- ≠ Shows increasing understanding of EdisonLearning work processes and standards
- ≠ Thinks to ask questions about actions required to produce expected results
- ≠ Expresses interest in taking on varied projects and tasks to develop new skills in most situations
- ≠ Develops and maintains positive working relationships with co-workers by being punctual, collaborative, and maintaining a pleasant work attitude
- ≠ Shows that understands accepted professional conduct within the EdisonLearning environment by acting honestly and openly and responding positively to any feedback on professional conduct
- ≠ Establishes appropriate and supportive relationships with students

Background:

- ≠ Bachelor of Arts or Bachelor of Science degree required
- ≠ Appropriate teacher certification required
- ≠ Minimum of 2 years of teaching experience required
- ≠ Evidence of educational experiences after college (fellowships, summer study, or graduate course work to pursue greater depth in a subject area, specific instructional methodology, curriculum development, special education, technology, etc.) preferred
- ≠ Evidence of working knowledge and comfort level with instructional technology
- ≠ Experience working with student population in some capacity preferred

Guidance Counselor

Reports to: Program Director

Direct Reports: N/A

Job Summary:

The Counselor is a critical member of the Comprehensive Support Team, championing the behavioral, social/emotional and mental health needs of students in support of student achievement across the program. They take a leadership role in providing professional development within the school to create a solid understanding of the psychosocial development of students and the influences of family, community, and cultural differences on student achievement. They are a crucial voice in determining, planning and supporting the implementation of interventions, particularly related to the behavioral/social/emotional issues of students. Within this unique and alternative setting, it is critical that specific student needs be identified and met early on in an effort to provide students a support system that is often lacking outside of this environment.

Main Responsibilities:

- Provide leadership as a standing member of the Comprehensive Support Team;
- Provide leadership as a standing member of the Learning Team;
- Evaluate program wide behavioral data to identify trends and promote universal, small group and individual responses;
- Conduct small-group or 1:1 intervention/counseling at Tier II and Tier III, in response to needs identified by the Comprehensive Support Team and or Individual Education Plans (IEPs);
- Evaluate student progress specific to behavioral, emotional, and mental health concerns and the effects on academic progress;
- Participate in conducting functional behavior assessments and developing, implementing and monitoring behavioral intervention plans for students identified in need;
- Assist parents/guardians in effectively participating in their child's education and strengthening their parenting skills;
- Engage parents/guardians as partners on behalf of their children through phone, email, notes, conferences, home visits, etc., both directly and by supporting the efforts of classroom teachers;
- Form a consortium of service providers to deliver a wide variety of services to the school community based on identified program and student needs;
- Act as point of contact for outside organizations working with students and their families to ensure coordination of services to best meet students' needs;
- Work in collaboration with the office staff to produce reports in order to analyze attendance trends and ensure appropriate action is taken as needed;
- Work directly with individual teachers, house teams, and families to ensure the timely attendance of every child;
- Work in collaboration with the special education team to coordinate services and communication with parents of students with special needs;
- Lead the crisis response team for students in critical need (e.g. suicide ideation, self-harm, family crisis, homelessness, etc.)

Key Relationships:

Internal: Program Staff

External: Community outreach resources, local businesses for employment opportunities, social service organizations and outside service providers

Key Behavioral Competencies:

- Demonstrates a drive, commitment and sense of urgency that inspires others to achieve results
- Identifies, analyzes and discusses decision making alternatives with multiple stakeholders
- Resolves requests and complaints in a timely manner, demonstrating a high level of commitment to meeting requirements within policy and compliance guidelines
- Makes frequent and regular contact with clients to keep them informed and to learn of any new issues or challenges that can impact expected outcomes
- Works closely with direct client contacts to establish relationships, starting to establish credibility by demonstrating fairness, equity and consistency in transactions
- Recognizes people who may be of critical importance to achievement of one's objectives and involves them to get their input
- Uses considerable judgment and initiative to determine the approach or action to take in non-routine situations
- Shifts priorities to address changes in events or assigned goals
- Brings ideas for service delivery improvements to the attention of others and pursues these ideas through to resolution or completion
- Maintains a pleasant attitude being tactful and courteous with all program personnel, students and visitors
- Responds to information request in a cooperative, courteous, and timely manner
- Is attentive, patient and fair with students

Background:

- A Master's of Social Work or Master's in Counseling degree
- Appropriate state licensure
- Clinical experience with at-risk children
- Strong communication skills; ability to work collaboratively with teachers/staff
- Experience developing and managing community-based initiatives or school-business partnerships

Special Education Teacher

Reports to: Program Director

Direct Reports: N/A

Job Summary:

The Special Education Teacher is responsible for implementing and ensuring compliance to established policies, procedures and/or regulations; and addressing other duties and processes required to maintain the school's program of services. Responsibilities include, but are not limited to: providing student interventions and modifications to the academic program as needed; managing the school's special education programs and services; developing related goals, objectives and recommending policies; planning, implementing and working with staff in evaluating the special education programs and services; acting as a liaison with other district staff, serving as a resource of information regarding special education programs and services; and ensuring that procedures are appropriate in relation to policies required by state and federal regulatory requirements.

Main Responsibilities:

- ≠ Maintain educational records for students with disabilities (e.g., IEPs, evaluation reports, staffing forms, eligibility forms, meeting summary notes, IEP progress reports, etc.) across multiple sites in one city/region
- ≠ Ensure that all students with disabilities have a current IEP.
- ≠ Maintain all LEA special education profile data on IDEA Part B and Part C (if applicable) indicators for Department of Education State Performance Plan (SPP) reporting.
- ≠ Coordinate the provision of special education services and related services per the students' IEPs.
- ≠ Ensure that all IEPs adhere to least restrictive environment (LRE) and free appropriate public education (FAPE) guidelines as specified in IDEA regulations and state guidelines.
- ≠ Ensure that all initial referrals for special education services are completed within 60 days (calendar or school depending on state) from the date parental consent is obtained.
- ≠ Collaborate with regular education personnel on Response to Intervention/Comprehensive Student Services initiatives.
- ≠ Provide school leadership team regularly with the following: reports on issues regarding special education services, progress monitoring data for students with disabilities, and special education compliance data.
- ≠ Collaborate with school personnel (e.g., administration, regular education teachers, special education teachers, etc.) on special education service models (i.e., monitoring; collaboration or consultation; co-teaching or team teaching; facilitated instruction; direct instruction.).
- ≠ Coordinate progress monitoring of students with disabilities (e.g., CBM, Benchmark Assessment System, etc.).
- ≠ Communicate regularly with Regional Special Education Director on IDEA, FAPE, LRE, and IEP successes and challenges at assigned school(s).
- ≠ Maintain accurate and current inventory on instructional and curricular resources and materials. Replenish inventory as needed.

Key Relationships:

Internal: Core Content Teachers

External: School District Special Education Compliance Officer

Key Behavioral Competencies:

- ≠ Developing Others
 - Encourages constructive feedback and a culture that provides opportunities for development. Attracts, assesses, develops, motivates and retains a diverse workforce that drives results.
 - Helps others to secure resources and provides guidance in decision making and problem solving
- ≠ Courageous Leadership

- Addresses difficult issues; puts self on line to deal with important problems; stands firm when necessary.
- Analyzes reasons behind results, takes action to address failures and seeks to improve outcomes
- ≠ Collaboration
 - Willingly cooperates and works collaboratively towards solutions which generally benefit all involved parties; works cooperatively with others to accomplish company objectives; promotes collaboration and partnerships.
 - Gives credit and recognition to others who have contributed towards team or group goals; respects different opinions, seeking them out to challenge thinking and enhance collaborative efforts
 - Works collaboratively to creatively problem solve with staff to meet students' unique needs in a technology- based instructional learning environment
- ≠ Organization
 - Maintains accurate records across multiple sites
 - Plans and organizes for a schedule that requires flexibility and structure to serve students at multiple sites

Background Requirements:

- Minimum of 3 to 5 years special education teaching experience required
 - Bachelor of Arts or Bachelor of Science degree required
 - Appropriate special education teacher certification required
 - Demonstration of mastery in specified area/s of the curriculum required
 - Demonstration of teaching techniques and classroom management skills (i.e., effective instructional strategies, articulate communication of information, positive interactions with students, and overall organization of learning environment), as seen during a classroom observation by a partnership principal required
 - Evidence of educational experiences after college (fellowships, summer study, or graduate course work to pursue greater depth in a subject area, specific instructional methodology, curriculum development, special education, technology, etc.) preferred
-

Office Manager

Reports To: Program Director

Direct Reports: Not Applicable

Job Summary:

The Office Manager will play a key support role, serving as the focal point for communication by mail, telephone and in person. The Office Manager will manage the flow of information, both within the school and between the school and the state, and will be responsible for maintaining all school records. To be effective, the Office Manager must be organized and efficient, familiar with all necessary office equipment, including computers and computer programs for word processing, databases, and spreadsheets. Equally important is the role of the Office Manager as representative of the program. He or she must be flexible, personable, able to communicate the program's mission and vision, and possess the program's core values.

Main Responsibilities:

- ≠ Responsible for creating and maintaining a welcoming and efficient front office that emphasizes organization, professionalism, courtesy, flexibility, and teamwork
 - Greet and announce all visitors appropriately
 - Use proper telephone etiquette and direct calls appropriately to school staff
 - Provide needed assistance and communicate effectively with Director and all staff
 - Be attentive, patient and fair with students
 - Treat parents as valued and respected customers
- ≠ Maintain all records, including schedule, student waitlist (using applicable EdisonLearning systems/software), attendance records, and calendar
- ≠ Responsible for recording, tracking and following up on student tardiness, absences
- ≠ Collect student related data (including demographics, financial data, test results, attendance) and provide it to the state, which uses the data to determine per pupil funding for the school
- ≠ Collect all student data and manage free and reduced lunch program components for the school, which impacts school funding
- ≠ Perform basic Accounts Payable and Accounts Receivable functions in the routine course of daily operations
- ≠ Provide and/or manage standard operations, including, but not limited to:
 - Student entrance/exit procedures
 - Safety and emergency procedures/guidelines
 - Correspondence and schedule for Director
 - Business related processes as assigned by Director and/or Enrollment Coordinator (purchasing/expenses, invoices, shipping and receiving, etc.)
 - Coordination of volunteer hours/participation
 - Responsibility for all voicemail administration including setting up new mailboxes and changing site voicemail greeting for vacations, snow days, etc.

Key Relationships:

Internal: Site faculty and staff.

External: School visitors. Outside vendors, contractors.

Key Behavioral Competencies:

- ≠ Thinks ahead to set up requirements in advance. Prepares effective program of activities; timetabling; etc.
- ≠ Consistently tries new and different approaches to doing work
- ≠ Demonstrates a strong sense of urgency by prioritizing and following through on commitments
- ≠ Identifies potential obstacles to goal achievement and seeks assistance in addressing these obstacles
- ≠ Detail oriented and ability to multi-task
- ≠ Demonstrates ability to develop appropriate relationships with students in an alternative setting

Background:

- ≠ High school diploma required; postsecondary training or schooling preferred
 - ≠ Familiarity with office equipment such as computers, typewriters, fax machines, calculators, and photocopiers, as well as word processing and spreadsheet programs required school district database maintenance preferred
 - ≠ Minimum of 3 years of experience in office management or in a secretarial position preferred with responsibilities including basic bookkeeping
-

Paraprofessional

Reports to: Program Director

Direct Reports: N/A

Job Summary:

The Paraprofessional, as a member of the instructional team, works under the supervision of the classroom teacher and the principal. This person primarily works in classroom, assisting the teacher in implementing instruction and related services. Such assistance may include: providing instructional assistance, guiding additional practice opportunities, re-teaching, and monitoring behavior.

Main Responsibilities:

- ≠ Meet Paraprofessional requirements as established by state and local mandates;
- ≠ Implement school and district policies and procedures;
- ≠ Establish and maintain solid working relations with colleagues;
- ≠ Participate in planning sessions with the learning team;
- ≠ Provide support and assistance to students;
- ≠ Demonstrate creativity, flexibility, and perseverance in dealing with challenging learning, behavioral, family, and classroom situations;
- ≠ Provide strategic instruction within the classroom for students who are in need of support learning core curriculum;
- ≠ Provide support and supervision of students as assigned (during transitions, in special classes, during lunch, etc.);
- ≠ Assist in the administration and scoring of assessments used to monitor individual progress;
- ≠ Assist with paperwork and clerical duties as needed.

Key Behavioral Competencies:

- Demonstrates the ability to work effectively under the direction of others;
- Demonstrates a willingness to assume all responsibilities assigned which are appropriate for the position.
- Demonstrates initiative, always keeping in mind the best interest of the students and the program
- Willingly cooperates and works collaboratively towards solutions which generally benefit all involved parties; works cooperatively with others to accomplish company objectives; promotes collaboration and partnerships.
- Gives credit and recognition to others who have contributed towards team or group goals; respects different opinions, seeking them out to challenge thinking and enhance collaborative efforts
- Works collaboratively to creatively problem solve with staff to meet students' unique needs in a technology- based instructional learning environment

Background Requirements:

- Meets NCLB requirements: Has obtained a HS diploma or GED and:
 - o Completed two years of full-time study at an institution of higher education (48 semester hours in some states and 60 in others); or
 - o Obtained an associate's degree; or
 - o Meets rigorous standards of quality and demonstrates through a formal assessment the knowledge of, and the ability to assist in, reading, writing or mathematics.
- Meets appropriate age, diploma and certification requirements as defined by the state.

Charter School application underway

By SANDRA BRAND
Times Editor

If a well-laid plan goes accordingly, Osceola will soon be home to yet another public charter school.

Organizer Sally Wilson explained at a public hearing Thursday night, a Magic Johnson Bridgescape Academy, in cooperation with America's Promise Alliance, could be built off Interstate 55 at the Osceola exit.

The school is in the application phase now, Wilson explained.

The Arkansas Department of Education will vote on the charter application in early November.

Administrators with the South Mississippi County School District will then be able to give their input.

If all goes well, Wilson said the new school will begin classes with the fall

2014 semester at its portable building campus.

So, exactly what is a Magic Johnson Bridgescape Academy?

Wilson and Mike Malone with Edison Learning explained the MJA focuses on high school drop-outs, particularly ages 18-22.

"Every 26 seconds in the United States, a student drops out of school," Wilson said.

In Arkansas, this means a \$10,780 annual loss of economic benefit for each non-graduate.

Mississippi County has an average of 200 young people every year failing to graduate high school, according to Wilson.

"The economic benefit not gained from Mississippi County's 211 non-graduates of the class of 2012 could be as much as \$2.3 million annually," Wilson stated using a

Sally Wilson and Mike Malone

graphic chart to make her point. "And, the economic benefit not gained from Mississippi County's 170 non-graduates of the class of 2011 could be as much as \$1.8 million annually."

A MJ Bridgescape center will operate in a "blended learning environment."

Classes will be taught online, however, there will

be an in-class teacher for guidance and counseling.

Although younger students can not be excluded by law, Wilson said this charter school will mean eight hours of classes with no extracurricular activities.

An application has also been filed to place a MJA in Crittenden County.

Support Live Music making return to Ritz

By **CHRIS PINKARD**
Blytheville Courier News

After a 12-month hiatus, the Arts Council of Mississippi County is bringing back its Support Live Music fundraiser and is looking to attract a more diverse range of bands and audiences this time around.

The Arts Council first began Support Live Music in 2005 as a way to offer area musicians an opportunity to play in a setting with professional sound and lighting while they build their chops as a band. The quarterly event also served as a regular fundraiser for the Arts Council.

The Council is now looking to bolster new support for its long-running Support Live Music fundraiser by encouraging all musicians and bands, regardless of genre, to come out and participate in the event. According to Assistant Director Ken Jackson, the event had unintentionally become a showcase for rock bands, with little to no representation from other genres such as country or classical music.

Jackson said organizers hope to turn this around with the fundraiser's return. Last year, after having to cancel a couple of events because of lack of interest, the Council decided to put Support Live Music on hold until more interest could be generated, according to Jackson.

"We ended up having to cancel our last few shows because of the bands — not having enough bands sign up," Jackson said. "So we decided when the bands come back and want to play, we'll bring back Support Live Music."

Jackson said recently he's been approached numerous times about Support Live Music and figures it's time to give it another shot.

Jackson said recently he's been approached numerous times about Support Live Music and figures it's time to give it another shot.

Big Catch Catfish Fest Sept. 7

Osceola Times

The Osceola/South Mississippi County Chamber of Commerce will host the second annual Big Catch Catfish Festival Saturday, Sept. 7, at the Sans Souci Park on the banks of the Mississippi River.

Headlining this year's festival will be country music star Andy Griggs.

The 40-year old Monroe, La., native has seen six of his songs crack the top 10 of the U.S. country charts during a 14-year career.

Griggs' early music was heavily influenced by the sounds of Merle Haggard, but turned toward the outlaw country of Waylon Jennings and Hank Williams and

Shoulders are \$25, and ribs are \$20. Tickets can be purchased from any club member or purchases can be made on site.

Monday
Labor Day. The Courier News will be closed.
Local schools will be out of session in commemoration of

Plan to arm teachers defended

LITTLE ROCK, Ark. (AP) — The superintendents of two Arkansas school districts defended training teachers and staff as volunteer security guards before a legislative panel looking at whether changes in state law are needed after a licensing panel blocked the schools' efforts to arm employees.

The superintendents of the Clarksville and Lake Hamilton school districts said they believed their plans to arm employees under a little-known state licensing law was the best way to protect students from deadly shootings. The state panel that licenses private security guards has temporarily suspended the licenses of the two districts, plus 11 others, as it considers revoking them

security firms, allowing them to arm some employees. State law prohibits guns on campus, but an exception is included for licensed security guards.

The Arkansas Board of Private Investigators and Private Security Agencies earlier this month blocked the licenses and is considering revoking them permanently. The panel agreed with Attorney General Dustin McDaniel's opinion that the state did not have the authority to allow districts to employ their teachers and staff as security guards.

Jeremy Hutchinson, chairman of the Senate Judiciary Committee, said lawmakers may need next year to act to allow the districts to arm employees if the board revokes the licenses.

Hutchinson said another proposal he's considering is making the names of employees allowed to carry weapons on campus exempt from the state's Freedom of Information Act. McDaniel in a separate opinion told the Clarksville district it couldn't withhold the names of the teachers it had trained to work as volunteer guards.

The Lake Hamilton School District has been using the same licensing law for years to train a handful of administrators as security guards, but the guns are locked away and not carried by the administrators during the school day.

Steve Anderson, the school's superintendent, told lawmakers the

Charter: School would target potential drop-outs

From Page 1

Bridgescape Academy? Wilson and Mike Malone with Edison Learning explained the MJA focuses on high school dropouts, particularly ages 18-22.

"Every 26 seconds in the United States, a student drops out of school," Wilson said. In Arkansas,

this means a \$10,780 annual loss of economic benefit for each non-graduate.

Mississippi County has an average of 200 young people every year failing to graduate high school, according to Wilson.

"The economic benefit not gained from Mississippi County's 211 non-graduates of the class of 2012 could be as much as \$2.3 million annually," Wilson said, using a graphic chart to make her point. "And, the economic benefit not gained from Mississippi County's 170 non-graduates of the class of

2011 could be as much as \$1.8 million annually."

A MJ Bridgescape center will operate in a "blended learning environment."

Classes will be taught online; however, there will be an in-class teacher for guidance and counseling.

Although younger students cannot be excluded by law, Wilson said this charter school will mean 8 hours of classes with no extracurricular activities.

An application has also been filed to place a MJA in Crittenden County.

POWERPOINT PRESENTATION

MAGIC JOHNSON BRIDGESCAPE ACADEMIES

INTRODUCTION

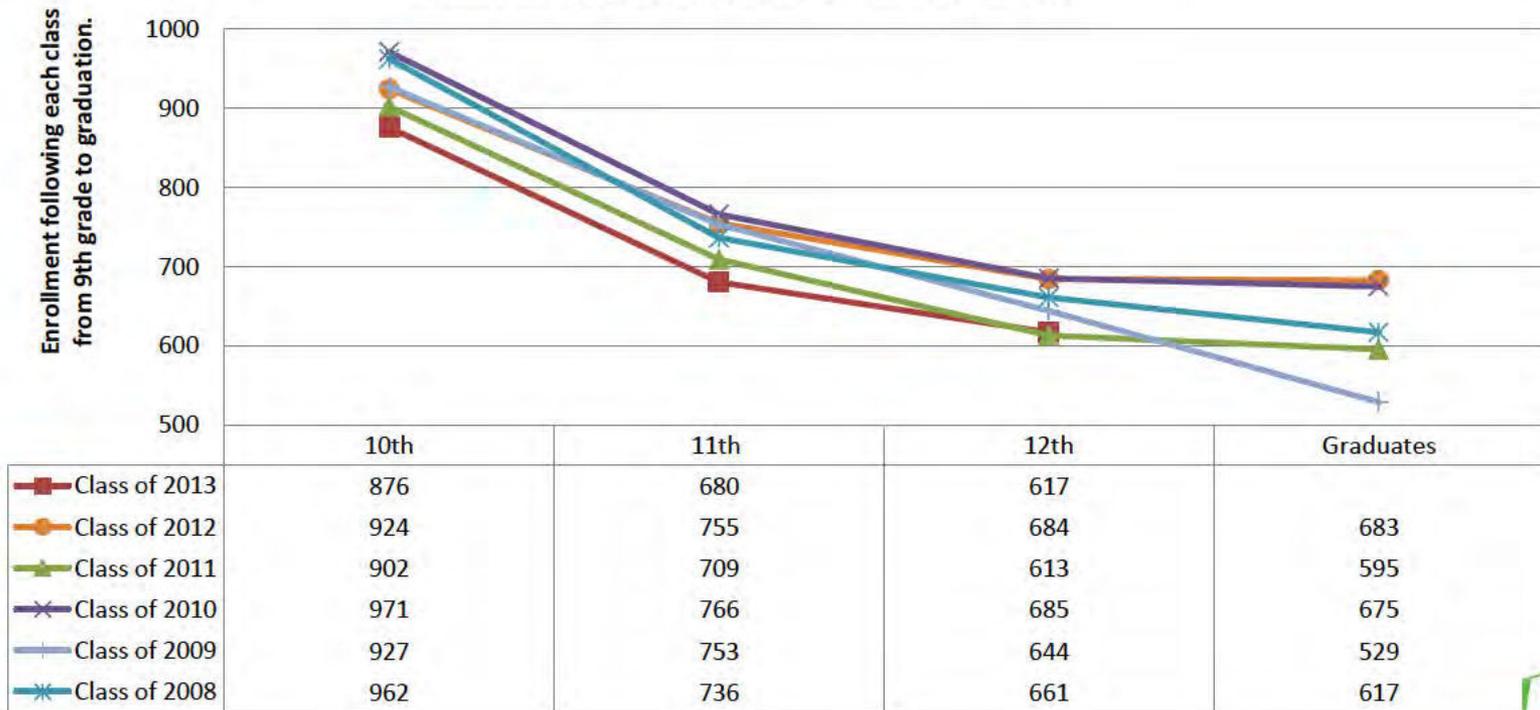

- Welcome
- Presenters:
 - Sally Wilson, OCBA President
 - Mike Malone, EdisonLearning
- Please sign the attendance sheet
- Please register any objections to this charter application on the “I oppose” sheet.

INTRODUCTION: OCBA AND EDISONLEARNING

- Osceola Communication, Business and Arts, Inc. (OCBA), a local non-profit, is applying to the ADE to establish two new charter schools: The Young Adult Magic Johnson Bridgescape Academies.
 - One academy in South Mississippi County.
 - One academy in Crittenden County.
- OCBA has experience with charter applications and is dedicated to working with the youth in the community.
- In partnership with EdisonLearning, OCBA will provide at-risk youth in the local community an alternative path to obtain a high school diploma.

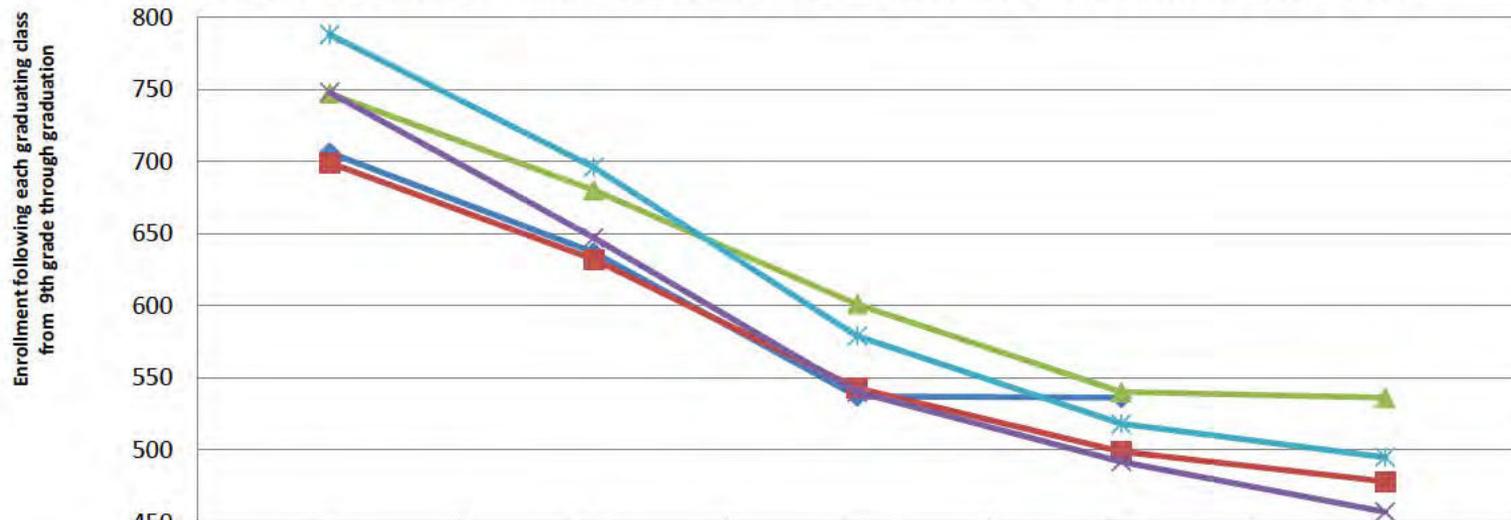

DROPOUT CRISIS IN CRITTENDEN COUNTY

Declining enrollment of cohort groups
Crittenden CO's graduating classes between 2008 and 2013

DROPOUT CRISIS IN SOUTH MISSISSIPPI COUNTY

Declining enrollment of Mississippi County's cohort graduating groups between 2009 & 2013

| | 9th | 10th | 11th | 12th | Grads |
|---------------|-----|------|------|------|-------|
| Class of 2013 | 706 | 637 | 537 | 536 | |
| Class of 2012 | 699 | 632 | 543 | 499 | 478 |
| Class of 2011 | 747 | 680 | 601 | 540 | 536 |
| Class of 2010 | 748 | 647 | 540 | 492 | 457 |
| Class of 2009 | 788 | 696 | 579 | 518 | 495 |

NATIONAL SOLUTION: AMERICA'S PROMISE ALLIANCE

Under the leadership of Founding Chairman General Colin Powell and current Chair Alma Powell, the America's Promise Alliance has become the nation's largest partnership dedicated to improving the lives of young people.

In the U.S., every 26 Seconds a student drops out of school.

AMERICA'S PROMISE
ALLIANCE

LOCAL SOLUTION: OCBA IN ARKANSAS

- America's Promise Alliance launched the Grad Nation campaign in 2010 to raise awareness and inspire action.
- Grad Nation is now a large and growing movement of dedicated individuals, organizations, and communities working together to end America's Dropout Crisis.
- OCBA is an America's Promise GradNation Community organization and is the only one in Arkansas.

OCBA members have attended the GradNation Summit for the last two years.

ECONOMIC IMPACT

- Benefits from graduating more students include increased earnings and spending, increased home sales, new jobs, increased gross state product and state tax revenue.
- GradNation reports that the annual loss of economic benefit for each non-graduate in Arkansas is **\$10,780**:
 - \$5,339 loss of additional annual income
 - \$4,195 loss of additional annual spending
 - \$1,246 loss of additional annual investment
- The economic benefit not gained in Crittenden County could be:
 - **\$2.6 million annually** for 241 non-graduates of the Class of 2012
 - **\$3.3 million annually** for 307 non-graduates of the Class of 2011
- The economic benefit not gained in South Mississippi County could be:
 - **\$2.4 million annually** for 221 non-graduates of the Class of 2012
 - **\$2.3 million annually** for 207 non-graduates of the Class of 2011

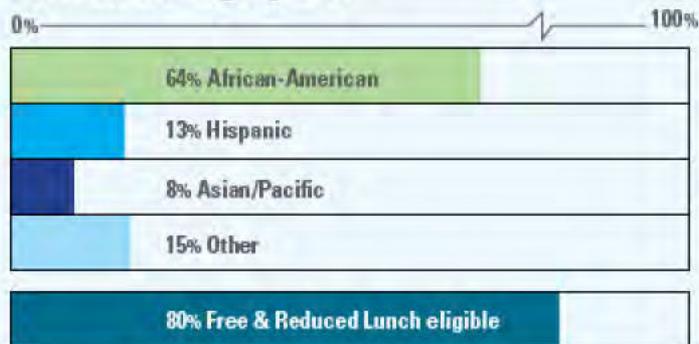

WHY EDISONLEARNING?

- Nearly 20 years experience partnering with districts and charter boards to serve at-risk students and accelerate student achievement.
- Collaborates with organizations such as Magic Johnson Enterprises and America's Promise Alliance to create programs designed to prepare future generations of young people to be contributing members of their community.

MAGIC JOHNSON BRIDGESCAPE (MJB)

Magic Johnson Bridgescape Academies provide an alternative graduation path for students who are at risk through dropout intervention services that include a self-paced, high-quality education in a personalized environment with a focus on successful postsecondary transitions.

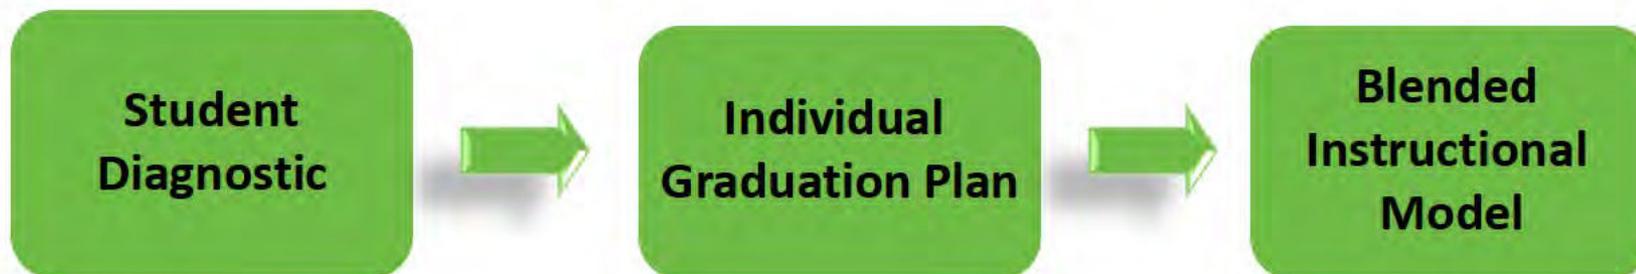

Build a Bridge to
Graduation
and **Beyond**

MJB: KEY FEATURES

- **Flexible Scheduling:** Two four-hour sessions are offered each day to meet the demands of individual student circumstances.
- **Individual Graduation Plan:** A plan is developed that addresses not only the state graduation requirements but also each student's academic and personal goals.
- **Blended Instructional Model:** Students are enrolled in eCourses (proprietary online curriculum) designed to engage students while also working with highly motivated teachers and paraprofessionals onsite.
- **Counseling and Coaching:** Teachers, paraprofessionals, and counselors create the safety net students need to succeed both in school and beyond graduation.
- **Post-Graduation Preparation:** Students receive support and resources to prepare for life after graduation, including college, military, or work.

MJB: INSTRUCTIONAL MODEL

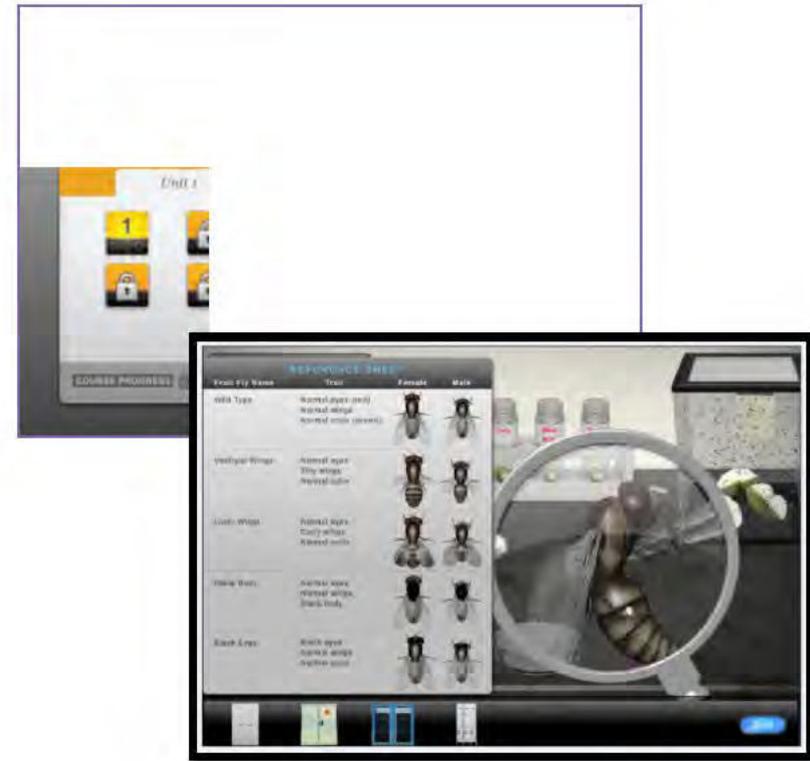

Student diagnostic provides the foundation for the differentiated instruction plan designed to ensure student success.

Teachers and paraprofessionals confer with the student to devise a unique curriculum that bridges the gap between the student and graduation, while incorporating their post graduation goals.

Primary curriculum provided online through eCourses with additional direct one-on-one and small group instruction for students.

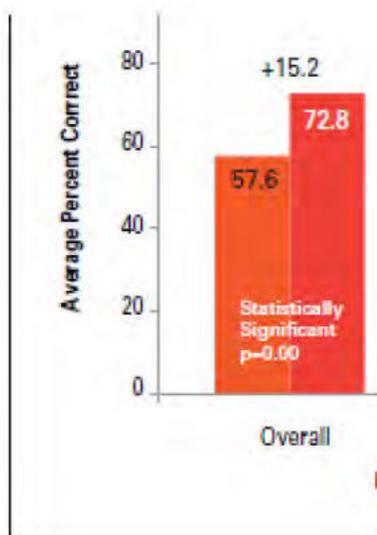

MJB: CURRICULUM

- **Self-Guided and Self-Paced:** Students can work on their own schedule.
- **Personalized:** Allow individualization and customization based on specific student needs and include a host of interactive multimedia features that support diverse learners.
- **Comprehensive and High School (9-12) Curriculum:** Courses are aligned to state standards and Common Cores State Standards.
- **Modular:** Consistent unit and lesson structure allowing students to maintain focus and motivation by accomplishing achievable goals in each lesson.
- **Dynamic Platform:** A game-like interface and visual display of progress

MJB: CURRICULUM EFFECTIVENESS

- In an independent analysis of 221 students who completed Mathematics and English/Language Arts eCourses, at-risk students demonstrated increased mastery of course content—in both Mathematics and English/Language Arts subject areas—with **gains of 13.8 to 23.5 percentage points among previously unsuccessful students.**

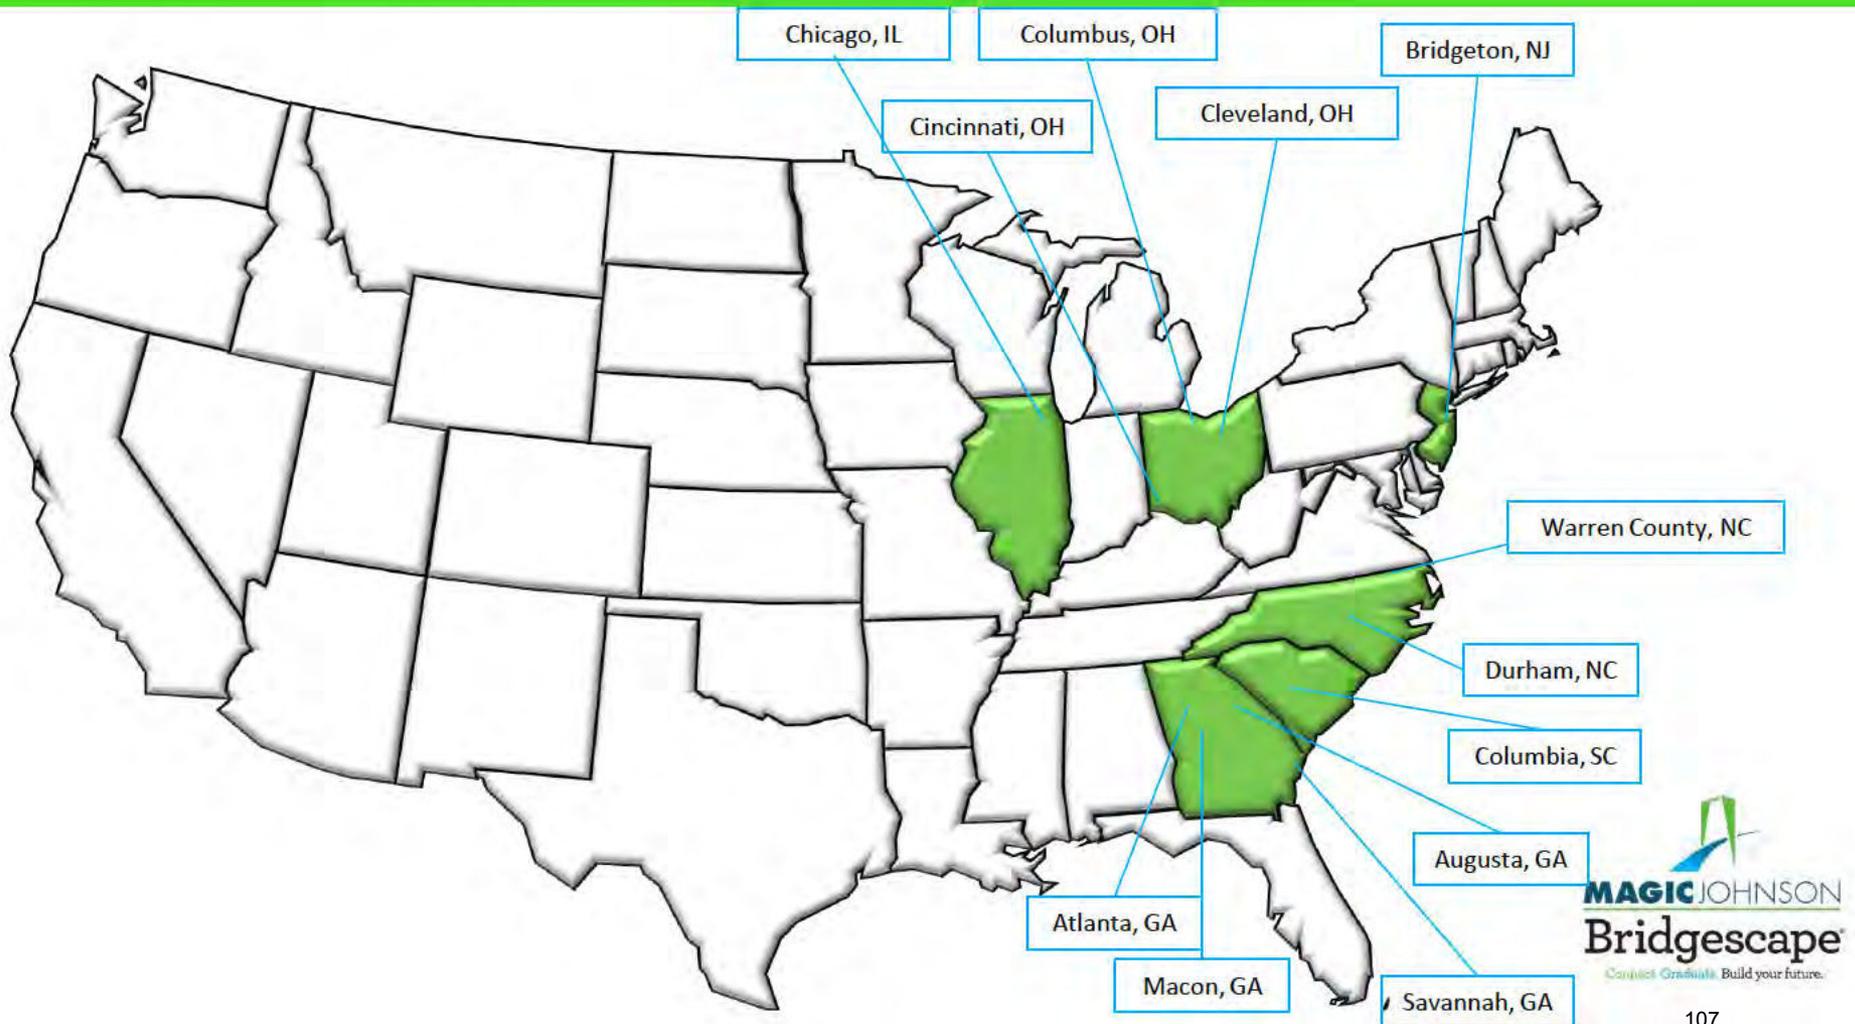

MJB: BENEFITS OF MJE ALLIANCE

- Magic Johnson Enterprises (MJE) is the #1 urban brand with a strong network of government and corporate relationships in 22 states and 98 cities
- The strategic alliance with MJB has the following benefits:
 - Offers students MJE’s Career Development Rubric and Career Exploration / Job Readiness eCourse
 - Provides students connections to workforce solutions and partner businesses; students graduating from MJB are eligible for high school to workplace or high school to college resources
 - Grants graduating students the opportunity to apply for exclusive scholarships through Magic Johnson Foundation’s Taylor Michaels Scholarship
 - Connects MJB to the “Friends of Magic” Volunteer Network

MJB: LOCATIONS NATIONWIDE

MJB: DEMOGRAPHICS

| Gender | |
|---------------------------------|----------------|
| Male | 46.0% |
| Female | 54.0% |
| Ethnicity | |
| African American | 75.2% |
| Caucasian | 14.3% |
| Hispanic | 6.3% |
| Asian American/Pacific Islander | 0.6 % |
| Special Populations | |
| Special Education Students | 16.6% |
| English Language Learners* | 0.0% |
| Age | |
| Average Age | 17.9 Years Old |

MJB: PERFORMANCE RESULTS

Graduation Rates

- Our combined **graduation rate is 69%** for the 2012-13 school year.
- We increased our total graduation rate by 5% from the 2011-12 school year to 2012-13 school year across all programs.
- Notably, in Durham, North Carolina, for the 2012-13 school year, 100% of eligible seniors graduated and 3 underclassmen also graduated as a result of accelerated coursework. Similarly in Bridgeton, New Jersey, the graduation rate was 100% and 4 underclassmen graduated

Retention Rates

- In New Jersey and North Carolina, for the 2011-12 school year, the end of year retention rates at each of the programs were 76% and 89%, respectively.
- In Ohio, between the 2010-11 and 2011-12 school years, the retention rate increased at each of the programs between 27% and 63%.

Federal and State Reporting

- In Ohio, 8 of the 10 programs met AYP for the 2011-12 school year

MJB: TESTIMONIALS

“This is a unique and innovative educational program. Our school district will continue to advance our belief that every student – given the right tools, support and environment – is capable of exceeding expectations and completing a high school education. We fully intend to prepare every student to continue onto college, attend vocational school, or enter the workforce.”

- ***Superintendent Eric J. Becoats,***
Durham Public Schools

“It makes you feel good because you know you learned a lot, and you can move to the next step...and become something bigger in life. If it weren't for this place I probably wouldn't be in school right now.”

- ***Jashar D., Student***

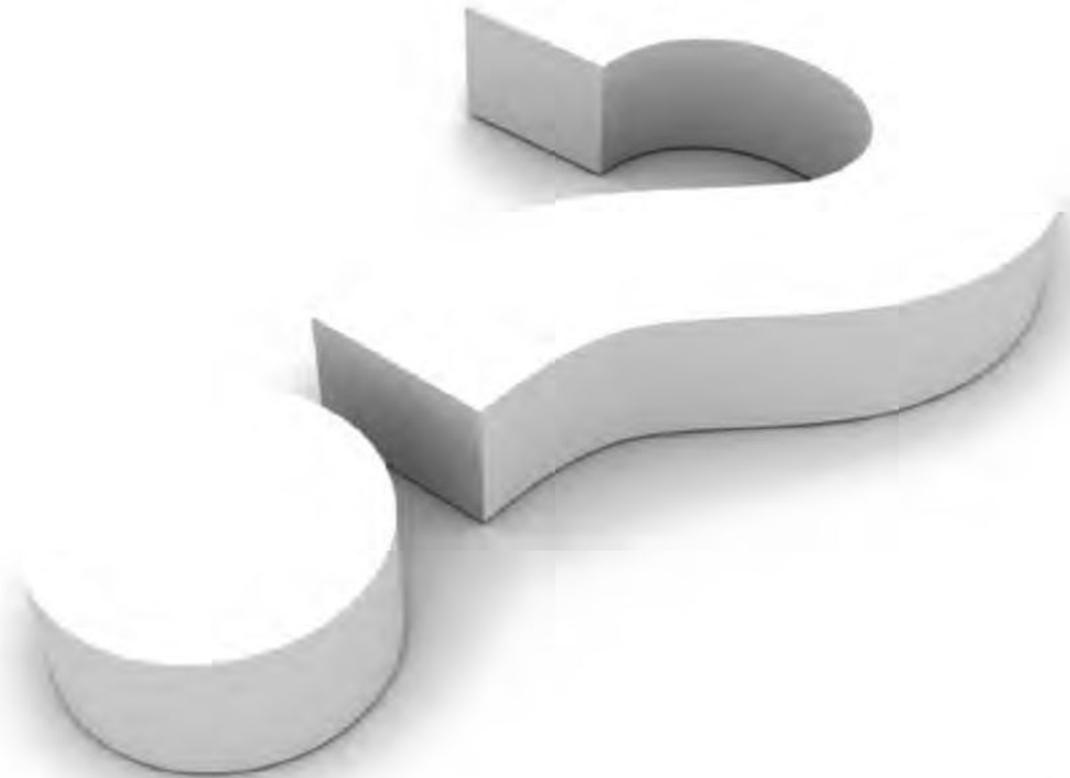

APPROVAL PROCESS AND SCHOOL GOVERNANCE

- ADE will vote on the charter applications in early November.
- OCBA will partner with EdisonLearning to establish Magic Johnson Bridgescape Academies in Crittenden and South Mississippi Counties.
- In the Young Adult Magic Johnson Bridgescape Academy application, OCBA will retain governance of the school and continue to serve as its school board.

