School districts seeking to employ educators to teach out of field (not in the field in which the educator is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed educators are asked to teach in areas/levels for which they are not licensed. School districts may not exceed the three-year limit without possible penalty.

Eligibility Guidelines:

- possess a standard Arkansas educator license,
- seek to add this area of licensure or endorsement, and
- be assigned to teach in this area rather than the one for which they are currently licensed.

For information on adding additional licensure areas by testing out or through a program of study and testing, please refer to the Department of Education website at www.arkansased.org and click on Educator Licensure, then Add Licensure Area to License.
