4. If there is any discrepancy in the number of students for whom scores are reported under Section 4.06.2.2 of these rules and the number of students enrolled at the beginning of the school year, the public charter school shall explain in the report the reason for the discrepancy.

Note: The most current school scores can be accessed on the ADE website at the following link:
<https://adedata.arkansas.gov/arc/>

Number of Students Enrolled October 1: 1141 Number of Students Tested: 697

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

We tested 320 students in Grade 11 (ACT) in March (386 enrolled October 1) and 377 students in Grade 10 (ACT Aspire) in April (412 enrolled on October 1). That makes a total of 697 students tested. There are no standardized tests for students in Grade 12 (342 enrolled on October 1). The discrepancy in reported scores and October 1 enrollment is due to not including 12th grade students and student mobility in the form of drop outs, transfers (in and out of state, public and private), medically homebound during testing windows, home schooled, and an expulsion.

Please make sure all items are completed.

Number of Students Enrolled October 1: 1099 Number of Students Tested: 367

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

The difference between the number tested and the number enrolled is that only 10th grade students were required to take the state mandated, ACT Aspire. There were 379 10th graders to be tested and we tested 367. This difference in this number is due to:

1 student - homebound, 1 - residential, 1 - medical, 1 - refused to test, 8 - dropped before testing.

Number of Students Enrolled October 1: 518 Number of Students Tested: 417

Explain any discrepancy in the number of students for whom scores are reported and the number of students enrolled at the beginning of the school year.

Seniors did not test unless they were enrolled in the tested subjects. (i.e. algebra II, geometry, or algebra I, English 11) Some students did not test because the enrollment date was after the cut-off. Students who were enrolled in math above Algebra II did not test. Two severely disabled students did not test. If a student tested in another Arkansas school then they did not test with us.
