional (plus or minus) , NSL state categorical withholding (minus), and NSL growth funding (plus) equals the total net NSL state categorical funding received by a school district. The NSL state categorical funding rate increases or decreases in $173.33 increments for districts in transition.
5) Eligible school districts shall receive the higher of student growth funding plus special needs isolated, small district, and transportation funding or declining enrollment funding. The initial FY16 state aid notice provides declining enrollment funding that has not been compared to student growth funding (estimated or actual) and/or special needs isolated, small district, and transportation funding. Subsequent FY16 state aid notices reflect these comparisons. The final determination of FY16 student growth funding is made in FY17.
