**From: Arkansas Department of Education Curriculum and Instruction Unit**

Dear Arkansas Curriculum Leaders:

Please share the following information with your social studies teachers.

The purpose of the Patriotic Education Committee is to encourage public interest in the early history of the nation, foster its teaching in public schools, and suggest such programs and projects as will develop and sustain a love of the United States of America and its institutions.

This Committee is currently supporting the development of videos at Mount Vernon. Each unit consists of a short (approximately 2 minutes) video and elementary, junior high and high school level lesson plans to assist in teaching history.

The first video is available in Yorktown. The links to this series and lesson plans are below:

There will be additional historical videos with lesson plans in the near future.
