OVERVIEW OF THE AUGMENTED BENCHMARK EXAMINATION AND IOWA ASSESSMENTS™

The **Arkansas Comprehensive Testing, Assessment, and Accountability Program (ACTAAP)** is comprised of criterion-referenced test (CRT) and norm-referenced test (NRT) components including the Augmented Benchmark Examination at grades 5 and 7 and Iowa Assessments™ at grades 1–2.

The Augmented Benchmark Examination for grades 5 and 7 combines the CRT and NRT components. Iowa Assessments™ comprise the NRT component of the Augmented Benchmark Examination. The focus of the testing at these grades is to identify those students who may be in need of remediation in the science curriculum for grades 5 and 7.

All test items and materials for the CRT portion of the Augmented Benchmark Examination are field tested before moving into full implementation. Field test items are embedded in the assessment.

The Iowa Assessments™ will be administered to students in grades 1–2.

THIS DISTRICT AND SCHOOL TEST COORDINATORS' MANUAL

This manual contains general information related to the Augmented Benchmark Examination and Iowa Assessments™, information on key events related to the test administrations, and the overall administration schedules. It also contains specific instructions for District and School Test Coordinators including procedures for the receipt and inventory of test materials, the distribution of materials to schools and to Test Administrators, and the return of materials. Specific information and instructions for Test Administrators are contained in the Test Administration Manual for the Augmented Benchmark Examination and in the Test Administration Manuals for Iowa Assessments™ for grades 1–2 (one manual per grade).

District and School Test Coordinators should read this manual thoroughly, and also be familiar with the information provided in each Test Administration Manual.

AUGMENTED BENCHMARK EXAMINATION AND IOWA ASSESSMENTS™ CONTRACTORS

The Arkansas Department of Education (ADE) has contracted with Questar Assessment, Inc. (Questar) and Riverside Publishing Company (Riverside) for the development, production, distribution, collection, and scoring of the materials for the Augmented Benchmark Examination for grades 5 and 7 science, and Iowa Assessments™. Materials will be shipped from and returned to Questar. Riverside will provide materials and services in support of the norm-referenced testing.

NEW FOR 2015

NEW— UPDATED AFFIDAVIT WAIVER FORM FOR PROVIDING AN APPROVED ACCOMMODATION

The Affidavit Waiver Form has been updated to a multi-line format. Using this form, administrators can input a single student or multiple students who are receiving an approved accommodation while using only one form. A sample is provided in Appendix G of this manual.

NEW— PRELIMINARY DEMOGRAPHIC VERIFICATION ROSTER SUPPLIED ELECTRONICALLY

A Preliminary Demographic Verification Roster will be provided by grade to each school electronically. Preliminary Demographic Verification Rosters will be posted to ServicePoint prior to testing and will not be provided in hard copy form. Districts will have access to the rosters on ServicePoint and should provide schools with their copies.

STUDENTS TO BE TESTED

It is important to know who should be tested. All students who are able to test under standardized conditions, with or without allowable accommodations, are required to take the Augmented Benchmark Examination in grades 5 and 7 or Iowa Assessments™ for grades 1–2.

All students, including the following, should be tested:

- Title I students—all students identified as eligible for Free and/or Reduced Lunch
- Transfer students
- LEP students—with or without accommodations
- Students with Disabilities—if their IEPs indicate paper and pencil testing is appropriate, with or without accommodations
- Alternative Learning Environment (ALE) students
- Foreign exchange students
- Day Treatment students

Exceptions:

- Homebound students
- Home-schooled students
- Incarcerated students
- Students in Residential Treatment Centers
- Students in Juvenile Detention Centers

The following guidelines apply to exceptional students.

STUDENTS WITH DISABILITIES

All students, including students identified as disabled pursuant to P.L. 94-142 and under Section 504 of the Rehabilitation Act of 1973, as amended, must be tested if their Individualized Education Programs (IEPs) indicate that paper and pencil testing is appropriate. In grades 5 and 7, if a student's IEP indicates that it is inappropriate to administer the Augmented Benchmark Examination, that student must participate in the Alternate Portfolio Assessment for the corresponding grade. Students in School Age Programs (DDS) are to be tested. This requirement began with the 2002–2003 school year. Additionally, students in Day Treatment Programs are to be assessed. (See Director's Memo IA-04-110, created 05/13/2004.)

A student's Exceptional Student Identification (ESI) code is included in the student label barcode and on the Preliminary Demographic Verification Roster and does not need to be coded on the answer document or consumable test booklet if a student label is used. If a student label is not used for a disabled student, the School Test Coordinator (or designated person) must code the student's answer document or consumable test booklet. Specific directions for coding student answer documents or consumable test booklets are provided in Appendix D of this manual. Students identified as disabled will receive an Individual Student Report and will be included in the IEP Summary Report, as well as in the Combined Population Report. Do not code the Special Education Accommodations section for students with a 504 Plan. However, students may still receive accommodations that are in their 504 Plans and used regularly in the classroom.

GUIDELINES FOR STUDENTS TO BE TESTED

LIMITED ENGLISH PROFICIENT (LEP) STUDENTS

Limited English Proficient students should be tested, with or without accommodations.

Identification of a student as LEP is included in the student label barcode and on the Preliminary Demographic Verification Roster. A student's LEP status does not need to be coded on the answer document or consumable test booklet if a student label is used. If a student label is not used for an LEP student, the School Test Coordinator (or designated person) must code the student's answer document or consumable test booklet by filling in the circle for Limited English Proficient in the "Teacher Use Only" box. Specific directions for coding student answer documents or consumable test booklets are provided in Appendix D of this manual. Students identified as LEP will receive an Individual Student Report and will be included in the LEP Summary Report, as well as in the Combined Population Report.

FIRST-YEAR LIMITED ENGLISH PROFICIENT STUDENTS

LEP students in their first year in the U.S. who are scheduled to participate in the Augmented Benchmark Examination must be administered the Science exam. The decision to test LEP students who have been in the U.S. for less than one year on the Iowa Assessments should be based on the professional judgment of a language assessment committee composed of appropriate district and school personnel.

First-year LEP students must be identified as such on their answer documents or consumable test booklets regardless of whether or not a student label is used. To identify first-year LEP students, the School Test Coordinator (or designated person) must code each student's answer document or consumable test booklet by filling in the circle for LEP student less than one year in the U.S. in the "Teacher Use Only" box. This information is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. Specific directions for coding student answer documents or consumable test booklets are provided in Appendix D of this manual. Once the answer documents or consumable test booklets are returned for scoring, students cannot be reassigned.

TRANSFER STUDENTS

Any student meeting the criteria for taking the Augmented Benchmark Examination or Iowa Assessments™, who is enrolled in school **on or before** the first day of testing, should be tested. District Test Coordinators must contact the ADE Office of Student Assessment for instructions regarding the transfer of a used answer document or consumable test booklet for any student moving from one district to another during testing.

MIGRANT STUDENTS

To identify migrant students, the School Test Coordinator (or designated person) must code each student's answer document or consumable test booklet by filling in the circle for Migrant Student in the "Teacher Use Only" box. This information is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. Specific directions for coding student answer documents or consumable test booklets are provided in Appendix D of this manual.

Students should be identified as migrant if they meet the following guidelines: Children of migratory agricultural workers or migratory fishers, including children who are workers themselves and the spouses of such workers, who have been identified by the Migrant Education Program (MEP) as migrant children.

For questions related to migrant student information, the District Test Coordinator should contact Stan Young at 501-324-9660.

HIGHLY MOBILE STUDENTS

Any student enrolled in the school or moving between schools in the district **after** October 1, 2014, should be identified as highly mobile.

A student's highly mobile status is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. It must be coded on each student's answer document by filling in the circle for Highly Mobile in the "Teacher Use Only" box on the answer document or consumable test booklet. Specific directions for coding student answer documents or consumable test booklets are provided in Appendix D of this manual.

ALTERNATIVE LEARNING ENVIRONMENT (ALE)

Alternative Learning Environment students shall participate in the Augmented Benchmark Examination or Iowa Assessments™, as appropriate. The testing location may be decided by the district. Testing materials must be kept secure at all times. All persons who transport, handle, or administer the test at an ALE must be **currently** licensed by the ADE as a teacher or administrator and must be properly trained in test administration procedures.

STUDENTS NOT TESTED

The School Test Coordinator is responsible for completing the Student Not Tested information, or they may assign a designated person to do so.

Every student who meets the requirement to test and/or receives a student label must be accounted for. If a student does not submit an answer document or consumable test booklet for scoring, a Student Not Tested Form, answer document, **or** consumable test booklet must be returned with a “Student NOT Tested” reason coded. If a student is not testing and did not receive a student label, if the label is damaged, or if a student’s school, grade, State ID number, and/or last name are incorrect, do **not** use the Student Not Tested Form. In these cases, an answer document or consumable test booklet must be returned with student demographic information completed **and** a not tested reason coded. Do not fill in a “Student NOT Tested” reason code on the answer document or consumable test booklet if any questions have been answered by the student—this code is used only when there are no student answers on the answer document or consumable test booklet. If an answer document or consumable test booklet is used to indicate a “Student NOT Tested” reason code and the student responds to at least one question, the student will be considered tested and the “Student NOT Tested” code will be ignored. Do not submit more than one document type for each student.

The Student Not Tested Form should be used, prior to testing, when a student who received a student label will not be taking the examination. The student labels for students not testing should be placed on the Student Not Tested Form with the appropriate reason code entered above each student label. Up to four (4) student labels may be placed on a single form. Student Not Tested Forms are returned in the Scoreable Materials Return Shipment. Please follow the instructions provided in the manuals and return kits for returning forms. Maintain copies of the completed Student Not Tested Forms for your district records.

For a student who refused to take **all** portions of the test, the School Test Coordinator (or designated person) should fill in the circle next to SRT (“Student Refused to Test”) on the answer document or consumable test booklet. “Student Refused to Test” is not a reason provided on the Student Not Tested Form. The Test Administrator must notify the School Test Coordinator of any student refusing to take **all** portions of the test.

If the reason a student did not test is not listed on the answer document or consumable test booklet, or if a student refused to take **all** portions of the test, the District Test Coordinator must contact the ADE Office of Student Assessment at 501-682-4558 for further instructions. Testing procedures for the district must include the manner in which the District Test Coordinator will be notified.

All other information requested on the front of the answer document or the back of the consumable test booklet must be completed as appropriate for the student according to the instructions provided in the manuals (student labels must be used if provided). No special handling of the answer documents or consumable test booklets is required. They are to be considered **used** answer documents or consumable test booklets and submitted along with the scoreable materials for students taking the test.

Erasures

If a “Student NOT Tested” reason code has been filled in on an answer document or consumable test booklet, the student answer portion of the answer documents or consumable test booklets must be completely blank and contain no eraser marks. Eraser marks may be picked up by the scanners, resulting in the student receiving a score. Answer documents or consumable test booklets that are returned with a filled in “Student NOT Tested” reason code and with one or more student answers and/or any eraser marks on the student answer portion of the document will be scored and included in all applicable reports.

Important: Any blank answer document or consumable test booklet with a student label or demographic information on it **without** a “Student NOT Tested” reason bubbled **WILL BE SCORED**.

