

# What is Digital Learning Day?

**Digital Learning Day** is a national campaign that celebrates teachers and shines a spotlight on successful instructional practice and effective use of technology in classrooms across the country. The inaugural Digital Learning Day boasted tens of thousands of teachers representing nearly 2 million students.

Join the Arkansas Department of Education for following technology tools webinars each day January 30 – February 6, 2013 from 12:00 pm - 1:00 pm. Districts, charter schools and coops may register. Registration limited to 250 computers per session. Large group viewing is recommended. All sessions will be recorded.

Viewing sites will have to provide handouts and professional development hours to participants.
