4.06 Each school district shall develop a procedure for written notification to all parents and students of the district’s student discipline policies and for documentation of the receipt of the policies by all parents and students.

4.07 Teachers and administrators, classified school employees, and volunteers shall be provided with appropriate student discipline training.

4.08 If a school employee believes that any action taken by the school district to discipline a student referred by that employee does not follow school district discipline policies, the school employee may appeal under the district’s grievance procedure as provided under § 6-17-208.

4.09 Each school district in this state shall develop written student discipline policies in compliance with these guidelines and shall file such policies with the Department of Education.

Behavioral problems shall include those at risk of not satisfactorily completing a high school education.

4.11 A school district that authorizes the use of corporal punishment in its discipline policy shall include provisions for administration of the punishment, including that it be administered only for cause, be reasonable, follow warnings that the misbehavior will not be tolerated, and be administered by a teacher or a school administrator and only in the presence of a school administrator or his or her designee, who shall be a teacher or an administrator employed by the school district.

4.11.1 “Teachers and administrators” means those persons employed by a school district and required to have a state-issued license as a condition of their employment.

4.13 Any amendments or revisions to a school district’s student discipline policies shall be developed and adopted in the same manner as the original policies as required by law and shall be submitted to the Department of Education within thirty (30) days after the adoption of such amendment or revision.

4.15 Every school district board of directors shall adopt and file with the Department of Education written policies concerning the violation of school standards such as disrespect for teachers and classified school employees, vandalism, and other undesirable behavioral patterns. Such written policies may be a part of the school district’s student discipline policies. These policies may be revised at any time by filing an updated policy with the Department of Education.

4.17.1 The expulsion shall be noted on the student’s permanent school record.
4.17.2 Nothing in Section 4.17 of these rules shall be construed to limit a superintendent’s discretion to modify the expulsion requirement for a student on a case-by-case basis.

4.17.3 The Department of Education shall establish and maintain a registry of students who are expelled for possessing a firearm or other prohibited weapon on school property or for committing other acts of violence. The names, addresses, and social security numbers of all students listed in the registry shall be available by phone, facsimile, or mail to any school principal in the state, so long as the provision of such information does not otherwise violate state or federal law.

4.18 The board of directors of every school district shall adopt policies to prevent bullying and file such policies with the Department of Education. Such policies may be a part of the school district’s student discipline policies.