HOW CAN YOU HELP?

- Sign the attendance sheet at the door.
- Join our non-profit corporation!
 - Membership is free through the end of the year.
 - Please let us know in the “comment” column of the sign in sheet or e-mail us at OCBAinc@yahoo.com.
- If you know of a student who would be interested in enrolling, please complete a Student Interest Form.
- Check out www.youngadultacademy.org.
- Share the information with your friends!

QUESTIONS

SAMPLE MANAGEMENT AGREEMENT

PROFESSIONAL SERVICES AGREEMENT BETWEEN

OCBA, Inc.

AND

EDISONLEARNING, INC.

THIS AGREEMENT (the “Agreement”) is made and entered into as of the __ day of _____ 2013, by and between **EDISONLEARNING, INC.**, a Delaware corporation (“EdisonLearning”), and **OCBA, Inc.** (“Charter Holder”), a nonprofit corporation organized and existing under the laws of the State of Arkansas (the “State”). EdisonLearning and the Charter Holder agree to the terms set forth below and in the appendices, exhibits and schedules attached hereto and incorporated herein.

WITNESSETH

WHEREAS, the Charter Holder has proposed establishing a charter school in accordance with the applicable provisions of the State Charter Law (as defined below) to meet the educational needs of students resident in the State;

WHEREAS, the Charter Holder desires to engage EdisonLearning to provide certain alternative educational services featuring flexible scheduling, a blended learning environment, self-paced learning options, and career and workforce readiness training to high school students to assist with learning acceleration towards graduation;

WHEREAS, EdisonLearning’s product, Magic Johnson Bridgescape™, is designed to provide alternative educational services, including flexible scheduling, a blended learning environment, self-paced learning options, and career and workforce readiness to high school students; and

WHEREAS, EdisonLearning desires to provide its Magic Johnson Bridgescape Academy, which means and includes the services described herein, to Charter Holder, subject to the terms and conditions of this Agreement.

WHEREAS, the Charter Holder, having carefully studied and evaluated EdisonLearning’s products and services, as well as several other curricular and school design options, and having determined that implementing the Magic Johnson Bridgescape™ program under the Charter Holder’s supervision and control would be beneficial to the students in its Charter School, adopts, to the extent permitted by law, EdisonLearning’s Magic Johnson Bridgescape™ program as the Charter Holder’s own educational model for the Charter School; and

WHEREAS, the Charter Holder has determined that the benefits associated with retaining EdisonLearning include, without limitation, (i) a research-based curriculum, web-based software platform for a school design that takes advantage of technology to provide a quality education and learning environment online; (ii) unique and comprehensive professional development and curriculum support

programs; (iii) an assessment and accountability system; and (iv) support services including human resource services, assistance with principal and staff recruiting, financial management and reporting, school start-up, procurement, technology, communications and legal services; and

WHEREAS, EdisonLearning and the Charter Holder understand that EdisonLearning will at all times be subject to the authority of the Charter Holder and accountable to the Charter Holder in the performance of EdisonLearning's obligations under this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein set forth, EdisonLearning and the Charter Holder do hereby agree as follows:

ARTICLE 1

DEFINITIONS

- 1.1 "Academic Year" shall mean the dates which the Educational Services under this Agreement will be available to Enrolled Students as more fully set forth in Section 5.3 of this Agreement. Educational Services shall be offered pursuant to a school calendar that is comparable to that required for other public schools in Arkansas except that Students may continue to report attendance during scheduled school holidays to the extent permitted under Arkansas law.
- 1.2 "Annual Budget" shall mean the annual budget agreed to by EdisonLearning and the Charter Holder as more fully described in Section 8.5 of this Agreement.
- 1.3 "Board" shall mean the board of directors of the Charter School.
- 1.4 "Charter Agreement" shall mean the agreement between the Chartering Authority and the Charter School. Following the final version of the Charter Agreement shall be attached hereto as Exhibit 2 as may be amended from time to time.
- 1.5 "Charter Application" shall mean the Charter School Application as approved by the Chartering Authority in 2013, which, following the Effective Date, shall be attached hereto (in CD Format) as Exhibit 1.
- 1.6 "Chartering Authority" shall mean OCBA, Inc..
- 1.7 "Charter Holder" shall mean OCBA, Inc..
- 1.8 "Charter Law" shall mean Arkansas Public Charter Schools Act of 1999. .
- 1.9 "Charter School" shall mean Young Adult MJ Bridgescape Academy, as authorized by the Chartering Authority.
- 1.10 "Educational Program" shall have the meaning set forth in Section 5.1.
- 1.11 "Eligible Students" shall mean students residing within the State of Arkansas eligible to enroll at the Charter School as defined by State law pursuant to the procedures set forth in the Charter Application and Section 4.2 of this Agreement.

- 1.12 “Enrolled Students” shall mean those Students who meet the requirements for Eligible Students and have requested and been accepted for enrollment in the Charter School.
- 1.13 “External Public Funding” shall mean the funding received by the Charter School from Federal, State and local sources as more fully set forth in Section 8.1 of this Agreement.
- 1.14 “License Agreement” shall mean the agreement entered into between the Charter Holder and EdisonLearning for the Charter School’s access to the Educational Program.
- 1.15 “Magic Johnson Bridgescape Services”, “Services” or “Educational Program” shall mean the services set forth in Section 5.1 hereof.
- 1.16 “Management Fee” shall mean the fee paid to EdisonLearning for the provision of Professional and Administrative Management Services as more fully set forth in Section 8.4 of this Agreement.
- 1.17 “Operating Cost” shall mean those certain costs paid by EdisonLearning on the Charter School’s behalf as more fully set forth in Article 8.
- 1.18 “Professional and Administrative Management Services” shall mean those services provided by EdisonLearning to the Charter School in connection with the Charter School’s operations as more fully set forth in Article 6 of this Agreement.
- 1.19 “School Calendar” shall have the meaning set forth in Section 5.3 of this Agreement.
- 1.20 “Student” is a student enrolled at the Charter School.
- 1.21 “Student Records” shall have the meaning set forth in Section 5.8 of this Agreement.
- 1.22 “Term” shall have the meaning set forth in Article 3 of this Agreement.

ARTICLE 2

RELATIONSHIP; AUTHORITY

2.1 Charter Agreement. This Agreement is contingent upon Charter Holder being granted a charter by the Chartering Authority to organize and operate a Charter School pursuant to the Charter Law. The Charter Agreement and all terms and conditions contained therein are hereby incorporated by reference into this Agreement.

2.2 Governance. The Charter Holder is governed by a Board of Directors (“Board”), which is responsible for overseeing the operations of the Charter School. Charter Holder shall provide written notice to EdisonLearning of any changes in the composition of the Board no later than five (5) business days following such change. Charter Holder anticipates having no less than ten (10) board meetings each calendar year, and that an EdisonLearning representative(s) may attend the monthly meetings.

2.3 Appointment. Under the Charter Agreement and the Charter Law, the Board is vested with all powers necessary or desirable for carrying out the Charter Holder’s program, including, but not limited to, the power to contract with an educational management company to provide educational programs and management services. Acting under and in the exercise of such powers, the Charter Holder hereby contracts with EdisonLearning, to the extent permitted by law, for the provision of EdisonLearning’s education program and management services for the Charter School, subject to the terms and conditions set forth in this Agreement and the Charter Agreement, and further subject to the oversight of the Board. EdisonLearning acknowledges that this Agreement is subject to the terms of the Charter Agreement and the Charter Holder agrees to notify EdisonLearning of any proposed changes to the Charter Agreement within five (5) days after becoming aware of such proposed changes, and to provide to EdisonLearning with any amendments to the Charter Agreement that would take effect during the Term within five (5) days after becoming aware of such amendments.

2.4 Authority. Subject at all times to the oversight and authority of the Board as provided herein, Charter Holder hereby authorizes EdisonLearning, in performing its duties and fulfilling its obligations under this Agreement during the Term, to take such actions as are necessary or desirable in EdisonLearning’s reasonable judgment to properly and efficiently operate the Charter School on behalf of the Charter Holder, consistent with federal and State law and subject to the terms and conditions of the Charter Agreement.

ARTICLE 3

TERM AND RENEWAL

3.1. Term. The term of this Agreement (“Term”) shall commence on the date first above written and end on _____, unless terminated earlier or extended in accordance with the terms and conditions set forth herein. The Term shall include five (5) school years, each commencing on or about August 15 and ending on or about the following June 30; provided, however, that in no event shall the Term of this Agreement exceed the term of the Charter Agreement.

3.2. Renewal. The parties agree that this Agreement shall automatically renew for an additional five (5) year term (subject to mutually-agreed upon changes to terms and conditions set forth herein) unless notice of intent not to renew is given by January 1st of the academic year in which this Agreement is set to expire; provided, however, that in no event shall the Term of this Agreement exceed the term of the Charter Agreement.

ARTICLE 4

CHARTER SCHOOL; ADMISSIONS AND RECRUITMENT

4.1. Charter School. Beginning with the 2014-15 Academic Year, EdisonLearning shall provide the services contemplated by this Agreement to Enrolled Students at the Charter School, which shall be a high school comprising grades 9-12. For planning and budgeting purposes, the parties believe expected enrollment for the first five (5) years to be as follows:

| <u>School Year</u> | <u>Expected Enrollment</u> |
|--------------------|----------------------------|
|--------------------|----------------------------|

2014-2015 _____ students

2015-2016 _____ students

2016-2017 _____ students

2017-2018 _____ students

4.2. Admissions and Recruitment. Admission to the Charter School shall be in accordance with the enrollment procedures required of charter schools as defined by State law and as more fully set forth in the Charter Application. Enrollment is open to all State residents on a nondiscriminatory basis. EdisonLearning shall manage the recruitment of students for the Charter School. EdisonLearning shall plan and administer the recruitment process (including, for example, management of publicity, waiting lists or admission lotteries).

ARTICLE 5

EDUCATIONAL SERVICES; SCHOOL CALENDAR

5.1. Educational Program. Pursuant to the terms of the License Agreement, EdisonLearning shall provide the Charter School with a complete educational program through its EdisonLearning *Magic Johnson Bridgescape*[™] - a proprietary, trademarked alternative education program, for all eligible students, including students who: (i) are not high school graduates; (ii) are of an age that is not less than nor greater than the age permitted to attend high school under applicable State law; (iii) are legal residents of the State; (iv) have been identified as at risk of dropping out of school or have already dropped out of school; and (v) meet any other requirement under applicable State law. EdisonLearning shall:

- Provide an alternative educational program that combines online curriculum with face-to-face instruction for individual students and small groups;
- Develop an annual Individual Graduation Plan for each student based on transcripts, diagnostic assessments, academic history and personal/professional goals, allowing for differentiated instruction;
- Focus on skill development in math, writing and test preparation;
- Utilize a curriculum that is aligned to Arkansas State Standards and Common Core State Standards;
- Provide instruction in core content in the following areas:
 - English and Literature
 - Math
 - Science
 - Social Studies
 - Electives

In furtherance of supporting the Charter School's students, EdisonLearning shall:

- Provide training to the staff in how to provide instruction and support to students, including the creation of the Individual Graduation Plan and identification of short- and long-term goals.
- Provide personalized counseling and coaching to students through the learning team.
- Allow students to progress at their own pace, while being continually monitored and supported with daily assessments and interventions.

- Provide life skills training, employability skills development, and employment assistance.
- Promote development of personal and social skills.
- Identify service providers for additional student support needs
- Partner with community groups to provide local support and opportunities.

5.2. Student Assessments; Standardized Tests. All Enrolled Students will receive an initial diagnostic test and take routine ongoing assessments through the EdisonLearning *Magic Johnson Bridgescape*[™] to measure students' achievement against State standards. All Enrolled Students shall be required to participate in State standardized tests as required by State law for all State public schools, in a face to face secure testing environment.

5.3. School Calendar The Charter School shall operate from 7:30 a.m. to 5:00 p.m. for at least 180 days per year, and shall offer at least two four-hour learning sessions per day. Each session shall include approximately __ students.

5.4. Special Education and Related Services. As a Local Education Agency ("LEA"), the Charter Holder is responsible for providing special education services to its students. EdisonLearning shall provide these special education services on behalf of and subject to the supervision of the Charter Holder. EdisonLearning shall identify students with special needs, develop student Individual Education Plans ("IEP's"), and determine appropriate placements, as necessary. Charter School students requiring special education services shall be served in conformity with their IEPs. The Charter Holder and EdisonLearning shall work together to ensure compliance with the requirements of IDEA, Section 504 of the Rehabilitation Act, and the Americans with Disabilities Act. EdisonLearning may subcontract all or any portion of such services to a public or private subcontractor, a school district, intermediate unit, or vocational technical schools, subject to Section 16.4 of this Agreement.

5.5. Bilingual and Limited English Proficiency (LEP) Education. EdisonLearning shall provide appropriate bilingual and/or LEP education services to the limited English proficient students in the Charter School consistent with the requirements of federal law and with those requirements of State law that have not been waived by operation of the Charter Agreement. EdisonLearning may subcontract all or any portion of such services to a public or private subcontractor, subject to Section 16.4 of this Agreement.

5.6. State Curriculum Requirements. EdisonLearning shall implement its Educational Program in a manner that is consistent with the Charter Agreement and State law, including requirements regarding content and subjects of instruction, unless the Charter School is exempt from such requirements under the Charter Law or any such requirements are waived by State authorities.

5.7. Rules and Regulations. The Charter Holder hereby authorizes EdisonLearning to adopt and enforce such rules, regulations and procedures applicable to the day to day operations of the Charter School that do not conflict with federal or State laws, rules, regulations or policies that have not been waived, including rules and regulations concerning student attendance, standards of conduct, discipline, compulsory attendance and calendar, all subject to the continuing oversight of the Charter Holder. The Charter School shall comply with all applicable federal and State laws concerning the welfare, safety and health of students. If EdisonLearning or the Charter Holder identifies any federal or State rules or regulations that substantially inhibit the implementation of the Educational Program at the Charter School, then the Charter Holder shall, with EdisonLearning's assistance, apply for and support any available waiver of such rules or regulations.

5.8. Student Records. Except to the extent expressly waived by the federal or State authorities, the operation of the Charter School shall comply with all applicable federal and State laws, concerning the maintenance and disclosure of student records (defined as tests, assessments, attendance records and other information entered into the Student’s cumulative informational file- the “Student Records”). The Charter Holder hereby designates those employees and agents of EdisonLearning who assist in the operation of the Charter School under this Agreement as having a legitimate educational interest such that they are entitled to access to education records under the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g. EdisonLearning, its officer, agents and employees shall comply with the Family Educational Rights and Privacy Act at all times.

5.10. Reports to the Board. EdisonLearning shall provide the Board monthly and quarterly (as applicable) with information regarding the academic performance of the Charter School that the Board requires in order to timely file such reports as may be required by the Chartering Authority and other governmental authorities. Additionally, upon reasonable notice, EdisonLearning shall make available to the Board additional reports and information that the Board may require from time to time.

5.11. Assessment of Success. EdisonLearning agrees that the Charter Holder may measure the success of the Charter School on the basis of improvements in a student’s academic achievement relative to his/her historical academic record, and by measures of parent and student satisfaction. Said performance shall be measured in accordance with the performance evaluation systems set out in Appendix A¹, and such other assessment strategies as may be agreed to in writing by EdisonLearning and the Board. EdisonLearning shall administer any and all tests required under State law as more fully set forth in the Charter Application.

ARTICLE 6

PROFESSIONAL AND ADMINISTRATIVE MANAGEMENT SERVICES

In addition to the Educational Program and related services set forth above, EdisonLearning shall provide the following professional and administrative management services: marketing and enrollment support services; finance and budget management and reporting; facilities and lease management and support; purchasing, contracting and vendor management assistance; State reporting and compliance support; school design and improvement review; payroll and benefit administration; staff recruitment and screening; training of instructional and administrative staff; human resources assistance; policy design and implementation; school law-related legal services; technical support and maintenance; and asset management support.

ARTICLE 7

CHARTER SCHOOL FACILITY;

CAPITAL RESOURCES & SERVICES

¹ This Appendix shall contain the final agreed Performance Criteria.

7.1. Charter School Facility. The Charter Holder shall secure and deliver in consultation with EdisonLearning, at its sole cost and expense, space for each site of the Charter School to be operated by EdisonLearning. The Charter Holder shall obtain, at its sole cost and expense, all required permits and approvals, and shall be responsible for any renovations necessary to accommodate each such site and shall be responsible for all utilities, security, cleaning, maintenance, and other services required to operate and maintain such site. The Charter Holder shall determine and provide, at its sole cost and expense, ancillary services to each such site, including food service and transportation.

7.2. Technology, Curriculum & Furniture.

(a) **School Technology.** The EdisonLearning shall procure, deliver and install all technology and equipment for the Charter School required for EdisonLearning to implement its technology platform at the Charter Holder's expense. The Charter Holder shall consult with EdisonLearning and make such acquisitions and purchases as are agreed upon, in accordance with EdisonLearning's recommendations to ensure that the equipment purchased is suitable for the needs of the students and meets the specifications required by the Educational Program. At the Charter Holder's request, EdisonLearning shall be available to provide logistical assistance in identifying suppliers and procuring the required technology and equipment. Such technology and equipment purchased by the Charter Holder shall be purchased consistent with the Charter Holder's procedures on competitive bidding and conflicts of interest, and shall be the property of the Charter Holder, subject to the provisions of Section 13.3 herein.

(b) **Curriculum, Materials and Other Property.** EdisonLearning shall consult with the Charter Holder and acquire and purchase all curriculum, materials and other property that the parties agree upon for the Charter School and approved by the Board in accordance with EdisonLearning's requirements and recommendations at the Charter Holder's expense. At the Charter Holder's request, EdisonLearning shall be available to provide logistical assistance in identifying suppliers and procuring all required materials and other property.

(c) **Furniture and Fixtures.** EdisonLearning shall consult with the Charter Holder and procure, deliver and install all furniture and fixtures for the Charter School Facility at the Charter Holder's expense. The Charter Holder shall make such acquisitions and purchases in consultation with EdisonLearning to ensure that the furniture and fixtures purchased are suitable for the needs of the Charter School. At the Charter Holder's request, EdisonLearning shall be available to provide logistical assistance in identifying suppliers and procuring the required furniture and fixtures. Such furniture and fixtures purchased by the Charter Holder shall be the property of the Charter Holder, subject to the provisions of Section 11.3 herein.

(d) **Asset Leasing.** The Charter Holder may enter into equipment leasing transactions with independent leasing companies, or with EdisonLearning directly, for the provision of school technology, curriculum, materials and furniture and fixtures. Any lease payments made pursuant to such equipment leasing transactions shall be considered an Operating Cost. Ownership of assets leased through such transactions shall be subject to the terms of the lease agreement. Any leases must be approved by the Board in accordance with its policies regarding competitive bidding and conflicts of interest. EdisonLearning may enter into an authorized asset lease on behalf of the Charter Holder with the approval of a majority of the Board, and, upon termination of this Agreement, the Charter Holder shall assume the lease in its own name, or if not permitted by the Lessor to do so, shall pay to EdisonLearning the remaining lease payments pursuant to Section 13.3 herein.

7.3. Transportation. Upon a Charter School student's request, EdisonLearning shall, at Charter Holder's expense, provide transportation for special education students whose IEPs so require under Federal law.

ARTICLE 8

FINANCIAL

8.1. (a) Application for State and Other Public Funding. The Charter Holder shall comply with the requirements, terms, and conditions of the Charter Law for the purpose of receiving or maintaining the Charter Holder's eligibility to receive from the State the per pupil funding for each Enrolled Student attending the Charter School. The Charter Holder shall also comply with the requirements, terms, and conditions of any External Public Funds (e.g., Federal, State and local funds designated for particular purposes such as Title I and special education) to which the Charter School or its Students may be entitled. All such external funds and per pupil funding are referred to herein, collectively, as the "External Public Funds." EdisonLearning shall, on behalf of, and with the approval of, the Charter Holder and consistent with the Charter, report enrollment and attendance data to the Chartering Authority and State Department of Education in conjunction with the Charter School as required under the Charter Agreement and Charter Law in order to allow the Charter School to receive the External Public Funds to which it is entitled. Charter Holder shall apply for External Public Funds on a timely basis. EdisonLearning and the Charter Holder shall cooperate in applying for External Public Funds and any other federal, State or local aid, funds or resources for which the Charter School or its Students may be eligible, and Charter Holder shall ensure that its employees provide EdisonLearning with all required information and documentation in a timely manner in order for EdisonLearning to fulfill its duties under this Section 8.1 as well as supply to EdisonLearning copies of any communications received in relation to the receipt of any External Public Funds. Upon reasonable advance request, EdisonLearning shall provide evidence to the Board that the Charter School is in compliance with the requirements, terms and conditions associated with the External Public Funds, and shall provide all reports, data, and information reasonably necessary for the Charter School to meet any reporting, certification or other requirements for such funding. Upon reasonable advance notice, EdisonLearning will make available to the Charter Holder or the Chartering Authority any information deemed necessary by either of them for formulating a budget, quarterly reports or financial audits or other information or documents related to the Charter School's operations.

(b) Monthly Financial Statements. EdisonLearning, at the direction of the fiscal officer of the Charter Holder, shall provide monthly financial statements to the Charter Holder. These statements shall reflect the Charter School's entire financial operation, including an itemized accounting of all amounts paid to EdisonLearning or otherwise paid for the goods and services paid by EdisonLearning on the Charter Holder's behalf, which amounts shall be itemized in a manner that clearly corresponds with those categories provided in the Charter School's Annual Budget or this Agreement. The monthly financial statements shall also include EdisonLearning's working forecasts for any remaining quarters in the then-current fiscal year. In order to properly prepare such financial statements, Charter Holder shall provide EdisonLearning with copies of its monthly bank statements no later than twenty (20) days after the end of each month.

8.2. Expenditures on behalf of the Charter Holder. (a) Except as otherwise provided in this Agreement, EdisonLearning shall use the External Public Funds remitted by the Charter Holder to EdisonLearning in accordance with Section 8.3 below, to pay the costs as approved by the Charter Holder associated with operating the Charter School as set forth in this Agreement and in accordance with the Annual Budget pursuant to Section 8.5 below. Such costs shall include all expenses incurred by, or on behalf of, the Charter School, including without limitation personnel and non-personnel costs related to instruction, technology/licensing costs, assessments, facilities support costs, start-up costs, capital reimbursement, insurance, the Management Fee and other administrative costs ("Operating Costs"). Operating Costs shall not include the out-of-pocket general administrative, legal, and accounting expenses of the Charter Holder as set forth in the Annual Budget for which the Charter Holder shall be responsible for paying ("Charter Holder Costs"). The parties acknowledge that because the State and other public

funding sources may make payments to the Charter Holder in arrears, certain Operating Costs may be paid by EdisonLearning prior to the payment of certain External Public Funds by the Charter Holder to EdisonLearning (such event shall constitute a "Shortfall"). The Charter Holder shall seek to cover such Shortfall by applying for funds under any State loan programs available for such purpose, and to the extent such funds are not available, EdisonLearning may, upon request of the Board, lend the Charter School funds to cover such Shortfall (each such loan shall constitute a "Working Capital Advance"). Working Capital Advances shall be repaid by the Charter School immediately upon funds becoming available to the Charter School. The Charter Holder acknowledges that each Working Capital Advance shall constitute a loan to the Charter Holder which shall be evidenced by this Section 8.2 and neither a promissory note nor other documentation shall be required to evidence the obligation to repay Working Capital Advances that are approved by the Board. Other types of loans to, or investments in, the Charter Holder or the Charter School by EdisonLearning shall be evidenced by appropriate documentation. In the case of investments, such documentation shall explain how the investment shall be treated on the books of the Charter Holder and shall clearly state EdisonLearning's expected return on equity.

(b) If EdisonLearning elects to make a Working Capital Advance, such Working Capital Advance may accrue interest at a rate equal to the lesser of fifteen percent (15%) per annum or the maximum rate allowed by law. Such interest shall not apply, however, if the Working Capital Advance is necessary because the Chartering Authority has refused to forward External Public Funds to the Charter Holder, or there are other circumstances beyond the control of Charter Holder that result in External Public Funds not being forwarded to Charter Holder. Upon termination or expiration of this Agreement, the amounts payable to EdisonLearning under all Working Capital Advances then outstanding, shall become immediately due and payable, and the Charter Holder shall reimburse EdisonLearning for any outstanding Working Capital Advances immediately upon the termination or expiration of this Agreement.

8.3. Remittance of External Public Funds to EdisonLearning. (a) The Charter Holder shall maintain two (2) bank accounts; one of which shall be designated a Board account and the other an Operating Account (the "Operating Account") where the Board shall ensure that all External Public Funds are deposited. With respect to the Operating Account, to the extent that Charter Holder at any time has outstanding a Working Capital Advance and/or a Start Up Loan, the Board shall direct its bank to install an automatic "sweep" whereby funds received in the Operating Account shall immediately be swept into an account designated by EdisonLearning in an amount not to exceed the aggregate outstanding amount (including accrued and unpaid interest) with respect to such Working Capital Advance(s) and/or Start Up Loan(s). Should the Charter Holder cancel the aforementioned "sweep" without good cause, EdisonLearning may in its sole discretion cease paying the Charter School's Operating Expenses until such time as the Charter Holder reinstates the "sweep." Additionally, should the Charter Holder cancel the "sweep" and not reinstate same within ten (10) days, EdisonLearning shall have the right to terminate this Agreement immediately.

(b) **Monitoring of Funds; Bank Statements.** The Charter Holder shall monitor monthly transactions of those expenditures paid by EdisonLearning on behalf of the Charter Holder. EdisonLearning shall expend the funds it receives from the Charter Holder in compliance with the terms and conditions, if any, applicable to those funds and as more fully described in this Agreement. The Charter Holder shall ensure that EdisonLearning receives a copy of all of Charter Holder's bank statements (for the Board account, Operating account and any other accounts Charter Holder may establish). Each calendar month during the Term, EdisonLearning will provide a reconciliation (one month in arrears) of the amounts owed to EdisonLearning after taking into account the parties' obligations hereunder and under Section 8.2.

8.4. EdisonLearning's Management Fee. In consideration for the variety of Professional and Administrative Management Services provided by EdisonLearning under this Agreement, the Charter

Holder shall pay to EdisonLearning a management fee of \$100,000 per academic year of the Charter School (the "Management Fee"), until such time as the Holder has sufficient resources to pay the customary Management for of \$250,000 as determined by EdisonLearning. For the avoidance of doubt, the Management Fee does not cover any Operating Costs (including the per Enrolled Student cost for use of the EdisonLearning *eCourses* and any ancillary services provided by EdisonLearning) which shall be billed separately pursuant to the License Agreement). For the purposes of this Section 8.4, any funds donated to the Charter Holder for charitable purposes as set forth in Section 8.7 shall not be considered External Public Funds for the purposes of this Section, nor shall it include any revenues that are collected by the School for a specific purpose and intent that by Law cannot be used for this purpose.

In the event revenue received as External Public Funds falls sufficiently below the Annual Budget (as described more fully in Section 8.5 below) that the Charter Holder is unable to pay the Management Fee in total during a particular year, the Charter Holder shall be permitted to carryover the unpaid Management Fee to the next academic year with the understanding that, (a) the unpaid Management Fee from the prior year shall be paid prior to payment of the current year Management Fee; and (b) in any event, the carried-over unpaid Management Fee must be paid in full by the completion of that next academic year, subject to payment of senior creditors or other legal obligations. EdisonLearning will seek repayment of the Management Fee from the Charter Holder's funds, not from individual members of the Board. In the event there is an unpaid Management Fee upon termination of the Agreement for any reason, the unpaid Management Fee shall be paid to EdisonLearning within sixty (60) days of such termination.

8.5. Budgets. (a) EdisonLearning shall assist the Board in developing an annual budget to approve (including by providing a draft budget with assumptions to the fiscal officer of the Charter Holder), which shall be in reasonable detail and consistent with requirements of the Charter Application, for the Charter School prior to the opening of the School (the "Annual Budget"). The annual budget shall include funds required for Board operations, insurance, meetings, and training apart from calculation of the Management Fee. The Board shall approve an annual budget that includes full payment of the Management Fee and academic and technological resources sufficient to support the targeted enrollment set forth in the Charter Application and any and all debt service, lease commitments, or other financial obligations to EdisonLearning. The Annual Budget for each subsequent year shall be approved annually by the Board by the 30th of June, except for the first year, as the budget has already been approved in connection with the negotiation of this Agreement. The Board's expenditures on behalf of the Charter School shall not in the aggregate exceed the approved budget without prior notice to EdisonLearning. To the extent any expenditures by the Board that are made either (i) without prior notice to EdisonLearning; or (ii) with prior notice to but against the recommendation of EdisonLearning result in a budget deficit for the Charter School in a given fiscal year, then the Charter Holder, not EdisonLearning, shall bear full responsibility for such budget deficit. The Board and EdisonLearning agree that the budget already approved for the first year will form the basis for future Annual Budgets, subject to austerity reductions in public funds. EdisonLearning shall be prohibited from incurring expenditures in excess of Board approved budgeted amounts without prior approval of the Board.

(b) **Budget Targets.** The Charter Holder acknowledges that it has the obligation to meet its Management Fee obligations as set forth in Section 8.4. Therefore, if actual funds reasonably projected to be paid as Operating Costs are lower than those projected in the Annual Budget, the Edison Learning shall use commercially reasonable efforts to implement all reasonable measures to reduce such amounts or to increase enrollment to offset such shortfall, provided that any such measures shall comply with all applicable laws and the Charter Agreement. If EdisonLearning is unable to cure a budget variance by the end of the fiscal year in which such variance occurs through the measures described in the preceding sentence, EdisonLearning shall have the right to terminate this Agreement without liability or penalty to the Charter Holder. In the event of termination of this Agreement pursuant to this Section 6.5,

such termination shall be effective at the end of the school year in which the failure to cure the budget variance by the Charter Holder occurs. Should the State reduce the per pupil funding more than 15% below the amount set for the 2012-13 Academic Year, EdisonLearning may, in its sole discretion, terminate this Agreement.

8.6. Financial and Business Records. (a) EdisonLearning shall, on behalf of the Charter Holder, maintain accurate financial and business records pertaining to the operation of the Charter School. All financial reports provided or prepared by EdisonLearning shall be in a format prescribed by State law, the Chartering Authority, the State education department or the Charter Agreement (whichever controls), or if not prescribed, in GAAP approved format. EdisonLearning agrees to maintain such records at all times during the Term of this Agreement. Upon the termination or expiration of this Agreement, EdisonLearning agrees to transfer, or transfer control of, such records to the Charter Holder. EdisonLearning also agrees that, consistent with applicable federal and State laws and regulations concerning the maintenance and disclosure of such records, the Charter School's financial records shall be made available to any person consistent with State law, or any appropriate regulatory agency entitled by law to review such records. EdisonLearning also acknowledges that all financial statements and records pertaining to the Charter School are subject to an independent annual audit. Such independent annual audit shall include fees paid to EdisonLearning. Charter Holder shall submit any information it maintains that is relevant to the audit, in a timely manner in order to allow the audit to be completed prior to the date required mandated by applicable law. EdisonLearning shall cooperate fully with the independent auditor and fiscal officer selected, hired or retained by the Board and make available to such independent auditor and fiscal officer all financial and other records pertaining to the Charter School in its possession as requested in a timely manner.

8.7. Start-up Capital. If required, EdisonLearning may, in its sole and absolute discretion, provide the Charter Holder with a start-up capital loan (the "Start Up Loan") at zero (0) percent solely for the purpose of funding purchases of fixtures and equipment, and, prior to July 1, 2014, expenses related to personnel and enrollment operations. The Charter Holder shall repay the Start Up Loan (if any) less an amount commensurate with shortfalls in enrollment, as early as possible during the 5-year term of the charter as the Charter Holder is able to do so based on net cumulative cash flow.

8.8. External Funding Source Applications. (a) The parties recognize that EdisonLearning's Educational Program provides programs and services that are supplemental to the prevailing area public schools' educational programs and that as such EdisonLearning, on behalf of the Charter Holder, may seek external revenue sources (such as competitive grants) to assist in the provision of these enriched programs. EdisonLearning and the Charter Holder shall jointly be responsible for all compliance and reporting requirements connected with any grant that is applied for jointly the Board with assistance of EdisonLearning.

(b) The Charter Holder may also solicit and receive grants and donations for its own use consistent with the mission of the Charter School provided that EdisonLearning's prior approval shall be required for any grants or donations that require implementation of specific programs or the purchase of specific assets for the Charter School, so as to ensure consistency with the Educational Program. If no prior approval is required, the Charter Holder shall still provide notice to EdisonLearning within five (5) business days of its submission of a grant application. Additionally, with respect to any grant applied for by the Charter Holder (whether with or without EdisonLearning's prior approval required), the Charter Holder shall be solely responsible for the receipt and administration of the funds and EdisonLearning shall not be responsible for any assurances made by the Charter Holder nor shall EdisonLearning be responsible for any compliance or reporting requirements connected with a grant initiated by the Charter Holder.

ARTICLE 9

PERSONNEL

9.1. Personnel Responsibilities. The program director of the Charter School (the “Program Director”) at the Charter School shall be an EdisonLearning employee and the other education personnel of the Charter School, including all teachers, shall be employees of the Charter Holder, unless otherwise mutually agreed upon by Charter Holder and EdisonLearning. The salary and employee benefit expenses of the Program Director and teachers shall be expenses of the Charter School. Notwithstanding anything contained herein to the contrary EdisonLearning shall have the responsibility to determine staffing levels in the Charter School and to select, evaluate, assign, and discipline all Charter School personnel consistent with applicable federal and state laws, rules, and regulations (unless waived by appropriate authorities).

9.2. Teacher/Administrator Credentials. All teachers shall be State certified and highly qualified (as defined by the No Child Left Behind Act of 2001 or subsequent applicable legislation) and all administrators shall be properly certified and credentialed, unless waivers from State law have secured. All employees of the Charter School shall undergo criminal background checks as required by State law.

9.3. Employee Salaries and Benefits. EdisonLearning shall, on behalf of the Charter Holder, administer payroll including payment of salaries, fringe benefits and employment taxes of Charter School employees working at the Charter School.

9.4. Training. In order to implement the EdisonLearning Educational Design, EdisonLearning shall provide training in its methods, curriculum, program, and technology to all Charter School instructional personnel prior to the initial opening of the Charter School and thereafter on a regular basis. Such training may be held onsite or offsite, at locations selected by EdisonLearning. EdisonLearning shall also provide ongoing professional development programs throughout the school year.

9.5. Personnel Policies. (a) EdisonLearning shall recommend for adoption by the Board policies concerning the recruitment, assignment, promotion, discipline and termination of personnel and the methods and standards for evaluating performance.

(b) EdisonLearning and the Charter Holder shall ensure that the Charter School complies with applicable Federal and State laws concerning employee welfare, safety and health.

(c) EdisonLearning and the Charter Holder shall ensure that the Charter School complies with all applicable Federal and State laws and regulations concerning the maintenance and disclosure of employee records.

(d) EdisonLearning and the Charter Holder shall not illegally discriminate against any employee or applicant for employment on the basis of race, creed, color, sex, national origin, religion, ancestry, age, disability, marital status, citizenship, veteran status, or sexual orientation in its recruitment, selection, training, utilization, compensation, termination or other employment-related activities.

9.6. Non-solicitation of Employees.

(a) During the Term of this Agreement, and for two (2) years after its expiration or termination, the Charter Holder agrees that it shall not solicit EdisonLearning’s employees.

(b) During the Term of this Agreement, and for two (2) years after its expiration or termination, EdisonLearning agrees that it shall not solicit the Charter Holder's employees.

ARTICLE 10

PROPRIETARY INFORMATION; INTELLECTUAL PROPERTY

10.1. Proprietary Information. Charter Holder acknowledges that EdisonLearning has proprietary interests core to its businesses, and, as such, of significant value. Except for such proprietary interests which EdisonLearning licenses from third parties (collectively, the "Licensed Material"), EdisonLearning owns and shall own all existing, and hereafter created, proprietary rights, including without limitation copyrights, trademark rights, patent rights, trade secret rights, and any other intellectual or industrial property rights throughout the world, with respect to: EdisonLearning *eCourses*TM, any improvements and/or derivative works thereto and all copies or portions thereof, whether or not incorporated into or used in connection with any other products, including without limitation software materials; and all instructional materials, training materials, curriculum and lesson plans, and any other materials, teaching methodologies, school management methodologies or derivative works thereto, that are developed by EdisonLearning, its employees within the scope of any scope of any such person's employment at the Charter School, and agents or subcontractors within the scope of any such person's work at the Charter School, except for a teacher's individual lesson plans which were prepared solely by the teacher, without any input from any EdisonLearning employees, agents or subcontractors, and were not based in any way on any EdisonLearning-provided materials (collectively, the "Proprietary Information"). EdisonLearning shall have the sole and exclusive right to license any of its Proprietary Information to third parties. The Charter Holder shall take all measures reasonably necessary to protect the Proprietary Information and the Licensed Material from being disclosed to or used by any third party without EdisonLearning's prior written approval, which may be withheld in its sole and absolute discretion. Charter Holder shall require all Charter School personnel or agents to agree in writing that they shall not disclose to any third party, publish, copy, transmit to any third party, modify, alter or utilize the Proprietary Information or the Licensed Material without EdisonLearning's prior written consent. Nothing in this paragraph shall be construed to prevent a teacher from using lesson plans or other instructional material which s/he has developed for his or her own use, either within or outside the Charter School, provided that such materials do not incorporate any EdisonLearning Proprietary Information or Licensed Material or otherwise violate the intellectual property rights of third parties. Nothing herein contained shall be construed in a manner that would cause the Charter Holder to act or fail to act in a manner that would cause the Charter Holder to be in violation of any State open records law.

10.2. Name of Charter School; Changes. The name of the Charter School shall be "Young Adult MJ Bridgescape Academy." In recognition of the fact that EdisonLearning owns the rights to the use of the name "Bridgescape", "MJ", "Magic Johnson", "MJB" and other derivations thereof and has agreed to license the name of the Charter School to the Charter Holder for the sole purpose of this Agreement, should this Agreement terminate for any reason, Charter Holder warrants and represents that it shall, no later than thirty (30) days after such termination, change the name of the Charter School to another name not containing any reference to "Bridgescape", "MJ", "Magic Johnson", "MJB" and other derivations thereof.

ARTICLE 11

REPRESENTATIONS AND UNDERTAKINGS

11.1. Representations and Warranties of the Charter Holder. The Charter Holder represents and warrants to EdisonLearning that

(a) The Charter Holder is a nonprofit corporation duly organized, validly existing, and in good standing under the laws of the State. The Charter Holder represents that it has all requisite authority under State law and pursuant to its organizational documents, including the Charter Agreement, to execute, deliver and perform this Agreement,

(b) The execution, delivery and due performance of the terms of this Agreement shall not violate or constitute a default under, nor shall it conflict with, any other agreement to which the Charter Holder is a party.

(c) The execution and delivery of this Agreement has been authorized by the Board, and Charter Holder has taken all requisite action necessary to duly execute and deliver this Agreement.

(d) This Agreement constitutes a legal, valid and binding obligation of the Charter Holder enforceable against it in accordance with the terms hereof.

(e) The Charter Agreement shown attached as Exhibit 1 has not been amended since the date thereof, and the Charter Holder has no knowledge of any changes to the Charter Agreement under consideration by the Chartering Authority.

(f) There is no known pending or threatened litigation against the Charter School or the Charter Holder.

(g) There are no material contracts by which the Charter School is bound; and

(h) The Charter School is in good standing with the Chartering Authority and is not aware of any material issues which might affect such good standing.

11.2. Undertakings of the Charter Holder. The Charter Holder undertakes to:

(a) Comply with all Federal and State laws, including, without limitation, all requirements necessary to maintain its status as a non-profit corporation in good standing under the laws of the State, as well as any such requirements for obtaining and maintaining its status as a tax exempt organization under Section 501(c)(3) of the United States Internal Revenue Code of 1986, as amended.

(b) Comply with all material aspects of the Charter Agreement.

(c) At all times during the term hereof appoint two members of the Board as President and Treasurer, respectively, and, Charter Holder shall take reasonable measures to ensure that the President or Treasurer, respectively, shall be available by phone or, if necessary, in person (or in their stead other Board members shall be designated to perform such responsibilities) at normal business hours during the Term and such persons shall be responsive within a reasonable time when contacted by EdisonLearning.

(d) The Board understands that overseeing the academic, fiscal and operational components of a charter school is an important responsibility. Upon execution of this Agreement, the Board agrees to seek out and obtain a regular program of board training that includes, at a minimum, intensive training for new Board members and periodic enhancement training for all Board members. The cost of Board training will be included in each annual budget. At the request of the Board, EdisonLearning shall provide the Board a list of board training resources. Board training is a material term of the Agreement and failure of the Board to consistently seek and obtain such training may be considered a breach of this Agreement.

11.3. Representations and Warranties of EdisonLearning. EdisonLearning represents and warrants that

(a) EdisonLearning is a corporation duly organized validly existing, and in good standing under the laws of the State of Delaware, and is (or will, within the time allowed by law, become) duly authorized and qualified to do business in the State of Arkansas, with lawful power and authority to enter into this Agreement, acting by and through its duly authorized officers.

(b) EdisonLearning represents and warrants that the Agreement constitutes a legal, valid and binding obligation of EdisonLearning enforceable against it in accordance with the terms hereof.

(c) The execution, delivery and due performance of this Agreement shall not violate or constitute a default under, nor shall conflict with, any other agreement to which EdisonLearning is a party.

(d) There is no pending or threatened litigation against EdisonLearning that would materially affect EdisonLearning's ability to execute, deliver and duly perform this Agreement.

(e) There are no contracts with third parties which would materially affect EdisonLearning's ability to perform its obligations under this Agreement.

11.4. Undertaking of EdisonLearning.

(a) Comply with all Federal and State laws, including, without limitation, all requirements necessary to maintain its status as an out-of-state corporation authorized to do business in the State of Arkansas;

(b) Comply with all aspects of the Charter Agreement applicable to EdisonLearning, if any;

(c) At all times during the term hereof, EdisonLearning shall designate a Regional General Manager and/or designee who shall be available by phone or, if necessary, in person (or in his or her stead other EdisonLearning employees shall be designated to perform such responsibilities) at normal business hours during the Term and such persons shall be responsive when contacted by the Charter Holder.

ARTICLE 12

INDEMNIFICATION

12.1. Legal Representation and Costs.

(a) Except as expressly provided herein or in connection with insurance coverage required to be provided in this Agreement by either party for the benefit of the other, each party shall be responsible for its own legal representation and legal costs.

(b) Except where there is an actual or potential conflict of interest, the Charter Holder and EdisonLearning shall fully cooperate with legal counsel for one another in connection with any legal claim asserted against either of them.

12.2. Challenges to the Legality of this Agreement.

(a) Should any claim, demand, or suit be filed against the Charter Holder which arises out of any claim that this Agreement or any part thereof is in violation of law, or of any constitutional provision, statute, law, rule, contract, or collective bargaining agreement binding upon the Charter Holder, the Charter Holder agrees to promptly notify EdisonLearning and shall actively seek its assistance and participation in the defense of such claim.

(b) Should any claim, demand, or suit be filed against EdisonLearning which arises out of any claim that this Agreement or any part thereof is in violation of law, or of any constitutional provision, statute, law, rule, contract, or collective bargaining agreement binding upon the Charter Holder, EdisonLearning agrees to promptly notify the Charter Holder and shall actively seek its assistance and participation in the defense of such claim.

12.3. Indemnity to Property or Persons.

(a) EdisonLearning shall defend, indemnify, save and hold harmless the Charter Holder, the Charter School and their employees, officers, directors, subcontractors and agents (collectively for purposes of this section, "Charter Holder") from and against any and all claims, demands, suits, costs, judgments, or other forms of liability to third parties, actual or claimed, including attorney fees, for injury to property or persons, occurring or allegedly occurring in, on or about the Charter School to the extent arising from the negligent, grossly negligent or reckless actions and omissions or willful misconduct committed by EdisonLearning by any of its employees, officers, directors, subcontractors, agents or by Charter Holder employees while assigned to and working under the supervision of EdisonLearning during the term of this Agreement or any renewal thereof. Upon written notice from the Charter Holder within five (5) business days, EdisonLearning shall defend the Charter Holder in any such action or proceeding brought thereon

(b) The Charter Holder shall indemnify and save and hold harmless EdisonLearning, its employees, officers, directors, subcontractors and agents (collectively for purposes of this section, "EdisonLearning") from and against any and all claims, demands, suits, costs, judgments or other forms of liability to third parties, actual or claimed, including attorney fees, for injury to property or persons, to the extent occurring or allegedly occurring from the negligent, grossly negligent or reckless actions and omissions or willful misconduct committed by the Charter Holder or by any of its employees, officers, directors, subcontractors, or agents (including claims, demands, suits or other forms of liability actual or claimed of whatsoever kind or character including attorney's fees), unless the alleged action, omission or misconduct is alleged to have been committed by Charter Holder employees assigned to EdisonLearning's supervision in the Charter School. Upon written notice from EdisonLearning within five (5) business days, the Charter Holder shall defend EdisonLearning in any such action or proceeding brought thereon.

12.4. No Waiver. The foregoing provisions shall not be deemed a relinquishment or waiver of any kind of applicable limitations of liability to third parties provided or available to any of the parties under applicable state governmental immunities laws.

ARTICLE 13

DEFAULT AND TERMINATION

13.1. Charter Holder Termination for Cause. (a) The Charter Holder may terminate this Agreement for cause prior to the end of the Term for any of the reasons set forth in Paragraph 8.3(a) or in subparagraphs (1) or (2) below:

(1) If EdisonLearning materially breaches any of the material terms and conditions of this Agreement and fails to remedy such breach within 90 days after receipt of written notice that EdisonLearning is in breach and that the Charter Holder intends to terminate this Agreement if the breach is not cured within 90 days or any additional time agreed to by the Board; or

(2) If there occurs an enactment, repeal, promulgation or withdrawal of any Federal, State, or local law, regulation, or court or administrative decision or order which, after exhausting all possible appeals, results in a final judgment or finding that this Agreement or the operation of the Charter School in conformity with this Agreement, would violate the Charter Holder's responsibilities, duties or obligations under the State or Federal constitutions, statutes, laws, rules or regulations.