STUDENT IDENTIFICATION NUMBERS

A 10-digit State Reporting Identification Number is required for the ACTAAP and is included on the student label. If a student label is not used, both a 10-digit State Reporting Identification Number and a Social Security Number (SS ID) need to be completed on the student answer document or consumable test booklet. The ADE will provide districts with a range of federally-assigned identification numbers to use if parents object to providing their child's Social Security Number or if none is available. (See Director's Memo ACC-01-028, created September 25, 2000.) Social Security Numbers or federally-assigned identification numbers will be suppressed on reports. Prior to the first day of testing, advise students to have their 10-digit State Reporting Identification Numbers and Social Security Numbers or federally-assigned identification numbers available on the first day of testing. Please contact Susan Gray at the ADE Office of Student Assessment at 501-682-4559 for additional information.

ETHNICITY CODES

If a student label is not used, the student or School Test Coordinator should fill in the circle(s) on the answer document or consumable test booklet in box 6 (Ethnic Background) beside the best description(s) of the student's ethnic background. More than one circle may be filled in when it is appropriate to do so. The Preliminary Demographic Verification Roster will show only one ethnicity code. If a student's record in eSchoolPLUS shows Hispanic and any additional ethnicity code, the ethnicity code on the roster will show "Hispanic." If a student's record in eSchoolPLUS shows two or more ethnicity codes not including Hispanic, the ethnicity code on the roster will show "Two or More." The ethnicity codes on the Preliminary Demographic Verification Roster are as follows:

1. Hispanic
2. Asian
3. Native Hawaiian/Pacific Islander
4. American Indian/Alaska Native
5. Black
6. White
7. Two or More (included only on the roster and reports)

Students will be reported with only one ethnicity code. If a student or School Test Coordinator has filled in the circle next to Hispanic and any additional ethnicity code, the student will be reported as "Hispanic." If a student or School Test Coordinator has filled in the circles next to two or more ethnicity codes not including Hispanic, the student will be reported as "Two or More." The ethnicity filled in on the answer document or consumable test booklet should match the student's ethnicity in eSchoolPLUS.

VERIFICATION AND CORRECTION OF STUDENT INFORMATION

STUDENT INFORMATION FROM eSCHOOLPLUS

Student information used for reporting purposes will be pulled from eSchoolPLUS and provided to Questar. Student information in eSchoolPLUS is pulled twice. Data from the first pull are used to produce the Preliminary Demographic Verification Rosters and student labels. Data for reporting purposes are pulled shortly after the deadline for correcting student information. See dates below.

The updated/corrected information in eSchoolPLUS will **override** information in the student label barcode and filled in on student answer documents or consumable test booklets (with the exception of the sections of the “Teacher Use Only” box denoted with an asterisk that need to be completed by the School Test Coordinator or designated person). Please note that if the student’s school, grade, State ID number, and/or last name are incorrect on the Preliminary Demographic Verification Roster, the student label cannot be used and all demographic information must be completed on the answer document or consumable test booklet. Therefore, it is critical that student information be verified and corrected as needed within the allotted time frame.

Important: Student information for reporting purposes will be pulled from eSchoolPLUS at the end of the day on Friday, April 3, 2015 for Iowa Assessments™, and at the end of the day on Friday, April 10, 2015 for the Augmented Benchmark Examination. Students will be reported according to the information in the system when the data are pulled and any incorrect information CANNOT be changed after this point.

PRELIMINARY DEMOGRAPHIC VERIFICATION ROSTER

A Preliminary Demographic Verification Roster will be provided by grade to each school electronically. Preliminary Demographic Verification Rosters will be posted to ServicePoint prior to testing and will not be provided in hard copy form. Districts will have access to the rosters on ServicePoint and should provide schools with their copies.

The roster contains the following information for each student as it appears in eSchoolPLUS: student name, grade, birth date, State Reporting Identification Number, gender, ethnicity, ESI code, Monitored Former LEP status, LEP status, Free and/or Reduced Lunch status, and Gifted and Talented status. The rosters should be used to verify the accuracy of student information in eSchoolPLUS. Do not use the student labels for verification purposes (the rosters contain additional information not visible on the student labels).

If the student’s school, grade, State ID number, and/or last name are incorrect on the Preliminary Demographic Verification Roster, the student’s label cannot be used and all demographic information must be bubbled on the answer document or consumable test booklet. If any other information is incorrect, the student label must be used. Information in the student label barcodes will be used to match students to the appropriate, corrected record in eSchoolPLUS. If a student label is not provided or a label is damaged, all demographic information on the answer document or consumable test booklet must be completed.

All information on the Preliminary Demographic Verification Roster must be checked carefully. If any of the information on the roster is not correct, it **must** be updated in eSchoolPLUS **by the end of the day on Friday, April 3, 2015 for Iowa Assessments™, and by the end of the day on Friday, April 10, 2015 for the Augmented Benchmark Examination.**

VERIFICATION AND CORRECTION OF STUDENT INFORMATION

STUDENT LABELS

Student labels are provided for use on answer documents or consumable test booklets so that student information will not need to be entered and coded for students for whom labels have been provided. The labels will contain district and school information, the student's name, State Reporting Identification Number, birth date, gender, ethnicity, and grade. The label also includes additional student information in the barcode (SS ID, ESI code, Monitored Former LEP status, LEP status, Free and/or Reduced Lunch status, and Gifted and Talented status); therefore, the Preliminary Demographic Verification Roster must be used to check the student information prior to testing.

The student labels will be provided to each school by grade in alphabetical order by student last name and will need to be separated and sorted by testing classroom/group. Labels are provided on perforated strips to facilitate the separation of individual labels. If a label is torn or damaged during the separation process, do **not** use it. Instead, enter and code all demographic information on the answer document or consumable test booklet for that student.

It is extremely important that labels be affixed correctly so that the scanning equipment can properly read the barcode. **Labels must be carefully and precisely affixed within the dotted lines in the middle of the front of the answer document or back of the consumable test booklet (or within the dotted lines on the Student Not Tested Form).** The bottom of the label should be aligned with the triangular marks on the answer document or consumable test booklet (the label will partially cover the student name grid). Do **not** apply the student label to box 1. Student information cannot be captured if the label is not applied in the correct space.

Information requested in box 1 (District/School/Class Information) **must** be entered (either by the student prior to the start of testing on Day 1 or by the Test Administrator prior to distributing answer documents or consumable test booklets to students). If a label is used, only the Classroom/Group Name field in box 1, the test booklet form letter in box 8 (if applicable), and sections of the "Teacher Use Only" box with an asterisk must be completed.

Student Labels for Scratch Paper

For grades 1 and 2 **only**, schools may provide each student with one (1) piece of scratch paper for use during the Mathematics: Part 2 testing session. Two (2) sets of grade 1 and grade 2 student labels will be provided to each school. One (1) set of labels is for use on the consumable test booklets and the other set is provided to track each student's scratch paper. (Since there are two labels provided for each student, if one of the student labels is damaged, it is more important to use the undamaged label on the consumable test booklet rather than on the student's scratch paper.)

Place the second student label in the top right-hand corner on the scratch paper prior to testing. If a student does not have a label, the student's State Reporting Identification Number, name, and school must be written on the scratch paper. Even if a student does not use scratch paper, but has access to it, the paper still must be returned to Questar at the conclusion of testing.

VERIFICATION AND CORRECTION OF STUDENT INFORMATION

Students NOT Listed on the Preliminary Demographic Verification Roster/No Student Label

Complete all demographic information on the front of the answer document or back of the consumable test booklet when there is no student label provided. If a student is not listed on the roster, check to see if the student's information is in eSchoolPLUS, verify, and make corrections as necessary. If a student is not listed on the roster or there is no information in eSchoolPLUS, verify that the student information on the answer document or consumable test booklet is complete and add or correct the student's information in eSchoolPLUS.

Note: Both the Preliminary Demographic Verification Rosters and student labels contain confidential student information and must be handled accordingly. When not in use, they must be kept in a secure location. Rosters and damaged student labels must be shredded or otherwise disposed of in a secure manner.

Instructions for completing the "Teacher Use Only" box can be found in Appendix D of this manual. An asterisk indicates that a section needs to be completed regardless of whether or not a student label is used.

Incorrect Labels

If the student's school, grade, State ID number, and/or last name are incorrect on the Preliminary Demographic Verification Roster, the student's label **cannot** be used and all demographic information must be bubbled on the answer document or consumable test booklet. If any other information is incorrect, the student label **must** be used. Information in the student label barcodes will be used to match students to the appropriate, corrected record in eSchoolPLUS. If a student label is not provided or a label is damaged, all demographic information on the front of the answer document or the back of the consumable test booklet must be completed by the student or Test Administrator.

PROCEDURES PRIOR TO TEST ADMINISTRATION

ADVANCE ANNOUNCEMENTS

An announcement of testing dates and a reminder before the first day of testing is necessary. Testing dates should be made known to parents and students in advance so that students come to school well-rested and equipped with two No. 2 pencils on the days of the test. **ONLY No. 2 pencils may be used on answer documents and consumable test booklets.** Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. Responses may not be captured if any writing instrument other than a No. 2 pencil is used. It is recommended that Parent Notification Pamphlets (A Note to Parents) be distributed to parents two weeks prior to testing. Parent Notification Pamphlets are included in the Non-secure Materials Shipment.

There should also be an advance announcement to students to have their Social Security Numbers or federally-assigned identification numbers and State Reporting Identification Numbers available on the first day of testing. The use of a Social Security Number (SS ID) or a federally-assigned identification number and a State Reporting Identification Number is required for student demographic information if a student label is not used. See page 9 of this manual for information about the use of Social Security Numbers and State Reporting Identification Numbers for student identification purposes.

Note: If a student label is used, a Social Security Number is not required.

PREPARING STUDENTS, PARENTS, AND TEACHERS

Student, parent, and teacher attitudes strongly influence the overall success of the test administration. Parent and teacher attitudes influence student attitudes which, in turn, will be reflected in student performance results. There are a number of reasons why students bring negative attitudes to the testing process, many of which can be directly linked to the attitudes of the adults who are supposed to be supporting student success. The following is a partial list of attitudes, perceptions, or circumstances that will significantly impact the test results:

- The testing program lacks importance (to students or parents).
- The tests are too difficult or too easy.
- The tests do not reflect what the student needs to know to be prepared for the future.
- Teachers do not seem to care.
- Parents do not seem to care.
- Testing conditions are not conducive to good concentration.
- The test administration is poorly organized, confusing, or haphazard.
- Test results are misunderstood or misinterpreted.

In order to mitigate these perceptions, it is essential that District and School Test Coordinators, Test Administrators, and all district personnel work together to provide a testing experience that maximizes student performance results. It is important that district staff model behaviors that demonstrate positive and constructive attitudes toward testing. The following preparations should also be instituted:

- Stress the importance of the examination to both students and parents well in advance of testing.
- Stress the importance of the examination to teachers well in advance of testing.
- Underscore the importance of testing by characterizing the Augmented Benchmark Examination and Iowa Assessments™ as crucial components of education within Arkansas that reflect the types of skills deemed necessary for a successful educational experience.

PROCEDURES PRIOR TO TEST ADMINISTRATION

TRAINING TEST ADMINISTRATORS

District Test Coordinators, School Test Coordinators, and Test Administrators, as well as all personnel who administer the Augmented Benchmark Examination and Iowa Assessments™ and/or act in a supervisory capacity during testing, must be **currently** licensed by the ADE as Arkansas teachers or administrators. An essential role for the District and School Test Coordinators is training the Test Administrators. This training is required by law and helps to overcome some of the negative perceptions about testing.

