### Commissioner's Report

- Interim studies are underway as a result of legislative action from the 2007 Session of the General Assembly. He noted that formative assessment is the topic of study this week with Dr. Margaret Heritage from UCLA leading the discussions.
- A state delegation participated in a conference hosted by the American Diploma Project, which highlighted the Algebra II assessment. He reported that the Arkansas Model continues to be highlighted.
- Participation in the NASBE annual meeting.

The Board heard reports from Dr. Tommie Sue Anthony, President, Arkansas Advanced Initiatives for Math and Science (AAIMS) Grant and from Paul Lazenby program officer for Arkansas Better Chance Program (ABC). Each of these speakers provided program update information and summarized ongoing activities.

### Consent Agenda

Dr. Williams asked for additional information regarding the purchase of a house by the Wicks School

administrators into the district. She also reported that in this case the superintendent is paying monthly rent to the district and paying all of the utilities for the house.

Dr. Mays asked about the issue of debt ratio on various loan and bond items. Dr. Davis responded that as a result of legislation in the 2007 session, there is no limit on debt ratio for local school districts. She noted that the Committee, which reviews bonded indebtedness proposals, continues to report the debt ratio, but that it is no longer a factor in approval of the request.

Ms. Tatum asked about the denial of waivers and what would trigger a denial. Beverly Williams responded that most of the denials in this list tend to be that teachers failed to earn the hours as required on the deficiency removal plan or teachers failed to remove the cited deficiency within the required three-year time limit.

Dr. Mays asked about the definition of “multi-purpose” facility. He asked about the Board’s responsibility, if any, for approving facilities and funding for facilities in local districts. He also asked for more specific information about the use of facilities that are proposed for funding under the loan and bond program.

Ms. Tatum asked about evaluation of the regional service cooperatives and if there was accountability beyond the five-year study. Dr. Charles Watson responded that there is no legislative requirement for evaluation other than the self-study and peer review every five years. He also noted that each cooperative prepares an annual report of activities and was reviewed as part of the visiting committee’s documentation.

Dr. Williams moved to approve the Consent Agenda as presented. Ms. Burrow seconded the motion. The motion was adopted on a vote of 7 yes, 1 no (Mays voted no). Dr. Mays explained his no vote as based on the lack of information for review and approval of the proposed multi-purpose facility in the Loan and Bond section of the Consent Agenda.