(b) The following procedures shall apply to any termination pursuant to Section 13.1(a)(2) above. The Charter Holder shall give EdisonLearning written notice of its intent to terminate this Agreement at least 90 days prior to the effective date of termination stated in the notice. The cause for termination shall immediately be submitted to the Board President and EdisonLearning's Chief Executive Officer, or their respective designees, for consideration and discussions to attempt to resolve the matter. If these representatives are unable to resolve the matter, then termination shall become effective in accordance with the Charter Holder's termination notice.

(c) Unless the alleged default under Section 11.1(a)(1) above is cured within 90 days of the date of the notice described in that Section, termination shall become effective in accordance with the Charter Holder's termination notice.

(d) Notwithstanding the foregoing, any termination will not become effective until the end of a school year unless, in the sole discretion of the Charter Holder, there are unusual and compelling circumstances which would justify the disruption to the educational program and the students which would be caused by a mid-year termination, and the Charter Holder and EdisonLearning must fulfill their obligations set forth in this Agreement until the effective date of termination. The failure of EdisonLearning to pay the Operating Expenses of the Charter School pursuant to the provisions of Section 8.3(a) of this Agreement shall constitute an "unusual or compelling" circumstance warranting a mid-year termination.

(e) The Charter Holder agrees, in the event of termination, to return and/or destroy (as instructed by EdisonLearning) any and all copies of Licensed Material and Proprietary Information, as such terms are defined in Section 10.1 above, and change its corporate name and the name of the Charter School as set forth in Section 10.2 above.

(f) EdisonLearning agrees that, in the event of termination pursuant to this section, EdisonLearning will return to the Charter Holder any and all student records, faculty records and staff records in its possession to extent permitted under Federal or State law.

13.2. EdisonLearning Termination for Cause.

(a) In addition to the causes of termination set forth in Section 8.5(b) of this Agreement, EdisonLearning may terminate the Agreement for cause prior to the end of the Term, in accordance with the procedures set forth in subsection (b) below, for any of the reasons set forth in subparagraphs (1), (2), (3), or (4) below:

(1) If the Charter Holder fails to adopt a reasonable budget, personnel policies, curriculum, program or similar recommendations of EdisonLearning with respect to the Charter School, which EdisonLearning reasonably determines to be necessary for the implementation of the Educational Program at the Charter School;

(2) If the Charter Holder fails to pay when due any monetary obligation of the Charter School as required by the provisions of this Agreement, and such obligation remains unpaid for a period of 30 days after receiving written notice of the delinquent payment from EdisonLearning;

(3) If the Charter Holder materially breaches any of the material non-monetary provisions of this Agreement and fails to remedy such breach within 90 days after receipt of written notice of such breach from EdisonLearning or any additional time agreed to by EdisonLearning;

(4) A material reduction in the funding or revenue for the Charter School (defined as reduction of more than 15% from the 2012-13 per pupil funding amount);

(5) The enactment, repeal, promulgation or withdrawal of any federal, state, or local law, regulation, or court or administrative decision or order which has a material adverse effect on EdisonLearning's ability to operate the Charter School in accordance with its budget or the Educational Program; or

(6) If the Charter Holder, or any of its employees or agents, willfully breaches its obligations under Section 10.1 hereof.

(b) The following procedures shall apply to any termination pursuant to Section 13.3(a)(1), (2), (4), and (5): EdisonLearning shall give the Board written notice of its intent to terminate this Agreement at least 90 days prior to the effective date of the termination stated in the notice. The cause of termination shall immediately be submitted to the Board President and EdisonLearning's Chief Executive Officer, or their respective designees, for consideration and discussions to attempt to resolve the matter. If these representatives are unable to resolve the matter, then termination shall become effective in accordance with EdisonLearning's termination notice unless the alleged default is cured within 90 days of the date of the notice.

(c) Notwithstanding the foregoing, any termination will not become effective until the end of a school year unless, in the sole discretion of EdisonLearning, there are unusual and compelling circumstances that justify the disruption to the educational program and the students which would be caused by to a mid-year termination and EdisonLearning and the Charter Holder must fulfill their obligations set forth in this Agreement until the effective date of termination. The failure of Charter

Holder to pay EdisonLearning pursuant to the provisions of Section 8 of this Agreement shall constitute an “unusual or compelling” circumstance warranting a mid-year termination.

(d) In the case of a termination pursuant to Section 13.2(a)(2), termination shall be effective upon notice provided that the cure period specified above has lapsed without cure. In the case of a termination pursuant to Section 13.2(a)(6), termination shall be effective immediately upon the delivery of notice, provided that EdisonLearning has reasonable grounds to believe that the provisions of Section 10.1 have been violated.

(e) EdisonLearning agrees that, in the event of termination pursuant to this section, EdisonLearning will return to the Charter Holder any and all student records, faculty records and staff records in its possession to extent permitted under Federal or State law.

13.3. Fees and Expenses Due Upon Termination; Disposition of EdisonLearning-owned Assets.

Upon the termination or expiration of this Agreement for any reason, the Charter Holder shall pay to EdisonLearning within thirty (30) days of such termination or expiration, all amounts due to EdisonLearning hereunder, including, but not limited to, amounts owed in respect of the Management Fee, Operating Costs and amounts due under EdisonLearning-assumed leases (if any) pursuant to Section 7.1(d) above. If the termination is for cause under Section 13.1, the Charter Holder shall pay to EdisonLearning within sixty (60) days of such termination or expiration, all amounts due to EdisonLearning hereunder, subject to the claims of any senior creditors. To the extent EdisonLearning has placed any of its own assets in the School during the Term, upon termination of this Agreement for any reason, the Charter Holder shall pay to EdisonLearning the Net Book Value of such assets as of the date of termination as reflected by the records of the Charter Holder. All assets purchased by the Charter Holder shall remain the property of the Charter Holder upon termination, or as may otherwise be required by applicable Law.

13.4. Remedies. The sole remedies for breaches of this Agreement shall be specific performance of the obligations outlined herein or termination of this Agreement in accordance with Sections 13.1 and 13.2, except for any breach of any obligation to make monetary payments to the other party.

ARTICLE 14

INSURANCE

14.1. Liability Insurance.

(a) EdisonLearning shall secure and maintain, at the Charter Holder’s expense, for the protection of EdisonLearning and its officers, directors, employees, agents and volunteers, and Charter Holder and its officers, directors, employees, agents and volunteers, insurance covering liability arising out their performance of the duties set forth in this Agreement as set forth in the attached Appendix B. Such insurance policies shall be issued by an insurance company or companies selected by EdisonLearning and licensed to do business in the State. Except as otherwise agreed in writing by the Charter Holder and EdisonLearning, all such insurance coverage shall be primary insurance, and shall be occurrence based insurance and not claims made insurance. The Charter Holder will be named an additional insured on EdisonLearning’s commercial general liability, automobile liability and crime insurance policies, but such additional insured status shall only extend coverage to the Charter Holder for its liability for the negligent or intentional acts or omissions of EdisonLearning in performing under this Agreement.

(b) The Charter Holder shall secure and maintain, at its expense, for the protection of the Charter Holder and its officers, directors, employees, students, teachers and volunteers, insurance covering solely the Charter Holder's liability arising out its performance of its duties under this Agreement as set forth in Charter Application and the attached Appendix B. Such insurance policies shall be issued by an insurance company or companies selected by Charter Holder and licensed to do business in the State. Except as otherwise agreed in writing by the Charter Holder and EdisonLearning, all such insurance coverage shall be primary insurance, and, shall be occurrence based insurance and not claims made insurance. EdisonLearning will be named an additional insured on the Charter Holder's commercial general liability, automobile liability and crime insurance policies, but such additional insured status shall only extend coverage to EdisonLearning for its liability for the negligent or intentional acts or omissions of Charter Holder in performing under this Agreement

(c) The Charter Holder shall require that its contractors, if any, providing services to the Charter School shall name EdisonLearning as an additional insured under their respective commercial general liability and automobile liability insurance policies for personal injury and property damage; and if such services are provided directly by the Charter Holder rather than by contracted service, then EdisonLearning shall be named as an additional insured under the Charter Holder's insurance policies.

(d) The insurance policies maintained by each party pursuant to this Agreement shall be endorsed to state that coverage shall not be suspended, voided, cancelled, or reduced, in coverage or limits, except after thirty days prior written notice to EdisonLearning and the Charter Holder. The parties shall furnish one another certified copies of the insurance policies or else Certificates of Insurance which demonstrate compliance with this Agreement.

14.2. Hazard Insurance.

(a) EdisonLearning shall maintain property insurance for all ancillary property and other personal property provided by EdisonLearning (if any) at the school site(s). EdisonLearning shall secure from its insurers waivers of subrogation as against the Charter Holder with respect to damages to EdisonLearning's property at the site(s), and shall otherwise hold the Charter Holder harmless against liabilities arising out of any such damages.

(b) The Charter Holder shall maintain property insurance for the site(s) and for all ancillary property on the site provided by the Charter Holder. The Charter Holder shall secure from its insurers waivers of subrogation as against EdisonLearning and its facilities managers, with respect to damages to the site(s), and shall otherwise hold EdisonLearning and its facilities managers, and their respective offices, employees and agents, harmless against liabilities arising out of any such damages.

15.3. Workers' Compensation Insurance. Each party shall secure and maintain workers' compensation insurance covering its employees, and the amounts necessary for funding of workers' compensation insurance for employees of the Charter Holder shall be reflected in the annual budget.

15.4. Coordination of Risk Management. The parties shall coordinate risk management activities with one another. This will include the prompt reporting of any and all pending or threatened claims, filing of timely notices of claim, cooperating fully with one another in the defense of any claims and complying with any defense and reimbursement provisions of state governmental immunity laws and applicable insurance policies. Regardless of whether or not EdisonLearning provides insurance for the Charter Holder, EdisonLearning shall give the Charter Holder prompt written notice of each legal claim made against it arising out of its operation of the School. Similarly, the Charter Holder shall promptly notify EdisonLearning in writing of any claim against EdisonLearning, the Charter School or the Charter Holder arising out of or relating to the School or EdisonLearning, and shall cooperate fully with EdisonLearning

in the defense of any claims. Neither EdisonLearning nor the Charter Holder shall compromise, settle, negotiate or otherwise affect any disposition of any claim or potential claims asserted against it to the extent such claims are insured or indemnified by or through the other party without the approval of the other party.

ARTICLE 16

MISCELLANEOUS

16.1. Alternative Dispute Resolution. The parties agree to cooperate in good faith in all actions relating to the Agreement, to communicate openly and honestly, and generally to attempt to avoid disputes in connection with the Agreement. If, nevertheless, a dispute should arise in connection with the Agreement, the parties agree to use their best efforts to resolve such dispute in a fair and equitable manner and without the need for expensive and time-consuming litigation. Except as otherwise set forth in Article 13 of this Agreement, in the event any dispute arises between the Charter School and EdisonLearning concerning this Agreement, it shall be resolved in accordance with the alternate dispute resolution procedure that is set forth in Appendix C hereto. If a dispute arises over the amount of funds that the Charter Holder is to remit to EdisonLearning, the Charter Holder shall remit all funds that are not in dispute to EdisonLearning and hold the disputed funds in escrow until such time as the amount in dispute shall be resolved in accordance with Appendix C.

16.2. Force Majeure. Neither party shall be liable if the performance of any part or all of this contract is prevented, delayed, hindered or otherwise made impracticable or impossible by reason of any strike, flood, riot, fire, explosion, war, act of terrorism, act of God, sabotage, accident or any other casualty or cause beyond either party's control, and which cannot be overcome by reasonable diligence and without unusual expense.

16.3. Independent Contractor Status. The parties to this Agreement intend that the relationship between them created by this Agreement is that of an independent contractor, and not employer-employee. No agent, employee, or servant of EdisonLearning shall be deemed to be the employee, agent or servant of the Charter Holder except as expressly acknowledged in writing by the Charter Holder.

16.4. Subcontracting. EdisonLearning reserves the right to subcontract any and all services specified in this Agreement to public or private subcontractors, as permitted by law. However, except as delineated in the Charter Application and this Agreement, EdisonLearning shall not subcontract the management, oversight or operation of the teaching and instructional program, except as specifically permitted herein or as expressly agreed to in writing by the Charter Holder.

16.5. No Third Party Beneficiary Rights. No third party, whether a constituent of the Charter Holder or otherwise, may enforce or rely upon any obligation of, or the exercise of or failure to exercise any right of, the Charter Holder or EdisonLearning in this Agreement. This Agreement is not intended to create any rights of a third party beneficiary.

16.6. Appendices, Exhibits and Schedules. The parties agree to the terms and conditions of this Agreement and the Appendices and Exhibits attached hereto and incorporated herein by reference.

16.7. Entire Agreement. This Agreement and the Appendices and Exhibits hereto shall constitute the full and complete agreement between the parties. All prior representations, understandings and agreements are merged herein and are superseded by this Agreement.

16.8. Construction and Enforcement. The Agreement shall be construed and enforced in accordance with the laws of the State of Arkansas.

16.9. Amendments. This Agreement may be altered, amended, changed or modified only by agreement in writing executed by EdisonLearning and the officer of the Board authorized to so execute by action of the Board on behalf of the Charter Holder.

16.10. Section Headings. The section headings shall not be treated as part of this Agreement or as affecting the true meaning of the provisions hereof. The reference to section numbers herein shall be deemed to refer to the numbers preceding each section.

16.11. Invalidity of Provisions of this Agreement. If, for any reason, any provision hereof shall be determined to be invalid or unenforceable, the validity and effect of the other provisions hereof shall not be affected thereby.

16.12. Assignment. This Agreement shall not be assigned by either party without the prior written consent of the other party, provided that EdisonLearning may, without consent of the Charter Holder, delegate the performance but not responsibility for such duties and obligations of EdisonLearning as specifically set forth herein.

16.13. No Waiver. No waiver of any provision of this Agreement shall be deemed or shall constitute a waiver of any other provision. Nor shall such waiver constitute a continuing waiver unless otherwise expressly stated.

16.14. Survival. All representations, warranties and indemnities made herein shall survive termination of this Agreement.

16.15. Notices. All notices required or permitted by this Agreement shall be in writing and shall be either personally delivered or sent by nationally-recognized overnight courier, facsimile or by registered or certified U.S. mail, postage prepaid, addressed as set forth below (except that a party may from time to time give notice changing the address for this purpose). A notice shall be effective on the date personally delivered, on the date delivered by a nationally-recognized overnight courier, on the date set forth on the receipt of a telecopy or facsimile, or upon the earlier of the date set forth on the receipt of registered or certified mail or on the fifth day after mailing.

16.16. Confidentiality. To the extent permitted under Section 149.13 or any successor statute thereto (the “Arkansas Public Records Law”) and any other State or Federal law or regulations, Charter Holder and EdisonLearning shall treat all of the terms of this Agreement confidentially and shall not disclose the terms hereof to any third party other than as required by Federal and State law and by the Chartering Authority. To the extent that Charter Holder wishes to disclose this Agreement to an educational consultant, academic or university, auditor or accountant, the Charter Holder agrees to require such consultant to execute a non-disclosure agreement in a form acceptable to EdisonLearning. Notwithstanding the above, the Charter Holder and EdisonLearning agree not to provide a copy of this Agreement to a Board member or prospective Board member of any existing or prospective charter school.

APPENDICES AND EXHIBITS

APPENDIX A Performance Criteria

APPENDIX B Insurance

APPENDIX C Alternative Dispute Resolution

EXHIBIT 1 Charter Application

EXHIBIT 2 Charter Agreement

DRAFT

APPENDIX A

Performance Criteria

[This Appendix shall contain the final agreed Performance Criteria agreed upon by OCBA and the Charter Holder.]

DRAFT

APPENDIX B

Insurance

EdisonLearning shall secure and maintain the following minimum insurance at Charter Holder's expense:

- Commercial general liability insurance with limits of one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate;
- Automobile liability insurance of one million dollars (\$1,000,000);
- Workers' Compensation insurance with Statutory primary coverage and at least five hundred thousand dollars (\$500,000) of Employer's Liability coverage;
- Employee dishonesty insurance with limits of at least five hundred thousand dollars (\$500,000);
- Umbrella liability coverage of \$5,000,000 in excess of the primary commercial general liability, automobile liability and employer's liability insurance policies.
- EdisonLearning will also arrange for Educators' Legal Liability and Employment Practices Liability insurance with limits of two million dollars (\$2,000,000) each claim and two million dollars (\$2,000,000) aggregate.

Charter Holder shall secure and maintain the following minimum Insurance:

- Workers' Compensation insurance with Statutory primary coverage and at least one million dollars (\$1,000,000.00) of Employer's liability coverage; and
- Commercial general liability insurance with limits of one million dollars (\$1,000,000) per occurrence;
- Property insurance with limits of two hundred fifty thousand dollars (\$250,000) of business personal property coverage, five hundred thousand dollars (\$500,000) of EDP coverage and one million dollars (\$1,000,000) of loss of income/extra expense coverage;
- Umbrella coverage of ten million (\$10,000,000);

APPENDIX C

Alternative Dispute Resolution

1. The Charter Holder and EdisonLearning agree that the existence and details of a dispute notwithstanding, both parties shall continue without delay their performance hereunder, except for any performance which may be directly affected by such dispute.
2. Any and all disputes which cannot be resolved informally shall be settled by final and binding arbitration administered by JAMS pursuant to its Comprehensive Rules and Procedures, except as otherwise expressly provided herein or agreed to in writing by the parties, or to the extent inconsistent with the requirements of State law. The arbitration shall take place in the city in which the Charter Holder is located and that judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof, in accordance with State laws.
3. EdisonLearning shall advance the reasonable fees and expenses of the neutral arbitrator. The arbitrator shall have authority to determine, at the conclusion of the arbitration, whether the Charter Holder shall have any obligation to reimburse EdisonLearning for all, for one-half, or none of the fees and expenses of the neutral arbitrator that were advanced by EdisonLearning. All other fees and expenses of each party, including without limitation, the fees and expenses of its counsel, witnesses and others acting for it, arbitrators not jointly appointed, shall be paid by the party incurring such costs.
4. The arbitrator(s) shall have no authority to add to, delete from, or otherwise modify any provision of this Agreement or the EdisonLearning *eAcademy*[™], or to issue an award having such effect.

GRAPHS - SHRINKING GRADUATING CLASSES

Crittenden County's Graduating Classes between 2008 and 2013

Note: The graduation numbers for the class of 2013 have not yet been posted on the ADE Data Center website. The links to the ADE Data Center are <https://adedata.arkansas.gov/statewide/Counties/EnrollmentByGrade.aspx?year=23&search=crittenden&pagesize=10> and <https://adedata.arkansas.gov/statewide/Counties/Graduates.aspx?year=22&search=crittenden&pagesize=10>

\$10,780 = THE **ANNUAL LOSS OF ECONOMIC BENEFIT FOR EACH NON-GRADUATE IN ARKANSAS**

This loss of economic benefit is broken down as: \$5,339 loss of additional annual income for each non-graduate, \$4,195 loss of additional annual spending for each non-graduate, and \$1,246 loss of additional annual investment for each non-graduate.

Using these values, the economic benefit **not gained** from Crittenden County's 241 non-graduates of the Class of 2012 could be as much as **\$2.6 million annually**.

And the economic benefit **not gained** from Crittenden County's 307 non-graduates of the Class of 2011 could be as much as **\$3.3 million annually**.

\$10,780 = THE ANNUAL LOSS OF ECONOMIC BENEFIT FOR EACH NON-GRADUATE IN ARKANSAS

This loss of economic benefit is broken down as: \$5,339 loss of additional annual income, \$4,195 loss of additional annual spending, and \$1,246 loss of additional annual investment.

*The dropout crisis is not just an Arkansas issue. It is a nationwide issue. But when considering efforts to improve the economy, it can be one of the easiest fixes and could transform Arkansas. For instance, by halting, statewide, the dropout crisis for just one year, for just one class of non-graduates (let's use the 8,898 non-graduates from 2011 as example), we can boost the Arkansas economy annually by about **\$96 million**. Multiply that amount yearly over those non-graduates' lifetimes and the economic gain would be astonishing. Multiply similar lifetime benefits for every graduating class in the future and this economic benefit could transform Arkansas.*

BLENDING LEARNING PEDAGOGICAL MODEL

MJBA Blended Learning Pedagogical Model

Foundational eCourse Learning

Teacher Actions:

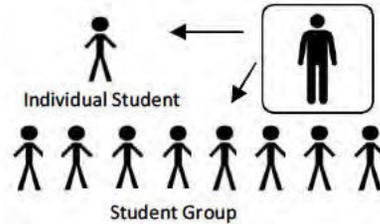

FOUNDATIONAL GUIDE (FG)

- Analyzes data on course progression to identify students with less seat time and slow course progression
- Fluent knowledge of eCourse functionality and the way courses are structured
- Roves and monitors the lab: prompts students to use the available tools in the system to support learning
- Reinforces online rules around working in the lab e.g. listening to music
- Targets support for students identified in the system as having less seat time, slower progress or excessive retesting without recourse to re-teaching resources
- 1 to 4 hour sessions
- 1 FG to 60 to 100 students

Student Actions

- Engages in eCourse Platform: online, independent learning
- Uses eCourse tools and personal learning strategies when they get stuck
- Accesses re-teaching online material when they score below their expected outcomes

Foundational & Conceptual Learning

Teacher Actions

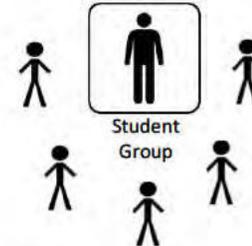

RESPONSIVE TUTOR (RT)

- Subject Specific Foundational and Conceptual knowledge and skill development
- Analyzes data within a subject area
- Pulls together groups (up to 10) on the basis of common difficulties
- Typically/ Frequently uses Teacher-Group-Student(T-G-S)- Response style pedagogy i.e. metacognitive modeling, group responses, individual responses and student self assessment
- Pedagogy focuses on the EFLT Power Themes
- Typically 20 minute sessions
- 1 RT to up to 10 students

Student Actions

- Overcomes learning hurdles due to intervention by the teacher
- Engages in open, honest dialogue about their learning
- Reflects on and recognizes the impact on their learning when they change their learning strategy
- Accesses high quality resources that assist in their learning

Collaborative Conceptual Learning

Teacher Actions

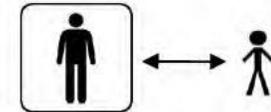

Project Mentor (PM)

- Relates Conceptual content and 21st Century skills across the curriculum in creative ways through student led, collaborative projects
- Links projects to core values, core learning skills & Literacy CCSS across subjects (writing, speaking & listening)
- Launches project – lays out the challenge in terms of questions, expectations and criteria
- Uses mainly non directive questions- How would you...? Who will be responsible for what...? Explain how/ why you did..?
- Checks in on student progress and collaborative teaming skill development
- Six 1 hour sessions over a three week span –with two projects over 9 weeks
- 1 PM to Four Student Groups made up of 4 to 5 students each

Student Actions

- Engages in open, honest dialogue about their learning
- Self and Peer assesses against CLS at the beginning & end of project
- Draws on and articulates connections between subject area content within the overall project big concepts in Common Core
- Performs a group role and holds others accountable for theirs

Personal Learning

Teacher Actions

LEARNING COACH (LC)

- Focuses on Personal Development of Student
- Develops impactful relationship between the student, the school and the family
- Assists student with academic and personal goal development and intended outcomes
- Builds student capacity to organize themselves for college and career
- Reviews student outcome data
- Conducts 1 on 1 personal meetings with students
- Links student actions to student outcomes
- 1 LC to 25 students

Student Actions

- Sets themselves stretching goals based on their understanding of where they are and where they need to be
- Takes ownership of their learning and tracks their own performance
- Are confident, purposeful and resilient
- Want to do their best, are motivated and challenged

Image and Recording Release for Students Under 18 Years of Age

For Students Under 18 Years of Age - I hereby grant to Young Adult Magic Johnson Bridgescape Academy and its employees, agents and assigns the right to photograph and/or record my dependent,

[student's name] ("Dependant")
and use any such photographs, videotape, audio recordings, digital reproduction and/or any other audio and/or video form of reproduction now known or hereafter created of his/her physical likeness ("Recordings"), for any and all commercial and non-commercial purposes, and by any and all means of publication processes now known or hereafter created, including but not limited to print, digital and/or electronic, via the Internet or otherwise. Dependent's first name only will be used in the Recordings, unless the parent/guardian requests that the following name be used _____. (Note: Leave preceding blank if use of first name only is acceptable).

I further grant to Young Adult Magic Johnson Bridgescape Academy a non-exclusive, worldwide, transferable, irrevocable, royalty-free license to use any and all audio and visual materials, including but not limited to drawings, photographs and recordings, authored and/or created by my dependent for any and all commercial and non-commercial purposes, and by any and all means of publication processes now known or hereafter created, including but not limited to print, digital and/or electronic, via the Internet or otherwise.

I certify that I am a custodial parent of above-named child and have the aforementioned rights to assign.

Home Language Survey

The Office of Civil Rights (OCR) and the Department of Education require that school districts and charter schools identify English Language Learner (ELL) students in order to provide appropriate language instructional programs for them. Young Adult Magic Johnson Bridgescape Academy has selected the Home Language Survey as the method for determining if the student is a language-minority student.

Student's First and Last Name

Grade

1. What is/was the student's first language? _____

2. Does the student speak a language(s) other than English? Yes No
(Do not include languages learned in school.)

If yes, specify the language(s): _____

3. What language(s) is/are spoken in your home? _____

4. Has the student attended school in the United States in the past 3 years?..... Yes No
If yes, complete the following:

| Name of School | State | Dates Attended |
|----------------|-------|----------------|
| | | |
| | | |

Parent/Guardian/Emancipated/Adult Student's Signature

Date

Young Adult Magic Johnson Bridgescape Academy has the responsibility under the federal law to serve students who are limited English proficient and need English instructional services. Given this responsibility, Young Adult Magic Johnson Bridgescape Academy has the right to ask for the information it needs to identify English Language Learners (ELLs). As part of the responsibility to locate and identify ELLs, Young Adult Magic Johnson Bridgescape Academy may conduct screenings or ask for related information about students who are already enrolled in the school as well as from students who enroll in the school in the future.

Young Adult Magic Johnson Bridgescape Academy uses the ELDA as its screening tool. The school must administer the ELDA to a student during the enrollment process so that a student's enrollment status can be determined.

Family Educational Rights and Privacy Act (FERPA) - For your records.

Annual Notice of Rights under the Family Educational Rights and Privacy Act (FERPA)

Young Adult Magic Johnson Bridgescape Academy protects the confidentiality of personally identifiable information regarding its eligible, thought to be eligible and protected handicapped students (if not protected by IDEA) in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and implementing regulations as well as IDEA and its implementing regulations.

Education records are records that are directly related to the student, including computer media and videotape, which are maintained by an educational agency or by a party acting for the agency. "Educational agency", for purposes of this notice, means Bridgescape™ Academy. For all students, the educational agency maintains education records which include but are not limited to:

Personally identifiable information is confidential information that includes but is not limited to the students' name, name of parents and other family members, the address of the student or student's family, and personal information or personal characteristics which would make the student's identity easily traceable.

Directory information is information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes but is not limited to, the student's name, address, telephone number, electronic mail address, photograph, date and place of birth, major field of study, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, and the most recent previous educational agency or institution attended.

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are: Parents have the right to inspect and review a child's education record. Young Adult Magic Johnson Bridgescape Academy will comply with a request to inspect and review education records without unnecessary delay and before any meeting regarding and IEP or any due process hearing, but in no case more than 45 days after the request has been made. Requests should be submitted in writing, indicating the records the parents wish to inspect, to the school principal or other designated school official. Parents have the right to a response from the school to reasonable requests for explanations and interpretations of the records. Parents have the right to request copies of the records. While Young Adult Magic Johnson Bridgescape Academy cannot charge a fee to search for or to retrieve information, it may charge a copying fee as long as it does not effectively prevent the parents from exercising their right to inspect and review the records. Parents have the right to appoint a representative to inspect and review their child's records. If any education record contains information on more than one child, parents have the right only to inspect and review the information relating to their child.

If parents think information in an education record is inaccurate, misleading or violates the privacy or other rights of their child, they may request amendment of the record. Requests should be in writing and clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. Young Adult Magic Johnson Bridgescape Academy will decide whether to amend the record and will notify the parents in writing of its decision.

Family Educational Rights and Privacy Act (FERPA) – For your records.

If Young Adult Magic Johnson Bridgescope Academy refuses to amend a record it will notify the parents of their right to a hearing to challenge the disputed information. Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.

Young Adult Magic Johnson Bridgescope Academy will inform parents when personally identifiable information is no longer needed to provide educational services to a child. Such information must be destroyed at the request of the parents. Parents have a right to receive a copy of the material to be destroyed. However, a permanent record of a student's name, address, and telephone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without the limitation. "Destruction" of records means physical destruction or removal of personal identifiers from information so that the information is no longer personally identifiable.

The school will provide, upon request, a listing of the types and locations of education records maintained, the school officials responsible for these records, and the personnel authorized to see personally identifiable information. Such personnel receive training and instruction regarding confidentiality. The school keeps a record of parties obtaining access to education records, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

Parents have the right to consent or refuse to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

"Consent" means: the parent (s) have been fully informed regarding the activity requiring consent, in their native language or other mode of communication; they understand and agree in writing to the activity; and they understand that consent is voluntary and maybe revoked at any time, information may be disclosed without consent to school officials with legitimate educational interests. A school official is a person employed by the school, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); state agency representative, person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Directory information may be released without parent consent. Parents have the right to refuse to let an agency designate any or all of the above information as directory information.

Upon written request, Young Adult Magic Johnson Bridgescope Academy discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

Parents have a right to file a complaint with the U.S. Department of Education concerning alleged failures by Young Adult Magic Johnson Bridgescope Academy to comply with the requirements of FERPA. Complaints may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

Family Educational Rights and Privacy Act (FERPA) Consent Form

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights regarding the student’s education records. One of those rights is the right to consent to disclosures of personally identifiable information contained in the student’s education records. In compliance with FERPA, Young Adult Magic Johnson Bridgescape Academy has designated categories of record as directory information consistent with applicable law. For more information on the FERPA policy, see the immediately preceding information listed in this Enrollment Policy Packet or refer to the Young Adult Magic Johnson Bridgescape Academy’s Parent/Student Handbook.

Young Adult Magic Johnson Bridgescape Academy and its designated curriculum provider, EdisonLearning, Inc., have found that to best serve the student’s education needs, it is necessary to disclose a student’s name and address to the following classes of vendors that provide important services related to your student’s education. In all cases, these vendors will have agreed to ensure the confidentiality of the student’s name and address and not to use the information for purposes other than that contracted for the student’s educational needs.

- Companies that enter the student information into a computer database for use by school officials
- Other contractors and subcontractors that Young Adult Magic Johnson Bridgescape Academy or EdisonLearning, Inc. identifies as necessary to providing online education services

To best serve the student, Young Adult Magic Johnson Bridgescape Academy requests the following consent to disclose the student’s name and address to the specified class of contractors.

I hereby agree that my student’s name and address be provided to the above identified contractors to ensure that Young Adult Magic Johnson Bridgescape Academy can best meet my student’s education needs.

Calculating Household Income

In order to determine if Young Adult Magic Johnson Bridgescope Academy will receive Title I funds, you will have to calculate the total amount of income in your household. Include all income for all household members (including yourself, all children in the home, your spouse, grandparents, and all others related and unrelated in your household). See lists below of the type of income to report.

Earnings from work:

Wages / salaries / tips

- Strike benefits
- Unemployment compensation
- Worker's compensation
- Net Income from self-owned business or farm

Public Assistance/Child support/Alimony:

- Public assistance/Welfare Payments
- Alimony/child support payments

Pensions/Retirements/Social Security:

- Pensions
- Supplemental Security Income
- Retirement income
- Social security

Other Income:

- Disability benefits
- Interest dividends
- Estate/trusts/investments
- Regular
- contributions from person(s) not living in household
- Net royalties/annuities/net rental income

Household Income

Total number of all household member, whether they receive income or not: _____

Total of household member's gross monthly income before taxes or anything else is taken out. Fill in one that is easiest for you to calculate.

\$ _____ OR \$ _____ OR \$ _____
 Annually Monthly Weekly

Certification and Signature

I certify that all of the above information is true and correct, and that all income is reported. I understand this information is being given for the receipt of federal funds, and that school officials may verify the information on the form.

PURCHASING
AND
PROCUREMENT
POLICY

7.5—PURCHASES OF COMMODITIES

Purchases shall be made in accordance with State laws and procurement procedures governing school purchases that are deemed to be in the best interest of the School and are the result of fair and open competition between qualified bidders and suppliers.

Definitions

“Commodities” are all supplies, goods, material, equipment, computers, software, machinery, facilities, personal property, and services, other than personal and professional services, purchased on behalf of the School.

“Specifications” means a technical description or other description of the physical and/or functional characteristics of a commodity.

“Purchasing official” means the board of directors of the school or designated employees of the school with the authority to contract or make purchases on behalf of the school.

A purchase order shall be issued for all purchases of commodities and professional services. Purchases of commodities with a purchase price equal or exceeding \$5,000 but less than \$10,000 require prior approval of the designated agent of the School unless an emergency exists in which case the Superintendent may waive this requirement.

Purchases of commodities with a purchase price equal or exceeding \$10,000 require prior approval of the purchasing official unless an emergency exists in which case the Program Director may waive this requirement. Any waiver shall be reported to the Board at its next regular meeting. Purchase orders equal or exceeding \$10,000 shall require two signatures, one being the superintendent or the director’s designee.

Purchase orders equal or exceeding \$50,000 shall require Board approval prior to issuance unless an emergency exists in which case the Program Director may waive this requirement. Any waiver shall be reported to the Board at its next regular meeting.

The school will not solicit bids or otherwise contract for a sum greater than \$25,000 with vendors that are on the “excluded parties list” if the contract is to be paid from federal grant funds.

All purchases of commodities in which the estimated purchase price equals or exceeds \$10,000 shall be procured by soliciting bids. The board shall accept bids submitted electronically by email or fax for any and all school purchases, unless specified to be submitted by other means or methods, and except those bids which have been specified to have a designated date upon which the bids shall be opened. Specifications shall be devised for all commodities to be bid that are specific enough to ensure uniformity of the bid and yet not so restrictive that it would prevent competitive bidding. The bid specifications shall not include the name or identity of any specific vendor. The Board reserves the right to reject all bids and to purchase the commodity by negotiating a contract. In such an instance, each responsible bidder who submitted a bid shall be notified and given a reasonable opportunity to negotiate.

Bids shall be awarded after careful examination of the details of the bid to determine the best overall value to the School. In instances where the low bid was not accepted a statement of the reasons shall be attached to the bid. Bidders submitting written bids shall be notified in writing of the bid award. Any competitive bid submitted to the school in response to a solicitation for bids for the purchase of a

commodity shall be accompanied by the form contained in Section 7.5F which shall be signed and notarized by the agent of the bidder. The procedure for opening and awarding of bids shall be as prescribed by the Board.

The following commodities may be purchased without soliciting bids provided that the Program Director determines in writing that it is not practical to use other than the required or designated commodity, and a copy of this statement is attached to the purchase order:

- Commodities in instances of an unforeseen and unavoidable emergency;
- Commodities available only from the federal government;
- Utility services;
- Used equipment and machinery;
- Commodities available only from a single source.

Prospective bidders, offerors, or contractors may appeal to the school's director if they believe the school failed to follow school bidding and purchasing policy or state law.

Any award of a contract shall be subject to revocation for ten (10) working days or, if an appeal is received, after resolution of the appeal. This shall give prospective bidders, offerors, or contractors the opportunity to appeal the bid award if they believe the facts warrant an appeal. Any appeal shall be in writing by certified mail and received by the school office, "attention to the superintendent" within seven (7) calendar days following the initial and revocable award of the contract.

If the school receives an appeal of a bid award, they shall notify in writing those prospective bidders, offerors, or contractors who have made a written request to the school for notification of opportunities to bid that an appeal has been submitted.

The notification shall state

- That the contract award has been halted pending resolution of the appeal and could be revoked;
- The reasons for the appeal;
- That the recipient of the letter may respond to the protested issues identified in the appeal;
- The date the decision on the appeal will be made and notification sent;
- That if the appeal is upheld, the bidding process will be re-opened;
- That if the bidding process is re-opened, changes will be made to the request for bids as necessary to satisfy the reasons for upholding the appeal.

The sole authority to resolve any appeal made relating to this policy shall rest with the director. The director's decision shall be final and conclusive. In the event the school upholds an appeal, the sole responsibility of the school to the aggrieved bidder or bidders shall be the re-opening of the bidding process.

7.5F—COMMODITIES BIDDER AFFIDAVIT
YOUNG ADULT MAGIC JOHNSON BRIDGESCAPE ACADEMY

I, _____, hereby
state:

I am a duly authorized agent of _____, the bidder submitting the competitive bid which is attached to this statement, I certify the facts as detailed below pertaining to the non-existence of collusion among and between bidders and school officials, as well as to the facts pertaining to the giving or offering of things of value to government personnel in return for special consideration in the awarding of any contract pursuant to the bid to which this statement is attached.

I am fully aware of the facts and circumstances surrounding the making of the bid to which this statement is attached and have been personally and directly involved in the proceedings leading to the submission of the bid. Neither the bidder nor anyone subject to the bidder’s direction or control has been a party: To any collusion among bidders in restraint of freedom of competition by agreement to bid at a fixed price or to refrain from bidding; To any collusion with any school official or employee as to quantity, quality, or price in the prospective contract, or as to any other terms of the prospective contract; or In any discussions between bidders and any school official concerning exchange of money or other thing of value for special consideration in the awarding of a contract.

I hereby guarantee that the specifications outlined in the bid shall be followed as specified and that deviations from the specifications shall occur only as part of a formal change process approved by the Board of Directors of the school.

traditional learning
environments

EdisonLearning eCourses™ at a Glances

Multisensory Engagement

eCourses are delivered with multimedia features that address diverse student needs, support literacy, and reinforce key concepts. Features such as interactive **demonstrations**, **games**, **videos**, **virtual science labs**, **forums** and a **text-to-speech tool** engage students and support multiple learning modalities.

In the Research Center (high school) and Learning Land (middle school), which are **avatar-based virtual worlds**, students communicate and collaborate with classmates and teachers, share and discuss art, play games that reinforce key academic concepts, participate in virtual science labs, and access a number of other multimedia resources that enrich their studies.

Above: Middle School students' virtual daily assignment book.

Flexible Structure

The content of eCourses is based on a **modular design**. Each lesson contains instruction in prerequisite knowledge. Lessons include learning objectives that are clear and attainable, and each one ends with an assessment. Courses are organized into four parts per year with assessments throughout to measure mastery.

Research & Experience

EdisonLearning uses proven methodologies to deliver the most engaging and innovative courses on the market. EdisonLearning teachers and experts developed eCourses using **best practices based on over a decade** of online learning experience and 20 years of experience driving achievement in brick and mortar schools.

eCourses have undergone a rigorous independent review process by Dr. Paul Kim, Assistant Dean and Chief Technology Officer at the Stanford University School of Education. Dr. Kim, a prominent leader in the online learning industry, reviewed and tested all high school courses for quality, usability, and effectiveness. Researchers from Robert Morris University reviewed and tested all middle school courses.

Learn More

Working together for student success™

Above: Students navigate the Research Center with avatars.

Differentiating Features

- Unique focus on STEM
- Multiple learning modalities
- Individual student customization
- State standards alignment
- Print and PDF course texts
- Real-time progress tracking
- Consistent structure and design
- Accessible cloud-based delivery platform
- Assessments to measure mastery
- Accredited by AdvancED and NWAC
- Recommended for accreditation by MSA-CES
- Approved by the NCAA

Above: Students can access the Writing Center to have their essays assessed.

EdisonLearning High School eCourses

EdisonLearning offers more than 100 high school courses with over 8,100 individual lessons. Each course is available in a variety of formats, which are designed to meet the needs of different types of students (see below). Subject areas include all core subjects, as well as a variety of world languages and electives. The courses offer various types of engagement, such as essential instruction, need-to-know course preparation, re-teaching and extension activities, and Discovery Education™ videos. Instructional tools include embedded assessments, alerts and interventions, grading and attendance, and announcements and messaging. Multisensory engagement tools include flash and Discovery Education™ videos, an interactive student center, customized and printable textbooks, messaging, digital notebooks, forums, and blogs.

EdisonLearning offers the following types of course formats:

Traditional

Who it's for: Self-motivated students who are comfortable in a self-directed online learning environment.

What it is: Students are self-guided through the course. The performance alert system will notify the instructor when it may be necessary to intervene or provide additional support.

Special features:

- Daily assessments
- Quizzes/unit exams
- Open response assessment items
- Performance monitoring via interventions
- Diagnostic exam availability

Available courses: All courses are offered in this format.

Lessons per semester course: 90

Competency-Based

Who it's for: High-performing students who are eager to explore lesson content in more detail.

What it is: Lessons in this type of course are longer to provide students with more in-depth content. Additionally, students must demonstrate mastery of the standards that comprise a lesson in order to progress to the next lesson.

Special features:

- Course player
- Guided learning path
- Lesson gating
- Open response items
- Self-remediating performance monitoring
- Diagnostic exam availability

Available courses: All courses (except for world languages) are offered in this format.

Lessons per semester course: 90

Foundation

Who it's for: Students who desire structured delivery of lesson content.

What it is: Each course is designed to ensure that students master the foundational skills and knowledge that are critical building blocks for upper-level courses. Foundation eCourses provide a guided learning path and are ideal for high-achieving and struggling students alike.

Special features:

- Course player
- Guided learning path
- Lesson gating
- Open response items
- Self-remediating performance monitoring
- Diagnostic exam availability

Available courses: Fifteen core subject area courses in English/Language Arts, Math, Science, and Social Studies are offered in this format.

Lessons per semester course: 70

System-Graded

Who it's for:

- Self-directed students who wish to work independently
- Students who wish to supplement their instruction in a classroom-based course

What it is: The assessments for these courses do not include open-response items that require teacher grading.

Special features:

- Course player
- Guided learning path
- Lesson gating
- Self-remediating performance monitoring

Available courses: Select Math, Science, Social Studies, and elective courses are offered in this format.

Lessons per semester course: 90

EdisonLearning Middle School eCourses

EdisonLearning offers 22 middle school courses, including core courses and electives. Courses are delivered via EdisonLearning's proprietary Course Player, which is an easy-to-use and highly interactive course platform. Yearlong courses are broken into four parts and semester-long courses are broken into two parts. Teachers have access to various instructional tools, such as embedded assessments, grading and attendance, and announcements and messaging. Multisensory engagement tools include flash and education videos, an interactive student center, customized printable textbooks, and activity workbooks.

EdisonLearning's middle school eCourses include the following differentiating features:

Individualized Learning Experience

While the student is learning online, the course delivery platform monitors student responses on assessments. A student's responses are one component of the data supplied to a proprietary algorithm that identifies the student's Learning Zone.

If the Learning Zone indicates that the student will benefit from concept reinforcement or additional activities, the software automatically delivers these to the student. If the student is completing the required learning activities with ease, the software delivers enrichment content that will challenge the student.

By identifying students' Learning Zones, EdisonLearning curricula keep students engaged and make success attainable for a broad spectrum of learners.

State-of-the-Art Writing Center

The Writing Center helps students improve the quality of their writing. Students can submit their essays for review to the Writing Center, which is powered by a software program that checks the essay for elements of good writing and makes suggestions for improvement. After a student makes the suggested improvements and submits the revised essay, the system can read the essay to the student, if desired, which helps the student detect errors. When satisfied with the essay, the student submits it to the teacher for the course.

Common Core Standards Alignment

The framework of each curriculum is built according to Common Core Standards. The courses have been developed to meet or exceed the standards of traditional curricula.

Highly Structured, Predictable Environment

Each day, the student begins work by starting with the online MyDay interface. MyDay visually highlights the student's activities for that day, outlining the assignments in each content area and delineating the student's responsibilities.

Engaging, Interactive Curriculum

An introductory video presents the key concepts of each lesson. The video appeals to students who learn best through audio or visual means.

The MyBook application presents information in an on-screen text format. Students can draw, write, circle, trace, and highlight in their MyBook. These activities appeal to the kinesthetic learner and help keep all students engaged.

Online companion workbooks use puzzles, matching activities, and upbeat language to reinforce and enrich the online curricula.

EdisonLearning's web-based middle school curricula incorporate social elements in a fun, safe environment and give all students an opportunity to succeed.

High School—English

World Literature I (English 9)

By examining great works of literature from around the world, students will develop the skills to analyze and respond to various forms of literature, including essay, poetry, short story, and drama. The course begins by exploring some highly influential ancient pieces, and works its way forward to present day literature. Throughout this process students will see that although language and customs change, human beings today have many of the same experiences, ideas, and feelings that they had thousands of years ago. With that knowledge, students can relate to and learn from both ancient and modern authors, and can then share what they learn with those around them. Students will have the opportunity to practice different skills, including reading and analysis, speaking and listening, grammar, writing, and vocabulary. Students will also learn how to use various tools for review and to reinforce understanding. At the completion of this course, students will have gained both a knowledge of and appreciation for works of world literature, and will have increased their skills in reading, analysis, grammar, writing, and vocabulary.

Prerequisite: None

Format: T/C/F

Length: Semester/Year

World Literature II (English 10)

In World Literature II, students will continue expanding their knowledge of great works of world literature from ancient to modern times. In addition to drama, essay, and poetry, this course will include such genres as folktale, epic, and biography. Students will develop the skills to analyze and respond to the literature in greater depth, as well as gain a greater understanding of how language and customs change. Students will recognize the similarities and differences in human beings today and throughout history. Students will practice reading and analysis, speaking and listening, grammar, writing, and vocabulary. The students will also learn how to use various tools for review and understanding. At the completion of this course, students will have gained both a knowledge of and appreciation for works of world literature, and will have increased their skills in reading, analysis, grammar, writing and vocabulary.

Prerequisite: None

Format: T/C/F

Length: Semester/Year

American Literature (English 11)

Through this survey of American Literature, students will be able to understand and appreciate American history to its fullest. By incorporating history into literary studies, literature comes alive and holds more meaning for students. Students will read, analyze, and interpret a variety of genres, such as poetry, drama, folktale, and biography. They will be challenged to interpret each piece of literature soundly, and handle literary techniques skillfully; they will have the opportunity to relate much of what they read to the world that surrounds them. After the completion of this course, students will have increased their vocabulary skills, improved their grammar, usage, sentence structure, diction, and punctuation, and, finally, enhanced their reading, speaking, listening, and writing skills.