The district must develop and conduct training sessions for Test Administrators prior to the test administrations. The Test Administration Manuals should be distributed upon receipt so that Test Administrators may review them prior to training. Test Administration Manuals for grades 1–2 are secure materials. Packages may not be distributed until the first day of testing. Test Administrators should have the opportunity to obtain answers to questions they may have at a formal training session. A formal training session should be held at least three (3) days prior to testing and should include a review of the following:

- the testing schedule, testing procedures, and Test Administrator responsibilities
- the Test Administration Manuals for the Augmented Benchmark Examination
- students to be tested and how to appropriately provide accommodations for testing
- preparation of materials prior to and after testing
- the dates by which materials must be prepared for testing and returned to the School Test Coordinator
- all security requirements to be followed prior to, during, and after testing
- testing group size—there should be one Test Administrator appointed for each group of 25 students

Appendix C contains an outline of a suggested training agenda.

SELECTING AND PREPARING TEST ADMINISTRATION SITE(S)

Because the administration of the Augmented Benchmark Examination and Iowa Assessments™ requires that a substantial amount of testing be done in just a few days, preparation for the receipt of materials, test administration, and return of materials is critical. **Since students must use the SAME test materials each day of the test, it is strongly advised that students be tested in the same group each day. This should be taken into consideration when selecting a site.**

Each District Test Coordinator must work with the School Principal or School Test Coordinator to identify the testing arrangements that will best

- maintain the security of the test materials before, during, and after testing;
- allow materials to be quickly and accurately distributed to and collected from students each day of testing;
- provide an environment for the students that is comfortable and conducive to testing; and
- ensure that students are not interrupted during a testing session.

PROCEDURES PRIOR TO TEST ADMINISTRATION

Some guidelines that can be used in selecting a test administration site are to

- choose the administration site well in advance of testing;
- make sure the room is well-lighted, adequately ventilated, and free from distractions;
- make sure each student has enough space to work (i.e., space to open a test booklet and to open and write in an answer document); and
- make sure there will be sufficient space between students to discourage cheating.

Just prior to testing, Test Administrators should prepare the administration site by

- removing or covering all visual aids in the room that might provide clues to answers; and
- posting a sign announcing: “TESTING—PLEASE DO NOT DISTURB.”

TESTING GUIDELINES AND SECURITY

TEST SECURITY GUIDELINES

Maintaining test security is a very serious responsibility for all currently licensed Arkansas personnel. Testing improprieties, including breaches of test security, are actions for which teaching/administrative licenses can be revoked.

Districts must have a system in place to ensure that all materials are accounted for and kept secure during testing. Any action that leads to the invalidation of student test scores or compromises the security of the tests or test results will be viewed by the Arkansas Department of Education as an inappropriate use or handling of tests and will be treated as such. The following guidelines are to assist in determining which activities constitute testing improprieties, including breaches of test security:

1. The Superintendent or his/her designee in each school district shall be responsible for coordinating all local assessment activities.
2. All District Test Coordinators, School Test Coordinators, and Test Administrators shall be **currently** licensed by the Arkansas Department of Education as teachers or administrators.
3. The tests must be administered on the scheduled dates as specified in the manuals for the current administration. No portion of the test may be given early.
4. All test materials shall be inventoried upon receipt at the district and school. Test booklets and Test Administration Manuals for grades 1–2 must be kept in a secure area at all times, except during the formal testing sessions.
5. The tests must be administered in strict accordance with the instructions outlined in the manuals for the current administration. These instructions include reading directions verbatim to students during testing.
6. Test booklets with multiple forms must be distributed to all students in spiral order, including special education and LEP students. Distributing forms incorrectly is considered a testing irregularity.
7. The Superintendent or his/her designee in each school district shall be responsible for ensuring that all district personnel involved in the testing have been properly trained as specified by the Arkansas Department of Education.
8. The Superintendent or his/her designee in each school district shall be responsible for ensuring that all assessment documents and student identification information are properly and accurately coded and that **all** students have participated in the appropriate grade-level assessment(s).
9. The Superintendent or his/her designee in each school district shall be responsible for ensuring that Individualized Education Programs, Limited English Proficient Assessment Plans, and/or 504 Plans shall specify any state-approved accommodation(s) available to students participating in the administration of standard state assessments.
10. The Superintendent or his/her designee in each school district shall be responsible for ensuring that all students enrolled in a state-tested grade or course shall be accounted for in the State Assessment System.
11. District staff may **not** read, review, or in any way duplicate or reproduce the test booklets, the associated test items, or other secure materials.
12. All District Superintendents, District Test Coordinators, School Principals, School Test Coordinators, and Test Administrators must sign the appropriate Test Security Affidavit. All Test Security Affidavits must be returned to Questar with the scoreable materials.
13. Students must not be exposed to answers of items at any time before, during, or after testing.
14. Student responses to test items must represent the student's own independent and unaided thinking and must not be read, reviewed, or changed during or after testing. Cueing or assisting a student during testing will be considered a breach of security.
15. Students are not allowed to use scratch paper **except for grades 1–2**. The use of scratch paper is considered a breach of security.

16. Students cannot have any materials (e.g., books, magazines, newspapers, homework) except testing materials during the testing sessions.
17. No electronic devices with audio/video recording and/or photographic capabilities shall be accessible at any time during test administration. Other electronic equipment that allows for communication among students shall not be accessible at any time during test administration (e.g., cell phone, iPod, MP3 player).
18. Calculator use is not permitted at grades 1–2.
19. During the test administration, Test Administrators should continually monitor the testing process by moving unobtrusively about the room. The Test Administrator is to devote total attention to the students being tested and not work on other things. Test Administrators shall not access computers or other electronic equipment during the assessment.
20. **All** test booklets, used and unused, Test Administration Manuals for grades 1–2, used and unused, and used answer documents, shall be inventoried subsequent to testing and returned to the testing company in the prescribed manner on the prescribed dates. Failure to return all required testing materials by the required dates is a breach of security. Any test booklets, used answer documents, or used Student Not Tested Forms not returned by the district on the dates required shall be reported to the ADE Office of Student Assessment.
21. All known violations of the Arkansas Department of Education security regulations shall be reported in writing, signed by the reporter, and addressed to the ADE Office of Student Assessment. All security violations shall be investigated by the state.

TEST SECURITY PROCEDURES

Shrink-wrapped secure materials may leave the district’s secure location no more than five (5) school days before the first testing session. However, it is strongly recommended that materials not leave the district’s secure location more than three (3) school days before the first testing session, unless the size of the district absolutely necessitates more time for distribution. The Test Administration Manuals for grades 1–2 and **all** test booklets are secure materials.

Security ID numbers have been assigned to and printed on the Test Administration Manuals for grades 1–2 and all test booklets. These materials are shrink-wrapped with a label that indicates the security ID numbers of the documents enclosed and the quantity included in the package. **Due to security reasons, the shrink-wrapped packages of Test Administration Manuals for grades 1–2 and all test booklets may be opened no earlier than one (1) school day before the first day of testing for organizational purposes only.** No one may look inside test booklets for any reason. No Test Administration Manuals for grades 1–2 or test booklets should be distributed to Test Administrators until the first day of testing.

During each testing session, students must use the same test booklet and answer document, or consumable test booklet, given to them at the beginning of testing. In the answer documents, students will mark/write their responses. (Students in grades 1–2 will mark their answers in the consumable test booklets.) The test booklet and answer document for each student must be kept together throughout **all** sessions for all tests. Therefore, it is strongly advised that students be tested in the same group each day.

No part of any examination may be downloaded into any assistive device.

Maintaining test security is a very serious responsibility and there are security risks involved in this situation. A breach of security is one of the reasons for loss of license in the state of Arkansas.

TESTING GUIDELINES AND SECURITY

Keep all test materials stored in a securely locked location. School Test Coordinators and Test Administrators should also be instructed to monitor test materials at all times and to store them in a securely locked place when not in use. This includes securing materials at the close of each day of the testing sessions.

TEST SECURITY AFFIDAVITS

District Superintendents, District Test Coordinators, School Principals, School Test Coordinators, and Test Administrators shall sign affidavits regarding the security of test materials. There are three (3) types of affidavits as follows:

Affidavit 1—District Level Test Security Form. The district-level affidavit needs to be signed by the District Superintendent and the District Test Coordinator. One (1) Affidavit 1 for the Augmented Benchmark Examination at grades 5 and 7, and a separate affidavit for Iowa Assessments™ at grades 1 and 2, needs to be signed and returned with the scoreable materials in the district. Fill in the appropriate circle(s) for the grade(s) in which tests were administered.

Affidavit 2—School Level Test Security Form. The school-level affidavit needs to be signed by the School Test Coordinator and School Principal. One (1) Affidavit 2, each, needs to be signed for the Augmented Benchmark Examination and Iowa Assessments™ in the school. Fill in the appropriate circle(s) for the grade(s) in which tests were administered.

Affidavit 3—Test Administrator Security Form. The Test Administrator affidavit contains space for the signatures of five (5) Test Administrators. **A separate Affidavit 3 needs to be signed for each grade being tested.** Fill in the appropriate circle for the grade in which tests were administered.

Affidavits are scannable documents which may not be copied for distribution. Districts will receive one (1) copy of the District Level Test Security Form (Affidavit 1) and schools will receive one (1) copy of the School Level Test Security Form (Affidavit 2) and copies of the Test Administrator Security Form (Affidavit 3) pre-printed with school and district information. Additional blank Affidavits 2 and 3 will also be provided to the district for distribution to the schools, as needed.

If any of the pre-printed information is incorrect, the affidavit cannot be used and a blank affidavit must be obtained from the District Test Coordinator. If additional forms are required in the district, the District Test Coordinator should follow the ordering instructions on page 31 of this manual.

Affidavits may not be copied or stapled (except for district or school record keeping). When returning materials to Questar, all used affidavits must be paper-banded together. Affidavit Waiver Forms for Providing an Approved Accommodation must be paper-banded together and placed under the bundled affidavits and on top of the scoreable materials.

All completed and signed affidavits must be returned with the scoreable materials according to instructions provided in this manual. The District Test Coordinator should make a copy of the completed affidavits for district records.

Note: Affidavits 1 and 2 may be completed for multiple grades as long as each grade is checked. A separate Affidavit 3 must be submitted for each grade with only one grade checked.

TEST BOOKLET AND TEST ADMINISTRATION MANUAL SECURITY FORMS

Schools will receive a Test Booklet Security Form for each grade tested in the school. Test Administration Manuals for grades 1–2 contain “live” (operational) items and are secure. Therefore, schools with grades 1 and/or 2 will also receive a Test Administration Manual Security Form for each grade tested.

The forms must be used to distribute test booklets and secure manuals to Test Administrators and to account for all test booklets and secure manuals, daily, during and after testing. Make as many copies of the forms as needed to sign secure test booklets and manuals out to and in from Test Administrators. Space is provided on the forms to enter the range of test booklet or secure manual security ID numbers assigned to each Test Administrator. Each Test Administrator must initial in the “Out” column under “Test Booklet Receipt and Return” when the test booklets are distributed and the School Test Coordinator must initial the “In” column when they are returned and counted **each day** after testing. The security forms shall be used in tracking test booklets and secure manuals assigned to Test Administrators. The School Test Coordinators shall verify the number of test booklets and secure manuals returned by each Test Administrator. Careful attention to completing the security forms will minimize lost test booklets and secure manuals. Separate Test Booklet Security Forms will be provided for Large Print, Braille, and Read-aloud test booklets. For each Read-aloud accommodated test session, include the security ID number of the Read-aloud test booklet assigned to the Test Administrator. The completed security forms are to be returned with the appropriate nonscoreable shipment according to the instructions provided in this manual. District Test Coordinators must make a copy of the completed Test Booklet and Test Administration Manual Security Forms for district records.

