Dear Arkansas educator:

On Thursday, April 25, 2012, the Smarter Balanced Assessment Consortium (Smarter Balanced) and the Partnership for Assessment of Readiness for College and Careers (PARCC) released guidance designed to inform schools and districts as they make annual instructional technology purchases. The guidelines include hardware and operating system specifications covering the vast majority of commercially available computers and tablets.

Arkansas is a lead-state in the PARCC Consortium. The full technology guidelines for PARCC Assessments are available at:

<http://www.Parconline.Org/technology>

Please forward this information to other fellow educators in our state!
Thank you for serving the students of Arkansas!

Want to be added to the ADE CCSS ListServ?? If so, please send your name, e-mail address and district name to abby.cress@arkansas.gov
