Number of Students Enrolled October 1: 386 Number of Students Tested: 370

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

Prior to the first testing window, RogersNTHS had 19 students who left and moved either to another state (code 010), out of state (code 014), home school (code 011), lack of interest (code 060), or expelled/alternative school (code 012 or 016). We then had three students who came to RogersNTHS after after (or during) first semester. With the movement of students at -16 at the beginning of the first testing window, the numbers indicate that all students were accounted for during this time.

Please make sure all items are completed.

4. If there is any discrepancy in the number of students for whom scores are reported under Section 4.06.2.2 of these rules and the number of students enrolled at the beginning of the school year, the public charter school shall explain in the report the reason for the discrepancy.

Note: The most current school scores can be accessed on the ADE website at the following link: <https://adedata.arkansas.gov/arc/>

Number of Students Enrolled October 1: 378 Number of Students Tested: 378

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

One hundred per cent (100%) of students enrolled in Warren Middle School were tested. Those who were absent any part or all of a day were tested when they returned. Ironically, our official enrollment October 1, 2014, was the same as that of March 10, 2015.

Please make sure all items are completed.