SECURE PROCEDURES FOR SCRATCH PAPER (GRADES 1–2 ONLY)

Scratch paper can be provided for students in grades 1 and 2 for use during the Mathematics: Part 2 testing session. Please be familiar with the security procedures for scratch paper on page 11. If students in grades 1 and 2 use scratch paper, the additional student labels provided for students must be affixed to the scratch paper in the top right-hand corner. Scratch paper must be included in the Nonscoreable Materials Return Shipment. If a student does not have a student label, then the student’s State Reporting Identification Number, name, and school must be written on the scratch paper. Even if a student does not use scratch paper, but has access to it, that paper must still be returned to Questar.

TRANSFERRING MATERIALS FROM DISTRICT TO DISTRICT

It is critical that materials be inventoried as soon as they are received so that additional materials can be ordered if necessary. However, there may be situations when ordering materials in time for testing is not possible. In an emergency, materials may be transferred from one district to another.

If secure materials (test booklets, Test Administration Manuals for grades 1–2, and accommodated test booklets) are transferred from one district to another, the District Test Coordinator must complete and fax the Secure Material Transfer Form to the ADE Office of Student Assessment **and** to Questar (see sample in Appendix G). The District Test Coordinator must follow all instructions on the form to ensure that test security is maintained. Additionally, districts must note the transfer on the appropriate Test Booklet or Test Administration Manual Security Form. Transfers within a district between schools do not require the use of the Secure Material Transfer Form. District Test Coordinators should keep a record of the transferred materials for inventory purposes.

TESTING GUIDELINES AND SECURITY

The transfer of secure materials must be handled by someone **currently** licensed by the ADE as an Arkansas teacher or administrator. Transfer of secure materials must be done either by hand delivering them or by a method that is trackable (FedEx or UPS). Be sure to keep all paperwork related to the shipment. **District Test Coordinators must call the ADE Office of Student Assessment for instructions regarding the transfer of a used answer document or consumable test booklet for any student moving from one district to another during testing.**

Non-secure materials, including **unused/blank** answer documents, manuals (except Test Administration Manuals for grades 1–2), Parent Notification Pamphlets, etc., may be transferred to another district without documentation and without contacting Questar or the ADE.

Before transferring any scratch paper for grades 1–2, you must call the ADE Office of Student Assessment at 501-682-4558.

MATERIALS PROHIBITED DURING TEST ADMINISTRATION

Students cannot have any materials (e.g., books, magazines, newspapers, homework) except testing materials during the testing sessions. If students finish a session early, they may review only the current session test answers and then sit quietly until the session ends.

Scratch Paper—Except for grades 1–2, students may write in their test booklets. **No scratch paper may be provided** for students in grades 5 and 7 (the use of scratch paper is a breach of security). However, in grades 5 and 7, students may use blank spaces in the test booklets to do scratch work. For open-response items, students must show all of their work in the spaces provided in the answer documents. **Any work recorded in the test booklets will NOT be scored.** Only work recorded with a No. 2 pencil in the answer documents will be scored.

Electronic Devices—No electronic devices with audio/video recording and/or photographic capabilities shall be accessible at any time during test administration. Other electronic equipment that allows for communication among students shall not be accessible at any time during test administration (e.g., cell phone, iPod, MP3 player).

Food and Drink—During testing sessions, no food or drink is allowed in the testing area.

Highlighters—Highlighters may be used on the test booklets **only** (except for grades 1–2). **No** highlighters may be used on the answer documents or consumable test booklets.

Ink Pens/Felt-Tip Markers—Ink pens and felt-tip markers must **not** be used on answer documents or consumable test booklets. **Use a No. 2 pencil only.** Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. Responses may not be captured if any writing instrument other than a No. 2 pencil is used.

TESTING ENVIRONMENT

The test should be administered in an area with comfortable seats, good lighting and ventilation, and freedom from noise and interruptions. Smooth, hard writing surfaces and adequate workspace are also important. The physical conditions should be conducive to concentration. Students should be seated in such a way that they will not be tempted to look at each other's test materials. Students cannot have any materials (e.g., books, magazines, newspapers, homework) except testing materials during testing sessions.

ASSIGNING TEST MATERIALS TO STUDENTS

During each testing session, students must use the same test booklet and answer document, or consumable test booklet, given to them at the beginning of testing. The test booklet and answer document for each student must be kept together throughout **all** sessions. Therefore, it is strongly advised that students be tested in the same group each day.

Students should write their first and last names on the front covers of their test booklets on the first day of testing.

MONITORING STUDENTS DURING TESTING SESSIONS

You may not cue or aid any student in answering or understanding any test questions. (You may, however, clarify the demographic information.) Therefore, be sure that students clearly understand all of the directions before testing begins. Also, test security guidelines and student confidentiality dictate that student responses to test questions may not be read or reviewed at any time.

Note: Students with an approved RST accommodation may have test items read verbatim.

During each session, the Test Administrator should circulate around the room to see that students are using the correct session of the test booklet and answer document. This process will be referred to in the procedures as ***Circulate and Check***. **The session identifier, which is the first letter of the subject followed by the number of the session (e.g., S1), is printed in large type on the answer document to make it easier to see if a student is answering on the correct page.**

ALERTS

Student responses are confidential with scorers seeing only an answer document identification number when scoring an open-response item or essay topic. However, there is an approved alert process in place for any response that is disturbing or indicates some administrative irregularity (e.g., any potential danger to the student or others, illegal activity, cheating, breach of test security). In the case of an alert situation, Questar will notify the ADE Office of Student Assessment who will notify the Superintendent. In these cases, the Arkansas Department of Education and the Superintendent constantly maintain student confidentiality.

No electronic devices with audio/video recording and/or photographic capabilities shall be accessible at any time during test administration. Other electronic equipment that allows for communication among students shall not be accessible at any time during test administration (e.g., cell phone, iPod, MP3 player).

AUGMENTED BENCHMARK EXAMINATION TESTING SESSION GUIDELINES AND SCHEDULE

The Augmented Benchmark Examination consists of 12 forms for each grade. District Test Coordinators are responsible for designating **the time at which all students in a grade will be tested at all schools in the district**. While all students in a grade must be tested **at the same time**, testing times may vary by grade (all grades do not have to be tested at the same time). The testing schedule for the Augmented Benchmark Examination must be provided to School Test Coordinators.

2015 TESTING SESSION GUIDELINES AND SCHEDULE

It is recommended that the test be administered in the morning. The test administration should not be scheduled after an athletic event, assembly, or class outing. All test schedules should be checked with the appropriate school officials to be sure that the administration of the test is not interrupted.

Session Time Limits

The Augmented Benchmark Examination is a timed test. Each session must be administered in the times specified below so that accurate assessment information may be collected. Allow time at the beginning of each session to present directions and other information to the students. For each session, refer to the amount of time shown in the table below. **Early testing constitutes a breach in test security.**

Sessions should not end before the scheduled time. If students finish the testing session early, they may review their work only for that same session; they cannot work on a previous session or on a session not yet administered. Extended testing time is an allowable accommodation for Special Education, 504, and LEP students, if stated in their IEP, 504 Plan, or LPAC Plan, respectively, and used on a regular basis in the classroom.

For grades 5 and 7, it is recommended that students be allowed at least a 15-minute break after Session S2. For all grades it is also recommended that students be given short breaks of 5 minutes after all other sessions. Lunch and other breaks can be added to the schedule between sessions. Testing sessions must be completed at the conclusion of the school day.

2015 TESTING SESSION GUIDELINES AND SCHEDULE

IOWA ASSESSMENTS™ TESTING SESSION GUIDELINES AND SCHEDULE

The Iowa Assessments consists of one form for each grade. District Test Coordinators are responsible for designating **the time at which all students in a grade will be tested at all schools in the district**. While all students in a grade must be tested **at the same time**, testing times may vary by grade (all grades do not have to be tested at the same time). The testing schedule for the Iowa Assessments must be provided to School Test Coordinators.

It is recommended that the test be administered in the morning. The test administration should not be scheduled after an athletic event, assembly, or class outing. All test schedules should be checked with the appropriate school officials to be sure that the administration of the test is not interrupted.

Session Time Limits

The Iowa Assessments are timed tests. Each session must be administered in the order and times specified below so that accurate assessment information may be collected. Allow time at the beginning of each session to present directions and other information to the students. For each session, refer to the amount of time shown in the table below. **Early testing constitutes a breach in test security.**

Sessions should not end before the scheduled time. * Districts have the option to decide when the tests for grades 1 and 2 will be administered within the testing window. However, the tests must be administered in the order listed in the table above and a grade cohort must test at the same time in all district schools. Please see the Test Administration Manuals for additional guidelines regarding testing.

2015 TESTING SESSION GUIDELINES AND SCHEDULE

INTERRUPTION OF TESTING SESSIONS

Circumstances over which you have no control (e.g., power failures, fire drills, severe weather conditions) may disturb the students during testing. If an interruption occurs during a testing session, Test Administrators are instructed to collect the student test materials and place them in the designated secure location. The District Test Coordinator must be notified of the interruption and must then call the ADE Office of Student Assessment at 501-682-4558 for instructions prior to resuming testing. Interruptions should not reduce the total amount of time students are given to complete the test questions. If an interruption occurs, Test Administrators should note the time remaining in the testing session.

MAKE-UP TESTING SESSIONS

Make-up testing sessions may be scheduled for any day after the initial administration. However, all make-up testing for the Augmented Benchmark Examination **must be completed no later than Monday, April 20, 2015**. Every attempt should be made to administer make-up tests to students who were absent during original testing sessions. Districts must complete make-up testing for Iowa Assessments™ at grades 1–2 within the established testing window of April 6–17, 2015.

COMPLETING THE “TEACHER USE ONLY” BOX

The “Teacher Use Only” box on the front cover of the answer document and the back cover of the consumable test booklet should be completed after all testing is done. The Preliminary Demographic Verification Roster and student label include Monitored Former LEP status, ESI code, Free and/or Reduced Lunch status, Gifted and Talented status, and LEP status as appropriate for the student. These sections do not need to be coded if a student label is used. If any of the information for the student is not correct on the Preliminary Demographic Verification Roster, the information must be updated in eSchoolPLUS by the Friday prior to testing. If a student label is not provided, enter and grid all of the information for that student.

Only the School Test Coordinator and/or the person authorized in the agreement signed by the school with Child Nutrition can code the section for students eligible for Free and/or Reduced Lunch. This information must be filled out after testing is completed. (Refer to Commissioner’s Memo #FIN-09-041; the contact person is Sheila Chastain at 501-324-9502.) As part of the preparations for testing, arrangements need to be made with the authorized person to code the Free and/or Reduced Lunch section on answer documents or consumable test booklets after testing is completed.

Information requested in the “Teacher Use Only” box must be completed correctly as applicable to each student. Coding of student information cannot be changed after answer documents or consumable test booklets are sent to Questar. See Appendix D for more information on coding the “Teacher Use Only” box.

