Introduction

Act 841 of 2015 established that each district and school will develop and submit to the ADE a general description for the use of state categorical funds. This general description, the list of allowable expenditures found in Special Needs Funding rules, and the related detail in APSCN will be utilized by legislative audit to determine the appropriateness of expenditures. Thus, with the general description of a specific program, it is important to clarify how the funds are being utilized to meet the established intent of the funding, how the expenditure is supplementing above state requirements (except PD), and how the effectiveness of the program activities will be evaluated to determine future continuance or discontinuance of the program, position, or supplemental service.

The team developing the ACSIP plan should consider at a minimum the following rules:

Discussions further led to

2016-2017 School Improvement Planning

What constitutes a **plan/process**?

- Team
- Vision/Mission/Goals
- Comprehensive Diagnostic Analysis Needs Assessments
 - Assessment results
- Indicators/Objectives
 - Leadership Team
 - Instructional Teams/PLCs
 - Curriculum/ Instruction/Assessment (Demographics,
 - Classroom Instruction – (TESS, Conditions for Learnings- focus on Students,)
 - Management
 - Family and Parent Engagement
- Implementation of the Objectives/Tasks (never ends)
- Monitoring (may occur at any time)
- Plan/annual Evaluation

Discussions led to the following bulleted items of discussion.

2016-2017 Process to determine Indicators

2016-2017 District and School Indicators

The Process

(Non Priority and Focus)

- Conduct a comprehensive diagnostic analysis/ needs assessment to include reviewing 2015-2016 Objectives and Tasks to determine overall needs
- Re-Task as appropriate the 2015-2016 Indicators where needed for continued implementation toward full implementation as defined by WiseWays® research (This becomes a part of the 2016-2017 plan)
- Begin with aligning Indicators of effective practice to the needs identified in the needs assessment to assess, plan, and monitor and continue the process for the 2016-2017 school year

2016-2017 District and School Indicators (Non Priority and Focus)

- The state may ask districts for a particular Indicator to assess related to the diagnostic analysis/ needs assessment but for the most part, districts will provide guidance to schools based on the needs assessment.
- In order to have a plan, a school must be working to improve some component of the educational process within the ACSIP (Indistar) Indicators.
- Title I Schoolwide Schools must annually review the Indicators aligned to the Title I Schoolwide components. **(Further clarification will be provided within the Indistar system.)**

Priority and Focus Schools

**Personal Reflections from the
ACSIP Statewide Field Test Process
and
Impact resulting from the
ACSIP Statewide Field Test Advisory Team**

How do we shift the energy to 100% focus on school improvement verses 80% compliance and 20% for school improvement?

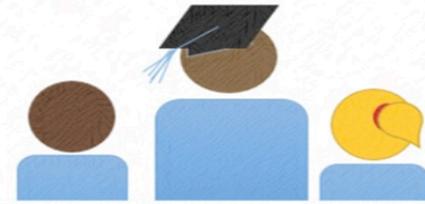

100% on school improvement does not mean the resources are not important, but how we use the resources to support improvement.

How do we shift our mind set?
