Subject: Message #92: State Standards Review for Mathematics and ELA
Date: September 10, 2015
To: ccss@list.state.ar.us
From: Arkansas Department of Education Curriculum and Instruction Unit

Dear Arkansas Educators:

The Arkansas Department of Education has established a State Standards Review for Mathematics and English Language Arts webpage to gather input and provide information regarding the revision process. ADE has provided three (3) surveys for educators and the community to provide specific feedback regarding the standards. We encourage educators to work as grade level teams or individuals and give feedback regarding the current Common Core State Standards documents. All information from the survey will be compiled into informational reports to assist the committee with the revision process. This allows educators and the community to be involved and have a voice regarding the standards for Arkansas.

ADE is committed to providing college and career ready standards. Thank you for your feedback and commitment to the students of Arkansas.

Please share this information with others that might be interested. Thank you for serving the students of Arkansas.
