

Child Nutrition Program Computer System Information

District contact regarding Child Nutrition computer programs:

Name:		Position:	
Email:		Phone:	

The United States Department of Agriculture (USDA) and/or Arkansas Department of Education (ADE), Child Nutrition Unit (CNU) does not approve or authorize any computer software system for application processing, determination of eligibility, generation of letters to households, point of sale meal counting and claiming, verification selection/activities, on-line application processing, etc.

The School District is responsible for ensuring all software being used in the Child Nutrition Program is accurate and updated at all times. If the district's computer systems are changed anytime during the school year this form must be updated in writing with ADE/CNU.