Prerequisite: None

Format: T/C/F

Length: Semester/Year

High School—English, *continued*

British Literature (English 12)

British literature has had a long-term influence on American culture and its variety of literary forms. By exploring British literature in this course, students will gain the tools to become active readers; critical and logical thinkers; and clear, concise writers. The instruction will offer a variety of strategies to help students develop the reading and writing skills necessary for success in any discipline. Each unit will follow a pattern designed to enhance existing reading comprehension, writing abilities, and speaking and listening skills, while offering a variety of British literature and providing ample opportunity to develop a deeper overall vocabulary. A written assignment, an exercise in organization, and an oral presentation in podcast form will also be part of the weekly process. After the completion of this course, students will have gained an understanding of British literature, and increased their vocabulary skills in reading comprehension, speaking, listening, and writing.

Prerequisite: None

Format: T/C/F

Length: Semester/Year

SAT® Critical Reading & Writing

This course is designed to help students prepare for the critical reading and writing portions of the SAT. In addition to gaining test-taking strategies, students will learn reading comprehension skills, including inferring ideas, understanding tone and intention, and identifying the meaning and the important and non-important parts of a piece of writing. Students will also learn about comma usage, case, identifying and creating complete sentences, and writing sentences that are concise and have subject-verb agreement. Finally, students will understand how to apply correct grammatical structure to sentences, recognize and understand modifiers and idioms, and develop a piece of writing in response to an essay question. At the completion of this course, students will have gained both a knowledge of and appreciation for the concepts included in the critical reading and writing sections of the SAT®.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Mathematics

| | |
|---------------------|---|
| General Math | <p>The goal of this course is to motivate students while helping them establish a strong foundation for success in developmental and consumer mathematics. The course leads students along a journey through basic mathematics and its applications, focusing on whole numbers, integers, decimals, and percent. Throughout this journey, the course highlights building mathematics skills to help students make sense of the mathematics they encounter each day. The students will use these basic concepts in the application of wages, banking, interest, credit, and consumer costs. At the completion of this course, students will have gained both a knowledge of and appreciation for mathematics and problem solving that will prepare them for their futures.</p> |
| | <p>Prerequisite: None Format: T/C/S Length: Semester/Year</p> |
| Pre-Algebra | <p>Pre-Algebra is designed to help students make a successful transition from arithmetic to algebra. The course focuses on basic concepts of arithmetic and the applications of mathematics. Students will learn about integers, fractions, decimals, expressions, equations, ratios, proportions and percents, inequalities, graphing, probability and statistics, and geometry. The course highlights the math skills that help students make sense of the mathematics they encounter each day. At the completion of this course, students will have gained both a knowledge of and appreciation for algebra and problem solving that will prepare them for future courses.</p> |
| | <p>Prerequisite: None Format: T/C/F/S Length: Semester/Year</p> |
| Algebra I | <p>This course takes students on a journey through algebraic concepts and applications. The course focuses on linear equations, inequalities, functions, graphing, systems of equations, polynomials, factoring, quadratic equations, probability, statistics, rational expressions, roots, and radicals. Throughout this journey, students will build critical thinking skills and problem-solving techniques that are required to help students grasp algebraic fundamentals. At the completion of this course, students will have gained both knowledge of and appreciation for algebra and the problem-solving skills they gain in this course will prepare them for future courses.</p> |
| | <p>Prerequisite: None Format: T/C/F/S Length: Semester/Year</p> |
| Geometry | <p>Through real-world examples and problems, the course encourages students to see how geometry is useful in everyday life. The course is organized as a journey through geometry and its many applications. The course focuses on parallel lines, perpendicular lines, triangles, circles, polygons, area, volume, similarity, trigonometry, geometric reasoning, and proofs. Throughout this journey, the course highlights building critical-thinking skills, and problem-solving techniques required to help students grasp geometric concepts. At the completion of this course, students will have gained both knowledge of and appreciation for geometry and problem solving that will prepare them for future courses.</p> |
| | <p>Prerequisite: Algebra I Format: T/C/F/S Length: Semester/Year</p> |

High School—Mathematics, continued

Algebra II

Students will continue their algebraic journey, gaining increasingly advanced knowledge and skills in algebra. They will focus on linear functions, linear systems, matrices, quadratic functions, polynomial functions, polynomials, exponential functions, logarithmic functions, rational functions, radical functions, conic sections, probability, statistics, sequence, series, and trigonometric functions. Students' critical thinking skills and problem-solving techniques will develop throughout the course. By the end of this course, students will have gained both knowledge of and appreciation for algebra and problem solving that will prepare them for future courses.

Prerequisite: Algebra I

Format: T/C/F/S

Length: Semester/Year

Trigonometry

This course explores the concepts and the applications of trigonometry in order to provide students with a solid foundation in the subject and an awareness of its many practical uses. For example, trigonometry is used to solve real-life problems in areas such as engineering, physics, construction, and design. In the course, students will investigate graphs, linear functions, quadratic functions, trigonometric functions, analytical trigonometry, analytical geometry, vectors, and advanced functions. Students will develop their critical thinking skills and problem solving techniques so that they succeed in understanding and applying trigonometric principals. At the completion of this course, students will have gained both knowledge of and appreciation for trigonometry and problem solving that will prepare them for future courses.

Prerequisite: Algebra II

Format: T/C

Length: Semester

Pre-Calculus

Pre-Calculus helps students gain the knowledge they will need for success in Calculus and other high school math courses. The course focuses on linear, rational, polynomial, exponential, and logarithmic functions; systems of equations; systems of inequalities; matrices; trigonometry; series; sequence; probability; vectors; and analytical geometry. Students will improve their critical thinking skills and their problem solving techniques. At the completion of this course, students will have gained both knowledge of and an appreciation for Pre-Calculus and problem solving that will prepare them for future courses.

Prerequisite: Algebra II

Format: T/C

Length: Semester/Year

Calculus

This course is designed to provide students with a solid foundation in calculus. The course guides students through calculus by focusing on functions, graphs, limits, differentiation, integration, parametric functions, and polar functions. Students' critical thinking skills and problem-solving techniques develop as they work through this course. At the completion of this course, students will have gained knowledge of and appreciation for calculus and its applications.

Prerequisite: Pre-Calculus

Format: T/C

Length: Semester/Year

High School—Mathematics, continued

Probability

In this course, students will take a comprehensive and engaging look at the field of probability. First, they will learn about the basic terms, types, theories and rules of probability. Next, the course covers random outcomes and normal distributions, as well as binomial probabilities. Finally, students will learn about geometric probability, sampling distribution, how to understand populations, and the central limit theorem. At the completion of this course, students will have gained both a knowledge of and appreciation for the field of probability and how it is useful in everyday life.

Prerequisite: None

Format: T/C

Length: 9-week

Statistics

This course opens students' eyes to the many uses of statistics in the real world—from sports and the weather to health and politics. Students will learn about topics including basic concepts, graphs used to represent data, and ways to analyze data. They will explore statistical relationships, including the use of correlations, residuals and residual plots, and scatter plots. Finally, students will learn how to model nonlinear relationships using exponential and logarithmic functions and how to design a sample to produce the correct type of data (observational vs. experimental). At the completion of this course, students will have gained both knowledge of and appreciation for the field of statistics and its importance.

Prerequisite: None

Format: T/C

Length: 9-week

SAT[®] Mathematics

This course helps students prepare for the mathematics portion of the SAT[®] by equipping them with the knowledge and strategies needed to succeed on the test. Students will learn about basic mathematical theories and operations, including rational numbers, integers, methods to solve counting problems, and the characteristics of sequences and series of numbers. Students will learn how to use algebra to solve problems, including polynomial functions, linear equations and inequalities, and variation. The final unit covers geometrical shapes and how to calculate the area and perimeter of polygons and the circumference of circles. Students will also learn to solve for missing angles and sides of triangles, and understand lines, similar figures, and ratios. At the completion of this course, students will have gained both a knowledge of and appreciation for the concepts included in the SAT[®] Math exam.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Science

Physical Science

Physical Science is an interactive and engaging course that covers the sciences of chemistry and physics. The course begins with a unit on the nature of science and a review of measurement and its importance. The study of chemical principles then begins, exposing students to topics such as the properties of matter, the structure of the atom, the formation of bonds, and the properties of solutions. The course then moves to the science of physics, describing the topics of motion, force, work, and energy. Students in the course are asked to apply their knowledge of these topics through problems, explanations, and graphs, while maintaining their interest through engaging activities and explorations. Hands-on lab activities are found frequently throughout the course to reinforce the material and to give the students an opportunity to apply their knowledge through experiments and activities.

Prerequisite: None

Format: T/C/F/S

Length: Semester/Year

Earth Science

Earth Science is the combined study of geology, physics, chemistry, and biology as they impact our Universe; the Earth's internal processes; and the structure and relationships of the natural world. This interactive and engaging course will provide students with the core knowledge of Earth's natural systems and place in the Universe. Included in this course is a study of the Earth's air, water, and physical processes that shape the physical world. This course also focuses on how human civilization has impacted the balance of nature. Students will gain knowledge of the most modern science behind topics such as continental drift, fossil dating, the cause of the seasons, natural disasters, ocean ecosystems, and alternative energy sources. At the completion of this course, students will have gained an appreciation for and understanding of Earth Science, and will have laid the groundwork for future studies in science.

Prerequisite: None

Format: T/C/F/S

Length: Semester/Year

Biology

The science of biology is a large, complex, and constantly changing subject. This course will provide students with a broad and interactive experience covering the main topics of biological science. Students will be exposed to topics ranging from the process of science to cell reproduction to the diversity of life. Students will also learn about the chemical components of life, the process of energy conversion, and life's functions. The course will explore the subjects of genetics and evolution, incorporating the latest scientific research to support the students' learning. Finally, the course covers ecology in order to raise student awareness of the many challenges and opportunities of the modern biological world. Throughout the course, students will complete lab activities that reinforce the material and give them an opportunity to apply their knowledge through interactive experiments and activities.

Prerequisite: None

Format: T/C/F/S

Length: Semester/Year

Chemistry

Chemistry is an important science that challenges students to apply their studies in previous sciences to new theories, models, and problems. The course begins with a discussion of the history and importance of chemical principles, moves through the various models of the atom and chemical reactions, explores relationships among liquids, gases, and solids, and investigates the role of energy in these relationships. The course ends with a unit on organic chemistry, a branch of the science that focuses on the molecules that are important to living things. At the completion of this course, students will have gained a basic knowledge of and appreciation for the field of chemistry, and its importance. Lab activities are found throughout the course in order to reinforce the material and provide an opportunity for students to apply their knowledge through hands-on experiments and activities.

Prerequisite: Algebra I

Format: T/C/F/S

Length: Semester/Year

High School—Science, continued

Physics

Although physics can be a challenging science, this is an incredibly engaging and rewarding course designed to provide students with an overview of both the traditional subject matter as well as the latest, most modern research in the field today. Beginning with Newtonian Mechanics, students will learn that every object is acted upon by multiple and predictable forces. The course moves on to cover fluid mechanics and the relationships between matter and energy as the laws of thermodynamics are investigated. The course also covers the topics of electricity and magnetism and explores the various models used to explain and apply these universal forces. Students also learn the characteristics of waves and the basics of optics before the final set of lessons on atomic physics. Here, the students will review the characteristics of the atom and its elemental particles; students will also apply their knowledge to modern physics. At the completion of this course, students will have a knowledge of and appreciation for the field of physics and its applications.

Prerequisite: Algebra II

Format: T/C

Length: Semester/Year

Astronomy

Students will take a fascinating journey through the cosmos and learn the basic concepts involved in the study of astronomy. The course begins with a study of the celestial objects closest to home, scanning the solar system to provide students with an overview of the planets, moons, asteroids, and comets that revolve around the sun. The course then moves beyond the solar system to cover the characteristics of the galaxy – the Milky Way. Students will be amazed to learn the sheer size of this system and of other galaxies nearby. They will also be in awe of what they learn about the formation and death of stars, supernovas, black holes, and even theoretical wormholes. Finally, the course reaches to the edges of time and space to investigate the properties of the Universe as a whole. Theories explaining the very beginnings of existence and the expansion of the Universe will be covered. Students will also learn about Einstein's theory of relativity and time travel and the search for extra-solar planets. At the completion of this course, students will have gained both a knowledge of and appreciation for the field of astronomy and its importance.

Prerequisite: None

Format: T/C

Length: 9-week

Life Science

This survey of the biological sciences will introduce students to the structure and function of living things and the natural relationships that exist on Earth. The course begins with the definition of life and a discussion of how living things are classified and organized by scientists. Students will then work through material that presents the molecular building blocks of organisms, both microscopic and macroscopic views of life, the diversity and universality of species, and the characteristics of various groups of life. The course culminates with a unit on evolution, asking students to apply what they learned about the natural world to the complex relationships and environmental factors that have shaped the ever-changing species sharing the world today. At the completion of this course, students will have a basic knowledge and understanding of the biological sciences that will set them up for success in future science courses concerning the natural world.

Prerequisite: None

Format: T/C/S

Length: Semester

Superstars of Science

Superstars of Science will help students appreciate the accomplishments and impact upon today's society made by the most influential scientists in history. From scientists who lived in Ancient Greece to those who are still alive and working today, students will take a journey to meet 45 superstar scientists from all over the world. This timeline structure allows students to see how science is cumulative in nature and how the discoveries and inventions of every scientist are influenced by past breakthroughs. It is commonly said that every great scientist stands on the shoulders of those in the past, and this course explores that concept. The biography of each scientist, one per lesson, includes not only their contributions to their field, but also the context of their work at the time and the reaction of the world to their groundbreaking ideas. At the completion of this course, students will have an understanding of the work of important scientists and their cumulative impact on modern science.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Science, continued

Environmental Science

Environmental Science, sometimes referred to as Ecology, is the study of the relationships and interdependence of organisms and their connection to the non-living, or abiotic, factors in the natural world. This course provides students with a profile of the living relationships, abiotic factors, human influences, and current state of Earth's ecosystems. The course begins with a review of science as a process and the general components of Earth's structure that impact life. It then progresses through a study of the living groups and their relationships to one another, focusing on the balance achieved by nature through these relationships. Populations are explored and examples of unchecked growth and rapid extinction are provided in the context of their effect on ecosystems. A unit is dedicated to aquatic ecosystems, the organisms that live there, and the impact that human beings have had on the delicate balance and complex systems found there. The influence of energy extraction, production, and use is covered, and the course ends by examining the positive influence humans can have on the environment through conservation and sound management practices. At the completion of this course, students will have an understanding of and appreciation for environmental science and its impact on their daily lives.

Prerequisite: None

Format: T/C

Length: Semester

Epidemiology

Epidemiologists investigate the causes of disease and other public health problems in an effort to prevent them from spreading. This course introduces students to the field of epidemiology, including the basic concepts related to infectious disease, specializations in epidemiology, and study design. Students will learn about the specific parts of an epidemiology study and why they are important. Finally, students will learn how to understand epidemiologic studies, including types of sampling, selection bias, standardization, confidence intervals, and evidence-based research. At the completion of this course, students will have gained both knowledge of and appreciation for the field of epidemiology and its impact on the world they live in.

Prerequisite: None

Format: T/C

Length: 9-week

Natural Disasters

Around the globe, natural disasters are a seemingly daily occurrence. This course provides an overview of the different types of catastrophic forces of nature and their impact on the populations that they strike. The course will give students a greater understanding of what causes natural disasters and what effect they have; students will also investigate what can prevent such disasters. The first unit covers land-based events, detailing how scientists predict and react to avalanches, earthquakes, volcanic eruptions, mudslides, and fires. The second unit focuses on catastrophic events that begin in the ocean and atmosphere, describing the impact of flooding, hurricanes, blizzards, and droughts. The final unit of the course explains how disease spreads and how quickly it can impact the world's population. This last unit of this course focuses on potential catastrophic impacts from comets and asteroids. At the completion of this course, students will have an understanding of natural disasters and their impact on the world.

Prerequisite: None

Format: T/C

Length: 9-week

Forensics

Students will be introduced to the field of forensics, through a comprehensive and engaging look at related careers, laboratories, crime scene processing, evidence, and the impact of media on criminal investigations and trials. Students will learn about specific techniques used in crime scene investigation, including autopsy, fingerprint analysis, DNA fingerprinting, and other types of evidence and analysis important to solving crimes. Finally, students will be introduced to a variety of specialized forensic sciences, analyze specific case studies, and learn about the Innocence Project and Freedom Project. At the completion of this course, students will have gained both knowledge of and appreciation for the field of forensics and its application.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Science, continued

Genetics

Through this introduction to the field of genetics, students will learn about the theories of Darwin and Wallace; the concepts of adaptation, genotype and phenotype; and basic concepts related to cells, DNA, and RNA. Students will also learn about Gregor Mendel, his pioneering work in genetic variation, and the basic concepts that have been developed since. Finally, students will learn about applications of genetics, including metagenomics, genetically modified organisms, DNA technologies, genetic testing, and other clinical and non-clinical applications of the technology. At the completion of this course, students will have gained both knowledge of and appreciation for the field of genetics and its application.

Prerequisite: None

Format: T/C

Length: 9-week

Stem Cells

The diverse and rapidly changing field of stem cell research comes alive for students in this course. Students learn about the different types of stem cells, how stem cells were discovered and their importance to research, and the goals, challenges, and controversies in the field. Students will learn about human and mouse embryonic stem cells and a variety of stem cells found in different parts of the body, as well as the potential clinical applications of these cells to human medicine. Finally, students will learn about stem cell research models. At the completion of this course, students will have gained both knowledge of, and appreciation for, stem cells and their potential impact on human health.

Prerequisite: None

Format: T/C

Length: 9-week

Biotechnology

This course is designed to provide students with a comprehensive and engaging look at the field of biotechnology. Students will explore the history of biotechnology and advances in the field, as well as basic information about biotechnology laboratories and careers. Students will learn about chemistry and the units of measurement used in biotechnology, as well as basic biology of the cell, DNA, RNA, and proteins. Finally, students will learn about applications of biotechnology in the research lab and in industry, including enzymes, techniques, plasmids, and other key biotechnologies. At the completion of this course, students will have gained both knowledge of and appreciation for the field of biotechnology and its impact on the world around them.

Prerequisite: None

Format: T/C

Length: 9-week

Introduction to Technological Sciences

Students enrolling in this course will learn about three main fields of technological science: engineering, biotechnology, and information technology. The first unit of the course surveys 15 distinct sub-fields of engineering, exploring the science background, real world applications, and career opportunities in aerospace, nuclear, software, and other types of engineering. The second unit involves the study of cutting-edge biotechnology topics such as gene therapy, bioengineering crops, and biodegradation. The last unit of the course focuses on the study of informational technology, covering computer networking, data storage, and the encryption of data to provide secure communication. At the completion of this course, students will have a general knowledge of and appreciation for technological sciences and their applications.

Prerequisite: None

Format: T/C

Length: 9-week

Science of Computing

Students in this course will survey the past, present, and future of computer technology. They will explore fascinating and enlightening topics, such as the fact that Stonehenge may actually have been used as a type of computer. The course explores inventions such as the abacus and advancements such as the microprocessor that have made today's technology possible. Students will also learn about the science behind the hardware and software used today. Topics like algorithms, operating systems, and networks are described in detail and placed into context as tools for human innovation. Finally, the course looks to the future, introducing students to foreseeable improvements to current technology and visionary breakthroughs like artificial intelligence, quantum security, and biological processors.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Science, continued

Sports Medicine

In this course, students will explore how to keep “the human machine” in optimal condition. They will learn about various aspects of sports medicine, including careers, basic concepts, and techniques. The course examines the human body and different types of training programs. Students will also learn about sports injuries and how they are treated so that athletes are able to compete again. At the completion of this course, students will have gained both a knowledge of and an appreciation for the field of sports medicine and its applications.

Prerequisite: None

Format: T/C

Length: 9-week

Sports Science

Modern day sports and the world-class athletes who excel at them take center stage in this journey through sports science. This course provides students with a survey of the impact of physics, biomechanics, and physiology on 14 modern sports. The first unit will describe the role physics plays in a variety of sports, from the aerodynamics involved in auto racing to the force behind a boxer’s right hook. The next unit investigates the biomechanics of these sports, discussing concepts like the contortion of a gymnast’s body and the cause of tennis elbow. The last unit focuses on the limits of the human body, describing the energy used by cyclists during a mountain climb through the Alps and the reaction time required to hit a 90 miles per hour fastball. Overall, the course presents engaging information that will forever change the way students look at world-class athletes and competition.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Social Studies

World History

World History takes students on a journey through the historical events that have shaped the modern world. The material is organized sequentially, exploring history from 1400 AD to the present day. The course focuses on the leaders of the world's most influential countries and the impact that their decisions and innovation had on the populace. Topics covered include the Renaissance, the French Revolution, the Industrial Revolution, and the World Wars. At the completion of this course, students will be enlightened to the relationship between past events and the characteristics of the present-day world.

Prerequisite: None

Format: T/C/F/S

Length: Semester/Year

Early American History

From the impact of the early Spanish explorers through the Civil War, this course explores the key events of European exploration and colonization of the Americas. Students will learn about the establishment of the United States as an independent country, the importance of the U.S. Constitution, and the impact of the Constitution on the continued development of the country. At the completion of this course, students will have gained both a knowledge of and appreciation for the early history of the United States.

Prerequisite: None

Format: T/C

Length: 9-week

American History

From the end of the Civil War in 1865 to the height of the Cold War in 1980, this course takes students on a journey through the key events that have shaped America as a nation since that divisive and destructive Civil War. The journey begins with the Reconstruction, a period of great transition and opportunity to heal a broken nation. It passes through the great migration westward and explores how the Industrial Revolution and waves of immigration fueled the flames of the American spirit today. The course details the challenges America faced and how equality did not come freely for populations of American Indians, African Americans, immigrants, and women. Students will learn how the core values of the founding fathers eventually prevailed and led to the Women's Suffrage and Civil Rights Movements. The impact of war is closely investigated in the course, with units covering the role of the United States in World War I, World War II, the Korean War, and the Vietnam War. Throughout this journey, the course highlights the great political, industrial, military, and human rights leaders who shaped America into a beacon of hope. At the completion of this course, students will have gained both a knowledge of and appreciation for the events and people who have impacted the growth of a nation.

Prerequisite: None

Format: T/C/F/S

Length: Semester/Year

U.S. Government

This stimulating course offers students a comprehensive examination of the U.S. government. Students will explore the evolution of American democracy from its birth in the 18th century to the expansive role of the federal, state, and local administrations of today. Topics such as changes to the Constitution, the function of Supreme Court, the structure of Congress, and the importance of the media are investigated in order to give students a well-supported background of the reasons for and responsibilities of government. The relationship between the political parties and lobbyists is detailed, as well as the processes of monitoring and funding federal elections. Finally, students will learn about the roles of state and local governments and the direct impact these organizations have on our daily lives. At the completion of this course, students will have a knowledge of and appreciation for the workings and history of the U.S. government and its impact on American Society.

Prerequisite: None

Format: T/C/F/S

Length: Semester/Year

High School—Social Studies, continued

World Geography

This course illustrates the world's geographical division, the documentation of the land and water masses by topographers and geographers, and the differences between Earth and the other planets in our solar system. Not only will the course discuss the world's physical traits, but it also highlights cultural differences between countries. While each country has its different norms, they all contribute to the world's international relations. Studying geography allows students to determine energy usage and how to make the most of our planet without abusing its resources. Each section of World Geography can be examined historically, culturally, physically, and economically, offering students a diverse knowledge and understanding of the world.

Prerequisite: None

Format: T/C

Length: Semester/Year

Macroeconomics

In this Macroeconomics course, students will study the branch of economics that deals with the performance, structure, and behavior of a national or regional economy as a whole. Along with microeconomics, macroeconomics is one of the two most general fields in economics. Macroeconomists study aggregated indicators such as GDP, unemployment rates, and price indices in order to understand how the whole economy functions. Upon completing this course, students will recognize the events and people who have impacted the growth of macroeconomics.

Prerequisite: None

Format: T/C/S

Length: Semester

Microeconomics

The field of microeconomics explores the economic decisions made by individual and groups. In this course, students will learn all about the basic structure of economics and how it affects world events and the everyday lives of people. The course will cover basic economic concepts, including supply and demand and consumer theory. Students will also explore traditional, command, and market economies, and take a look at the role of governments in different economies. Upon completing this course, students will have a better understanding of personal finance, the role and process of taxation, and the risks and rewards of investment.

Prerequisite: None

Format: T/C/S

Length: Semester

Psychology

The study of psychology shows students how their senses, perceptions, emotions, and intelligence influence the way they think, feel, and learn. In this course, students will learn about the field of psychology, including the concepts and tools used to assess intelligence, sensation and perception, memory, motivation and emotion, and learning. At the completion of this course, students will have gained both knowledge of and appreciation for psychology and how it affects everyone.

Prerequisite: None

Format: T/C

Length: Semester

Sociology

The field of sociology explores the development, dynamics, and structure of society, and its connections to human behavior. It examines the ways in which groups, organizations, communities, social categories (such as class, sex, age, or race), and various social institutions (such as kinship, economic, political, or religious) affect human attitudes, actions, and opportunities. In this course, students will learn about the concepts and tools used to understand individuality, social structure, inequality, family structure, education, economics, politics, and social change. At the completion of this engaging course, students will have gained both a knowledge of and appreciation for sociology and how it affects everyone.

Prerequisite: None

Format: T/C

Length: Semester

High School—World Languages

| | |
|--------------------|---|
| Spanish I | <p>Spanish I introduces students to the Spanish language. Within each unit, 14 of the lessons present new information including useful vocabulary and grammatical structures, and introduce relevant cultural information. The last lesson of each unit is focused on practice and review. Each unit builds on the previous, so it is important to complete the course sequentially. This introductory course provides a solid foundation for students to build proficiency in listening, speaking, reading and writing, and will provide students with basic skills and contextual information for using Spanish in their lives daily, with travel, or in their professions.</p> |
| | <p>Prerequisite: None Format: T Length: Semester/Year</p> |
| Spanish II | <p>Students will be immersed in the Spanish language, while learning cultural aspects of Spanish-speaking countries. The course offers students a comprehensive and engaging profile of the Spanish language, while building upon what content was learned in Spanish I. The course will provide them with a comprehensive review of Spanish grammar while increasing the detail with which they use the language. At the completion of this course, students will have gained both a knowledge of and appreciation for the Spanish culture, including the events and people that have impacted its growth.</p> |
| | <p>Prerequisite: Spanish I Format: T Length: Semester/Year</p> |
| Spanish III | <p>In this level three Spanish course, students will take what they learned in their previous Spanish courses and apply it in conversation. Students will explore cultural aspects of Spanish-speaking countries ranging from schools and careers to sports and authors. At the completion of this course, students will have built on their previous skills, and will be able to express themselves through conversation in Spanish.</p> |
| | <p>Prerequisite: Spanish II Format: T Length: Semester/Year</p> |
| Spanish IV | <p>From the Caribbean to South America, Mexico to Spain, students continue their exploration of Spanish and Latin American language and culture. The course is designed to provide students with an advanced knowledge and deep appreciation of the many Spanish-speaking peoples and countries around the world. At the completion of this course, students will have gained the knowledge and skills to speak, read, and write in the Spanish language with basic fluency.</p> |
| | <p>Prerequisite: Spanish III Format: T Length: Semester/Year</p> |
| French I | <p>Students will explore the French language and culture in this comprehensive and engaging introduction to French. Students will start by learning how to pronounce the alphabet and numbers; by the end of the course, students will be able to carry on a conversation in French and will have gained both a knowledge of and appreciation for the French people, culture, and language. Through this course students will have built a foundation for further study of the French language.</p> |
| | <p>Prerequisite: None Format: T Length: Semester/Year</p> |

High School—World Languages, continued

French II

In French II, students continue their virtual educational tour through France and other French-speaking countries and regions. This second level French course takes a historical perspective in teaching the language. Students will learn not only about the French language, but they will also learn about famous people who speak the language. At the completion of this course, students will have gained a deeper knowledge of and appreciation for the French culture and the French language.

Prerequisite: French I

Format: T

Length: Semester/Year

French III

This course continues building students' vocabulary, grammar, and communication skills in order to improve their ability to speak, read, and write in French. Students will take what they learned in their previous French courses and learn to apply it in conversation. At the completion of this course, students will have built on their previous skills, and will be able to express themselves through conversation in French.

Prerequisite: French II

Format: T

Length: Semester/Year

French IV

In this level four French course, students will apply the knowledge they gained in their previous French courses to become true Francophones. Students will explore exciting eras of French history, from the Crusades to the Renaissance to modern day, learning about famous authors and historical figures along the way. The course is designed to provide students with an advanced knowledge and deep appreciation of the French language and culture. At the completion of the course, students will have gained the knowledge and skills to speak, read, and write in the French language with basic fluency.

Prerequisite: French III

Format: T

Length: Semester/Year

Chinese I

In Chinese I, students will be introduced to the basics of Chinese language and culture. Students will start by learning to pronounce the alphabet and numbers, and continue on to develop the vocabulary and phrases to be able to describe themselves and others. The course will focus on the most essential information needed to communicate in the Chinese language. By the end of the course, students will be able to carry on a conversation in Chinese and will have gained both knowledge of and appreciation for the Chinese people, Chinese culture, and the Chinese language.

Prerequisite: None

Format: T

Length: Semester/Year

Chinese II

Chinese II is organized as a journey through the different regions of China, allowing students to build upon the foundation they gained in Chinese I. Students will be immersed in the language, while learning various cultural aspects of China. The course will provide students with a comprehensive review of Chinese vocabulary and common expressions, while adding to their knowledge by increasing the detail with which they use the language. At the completion of this course, students will have gained both knowledge of and appreciation for the Chinese language, including the events and people that have impacted its growth.

Prerequisite: Chinese I

Format: T

Length: Semester/Year

High School—World Languages, *continued*

German I

This course is designed to provide students with a comprehensive and engaging look at the German language and culture. Students will start off this first level German course by learning how to pronounce the alphabet and numbers, and will end by carrying on a conversation in German. The course will focus on the most essential information needed to communicate in the German language. At the completion of this course, students will have gained both knowledge of and appreciation for the German people and the German language.

Prerequisite: None

Format: T

Length: Semester/Year

German II

German II takes students on a journey through the German language, building upon the content learned in German I. Students will be immersed in the language, while learning cultural aspects of German-speaking countries. The course will provide students with a comprehensive review of German grammar while adding to their knowledge by increasing the detail with which they use the language. At the completion of this course, students will have gained both knowledge of and appreciation for the German language, including the events and people that have impacted its growth.

Prerequisite: German I

Format: T

Length: Semester/Year

High School—Electives

| | |
|--|--|
| Fitness | <p>This Fitness course is all about the latest ways to lead an active, healthy life. The course will provide up-to-date information to help students in establishing healthier lifestyles and a better understanding of the close relationship between physical activity, nutrition, and overall health. This course will support and encourage students to develop an individual optimum level of physical fitness, acquire knowledge of physical fitness concepts, and understand the importance of a healthy lifestyle. At the completion of this course, students will have gained both knowledge of and appreciation for fitness and how it affects everyone.</p> |
| | <p>Prerequisite: None Format: T/C Length: Semester</p> |
| Health | <p>This course is organized as a journey through health and wellness today. Today, the term health no longer means just the absence of illness. Instead, health refers to the overall well-being of your body, your mind, and your relationships with other people. The course shows students how to lead healthy lives, and includes such topics as disease, mental health, drug use, and reproductive health. At the completion of this course, students will have gained both knowledge of and appreciation for health and wellness and how it affects everyone.</p> |
| | <p>Prerequisite: None Format: T/C/S Length: Semester</p> |
| Life Skills | <p>Life Skills is a comprehensive career-development course for high school students making the transition to life after high school. The course shows students the steps to choosing a career, conducting a job search, selecting the right college, applying to college, and getting financial aid. From maintaining a healthy body and a safe home to finding and keeping a job, this course prepares young adults for a successful life after high school. At the completion of this course, students will have gained both knowledge of and appreciation for these important life skills.</p> |
| | <p>Prerequisite: None Format: T/C/S Length: Semester</p> |
| Introduction to Music Theory | <p>In this course, students will be immersed in the world of music. The course is designed to provide students with a comprehensive and engaging look at music theory. They will learn about various aspects of music theory, including the different types of musical staves. Students will also learn about notes, scales, chords, and harmonies. At the completion of this course, students will have gained knowledge of and appreciation for music theory.</p> |
| | <p>Prerequisite: None Format: T/C Length: Semester</p> |
| Introduction to Office Applications | <p>Learning how to use Microsoft Office applications equips students with important skills for both school and career. In this course, students will learn the basics of the following Office Applications: Microsoft® Word, Excel®, Access®, and PowerPoint®. Students will learn how to use each application in detail and how to make the applications work for them. At the completion of this course, students will have gained both a knowledge of and appreciation for Microsoft® Office and how they can use these applications.</p> |
| | <p>Prerequisite: None Format: T/C Length: Semester</p> |

High School—Electives, continued

Introduction to OpenOffice Applications

Introduction to OpenOffice Applications teaches students how to use the OpenOffice.org™ word processing and presentation applications, Write and Impress. In addition, students learn the benefits of the OpenOffice environment. The first part of the course covers the basics of OpenOffice Writer, including how to create, save, and customize Writer documents. The skills learned through class assignments enable students to complete real-world OpenOffice Writer tasks. Students learn document management, how to edit and proofread documents, and how to change the appearance of text. The next part of the course teaches students to use OpenOffice Impress, the OpenOffice application that helps users create and manage multimedia presentations. Students practice creating, saving, and customizing Impress presentations for school and personal use. The course also covers creating, editing, and sequencing slides as well as producing corresponding handouts.

Prerequisite: None

Format: T/C

Length: Semester/Year

HTML

Students can gain basic HyperText Markup Language (HTML) web design and programming skills in this introduction to HTML. Students will learn about the basic elements required to build a website, including lists, tables, frames, and other web design elements. They will practice designing and using cascading style sheets to enhance a webpage. Finally, students will learn and apply basic web design and layout principles, including testing and publishing a website. At the completion of this course, students will have gained both knowledge of and appreciation for HTML and its use for web design and programming.

Prerequisite: None

Format: T/C

Length: 9-week

JAVA™

In this course, students will be introduced to the JAVA™ programming language and its use in programming. Students will learn about the JAVA™ language, how programs work, basic programming tools used to design web applications, and how to write a basic program. Students will learn about arrays, objects, creating behavior with methods, forming an inheritance hierarchy, and designing and creating subclasses and superclasses. Finally, students will apply what they have learned to build user interfaces and use input and output streams to move data. At the completion of this course, students will have gained both knowledge of and appreciation for the JAVA™ programming language.

Prerequisite: None

Format: T/C

Length: 9-week

Chemical Engineering

This course offers students a comprehensive and engaging look at the field of chemical engineering. Students will learn the basic concepts used in chemical engineering, including systems of units, the periodic table of the elements, molecules, compounds, bonding, temperature and pressure. Students will learn about chemical systems and reactions, including stoichiometry, open and closed systems, multiple components systems, and chemical reactions. Finally, students will understand gases and gas laws, pressure, systems, energy, and enthalpy. At the completion of this course, students will have gained both knowledge of and appreciation for the field of chemical engineering and its growing importance in today's society.

Prerequisite: None

Format: T/C

Length: 9-week

High School—Electives, *continued*

Computer Engineering

The study of psychology shows students how their senses, perceptions, emotions, and intelligence influence the way they think, feel, and learn. In this course, students will learn about the field of psychology, including the concepts and tools used to assess intelligence, sensation and perception, memory, motivation and emotion, and learning. At the completion of this course, students will have gained both knowledge of and appreciation for psychology and how it affects everyone.

Prerequisite: None

Format: T/C

Length: 9-week

Electrical Engineering

Students can learn all about electrical engineering in this introduction to the field. The course covers the basic concepts used in electrical engineering, including an introduction to electricity, circuits, energy, work, power, the components of circuits, and some simple applications of electricity. Students will learn basic circuit concepts, including series and parallel circuits, laws of electricity, and how circuits are used. Finally, students will learn about real life applications of circuits, including everyday items such as on/off switches. At the completion of this course, students will have gained both knowledge of and appreciation for the field of electrical engineering and its many applications.

Prerequisite: Algebra I

Format: T/C

Length: 9-week

Mechanical Engineering

This course will introduce students to the field of mechanical engineering and its many applications in the world today. Students will learn the basic concepts used in mechanical engineering, including systems of units, vectors, forces, moments, force systems, couples, and equilibrium problems. Students will learn about the methods of joints and sections, define centroids, explain distributed loads, explain center of mass and axes, and state the Pappus-Guldinus theorems. Finally, students will learn about dry friction, beams, cables, load distribution, pressure, and potential energy. At the completion of this course, students will have gained both knowledge of and appreciation for the field of mechanical engineering and its importance.

Prerequisite: Algebra I

Format: T/C

Length: 9-week

7th & 8th Grade eCourses™

EdisonLearning's Middle School product offering leverages the innovative course player delivery technology used in our Competency-Based and Foundation eCourses.

The latest educational research shows that middle school students learn best in a highly structured, predictable environment that is individualized and allows students to exercise "student choice." Educational research also shows that today's middle school students are "digital natives" and as users demand a degree of digital sophistication that is unique to the present generation.

Some of the major features of EdisonLearning Middle School eCourses include:

Common Core Standards, Recognized Goals

The framework of each curriculum consists of Common Core Standards. The courses have been developed to meet or exceed the standards of traditional curricula.

A Highly Structured, Predictable Environment

Each day the student begins his or her work by starting with the online MyDay interface. MyDay tells the student what he or she will do that day, outlining the assignments in each content area. MyDay clearly lists the student's responsibilities.

Engaging Curriculum That Appeals to a Variety of Learning Styles

An introductory video presents the key concepts of each lesson. The video appeals to students who learn best through audio or visual input.

The MyBook application presents information in on-screen text format. Students draw, write, circle, trace, and highlight in MyBook. These activities appeal to the kinesthetic learner and keep all students engaged.

Online companion workbooks use puzzles, matching activities, and upbeat language to reinforce and enrich the online curricula.

Individualized for Students

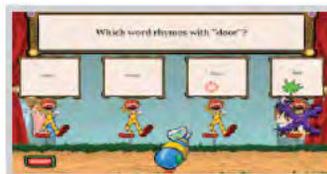

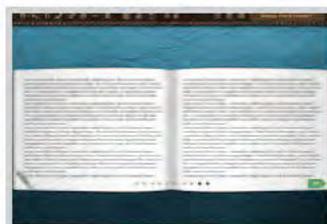

While the student is learning online, the course-delivery platform monitors student responses on assessments. A student's responses are one component of data supplied to a proprietary algorithm that identifies the student's Learning Zone.

If the Learning Zone indicates that the student will benefit from concept reinforcement or additional activities, the software automatically delivers these to the student. If the student is breezing through activities with ease, the software delivers enrichment content that will challenge the student.

By identifying students' Learning Zones, EdisonLearning curricula keep students engaged and make success attainable for a broad spectrum of learners.

Providing State-of-the-Art Tools That Help Students Help Themselves

In the Writing Center, students may submit their essays for review by the software. A student identifies essay type and reports the number of paragraphs in the essay. The Writing Center system checks the essay for elements of good writing and makes suggestions about how the student can improve the essay. After a student has made the suggested improvements and submitted the revised essay, the system will read the essay to the student, if desired. When the student is satisfied with his or her work, the student submits the essay to a human grader.

Middle School—English/Language Arts

English/ Language Arts 7

From poetry to novels, folklore to myth, this course introduces students to various style of writing from ancient times to present. Students read literature appropriate to the 7th-grade level while learning to analyze literature. Through this analytical process, the students are able to use these skills creatively to enhance their own writing. The course focuses on different elements of reading and the creation of specific types of essays.

Part 1

The first part of the course focuses on the elements of fiction. Students learn how characters, setting, and plot contribute to literary fiction. The curriculum provides students with opportunities to identify and explain the components of fiction as well as to use them creatively in their own written work. Students also learn the steps of the writing process. Knowing and understanding the process prepares students to write the essays they will create throughout the course. In Part 1, students write narrative essays.

Part 2

Students experience and learn about different types of poetry focusing on the figurative and descriptive language common in poetry. The lessons encourage active use of the concepts presented; students identify and analyze poetic elements during reading. In addition, students learn about the themes and characteristics of myth and folklore. Students apply the analytical skills learned by studying poetry related to myths and various types of folktales—forms that, like poems, tend to be short and condensed. As students write their own descriptive essays, the curriculum prompts them to apply the techniques of poetic language to create vivid images.

Part 3

In Part 3, students learn about grammar and genre. Part 3 stresses the importance of basic grammatical skills: the ability to identify the parts of speech and use them correctly and effectively. In addition, students learn about basic stylistic elements: slang, sentence variety, and transitions. Students learn to identify specific genres of writing. The lessons show students how to research and organize non-fiction and apply what they have learned about grammar and style while producing objective informational essays.

Part 4

The curriculum helps students expand what they have learned about character, setting, and plot, applying the expanded concepts to longer texts, such as novels. Students learn active reading and research skills that enable them to recognize bias and the techniques of persuasion in different genres, such as biographical writing. Students apply their new skills as they write persuasive essays based on their own beliefs or opinions.

Prerequisite: None

Length: Semester/Year

Middle School—English/Language Arts, *continued*

English/ Language Arts 8

Students continue their exploration of various genres in order to further build their skills in reading, writing, literary analysis, and comprehension. In addition to poetry, essay, myth, and folklore, students will also examine genres such as biography, memoir, and drama. The course focuses on different elements of reading and the creation of specific types of essays. The curriculum is designed to enable students to demonstrate their individuality through writing reflective and persuasive essays based on their own thoughts and ideas.

Part 1

Students focus on the elements of narrative writing, learning about plot, theme, and historical setting. Students review the steps of the writing process, making connections between each stage of writing and a well-formed final product. Students write narrative essays, applying the elements of fiction to their own writing.

Part 2

This part of the curriculum helps students analyze poetry, myth, and folklore. Students learn about specific types of poetry and traditional texts, discovering the unique characteristics of each. By studying figurative language, students enhance their ability to analyze literary works and to improve their own writing. Students write informational essays. The curriculum stresses that solid research is a component of the genre.

Part 3

In Part 3, students learn how authors use various organizational methods and visual features to organize texts and how readers can use these components to enhance understanding. Students improve their ability to recognize biased language. Students write persuasive essays based on their own thoughts and opinions.

Part 4

Students learn the characteristics of several literary genres -- observational essays, memoirs, and biography -- with an emphasis on drama. Students discover the conventions of play writing and see how drama employs the elements of fiction. Students learn the active-reading skills of conclusion drawing and note-taking and apply these skills to grade-level texts. Students learn writing techniques that allow them to show their individuality and share their feelings and ideas thoughtfully. Students apply these techniques by writing a reflective essay.

Prerequisite: None

Length: Semester/Year

Middle School—Mathematics

Math 7

Throughout the journey of Math 7, students learn about rational numbers and integers and how to apply them. The curriculum explains exponents, variable expressions, rates, ratios, proportions, percentages, and probabilities and applies them to everyday situations. Equations and inequalities are presented as problem-solving tools. Students learn to use graphs, charts, and diagrams as means to reading, interpreting, and displaying data. The curriculum introduces a number of geometric shapes and solids in the context of figuring volumes, areas, and perimeters. This course teaches math skills essential to adult life and lays the groundwork for future mathematics classes.

Part 1

Students begin by working with rational numbers and integers. They then learn to apply numbers in the context of absolute value, powers and exponents, prime factorization, and greatest common factor. The next step is to learn to write and convert decimals, fractions, and percentages and to add and subtract numbers with like denominators, the lowest common multiple, and the lowest common denominator. With these skills students learn to combine rational numbers in a variety of ways: addition, subtraction, multiplication, and division; by using the additive inverse; by regarding rational numbers as distance; and by using the order of operations. Students then learn the rules of exponents, including negative and zero. They learn to apply the order of operations and various properties -- of addition, subtraction, multiplication, and division -- to variable expressions.

Part 2

The second part begins by helping students recognize variable expressions in different contexts. Students convert words to expressions and vice versa. The curriculum teaches students to solve variable expressions, two-step equations, equations with variables on both sides, and multistep equations by using addition, subtraction, multiplication, division, and grouping. The activities apply skills to real-life situations. Part 2 shows how to use rates, ratios, and proportions to compute tax, percentage of error, commission, and interest. Students learn how to graph ordered pairs as well as graph and write linear equations.

Part 3

Activities surrounding proportions, rate of change, and variation are the focus of the beginning of Part 3. This part then transitions into work with congruent and similar figures. Students work with triangles, angles, circles, quadrilaterals, and polygons. They find the area and perimeter of various shapes and objects. Students work with composite figures and learn to find the area and perimeter of complex figures composed of simple figures (triangles, angles, circles, quadrilaterals, and polygons). Students learn the fundamentals of scale drawings and how to reproduce and compute lengths and areas.

Part 4

Part 4 introduces students to solids and how to compute the volumes and surface areas of prisms, cylinders, pyramids, cones, and spheres. Students will transition to stem-and-leaf and box-and-whisker plots and histograms and learn how to use these tools in real life. From the topics of collecting and interpreting data from graphs, graph interpretation, and misleading graphs, Part 4 moves to the topics of sampling and populations. These topics lead to applications involving probability, likely and unlikely outcomes, permutations, combinations, and compound events. Students learn to represent these concepts by using Venn diagrams and charts.

Prerequisite: None

Length: Semester/Year

Middle School—Mathematics, continued

Math 8

By showing students how to apply math knowledge to real-life situations, this course helps students see that mathematics is one of the most powerful tools in life. The 8th-grade curriculum begins by introducing scientific notation, the order of operations, squares and cubes, conversions, and exponents. The student uses these and other concepts to solve a variety of equations and to apply equations to cones, cylinders, and pyramids. Students learn about the huge role that the Cartesian plane plays in problem solving and in displaying data involving slope, transformations, and parallel and perpendicular lines. The curriculum introduces the Pythagorean Theorem as an essential problem-solving tool. This course helps students see how concepts connect and can be applied to every-day situations.

Part 1

Students review scientific notation and exponent properties and then apply their knowledge to simplify and compare fractions by using multiplication, division, addition, and subtraction. Students use the order of operations and absolute values as tools for ordering and expressing rational numbers as improper fractions and mixed numbers. The curriculum guides students in using rational numbers to model real-life situations. For example, students use radicals, perfect squares, and square roots as problem-solving tools. Part 1 reviews percentages and proportions, applying concepts to conversion factors and emphasizing English-measure and metric applications.

Part 2

Students begin Part 2 by solving various types of linear equations and applying them to real life scenarios. The students use square roots and cube roots, and problem solving includes square and cube variation. Next the curriculum guides students in applying their ability to find perimeter, area, surface area, and volume to triangles, circles, quadrilaterals, prisms, cones, and spheres. Discussion of the Cartesian plane leads to the ability to work with scale drawings, dilations, and graphs. Students use the point-plotting method to graph common functions. In addition, students learn how to work with and graph two-variable linear equations.

