

Announcing *Focus For Teachers* Renewal License in Arkansas -- \$36/user

Quality teaching begins with a teacher's formal education, but it grows through a process of continuous improvement gained through experience, targeted professional development and the insights and direction provided through thoughtful, objective feedback about the teacher's effectiveness. (Arkansas Department of Education -- TESS site)

12 Online Modules for 12 months – No More Than the Cost of a Professional Book

With a common language to define what teaching looks like at all performance levels, teachers are better prepared for evidence-based observations and reflective practice. Teachscape's *Focus for Teachers* will support a teacher's understanding of the Framework for Teaching and assist them in improving identified areas as indicated through the Arkansas Teacher Evaluation System.

With Teachscape *Focus for Teachers*, Arkansas districts can continue to ensure that teachers:

- Share a common vision for classroom observations
- Develop confidence in the evaluation process
- Understand and can apply the Framework for Teaching to reflect and improve on their practice

In-Depth Video-Based Training for Teachers

Teachscape *Focus* includes video-based training in the value, structure, and content of the Framework for Teaching. The training also provides interactive exercises that provide formative feedback and reflection activities to help teachers improve their practice.

Master-Scored Videos of Classroom Teaching

The online courses in Teachscape *Focus* include videos of classroom teaching that demonstrate the relevant component of the Framework for Teaching at each level of performance.

How to Order *Focus for Teachers*

Contact your Teachscape Account Exec, Pam Kuck (pkuck@teachscape.com) or Sales Support Associate, Veronica Price (vprice@teachscape.com)
