College and Career Readiness Topic: R.I.S.E. Arkansas

R.I.S.E. Arkansas

Reading is the foundation of student success in college, career, and community engagement. The Reading Initiative for Student Excellence (R.I.S.E.) Arkansas is building a culture of reading. Through the campaign, the state, schools, teachers, parents, students, and communities are partnering to promote the importance of reading, increase access to books in the home, and provide professional development for teachers by focusing on how students learn to read.

Your Role

Everyone plays an important role in this initiative! From reading at home each night to setting learning goals, both parents and teachers can help children/students achieve reading milestones. Schools are encouraged to partner with community leaders to promote reading in the community. This may be in the form of book drives, volunteers to read to students after school, or tutoring.

Book Talks

Book Talk Program

Book talks are excellent opportunities to build a culture of reading! A book talk is a short video that highlights a book you would like children/students to read. Book talks should be short and can be filmed on a smart phone or device. Once filmed, book talks can be posted to social media using #RISEArkansas. Tips for creating a book talk are available at <http://bit.ly/2k4xiMF>.