Part 3

Students begin Part 3 by identifying number patterns and sequences. They then compute arithmetic and geometric mean and find missing terms. Part 3 connects these ideas to the concept of slope, showing students how to compute rate of change, find intercepts, graph linear functions, and describe the action of a line. Part 3 then moves to a discussion of parallel and perpendicular lines. Students learn to solve linear equations in a variety of ways and use linear equations in everyday situations. This leads to the topic of inequalities -- their various forms and applications. Part 3 concludes by showing students the properties of parallel lines cut by a transversal and helping them to see how this topic applies to the Pythagorean Theorem and the properties of triangles.

Part 4

Part 4 takes up the theme of triangles, going into depth about their properties. Students learn about congruence and similarity and apply their knowledge to problem solving. The next topic is the Cartesian plane. Building on concepts learned in Part 3, students work with translations, reflections, rotations, symmetry, transformations, and similarity. Students make predictions and correlations by using pie charts, bar graphs, histograms, scatter plots, and other linear models. The topic of prediction leads into a discussion of probability. Students work with independent and dependent events, odds, combinations, permutations, and factorials.

Prerequisite: None

Length: Semester/Year

Middle School—Mathematics, continued

Middle School Algebra

Gaining a strong foundation in Algebra will set students up for success in future math courses at both the middle school and high school levels. This course provides students with a fundamental understanding of the concepts of algebra, and covers the following topics: sets of real numbers, algebraic expressions and the properties that simplify them, linear equations and inequalities, functions, slope, equation writing, systems of equations, exponents, factoring, quadratics, transformations, inverse functions, exponential and logarithmic functions, data organization, and basic statistics.

Part 1

Part 1 covers the basic topics of algebra that students must master. They first learn about the different sets of real numbers and the order of operations. Students then learn about translating phrases into expressions and sentences into equations. They learn about the different properties that can be used to simplify expressions. The next topic is linear equations. Students learn to write and solve linear equations that include terms on one side and both sides and linear equations that include decimals and fractions. The last section of Part 1 covers linear inequalities, which students learn to solve and graph. Students learn how to graph solution sets on a number line and to write solutions in interval notation. Part 1 also teaches students to solve and apply absolute-value inequalities.

Part 2

Students begin Part 2 by identifying functions and graphing relationships, including relationships with a limited domain and those with the domain of all real numbers. These activities provide the solid foundation essential for success in the remainder of the course. In addition, students graph linear equations and inequalities by finding and plotting ordered-pair solutions. Students briefly examine the graphs of sine and cosine before delving into the study of slope. Part 2 emphasizes the concept of slope by presenting the many ways of finding slope and then helping students apply these means to writing the equations of lines.

Part 3

The third part of this course begins with systems of equations. Students learn many different ways to solve systems of equations -- substitution, addition, elimination, and graphing -- and then use their knowledge to solve problems. The next topic is systems of inequalities and ways to solve them. Students learn the rules for using and defining exponents as they simplify exponential expressions. Part 3 shows students how to use a variety of methods to simplify polynomials. The final section of Part 3 teaches students different methods of factoring, including the use of the greatest common factor (GCF) and grouping. In this context, students examine binomials and trinomials.

Part 4

Students learn to factor the differences of two squares as well as how to solve quadratic equations by factoring. Part 4 emphasizes analysis of quadratic functions and shows students how to determine domain and range, minimum and maximum, zeros, and axis of symmetry. Students then use the quadratic formula, graphing, and factoring to solve quadratic equations. From this point students learn to apply transformations to polynomial functions. After an introduction to inverses and one-to-one functions, students examine exponential and logarithmic functions. The remainder of Part 4 provides an overview of statistics. Topics include organizing and analyzing data; making stem-and-leaf plots; finding mean, mode, and median; making box-and-whisker plots; and recognizing misleading graphs.

Prerequisite: None

Length: Semester/Year

Middle School—Science

Science 7

Science 7 brings together some of the most interesting sciences—general, physical, earth, and life science. Themes covered in detail are the scientific process, the properties of matter and energy, the characteristics of light and sound, the structure of Earth and the atmosphere, the processes of fossilization and natural selection, and the organization of the biosphere. Students explore these themes through an engaging, interactive experience.

Part 1

The course starts by explaining the scientific process and showing students why science is important. Students learn common measurement systems and how to convert from one to another. They learn the essentials of lab safety. Part 1 details the steps of the scientific method, and students have opportunities to apply what they learn. Part 1 provides an overview of the major branches of science before introducing students to the subject of matter. The curriculum explains the characteristics of atoms and elements and continues by describing the chemical and physical properties of matter and its phases.

Part 2

From matter, the curriculum moves to the types of energy and how energy is transferred. Part 2 then focuses on mass, gravity, and weight, introducing Newton's Laws of Motion and the concept of work. The focus shifts to the properties of waves. Students learn about electromagnetic waves and the electromagnetic spectrum. The emphasis in this section is on the properties of visible light. Part 2 concludes with an in-depth study of Earth's atmosphere; weather; and geology, including the rock cycle.

Part 3

Part 3 begins by examining geologic time and the geologic eras of Earth. Students study plate tectonics and Earth's crust, learning about the causes of earthquakes, mountains, and volcanoes. Paleontology is the next topic: The curriculum explains fossil formation and the importance of the fossil record, transitioning to a survey of taxonomy and the animal kingdom.

Part 4

Students begin Part 4 by learning about adaptation, natural selection, and the theory of evolution. The topics of genetics and mutation follow naturally. Students learn how traits are passed from one generation to the next and how mutation leads to variation within a population. The curriculum leads students through an examination of an ecosystem, showing how food webs work and the roles that different organisms play. The curriculum stresses the importance of conserving Earth's limited natural resources.

Prerequisite: None

Length: Semester/Year

Middle School—Science, continued

Science 8

Chemistry, biology, physical science, and astronomy take the spotlight in Science 8. Students focus in detail on the composition of matter, chemical bonding, the systems of the body, the structure and function of different types of cells, motion and gravity, and the seasons. The curriculum helps students think about the universe by teaching classical mechanics as well as presenting the most up-to-date revelations about the galaxies, constellations, solar systems, planets, and moons.

Part 1

The course starts by defining atoms and elements. The course then describes how the characteristics of atoms relate to the organizing principles of the periodic table. Students learn about atomic orbitals and electron shells and apply this knowledge to the topics of chemical bonding, chemical equations, and compounds. The phases of matter is the next theme. Students learn how matter can change from one state to another. They discover the different types of solutions and the factors that affect solubility.

Part 2

Part 2 begins by reviewing temperature scales and differentiating temperature from heat. Students examine the role of energy in chemical reactions and learn to classify reactions as either exothermic or endothermic. The curriculum focuses on oxidation and reduction reactions and emphasizes the differences between acids and bases. A core understanding of chemistry helps students in their next phase of study: learning about the biology of the human body. Students learn about the digestive, endocrine, cardiovascular, respiratory, skeletal, muscular, excretory, and nervous systems; the scientific principles that relate to each system; and how specific disorders interfere with systemic function.

Part 3

The third part of the course starts by examining the cycles of the natural world: the water, carbon, and nitrogen cycles. Students survey life from the viewpoint of cell function, studying prokaryotic cells and the types of eukaryotic cells (fungus, protist, plant, and animal cells). Students learn how cellular structures relate to the functions of photosynthesis and respiration. After studying asexual and sexual cell reproduction, students understand the role of genes and genetic mutation in nature.

Part 4

The final part of this curriculum emphasizes physical science and astronomy. Students begin by exploring classical mechanics: Newton's Three Laws of Motion and the Law of Universal Gravitation. Then students study planetary motion and the orbit of Earth around the Sun. Students learn to relate characteristics of the Moon to lunar phases, tides, and eclipses. The curriculum describes the Sun and other stars, helping students grasp the concept of electromagnetic radiation. Students learn about the history of NASA and manned space flight, including the lunar missions. Finally, the course brings students up-to-date, providing an overview of recent discoveries about the solar system, galaxy and universe.

Prerequisite: None

Length: Semester/Year

Middle School—Social Studies

Social Studies 7

History, government, economics, sociology, geography, and anthropology all come together in this comprehensive and engaging social studies course. The curriculum begins with geography and climates and then covers prehistory, classical civilizations, and feudalism. After discussing the Crusades, the Mongol tribes, and the Ottoman Empire, the curriculum emphasizes the development of the nation state and modern society. The student understands the impact of international conflict from the Seven Years War to the end of the Cold War. The course provides students with an interactive experience that describes the physical and historical world and encourages students to draw parallels to the present day.

Part 1

The curriculum begins with geography, including map and globe skills, and introduces issues pertaining to oceans, continents, and climates. These concepts make students familiar with the backdrop against which human history has played. Students learn about the formation and role of government. They see how government developed from prehistory through the first human civilizations of Mesopotamia and Egypt.

Part 2

Part 2 begins with the New Kingdom of Egypt and traces ancient civilizations to classical empires, ending with medieval Europe. Students study the development of new spirituality in the Middle East, the growth of dynasties in the Far East, and the formation of Mesoamerican civilization. They discover how feudal Europe began to move toward the Renaissance. Part 2 helps students see how modern culture arose from ancient and classical civilizations.

Part 3

Part 3 shows the role that invasion, war, and occupation played in the development of the modern nation. Students learn about the Crusades, Genghis Kahn and the Mongol tribes, and the Ottoman Empire. The curriculum connects these events and people to a new way of thinking about political identity. Students discover how the Renaissance, the scientific revolution, and the Protestant Reformation were built upon the ideals of humanism and constitutional forms of government. The curriculum helps students realize that, as Europe moved toward greater individual freedoms, geographic exploration led to imperialism abroad and nationalism at home.

Part 4

Part 4 begins with the development of modern nations and their quest for overseas colonies. The competition for colonies and extreme nationalism led to international conflicts on a global scale. From the Seven Years War in Europe and North America to the end of the Cold War, the curriculum covers world conflict in depth. In addition, this section traces the rise of the Industrial Revolution; the labor and progressive movements and civil rights; the economics of a modern society; and the dawn of the Information Age.

Prerequisite: None

Length: Semester/Year

Middle School—Social Studies, *continued*

Social Studies 8

In Grade 8 social studies, students will focus on the history of North America and, in particular, the history of the United States. Students will examine the American experience by studying the earliest Native American tribes, learning about the colonial and revolutionary periods, understanding the nation's growing pains, and considering the role of the United States as a twentieth-century superpower. The course provides students with an understanding of the major events and trends of American history.

Part 1

Before Europeans knew that North America existed, thriving indigenous civilizations dotted the continent. The curriculum helps students understand Europeans' impact on the indigenous peoples as well as on present-day United States. Students learn how colonial life led to the colonists' first attempts at self-government. The curriculum shows that the road to independence was neither smooth nor clean, with slavery and revolution being a part of the American experience.

Part 2

Beginning with the Revolutionary War and continuing through the founding documents, students study the difficult process of creating a new nation. This part of the curriculum shows how the first presidents established traditions and how the United States expanded its borders and fought a second war with England.

Part 3

Part 3 shows how growing pains accompanied the expansion of US borders. Students study how resource issues led to the removal of indigenous peoples, wars with neighbors, and annexations. Part 3 chronicles the admittance of new states and the Mexican-American War, and it examines issues relating to slavery and the beginning of the Civil War.

Part 4

Students learn about the Civil War and see how the war helped America become an industrial powerhouse. As America's might grew, so did its role in international conflict. Students examine America's role in the Spanish-American War, World War I, World War II, and the Cold War. In addition, students examine American society of the 1920s and '30s and trace the reasons for and outcomes of the civil rights movement.

Prerequisite: None

Length: Semester/Year

Middle School—Electives

Discovering World Languages

In this course, students begin their discovery of the world of language through a set of fun and engaging online activities. An interactive environment called Saga contains learning activities that focus on solving puzzles that incorporate basic vocabulary and grammar for the world language the student is enrolled in.

In the Saga virtual environment, students travel to different world cities and famous landmarks acting as espionage recruits. Their objective is to complete puzzles at important landmarks in order to obtain the trace evidence necessary to complete their assigned mission. Every puzzle solution provides a new clue to the whereabouts of the targeted suspect.

In each activity, an audio translator tool is available. The translator persona, named Lexi, has access to major vocabulary terms and phrases needed to solve the puzzles. Vocabulary can be searched in either English or the world language, and each term and phrase is read aloud so users can hear how the word or phrase is pronounced. This tool is key to a discovery-based program as the students can find definitions and listen to pronunciations as needed to solve the puzzles.

There is unlimited time and an unlimited number of attempts at each puzzle, making the game impossible to lose, as long as the player keeps trying. As they become more familiar with the vocabulary and basic grammar skills, they will gain confidence in solving the puzzles. Using the process of elimination as the puzzles are completed, the students will eventually locate the target and solve the activity. Students will receive a certificate of completion for each of the discovery courses they finish.

The following four languages are available to students in the Discovering World Languages offering:

- Discovering Spanish
- Discovering French
- Discovering Chinese
- Discovering German

Prerequisite: None

Length: Semester

My Classroom Project

My Classroom is an interdisciplinary project-based curriculum that enables middle school students to experiment with and develop collaborative social communication skills in an educational environment. This team-based course is built around Core Learning Skills, which are designed to foster the growth of each student's social communication skills. The team projects in My Classroom are designed to measure each student's growth in the Core Learning Skills and apply students' understanding of the material during the 9-week course.

For each My Classroom project, students participate in one of four roles on the My Classroom projects. The roles include a mathematician, journalist, historian, and scientist. In each project segment, a student may choose any role, but each student must choose each role at least once in every subject. After choosing a role within the team, the student receives a list of the weekly objectives, the Core Learning Skills to be emphasized, and the tasks to be completed. As each student completes the weekly activities, his or her work is saved and compiled with that of teammates, to produce one theme-based 9-week project.

Prerequisite: None

Length: 9-week

Middle School—Electives, continued

Health & Fitness

The terms “health” and “fitness” refer to the overall well-being of body, mind, and relationships. This course provides up-to-date information in order to:

- Increase students’ understanding of the interrelationship of physical activity, nutrition, and overall health
- Help each student create or improve a healthful lifestyle

The course emphasizes health and health-related decision-making, nutrition and food choices, and the importance of a healthful lifestyle. Lessons encourage each student to set goals relating to optimal fitness level. Health and Fitness provides a comprehensive overview of the way the human body works and the ways in which daily decisions impact health.

Part 1

Part 1 introduces students to the essential concepts of health and wellness. Students learn to define health and wellness and the importance of setting goals related to well being. The lessons show students how to recognize peer pressure that could lead to poor decision-making, and students learn the strategies of conflict resolution. Part 1 focuses on the benefits of exercise and physical activity and highlights the challenges of avoiding unhealthy behaviors. Part 1 arms students with an understanding of nutrition, food labels, and dietary guidelines.

Part 2

The second part of Health and Fitness helps students develop an appropriate exercise plan and summarizes how physical activity affects different body systems. Part 2 details key exercise concepts: cross training, overload, and flexibility. After a survey of the major body systems and common ailments, Part 2 emphasizes the importance of self-esteem and emotional well-being.

Prerequisite: None

Length: Semester/Year

Introduction to OpenOffice Applications

Introduction to OpenOffice Applications teaches students how to use the OpenOffice.org™ word processing and presentation applications, Write and Impress. In addition, students learn the benefits of the OpenOffice environment.

Part 1

Part 1 covers the basics of OpenOffice Writer, including how to create, save, and customize Writer documents. The skills learned through class assignments enable students to complete real-world OpenOffice Writer tasks. Students learn document management, how to edit and proofread documents, and how to change the appearance of text.

Part 2

Part 2 teaches students to use OpenOffice Impress, the OpenOffice application that helps users create and manage multimedia presentations. Students practice creating, saving, and customizing Impress presentations for school and personal use. It covers creating, editing, and sequencing slides as well as producing corresponding handouts.

Prerequisite: None

Length: Semester/Year

PARENTAL INVOLVEMENT PLAN

The school shall –

- Establish a positive, welcoming atmosphere so that parents will always feel welcome
- Designate a staff member to serve as the Parent Facilitator whose duties are as follows:
 - ✓ Provide a communication line for teachers and parents.
 - ✓ Provide teacher training designed to encourage parental involvement for staff.
 - ✓ Undertake efforts to foster parental participation in the school.
- Develop a system of communication with the parents that consists of the following:
 - ✓ Foster a parent mass email list so that information can be distributed throughout the year.
 - ✓ Send out monthly newsletters and monthly calendars.
 - ✓ Send out interim reports each grading periods.
 - ✓ Maintain a user-friendly website (www.ocbainc.com or www.youngadultacademy.org) with a wealth of information.
 - ✓ Update the school's announcements on the school website about twice a month.
- Implement a campus leadership advisory team and encourage parents, students, community members and teachers to be a part of this Team.
 - ✓ Some of the responsibilities include a review and recommendation for course of study and local graduation requirements.
 - ✓ Changes to the School's discipline policies
 - ✓ Recommend improvements to the School's student wellness program.
- Implement and support a type of PTO and encourage all to join and participate.
- Prepare family kits that will be distributed at the first of the year that may include:
 - ✓ The School's Parental Involvement Plan
 - ✓ Important school information on school policies and procedures.
 - ✓ Recommended roles of parents, students, teachers and administration.
 - ✓ Information on ways a parent can become involved in our school and in the education of his/her student.
 - ✓ A calendar of activities to encourage parental involvement.
 - ✓ A communication process that allows parents, teachers and administrators to communicate in a productive two-way manner.
 - ✓ A process for resolving parental concerns, including who to approach first and how to develop a solution.
 - ✓ Provide tip sheets for parents on how to foster their student's success in school.
- Encourage communication with parents by scheduling at parent-teacher conferences.
To provide opportunities for parents, students, teachers and counselors to dialogue so that everyone is working toward the same goal of meeting each student's needs.
- Provide student orientation each year to help students and their families make a smooth transition into the next term at the school.
- Hold Open Houses -
 - ✓ Fall Open House will encourage parents to meet the teachers, administrators and staff.
 - ✓ Spring- "Come Check Us Out" is designed for prospective students to see what the school has to offer. (Preferably in February)
- Plan various activities throughout the school year that will be beneficial to families and will encourage parental involvement.
- Provide a Parent Center.
- Purchase magazines and books and other informative material that will be housed in the Parent Center and will be available for check-out by the parents.

- Provide a quarterly “State of the School” address that will be presented at each of our campus leadership team meetings.
- Schedule “Parents Make the Difference” evenings on various subjects that will give an overview of the following:
 - ✓ What students are learning.
 - ✓ How students will be assessed.
 - ✓ What parents should expect for their student’s education.
 - ✓ Understanding of Core graduation requirements
 - ✓ How parents can assist and make a difference in their student’s education.
 - Family Science Night
 - The School Health Fair
 - Drug, Alcohol, and Safety Awareness Workshops
 - PTO Meetings
- Survey the parents, so that the school can more effectively meet their needs.
- Encourage local businesses to serve in an advisory capacity.

The teachers shall -

- Provide a positive classroom atmosphere that is conducive to learning.
- Provide students with meaningful classroom instruction on a daily basis.
- Provide course information to Parents at Open House.
- Encourage parents to keep open communication lines to enhance their students’ success.
- Provide interim reports to all students each of the four nine-week grading periods.
- Post students’ grades to the grade site at least once a week.

The parents shall -

- Encourage teachers, counselors and administrators to keep open communication lines to enhance their students’ success.
- Review the monthly calendar that is provided by the school.
- Review their student’s planner/organizer every class.
- Attend parent conferences and workshops and school activities.
- Contact the school if there is an issue that needs to be resolved.
- Become an involved parent at the school. Be involved in one or more of the following ways
 - ✓ Parent/Teacher Organization (PTO), Mentoring or Volunteering at the school
 - ✓ Campus leadership team or Advisory Committee
 - ✓ Drug and Alcohol Task Force.
- Provide a quiet place at home for students to complete their homework and/or study.
- Monitor your student’s learning and provide assistance when needed.
- Monitor your student’s progress as follows:
 - ✓ Review online grade site weekly.
 - ✓ Review the monthly letter and calendar.
 - ✓ Contact the teachers on a regular basis.
 - ✓ Utilize the school’s website for important updates and information
 - ✓ Review the interim reports and the report cards.
- Abide by the school’s parent agreement
- Read "Choosing Civility, the 25 Rules of Considerate Conduct"
- Encourage their student to abide by the rules at school and at home.

Shared Responsibilities for High Student Academic Achievement

Parent-Student-Teacher-Compact

School Mission: The mission of the school is to provide a school organization that encourages high integrity, high performance, and focuses on all our students to excel both academically and ethically in all school and outside life related endeavors. Through the combined efforts of students, faculty, parents, and the community, our students will learn to set and achieve goals that will ensure they are productive citizens in a multicultural and technological society.

School Agreement

The entire school staff will share the responsibility for improved student achievement; therefore we will do the following:

- Hold parent/teacher conferences
- Send frequent reports to parents on their student’s progress.
- Provide opportunities for parents to volunteer and participate in their student’s class and observe classroom activities.
- Provide an environment conducive to learning.
- Respect the student, their parents and the diverse culture of the school.

School/Teacher Signature _____

Parent/guratinan agreement

I want my teenager to reach his/her full academic potential; therefore I will do the following to support my teen’s learning:

- Have an on-going communication with the school; including parent-teacher conferences and volunteering.
- See that my student attends school regularly and is punctual
- Supports the school staff and respects cultural differences of others.
- Establishes a time and place for homework and checks it regularly.
- Monitor television and movie viewing.
- Will help to make positive use of extra curricular time

Parent/Guardian Signature _____

Student Agreement

It is important that I do the best I can; therefore I will do the following:

- Come to school each day on time with my homework completed and have the supplies that I need
- Always try to work to the best of my ability
- Believe that I can learn and I will learn
- Conform to the rules of conduct and my school
- Show respect for my school, myself, and other students, and have consideration for cultural differences.

Student Signature _____

CONFLICT OF INTEREST POLICY

Conflict of Interest Policy

Article I

Purpose

The purpose of the conflict of interest policy is to protect this tax-exempt organization's, Osceola Communication, Business and Arts, Inc., hereby known as OCBA Inc. or "The Entity" (per Arkansas Department of Education RESOLUTION's Legal Comments), interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an OCBA Inc. officer or director or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II

Definitions

1. **Interested Person.** Any director, principal officer, or member of an OCBA Inc. committee with governing board delegated owners, who has a direct or indirect financial interest, as defined below, is an interested person.
2. **Financial Interest.** A person has a financial interest if the person has, directly or indirectly, through business, investment, or family;
 - a. An ownership or investment interest in any entity with which OCBA Inc. has a transaction or arrangement,
 - b. A compensation arrangement with OCBA Inc. or with any entity or individual with which OCBA Inc. has a transaction or arrangement, or
 - c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which OCBA Inc. is negotiating a transaction or arrangement.
Compensation includes direct or indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate OCBA Inc. governing board or committee decides that a conflict of interest exists.

Article III

Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the OCBA Inc. directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussions with the interested person, he/she shall leave the OCBA Inc. governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining OCBA Inc. board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

- a. An interested person may make a presentation at the OCBA Inc. governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b. The chairperson of the OCBA Inc. governing board shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c. After exercising due diligence, the OCBA Inc. governing board or committee shall determine whether OCBA Inc. can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the OCBA Inc. governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in OCBA Inc.'s best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflict of Interest Policy

- a. If the OCBA Inc. governing board or committee has reasonable cause to believe its member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such a belief and afford the member an opportunity to explain the alleged failure to disclose.
- b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the OCBA Inc. governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV Records of Proceedings

The minutes of the OCBA Inc. governing board and all committees with board delegated powers shall contain:

- a. The names of persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V Compensation

- a. Pursuant to Arkansas School Board member laws concerning compensation, a voting member of the OCBA Inc. governing board may not receive compensation, directly or indirectly, from OCBA Inc. for services

- b. A voting member of any OCBA Inc. committee whose jurisdiction includes compensation matters and who receives compensation directly or indirectly, from OCBA Inc. for services is precluded from voting on matter pertaining to that member's compensation.
- c. No voting member of the OCBA Inc. governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from OCBA Inc., either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Article VI
Annual Statements

Each director, principal officer and member of an OCBA Inc. committee with governing board delegated powers shall annually sign a statement which affirms such person:

- a. Has received a copy of the conflicts of interest policy,
- b. Has read and understands the policy,
- c. Has agreed to comply with the policy, and
- d. Understand OCBA Inc. is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Article VII
Periodic Reviews

To ensure OCBA Inc. operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to OCBA Inc.'s written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in **inurement**, impermissible private benefit or in an excess benefit transaction.

Article VIII
Use of Outside Experts

When conducting the periodic reviews as provided for in Article VII, OCBA Inc. may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the OCBA Inc. governing board of its responsibility for ensuring periodic reviews are conducted.

ZONING INFORMATION

From: Scott Creecy,
City of Osceola Code Enforcement Officer
(870)563-5245, Ext.28

Re: Young Adult Magic Johnson Bridgescape Academy

Sally,

According to the Osceola Zoning Map, the undeveloped lands west from the Holthouse Farm house and driveway and east of the Plumb Point subdivision road is currently zoned as C-3, which is Highway Commercial. This area is currently approved for the construction of new schools as well as new stadiums and, or arenas.

Thanks,

Scott

2013 APPLICATION
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL**

A. GENERAL INFORMATION

Name of Proposed Charter School: Young Adult Magic Johnson Bridgescape Academy of MS CO

Grade Level(s) for the School: 9-12 Student Enrollment Cap: 250

Name of Sponsoring Entity: Osceola Communication, Business and Arts, Inc

The applicant is an "eligible entity" under the following category (check one):

- a public institution of higher education;
- a private nonsectarian institution of higher education;
- a governmental entity; or
- an organization that is nonsectarian in its programs and operations, and is, or will be, exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. (A copy of the entity's letter from the IRS reflecting tax exempt status or a copy of the entity's application for 501(c)(3) status must be included with the application. Articles of incorporation or a letter acknowledging non-profit status from the Secretary of State will not suffice.) To be eligible, an entity must hold or have applied for 501(c)(3) status at the time this charter application is filed. The entity must receive formal tax exempt status under §501(c)(3) of the Internal Revenue Code of 1986 prior to the first day of its operation with students.

Non-profit entities without the required Internal Revenue Service documentation are not eligible to be awarded charters; therefore, any applications submitted without the proper documentation will not be reviewed.

List the current K-12 student enrollment of the district where the proposed public charter school would be located.

2413 (Total District Enrollment)

List the school districts from which the charter school expects to draw students.

South MS CO School District Osceola School District Blytheville School District

Gosnell School District Manila School District Armored School District

B. EXECUTIVE SUMMARY

Provide the mission statement of the proposed school.

Applicant Response:

The Charter School will implement the Magic Johnson Bridgescape model, a specialized program focused on dropout prevention and recovery for students in grades 9-12 who have dropped out of school or who are at-risk of dropping out of school. The mission of Magic Johnson Bridgescape is to provide an alternative graduation path for those who are at risk through dropout intervention services that include a self-paced quality education in a personalized environment with a focus on successful postsecondary transitions. The program is grounded in the belief that every student, given the right tools, support and environment, is capable of exceeding their expectations. This vision is incorporated in a program that is student-focused and providing individuals an opportunity to earn a high school diploma in an environment that fits their schedule, life circumstances and learning needs.

The Magic Johnson Bridgescape model provides a student-centered, blended learning, community-integrated model which creates a positive and safe learning environment focused on improving attendance and student achievement. Through a strategic alliance with Magic Johnson Enterprises, Magic Johnson Bridgescape draws on EdisonLearning's nearly twenty year history of school improvement success and educational innovation and *the proven track record, passion, and leadership of Magic Johnson Enterprises to address the specific needs of students who are at-risk of not graduating or who have already dropped out of school*

Briefly describe the key programmatic features that the school will implement in order to accomplish the mission.

Applicant Response:

The Charter School will serve students who want to move forward academically and graduate but find the obstacles overwhelming. This includes students who are pregnant or parenting, working to support themselves or family members, falling behind or struggling with coursework, or disengaging from learning in the traditional setting.

In order to adequately support the population of students, the Magic Johnson Bridgescape program combines several key components: a blended instructional model that includes direct instruction and online learning, an individualized instruction path, and the counseling and behavioral coaching necessary to earn a high school diploma and achieve success beyond graduation. These components work together so that the program focuses on the whole student and not just the student's academic coursework.

Through the blended learning environment, high school students will be able to experience an abbreviated non-traditional school day and maximize the online coursework to focus on specific areas of need. Additionally, through a combination of the individualized instructional path and coaching and counseling, students will receive a roadmap to receive their high school diploma and the counseling to support not only that effort, but to also make post-secondary plans.

C. NARRATIVE DESCRIPTION OF THE PROPOSED CHARTER SCHOOL

The applicant for the proposed charter school, if approved by the authorizer, agrees to operate the educational program described below in accordance with the provisions described within this document, Arkansas Code Annotated §6-23-101 et seq., the State Board of Education Rules Governing Charter Schools, and the attached assurances.

Provide a narrative description of the various components of the proposed charter school by responding to the following prompts:

1. Describe the results of the public hearing, which was held for the purpose of assessing support for the establishment of this public charter school. Provide copies of supporting evidence.

Attach documentation to demonstrate that each of the following requirements of Arkansas Code Annotated §6-23-302 was met:

- A. The notice of the public hearing was published on a weekly basis for at least three (3) consecutive weeks prior to the date of the hearing in a newspaper having general circulation in the school district in which the school will likely be located.
- B. The notice of the public hearing was not published in the classified or legal notice section of the newspaper.
- C. The last publication date of the notice was no less than seven days prior to the public meeting.
- D. Within seven calendar days following the first publication of the notice of the public hearing, emails announcing the public hearing were sent to the superintendent of each of the school districts from which the open-enrollment public charter school is likely to draw students for the purpose of enrollment and the superintendent of any district that is contiguous to the district in which the open-enrollment public charter school will be located.

Applicant Response:

The Young Adult Magic Johnson Bridgescape Academy of Mississippi County public hearing was held at 5:00 on Thursday, August 22, 2013 in the meeting room of the Econo Lodge, at I-55 and State Highway 140 in Osceola, Arkansas.

The notices ran in the local paper, The Osceola Times, on August 1, August 8 and August 15. The last notice on Thursday, August 15 was seven days prior to the public meeting. The size of each notice was 3" by 3" and ran on the page with general news. The notice read: "Public Notice: You are invited to attend a meeting on Thursday, August 22, 2013 at 5:00 pm at the meeting room of the Econo Lodge located at 4635 W. Keiser in Osceola. The purpose of the meeting to present information about a proposed new charter school, Young Adult Magic Johnson Bridgescape Academy of Mississippi County. For more details e-mail ocbainc@yahoo.com or call Sally Wilson at 870-822-0574". **Copies of the three notices are attached.**

The superintendents from all districts where the school is more likely draw students and the districts contiguous to the South Mississippi County School District were invited to attend via e-mail on August 6, 2013. The names

and schools of the superintendents invited are as follows:

Mr. Gary Masters, South Mississippi County School District;
Mr. Mike Cox, Osceola School District;
Mr. Richard Atwill, Blytheville School District;
Mr. Bonard Mace, Gosnell School District;
Ms. Pam Castor, Manila School District;
Mr. Don Johnston, Marion School District;
Ms. Sally Bennett, Armored School District;
Mr. Tommy Knight, Riverside School District;
Mr. Rickey Nicks, Earle School District;
Mr. Michael Pierce, East Poinsett County School District;
Mrs. Annesa Thompson, Marked Tree School District;

A copy of the e-mail, with the superintendents' contact information visible in the "To:" space is attached.

The Public Meeting was a complete success. Over a dozen people attended the meeting including the superintendent of the South Mississippi County School District, a circuit judge, the juvenile court's chief officer, 2 city council people, the county literacy director, local church leaders, retired school teacher. Sandra Brand, a reporter from the local paper attended and wrote an excellent article that appeared on the front page of The Osceola Times. The article that ran three days after the meeting also featured a color photograph of the two presenters, Sally Wilson and Mike Malone of Indiana. The article also ran on the front page of the countywide Blytheville Courier on August 29th. **Both articles are available to ADE.**

The Public Meeting began at 5:00. Sally Wilson, the President of Osceola Communication Business and Arts, Inc, or OCBA, welcomed the attendees, reminded everyone to sign the attendance sheet. **The signed attendance sheets are available to ADE.** Wilson invited those in attendance who oppose the charter application register their opposition on the "I oppose" sheet.

Wilson gave a brief introduction of OCBA and explained how America's Promise Alliance and GradNation matched OCBA with the Magic Johnson Bridgescape Academy. Wilson also showed the educational need and the large number of non-graduated in the county. Mike Malone, from Indiana, gave the history of EdisonLearning, and explained the educational program and the record of proven success.

Wilson and Mike Malone from EdisonLearning used a PowerPoint presentation.

The 25 minutes powerpoint presentation lasted about 25 minutes included the following topics. A question and answer period followed. The powerpoint presentation included:

- 1) The relationship between OCBA and Magic Johnson Bridgescape Academies/EdisonLearning
- 2) The dropout crisis data for Crittenden County
- 3) OCBA and MJBA's relationship with America's Promise Alliance and GradNation
- 4) The loss of economic impact in Crittenden County by the non-graduates
- 5) EdisonLearning fact sheet
- 6) EdisonLearning student demographics
- 7) Introduction Magic Johnson Bridgescape, MJB and its 17 campuses in five states
- 8) The school's key features, instructional model and curriculum
- 9) The Magic Johnson Bridgescape success rate
- 10) The benefits of the MJB alliance
- 11) A national map showing the Magic Johnson Bridgescape locations
- 12) MJB demographics and performance results
- 13) The Arkansas charter school approval process and timeline
- 14) An invitation to help and how to get involved

The slide showing the dropout crisis showed the dropping enrollment of the cohort groups in the last five graduating classes in Mississippi County. As an example, the combined Mississippi County class of 2011, had 747 students in its 9th grade class count but only 536 seniors graduated 3 ½ years later. The source of this data

is the ADE Data Center county enrollment. Furthermore, the loss of economic impact from each graduate per year is \$10,780. This amount totals to \$2.3 million annually for 211 non-graduates from the class of 2011 alone. **A copy of the powerpoint presentation is available to ADE.**

A question and answer period followed with very good questions. The meeting concluded about 6:00.

The attendees appeared supportive of the proposed school. No one voiced opposition to the school and no one signed the "I oppose" sheet. **The "I oppose" sheet is available for ADE review.**

A pre-meeting was held just prior to the public for community leaders who were not able to attend the nightly public meeting. This meeting was held at the Osceola/South Mississippi County Chamber of Commerce board meeting. At the meeting Sally Wilson introduced Mike Malone, who shared information with the community leaders in attendance, including the city mayor, a former state representative, a circuit judge, Chamber board members, the Chamber Executive Director, a member of the South Mississippi County School Board, members of the Delta Bridge initiative committees. The feedback from the meeting was positive. Many of those present offered to write letters of need for the charter school proposal.

As a result of the meeting area citizens showed their support for the charter school application by signing a petition of support. **Five of the signed sheets of the Petition of Support are attached**

2. Describe the governing structure of the open-enrollment charter school, including board composition, selection process, and responsibilities. Also describe the role of the administrators, faculty, parents, students, and community members in the leadership and decision-making of the school. As part of your response, answer the following specific questions:
 - A. Identify what individual, job position(s), or entity(s) will have final decision-making authority for the school in the areas of (1) finance and purchasing; (2) student discipline; (3) hiring and firing of staff; and (4) hiring and firing of the school director or superintendent.
 - B. Specify how the final decision-maker(s) identified in response to (A)(3) will be selected or elected, including (1) length of term, (2) method of selection or election, and (3) who will have the authority to participate in the selection or election process.
 - C. Explain how and to what extent the school's leadership will be accountable to parents.

Applicant Response:

Legal Structure

The non-profit corporation Osceola Communication, Business and Arts Inc., (hereafter referred to as OCBA) is the sponsoring entity of the charter school application. OCBA has a governing board (hereafter referred to the Board) pursuant to its bylaws. The bylaws is posted on the website, <http://www.ocbainc.com> . If the Charter School is approved, this Board will govern the school and will be the ultimate governing body of the charter school.

Non-profit status since 2007

OCBA is a non-profit corporation that is nonsectarian in its programming and operations, and is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. OCBA was founded in 2007 by a group of volunteers dedicated to raising funds for educational efforts and making application for open-enrollment public schools. OCBA was approved by the U. S. Department of the Treasury in 2007. The Internal Revenue Service issued determination letter, which verifies the OCBA's tax exempt status, is attached. OCBA is governed according to its bylaws that have already been approved by the IRS.

Governing Board's Roles and Responsibilities

The Board will control the operation of the proposed Charter School and make all decisions regarding the school. The Board will have final decision-making authority for the Charter School in the areas of finance, purchasing, student discipline, hiring and firing of staff, and hiring and firing of the Program Director and Director of Achievement.

If the charter is approved, the OCBA Board will enter into an agreement with EdisonLearning for the Magic Johnson Bridgescape program. Items in the agreement will include; recommendation for the school's directors, professional development of the teachers and staff, student recruitment, evaluating and assessing student, curriculum delivery, providing support services to the students, etc. **A sample of the agreement can be made available for ADE review**

OCBA will be responsible for fund raising and grant writing for the proposed Charter School. OCBA will incur any debt for the establishment and maintenance of the proposed Charter School. OCBA members abide by all federal rules governing non-profit boards and foundation. Should the Charter School close or be closed, all assets or funds (after debts paid) collected by OCBA on behalf of the Charter School will be returned to the state.

Policies and Procedures for Board Operation and Board election

Pursuant to its bylaws, the OCBA Board is elected to office by the OCBA members at the Annual Meeting held on the third Tuesday in September. OCBA membership is open to everyone dedicated to the mission of the Charter School.

The length of the terms for Board officers is two years. An officer is limited to two consecutive terms in the same office. The Board officers are a President, Vice President, Secretary, and Treasurer. The President presides over the Board meetings. The Secretary maintains minutes of the meetings. The Vice President acts in the President's absence. The Treasurer is responsible for overseeing the finances. If the charter is approved and pursuant to school law, the Board, during its September meeting will pass a resolution identifying the dispersing officer and alternate dispersing officer and file the resolution with the county treasurer and Department of Finance Administration. Pursuant to the OCBA bylaws, if a charter school application is approved, another board member will be elected making the board composition five members. This Board position will become the chairman of an Advisory Committee for the school. The Advisory Committee will not have governing powers but can help to advise the Board in matters concerning the charter school.

The Board will join the Arkansas School Board Association (ASBA) and will utilize the ASBA model policy program. The Board will adhere to requirements of local Board of Directors in Arkansas, including Arkansas' code of ethics for board members, avoiding nepotism and adhering to freedom of information, FOI. The Board members must attend training that is determined by the Corporation members at the Annual Meeting. The Board will oversee a long range plan for the Charter School.

The Board policies, using the ASBA model policy program, identify the specific day-to-day operations of the school and will be reviewed and approved by the Board each year and posted on the school website. **Drafts of the School Board's policy, Student Handbook, Personnel Handbook can be available for review by the ADE staff.**

Delineation

EdisonLearning will recommend a qualified person for the Program Director and the Director of Achievement to the Board. The Program Director will recommend names for campus personnel to the Board to hire, renew, not renew and terminate.

The Board will vote to hire, renew, not renew and terminate all the school employees and consultants. The Board will issue all employee contracts and post the contracts on the school website pursuant to Arkansas law.

The Program Director, serving as the school's business manager. The description of personnel who will perform business duties is in Section C13, Business and Budget Planning of this application.

The Program Director will be responsible for student discipline and will oversee all disciplinary issues related to rules and regulations that are laid out in the student handbook. Per state rules and school policy, if the Director wishes to suspend a student for longer than 10 days, the Director must seek approval by the Board for expulsion. The school board will approve a student handbook, based upon the ASBA model policies, that includes a section on student discipline. The Program Director will ensure that the rules and regulations are carried out and adhered to accordingly.

Plan for Involving Parents, Staff, Students and Community in the Decision-Making of the Charter School

A draft **Parent Involvement Plan** outlines the involvement of parents, staff and community in the decision-making of the Charter School. All parents, staff, adult-age students and supportive citizens are encouraged to join the OCBA non-profit corporation.

A local Advisory Committee of parents, staff, students and community volunteers will be appointed by the Program Director to support the Charter School and the Board. Though the group will not have governing power, the Board will consider suggestions from the Advisory Committee.

3. Give the mission statement for the proposed charter school.

Applicant Response:

The Charter School will implement the Magic Johnson Bridgescape model, a specialized program focused on dropout prevention and recovery for students in grades 9-12 who have dropped out of school or who are at-risk of dropping out of school. The mission of Magic Johnson Bridgescape is to provide an alternative graduation path *for those who are at risk through dropout intervention services that include a self-paced quality education in a personalized environment with a focus on successful postsecondary transitions.* The program is grounded in the belief that every student, given the right tools, support and environment, is capable of exceeding their expectations. This vision is incorporated in a program that is student-focused and providing individuals an opportunity to earn a high school diploma in an environment that fits their schedule, life circumstances and learning needs.

The Magic Johnson Bridgescape model provides a student-centered, blended learning, community-integrated model which creates a positive and safe learning environment focused on improving attendance and student achievement. Through a strategic alliance with Magic Johnson Enterprises, Magic Johnson Bridgescape draws on EdisonLearning's nearly twenty year history of school improvement success and educational innovation and the proven track record, passion, and leadership of Magic Johnson Enterprises to address the specific needs of students who are at-risk of not graduating or who have already dropped out of school

4. Describe the educational need for the school. Include the innovations that will distinguish the charter from other schools.

Applicant Response:

Filling a Critical Need

Through its involvement with America's Promise Alliance, <http://www.americaspromise.org>, and the GradNation initiative, OCBA is aware of the need for innovative education to address the dropout crisis in the U.S., in Arkansas and in the Arkansas Delta. Nationwide, a student drops out of school every 26 seconds. The numbers of students leaving Arkansas schools can be studied using the ADE Data Center October 1st enrollment counts and graduation numbers. A typical illustration is an analysis of the statewide enrollment data from the class of 2011. The class of 2011 had 37,819 members in its 9th freshman class. The enrollment of this class dropped to 35,853 the next year, in their sophomore year. By the time the class of 2011 graduated, the number had dropped to 28,921 students.

For that class in Crittenden County, there were 902 sophomores but only 595 graduates in 2011.

For the same class in Mississippi County, there were 747 freshmen but only 536 graduates in 2011.

Studying the ADE Data Center enrollments over the past few years, there appears to have been shrinkage in the graduating classes of about 200 students per year in Mississippi County schools and about 250 students per year in Crittenden County schools. If these numbers are indicative of the number of non-graduates each year, *there could be 800 non-graduates between the ages of 18 and 22 living in Mississippi County, and about 1,000 non-graduates of the same age living in Crittenden County.* These non-graduates are the primary target group for the Young Adult Magic Johnson Bridgescape Academy.

This ADE data, from the last few years, was entered into line graphs. These graphs were presented at the public meetings and **are available to ADE.**

Innovations

OCBA recognizes that there is a need for an educational program to allow students to reach their potential in a non-traditional high school structure. OCBA proposes using EdisonLearning's Magic Johnson Bridgescape program; a scalable, cost-effective dropout prevention and recovery solution.

The Magic Johnson Bridgescape program will be different from the current comprehensive high schools and Alternative Learning Environments offered in area schools. The program provides a blended learning environment, where each student follows an individualized instructional path and is continually supported through coaching and counseling in order to earn a high school diploma and explore post graduation options.

The guiding goals for the Magic Johnson Bridgescape program are:

- Provide a challenging, enriching, and meaningful curriculum;
- Establish an environment that is safe and conducive to learning;
- Respect and celebrate a diverse community of learners;
- Assist students in developing good coping and problem solving skills that will allow them to meet challenges in a positive manner;
- Provide students with the tools necessary to achieve academic success, thus building the skills and confidence needed to become productive and contributing members of society; and
- Prepare students for post-secondary options including workforce readiness through Magic Johnson Enterprises workforce solutions and resources.

In the Magic Johnson Bridgescape model, differentiating program and instructional needs begins at the time of enrollment when students complete an initial assessment to determine any skill gaps that may be barriers to success. Once gaps are identified, students will be prescribed a reading and/or math remediation track to address specific needs. All historical data (*i.e.*, transcripts, IEPs, state assessment results) and any other available records and data will be reviewed by the teachers and staff who will collaborate with the student and parent or guardian (if available) to create the student's Individual Graduation Plan (IGP). Remediation, if needed, is included as a component of the IGP. Furthermore, students will be enrolled in an online career preparation course that will allow them to identify individual strengths and skills and to investigate employment and career options.

The blended instructional model gives students the opportunity to work at their own pace, take advantage of flexible scheduling, and learn through a variety of instructional methods. EdisonLearning's proprietary online coursework (eCourses) is designed to personalize the learning experience. eCourses are self-guided and self-paced, enabling students to complete coursework at their own pace, while fully monitored and supported with daily assessments and interventions. Structured based on a modular design with lessons limited to one or two standards based on objectives that are clear and attainable, students maintain focus and motivation by accomplishing achievable goals in each lesson, a technique which has been shown to foster success in online learning. Each lesson is accompanied by an assessment that tests mastery of lesson content and includes a host of interactive multimedia features that support the diverse needs of students as well as reinforce key concepts in the curriculum.

The eSchoolware learning and content management system allows teachers and staff to review student results, grades, time-on-task, and incorporate notes on achievement of student goals. When students are identified as struggling within a content area they will be provided the individualized assistance needed to master the material and move on. Individual or small group instruction is driven by student needs as identified through progress monitoring and will be provided as needed, both formally and informally. Small group instruction will be provided not only to address remediation needs but also to provide enrichment, specifically in the area of character education to promote good citizenship and decision making skills as well as to develop core values that include compassion, integrity, justice, and responsibility.

Teachers and staff will regularly monitor progress of their students according to the IGP on at least a weekly basis and adjust any expectations or conduct conferences to determine interventions and remediation that may be needed to keep the student on track. Progress Monitoring Logs are kept at the program location and notes are made regularly so that information can be shared among the team.