INSTRUCTIONS FOR DISTRICT TEST COORDINATORS

DISTRICT TEST COORDINATOR RESPONSIBILITIES

The District Test Coordinator should be familiar with the entire contents of this manual, the Test Administration Manuals for the Augmented Benchmark Examination, and the non-secure Test Administration Manual for Iowa Assessments available on the Arkansas Department of Education’s website. It is the District Test Coordinator’s responsibility to

- **inventory all materials immediately upon receipt;**
- provide a specific testing schedule to all schools;
- distribute testing materials to schools;
- provide training to district personnel as required by law;
- ensure that an accurate count of all materials assigned to each School Test Coordinator is kept at all times;
- maintain and supervise the security of all test materials before, during, and after testing;
- collect affidavits (Test Security Affidavit 3 shall be signed by **all** Test Administrators);
- monitor test administration;
- collect all test materials from School Test Coordinators after testing; and
- package all materials for return to Questar.

A Checklist for District Test Coordinators is provided on pages 40–42. The checklist covers only the major steps in the materials receipt and return processes and should **not** be used as a substitute for reading all of the instructions in this manual.

OVERVIEW OF MATERIALS SHIPMENTS

Each district will receive two separate shipments of testing materials for the Augmented Benchmark Examination and Iowa Assessments™. Quantities of materials are based on enrollments provided by the district, plus an overage for each school.

The Non-secure Materials Shipment will contain Test Administration Manuals for grades 5 and 7, answer documents, student labels, Student Not Tested Forms, Parent Notification Pamphlets, return kits, paper bands, test security affidavits, and header sheets. The Secure Materials Shipment will contain test booklets and Test Administration Manuals for grades 1–2. Keep all test materials stored in a securely locked place. School Test Coordinators and Test Administrators are also instructed to monitor test materials at all times and to store them in a securely locked place when not in use. This includes securing materials at the close of each day of the testing sessions or if students are given an extended break between sessions.

INVENTORYING MATERIALS

It is the District Test Coordinator’s responsibility to inventory the district and school materials immediately upon receipt of each shipment. If there is a discrepancy between the shipping inventory documents and the materials, contact Questar’s Arkansas Customer Service at ARCustomerSupport@QuestarAI.com or by phone at 800-643-8547. **The District Test Coordinator is responsible for reporting any discrepancies or irregularities.**

Non-secure Materials Shipment

Check the quantity and type of district materials received against quantities listed on the shipping inventory documents. Distribute the boxes of school materials to School Test Coordinators as soon as possible after receipt. The contents of the school boxes should also be inventoried as soon as possible, whether it is done by the District Test Coordinator, the School Test Coordinator, or jointly. Verify that the quantities specified on each

INSTRUCTIONS FOR DISTRICT TEST COORDINATORS

school's shipping inventory documents will be sufficient for their needs. If you are missing materials or need additional materials, they may be ordered through Questar's ServicePoint website. A Quick Reference Guide with instructions for placing orders through ServicePoint is provided in Appendix F of this manual. Questar will also accept additional material orders by phone, e-mail, and fax (see Appendix G for an Additional Materials Order Form).

All of the forms and labels you will need to return test materials to Questar are packaged separately in plastic bags by return shipment type. When you have checked to make sure you have all of the required return forms and labels, put them back in the separate bags until needed after testing is completed. It is important to keep the return materials in their separate bags to avoid returning materials to Questar with incorrect UPS or Questar Return Labels.

The district shipment includes the paper bands that need to be distributed to schools. Your shipment also includes one copy of the District Level Test Security Form (Affidavit 1). See page 22 of this manual for more information about the affidavits.

Secure Materials Shipment

Check quantities of materials shipped for the district and school against the quantities specified on the shipping inventory documents. Please use either the Box Content List, Shipment Summary List, or Secure Materials Report to confirm the test booklet and secure test administration manual security ID numbers.

Large Print, Braille, and Read-aloud test booklets are included only if they were ordered for schools by the district. These accommodated test booklets will be provided in the school boxes for distribution within the schools for which they were ordered.

Be sure to save all of the boxes in which your materials were received to use for returning test materials to Questar; instruct School Test Coordinators to do the same.

DISTRIBUTING MATERIALS

Secure test materials may be distributed to School Test Coordinators **no earlier** than three (3) school days prior to testing (if the size of the district necessitates more time for distribution, materials may be distributed no more than five (5) school days before testing). School Test Coordinators should receive all materials for their school in the original boxes. The District Test Coordinator should inventory the school materials with each School Test Coordinator. This will ensure that materials received by the school have been accounted for and will eliminate the need for the School Test Coordinator to report discrepancies **after** receiving materials from the District Test Coordinator. Check quantities and materials in each school's box(es) against the items listed on the school shipping inventory documents. After the inventory for each school is complete, make one copy of each school's shipping inventory documents for district records and return the originals to Box 1 of the school box(es).

Security ID numbers have been assigned to and printed on the Test Administration Manuals for grades 1–2 and all test booklets. These materials have been sequentially numbered and shrink-wrapped with a label that indicates the security ID numbers of the documents enclosed and the quantity included in the package. **Due to security reasons, the shrink-wrapped packages of Test Administration Manuals for grades 1–2 and all test booklets may be opened no earlier than one (1) school day before the first day of testing for organizational purposes only.** No one may look inside test booklets for any reason. No Test Administration Manuals for grades 1–2 or test booklets should be distributed to Test Administrators until the first day of testing. Maintaining test security is a very serious responsibility and there are security risks involved in this situation. A breach of security or a testing impropriety can result in loss of license in the state of Arkansas.

INSTRUCTIONS FOR DISTRICT TEST COORDINATORS

If quantities or security ID numbers do not match the Secure Materials Report or shipping inventory documents, call Arkansas Customer Service immediately at 800-643-8547. The District Test Coordinator is responsible for reporting any discrepancies.

REQUESTING ADDITIONAL MATERIALS

District Test Coordinators must inventory and distribute materials to all schools before requesting additional materials. After all materials have been distributed and an inventory has been done with each School Test Coordinator, make one request for additional materials for the entire district, should this be necessary. Additional materials may be ordered by

- ServicePoint (see ServicePoint Quick Reference Guide on page 66);
- faxing the Additional Materials Order Form (Appendix G) to Arkansas Customer Service at 866-688-0419; or
- contacting Questar's Customer Service at ARCustomerSupport@QuestarAI.com or 800-643-8547.

Note: After March 27, 2015 for Iowa Assessments™, and April 7, 2015 for the Augmented Benchmark, orders for testing materials may only be placed through Arkansas Customer Service via fax, phone, or e-mail. ServicePoint is only available for ordering additional materials **more** than five (5) business days before the beginning of each administration window. Overnight shipments will not be available for additional orders.

REPORTING MISSING SECURE MATERIALS OR INCORRECT SECURITY NUMBERS

If, after opening a package of test booklets or Test Administration Manuals for grades 1–2 no earlier than one (1) school day before the first day of testing, a School Test Coordinator discovers a missing test booklet, a missing Test Administration Manual, or an incorrect security ID number, the District Test Coordinator should be notified immediately. The District Test Coordinator must then contact Questar at 800-643-8547 and the ADE Office of Student Assessment at 501-682-4558 to inform them of the situation. The District Test Coordinator/School Test Coordinator should document missing test booklets or Test Administration Manuals on the Test Booklet or Test Administration Manual Security Form.

DUTIES DURING TESTING

The District Test Coordinator should be available to answer questions and resolve problems during the testing sessions. If there are any problems with test materials, call Questar at 800-643-8547 to report the situation. If there is a problem with test administration or test policy issues, contact the ADE Office of Student Assessment at 501-682-4558. A call to the ADE Office of Student Assessment to verify procedures is better than an error that results in a test irregularity.

INSTRUCTIONS FOR DISTRICT TEST COORDINATORS

GENERAL PROCEDURES FOR RETURNING TEST MATERIALS

After testing, inventory all materials returned from each school. During the inventory process, complete the associated documentation to be returned with each type of material. The following pages of this manual provide instructions for returning materials to Questar. Please read the instructions carefully to make sure you are completing and returning all required forms, materials are correctly organized, and materials are being returned within the prescribed time.

The return shipments for grades 1–2 must be packaged and returned separately from the grades 5 and 7 shipments. You must use the appropriate UPS labels and Questar Return Labels. The procedures for returning the materials are the same for grades 1–2 and for grades 5 and 7, but must be followed separately.

Scoreable materials to be returned to Questar include

- Used answer documents for grades 5 and 7
- Used consumable test booklets for grades 1–2
- Completed Student Not Tested Forms
- All signed Test Security Affidavits and Affidavit Waiver Forms

Nonscoreable materials to be returned to Questar include

- All test booklets, used and unused, for grades 5 and 7
- All Large Print, Braille, and Read-aloud test booklets, used and unused
- Unused consumable test booklets for grades 1–2
- All Test Administration Manuals, used and unused, for grades 1–2
- Scratch paper for grades 1 and 2

You may return scoreable and nonscoreable materials at the same time, but must be returned by the date(s) provided within the manual, and they must be boxed separately with the appropriate UPS and Questar Return Labels. Three different colors of Questar Return Labels are provided for the return of materials—make sure the correct label is used for each shipment. Materials are sorted at the scoring facility according to the color of the label on the box. **Returning scoreable documents in a box with an incorrect label may cause a substantial delay in processing and scoring them.**

The four separate shipments returned to Questar will be

- Grades 1–2 consumable test booklets, Student Not Tested Forms, and associated materials (using PURPLE Scoreable Questar Return Shipping Labels)
- Grades 1–2 Test Administration Manuals, scratch paper for grades 1–2, and associated materials (using IVORY Nonscoreable Questar Return Shipping Labels)
- Grades 5 and 7 answer documents, Student Not Tested Forms, and associated materials (using GREEN Scoreable Questar Return Shipping Labels)
- Grades 5 and 7 test booklets and associated materials (using IVORY Nonscoreable Questar Return Shipping Labels)

INSTRUCTIONS FOR DISTRICT TEST COORDINATORS

There are three major steps involved in returning testing materials:

1. Inventory and organize all testing materials returned by School Test Coordinators and check and complete all required forms.
2. Package used answer documents or consumable test booklets, Student Not Tested Forms, and related forms and arrange for the pick-up of the Scoreable Materials Return Shipments.
3. Package all test booklets (used and unused) for grades 5 and 7, including Large Print, Braille, and Read-aloud test booklets and related forms, and arrange for the pick-up of the Nonscoreable Materials Return Shipments.

SCOREABLE MATERIALS FORMS FOR RETURN

The following forms must be completed and returned with the scoreable materials.

Classroom/Group Information Sheets

The use of Classroom/Group Information Sheets is **mandatory**. Each school **must** complete at least one Classroom/Group Information Sheet for each grade tested. School Test Coordinators have been instructed to complete Classroom/Group Information Sheets for individual classes/groups within their school, place them on **top** of the appropriate sets of scoreable materials, and paper-band them together.

Check each Classroom/Group Information Sheet to ensure that it has been correctly completed. Count the scoreable materials associated with each Classroom/Group Information Sheet and verify the quantity with the count coded in box 4 on the Classroom/Group Information Sheet. Verify that the name of the classroom/group written on the answer documents and consumable test booklets matches the name bubbled on the Classroom/Group Information Sheet. Keep the Classroom/Group Information Sheet on top of the corresponding set of classroom/group-level scoreable materials under the paper band. Then band all classroom sets of scoreable materials together by grade with the School/Grade Header Sheet on top. See the diagrams provided on pages 35 and 37 of this manual.

