

*Farm to School programs connect schools to local farmers  
by serving local produce in school cafeterias  
and providing agriculture, health, and nutrition education opportunities.*

# About This Site

---

This Farm to School webpage was created through a partnership between the Arkansas Department of Education, Child Nutrition Unit, and the Arkansas Grow Healthy Study, at Arkansas Children's Hospital Research Institute Childhood Obesity Prevention Research Program.

Content was developed by Arkansas Grow Healthy Study Staff. The Child Nutrition Unit provided web design and hosting.
