

Matrix for TESS Training

TESS training was held on April 28-29, 2016 in Little Rock. Attendees included representatives from Arkansas Institutions of Higher Education (IHEs). The Education Preparation Unit will be working with the IHEs to ensure programs of study include the required TESS training. Check back for updates or contact Joan Luneau (joan.luneau@arkansas.gov or 501-683-6618) for additional assistance.

TESS competencies for IHE programs are available [here](#). IHEs will align current and future programs of study to these competencies.