School/Grade Header Sheets

The School Test Coordinators have been instructed to complete a School/Grade Header Sheet for each grade tested in their school, place it on top of the Student Not Tested Forms and corresponding scoreable materials, and paper-band them together. Check each School/Grade Header Sheet to ensure that it has been correctly completed. Verify that the name and number of answer documents or consumable test booklets of each classroom/group is included on the School/Grade Header Sheet and that the number of Student Not Tested Forms is included in box 4. The total in box 4 should include the number of Student Not Tested Forms returned and **not** the number of student labels. Keep the School/Grade Header Sheet on **top** of the corresponding scoreable materials, including used Student Not Tested Forms, under the paper band. See the diagrams provided on pages 35 and 37.

District Scoreable Materials Transmittal Forms

When using the School/Grade Header Sheet(s), make a checkmark on the appropriate District Scoreable Materials Transmittal Form next to each school returning scoreable materials, including Student Not Tested Forms. After completing the District Scoreable Materials Transmittal Form, sign your name at the bottom.

INSTRUCTIONS FOR DISTRICT TEST COORDINATORS

Test Security Affidavits

Each District Superintendent, District Test Coordinator, School Test Coordinator, School Principal, and Test Administrator **must** sign affidavits regarding test security after completing the test administration. An Affidavit 1 and an Affidavit 2, indicating the grade or grades in which tests were administered, must be returned for each district and school. A separate Affidavit 3 must be returned for each grade for each school in which tests were administered. Affidavits may not be photocopied or stapled except for district or school record keeping. If additional copies of the affidavits are needed, contact Questar’s Arkansas Customer Service at ARCustomerSupport@QuestarAI.com or by phone at 800-643-8547. Make sure that all affidavits have been completed, signed, and returned to you. All completed affidavits for the district should be copied for district record keeping, paper-banded together, and placed on top of Box 1 of the Scoreable Materials Return Shipment. See page 22 of this manual for more detailed information about the affidavits.

NONSCOREABLE MATERIALS FORMS FOR RETURN

Test Booklet and Test Administration Manual Security Forms

All test booklets and Test Administration Manuals for grades 1–2 (used and unused) including Large Print, must be returned to Questar. **It is the District Test Coordinator’s responsibility to verify that all test booklets and Test Administration Manuals for grades 1–2 (used and unused) have been returned to the district from the schools.** Also, the District Test Coordinator must verify that they are in sequential order. School Test Coordinators and Test Administrators have been instructed to order test booklets and Test Administration Manuals sequentially before returning them to the District Test Coordinator. (There may be gaps in the test booklet sequences for grades 1–2 as used test booklets for these grades will be returned in the Scoreable Materials Return Shipment.)

The District Test Coordinator must verify that the Test Booklet and Test Administration Manual Security Forms have been completed and initialed. After making a copy for district record keeping, paper-band the security forms with the test booklets and manuals, as appropriate. Any missing test booklets or Test Administration Manuals for grades 1–2 must be documented on the appropriate security form, and a separate letter of explanation **must** be attached. Do **not** write the explanation on the security form. This information must be sent to Questar with the test booklets or Test Administration Manuals for grades 1–2. At the completion of check-in, Questar will report missing materials to the Arkansas Department of Education. Return the Test Booklet and Test Administration Manual Security Forms with the nonscoreable materials. Do **not** return the security forms with answer documents, consumable test booklets, or affidavits.

INSTRUCTIONS FOR SCHOOL TEST COORDINATORS

SCHOOL TEST COORDINATOR RESPONSIBILITIES

It is the School Test Coordinator's responsibility to

- appoint Test Administrators and provide training as required by law regarding appropriate administration procedures for the Augmented Benchmark Examination and Iowa Assessments™;
- inventory test materials before and after testing;
- distribute test materials to Test Administrators;
- develop a local testing schedule to provide to all schools testing;
- make sure that an accurate count of all materials assigned to each Test Administrator is kept at all times;
- complete the Test Booklet and Test Administration Manual Security Forms as required to track secure test materials;
- maintain and oversee the security of all test materials;
- distribute and collect Test Security Affidavits;
- monitor testing;
- collect all test materials from Test Administrators after testing;
- code information as appropriate in the "Teacher Use Only" box on each answer document or consumable test booklet once testing is completed, or assign a Test Administrator to do so. Make sure you obtain all of the information that will be required; and
- package and return test materials to the District Test Coordinator.

A Checklist for School Test Coordinators is provided on pages 49–51. The checklist covers only the major steps in the materials receipt and return processes and should **not** be used as a substitute for reading all of the instructions in this manual.

APPOINTING AND TRAINING TEST ADMINISTRATORS

There should be at least one Test Administrator appointed for each group of 25 students. Each Test Administrator is responsible for the security of his/her group's test materials while testing is being conducted.

Whenever possible, the test should be administered by classroom teachers. You may need to contact the School Administrator/School Principal to determine who will act as Test Administrators. Test Administrators must be **currently** licensed by the ADE as Arkansas professional educators, such as teachers, principals, or counselors.

See Appendix C for a suggested training session agenda.

INSTRUCTIONS FOR SCHOOL TEST COORDINATORS

INVENTORYING TEST MATERIALS

The School Test Coordinator should inventory the materials with the District Test Coordinator for all shipments. Check the quantities and materials in each school box against the items listed on the school shipping inventory documents.

Answer documents are shrink-wrapped for convenience only and may be opened and distributed to facilitate placing of student labels on them if they will be pre-assigned to students (see page 45 for more information about pre-assigning answer documents). All test booklets and Test Administration Manuals for grades 1–2 have been sequentially numbered and shrink-wrapped for security purposes. The shrink-wrapped school packages have labels that specify the security ID number range of documents enclosed. Use the school shipping inventory documents and the label from the shrink-wrapped package to inventory the test booklets and secure manuals; do not open the shrink-wrapped packages. **Due to security reasons, the shrink-wrapped packages of test booklets and Test Administration Manuals may be opened no earlier than one (1) school day before the first day of testing for organizational purposes only.** No one may look inside test booklets for any reason. No test booklets or Test Administration Manuals for grades 1–2 should be distributed to Test Administrators until the first day of testing. Maintaining test security is a very serious responsibility and there are security risks involved in this situation. A breach of security is one of the reasons for loss of license in the state of Arkansas.

Inventory testing materials upon receipt. Once the shrink-wrapped package of test booklets or Test Administration Manuals for grades 1–2 is opened, no earlier than one (1) school day before testing begins, the School Test Coordinator should check the security ID numbers and number of documents in the package. If a secure document is missing or a security ID number is incorrect, it is the School Test Coordinator’s responsibility to contact the District Test Coordinator **immediately**.

Be sure to save all of the boxes in which your materials were received for use in returning test materials to the District Test Coordinator.

DISTRIBUTING TEST MATERIALS TO TEST ADMINISTRATORS

Keep the School/Grade Header Sheets and Classroom/Group Information Sheets for use after testing is completed and materials have been returned to you. The Test Booklet and Test Administration Manual Security Forms shall be used in tracking test booklets for all grades and Test Administration Manuals for grades 1–2 assigned to Test Administrators.

Prior to test administration, each Test Administrator should receive student testing materials and a Test Administration Manual as appropriate for the grade for which the Test Administrator is responsible. The manuals (except for grades 1–2) should be provided to Test Administrators at the training prior to the test administration, if not sooner.

Note: The Test Administration Manuals for grades 1–2 are **secure** materials and may **not** be distributed until the first day of testing. Nonsecure versions of the grades 1-2 Test Administration Manuals are available on the Arkansas Department of Education’s website.

Distribute the secure test booklets and/or Test Administration Manuals for grades 1–2 to Test Administrators, as appropriate, **no earlier than the first day of testing**. The range of secure documents distributed to each Test Administrator must be recorded on the Test Booklet or Test Administration Manual Security Form (see instructions on the following page).

INSTRUCTIONS FOR SCHOOL TEST COORDINATORS

PRE-ASSIGNING ANSWER DOCUMENTS FOR GRADES 5 AND 7

In order to accommodate the timely and efficient distribution of materials during testing, the answer documents for grades 5 and 7 may be pre-assigned to students. The School Test Coordinator and Test Administrators may work jointly to pre-assign answer documents by affixing student labels or by completing the student name and demographic information for students who were not provided a student label. The school, district, and classroom/group name sections on each front cover should also be completed. All information contained on the Preliminary Demographic Verification Rosters must be verified for correctness. If any of the information is incorrect, it must be updated in eSchoolPLUS by the end of the day on the Friday prior to testing (see page 10 of this manual).

If the student's school, grade, State ID number, and/or last name have changed or are incorrect, the student label may not be used and all student demographic information must be bubbled on the student answer document.

The School Test Coordinator and Test Administrators must ensure that each student to be tested has one answer document assigned, and that the pre-assignments coincide with the test administration plan for groups of students. Once this has been completed, the answer documents must be returned to the secure area until the first day of testing.

COMPLETING THE TEST BOOKLET AND TEST ADMINISTRATION MANUAL SECURITY FORMS

Before distributing the test booklets for all grades and secure Test Administration Manuals for grades 1–2 to Test Administrators, the Test Booklet and Test Administration Manual Security Forms for the appropriate grades must be completed. Make as many copies of the forms as needed to sign secure test booklets and manuals out to and in from Test Administrators. Directions for completing the Test Booklet and Test Administration Manual Security Forms are contained on the forms and include the following when distributing secure materials to Test Administrators:

1. Verify quantities and the security ID numbers printed on the secure materials against the security ID range printed on the form. Contact the District Test Coordinator **immediately** if any discrepancy is found. Attach documentation of the discrepancy to the appropriate security form.
2. Record the information requested on the form (Test Administrators' names and the **range** of security ID numbers of the test booklets or manuals assigned to each). Enter the ID range assigned to each Test Administrator in the first two columns. Each Test Administrator must initial in the "Out" column under "Test Booklet Receipt and Return" when the test booklets are distributed and under "Test Administration Manual Receipt and Return" when secure manuals are distributed, and the School Test Coordinator must initial in the "In" column when they are returned and counted each day after testing.

Retain the Test Booklet and Test Administration Manual Security Forms until testing has been completed. Each form will be used to account for the secure materials after testing.

DUTIES DURING TESTING

School Test Coordinators must be available to answer questions and resolve problems during the testing sessions. If there are any problems with test materials, contact your District Test Coordinator.

INSTRUCTIONS FOR SCHOOL TEST COORDINATORS

COMPLETING FORMS AND ORGANIZING MATERIALS AFTER TESTING

After testing, inventory all materials with each Test Administrator. School Test Coordinators should return the following bundles of materials: **used*** answer documents for grades 5 and 7 or consumable test booklets for grades 1–2 (marked USED), unused answer documents for grades 5 and 7 or consumable test booklets for grades 1–2 (marked UNUSED), all test booklets for grades 5 and 7, Test Administration Manuals for grades 1–2, and scratch paper for grades 1–2. **Unused** answer documents or consumable test booklets should be returned to the District Test Coordinator but should **not** be included in the counts on the Classroom/Group Information Sheets. Unused answer documents are **not** to be returned to Questar. **Unused** answer documents are those that are **completely** blank. Answer documents or consumable test booklets on which a “Student NOT Tested” reason is bubbled are to be included with **used*** answer documents or consumable test booklets and returned to Questar behind the appropriate Classroom/Group Information Sheet along with the answer documents or consumable test booklets for students taking the test. Other materials (non-secure manuals, shipment inventory documents, etc.) may be destroyed, recycled, or returned to the District Test Coordinator if you are instructed to do so.