Further, focused on the student as an individual, the teachers, paraprofessionals, and counselors offer more than instructional and academic guidance, but a support network that enhances the student experience with life skills coaching, post-graduation planning and goal setting and measurement to ensure that every student has a clear path to graduation and beyond. Assistance with job placement and job training is available, many times working with community groups to provide local support and opportunities. One such resource is Magic Johnson Enterprises, which will provide students connections to workforce solutions and partner businesses. Students graduating from Magic Johnson Bridgescape programs are eligible for high school to workplace or high school to college resources. Through the program, students will have access to job readiness and mentorship resources to assist in career preparation and post-secondary planning. The program will partner with local businesses, civic organizations, and non-profits to create career platforms for students, providing workplace exposure and training and Magic Johnson Enterprises will leverage its full service staffing business and its other businesses and local partnerships to help identify job opportunities for graduates. The Magic Johnson Foundation will offer scholarship opportunities for students who graduate from the Magic Johnson Bridgescape programs.

The research on preventing dropouts by the U.S. Department of Education identifies key strategies for effective programs including creating more personalized learning environments for students; providing extra support and academic enrichment for struggling students; assigning adult advocates to students deemed to be at risk of dropping out; and providing rigorous and relevant instruction to engage students in learning. The blended learning environment, individualized instructional path, and counseling and coaching offered through the Magic Johnson Bridgescape programs are based on the U.S. Department of Education's recommendations.

The targeted student population for the Magic Johnson Bridgescape program is students who want to move forward academically and graduate but find the obstacles overwhelming. This includes students who are pregnant or parenting, working to support themselves or family members, falling behind or struggling with coursework, or disengaging from learning in the traditional setting. In order to adequately support these students, the teachers and staff, including a qualified guidance counselor, focus on the whole student and not just the student's academic coursework. In focusing on the whole student, at the time the student is enrolled in a Magic Johnson Bridgescape program, the teachers and staff and specifically the counselor determine the social and emotional needs of the individual students. These needs will inform the IGP to determine the supports needed for success. As the student progresses through the program, the social and emotional needs will be continually monitored by all staff members. To provide these supports, the guidance counselor will identify the necessary community partners and create a network of external social agencies to provide the needed resources and services for the students. For example, in the metropolitan Columbus area, the program has partnered with the Youth Empowerment, Mothers Helping Mothers, Franklin County Children Services, the Ohio Department of Youth Services, Ohio Health, and the American Red Cross. If a student is hungry, doesn't have a place to stay, or is lacking basic needs, we strive to identify those needs and the agencies or support network that can meet these and thus eliminate barriers to learning.

Based on our experience in serving similar student populations, the main social and emotional needs of students who have dropped out of school or who are at-risk of dropping out of school are the basic necessities which are not always available in poorer communities (food, clothing, and shelter) and the issues that plague today's students (drug and alcohol abuse, bullying, gang activity). Magic Johnson Bridgescape works with students to address and ensure that to the best of our abilities their needs are satisfied so that they can learn.

Career and Technical Education

Responding to the community leaders' requests for additional career and technical education, OCBA may apply for a pilot program through Arkansas Career and Technical Education. The courses of study considered include Steel Technology and/or Logistics/Warehousing.

Distinguishing characteristics

It is not just our extensive experience of both OCBA and EdisonLearning that will set the Charter School apart from other schools, but the Magic Johnson Bridgescape's model's ability to still focus on the student's needs

through practical research-based strategies, and more modern, involved ways of instructional support.

5. Describe the educational program to be offered by the charter school.

Applicant Response:

Description of educational program

The Charter School will offer both a direct instruction and online educational program. The online courses are provided through Edisonlearning's proprietary eCourses, self-guided and self-paced online high school curriculum *that enables students to complete coursework at their own pace, while being fully monitored and supported with daily assessments and interventions.*

The primary source of curriculum is online coursework provided through EdisonLearning's proprietary eCourses, which are designed to personalize the learning experience. The courses are self-guided and self-paced, enabling students to complete coursework at their own pace, while fully monitored and supported with daily assessments and interventions. Each lesson is also accompanied by an assessment that tests mastery of *lesson content. An online PDF textbook is also included with each course that serves as a companion guide to the content presented in each lesson.*

Viable education program

The online coursework is designed to allow for individualization and customization based on specific student needs and includes a host of interactive multimedia features that support these diverse needs as well as reinforce key concepts in the curriculum. Features such as interactive demonstrations, interactive games, videos, and virtual science labs make courses *engaging and support learning. Not only do students work at their own pace and focus on the learning components of each lesson that resonate with their own particular learning style, but the Foundation eCourses require that students demonstrate mastery (i.e., receive a score of 80% or better) of the current lesson's assessment in order to advance to the next lesson. Additionally since students in alternative education may be struggling readers, Foundation eCourses are designed to support reluctant or struggling, while still maintaining the same academic rigor. Further audio programming components of the online curriculum, such as the text to speech functionality, allow lessons to be heard as well as read to support struggling readers and English Language Learners.*

The eCourses are delivered through an engaging and competency-based platform called Course Player. This system delivers content to students in a linear fashion one learning object at a time and presents material appropriate to each learning modality. For example, visual learners will find comfort in direct video instruction covering examples and lesson objectives. Auditory learners are accommodated through text-to-speech software available for all textual content. Kinesthetic learners will be drawn to activities that require drag-and-drop tools, model building, laboratory simulations and other online manipulatives embedded into the curriculum.

In addition to their online learning, students will engage with teachers offering direct instruction for remediation, intervention, and enrichment, which may include, but is not limited to:

- Direct Instruction
- Project Based Learning
- Small Group
- One-on-One Support
- Cooperative Learning
- Role Play
- K-W-L
- Simulations

A description of the **Blended Learning Pedagogical Model for Magic Johnson Bridgescape Academies is available to ADE.**

School day and calendar

The length of the school year exceeds the state requirements. There are 178 days of instruction scheduled between early August and late May. Additionally there is a term scheduled for the summer. The school is

requesting a waiver on the start and ending days to accommodate this extended year. The school day has two four-hour blocks, one scheduled for the morning and one for the afternoon. An additional block in the evening will be offered as needed. The school is also requesting waiver for the length of school day to accommodate this extended day. **The calendar and daily/weekly schedule are attached.**

6. List the specific measurable goals in reading, reading comprehension, mathematics, and mathematics reasoning based on the state mandated assessments, and any other assessment tools if used, for improving student academic achievement for each year of the public charter school's initial five-year period. For each goal, include the following:
- The tool to be used to measure the academic performance;
 - The level of performance that will demonstrate success; and
 - The timeframe for the achievement of the goal.

Applicant Response:

For the population of students that the Charter School proposes to serve, the Charter School' goals focus on student achievement and student engagement.

Student Achievement:

- Based on the overall average of students demonstrating proficiency (in reading, reading comprehension, mathematics, and mathematics reasoning), the percentage of enrolled students demonstrating proficiency on the mandated state assessment, as applicable, will increase at least 2% each year.
- The percentage of students meeting 100% of their IGP goals will increase by at least 2% each year.
- The Charter School's annual graduation rates will increase at least 2% each year.
- The Charter School's average ACT or COMPASS scores will increase at each year. And the number of students attaining the ACT minimum benchmark of 18 for English and 22 for Math (or equivalent COMPASS) will increase each year.

Student Engagement:

- The Charter School will average at least 55% attendance each school year for all students.
- The attendance rate will increase at least 2% each year for all students.
- As demonstrated through anonymous student surveys, at least 90% of students will recommend the Charter School to their peers.

In addition to the state assessment required under law and State Board of Education regulations, within the Charter School student assessment and testing will be administered throughout the academic year in order to improve the instructional program at the Charter School; assess the progress of individual students in relation to standards; and assess the progress of the students within the curriculum. Regular and systematic measures of learning are useful guides for parents, teachers, students, and community members as indicators of individual and group attainment of state and district standards.

Assessment tools

Upon enrollment in the school, students will take a diagnostic reading assessment in order to determine any skill gaps that may be barriers to success. Once identified, students will be prescribed a remediation track to address specific needs. The teachers and staff will regularly monitor progress of their students and adjust any expectations or conduct conferences to determine interventions and remediation that may be needed to keep the student on track. Students will also take an annual reading diagnostic assessment to measure growth. The creation of the IGP also includes a review of any state assessment data and/or academic improvement plans, AIP, to help inform each individual student's academic goals.

Further, individual assessment items within the eCourses are correlated to the Arkansas Curriculum Frameworks and the Common Core State Standards. Teachers continually monitor student progress in the eCourses and intervene as needed. For example, if a student's assessment across a particular standard dips below

proficiency, a teacher may point the student back to the portion of the course or to a web resource that presents the material in another way, or provide tutoring sessions with the individual student or a small group.

All assessments are designed so that the results are used by the teachers and staff to evaluate instructional practices and to initiate appropriate educational support for students in order to improve the instructional program; assess the progress of individual students in relation to standards; and assess the progress of the students within the curriculum.

The Charter School will also create, implement and sustain its Arkansas Comprehensive School Improvement Planning (ACSIP) model annually. This planning and fund distribution design will help school leaders develop a comprehensive school improvement plan. The plan will be used in our applications for federal programs administered by the ADE, under No Child Left Behind (NCLB), in addition to Student Special Use Funds. The plan will include priorities based on the school's greatest needs. The plan will identify the performance of student subgroups if the subgroup did not meet the achievement level necessary for Adequate Yearly Progress. The improvement plan will be submitted electronically by October 1st or by the date determined by ADE.

7. Describe the process that will be used to develop and align the curriculum with the Arkansas Curriculum Frameworks and the curriculum requirements of the Common Core State Standards as adopted by the State Board of Education.

Applicant Response:

In developing the eCourses, EdisonLearning synthesized best practices from over a decade of online education experience and nearly two decades of experience driving student achievement in brick-and-mortar schools. The curriculum was developed by teachers with backgrounds in both the brick-and-mortar and online education communities to deliver an achievement-driven and engaging solution for both students and teachers. The eCourses solution was validated through a rigorous independent review process spearheaded by Dr. Paul Kim, Assistant Dean and Chief Technology Officer at Stanford University School of Education. This review process ensured that the usability and design of the courses effectively serves a broad population of students' needs and learning styles.

Aligned with ADE content standards and Common Core Standards

EdisonLearning's eCourses curriculum is fully-aligned to the Arkansas Curriculum Frameworks, the Common Core State Standards, and a global set of standards produced by EdisonLearning. Since the eCourses are developed in-house, EdisonLearning's Curriculum Team can make necessary modifications to address changes in standards and any gaps in curriculum that do not currently meet standards. The eCourses are modular in nature. Each lesson is freestanding and builds in prerequisite knowledge, objective-based instruction and assessment pools that do not depend on or refer to previous or future lessons. This feature allows for any alignment gaps to be filled with content from the EdisonLearning repository of more than 8,000 unique lessons. This alignment process ensures that every standard is covered by both the instructional content and assessment items comprising the curriculum.

EdisonLearning is accredited as a Learning Service Provider by the Middle States Association Commission on Elementary and Secondary Schools (MSA-CESS). EdisonLearning is also accredited as a Distance Education School by the Northwest Accreditation Commission (NWAC), an accreditation division of AdvancED. For NCAA initial-eligibility core-course requirements, EdisonLearning has an approved course list that meets the requirements for establishing the initial-eligibility certification.

Annual curriculum review

During the school's staff annual curriculum review and alignment, the staff will verify that standards, benchmarks and performance standards are addressed in the appropriate manner, such as lesson plans, pacing guides, etc. The staff also ensures that best practices are used and recommends improvements.

A table showing the alignment of ADE course codes with the EdisonLearning's eCourses can be provided to ADE.

8. Describe the manner in which the school will make provisions for the following student services, even in those areas for which a waiver is requested:

A) Guidance program;

Applicant Response:

As a part of the Magic Johnson Bridgescape program, the teachers, paraprofessionals, and counselors offer more than *instructional and academic guidance*, but a *support network that enhances the student experience with life skills coaching, post-graduation planning and goal setting and measurement to ensure that every student has a clear path to graduation and beyond.*

The Charter School's Guidance Counselor will have the main responsibility for providing these services. For experience and skills, the Counselor will have a Master's of Social Work or Master's in Counseling, appropriate state credentials, clinical experience with at-risk children, strong communication skills, ability to work *collaboratively with teachers/staff, and experience developing and managing community-based initiatives or school-business partnerships.*

B) Health services;

Applicant Response:

The Charter School requests a waiver for the school nurse requirement. The Charter School will use the local Health Department or health consortium to deliver the required health services such as vision Screenings.

C) Media center;

Applicant Response:

The Charter School requests a waiver the media center. Students will have access to video library at the Charter School. *Students will also have access to public libraries in the area communities.*

D) Special education;

Applicant Response:

All students enrolled in the Charter School who are eligible for special education services will have a current Individualized Education Plan (IEP) that reflects their educational needs and services. The Charter School will be responsible for ensuring that each eligible student's IEP is fully implemented. The Charters School will provide special education and related services both directly and under contract with outside providers. The Charter School will offer a continuum of special education services per the services defined in the IEPs of all enrolled students with disabilities.

Students with an IEP will be served in the general Magic Johnson Bridgescape program and all accommodations written into the plan will be provided. Teachers and staff will ensure that the program meets the student's needs and/or accommodations according to his or her IEP.

Postsecondary transition will be a consideration for students with IEPs and as with regular education students, Teachers and will include appropriate postsecondary goals based upon age-appropriate transition assessments related to training, education, employment and, if appropriate, independent living and the transition services including a course of study needed to assist the student in reaching those goals.

E) Transportation;

Applicant Response:

The Charter School requests a waiver from the transportation requirements. Should the need for transportation be deemed necessary to address, monies may then be budgeted to allow students the ability to use public transportation.

F) Alternative education, including Alternative Learning Environments;

Applicant Response:

The Charter School's focus will be dropout prevention and recovery and as such anticipates offering an Alternative Learning Environment. The Magic Johnson Bridgescape program is an intervention program designed to remove traditional barriers that student encounter in school. Students will be assessed at entry and *provided intervention services based on their individualized IGP. The Charter School may pursue a consortium with area schools and serve as an ALE lead school site.*

G) English Language Learner (ELL) instruction

Applicant Response:

English Language Learners (ELL) will be identified early in the application process in order to provide timely access to ELL services. A Home Language Survey and other assessments will be completed for all students to guide the teachers in developing an appropriate educational program. The Charter School will be responsible for ensuring that ELL students and their families are served pursuant to all applicable state and federal laws.

Services for ELL students will be provided by appropriately qualified teachers in classroom settings, small groups, and/or individual tutoring sessions. The focus of instruction for ELL students will be teaching subject matter. However the subject matter will be introduced in a way that can be understood by the ELL students. Teachers will be provided information on the language proficiency of ELL students and adjust instruction accordingly.

Additionally, for ELL students, audio programming components of the online curriculum can be heard as well as read to support language learners. With the text-to-speech tool, a student is able to play an audio reading while the student reads the instructional material or replay it at their leisure to support their learning style. The online curriculum also has over 1200 multimedia items including virtual science labs and demonstrations to deliver visual, concrete explanations of abstract concepts

H) Gifted and Talented Program.

Applicant Response:

The Charter School requests a waiver from this requirement. As the Charter School is focused on at-risk students by offering a dropout prevention and recovery program, the Charter School does not anticipate offering a Gifted and Talented Program.

9. Describe the geographical area to be served by the charter. List all school districts within the geographical area likely to be affected by the open-enrollment public charter school.

Applicant Response:

As outlined in Section C4: Education using the ADE Data Center class enrollments and graduation numbers, there appears to have been, over the last few years, a shrinkage in the graduating classes of about 200 students per year in Mississippi County schools. If these numbers are indicative of the number of non-graduates each year, there could be 800 non-graduates between the ages of 18 and 22 living in Mississippi County. These non-graduates are the primary target group for the Young Adult Magic Johnson Bridges Academy. Therefore there should be a very small number of students transferring from Mississippi County schools to the charter school.

This ADE data, from the last few years, was entered into line graphs. These graphs were presented at the public meetings and **are available to ADE.**

The Charter School's 200 students will most likely be Mississippi County residents, and come from within the district boundaries of the South Mississippi County School District, Osceola School District, Manila School District, Blytheville School District, Gosnell School District and Armorel School District.

According to the 2012-13 enrollment information housed on the Department of Education Data Center's website, the districts in Mississippi County contain 2,413 students in grades 9-12.

The map attached shows the geographic areas listed above.

10. Describe the plan for the school officials to provide an annual report to parents, the community, and the authorizer that demonstrates the progress made by the charter school during any previous academic year in meeting its academic performance objectives. (See *ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts.*)

Applicant Response:

Timeline for Annual Report to Parents and Community

By November 15 or a date determined by state law, the Charter School will publish an annual report to the public in the local newspaper. The report will detail the school's progress toward goals, accreditation status and proposals to correct deficiencies.

The Board will hold a public meeting by November 15, or by the date determined by state law, to review and discuss the annual report detailing the school's progress toward goals, accreditation status and proposals to correct deficiencies. Documentation of this meeting may include minutes of the meeting, the agenda including progress toward goals.

Performance report card

The Board will publish the school's performance report card in the local newspaper pursuant to §6-15-2006(b).

Probationary status notification

In the unfortunate event that the school be placed on probationary status, the school will publish the report immediately on the school's website and will run the status report in the local newspaper for two weeks pursuant to §6-15-205.

Report to the ADE Charter School Office

The school will provide a progress report and updated data to the ADE Charter school office by the deadline determined by ADE.

ACSIP

The Charter School will develop, with appropriate staff and community participation a comprehensive plan. The school's goals shall be compatible with state and national education goals and shall address local needs. The plan shall be filed with and reviewed by Department annually on October 1st or the date determined by ADE. The ACSIP will be viewable to the public through the ADE website or the Charter School's website.

11. Describe the enrollment criteria and student admission, recruitment and selection processes for the proposed public charter school.

Applicant Response:

As an open-enrollment charter school, the Charter School will enroll all eligible Arkansas students, provided that the program may accommodate the students.

Student recruitment plan

The Charter School will utilize EdisonLearning's Enrollment Department for student recruitment and admission services. EdisonLearning's Enrollment Department offers expertise in enrolling schools throughout the country, and consists of seasoned marketing professionals, enrollment managers, support staff, and an Enrollment Service Center which manages all phone calls, follow up calls, and document processing for the Magic Johnson Bridgescape programs. The Enrollment Department will design and produce brochures, posters, direct mail postcards, banners, promotional items for giveaway, advertising for local newspapers and transit systems and radio spots. The budget for this recruitment is reflected in the attached budget template.

Students are required to complete an enrollment application online to initiate the enrollment process. Applicants will then receive a call from an enrollment specialist to review their application, discuss their eligibility for the program obtain parental or legal guardian approval and explain the admissions requirements. Eligible students are then emailed or mailed a policy packet to fill out with state mandated information, which must then be returned with proof of residence, and any other official documents needed to hand off the student's application to the school for review. The Charter School will hold an enrollment process that is open, fair and in accordance with applicable law. EdisonLearning will manage all student contact information according to FERPA guidelines.

Open, fair admissions process and public lottery

If more applicants enroll in the school than are spaces available a public lottery will be held to draw for the names of students that will fill the school. The names of the students not selected will be saved in the event a selected student relinquishes his/her slot. If an opening comes available, another name will be pulled, by random selection, from that lottery pool. In the years that follow, existing students wishing to return for the next year are not required to enter the lottery pool. Returning students are required to complete an "intent to return" to the Charter School.

Newly enrolled students are assigned a Learning Coach who provides the student the initial support and resources to promote student success. The Learning Coach provides the student with the Code of Conduct and Student Handbook, including the Statement of Understanding, reviews a Note Taking and Study Skills Tutorial, and provides a Student Orientation Packet. In the course of the orientation, new students complete a Cyber Essentials Course that helps familiarize students with the eCourses and provides an overview on how to navigate the eCourses. Students complete a New Student Worksheet to help identify why the student has dropped out of their prior school or program, what are their ultimate goals, and what they need to succeed at the Charter School. Students also complete an Academic Assessment to assess his or her basic skills. These tools are used to develop an IGP that is tailored to meet each student's unique learning needs and career goals.

Samples of these forms and policies can be made available to ADE.

Check which of the following enrollment preferences, as permissible in Arkansas Code Annotated §6-23-306(14)(C), would be allowed at the charter school.

- Children of founding members of the charter school
- Siblings of enrolled students
- No enrollment preferences (No other boxes may be checked in order to select this option.)

It is affirmed that a random, anonymous student selection method will be utilized in the event that more students apply for admission to the open-enrollment public charter school than can be accommodated under the terms of the charter, except as allowed for in Arkansas Code Annotated §6-23-306(14)(C).

- Yes
- No

If it is believed that the use of a weighted lottery is required by federal court or administrative order, explain and furnish a copy of the order.

Applicant Response:

N/A

12. Summarize the job descriptions of the school director and other key personnel. Specify the qualifications to be met by professional employees (administrators, teachers, counselors, etc.) of the program. List the types of administrative positions, teaching positions, and support positions for the school.

Applicant Response:

Director of Achievement - The main responsibility of this part-time regional position is managing EdisonLearning's primary focus of student achievement in schools. The role, which will be similar to that of a superintendent, also ensures excellence in service delivery of all Magic Johnson Bridgescape by collaborating and partnering with district and charter school boards to drive consistently superior achievement gains. As required, this role will manage relationships as well as the operational/financial/budgetary/legal management of the Magic Johnson Bridgescape program. The Director of Achievement should be experienced in school finance and familiar with APSCN's Financial Management System (FMS). The Director of Achievement will oversee responsibilities, ACSIP development and submission, Technology Plans & E-rate, Federal Programs Coordinator, Schedule the Annual Audit by year's end, School Budget by Sept 30th, Monthly financial reports, APSCN Financial Cycle reports, Security Policy, Salary schedules, Annual Report by Aug 31, Arkansas Retirement System, State and Public School Employee insurance Program, Procurement and bidding, Statewide Information System, SIS, EDGAR, Equipment inventory, NSLA, Initial and Annual Tier 1 training, Write grant applications, Work financials with Educational Coop, Promotional events

School Operations Manager - The Schools Operations Manager, a regional position, akin to the Director of Achievement. Whereas the Director of Achievement ensures that the academic pieces are being implemented with fidelity, the School Operations Manager ensures that the operations/financial pieces are being implemented with fidelity

Program Director - The Program Director is responsible for providing the instructional, operational, and administrative leadership necessary to ensure the success of the school including primary responsibility for achievement and financial performance. The Program Director, which will be similar to that of a school principal, is the overall leader of the school, with a dominant focus on instructional leadership. The Program Director will be held accountable for the continuous improvement of the school and its staff and for increased student achievement. The Program Director should be experienced with school administration and APSCN's SMS (student side) and FMS (financial side). And preferably, should have at least a master's degree and be experienced in managing a charter school. The Program Director will oversee responsibilities such as Standards of Accreditation, Statewide Information System, SIS, Board relations and policies-including discipline, Compliance to this Charter, Charter renewal, Long range planning, Quality Management System, Legal issues, Monitor ADE Commissioner's memos, Ensure all ADE reports are filed, Statement of Assurances by October 15th, Maintain job descriptions and employee contracts, Research and Development, Teacher training, Highly Qualified assurance, NSLA, Food services and nutrition, Liaison with Educational coop, Curriculum and Instruction, Testing and Assessments, Creating Master Schedule in APSCN, Initial and Annual Tier 1 training, Equity compliance report and assurance, ALE Reports & Program description, APSCN Student Management System, Cognos, Triand, APSCN Cycle reports, Manage student data, Required website postings (such as Student Handbook, Salary Schedule, Personnel Policies by September 15th, Parent Involvement Plan, Annual School Performance Report, Board meetings and information, Contracts). The Program Director is also responsible for control student records and transcripts, Control schedules and grades, Report attendance, Set student and staff discipline per Board Policy, Manage staff, Record staff professional development, Review student handbook, Evaluate transfer students' credits, Set up Parent Center, Arrange building inspections, Conduct safety and fire drills, Ensure compliance with IDEA, Ensure criminal background for staff, Ensure child mistreatment checks, Comply with Special Education, Schedule Parent Teacher Conference, Recruit targeted student, Enroll and retain students, Plan Closing Achievement Gap efforts, Encourage community involvement, Oversee graduation and diplomas, Delegate student functions and activities, Review lesson plans or pacing guides, Recruit and recommend teachers, Evaluate teachers, Observe classrooms, Serve as Instructional leader, Serve as Office of Teacher Quality, Plan Minority Teacher Recruitment, Parent Involvement Plan requirements, Purchase goods up to \$10,000 or amount set by the Board and ADE.

Teacher - The budget reflects that 4 teachers, a part time ALE teacher and part-time ELL teacher will be hired in the first and second years. As a member of a teaching team, the teacher will be responsible for facilitating student learning in an instructional technology learning environment and supplementing computer-based

instruction with direct instruction as needed. He or she uses a variety of instructional methodologies and curriculum resources to teach content and skills to students in small- or pull-out group instruction. The teacher regularly meets with students to advise and plan for students' IGPs, providing coaching and mentoring in an advisory capacity. The teacher works as a team member to meet the needs of all students. Because building relationships is a critical component of this learning environment, the team works together to identify student needs that may be barriers to success. Teachers collaborate with team members to analyze different means of meeting student needs and communicates with students, parents, and other team members about student progress and plan for next steps.

The Charter School requests the waiver on teacher certification, but the teachers must meet the highly qualified teacher status requirements. The School will use certified teachers as the ACTAAP Test Coordinator and to administer the state mandated assessments as required by ADE. All staff members will uphold the professional code of ethics and conflict of interest.

Special Education Teacher - The budget reflects that one special education teacher will be hired in the first and second years. The Special Education Teacher is responsible for implementing and ensuring compliance to established policies, procedures and/or regulations; and addressing other duties and processes required to maintain the school's program of services. Responsibilities include, but are not limited to: providing student interventions and modifications to the academic program as needed; managing the school's special education programs and services; developing related goals, objectives and recommending policies; planning, implementing and working with staff in evaluating the special education programs and services; acting as a liaison with other district staff, serving as a resource of information regarding special education programs and services; and ensuring that procedures are appropriate in relation to policies required by state and federal regulatory requirements.

Aide/Paraprofessional - The budget reflects that two aides will be hired in the first and second years. The Aide or Paraprofessional, as a member of the instructional team, works under the supervision of the Program Director. This person primarily works in classroom, assisting the teacher in implementing instruction and related services. Such assistance may include: providing instructional assistance, guiding additional practice opportunities, re-teaching, and monitoring behavior.

Guidance Counselor - The budget reflects that one counselor will be hired in the first and second year. The qualified Guidance Counselor champions the behavioral, social/emotional and mental health needs of students in support of student achievement across the program. They take a leadership role in providing professional development within the school to create a solid understanding of the psychosocial development of students and the influences of family, community, and cultural differences on student achievement. They are a crucial voice in determining, planning and supporting the implementation of interventions, particularly related to the behavioral/social/emotional issues of students. Within this unique and alternative setting, it is critical that specific student needs be identified and met early on in an effort to provide students a support system that is often lacking outside of this environment. The Guidance Counselor will be trained (most likely at the educational cooperative) and appropriately qualified with APSCN student side.

Enrollment Coordinator - The budget reflects that one will be hired in the first and second years. The Enrollment Coordinator develops a student recruitment strategy, recruits students who are at-risk or who have dropped out of schools and maintains student enrollment.

Office Manager - The budget reflects that one will be hired in the first and second years. The Office Manager will play a key support role, serving as the focal point for communication by mail, telephone and in person. The Office Manager will manage the flow of information, both within the school and between the school and the state, and will be responsible for maintaining all school records. To be effective, the Office Manager must be organized and efficient, familiar with all necessary office equipment, including computers and computer programs for word processing, databases, and spreadsheets. Equally important is the role of the Office Manager as representative of the program. He or she must be flexible, personable, able to communicate the program's mission and vision, and possessed of the same EdisonLearning core values. The Office Manager will be trained (most likely at the educational cooperative) and qualified to enter financial data and coding in APSCN information. The OfficeManager will also be trained to enter Cycle data into APSCN.

13. Explain how the school will conduct its business office. Tell about business office personnel and describe the process by which the school governance will adopt an annual budget.

Applicant Response:

Business Office and managing fiscal responsibility

The Charter School will have a formal business office with the Program Director acting as the campus business manager. This Program Director will work with the local education cooperative(s) in composing and preparing the school's annual budget and financial reports for the Board's input and approval. The upcoming year's annual budget will be created and approved by the Board on or prior to September 30 or the date determined by ADE.

The Program Director will have the decision-making authority in finance and purchasing, in consultation with the school director, for purchases under \$10,000 or the amount set by statute. Any purchase or financial decision over that amount must be approved by the Board. The Program Director will prepare the monthly statements of finances and present them to the Board for approval. The Program Director will be responsible for maintaining financial records and ensure the information is provided to the auditor for the annual school audit.

Additional financial responsibilities are listed under the job descriptions in the Staffing Plan in Section C12 of this application.

Procurement Policy

The Charter School has a draft of the purchasing and procurement policy. **This draft policy can be made available to ADE upon request.** The policy includes bidding procedures.

Annual Budget Timeline

Upon approval of the Charter School, the ADE Public School Finance and Administrative Support Section will provide technical assistance. At that time, a detailed budget will be developed specific to the terms of the Charter. That budget will also meet the data reporting requirements of the Arkansas Public School Computer Network

Two-year Budget Estimate

The Budget Worksheet has been developed for application purpose. It is formatted to expedite the application process and does not include funds that are not presently guaranteed and does not include one-time grants such as the Charter School Program implementation grant. **The sample two-year budget worksheet is attached.**

Budgeting for student enrollment

Year One: Enrollment - 200 students

Year Two: Enrollment - 200 students

The "Number of Students" is the number of students expected to be enrolled in the open-enrollment public charter school. The student numbers including addition of students by year and or grade is clearly be defined in the application's budget page.

All public schools in Arkansas receive "foundation funding," a set amount of money per student based upon average daily membership, the amount determined necessary to provide all students with an adequate education.

14. Describe the manner in which an annual audit of the financial and programmatic operations of the school will be conducted. If the school wishes to request that the authorizer allow a licensed accountant or licensed certified public accountant, rather than the Legislative Auditor, to perform the first-year audit, identify the accountant by name, firm, address, and phone number. The named accountant must meet the requirements of ADE Rules Governing Publicly Funded Educational Institution Audit Requirements, including the prohibition on auditors providing non-audit services (such as accounting or consulting services) to auditees. A school's preference as stated in this application may not be changed without prior approval of the authorizer.

Applicant Response:

Annual Audit

OCBA has previously worked with Hudson Cisne, a Little Rock auditing firm, and therefore will ask Hudson Cisne to conduct the Charter School's first-year audit. Their contact information is listed below.

Hudson Cisne & Co. LLP
Rami Kassissieh, CPA
11412 Huron Lane
Little Rock, AR 72211 (501)2 21-1000

The audit will be carried out after the end of the school year. The fee for the audit will be \$10,000. This amount is reflected in the attached budget worksheet in year two.

Information needed to be reported to ADE

The schedule of statutes required by ADE to be addressed in independent auditor's report on compliance include;

Bidding & Purchasing commodities
School officials prohibited from Sales
Collateralization & Investments
Deposit of Funds
District Finances
Bonded & non-bonded Debt,
District School Bonds
Petty Cash,
Investment of Funds
Management of Schools
Board of Directors
District Treasurer - Warrants
Management letter for Audit
Nonrecurring Salary Payments
Revolving Loan Fund
Salary Laws
School Elections
Teachers and Employees
Personnel Policies
Employment & Assignment
Teacher's License Requirement
Contracts
Certification Requirements
Fair dismissal Act
Sick leave policies
Teacher Salaries, the Minimum Foundation Program Aid Act
Teacher Salary Fund
Trust Funds

Use of Contractors, Improvement, Contracts
Use of District M & O Millage (N/A)

Information Reported to the Community

The audit will be posted on the Charter School's website

15. It is affirmed that the public charter school will participate in the Arkansas Public School Computer Network, as required by state statute and by State Board of Education rule, for reporting **both education data and financial data**, including grant funds or private donations received directly by the charter school.

Yes

No

16. Describe the facilities to be used. Give the present use of the facility. If the facility to be used for the school is a facility of a school district, describe the terms established by the local school board of the district stipulating the relationship between the proposed public charter school and the district pertaining to the use of the facility. Attach a copy of the agreement, signed by the president of the local school board, the chair or president of the governing body of the proposed open-enrollment public charter school, and the chief operating officer of the proposed charter. If the facility is not operated by a school district, attach a copy of the Facilities Utilization Agreement, signed by the entity owning or operating the facility and the chief operating officer of the proposed charter. A proposed lease may also be submitted but is not required. Please note that any lease or other debt must be approved by the Commissioner of Education.

Applicant Response:

Portable buildings

The proposed Charter School will be housed in portable buildings on two acres of farmland on Highway 140 near I-55. The landowner will be leased to the school for \$1 per year. The total expense to set up and lease the portable buildings is less than \$2,500 per month. This dollar amount is calculated from a price quote from Williams Scotsman, Inc. dated August 14, 2013.

Facilities and maintenance budget

The attached budget worksheet reflects the following line items, annually; \$30,000 for rent, \$20,000 for supplies and materials, \$12,000 for utilities, \$24,000 for phone/internet, \$24,000 for custodial, \$26,000 for maintenance. The Board is experienced with safety and health inspections needed for the facility including the requirements for Fire Marshall's approval. This approval must be in hand before the school can open. The organizers are experienced with meeting Arkansas health, safety, certificates of occupancy, and compliance with IDEA.

Facilities use form

The ADE supplied **Facilities Use form has been signed and is attached. The Williams Scotsman price quote is available to ADE.** The land owner understands and invites the representatives from ADE to visit the site within the next couple of months. The lot is owned by Kim Holthouse of Osceola. There are no relations with the property owners and those listed in (1), (2) and (3). There is no school staff at this time.

If the charter is approved, OCBA acknowledges that the lease or a loan for equipment purchase must be approved by the Commissioner of Education.

Identify the owner(s) of the proposed facility and describe their relationship, if any, with:

- (1) Members of the local board of the public school district where the proposed open-enrollment public charter school will be located,
- (2) Employees of the public school district where the proposed open-enrollment public charter school will be located,
- (3) The eligible entity sponsoring the open-enrollment public charter school, or
- (4) Employees/directors/administrators of the sponsoring entity or proposed open-enrollment public charter school.

Applicant Response:

The land is owned by Kim Holthouse of Osceola. There are no relations with Kim and those listed in (1), (2) and (3). There is no school staff at this time.

The facility will comply with all requirements for accessibility in accordance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) and all other state and federal laws and local zoning ordinances.

- Yes
 No

If the facility does not currently meet these requirements, provide a list of items that will need to be addressed to bring the facility into compliance. Also include a statement of permissible uses for the facility from the local zoning authority, and whether there are any alcohol sales within 1,000 feet of the facility.

Applicant Response:

IDEA

The Charter School's proposed facility will comply with all requirements for accessibility in accordance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) and all other state and federal laws. The facility will be inspected by staff of the ADE or its designee prior to any State Board of Education action on the application. If during the ADE inspection, a nonconformance is discovered, the Charter School will repair or fix the facility to meet the requirement.

The land for the school is on farmland and is suitable for a school building. No liquor stores or sales are within 1000 feet of the facility.

17. For each and every individual specifically identified by name in Section A of the application (the contact person, chief operating officer, board members, and other individuals), identify any family or financial relationship which may exist between that individual and:

- (A) Any other individual specifically identified by name in Section A of the application;
- (B) Any individual or entity with whom the sponsoring entity or charter school has contracted, or intends to contract, to provide any services or products for the proposed charter school; and/or
- (C) The owner(s) of the facilities to be used.

For the purpose of this standard, an individual has a financial relationship with another individual or entity if he or she:

- (1) Receives compensation or benefits directly or indirectly from the entity or individual;
- (2) Is an officer, director, partner, employee, or owner of more than 5% of the shares of an entity that is a corporation, partnership, sole proprietorship, or LLC; and/or
- (3) Has a family member (spouse, sibling, parent or child, or the spouse of a sibling, parent, or child) who is an officer, director, partner, employee, or owner of more than 5% of the shares of an entity that is a corporation, partnership, sole proprietorship, or LLC.

Applicant Response:

There are no relationships as described in Question 17.

(B) If approved, OCBA plans to contract with Magic Johnson Bridgescape/EdisionLearning to manage the school. *Any conflict of interest will be addressed through a management agreement between the Board and any other organization involved with the school.* The OCBA bylaws includes a policy for Conflict of Interest. If approved, the Board will also approve and abide by a Conflict of Interest policy.

Explain the procedures to be followed if a conflict of interest is identified. The procedures must ensure that all actions are in the best interest of the school and the students at the school.

Applicant Response:

There are no conflicts of interest among the individuals involved with this proposed Charter school. There is no family or financial relationship between any of the those listed. The bylaws of the non-profit ensure that there are no conflicts of interest.

Draft of Conflict of Interest Policy

The Board will utilize the ASBA model policy program and adopt a Conflict of Interest Policy that ensures that all actions are in the best interest of the school and the students at the school. A draft of a procedure:

Board members believe that school board membership is an act of public service and as such no monetary reward is expected by the individual members. Further, the Board strives to avoid any impropriety or appearance of impropriety in its use of school funds. In accordance with statute the Board will not purchase supplies, equipment or personal services from any member of the Board, or from a firm or corporation in which a Board member has a significant interest unless such purchases are made on the basis of open competition bids or quotations requested through public advertising.

OCBA, Inc also includes a Conflict of Interest statement in its bylaws.

18. Describe the manner in which the school will make provisions for food services. State whether the proposed charter school will apply to participate in the federal National School Lunch program or other federal nutrition programs.

Applicant Response:

Food service for all eligible students

The Charter School apply for the Federal Free- and Reduced-Priced breakfast, lunch programs administered by the U.S. Department of Agriculture, and will adhere to all applicable requirements including, but not limited to: meal pricing, determination of eligibility, nutritional value and reporting requirements.

It is the intention of the Charter School to bid out the food service, for the first year or two, to Food Service Management Companies. Meal plans will meet both the National School Lunch Program (NSLP) standards, as well as those guidelines set by the United States Department of Agriculture. Any and all food service subsidy revenues received from the Federal and State meal programs shall be used exclusively for the purpose of providing meals to eligible students, and for no prohibited purpose. Typically, students from households with incomes at or below 130% of the poverty level are eligible for free meals, while students from households with incomes between 130 percent and 185 percent of the poverty level are eligible for reduced-price meals. The Charter School Board will set all meal prices for both students and adults and will ensure those meal prices are also compliant with all state and federal regulations.

Food Service Management Plan

The school will develop a full Management Plan, pursuant to §§20-7-124, 20-7-135. The Plan includes the following components:

1. Program Management

Child Nutrition program; The application process and deadlines

Menu Planning Tool, Production Records, meals Per hour labor worksheet, on-site review, Self review form, Eligibility Master Roster, Direct Certification of Students, Certification of Disability for Special Dietary needs form, Time certification form, bid tabulation form

2. Reimbursement claim reimbursement, cash management worksheet, daily record form, edit check worksheet, safety net listing

3. Summer Meals Program - seamless summer schedule

4. Verification Reporting, forms and letters

5. Free and Reduced price meals, Eligibility guidelines and applications

6. After school snack

7. Healthy schools, Wellness Committee

8. Wellness Policy Checklist

9. Cycle 2 reporting and student report

10. Staff requirements

Child Nutrition Unit Requirements and Deadlines, Certification of Child Nutrition, (CN) Director, School Nutrition Association, (SNA), Duties of the CN Director, Non-profit food service account, Source of CN Director salary, Certification of Child Nutrition (CN) Manager, Child Nutrition (CN) Manager's Training, Training of Child Nutrition (CN) Workers

19. Describe how the parents or guardians of the enrolled students and other members of the community will be involved with the school to positively impact the charter school's educational programs.

Applicant Response:

Parent Involvement in educational programs

Parent and community involvement is essential in establishing a strong foundation for a school. For the population of students who traditionally enroll in Edison Learning's Magic Johnson Bridgescape Academies, the student's parent or guardian is not always the person supporting the student to achieve their academic and career goals. For that reason, teachers and staff of the Charter School will work with each student to identify the adults in their lives who positively influence the student's life and will support the student. The Charter School has a draft Parent Involvement Plan and will involve the parents and community in the development of the final Parent Involvement Plan by October 1st or the date determined by ADE. The Parent Involvement Plan will be posted on the school's website by October 21st or the date determined by ADE.

The Charter School will seek to involve parents/guardians and the community throughout the start up process. The Charter School will ask for parent/guardian and community volunteers to help with outreach, and other efforts such as student activities, field trips, and community partnerships that will enrich the experiences of the students. Parents/guardians, students, and community members will be encouraged to promote the school to their contacts, to refer friends, and to help the school establish mutually beneficial relationships and partnerships with community organizations and local businesses.

Continued involvement

The Charter School will seek to involve parents and the community throughout the development process. As the Charter School will bring together the community, including parents, business people, educators, and community leaders to serve on a Advisory Committee. This OCAB Board will encourage the Advisory Committee to provide feedback throughout the school year. As previously discussed, one of the Charter School's primary focuses will be to serve students who are at risk of or who have already dropped out of school and foster a conducive learning environment that will lead to the student graduating. It is imperative to have a whole-child approach to education and as a result parent and guardian involvement will be an integral component of the learning process. Parent and guardian satisfaction will be gauged by conducting twice-annual parent satisfaction surveys.

The OCBA and Magic Johnson Bridgescape staff will also identify and engage with community organizations that provide services and opportunities for at-risk youth. This outreach to local organizations will increase awareness in the community for the drop-out recovery and re-engagement services that the Magic Johnson Bridgescape program will provide. One such resource is Magic Johnson Enterprises, which will provide students connections to workforce solutions and partner businesses. Students graduating from the Magic Johnson Bridgescape programs are eligible for high school to workplace or high school to college resources. Through the program, students will have access to job readiness and mentorship resources to assist in career preparation and post-secondary planning. The program will partner with local businesses, civic organizations, and non-profits to create career platforms for students, providing workplace exposure and training and Magic Johnson Enterprises will leverage its full service staffing business and its other businesses and local partnerships to help identify job opportunities for graduates. Magic Johnson Enterprises currently has a strong network of government and corporate relationships in 22 states and 98 cities. Further, the Magic Johnson Foundation will offer scholarship opportunities for students who graduate from the Magic Johnson Bridgescape program. To date, the Magic Johnson Foundation has awarded scholarships to 386 students with an 87% graduation rate. Currently, there are 137 scholarship recipients attending 96 colleges and universities.

Student Services Annual Report SurveyThe Charter School will also participate in the Student Services Annual Report Survey as required by ADE.

20. List the provisions of Title 6 of the Arkansas Code Annotated (Education Code), State Board of Education rules, and sections of the *Standards for Accreditation of Arkansas Public Schools and School Districts* from which the public charter school seeks to be exempted in order to meet the goals of the school. Identify the specific statute, rule, or standard requested to be waived by title and section number if applicable. **Provide a brief description of the rationale for each waiver requested.**

Applicant Response:

The Charter School respectfully requests waivers from the following provisions of Title 6 of the Arkansas Code Annotated (Education Code), State Board of Education rules, and sections of the Standards for Accreditation of Arkansas Public Schools and School District in order to meet the goal of the Charter School and offer the Magic Johnson Bridgescape program.

Waivers from Title 6 of Arkansas Code Annotated (Education Code)

§6-10-106 Uniform dates for beginning and end of school year. The school operated on an extended school year

§6-13-109 Licensure requirements for School Superintendents. The school will hire a Director that has been interviewed and recommended by the Magic Johnson Bridgescape Academy partnership therefore the school requests the waiver on superintendent's requirements.

§6-13-608 Length of Director's terms - The Board is elected pursuant to the nonprofit bylaws posted on the nonprofit's website, <http://www.ocbainc.com>

§6-13-611 Vacancies Generally - The Board is elected pursuant to the nonprofit bylaws

§6-13-616(a) Qualifications of Directors -Board is elected pursuant to the nonprofit bylaws. None of the Board members shall be eligible for employment in the charter school

§6-13-619 Meetings & Removing Directors- The Board will follow the nonprofit bylaws for removing and replacing Board members

§6-13-620 (i) Powers and duties - The school will not hire a Superintendent but will hire and will evaluate annually a Director of Achievement and a Program Director to share the duties identified as those of a Superintendent.

§6-13-630 Election by Zone and at Large - The Board is elected pursuant to the nonprofit bylaws

§6-13-633 Vacancy- The Board is elected pursuant to the nonprofit bylaws

§6-13-634 School District Board of Directors - The Board is elected pursuant to the nonprofit bylaws. Per these bylaws, the charter school will have (the odd number of) five members on its Board

§6-14-101 through 6-14-122 General Election Laws-School Boards - The Board is elected pursuant to the nonprofit bylaws, <http://www.ocbainc.com> .

§6-15-213 38 units. The EdisonLearning curriculum does not have a Journalism course nor all of the arts courses therefore the school requests a waiver to teach 38 units

§6-15-902 (c)(3)(B) Weighted credit for concurrent credit - The School will award weighted credit for 2nd year (sophomore) level concurrent credit college courses that a student is using for a core course graduation requirement.

§6-15-1004 Qualified teachers in every public school classroom - The School will use highly qualified teachers

as determined by federal requirements.

§6-15-2302 (b) General Business Manager - The school will hire and train qualified staff through its partnership with *Magic Johnson Bridgescape/EdisonLearning*. The staff entering financial data into APSCN will be trained, probably at the local educational cooperative, Crowley's Ridge Coop.

§6-16-102 School Day - The School will hold classes during the day for more than six hours per day and will hold classes in the evening as the interest increases for night classes. Therefore the school will hold classes for more than six hours a day. But in the Magic Johnson Bridgescape Academy model, students are allowed to complete some of their coursework away from the campus, therefore the school requests a waiver on the school day.

§6-16-103 Course of Study - (c)(1) Mail the courses to be taught to every parent. The school will mail the letter to the students who are 18 years or older instead of their parents.

§6-16-124 Arkansas History-Required Social Studies course. The school will not require students missing this half credit up if they did not take the course in 7th or 8th grade.

§6-17-111 Duty-free lunch - The staff may be needed to eat with the students during lunch.

§6-17-114 Daily Planning Period - The teachers will not have a paid daily planning period.

§6-17-203 and §6-17-205 Committee for each school district (Personnel Policy Committee) and Organization - The board will adopt personnel policies, using the ARSBA model policy, but school will not have a personnel policy committee

§6-17-204 (b)(2)(A) Incorporating into teachers' contract. Voting by personnel policy committee - The school will not have a personnel policy committee.

§6-17-302(a) Public school principals-Qualifications and responsibilities - The school will use a Program Director instead of a principal. Many of the Director's responsibilities are listed in the Job Description section of this application.

§6-17-309(a)(1) Certification - Teachers teaching out of area. The school is requests teacher certification waiver for classroom teachers and substitute teachers

§6-17-401 Teacher's license requirement - The teachers will teach multiple subjects. But the School will use only highly qualified teachers as determined by federal requirements.

