Dear Arkansas Curriculum Leaders:

Southern Regional Educational Board (SREB) would like to extend an opportunity for two Arkansas schools to participate in a pilot project with LDC.org's online course tool. SREB will provide a site license and training support for the two schools that are willing to use the tool as part of a "blended" training approach that makes LDC the centerpiece of the PLC for at least 50% of the faculty. The most important criteria for this project is the school's willingness and desire to proliferate this work across the majority of the faculty.

If your school is interested in being considered for this opportunity please email Stacy Smith, Director of Curriculum and Instruction.