Used Answer Documents for Grades 5 and 7 or Consumable Test Booklets for Grades 1–2

School Test Coordinators must count the **used*** answer documents or consumable test booklets, paper-band them together, and mark the paper band with the school name, the count, the security ID range (if applicable), and the word “**USED.**” Verify that this has been done and that the count is accurate.

School Test Coordinators must code information in the “Teacher Use Only” box on the front cover of the answer documents or back cover of the consumable test booklets after testing is completed, or assign a designated person to do so. It is the School Test Coordinator’s responsibility to thoroughly check all information on the used answer documents or consumable test booklets. See page 62 for information regarding the requirements for coding the Free and/or Reduced Lunch section. Coding information for all sections in the “Teacher Use Only” box is provided on pages 59–64. Check to see that coding was done correctly and erase any stray marks.

Student Not Tested Forms

Student labels for students not testing should be placed on Student Not Tested Forms with the appropriate reason code entered above each student label. Up to four (4) student labels may be placed on a single form. Student Not Tested Forms are returned in the Scoreable Materials Return Shipment. Place completed Student Not Tested Form(s) under the corresponding School/Grade Header Sheet and on top of the Classroom/Group Information Sheet. Maintain copies of the completed Student Not Tested Forms for district records.

Classroom/Group Information Sheets

One (1) Classroom/Group Information Sheet **must** be completed for **each** classroom of students tested in the school, even if there is just one testing classroom/group. Students can be grouped any way you want them to be; however, the answer documents or consumable test booklets for all of the students you want grouped together must be placed behind the appropriate Classroom/Group Information Sheet. Please note that the same class names may not be used to identify more than one grade within a school. A School/Grade Header Sheet must still be completed for each school. The Classroom/Group Information Sheet is **not** a replacement for the School/Grade Header Sheet.

Instructions for completing the Classroom/Group Information Sheet are provided on the form itself. Enter and code the number of **used*** answer documents or consumable test booklets being returned on a separate Classroom/Group Information Sheet for each classroom/group. The number of answer documents or consumable test booklets for students not tested must be included in the count of **used*** answer documents or consumable test booklets. It is critical that the counts are accurate and are coded correctly. Do **not** include **unused** answer documents or

INSTRUCTIONS FOR SCHOOL TEST COORDINATORS

consumable test booklets in the count. Place a completed Classroom/Group Information Sheet under the paper band on the corresponding stack of **used*** answer documents or consumable test booklets for each classroom.

Do **not** make changes to the preprinted information on the form. If the information preprinted for the school is incorrect, a blank Classroom/Group Information Sheet must be obtained from the District Test Coordinator. When completing a blank header sheet, make sure the LEA number is entered and coded accurately and completely.

School/Grade Header Sheets

One (1) School/Grade Header Sheet must be completed for each grade tested at a school and/or for each grade at which Student Not Tested Forms are being returned. Fill in the circle for the appropriate grade, then list **all** of the classrooms/groups testing in the school and the number of documents returned under each classroom/group name. Make sure to fill out a corresponding Classroom/Group Information Sheet for each classroom/group listed and verify that the names of classes/groups are listed the same on both sheets. Indicate in box 4 how many Student Not Tested Forms are being returned for the school in that grade. Place the School/Grade Header Sheet under the paper band on top of the corresponding Student Not Tested Forms and/or **used*** answer documents or consumable test booklets.

School identification information has been preprinted on the forms. If the information preprinted for the school is incorrect you may obtain a blank School/Grade Header Sheet from the District Test Coordinator. When completing a blank header sheet, make sure the LEA number is entered accurately and completely.

Unused Answer Documents for Grades 5 and 7 or Consumable Test Booklets for Grades 1–2

Band together all **unused** (i.e., completely blank) answer documents or consumable test booklets. Return the bundles to the District Test Coordinator. (There may be gaps in the test booklet sequences for grades 1–2 as used test booklets for these grades will be returned in the Scoreable Materials Return Shipment.)

Test Booklets for Grades 5 and 7

Test Administrators are instructed to organize all test booklets for grades 5 and 7 (used and unused), including Large Print, Braille, and Read-aloud test booklets, in security ID number order. Inventory the test booklets when they are returned to you to make sure all test booklets assigned to a Test Administrator have been returned. **Verify that no answer documents are inside test booklets.** Missing test booklets must be documented and an explanation provided. The District Test Coordinator is required to provide a letter of explanation for each missing test booklet. Return bundles of test booklets, paper-banded by grade, to the District Test Coordinator.

Test Administration Manuals for Grades 1–2

Test Administrators are instructed to return all Test Administration Manuals for grades 1–2 (used and unused). Inventory the secure manuals when they are returned to you to make sure all manuals have been returned and paper-band them together in security ID number order. Missing Test Administration Manuals for grades 1–2 must be documented and an explanation provided. The District Test Coordinator is required to provide a letter of explanation for each missing secure manual. Return bundles of secure manuals, paper-banded by grade, to the District Test Coordinator.

Test Booklet and Test Administration Manual Security Forms

Test Booklet Security Forms, with the range of security ID numbers assigned to the school, are provided for all grades and Test Administration Manual Security Forms are provided for grades 1–2. Separate Test Booklet

*Used answer documents and consumable test booklets include those for Students NOT Tested.

INSTRUCTIONS FOR SCHOOL TEST COORDINATORS

Security Forms are provided for Large Print, Braille, and Read-aloud test booklets. The security forms provide spaces to enter the ID range assigned to each Test Administrator, for the name of the Test Administrator, and for the Test Administrator and the School Test Coordinator to initial receipt and return of secure materials on each testing day. After the secure materials have been returned for the final time, they must be inventoried. On the appropriate security forms, enter the date the secure materials are returned to the District Test Coordinator.

Test Security Affidavits

During the collection of test materials from the Test Administrators, have each Test Administrator read and sign Affidavit 3—Test Administrator Security Form. One (1) copy of Affidavit 2—School Level Test Security Form must be read and signed by the School Test Coordinator and the School Principal. All signed affidavits are to be returned to the District Test Coordinator. Affidavits may not be copied or stapled except for district or school record keeping.

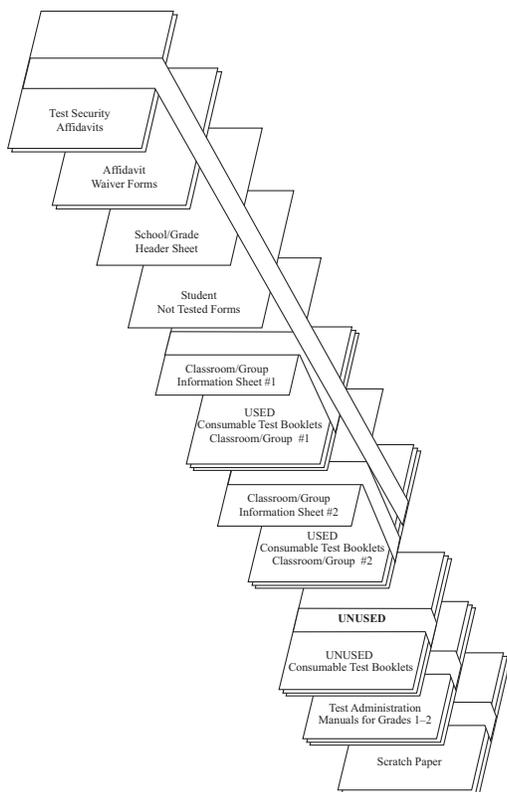

Scratch Paper for Grades 1–2

Paper bands may be used to group scratch paper. Return bundles of scratch paper to the District Test Coordinator.

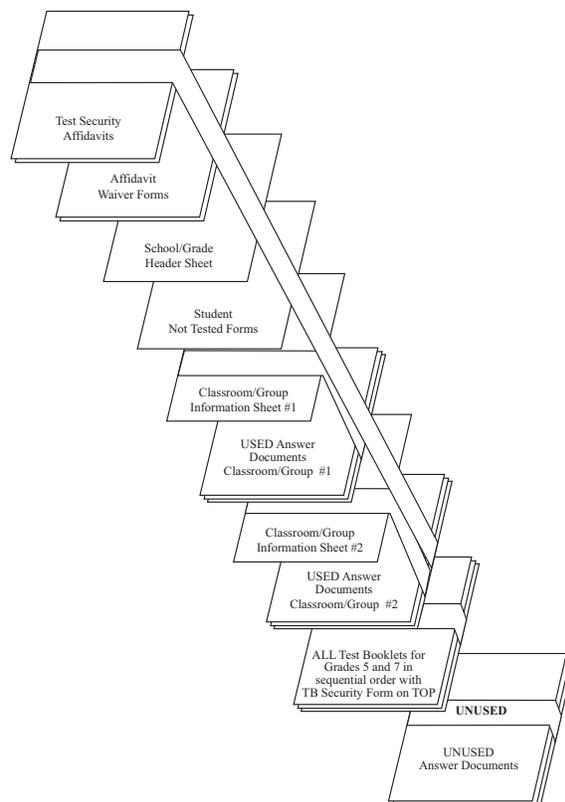

PACKAGING MATERIALS FOR RETURN TO THE DISTRICT TEST COORDINATOR

READING, RECORDING, AND TRANSCRIPTION OF STUDENT RESPONSES

Special Education students, Limited English Proficient students, and students with a 504 Plan may receive the accommodation of having the science portion of the Augmented Benchmark Examination read to them if the accommodation is listed in their IEP, LPAC Plan, or 504 Plan and is used on a regular basis in the classroom. The Read-aloud form should be administered to all students receiving this accommodation. No other form may be used to provide a Read-aloud accommodation. Test Administrators must use the extra Read-aloud test booklet for grade 5 or 7 provided with the Read-aloud forms when administering the Read-aloud accommodation to students in grades 5 and 7 taking the Augmented Benchmark Examination. Note that there is no Read-aloud form available for Iowa Assessments™. **Do not** code the Special Education Accommodations section for students with a 504 Plan. However, they may still receive accommodations that are in the students' 504 Plans and used regularly in the classroom. Complete the 504 Accommodations section of the "Teacher Use Only" box, as appropriate, for 504 students taking the Large Print or Braille versions of the test, and for 504 students receiving the accommodation of having portions of the test read to them.

In certain cases, a student's response to test questions will require recording (i.e., a teacher records the student's verbal responses and places them into his/her answer document or consumable test booklet) or transcription (i.e., the responses must be coded or written in the student's answer document or consumable test booklet by someone other than the student). In those cases where a student's responses to test questions require recording or transcription (e.g., Large Print, Braille, or other approved accommodations), the recording or transcription needs to be done by a teacher or administrator who is **currently licensed** by the Arkansas Department of Education and **must** occur within the district, prior to the shipment of materials to Questar. If the recording or transcription does not occur within the district, the student's responses will be treated as nonscoreable or "not taken" by the contractor. Ideally, the recording or transcription should be performed by the District Test Coordinator or someone working directly under his or her supervision.

Only teachers or administrators who are **currently licensed** by the Arkansas Department of Education are allowed to read, record, or transcribe a test for students who have this accommodation. The Affidavit Waiver Form for Providing an Approved Accommodation in Appendix G must be copied and signed by the currently licensed Arkansas teachers or administrators providing the accommodation and placed behind (not stapled to) Affidavit 3—Test Administrator Security Form. Keep one copy on file at the district.

COMPLETING THE “TEACHER USE ONLY” BOX

It is the School Test Coordinator’s responsibility to complete the “Teacher Use Only” box after all testing is completed, or designate a person to do so.