§6-17-427 School superintendent monitoring. The school seeks the waiver on superintendent monitoring for its campus leader, the Program Director

§6-17-418 Teacher certification - Arkansas history - The School will use highly qualified teachers as determined by federal requirements.

§6-17-702 Arkansas History in-service Training - The school will provide professional development according to the professional development plan used by Magic Johnson Bridgescape/Edisonlearning

§6-17-704 thru §6-17-705 Professional Development Plan and credit - The school will provide professional development according to the professional development plan used by Magic Johnson Bridgescape/Edisonlearning. **A copy of the Professional Plan in use at other sites in the U.S. is available to ADE**

§6-17-901 through 6-17-922 AR Teachers' Salary Law - The school requests waiver from the AR Teacher's Salary Law

§6-17-1501 through 6-17-1510 Subchapter 15 Teacher Fair Dismissal. Employees will be afforded constitutional due process in all dismissals.

§6-17-1702 through 6-17-1705 Subchapter 17 Public School Employee Fair Hearing Act. Employees will be afforded constitutional due process in all dismissals.

§6-18-211(a) and (b)(1), *Mandatory attendance.* In the Bridgescape model, students are allowed to complete school work at home. The school requests the waiver requiring its students in grades 9-12 to attend a full day.

§6-18-223 Credit for college classes. School students can substitute college classes for additional high school requirements per the sample concurrent credit matrix that is available to ADE. The School will pay the students' college tuition, fees and books for the dual enrolled college courses.

§6-24-106 Administrators

The school directors will have at least a Bachelor's degree and a business background. Most of the administrator's responsibilities are listed in Section 12 of this application. The salary is commensurate with performance, years of experience and level of graduate college work

§6-47-406 (1), (2)(A), (f)(1) Virtual school. The school seeks waivers to offer distance learning to students outside of the district where the charter school is located, to allow student to take the distance learning course off-campus (except the state tests and assessments must be taken on site), to expand the potential students to those who have dropped out of school or are at serious risk of leaving their high school.

§6-48-101 through §6-48-104 Direct instruction is primary education component in ALE. Plus ALE participate in school wide activities. The school requests to be able to offer its Edison Learning eCourses in the ALE setting.

Waivers from SBE Rules and Regulations

Business Manager Qualifications. The staff entering financial data into APSCN (FMS) will have training provided by the local educational cooperative or similar provider.

Concurrent Credit Classes. The school will pay for the concurrent credit classes

Distance Learning. The home schooled or private school students may enroll in the school distantly. The students would be required to come to the charter school only to take state test and assessments.

Gifted and Talented Program Approval Standards. The School will focus on basic academic, skills and workforce preparedness.

Mandatory Attendance in Grades 9 through 12. In the Magic Johnson Bridgescape Academy model, the students are allowed to complete some of their coursework away from the campus. The school seeks the waiver requiring 350 minutes of instruction per day

Personnel Policies and Salary Schedules, The school will award pay and pay increases based upon performance not years of service. The school will post the personnel policies and financial data on its website as required in Section 9

Professional Development The school will use the Magic Johnson Bridgescape Academies professional development plan. A copy of the Profession Development used at MJBA is available to ADE.

Waivers from Standards for Accreditation

In the rules concerning parents, the school requests that the students, 18 years and older, be able to act in the role of the parent, such as rule 9.03.1, 12.04 and other rules requiring a parent signature or approval.

Standard IV (CURRICULUM)

Rule 9.03.1.2 The school requests the waiver to teach the 38 units. The EdisonLearning curriculum does not include a Journalism course, some of arts courses.

Rule 9.03.04 38 units. The school requests waiver from teaching the 38 units, from requiring a minimum of laboratory experience of 20%, and from requiring 9 units of sequenced CTE courses in 3 occupational areas The School will schedule all 38 units on its Master Schedule in ASPCN but if the full or half course is not needed by any student for graduation, the course will not have to be taught. **The EdisonLearning course catalog is available to ADE.**

Standard V (INSTRUCTION)

Rule 10.01.2 190 day contract for teachers. The School will use adjunct and part time teachers

Rule 10.01.3 Ten days of professional development. The Magic Johnson Bridgescape Academies have an established **professional development plan. It is available to ADE.**

Rules 10.02.5 Class Size and Teaching Load. With the Magic Johnson Bridgescape model a teacher may need to teach more students than this rule allows.

Standard IX (GRADUATION REQUIREMENTS)

Rule 14.03 Clock time. The school requests a waiver for the 120 clock hours for 1 unit and 60 clock hours for ½ unit. In the Magic Johnson Bridgescape Academy model the students are allowed to complete some of their coursework away from the campus therefore this waiver is requested.

Standard X (PERSONNEL)

Rules 15.01 through 15.02 School District Superintendent and Principal. The school requests the Director of Achievement and the Program Director not be required to be licensed

Rule 15.03.1 to Rule 15.03.3 Licensure and Renewal. The school requests this waiver for all staff including substitute teachers. Teachers will meet highly qualified status as required by federal guidelines.

Rule 15.04 Professional Development and In-Service Training. The school is requesting a waiver form the professional development requirements. The School will use part time and adjunct faculty and the will be scheduled to teach at different and various school sessions during the year. The faculty will be trained in accordance with the existing Magic Johnson Bridgescape Academy professional development plan. Professional development records will be maintained by the school. The school has a **sample professional development plan used at other Magic Johnson Bridgescape locations available to ADE.**

Standard XI. (SUPORT SERVICES)

Rule 16.01.3 Guidance and Counseling. The School will use a qualified counselor to advise students and to provide counseling services

Rule 16.02 Media Services. The School will utilize local libraries, and the EdisonLearning eCourse program in place of an on-site library

Rule 16.03.1 and 16.03.2 Health. The School will use contracted services to provide the health program

Standard XIII (GIFTED AND TALENTED EDUCAITON) School students will focus upon the basic courses.

Standard XVI (AUXILIARY SERVICES) The school will not transport students.

21. Describe the potential impact of the proposed public charter school on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

Applicant Response:

The Charter School will not impact any court order or statutory obligations.

22. Identify the two or three key individuals responsible for this application. Discuss the experience and qualifications of each. Explain what the founders are doing or will do to ensure the success of the charter school when others are in leadership roles.

Applicant Response:

Sally Wilson, OCBA President and Founder

Wilson was a member of the Osceola School Board from 2002 through 2009, attended ARSBA training and received outstanding school board member recognition. Since 1999, Wilson has helped numerous groups write charter applications, some successful and some not. In 2007, she helped OCBA, Inc write the OCABS charter application that the State Board approved. Wilson worked as the OCABS School Director in its start up year and in its second year. In its start up year, OCABS received full accreditation from ADE, without any probationary items or any citations. In the second year, OCABS had an on-site review and was one of few schools in the area to receive full accreditation without any probationary items or citations. During the same two years, Wilson served on the Arkansas Public School Resource Committee. Wilson has been a presenter at the Charter School conference. Wilson has a bachelor's degree in Engineering and consults and teaches for area community colleges' technical programs. In 2006, Wilson was the lead instructor of the ADTEC team that created the Advanced Manufacturing course of study for Arkansas Career and Technical.

Michael Malone

Michael Malone is the Regional Vice President of Development for EdisonLearning. A former Assistant Superintendent, Michael has twenty-five years of executive experience in K-12 education spanning positions in large urban districts, a non-profit education reform partnership, and two for-profit educational management companies. In his current position, Michael works with school districts and charter school boards to implement high achieving and innovative school designs, such as Magic Johnson Bridgescape. For example, Michael worked in Cleveland, Columbus, and Cincinnati, Ohio, to develop and implement ten Magic Johnson Bridgescape Academy charter schools.

The Magic Johnson Bridgescape Academy Management Team

Jodie Beckley

Jodie Beckley is the Senior Vice President of Alternative and School Improvement Solutions. A life-long educator, Jodie taught Spanish for 10 years at the elementary, middle, and high school levels in Wichita, Kansas before she joined EdisonLearning in 1996 to start up one of the first Junior Academies in our system. She then became a principal and moved to Michigan to open Edison-Oakland Public School Academy, which served 840 Detroit students in grades K-8 and her school earned a "Golden Apple Award" – Michigan's highest recognition for outstanding achievement gains on the state's high-stakes test at that time. Since 2002, Jodie has held a number of positions, including Vice President of Education Services and Regional General Manager.

Chris Wilberding

Chris Wilberding is the Vice President of Operations for Alternative Education Solutions and has extensive experience in management of operations. Mr. Wilberding began his career as a social studies teacher and coach prior to operating alternative schools and programs for students at risk of dropping out of school.

Jennifer Parker

Jennifer Parker is the Executive Director and Education Service Lead for Alternative Education Solutions and as such is responsible for developing the educational models and designing the implementation model for the Magic Johnson Bridgescape Academies. A former middle and high school English teacher, Ms. Parker transitioned to administration and has served as Program Director for schools serving at-risk, and

behaviorally and learning-challenged students at the elementary, middle and high school levels. Additionally, Ms. Parker has supervised schools regionally, serving as an Executive Director for multiple school programs in the state of Florida. In these roles she has gained a wide range of experience in curriculum development, school management, training and professional development. Ms. Parker's background in curriculum, instruction, and training is key to Magic Johnson Bridgescape's success.

Natalie Williams

Natalie Williams is the Vice President, Strategic Alliances and Operational Excellence. Ms. Williams is responsible for managing strategic alliances to ensure they deliver value to both partners and achieve stated goals. As the primary liaison with Magic Johnson Enterprises, Ms. Williams' work with "Friends of Magic" and community partners is critical to the success of Magic Johnson Bridgescape. Ms. Williams also supports operational excellence through the management of regional staff training and the evaluation of client relationships.

Sponsoring Entity, OCBA, Inc

OCBA, Inc is the sponsoring entity of this charter school application. OCBA members have experience with successfully governing a charter school in 2008, 2009 and 2010. During this time the school won accolades for careful compliance to its charter and state requirements. Per the OCABS charter, OCBA delegated governance of the school to newly formed group, called the OCABS Board that was designed to be elected from the school's families. Unfortunately the new group hired administrators that did not comply with the intent of the charter and ultimately the school was closed.

In this charter application, the governance of the school will remain with OCBA, Inc. And to help ensure the long-term success of the school, OCBA will enter into contract with Magic Johnson Bridgescape EdisonLearning to manage the school.

America's Promise Alliance and GradNation

All of the organizations are involved with America's Promise Alliance and the GradNation initiative. Magic Johnson Bridgescape has 17 academies in five states. EdisonLearning works with about half a million students across the globe.

OCBA, Inc.'s Determination Letter

The "eligible entity" is an organization that is nonsectarian in its programs and operations, and is exempt from taxation under Section 501(c) (3) of the Internal Revenue Code (provide evidence). A copy of the entity's letter from the IRS reflecting tax exempt status.

Contribution Deductibility:
Yes

Addendum Applies:
Yes

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

Please see enclosed Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, for some helpful information about your responsibilities as an exempt organization.

Local students make chancellor's list

Seven Osceola students have been selected to join the Chancellor's Leadership Corps at the University of Arkansas at Little Rock.

To participate the students must have at least a 3.0 cumulative high school grade point average and participate in an on-campus interview to be considered. Scholars have an opportunity to develop and enhance the skills necessary for leadership posi-

ments are met.

Osceola students participating in the CLC are Quaylon Estell, Kierra Gill, Ashton McFarland, Swan'Daysha Pugh, Rashad Roberts, Chanse Smithey and Jonathan Woodson.

Osceola Schools hold "open houses"

The Osceola School District will have new teacher orientation Aug. 8 and 9.

Aug. 12-16 teachers will head back to school for professional development.

Students in the Osceola School District will return to class Aug. 19.

Carroll Smith Elementary School will hold an open house from 5-6 p.m., Aug. 15.

North Elementary School will hold its open house from 5-6 p.m., Friday, Aug. 16.

Republican Party to host state candidates

The Mississippi County Republican Committee will host David Sterling, candidate for Attorney General, and Judge Rhonda Wood, candidate for Arkansas Supreme Court, Thursday, Aug. 22.

A Dutch treat dinner will be held at 6 p.m. at Dixie Pig, 701 North 6th Street, Blytheville. Following dinner a meeting will be held at 7:15 p.m. at Bush Thornton Building, 1594 South Division, Blytheville.

PUBLIC NOTICE

You are invited to attend a meeting Thursday, August 22, 2013 at 5:00 p.m. in the meeting room of the Econo Lodge, located at 4635 W. Keiser Ave. in Osceola.

The purpose of the meeting is to present information about a proposed new charter school, Young Adult Magic Johnson Bridgescape Academy.

For more details, email ocbainc@yahoo.com or call Sally Wilson at 870-822-0574.

TRiO
EDUCATIONAL

Education

Families with school-aged children will spend an average of \$634.78 on apparel, shoes, supplies and electronics this year, down from \$688.62 last year.

School receives recycling bins - The Mississippi County Regional Solid Waste Management District receives grant funds each year to help fund recycling projects within the district. Lana Carney, math coach at Carroll Smith Elementary School, requested four recycling bins for the school to hold paper. The MCRSWMD used grant funds to purchase the bins. Pictured are Mississippi County Judge Randy Carney, Lana Carney, Christel Smith, dean of students; Kelli Hicks, MCRSWMD coordinator; Stefanie Smithey, principal; David and Luke Carney and Micah Driver.

Area workers looking for new career encouraged to call ANC

Dr. Bridget Shemwell began her career in 1997 teaching in the public schools while attending graduate school part-time

ANC/library team up

The Mississippi County Library System and Arkansas Northeastern College's Community Education Department are partnering to offer classes for adults at the Blytheville, Osceola, and Leachville Public Libraries this fall.

Starting in September, the class Beginning Conversational Spanish will be held at all three libraries in a six session course. Also in

September patrons can take courses in Old Testament Literature, Upholstery Workshop, and Sewing Made Easy offered at the Blytheville Public Library. Other classes include Crocheting Fancy, The Art of Quilling, I Can't Believe I Am Knitting, Cross Stitching and Tatting: Knot a Lost Art. The Osceola Public Library will be offering Studio Art in October and November for ages 12 years old and up.

The enrollment fee for the community education courses is \$5 per course. All-though courses don't start until fall now is the time to register. registration through the libraries is not available, but those who are interested may register through ANC's Community Education Department.

Registering prior to the classes allows instructors to know how to plan for projects and supplies. Mary Ann Garren may be reached at ANC Adams/Vines Building room L-30, by phone at 870-762-3168. Garren can also provide full course descriptions, times and dates.

MCCDC to hold

open house

Mississippi County Child Development Center in Osceola will hold an open house at 3:30 p.m., Aug. 8.

The open house will give parents and/or guardians the opportunity to meet, visit and observe MCCDC. Parents and/or guardians may also ask any questions or voice any concerns they may have concerning their child.

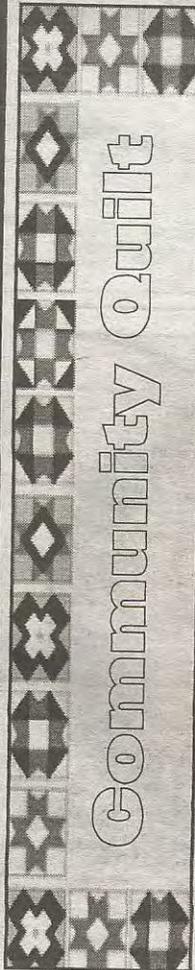

PUBLIC NOTICE

You are invited to attend a meeting Thursday, August 22, 2013 at 5:00 p.m. in the meeting room of the Econo Lodge, located at 4635 W. Keiser Ave. in Osceola.

The purpose of the meeting is to present information about a proposed new charter school, Young Adult Magic Johnson Bridgescape Academy. For more details, email ocbainc@yahoo.com or call Sally Wilson at 870-822-0574.

**2013 APPLICATION
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
STATEMENT OF ASSURANCES**

The signature of the president of the board of directors of the proposed public charter school's sponsoring entity certifies that the following statements are and will be addressed through policies adopted by the sponsoring entity and policies to be adopted by the public charter school; and, if the application is approved, that the sponsoring entity, governing body, administration, and staff of the open-enrollment charter shall abide by them:

1. The information submitted in this application is true to the best of my knowledge and belief, and this application has been sent to the superintendent of all the districts from which we intend to draw students.
2. The open-enrollment public charter school shall be open to all students, on a space-available basis, and shall not discriminate in its admission policy on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility, except as follows: the open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools. The charter may provide for the exclusion of a student who has been expelled from another public school district.
3. In accordance with federal and state laws, the open-enrollment public charter school hiring and retention policies of administrators, teachers, and other employees shall not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, or special need.
4. The open-enrollment public charter school shall operate in accordance with federal laws and rules governing public schools; applicable provisions of the Arkansas Constitution; and state statutes or regulations governing public schools not waived by the approved charter.
5. The open-enrollment public charter school shall not use the moneys that it receives from the state for any sectarian program or activity, or as collateral for debt.

However, open-enrollment public charter schools may enter into lease-purchase agreements for school buildings built by private entities with facilities bonds exempt from federal taxes under 26 USCS 142(a) as allowed by Arkansas Code Annotated § 6-20-402. No indebtedness of an open-enrollment public charter school shall ever become a debt of the state of Arkansas.

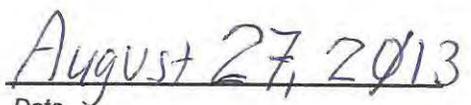

6. The open-enrollment public charter school shall not impose taxes or charge students tuition or fees that would not be allowable charges in the public school districts.
7. The open-enrollment public charter school shall not be religious in its operations or programmatic offerings.

8. The open-enrollment public charter school shall ensure that any of its employees who qualify for membership in the Arkansas Teacher Retirement System or the State and Public School Employee Insurance Program shall be covered under those systems to the same extent a qualified employee of a traditional school district is covered.
9. The employees and volunteers of the open-enrollment public charter school are held immune from liability to the same extent as other public school district employees and volunteers under applicable state laws.
10. The open-enrollment public charter school shall be reviewed for its potential impact on the efforts of a public school district or public school districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.
11. The open-enrollment public charter school shall comply with all health and safety laws, rules and regulations of the federal, state, county, region, or community that may apply to the facilities and school property.
12. The applicant confirms the understanding that certain provisions of state law shall not be waived. The open-enrollment public charter school is subject to any prohibition, restriction, or requirement imposed by Title 6 of the Arkansas Code Annotated and any rule and regulation approved by the State Board of Education under this title relating to:
 - (a) Monitoring compliance with Arkansas Code Annotated § 6-23-101 et seq. as determined by the Commissioner of the Department of Education;
 - (b) Conducting criminal background checks for employees;
 - (c) High school graduation requirements as established by the State Board of Education;
 - (d) Special education programs as provided by this title;
 - (e) Public school accountability under this title;
 - (f) Ethical guidelines and prohibitions as established by Arkansas Code Annotated § 6-24-101 et seq., and any other controlling state or federal law regarding ethics or conflicts of interest; and
 - (g) Health and safety codes as established by the State Board of Education and local governmental entities.

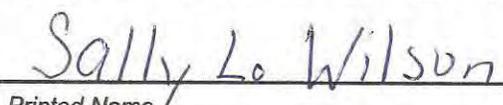

13. The facilities of the public charter school shall comply with all requirements for accessibility for individuals with disabilities in accordance with the ADA and IDEA and all other state and federal laws.
14. Should the open-enrollment public charter school voluntarily or involuntarily close, the applicant confirms the understanding that any fees associated with the closing of the school including, but not limited to, removal of furniture, equipment, general expenses, etc., are the sole responsibility of the sponsoring entity. No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school. If the open-enrollment public charter school used state or federal funds to purchase or finance personal property, real property or fixtures for use by the open-enrollment public charter school, the authorizer may require that the property be sold. The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.

RE: Notification of Charter Authorizing Panel Decision
Arkansas Virtual Academy Amendment Requests

Dear Mr. Sides:

On November 13, 2013, the Charter Authorizing Panel met and approved waivers of the following, as requested by ARVA through the charter amendment request process:

From Ark. Code Ann.

6-13-619(a)(1)(A)

Requiring monthly board meetings; and

6-13-619(c)(1)(A)

Requiring a board member to be physically present at a meeting to be counted for purposes of a quorum or to vote.

Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to **request** that the State Board of Education review a final decision of the Charter Authorizing Panel. A request must state the specific reasons that the board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than 4:00 p.m. on Wednesday, November 20, 2013, in order for the request to be included on the State Board of Education agenda for the meeting on December 9, 2013. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3).

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

CHARTER AMENDMENT REQUEST FORM

Charter Name Arkansas Virtual Academy

LEA Number 6043

Type of Amendment Requested:

- Other: Arkansas Virtual Academy (ARVA) currently holds a waiver from Arkansas Code § 6-13-619. Act 559 of 2013 requires that meetings be held "monthly" and requires that "a board member shall be physically present to be counted for purposes of a quorum or to vote." The Bylaws of Arkansas Virtual Academy require that meetings be held, at least, quarterly. Additionally, ARVA board members reside throughout the state, spanning a geographical distance from Fayetteville to De Queen and West Helena. The ARVA Board of Directors requests a waiver from the new provisions set forth in Arkansas Code § 6-13-619 (a)(1)(A) and Arkansas Code § 6-13-619 (c)(1)(A).

CHARTER AMENDMENT REQUEST FORM

Charter Name KIPP Delta Public Schools - Changes Requested for Blytheville Location

LEA Number 5440700

Type of Amendment Requested:

Increase enrollment cap **Current cap** 1,550 (450)
Proposed cap 1,910 (810)

Change grade levels served **Current grade levels served** K-12 (4-8)
Proposed grade levels (4-12)

Other: Although the charter is approved to serve grades K-12, KIPP is currently approved to serve grades 4-8 in Blytheville and is requesting to expand to high school by adding one grade per year, beginning in July 2014 with the addition of grade 9. The request for a cap increase is specifically to accommodate the added high school grades in Blytheville and would increase the Blytheville cap from 450 to 810.

Additionally, KIPP will request a separate LEA number for the high school in Blytheville and the high school will be known as KIPP Blytheville Collegiate High School.

Introduction

KIPP Delta Public Schools seeks to add grades 9-12 over the next four years to its campus in Blytheville, Arkansas (one grade level per year). Consequently, we propose to serve grades 4-12 in Blytheville with a proposed cap of 810 students by the 2017-2018 school year – 90 students per grade level. While KIPP Delta requests a cap of 90 students per grade level for the KIPP Blytheville Collegiate campus, we anticipate an enrollment of approximately 60 students per grade level. Outlined within this document is the general description of the request, sections which highlight the educational need for the expansion, and language on how we will measure our success at the additional grade levels.

General Description

KIPP Blytheville Collegiate High School is a high school of grades 9-12 that will offer a traditionally underserved population a strong academic program, robust arts, comprehensive extra-curriculars, and leadership opportunities designed to prepare students to succeed in top colleges across the nation. KIPP Blytheville Collegiate will be an open-enrollment school that will be fed with students matriculating from KIPP Blytheville College Preparatory School. For students not previously enrolled in KIPP Blytheville College Preparatory, the school will select students on a lottery system not based on background or prior academic achievement. The school plans to continue the work of KIPP Blytheville College Preparatory School - to serve low-income populations who have been traditionally underserved. The five pillars of KIPP will be essential to our success. They are High Expectations, Choice and Commitment, More Time, Power to Lead, and Focus on Results. The KIPP philosophy does not suggest that all children *can* learn, but rather states that all children *will* learn. Students will not only spend more time at school, but will spend more time on task and with quality instruction. Students will be held to high standards in meeting Arkansas Smart Core graduation requirements. Additionally, KIPP Blytheville Collegiate will require students to complete four units of both Social Studies and Science as additional graduation requirements. KIPP Blytheville Collegiate will supplement the academic focus with a culture that supports character development, encouraging students to possess integrity and demonstrate responsibility for themselves and others in the classroom, through athletics, and in other clubs and activities. KIPP Blytheville Collegiate will work to ensure that its students are ready for college and careers by frequent visits to college campuses, community service, summer programs on college campuses, and focused preparation for the ACT. Additionally, our KIPP Through College team will host representatives from area and KIPP-partner colleges to our campus to talk with students about their schools. The intensive academics, character building and enrichment activities, and KIPP Through College programming are all designed to put students on the path to top colleges and universities.

Roles of Staff, Parents & Students

Administrators

The School Director's primary responsibility is to ensure that the school is reaching its goals and moving towards its mission with the support of the KIPP Delta Central Office. Although the School Director will have some autonomy to make decisions, she will report directly to the Executive Director and Chief Academic Officer of KIPP Delta Public Schools who will approve innovations.

While the School Director will have the responsibility of monitoring the school's daily operations to make sure things are running smoothly, the majority of her time should be spent as an academic leader. The School Director will be responsible for implementing and or modifying curricula designed to achieve the school's academic goals. The School Director must provide ample opportunities for professional development for her faculty and staff. Finally and most importantly, it is the responsibility of the School Director to teach and work with the students. The School Director should be instrumental in teaching the school's culture to not only the teachers but the students as well. It is this connection with the students that is crucial to the School Director's ability to run an effective school.

Faculty

The primary responsibility of the teacher is to ensure that all students are meeting their academic goals. This can only be accomplished by focusing on student achievement through quality instruction. Teachers are expected to maximize learning in the classroom through good lesson planning and implementation along with effective discipline. Special Education staff will be hired to meet the needs of students requiring special services. All teachers will report to the School Director or an Assistant Principal. All teachers that are required to be will be highly qualified.

In addition, KIPP Blytheville may involve teachers in the decision-making processes of the school in the following ways:

- Involvement in the review of Smart Core curriculum policy.
- Presence at an annual public meeting in which the school holds discussions on policies, programs and goals.
- Involvement in the planning, review, and improvement of the school's parental involvement policy in an organized, ongoing, and timely way.
- Involvement in the joint development of any school wide program plan in an organized, ongoing, and timely way.

Parents

KIPP Blytheville Collegiate High School operates under the premise that the teachers, parents, and students must work together as partners to provide the environment necessary for quality education. Parents are a vital part of this partnership and the Commitment to Excellence Form outlines the ways in which the school expects and needs the parents to support the educational mission of the school. These commitments for parental support include helping with homework each night, reading with their child each night, ensuring that homework is complete each night, assisting their child in contacting the teacher if there is a problem or a question on an assignment, providing a quiet place with light for their child to study at home, and being available to meet with the teachers at home or at school if the need arises. The parents, like the teachers, must hold high expectations for their child. Parents will be encouraged to help with and participate in special activities at KIPP Blytheville and volunteer at school events. In addition, Parent-Teacher Organization to help with fundraising and events may be formed.

In addition, KIPP Blytheville Collegiate High School may involve parents in the decision-making processes of the school in the following ways:

- Involvement in the review of Smart Core curriculum policy.
- Presence at an annual public meeting in which the school holds discussions on policies, programs and goals.
- Involvement in the planning, review, and improvement of the school's parental involvement policy in an organized, ongoing, and timely way.
- Involvement in the joint development of any school wide program plan in an organized, ongoing, and timely way.

Students

Students at KIPP Blytheville Collegiate High School will work with parents and faculty to ensure an environment for quality education. Students are a vital part of this partnership and the Commitment to Excellence Form outlines the ways in which the school expects and needs the students to support the educational mission of the school.

In addition, KIPP Blytheville may involve students in the decision-making processes of the school in the following ways:

- Involvement in the review of the Smart Core curriculum policy..
- Presence at an annual public meeting in which the school holds discussions on policies, programs, and goals.

Community

KIPP Blytheville Collegiate High School realizes the importance the community plays in the development of the school. Besides the membership of the Board of Directors, community members can participate in the school through advisory capacities, formal and informal.

Blytheville residents have already shown their commitment to ensuring that KIPP Blytheville Collegiate High School is a success. They will continue to include support such as ongoing fundraising/resource development, volunteer involvement for facility development, planning of special events, and recruitment efforts. The willingness of business and industry to participate and interact with KIPP Blytheville is a big asset to the school. For instance, employees from the steel industry can visit classrooms to talk about education, share technical skills, and mentor children. With the support of the community, the school will be able to develop and implement programs that take advantage of educational opportunities outside the traditional classroom.

In addition, KIPP Blytheville may include community members in decision-making processes of the school in the following ways:

- Presence at an annual public meeting in which the school holds discussions on policies, programs and goals.
- Informal advising to the School Director as well as to the Board of Directors.

Mission Statement & Goals

The mission of KIPP Blytheville Collegiate High School is to empower our students with the knowledge, skills, and character traits that will enable them to succeed in the nation's finest colleges and to live a life of value, joy, and integrity.

The mission of KIPP Blytheville Collegiate will be measured through progress towards the following seven goals:

- Students will possess a strong foundation of basic academic skills and a broad knowledge base in the core disciplines of science, mathematics, social studies, and language arts.
 - *The proposed measurements for this goal is the EXPLORE/PLAN/ACT series and ACTAAP End-of-Course exams. Students demonstrating or exceeding proficiency will possess a strong foundation of basic academic skills and a broad knowledge base. We propose to use other assessments, such as the NWEA/MAP tests and AP exams, to supplement the data from EXPLORE/PLAN/ACT series and ACTAAP End-of-Course exams.*
- Students will be effective and confident communicators.
 - *Being an effective and confident communicator means being able to read, write and speak fluently; therefore, we propose to measure this goal in a number of ways. We will measure their communication through writing in assessments such as ACTAAP Literacy tests, ACT writing assessment, and AP English and History exams. We will measure their ability to communicate through speech through oral presentations, speeches, or debates in each of the years that students are at KIPP. All students will required to take a half credit of oral communications as required by Smart Core Graduation Requirements. We will measure students' reading skills in MAP and EXPLORE/PLAN/ACT reading tests.*
- Students will be critical thinkers and problem solvers.
 - *We propose to measure critical thinking and problem solving skills through assessments such as the ACTAAP, MAP, EXPLORE/PLAN/ACT, and AP exams. We will also measure students' critical thinking through their writing, speaking, and debating.*
- Students will have an appreciation for the humanities and show respect for diverse cultures.
 - *This goal will be measured primarily in social studies and English language arts classes. If students are choosing to read a diverse set of literature or write about a breadth of topics, this will show that they have appreciation for diverse cultures. Moreover, if students independently*

research or investigate cultures other than their own, they will demonstrate this respect. Finally, when students travel to other places on field lessons and for community service, the way they they interact with various people will be a measurement for their appreciation and respect for various culture.

- Students will possess a life-long love of learning.
 - *Students love of learning can manifest in a variety of ways but is essentially measured by the amount of independent learning students are doing and the curiosity that students demonstrate. Specifically, this can be measured by students' engagement in authentic learning experiences, such as research projects, classroom debates, science labs, and the questions students ask about the world around them.*
- Students will possess a strong desire to serve the community in which they live.
 - *Community service will be a big component of the scope of programs at KIPP Blytheville Collegiate High School with the purpose of developing a desire to serve the community in which they live. We propose to measure a students' desire with the number of hours of community service that students complete during their time at KIPP Blytheville Collegiate.*
- Students will have the discipline, dedication, and desire to achieve their highest aspirations and dreams.
 - *This goal will be measured through a student's commitment to the school and their work. The KIPP Blytheville Collegiate Commitment to Excellence lays out what is expected of students. If students, families, and the school are each upholding their commitments, students will be more dedicated to the long-term goal of going to and through college. As a result, the school's student attrition rates will be low and college completion rates will be high.*

Educational Need

The biggest challenge Blytheville faces is to improve the quality of K-12 education in the community. Unfortunately, the Blytheville School District has not yet shown an ability to produce the educational, leadership, and workforce outcomes that will enable the students to reverse the trend of decline and succeed in their life's path. Please see below a table representing the district's three-year performance data in grades 4-7. Next to this figure, you will see KIPP Blytheville College Preparatory School's performance where applicable. The percentages represent students proficient and advanced in that tested area.

| Subject | 2010-2011 | | 2011-2012 | | 2012-2013 | |

Over the last three years, our KIPP Blytheville College Preparatory campus has outperformed the school district in 100% of tested areas. Furthermore, we have a proven track record of producing results at the high school level. Please find below a table of results that shows that the performance of our high school in Helena significantly exceeds that of the high school in Blytheville and the high school in Helena. Again, the percentages represent three-year proficient and advanced performances with our high school's results in green.

| Subject | 2010-2011 | | | 2011-2012 | | | 2012-2013 | | |
|------------------------------|-------------|-------|-------|-------------|-------|-------|-------------|-------|-------|

| Grade 11 Literacy | 53.5% | 35.9% | 64.0% | 37.6% | 34.8% | 92.9% | 41.0% | 35.0% | 72.0% |

Many parents have taken extreme measures to give their children their best chance of educational success. Employees of the various industries in the Blytheville area live in Dyersburg, Tennessee, (50 miles away) to enable their children to attend the schools there. Other parents have established legal residences in Cooter, Missouri, (25 miles away) to enable their children to attend school there. Still many more families simply never move to the area in the first place because of the poor school system. For local industries, it is an extremely common—and frustrating—occurrence to lose promising potential employees because they do not want to send their children to Blytheville schools. In short, there is a strong demand in the community for improved educational options.

The community of Blytheville and the surrounding Delta is increasingly longing for, and in need, of excellent schools. Parents who are frequently dissatisfied with their public school and often unable to pay tuition for private schools are left without a viable option. KIPP Blytheville Collegiate High School will be established as an academically intensive college preparatory high school in an effort to meet the needs and desires of the Delta community. It is the intention of our school to serve students who have been historically underserved in the public school system. KIPP Blytheville will provide these children with the opportunity to develop personal pride and passion for learning. The students will recognize that they must value their time in school and use it as a vehicle to transform their knowledge into power over their own destiny. KIPP Blytheville believes that its success hinges upon strict adherence to KIPP's five pillars. They are:

1. **High Expectations.** KIPP Blytheville Collegiate will have explicitly defined and observable high expectations for academic achievement and conduct that make no excuses based on the background of students. Students, parents, teachers, and staff create and reinforce a culture of achievement and support through a range of formal and informal rewards and consequences for academic performance and behavior.
2. **Choice & Commitment.** Students, their parents, and the faculty of KIPP Blytheville Collegiate have made a choice to be at the school. No one is assigned or forced to attend this school. Everyone must make and uphold a commitment to the school and to each other to put in the time and effort required to achieve success.
3. **More Time.** KIPP Blytheville Collegiate knows that *there are no shortcuts* when it comes to helping educationally disadvantaged students succeed academically. A longer school day, a longer school year, and summer school mean more time for students at KIPP to acquire the academic knowledge and skills, as well as broad extracurricular experiences that will prepare them for competitive high schools and colleges.
4. **Power to Lead.** The school director of KIPP Blytheville Collegiate is an effective academic and organizational leader who understands that there are no great schools without great school directors. She has control over her school budget and personnel, allowing her to swiftly move dollars or make staffing changes to be more effective in helping students learn.
5. **Focus on Results.** KIPP Blytheville Collegiate will focus unrelentingly on results. Student achievement on tests and other objective measures will substantially outperform district averages, will not make excuses based on demographics, and will enable students to compete at the nation's best high schools and colleges.

Educational Program

KIPP Blytheville Collegiate High School will open its doors as early as July of 2014, and will evolve into a school comprised of students in grades nine through twelve within four years. The school will add one grade level each year until it reaches its maximum capacity. This incremental and deliberate growth pattern will be essential to the school's success. KIPP Blytheville Collegiate High School will follow the same enrollment procedures as outlined in the charter for KIPP Blytheville College Preparatory School. The only admission requirement for the school is the students' and their parents' willingness to sign and uphold the KIPP Delta Commitment to Excellence Form, which the teachers must sign as well (the KIPP Delta Commitment to Excellence is in Appendix A). This commitment specifies that the students, parents, and teachers will do whatever it takes to support the education of the student.

The school will provide the Mississippi County's youth a choice in academic programs by offering a comprehensive college preparatory curriculum. The students will have the opportunity to demonstrate mastery of all Arkansas and Common Core state standards for their current grade level and show proficiency in many concepts and skills of the succeeding grade levels due to the school's extended time (7:30 AM – 4:00 PM Monday – Friday, and three weeks during the summer). Students will spend nearly 220 days in school (exceeding the state minimum of 178 days) and the planned instructional time will exceed an average of six hours per day and thirty hours per week.

Students in ninth grade will take English 9, civics and economics, biology, and either algebra 1, geometry, or algebra 2 as a mathematics course. Additionally, students will take Spanish 1, health, and physical education. Students will have a choice of elective courses including classes in arts. Finally, ninth grade students reading below a college-ready level (75% percentile) may take a supplemental reading class to accelerate students' reading proficiency and readiness for rigorous high school and college classes.

KIPP Blytheville Collegiate will focus on teaching college preparatory reading, writing, and mathematics skills every day. Students will receive nearly six hours of mathematics instruction and nearly six hours of English language arts instruction (including both reading and writing) each week. Most students will take Geometry as ninth graders which will thus prepare them to complete Pre-Calculus or a higher-level course including AP Calculus AB by the end of their senior year. The English language arts curriculum will be just as intensive. Classroom instruction will focus on the attainment of reading, writing, speaking, listening, and comprehension skills. Students will be able to write in different formats including narratives, expository essays, persuasive essays, research papers, and poetry.

KIPP Blytheville students will also receive nearly six hours of science and nearly six hours of social studies instruction each week. In the advanced integrated science curriculum, students will simultaneously learn content knowledge and science process skills. Students will spend at least 20% of instructional time in science class doing hands-

on laboratory work in Physics, Chemistry, and Biology courses. The social studies department will focus on four different strands: geography, economics, civics, and history. Students will explore these four strands through the study of civics, economics, world history and culture, United States history.

Beyond the core subjects, students will also participate in physical education, music and art courses. In physical education, students will learn how to take care of their bodies and learn the basics of physical fitness. Additionally, students will learn basic rules and skills for various sports, such as soccer, basketball, and volleyball. In music classes, students will learn to read music, play instruments, or sing in a choir. In art, students will learn the basics of style and composition and will create many pieces in a variety of mediums.

KIPP Blytheville Collegiate, in addition to focusing on academic skills, will place a strong emphasis on character building. Each week will include multiple opportunities for school-wide, or grade-level team building. Students will also have the opportunity to present student-run productions or performances, and participate in student competitions. Students will have more opportunity for character building through the Saturday enrichment program, where they will participate in community service activities.

Armed with both academic and character skills, students of KIPP Blytheville Collegiate will recognize an outstanding education as the instrument to achieve personal success. The mission is not easily accomplished; the students of KIPP Blytheville Collegiate will soon learn that *there are no shortcuts* to realize these goals. Therefore, not only will KIPP Blytheville Collegiate students demonstrate excellence on state, and national tests, but the school also envisions witnessing its initial class of students, in its entirety, enter competitive universities throughout the country in the year 2018.

Five-Year Performance Goals

Based on the fact that there will be major transitions in the state and national assessment process during our charter renewal timeline, KIPP Delta Public Schools requests the ability to reexamine and adjust our project performance goals based on any new requirements and outcomes produced by the new assessment system.

As approved during our renewal hearing before the State Board of Education in March 2013, during the first five school years of our upcoming contractual period our performance goals for each of our campuses are as follows. Again, these goals may need to be realigned and restated as new testing mechanisms are put into place.

- 2014-2015:
 - Mathematics- Achieve annual measurable growth (AMO) for students as demonstrated by state testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in mathematics as indicated on the benchmark and end of course exams and demonstrate proficiency at the school's AMO.
 - Students in K-9 will take the NWEA MAP assessment in mathematics and over 60% of students will meet their growth target.
 - Sixty percent of all exiting eighth graders will have scored proficient or advanced on the Algebra I exam.
 - Literacy- Achieve annual measurable growth (AMO) for students as demonstrated by state testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in literacy as indicated on the benchmark and end of course exams and demonstrate proficiency at the school's AMO.
 - Students in K-9 will take the NWEA MAP assessment in literacy and over 60% of students will meet their growth target.
- 2015-2016:
 - Mathematics- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:

- Each of our schools will increase academic achievement in mathematics by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in mathematics and over 60% of students will meet their growth target.
 - Sixty percent of all exiting eighth graders will have scored proficient or advanced on the Algebra I exam.
 - Literacy- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in literacy by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in literacy and over 60% of students will meet their growth target.
- 2016-2017:
 - Mathematics- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in mathematics by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in mathematics and over 60% of students will meet their growth target.
 - Sixty percent of all exiting eighth graders will have scored proficient or advanced on the Algebra I exam.
 - Literacy- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in literacy by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in literacy and over 60% of students will meet their growth target.

- 2017-2018:
 - Mathematics- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in mathematics by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in mathematics and over 60% of students will meet their growth target.
 - Sixty percent of all exiting eighth graders will have scored proficient or advanced on the Algebra I exam.
 - Literacy- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in literacy by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in literacy and over 60% of students will meet their growth target.
- 2018-2019:
 - Mathematics- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:
 - Each of our schools will increase academic achievement in mathematics by outperforming the state average on the state-approved assessment.
 - Students in K-9 will take the NWEA MAP assessment in mathematics and over 60% of students will meet their growth target.
 - Sixty percent of all exiting eighth graders will have scored proficient or advanced on the Algebra I exam.
 - Literacy- Achieve academic growth for students as demonstrated by state/national testing. NWEA MAP testing will also be used to generate individual student growth data. Each of the following sub objectives will be considered as indicators for meeting this goal:

- Each of our schools will increase academic achievement in literacy by outperforming the state average on the state-approved assessment.
- Students in K-9 will take the NWEA MAP assessment in literacy and over 60% of students will meet their growth target.

Curriculum Alignment

Each year, KIPP Blytheville Collegiate High School will review its curriculum to ensure that it aligns to Arkansas and Common Core state standards. KIPP Blytheville Collegiate will carefully correlate its curriculum objectives to the Arkansas and Common Core Standards in addition to designing a model that will enable students to reach the goals listed above. The students who meet all of these objectives and standards are certainly on the path to success in life. KIPP Blytheville’s focus is not to change what the local district, state of Arkansas, and the country as a whole feel are the appropriate academic outcomes, but rather, to ensure that all students master or exceed all the skills and content under the state standards and Common Core. Teachers will work with the School Director to determine the curricula that will match each student’s needs. Incoming student needs and performance levels will determine the weight that teachers will place on different elements of the curriculum. The school’s expectation is to accelerate student learning to ensure that students will be prepared to enter and be successful at the finest colleges and universities throughout the nation.

In order to achieve our standards of excellence, KIPP Blytheville Collegiate will employ techniques based on generally accepted research findings along with innovative strategies and techniques that are designed to optimize learning and improve student achievement. KIPP Blytheville is not committed to only one “best” approach; the school believes in creating an environment where teachers are allowed the flexibility to use varied strategies and methods to achieve results. Strategies that may be employed include:

- Direct whole-class instruction
- Indirect whole-class instruction
- Instruction incorporating various learning modalities
- Instruction adapted to multiple intelligences
- Teacher-directed small group instruction
- One-on-one teacher instruction
- Cooperative learning
- Inquiry-based learning
- Peer tutoring
- Computer activities
- Educational and motivational field lessons
- Whole body multi-sensory instruction such as raps, songs, chants, and dances
- Phonetic-based instruction
- Balanced literary instruction
- Project-based learning
- Discovery learning
- Call and response
- Role-playing
- Socratic seminar

The school year for KIPP Blytheville Collegiate will follow the KIPP Delta Public Schools calendar. Children will be in school approximately 210 days of the year. The summer school session will provide KIPP Blytheville Collegiate students, parents, and teachers with a head start in preparing for the upcoming academic year. During this time, those groups will become acquainted with the procedures and expectations demanded throughout the year. Students will also be immersed in the school's culture. After assessing each student's individual strengths and weaknesses, teachers will emphasize the basics of reading, writing, mathematics, science, and social studies. The summer session will also be a time when the process of team building begins. Students will be introduced to the concepts, challenges, strengths, and rewards of working as a team.

We believe that, in addition to using educationally sound teaching strategies, more time is required to accomplish KIPP Blytheville Collegiate's ambitious goals. The school's students will be in school from 7:30 a.m. through 4:00 p.m. Monday through Friday. Students will receive nearly six hours of mathematics instruction, nearly six hours of English language arts instruction, six hours of social studies, and six hours of science instruction every week. A student's schedule will ensure that they are meeting all graduation requirements. Additional time will be spent on team and character building activities such as student presentations, spelling or geography bees, guest speakers, plays, concerts, and other activities. We believe bringing the student body together once every week is critical to maintaining a supportive family environment at our school. Students are also expected to complete nearly two to three hours of homework for every day school is in session.

It is crucial that not only students use their time effectively but teachers do as well. Teachers are expected to meet prior to the school year for a minimum of two weeks to plan for the school year. Teachers will use this time to design their goals, objectives, and curriculum for the upcoming school year. The teachers will work on these designs horizontally within their grade level and, after year one, vertically across grade levels. It is also a time when teachers and administrators will work together to design the most efficient and effective policies, practices, procedures, and schedules for the school. KIPP Blytheville Collegiate teachers will meet in teams each week, when teachers will work together to refine, share, and develop effective teaching strategies. There will be continuous vertical and horizontal curriculum planning to ensure consistency between the grade levels and cross-curricular development in each grade. The team planning sessions will also be supplemented with periodic after school planning periods.

In addition to the intensive academic week, KIPP Blytheville Collegiate students will be invited to attend Saturday community service activities once per month. During this time, students will be afforded the opportunity to volunteer in various community projects with the intent of instilling in them a strong civic duty to serve.

Geographic Area

Blytheville, Arkansas, the larger of two county seats of Mississippi County, lies on the banks of the Mississippi River in the heart of the Delta. Like many Delta communities, Mississippi County faces many economic and social challenges, including high poverty and child poverty rates, low education levels, and population decline. The table below indicates the extent of the challenges comparing Mississippi County to the State of Arkansas.

| | Mississippi County | State of Arkansas |
|--|--------------------|-------------------|
| Population | 46,480 | 2,805,353 |
| African-American Population (%) | 32.7 | 15.7 |
| Hispanic Population (%) | 2.25 | 3.2 |
| Poverty Rate (%) | 23.0 | 18.0 |
| Child Poverty Rate (%) | 31.2 | 26.9 |
| College Attainment (% w/bachelor's degree) | 9.6 | 18.7 |

Source: 2010 Census

Despite these challenges, Mississippi County has many strengths and positive trends to build upon. The area retains a significant economic base. Two large steel plants and other industries provide a large number of manufacturing jobs. Blytheville has a two-year community college, Arkansas Northeastern College (ANC). ANC offers programs to train students for the good-paying jobs available in the local industries. Leaders and residents in Blytheville area emphasize the importance of a strong workforce. This supports a widespread agreement that a central strategy for community revitalization is to promote a strong workforce, which will help keep these industries in the area and attract new industries. As a show of commitment to this strategy, local residents, and various donors enabled the Arkansas Northeastern College Foundation to create the Great River Promise scholarship program. The Great River Promise enables any graduate of a Mississippi County public high school who meets minimal criteria to attend Arkansas Northeastern College tuition-free. The Blytheville area has a strong cultural heritage and history of achievement. Country and blues musicians such as Johnny Cash, Billy Lee Riley, and Son Seals hail from the area. The founder of Holiday Inn, Kemmons Wilson, is also from the area. In general, residents feel a large amount of pride and connection to their community, and they want these traditions of achievement and national impact to be preserved and continued.

