Grades: 9-12 Prerequisite: Debate II

Debate III

Debate II is a prerequisite for Debate III. Students entering Debate II, III, or IV must have successfully completed the preceding year of study. Debate I is a two-semester foundational course and cannot be combined with other courses. Debate II-IV may be taught within the same class period; however, the student learning expectations for each level are different and must be addressed.

Debate II, III, and IV lead students to a mastery of advanced argumentation skills. Students will construct and present argumentative positions using scholarly research on complex, controversial issues. Content will include oral advocacy in relation to the legal system and the democratic process. Peer adjudication will be an important part of the advanced Debate courses. The two-semester courses of Debate II, III, and IV do not require Arkansas Department of Education approval.