Information coded in the “Teacher Use Only” box is used to place students in the appropriate reporting categories and for the state accountability system. Therefore, it is critical that the information requested be completed correctly as applicable to each student. Students will not be reported correctly if the appropriate information is not coded on their answer documents or consumable test booklets. **Coding for students cannot be changed after answer documents and consumable test booklets are sent to Questar.**

The School Test Coordinator and/or the person authorized to mark the Free and/or Reduced Lunch section are the only persons who should mark this box. See page 62 for information about persons authorized to mark the Free and/or Reduced Lunch section.

Verify that students did not mark any circle(s) in the “Teacher Use Only” box.

The sections in the “Teacher Use Only” box include the following: Monitored Former LEP, 504 Accommodations (except for grades 1–2), ESI Codes, Special Education Accommodations, Free and/or Reduced Lunch, Migrant Student, Gifted and Talented, Highly Mobile, Limited English Proficient (LEP), LEP student less than one year in the U.S., LEP Accommodations, and Student NOT Tested (on page 2 of the answer document and on the inside back cover of the consumable test booklet).

After all testing is finished, the “Teacher Use Only” box must be completed. If a student label has been used, it is not necessary to code the circles for Monitored Former LEP, ESI Codes, Free and/or Reduced Lunch, Gifted and Talented, and Limited English Proficient (LEP) in the “Teacher Use Only” box. This information is already contained in the student label barcode and will override information coded in the “Teacher Use Only” box. Only those sections of the “Teacher Use Only” box that have an asterisk (504 Accommodations (except for grades 1–2), Special Education Accommodations, Migrant Student, Highly Mobile, LEP student less than one year in the U.S., LEP Accommodations, and Student NOT Tested) need to be completed, as appropriate, if a student label is used.

The following pages provide instructions for completing all of the sections in the “Teacher Use Only” box, as appropriate for each student.

Important: A student label **must** be used on a student answer document or the Student Not Tested Form, if one is provided for a student and the student’s school, grade, State ID number, and last name are correct. If the student’s school, grade, State ID number, and/or last name are incorrect, a student label cannot be used and all demographic information on the answer document or consumable test booklet must be bubbled. Information provided by the ADE from eSchoolPLUS will override anything coded for the sections of the “Teacher Use Only” box without an asterisk. If information for a student is incorrect, it must be updated in eSchoolPLUS prior to testing. See page 10 for more information about updating student demographic information.

Monitored Former LEP

A student’s Monitored Former LEP status does not need to be coded on the student answer document or consumable test booklet if a student label is used. If a student label is not used, complete the Monitored Former LEP section of the “Teacher Use Only” box, as appropriate. Fill in the circle for Year 1 if the student is in the first year of monitoring, and fill in the circle for Year 2 if the student is in the second year of monitoring.

Monitored Former LEP (MFLEP) students include those who

- have exited out of a language instruction educational program funded by Title III into classrooms that are not tailored for LEP students;
- were exited from ESL services and whose academic progress is being monitored for two years in the regular education classroom as required by federal law; and
- were identified as LEP at some time in the prior two years but who no longer meet the state’s definition of LEP.

*504 Accommodations (except for grades 1–2)

Complete the 504 Accommodations section of the “Teacher Use Only” box, as appropriate, regardless of whether or not a student label is used. Fill in the circle for Read-aloud (RST) for any 504 student taking the Read-aloud version of the test. Fill in the circle for Large Print Test (LPT) for any 504 student taking the Large Print version of the test, and fill in the circle for Braille Test (BT) for any 504 student taking the Braille version of the test.

Note: 504 students may receive additional accommodations included in their plan but do not bubble them in the “Teacher Use Only” box.

ESI Codes

A student’s ESI (Exceptional Student Information) code does not need to be coded if a student label is used. If a student label is not used, complete the ESI Codes section of the “Teacher Use Only” box, as appropriate.

If a student participated in the testing and is part of a specific educational program, fill in the appropriate circle in the section labeled “ESI Codes.” Choose the correct category for each exceptional student according to the list below. Fill in **only one** circle for numbers 1–12. If more than one condition exists, fill in the circle for the **primary** condition. Note that number 5 is MD for students with multiple disabilities.

* An asterisk indicates that the section **must** be coded whether or not a student label is used.

1	AU	autism	7	OHI	other health impairment
2	DB	deaf-blindness	8	ED	emotional disturbance
3	HI	hearing impairment	9	SLD	specific learning disability
4	MR	mental retardation (both TMR and EMR)	10	SI	speech/language impairment
5	MD	multiple disabilities	11	TBI	traumatic brain injury
6	OI	orthopedic impairment	12	VI	visual impairment

***Special Education Accommodations**

Complete the Special Education Accommodations section of the “Teacher Use Only” box, as appropriate, regardless of whether or not a student label is used. Fill in the circle for each accommodation the student received during testing. **Refer to Appendix A** for additional information on accommodations that are permitted.

1	TRAN	a teacher transfers answers from the student’s test booklet to an answer document or consumable test booklet
2	REC	a teacher records the student’s verbal responses and places them into his/her answer document or consumable test booklet
3	SIGN	directions signed for a student with a hearing impairment
4	PREF	preferential seating (study carrel)
5	SMGT	small group testing
6	INT	individual testing
7	RST	reading of the science test
8	MD	magnifying devices
9	NB	noise buffer
10	IS	individualized scheduling
11	ET	extended time
12	LPT	Large Print test booklet
13	BT	Braille test booklet
14	AB	abacus

Do not code the Special Education Accommodations section for students with a 504 Plan. However, students may still receive accommodations that are in their 504 Plans and used regularly in the classroom.

Important: Accommodations 1, 2, 7, 12, and 13 require that the Test Administrator complete the Affidavit Waiver Form.

Note: Extended time means that the whole school day may be used for the portion of the test that is scheduled for that day. When extended time is allowed, students must complete each session in the order scheduled before moving on to the next session. Students who are at different points in the test schedule must be isolated from students on the regular schedule for testing, during breaks, and during lunch. Extended time does not allow students to go back into a session at a later time in the day to continue working or to complete unfinished items.

* An asterisk indicates that the section **must** be coded whether or not a student label is used.

APPENDIX D

Free and/or Reduced Lunch Students

A student's eligibility for Free and/or Reduced Lunch does not need to be coded on the answer document or consumable test booklet if a student label is used. For students without labels, only the School Test Coordinator and/or the person authorized in the agreement signed by the school with Child Nutrition can code the section for students eligible for Free and/or Reduced Lunch. This information must be filled out after testing is completed. This section cannot be marked by the Test Administrator. (Refer to Commissioner's Memo #FIN-09-041; the contact person is Sheila Chastain at 501-324-9502.)

***Migrant Students**

Complete the Migrant Student section of the "Teacher Use Only" box, as appropriate, regardless of whether or not a student label is used. In the section labeled "Migrant Student," fill in the circle for any student meeting the following guidelines: Children of migratory agricultural workers or migratory fishers, including children who are workers themselves and the spouses of such workers, who have been identified by the Migrant Education Program (MEP) as migrant children.

For questions related to migrant student information, the District Test Coordinator should contact Stan Young at 501-324-9660.

Gifted and Talented Students

A student's status as Gifted and Talented does not need to be coded on the answer document or consumable test booklet if a student label is used. If a student label is not used, complete the Gifted and Talented section of the "Teacher Use Only" box, as appropriate.

***Highly Mobile Students**

Complete the Highly Mobile section of the "Teacher Use Only" box, as appropriate, regardless of whether or not a student label is used. In the section labeled "Highly Mobile," fill in the circle for any student enrolled in the school or moving between schools **after** October 1, 2014.

Limited English Proficient (LEP) Students

A student's status as Limited English Proficient does not need to be coded on the answer document or consumable test booklet if a student label is used. If a student label is not used and the student is designated as Limited English Proficient, complete the Limited English Proficient (LEP) section of the "Teacher Use Only" box, as appropriate. If an LEP student is also participating in a special education program, fill in the appropriate circle (1–12) in the ESI Codes section and the LEP circle.

***LEP student less than one year in the U.S.**

If a student is Limited English Proficient and has been in the U.S. less than one year, fill in the circle, regardless of whether or not a student label is used.

***LEP Accommodations**

Complete the LEP Accommodations section of the "Teacher Use Only" box, as appropriate, regardless of whether or not a student label is used. Fill in the circle for each accommodation the student received during testing.

* An asterisk indicates that the section **must** be coded whether or not a student label is used.

Important: Special education accommodations take precedence over LEP accommodations for students who are both Limited English Proficient and participate in special education programs. If a student with disabilities is also Limited English Proficient, mark **only** the Special Education Accommodations section. The only circumstance in which both the Special Education Accommodations section and LEP Accommodations section may be marked is if the student received the LEP accommodation of using a word-to-word dictionary.

1 LEP - ET	extended time
2 LEP - WTWD	word-to-word dictionary
3 LEP - IS	individualized schedule
4 LEP - PREF	preferential seating (study carrel)
5 LEP - SMGT	small group testing
6 LEP - INT	individual testing
7 LEP - RST	reading of the science test in English
8 LEP - NB	noise buffer

Important: Accommodation 7 requires that the Test Administrator complete the Affidavit Waiver Form.

Note: Extended time means that the whole school day may be used for the portion of the test that is scheduled for that day. When extended time is allowed, students must complete each session in the order scheduled before moving on to the next session. Students who are at different points in the test schedule must be isolated from students on the regular schedule for testing, during breaks, and during lunch. Extended time does not allow students to go back into a session at a later time in the day to continue working or to complete unfinished items.

***Student NOT Tested**

An answer document, consumable test booklet, or Student Not Tested Form **must** be submitted for any student who was scheduled to test and/or received a label but **took NO portion of the test**. All students who received a student label must be accounted for by returning either an answer document, consumable test booklet, or a Student Not Tested Form. If it is known in advance of testing that a student who received a label will not be testing, please use the Student Not Tested Form to record the reason not tested. If a student does not test and his or her label has been placed on an answer document or a consumable test booklet, if the student did not receive a student label, if the label was damaged, or if the student's school, grade, State ID number, or last name are incorrect on the label, complete the demographic information on page 1 of the answer document or the back page of the consumable test booklet.

Fill in the circle for the appropriate reason code (mark **only** one) on page 2 of the student answer document or on the inside back cover of the consumable test booklet. If an answer document or consumable test booklet is used to indicate a "Student NOT Tested" reason code and the student responds to at least one question, the student will be considered tested and the "Student NOT Tested" code will be ignored. If the reason the student did not test is not listed, or if the student refused to take all portions of the test, the District Test Coordinator must contact the ADE Office of Student Assessment at 501-682-4558 for further instructions.

All of the information (as appropriate for the student) requested on the front of the student answer document or the back of the consumable test booklet must be completed.

* An asterisk indicates that the section **must** be coded whether or not a student label is used.

APPENDIX D

A sample of the “Student NOT Tested” box appears below. (**Note:** Reasons not tested will vary, depending on the examination being administered.)

Important: Fill in circle 14, SRT (Student REFUSED to Test) in the Student NOT Tested section for any student who refused to take **all** portions of the test. The Test Administrator must notify the School Test Coordinator of any students refusing to take **all** portions of the test. (The School Test Coordinator will contact the District Test Coordinator who will then notify the ADE Office of Student Assessment.)

See page 8 for additional information regarding students not tested and for information regarding erasures on the answer document or consumable test booklet.

* An asterisk indicates that the section **must** be coded whether or not a student label is used.
