4. If there is any discrepancy in the number of students for whom scores are reported under Section 4.06.2.2 of these rules and the number of students enrolled at the beginning of the school year, the public charter school shall explain in the report the reason for the discrepancy.

Note: The most current school scores can be accessed on the ADE website at the following link:
<https://adedata.arkansas.gov/arc/>

Number of Students Enrolled October 1: 751 Number of Students Tested: 394

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

The discrepancy is a result of the fact that in 2014 (13-14 school year) our enrollment was 650 and the 394 reflects grades 3-8 augmented benchmark, Algebra I, Geometry, and Biology EOCs.

Please make sure all items are completed.

Number of Students Enrolled October 1: 1462 Number of Students Tested: 976

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

The October 1 enrollment count includes all students in grades K-12; however, not all grade levels participate in PARCC assessments. Students in Kindergarten (95) and grades 1 (95), 2 (95), and 12 (120), as well as students in grades 9-10 who were not enrolled in Algebra 1, Geometry, or Algebra 2 (70) did not participate in assessments. Note: eStem chose to have students participate in the optional 11th grade literacy and Algebra 2 exams this school year.

This leaves 987 students who were expected to test. Among these students, three students did not complete testing due to medical reasons, and eight students opted out of PARCC assessments based on parental concerns related to the exams. Thus, the total number of students tested was 976.

Please make sure all items are completed.

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

Various students entered and exited throughout the school year. On October 1, 2014, there were 64 students enrolled; 6 of those were kindergarten students. All students who were required to be tested, participated in the testing except one student who was absent for the test days and make-up days. The 55 students tested includes those who took PARCC PBA and transferred out before PARCC EOY and those who transferred in after PARCC PBA and took PARCC EOY. It does not include one student who was enrolled for PARCC PBA and EOY but was absent for the entire test and the kindergarten students.

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

There were 1358 students enrolled on Oct 1 and 1313 enrolled at the end of the year. Of the 1313 enrolled at the end of the year, 359 were not in grades that were tested, i.e. third through tenth. 357 students left over the course of the year. 162 of those students left before Oct 1. 152 of the students who left after Oct 1 were replaced by new "highly mobile" students, leaving the 45 student difference between Oct 1 and EOY, who were not replaced.

Please make sure all items are completed.