The school systems that may be affected by KIPP Blytheville include the following:

- Blytheville School District
- Armorel School District
- Gosnell Public Schools
- Osceola Public Schools
- South Mississippi County Schools

The chart below provides information on the school districts within the geographical area that may be affected by KIPP Blytheville Collegiate High School*.

| | Enrollment | Percent Free or Reduced Lunch | Percent African American | Percent White | Percent Other |
|---------------------------------|-------------------|--------------------------------------|---------------------------------|----------------------|----------------------|
| Blytheville | 2,797 | 100% | 77% | 20% | 3% |
| Armorel | 438 | 43.4% | 10% | 84% | 6% |
| Gosnell | 1,356 | 65.4% | 24% | 71% | 5% |
| Osceola | 1,270 | 100% | 75% | 22% | 3% |
| South Mississippi County | 1,335 | 78% | 30% | 65% | 5% |

*Numbers retrieved from 2011-2012 school performance report data.

Annual Report

KIPP Blytheville Collegiate High School will regularly assess the academic progress of its students, including participation in state testing programs, and share information with parents and the surrounding community through progress reports, phone calls, meetings, and other reports. The school will publish an annual report to the public by November 15 in a newspaper with general circulation in the community. In addition, the Board of Directors will hold a public meeting by November 15 to review and discuss the annual report and progress towards goals and accreditation. Finally, the Board of Directors shall publish in a newspaper the school performance report as required by state law.

Facilities

KIPP Blytheville Collegiate High School will continue to use the facility located on 1200 Byrum Road in Blytheville, Arkansas. The school's facility will meet all requirements as outlined by the Arkansas Department of Education Standards for Accreditation. The current campus has space to accommodate an additional grade level. The school's leadership team and Board of Directors is in ongoing planning of building out the current facility in order to accommodate additional grade levels beyond 2014-2015.

Other Services

Guidance Program

Counseling and guidance services beyond the capabilities of the faculty and staff of the school will be provided for on a contracted basis with a properly licensed counseling professional to meet the needs of all students until such time as the school can employ a full- or part-time guidance counselor.

Health Services

Health services shall be provided to meet the needs of all students of the school as needed on a contracted basis. The school will develop, before opening, complete health services and health emergency policies and procedures.

Media Center

It is the intent of the school to use the facilities and collections of the local public library system until such time as the school can develop a library and media center of its own.

Transportation

The school will provide transportation to students who attend the school.

Special Education

The school realizes the importance of adhering to all aspects of IDEA regarding students with special needs. The school will employ a certified special education instructor and will comply with all federal and state regulations concerning IDEA, 504, and IEP implementation. The school gladly accepts the responsibility of educating children with special needs.

Alternative Education

KIPP Blytheville Collegiate is committed to serving all of its students in any way possible. Therefore, we are interested in finding best practice to serve students who are not succeeding in the traditional education system. We will offer innovative, non-traditional practices to serve these populations, and aid in the prevention of them dropping out of school. Furthermore, we will provide services to any students with limited English language proficiency.

English Language Learners

The Blytheville School District and other districts in Mississippi County have less than 2% of their population that are English Language Learners. Because we plan to mirror the population of the local districts through our lottery system, we anticipate that our ELL population will also be between 1% and 2%. KIPP Blytheville realizes that is their responsibility to educate these students and will provide necessary individualized support in order to ensure that English Language Learners are meeting or exceeding the same standards as the other students in their classes.

Gifted and Talented Program

The school believes that all children hold gifts and talents, unique and precious. All students will be challenged to meet their intellectual ability within the instructional program; therefore the school will not offer a formal, separate gifted and talented program.

Food Services

All students attending KIPP Blytheville Collegiate High School will be eligible to participate and have access to a USDA funded meal program. KIPP Blytheville Collegiate High School will procure vended meals from a service provider that meets USDA and ADE Child Nutrition Unit regulations. Under KIPP Delta Public Schools oversight, the vendor will meet USDA meal pattern requirements for breakfast, lunch and snack programs. KIPP Delta Public Schools will ensure that the food services program will be in full compliance with all USDA regulations regarding the eligibility of students for free and reduced price meals. KIPP Delta Public Schools will ensure that the food services program with regard to staffing, facilities, verification requirements, record keeping, and claims procedures will be implemented in compliance with all state and federal laws and regulations.

Parental Involvement

KIPP Blytheville Collegiate High School operates under the premise that the teachers, parents, and students must work together as partners to provide the environment necessary for quality education. Parents are a vital part of this partnership, and the Commitment to Excellence Form outlines the ways in which the school expects and needs the parents to support the educational mission of the school.

KIPP Blytheville Collegiate High School will also have a school-parent compact that

1. Describes the school's responsibility to provide high quality curriculum and enables Title I children to meet Arkansas's academic achievement standards.
2. Describes how parents will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, television watching, volunteering in their child's classroom, participating in decisions relating to their child's education and positive use of extracurricular time; and
3. Addresses the importance of establishing ongoing, good communication between teachers and parents through
 - Annual parent-teacher conferences to discuss individual student progress discussing the child's achievement.
 - Frequent progress reports to families on student academic progress.
 - Reasonable access to staff and opportunities to volunteer, observe and participate in classroom activities.

KIPP Blytheville will also develop a parent engagement plan that includes a separate action addressing each component for parental involvement required by Arkansas Act 307. The following components, as required by ACSIP, will be captured in the plan:

- Informational Packets
- Parent Involvement Meetings
- Volunteer Resource Book
- School's process for resolving parental concerns in handbook
- Seminars to inform the parents about how to be involved in decisions course selection, career planning, and preparation for postsecondary opportunities
- Enable formation of PTO
- Parent Facilitator

KIPP Delta Public Schools will annually evaluate the effectiveness of the Parent Involvement Policy and parent involvement activities. The evaluation should determine whether

- The academic quality of the school has improved;
- Parent participation has increased; and
- Barriers exist that hinder greater participation by parents.

The evaluation may be conducted through a written survey, a telephone survey or in person. KIPP Delta Public Schools will document and summarize the evaluation findings and how the information will be used to improve the parent involvement program.

Requested Waivers

KIPP Blytheville Collegiate High School requests the same waivers from the Arkansas Education Code and State Board of Education Rules and Regulations that currently apply to the other schools in its licensure model. The majority of the waivers requested are done so to give the school the widest possible latitude to implement the unique aspects of a KIPP school.

Additionally, KIPP Blytheville Collegiate High School requests a waiver from Arkansas Code 6-13-619(c)(1)(A) requiring Board members' physical presence at meetings in order to be counted for purposes of quorum or a vote and from Arkansas Code 6-15-902 requiring quality points for Advanced Placement be contingent upon teacher AP training documentation.

Impact on Desegregation

KIPP Blytheville Collegiate High School will comply with all applicable federal and state statutory and regulatory requirements regarding the creation and maintenances of desegregated public schools.

KIPP Blytheville should have no negative impact on the ability or the efforts of the local districts to comply with any existing court orders or statutory obligations to create and maintain a unitary system of desegregated public schools. The KIPP Blytheville charter application cannot be determined to hamper, delay or in any way negatively affect the desegregation efforts of the local districts.

KIPP Blytheville will comply with all federal and state laws concerning enrollment in a public school and in particular those laws specific to enrollment in a public charter school. This application provides that in the event there is an oversubscription of students to attend KIPP Blytheville, the school will comply with Ark. Code Ann. 6-23-306(14)B and apply a random anonymous student lottery.

KIPP Blytheville realizes it cannot exclude any student that may wish to attend KIPP Blytheville due to race, gender, ethnicity, or any other prohibited reason. No conclusion can be inferred or drawn against KIPP Blytheville that there exists any intent to create or establish a public school, by way of this application, or in practice, that has a purpose or intent to create a racially segregated public school or likewise impact other public schools.

Appendix A – KIPP Delta Commitment to Excellence

Teachers' Commitment

We fully commit to KBC in the following ways:

- We will arrive at KBC every day by 7:15 A.M. (Monday through Friday).
- We will remain at KBC through dismissal Monday-Friday and through 6:15 p.m. on Wednesday Professional Development.
- We will come to KBC on appropriate Saturdays for field lessons each month.
- We will teach at KBC during Summer School.
- We will always teach in the best way we know how, and we will do whatever it takes for our students to learn.
- We will always make ourselves available to students, families, and any concerns they might have.
- We will always protect the safety, interests, and rights of all individuals in the classroom.

Failure to adhere to these commitments can lead to our removal from KIPP.

SIGNATURE

DATE

Parents’ / Guardians’ Commitment

We fully commit to KBC in the following ways:

- We will make sure our child arrives at BCHS every day by 7:25 A.M. (Monday through Friday) or boards a bus at the scheduled time.
- We will make arrangements so our child can remain at KBC until 4:00 P.M. (Monday through Friday).
- We will make arrangements for our child to come to KBC on appropriate Saturdays for Field Lessons each month.
- We will ensure that our child attends KBC Summer School.
- We will always help our child in the best way we know how, and we will do whatever it takes for him/her to learn. This also means that we will check our child’s homework every night, let him/her call the teacher if there is a problem with the homework, and try to read with him/her every night.
- We will always make ourselves available to our children, the school, and any concerns they might have. This also means that if our child is going to miss school, we will notify the teacher as soon as possible, and we will read carefully all the papers that the school sends home to us.
- We will make sure our child follows all of the procedures and policies in the KBC Handbook.
- We understand that our child must follow KBC rules so as to protect the safety, interests, and rights of all individuals in the classroom. We, not the school, are responsible for the behavior and actions of our child.

Failure to adhere to these commitments can cause my child to lose various KIPP privileges.

Student’s Commitment

I fully commit to KBC in the following ways:

- I will arrive at KBC every day by 7:25 A.M. (Monday through Friday) or board a KIPP bus at the correct time.
- I will remain at KBC until 4:00 P.M. (Monday through Friday).
- I will come to KBC on appropriate Saturdays for field lessons each month.
- I will attend KBC during summer school.
- I will always work, think, and behave in the best way I know how, and I will do whatever it takes for me and my fellow students to learn. This also means that I complete all my homework every night; I will call my teachers if I have a problem with the homework or a problem coming to school, and I will raise my hand and ask questions in class if I do not understand something.
- I will always make myself available to parents, teachers, and any concerns they might have. If I make a mistake, this means I will tell the truth to my teachers and accept responsibility for my actions.
- I will always behave so as to protect the safety, interests, and rights of all individuals in the classroom. This also means that I will always listen to all my KBC teammates and give everyone my respect.
- I will follow and adhere to all of the procedures and policies in the KBC Handbook.
- I am responsible for my own behavior, and I will follow the teachers’ directions.

Failure to adhere to these commitments can cause me to lose various KIPP privileges.

October 9, 2013

Mary Perry
Arkansas Department of Education
Four Capitol Mall
Little Rock, Arkansas 72201

Dear Ms. Perry,

Please consider this KIPP Delta Public School's official request to be waived from Arkansas Code 6-13-619 (c)(1)(A), requiring school district board members to be physically present at a meeting to be counted for purposes of a quorum or a vote.

While KIPP Delta makes every effort possible to ensure we have local representation on our Board of Directors, our search for quality widens our net. We currently have Board members hailing from other parts of the state, including Little Rock, Blytheville, and Bentonville. Given our board members' full schedules, we seek to accommodate them by allowing our board to participate via conference line if unable to physically travel to the meeting location.

Please let us know if you have any questions or concerns regarding this matter.

Sincerely,

Scott Shirey

CHARTER AMENDMENT REQUEST FORM

Charter Name KIPP Delta Public Schools

LEA Number 5440700

Type of Amendment Requested:

- Other:** KIPP Delta requests a waiver from Arkansas Code Annotated 6-15-902(c)(2) requiring quality points for Advanced Placement courses be contingent upon teacher AP training documentation. KIPP Delta requests flexibility in sending its teachers to alternative Advanced Placement trainings that are not necessarily certified Advanced Placement Summer Institutes. In forthcoming documentation, KIPP Delta will provide evidence to show that the trainings we wish to send our teachers to provide a similar level of rigor and will adequately prepare them to teach an Advanced Placement course.

Introduction

KIPP Delta requests a waiver from Arkansas Code Annotated 6-15-902 requiring quality points for Advanced Placement courses be contingent upon AP training documentation. KIPP Delta request flexibility from this statute by having the ability to send its teachers to alternative Advanced Placement trainings that are not necessarily certified Advanced Placement Summer Institutes. In this document, KIPP Delta provides evidence to show that the trainings we wish to send our teachers to (which are offered by the KIPP Foundation) provide a similar level of rigor and will adequately prepare teachers to teach an Advanced Placement course.

Advanced Placement English Literature and Composition Course

Course Overview

The KIPP AP Summer Institute for English Literature and Composition will consist of four days of training, designed to mirror the general content of the exam and share with participants different strategies for increasing rigor in the classroom to help students succeed on the test

Day One will focus on an introduction to the exam and a study of multiple choice questions and strategies for incorporating the content of questions into everyday classwork. Day Two moves to poetry analysis and strategies for guiding students in the construction of the poetry free-response question essay as well as helping participants develop a deeper study of poetry in the classroom. Day Three examines prose analysis for the free-response essay and for the multiple choice section of the exam. Day Four will take participants through activities and strategies to help students perform effectively on the open-ended free response essay, paying special attention to determining theme (meaning as a whole) from literary pieces.

Each day will provide participants with classroom-ready resources to use with their students. The instructor will model strategies and take participants through scaffolded lessons intended to guide students to a higher level of thinking to ensure success on the AP test. All NMSI lessons presented are designed to guide students through a continuum of increasingly complex thinking skills, including those outlined in taxonomies such as the Revised Bloom's Taxonomy and Webb's Depth of Knowledge Levels.

Participants will examine released AP tests and receive copies of the 2004 and 2009 Literature tests with deconstruction lessons for the open-ended responses and strategies for working with other passages and poems on the tests.

Participants will be given implementation time each day to plan how to incorporate the strategies and model lessons into their classrooms.

Day 1: Exam Overview and Multiple Choice Strategies

Module Description

Teachers are introduced to the AP English Literature and Composition exam and National Math Science Initiative (NMSI) English lessons and other valuable resources. Participants will work through scaffolded lessons designed to prepare students for the rigors of advanced coursework. These NMSI lessons are designed to guide students through a continuum of increasingly complex thinking skills, including those outlined in taxonomies such as the Revised Bloom’s Taxonomy and Webb’s Depth of Knowledge Levels. Teachers will become familiar with the AP English Literature exam format, including formulas for the Scoring Worksheets for the tests. Participants will examine and discuss different methodological approaches for teaching skills associated with multiple choice questions. Teachers will also focus on teaching annotation skills and selecting appropriate, rigorous passages for classroom use. Teachers leave the training, and every subsequent training day, with lessons and resources that are classroom-ready. Implementation time will be provided each day for teachers to consider how best to use the strategies in their classrooms.

Aims

Participants will

- apply annotation strategies for reading complex texts.
- apply strategies for answering multiple choice questions, including guided questions.
- complete a multiple choice activity for improving student understanding of multiple choice questions.
- discuss how to apply strategies when using multiple choice questions as a teaching tool.
- complete activities in a model lesson and apply strategies to their own classrooms.

Day 2: Poetry Analysis

Module Description

Participants will examine the poetry analysis free-response question and review student samples from questions. They will review methods for teaching students how to read a poem closely for meaning and how to perform an effective style analysis of a poem. Participants will recognize devices that contribute to tone and theme, focusing on close reading skills: analyzing and annotating texts, linking devices to meaning, and understanding the levels of reading. Participants will analyze the structure of a sonnet and examine model lessons and strategies to unlock meaning in poems. Teachers will leave Day 2 with classroom-ready lessons and resources and with sufficient preparation to start using them in their own classrooms.

Aims

Participants will

- analyze a visual text with thematic ties to an AP prompt.
- identify and classify literary elements in a poem.
- recognize and analyze the conventions of the sonnet form.
- consider how to use and design scaffolded lessons and strategies based on the models, including passages from Shakespearean dramas.
- target strategies to teach effective writing strategies for the poetry free-response essay.

Day 3: Prose Analysis

Module Description

The activities for Day Three focus on strategies to help students approach prose analysis in the free-response section of the AP English Literature and Composition Exam. Participants will review and apply methods for teaching students close reading and analytical skills necessary for success. Activities will include ideas and strategies for working analysis into everyday classroom activities. Participants will work through model lessons for various genres included on the AP Literature exam, including prompts on novels, short stories, comedy and satire. Teachers will apply a revision guide for student samples and discuss strategies they can take back to their classrooms to enhance student success on prose analysis. Teachers will leave with classroom-ready lessons and resources for use with their students.

Aims

Participants will

- analyze AP prose free-response prompts and passages.
- analyze the use of literary devices in a text and link those devices to characterization.
- analyze the use of literary devices in a text and link those devices to tone and mood.
- apply characterization strategies to a Bio Poem.
- use techniques for incorporating film clips and music analysis into daily classroom activities.
- discuss and consider how to use strategies and model lessons to help students approach a style analysis writing task.

Day 4: Open-ended Free Response Question

Module Description:

Participants will examine the open-ended free response question and will review strategies for teaching students how to perform an effective style analysis targeting theme. Participants will work through scaffolded lessons designed to help students prepare effectively to discuss how a complex text of their choice reflects and elaborates upon a given theme. Participants will analyze released AP English Literature open-ended prompts, will consider strategies for addressing prompts, and will discuss how conflict in a text can offer insight about the human condition. Participants will focus on two soliloquies from *Hamlet*, applying the three levels of reading strategy to the passages and creating a visual representation of their analytical reading. Participants will apply strategies presented during the training day to extended texts of their choosing, and they will complete a revision activity designed to improve commentary in their writing. Participants will leave the training day with lessons that are classroom-ready and with sufficient preparation to start using the lessons with their own students.

Aims

Participants will

- analyze the components of an AP English Literature open-ended prompt.
- write thematic and thesis statements.
- consider ways to incorporate the open-ended prompts into classroom activities.
- discuss different strategies for helping students approach the writing task dictated by the open-ended prompt.
- analyze techniques for writing and revising the open-ended essay.

Advanced Placement Calculus Course

Course Syllabus

Day 1

A. Preliminaries:

How we'll work together

B. Building a successful AP Calculus AB Course

What does a solid Pre-Calculus course look like?

What are the Prerequisites?

Topics & Pacing

NMSI – What's there for you?

The Calculus

Content, Activities & the AP Curriculum

1. Limits

- a. Limit Definition
- b. So why do we use Radians?
- c. L'Hopital? Really?
- d. Continuity & Differentiability, IVT
- e. AP Questions
- f. Class Summary, Additional Resources & Technology & NMSI Notes

2. Computing Derivatives

- a. Secants & tangents – Average & Instantaneous
- b. How many definitions? Whose Notation?
- c. Rules for Computing Derivatives
- d. Review of Inverse Trig Functions
- e. Implicit Differentiation and Inverse Trig Functions
- f. Derivatives of Logs & Exponential Functions
- g. A Proof: Two Wrongs make a Right
- h. MVT? What is the big deal?
- i. A Proof: Two Wrongs make a Right
- j. AP Questions
- k. Class Summary, Additional Resources & Technology & NMSI Notes

3. Derivatives and Graphing
 - a. Using f , f' and f'' to analyze a graph
 - b. EVT
 - c. A Matching Exercise
 - d. AP Questions
 - e. Class Summary, Additional Resources & Technology & NMSI Notes

Day 2

4. Derivative Applications
 - a. Related Rates
 - b. Optimization
 - c. AP Questions
5. Antiderivative and Initial Value
 - a. Antiderivatives
 - b. Antiderivative - three basic techniques ☺
 - c. Errors in the CRC Handbook
 - d. Integration by Substitution
 - e. Initial value Problems
6. Riemann Sums
 - a. Review of Series
 - i. Special Sums
 - ii. Telescoping Series
 - b. LRAM, RRAM, MRAM & the Trapezoidal Method
 - c. Riemann Sums
 - d. Writing Riemann Sums
 - e. Slouching towards the Definite Integral
 - f. Class Summary, Additional Resources & Technology & NMSI Notes
7. The Definite Integral
 - a. Geometric Interpretation
 - b. Properties of Definite Integrals
 - c. Negative Area?

Day 3

8. Important Theorems and Big Ideas
 - a. MVT'S : one for derivatives, one for integrals
 - b. FTC'S : one going this way, the other that way
 - c. Class Summary, Additional Resources & Technology & NMSI Notes

9. The Fundamental Theorem of Calculus
Using FTC 1 & FTC 2
 - a. Analyzing Integral Functions
 - b. FTC Problems galore
 - c. AP FTC Workshop Problems
 - d. Integral as an Accumulator
 - e. Class Summary, Additional Resources & Technology & NMSI Notes

10. Computing Integrals
 - a. The nitty gritty work – getting dirt under your fingernails
 - b. AP Questions

11. Area and Volume
 - a. Volume by slicing – some interesting problems
 - b. AP Questions
 - c. Best Practices – Class Summary & NMSI Notes
 - d. Class Summary, Additional Resources & Technology & NMSI Notes
 - e. Class Summary, Additional Resources & Technology & NMSI Notes

DAY 4

12. Differential Equations and Slope Fields
 - a. Slope Fields
 - b. The Matching Game
 - c. AP Questions

13. Particle Motion
 - a. Displacement v total distance travelled
 - b. Displacement, velocity and acceleration - differentiation and integration

14. Where we've been and where are you going?
 - a. Loose Ends, Burnt Ends, and Kansas City
 - b. Final questions, concerns, needs, etc....

Course Instructor Biography

Peter Kaczmar has been teaching math at Lower Merion High School since 1996. Currently teaching Honors Math Analysis/Trigonometry, AP Calculus and a Senior Seminar course, he has also taught across the curriculum from pre-algebra, through calculus as well as, remedial lab classes. He serves on the District Curriculum Committee and has provided a series of in-service programs for teachers. Additionally, his professional experience includes introducing AP Statistics and Senior Seminar courses into the school district, creating curriculum and delivering instruction for the University of Pennsylvania STEM Teacher Fellows Program, AP Calculus Exam Reader since 2004, Textbook Consultant, and Script writer for an Algebra Video series.

He served as an instructor for the summer program in mathematics for disadvantaged youth, and has served as a new teacher mentor, and technology mentor. He has been the recipient of the Cornell University Merrill Scholars Program (awarded to the high school teacher who most inspired scholastic development) and the MAA Edyth May Sliffe Award for distinguished high school mathematics teaching (awarded to 20 teachers in the US and Canada by the Mathematical Association of America). He is married and has a 10th grade daughter.

Advanced Placement Biology Course

Course Description

The AP Biology workshop is allows for teachers to become familiar with the new redesign AP Biology course developed by the College Board. One of the goals of AP Biology is to develop analytical cognitive skills needed for success in higher level science courses. This redesign course is exciting and will foster the student's enthusiasm for biology and scientific inquiry. Students who experience AP Biology will find themselves better prepared for the rigors and demands of college. The workshop includes hands-on activities and laboratory inquiries that are integrated part of the AP Biology redesign that will help your students to become more successful in this course. The aims of the course include becoming familiar with the four big ideas for AP Biology.

Big Idea 1: The process of evolution drives the diversity and unity of life.

Big Idea 2: Biological systems utilize free energy and molecular building blocks to grow, to reproduce and to maintain dynamic homeostasis.

Big Idea 3: Living systems store, retrieve, transmit and respond to information essential to life processes.

Big Idea 4: Biological systems interact, and these systems and their interactions possess complex properties.

Course Objectives

- Examine the big ideas, learning objectives, essential knowledge and science practices important in AP Biology
- Examine statistical tools needed chi-square and the t-test needed in AP Biology
- Be able to set up the energy lab and recognize the science practices that supports this lab
- Be able to set up the transpiration lab recognize the science practices that supports this lab.
- Examine pacing of an AP Biology Course
- Examine using the energy productivity lab, integrate the statistical tool needed for analysis.
- Perform the enzyme lab and integrate the statistical tools needed for analysis.
- Examine inquiry as a supporting component for AP Biology
- Examine how to write inquiry questions
- Examine concept of water potential.
- Perform osmosis lab.
- Determine the length of DNA and using for analysis in DNA finger printing.
- Determine the rate of respiration in germinating seeds.

Course Instructor Biography

Veteran educator Carol Leibl has been the National Math and Science Initiative (NMSI) Director of AP Science Programs since 2007. Carol has 27 years of teaching experience, most of it spent at James Madison High School in San Antonio, Texas focusing on AP Biology. Her educational career has included many awards, including the Christa McAuliffe Fellowship Award, Texas Biology Teacher of the Year, Siemens Award for Excellence in Teaching, and NABT Teacher of the Year for Texas.

She has been a College Board consultant since 1985 and has been a reader for the AP Biology Exam. In this capacity, Carol has led numerous summer institutes as well as one and two-day workshops. In addition, Carol founded and directed the James Madison Technology Institute.

Advanced Placement Chemistry Course

Course Description

As you may know, the AP Chemistry course has been redesigned. The new exam will be administered in May 2014. The pathway to developing an exemplary AP Chemistry program relies heavily on the data analysis skills acquired in first-year course curriculum in addition to having an alignment with the College Board's Curriculum Framework. This summer, we will examine the not yet released "practice exam" and examine not only its format but what you can do in your first-year course that will ensure student success in future AP courses for students as you make them more college ready. The greatest change in the new course focuses on the laboratory component. We will spend a good portion of our time on the laboratory component of the course. Additionally, we will share with you an electronic homework system that is pre-loaded with assignments for both courses in their entirety so that you can acquire student-level data painlessly for both courses.

Course Instructor Biography

René has taught AP* Biology, AP Chemistry, and AP Physics. She pioneered the AP Chemistry Program at Southlake Carroll High School in Southlake, TX. She was a member of the AP Chemistry Test Development Committee from 1999-2001-the *committee that* writes the AP Chemistry Exam. Her syllabus is currently published in the AP Teacher's Guide and she authored the chapter on using technology in the AP Chemistry classroom.

In 2001, at Southlake Carroll High School, she had some of the best AP Science results in the country as 75 AP exams were passed in Biology, Chemistry and Physics of which 34 were fives. In 2000, she was awarded the prestigious Siemen's award for outstanding AP science teaching, the Advanced Placement Special Recognition Award by the Southwest Region of the College Board, and the Radio Shack National Teachers award for use of Technology in the Science Classroom. She has coordinated several College Board AP Summer Institutes and conducted numerous 2-day workshops in the Southwest Region. She has conducted workshops for Texas Instrument's T-cubed and several districts around the state and technology training for College Board consultants.

Currently, René serves on the Science Academic Advisory Council for the University of Texas at Arlington and teaches a Physics Science Education course there.

**KIPP Delta College Public Schools
Amendment Request
November 2013**

Note from legal staff:

The Charter Authorizing Panel should examine each waiver requested by the charter. Particular attention should be paid to the following waiver requests which traditionally have either not been granted or have warranted additional discussion by the authorizer:

- **Ark. Code Ann. § 6-15-902(c)(2) Advanced Placement Teacher Training**
 - If this waiver is granted a waiver of the following rules is necessary:
 - **Section 4.00 (Teacher Training) of the ADE Rules for Advanced Placement and International Baccalaureate Diploma Incentive Program**
 - **Section 4.03(C)(i) of the ADE Rules Governing Uniform Grading Scales for Public Secondary Schools and For Optional Use in Public Elementary Schools**

Additional Comments:

- The Charter should confirm its understanding that should the amendment(s) be granted, the waivers currently granted to KIPP Delta Public Schools (see attached document) will continue to apply to all KIPP Delta schools.
- Any additional waivers granted by the Charter Authorizing Panel will be applicable to all KIPP Delta Schools.

RE: Notification of Charter Authorizing Panel Decision
Northwest Arkansas Classical Academy Amendment Requests

Dear Mr. Cook and Mr. Baumann:

On November 13, 2013, the Charter Authorizing Panel met and approved waivers of the following, as requested by Northwest Arkansas Classical Academy through the charter amendment request process:

From Ark. Code Ann.

- 6-17-111 Duty-free lunch periods
- 6-17-201 Requirements—Written personnel policies—Teacher salary schedule
- 6-17-201 et seq. Personnel Policies
- 6-17-211 Use of personal leave when administrator or school employee is absent from campus
- 6-17-1201 et seq. Teachers' Minimum Sick Leave Law
- 6-18-706 (School Nurses) with the requirement that expenditure reports for health services and counseling be submitted to the ADE in September 2014
- 6-21-303 Rules (the requirement to reimburse teachers for personal expenditures for classroom supplies)
- 6-25-101 et seq. Public School Library and Media Technology Act

From Arkansas Department of Education (ADE) Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

- 15.02 Principals
- 16 Support Services with the requirement that expenditure reports for health services and counseling be submitted to the ADE in September 2014
- 19.04 Requirement to provide summer school and adult education programs
- 21 Auxiliary Services

Four Capitol Mall
Little Rock, AR
72201-1019
(501) 682-4475
ArkansasEd.org

From Other Rules

- ADE Rules Governing Educator Licensure
- ADE Rules Governing School Board Zones and Rezoning
- ADE Rules Governing School Election Expense Reimbursement
- Sections 4-8 of ADE Rules Governing Personnel Policies, Salary Schedules, and Documents Posted to District Websites

The Charter Authorizing Panel denied waivers of the following:

From Ark. Code Ann.

| | |
|-----------|---|
| 6-11-129 | Data to be accessible on website |
| 6-16-1204 | Implementation (requirement that pre-Advanced Placement courses be offered) |
| 6-17-2802 | Legislative intent (to evaluate with a system other than TESS) |
| 6-21-304 | Purchases |

Section 9, Curriculum of ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than 4:00 p.m. on Wednesday, November 20, 2013, in order for the request to be included on the State Board of Education agenda for the meeting on December 9, 2013. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3).

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

Sincerely,

Mary Perry, Coordinator
Charter and Home Schools Office

C: Mr. Michael A. Poore, Superintendent, Bentonville School District

Re: Charter Amendment Request: Northwest Arkansas Classical Academy

Ms. Perry:

Please accept this letter as the formal request of Responsive Education Solutions (“ResponsiveEd”) to have the Arkansas Department of Education (“ADE”) consider the following charter amendment for Northwest Arkansas Classical Academy (“NWACA”) on November 13, 2013.

On July 11, 2013, the ADE provided ResponsiveEd with a letter listing the approved waivers for NWACA (attached). NWACA seeks the following additional waivers to: (1) fully accomplish the goals it intended when it sought its existing waivers, and (2) obtain additional flexibility to effectively implement the educational program approved by the Arkansas State Board of Education.

GENERAL INAPPLICABILITY

State Board of Education Rules:

- ADE Rules Governing School Board Zones and Rezoning: NWACA seeks exemption from this provision to the extent that it is generally not applicable in the open-enrollment charter school context.
- ADE Rules Governing School Election Reimbursement: NWACA seeks exemption from this provision to the extent that it is generally not applicable in the open-enrollment charter school context.

SUPERINTENDENT, PRINCIPAL, AND TEACHER CERTIFICATION AND LICENSURE

State Board of Education Rules:

ADE Rules Governing Educator Licensure: NWACA seeks exemption from this provision to the extent that it requires superintendents, principals, and teachers to be certified and/or licensed. NWACA seeks the flexibility to identify and hire those individuals best suited to facilitate the school's unique educational program. NWACA will hire “highly qualified” teachers (as defined by the No Child Left Behind Act of 2001).

Standards for Accreditation of Arkansas Public Schools and School Districts:

15.02 (Principals): NWACA seeks exemption from this provision to the extent that it requires principals to be certified and/or licensed. NWACA seeks the flexibility to identify and hire those individuals best suited to facilitate the school's unique educational program. NWACA will hire “highly qualified” teachers (as defined by the No Child Left Behind Act of 2001).

EMPLOYEE CONTRACTS

Title 6 of the Arkansas Code Annotated:

6-17-201 (Certified Personnel Policies and Committees): NWACA seeks exemption from this provision to the extent that it requires employees to be under contract. NWACA seeks the flexibility to hire all employees on an “at-will” basis, maintaining the flexibility to dismiss employees when it becomes apparent that they are not performing up to the high standards required for successful implementation of the school’s unique educational program. Employees will have the ability to appeal their dismissal in accordance with a grievance policy adopted by the ResponsiveEd Board.

EMPLOYEE COMPENSATION, LEAVE, AND BREAKS

Title 6 of the Arkansas Code Annotated:

NWACA seeks exemption from the following provisions to the extent that they require specific employee benefits relating to compensation, leave, and breaks. NWACA seeks the flexibility to develop its own employee compensation and leave package to attract those employees it deems likely to contribute meaningfully to the successful implementation of the schools’ unique educational program.

- 6-17-111 (Duty-Free Lunch Period)
- 6-17-201 (Personnel Policies Requirements)
- 6-17-211 (Use of Personal Leave When Administrator of School Employee is Absent from Campus)
- 6-17-1001 (Minimum Base Salary)

- 6-17, Subchapter 12 (Teachers' Minimum Sick Leave Law)

ACADEMICS

Title 6 of the Arkansas Code Annotated:

- 6-16-1204 (Implementation): NWACA seeks exemption from this provision to the extent that it requires NWACA to offer pre-AP courses. NWACA requests the flexibility to offer pre-AP courses as student interest and need dictates.
- 6-21-303 (Rules): NWACA seeks exemption from this provision to the extent that it requires NWACA to reimburse teachers for personal expenditures on classroom supplies. All educational materials necessary for the effective implementation of NWACA's educational program will be provided to the teacher as established in the school budget.

Standards for Accreditation of Arkansas Public Schools and School Districts:

- 9.0 (Curriculum): NWACA seeks exemption from this provision to the extent that it conflicts with the educational program described in the Charter Application.
- 9.03.4 (38 Units of Credit): NWACA seeks exemption from this provision to the extent that it requires all 38 units to be taught annually. Instead, NWACA requests the flexibility to offer those courses necessary to enable a student to obtain the requisite 22 units required for graduation.
- 19.04 (Summer School and Adult Education Programs): NWACA seeks exemption from this provision to the extent that it requires NWACA to provide opportunities for summer school and adult education programs. Instead, NWACA requests that it be permitted to focus on the educational program described in the Charter Application.

SUPPORT SERVICES

Title 6 of the Arkansas Code Annotated:

Chapter 25 (Public School Library Media and Technology Act): NWACA seeks exemption from this provision to the extent that it requires specific support services (e.g., guidance and counseling, media services, health and safety services, etc.). NWACA seeks flexibility to provide those support services which it determines are integral to its unique educational program. This is especially critical given NWACA's limited budgetary resources.

Standards for Accreditation of Arkansas Public Schools and School Districts:

16 (Support Services): NWACA seeks exemption from this provision to the extent that it requires specific support services (e.g., guidance and counseling, media services, health

and safety services, etc.). NWACA seeks flexibility to provide those support services which it determines are integral to its unique educational program. This is especially critical given NWACA's limited budgetary resources.

MISCELLANEOUS

Title 6 of the Arkansas Code Annotated:

- 6-11-129 (Data to be Accessible on Website): NWACA seeks exemption from this provision to the extent that it requires the listed information to be identified on its website. Instead, NWACA seeks to make such information available to the public as requested in response to public information requests.
- 6-17-201 et seq. (Committee for Each School District): NWACA seeks exemption from this provision to the extent that mandates the content, distribution, revision, and effective date of NWACA personnel policies. Instead, NWACA seeks the flexibility regarding the content, distribution, revision, effective date of its personnel policies.
- 6-17-2802 (Teacher Excellence and Support System): NWACA seeks exemption from this provision to the extent that it requires the form of teacher evaluation. NWACA seeks the flexibility to evaluate its staff to ensure successful implementation of the school's unique educational program.
- 6-21-304 (Manner of Making Purchases): NWACA seeks exemption from this portion of the Education Code to the extent that it requires bidding in each instance in which the estimated purchase price shall equal or exceed \$10,000. For purchases between \$1,000 and \$50,000, NWACA will use either a state approved vendor or obtain a minimum of three quotes. NWACA will obtain bids in each instance in which the estimated purchase price shall equal or exceed \$50,000.

Standards for Accreditation of Arkansas Public Schools and School Districts:

21.0 (Auxiliary Services): NWACA seeks exemption from this provision to the extent that it requires that transportation and food services be provided in a manner inconsistent with the Charter Application.

Please feel free to contact me should you have any further questions.

Sincerely,

Chris Baumann
General Counsel

- ADE Rules for Gifted and Talented Program Approval Standards

Regardless of any waivers granted, every charter school must always abide by the following requirements:

- All standardized assessments required by the state must be administered solely by licensed personnel, as required by ADE Rules Governing the Arkansas Comprehensive Testing Assessment and Accountability Program, Sections 5.02.4 and 5.03.2. Violations of ADE assessment procedures are subject to sanctions by the State Board, including without limitation sanctions pursuant to Ark. Code Ann. §§ 6-15-438 and 6-23-105.
- All teachers and school personnel, whether licensed or unlicensed, must submit to the criminal background and central registry checks required by law.
- Any teacher, whether licensed or unlicensed, who teaches a core academic subject area must meet the requirements of the ADE Rules Governing Highly Qualified Teachers Pursuant to the No Child Left Behind Act of 2001. Core academic subject areas are defined by federal law to include English Language Arts, Reading, Mathematics, Science, Foreign Languages, Social Studies, Music, and Art.

**Northwest Arkansas Classical Academy
Amendment Request
Waivers Requested**

Note from legal staff:

The Charter Authorizing Panel should examine each waiver requested by the charter. Particular attention should be paid to the following waiver requests which traditionally have either not been granted or have warranted additional discussion by the authorizer:

- **Standards for Accreditation Section 9.0 Curriculum**
 - A waiver of this entire section is typically not requested.
- **ADE Rules Governing Personnel Policies, Salary Schedules, and Documents Posted to District Websites**
 - Based on requested statutory waivers, it appears a waiver of these rules is also necessary.
- **Ark. Code Ann. § 6-17-2802 Teacher Excellence and Support System**
 - If this waiver is granted, a waiver of the **ADE Rules Governing the Teacher Excellence and Support System** is necessary.
- **Ark. Code Ann. § 6-18-706 (School Nurses)**
 - Based on the waivers currently held by the Charter and the additional waivers requested, waiver of this statute appears necessary.
- **Ark. Code Ann. § 6-21-304 Purchases**
 - A waiver of this section is typically not requested.

RE: Notification of Charter Authorizing Panel Decision
Premier High School of Little Rock Amendment Requests

Dear Mr. Cook and Mr. Baumann:

On November 13, 2013, the Charter Authorizing Panel met and considered waivers of laws and rules as requested by Premier High School of Little Rock through the charter amendment request process. The panel allowed charter representatives to withdraw waiver requests of the following:

From Ark. Code Ann.

| | |
|-----------|---|
| 6-11-129 | Data to be accessible on website |
| 6-16-1204 | Implementation (requirement that pre-Advanced Placement courses be offered) |
| 6-17-2802 | Legislative intent (to evaluate with a system other than TESS) |
| 6-21-304 | Purchases |

Section 9, Curriculum of the Arkansas Department of Education (ADE) Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

The Charter Authorizing Panel approved waivers of the following:

From Ark. Code Ann.

| | |
|-------------------|---|
| 6-17-111 | Duty-free lunch periods |
| 6-17-201 | Requirements—Written personnel policies—Teacher salary schedule |
| 6-17-201 et seq. | Personnel Policies |
| 6-17-211 | Use of personal leave when administrator or school employee is absent from campus |
| 6-17-1201 et seq. | Teachers' Minimum Sick Leave Law |
| 6-18-706 | (School Nurses) <u>with the requirement that expenditure reports for health services and counseling be submitted to the ADE in September 2014</u> |
| 6-21-303 | Rules (the requirement to reimburse teachers for personal expenditures for classroom supplies) |
| 6-25-101 et seq. | Public School Library and Media Technology Act |

| | |
|-------|--|
| 10.02 | Class Size and Teaching Load |
| 15.02 | Principals |
| 16 | Support Services <u>with the requirement that expenditure reports for health services and counseling be submitted to the ADE in September 2014</u> |
| 19.04 | Requirement to provide summer school and adult education programs |
| 21 | Auxiliary Services |

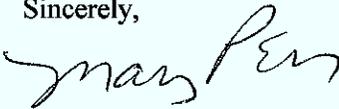

From Other Rules

- ADE Rules Governing Educator Licensure
- ADE Rules Governing School Board Zones and Rezoning
- ADE Rules Governing School Election Expense Reimbursement
- Sections 4-8 of ADE Rules Governing Personnel Policies, Salary Schedules, and Documents Posted to District Websites

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than 4:00 p.m. on Wednesday, November 20, 2013, in order for the request to be included on the State Board of Education agenda for the meeting on December 9, 2013. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3).

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

Sincerely,

Mary Perry, Coordinator

Re: Charter Amendment Request: Premier High School of Little Rock

Ms. Perry:

Please accept this letter as the formal request of Responsive Education Solutions (“ResponsiveEd”) to have the Arkansas Department of Education (“ADE”) consider the following charter amendment for Premier High School of Little Rock (“PHS”) on November 13, 2013.

On July 11, 2013, the ADE provided ResponsiveEd with a letter listing the approved waivers for PHS (attached). PHS seeks the following additional waivers to: (1) fully accomplish the goals it intended when it sought its existing waivers, and (2) obtain additional flexibility to effectively implement the educational program approved by the Arkansas State Board of Education.

GENERAL INAPPLICABILITY

State Board of Education Rules:

- ADE Rules Governing School Board Zones and Rezoning: PHS seeks exemption from this provision to the extent that it is generally not applicable in the open-enrollment charter school context.
- ADE Rules Governing School Election Reimbursement: PHS seeks exemption from this provision to the extent that it is generally not applicable in the open-enrollment charter school context.

SUPERINTENDENT, PRINCIPAL, AND TEACHER CERTIFICATION AND LICENSURE

State Board of Education Rules:

ADE Rules Governing Educator Licensure: PHS seeks exemption from this provision to the extent that it requires superintendents, principals, and teachers to be certified and/or licensed. PHS seeks the flexibility to identify and hire those individuals best suited to facilitate the school's unique educational program. PHS will hire "highly qualified" teachers (as defined by the No Child Left Behind Act of 2001).

Standards for Accreditation of Arkansas Public Schools and School Districts:

15.02 (Principals): PHS seeks exemption from this provision to the extent that it requires principals to be certified and/or licensed. PHS seeks the flexibility to identify and hire those individuals best suited to facilitate the school's unique educational program. PHS will hire "highly qualified" teachers (as defined by the No Child Left Behind Act of 2001).

EMPLOYEE CONTRACTS

Title 6 of the Arkansas Code Annotated:

6-17-201 (Certified Personnel Policies and Committees): PHS seeks exemption from this provision to the extent that it requires employees to be under contract. PHS seeks the flexibility to hire all employees on an "at-will" basis, maintaining the flexibility to dismiss employees when it becomes apparent that they are not performing up to the high standards required for successful implementation of the school's unique educational program. Employees will have the ability to appeal their dismissal in accordance with a grievance policy adopted by the ResponsiveEd Board.

EMPLOYEE COMPENSATION, LEAVE, AND BREAKS

Title 6 of the Arkansas Code Annotated:

PHS seeks exemption from the following provisions to the extent that they require specific employee benefits relating to compensation, leave, and breaks. PHS seeks the flexibility to develop its own employee compensation and leave package to attract those employees it deems likely to contribute meaningfully to the successful implementation of the schools' unique educational program.

- 6-17-111 (Duty-Free Lunch Period)
- 6-17-201 (Personnel Policies Requirements)
- 6-17-211 (Use of Personal Leave When Administrator of School Employee is Absent from Campus)
- 6-17-1001 (Minimum Base Salary)
- 6-17, Subchapter 12 (Teachers' Minimum Sick Leave Law)

ACADEMICS

Title 6 of the Arkansas Code Annotated:

- 6-16-1204 (Implementation): PHS seeks exemption from this provision to the extent that it requires PHS to offer pre-AP courses. PHS requests the flexibility to offer pre-AP courses as student interest and need dictates.
- 6-21-303 (Rules): PHS seeks exemption from this provision to the extent that it requires PHS to reimburse teachers for personal expenditures on classroom supplies. All educational materials necessary for the effective implementation of PHSs educational program will be provided to the teacher as established in the school budget.

Standards for Accreditation of Arkansas Public Schools and School Districts:

- 9.0 (Curriculum): PHS seeks exemption from this provision to the extent that it conflicts with the educational program described in the Charter Application.
- 10.02 (Class Size and Teaching Load): PHS seeks exemption from this provision to the extent that it requires a certain teacher/student ratio. Instead, PHS requests the flexibility to establish teacher/student ratios that best implements its individualized educational program.
- 19.04 (Summer School and Adult Education Programs): PHS seeks exemption from this provision to the extent that it requires PHS to provide opportunities for summer school and adult education programs. Instead, PHS requests that it be permitted to focus on the educational program described in the Charter Application.

SUPPORT SERVICES

Title 6 of the Arkansas Code Annotated:

Chapter 25 (Public School Library Media and Technology Act): PHS seeks exemption from this provision to the extent that it requires specific support services (e.g., guidance and counseling, media services, health and safety services, etc.). PHS seeks flexibility to provide those support services which it determines are integral to its unique educational program. This is especially critical given PHS's limited budgetary resources.

Standards for Accreditation of Arkansas Public Schools and School Districts:

16 (Support Services): PHS seeks exemption from this provision to the extent that it requires specific support services (e.g., guidance and counseling, media services, health and safety services, etc.). PHS seeks flexibility to provide those support services which it determines are integral to its unique educational program. This is especially critical given PHS's limited budgetary resources.

MISCELLANEOUS

Title 6 of the Arkansas Code Annotated:

- 6-11-129 (Data to be Accessible on Website): PHS seeks exemption from this provision to the extent that it requires the listed information to be identified on its website. Instead, PHS seeks to make such information available to the public as requested in response to public information requests.
- 6-17-201 et seq. (Committee for Each School District): PHS seeks exemption from this provision to the extent that mandates the content, distribution, revision, and effective date of PHS personnel policies. Instead, PHS seeks the flexibility regarding the content, distribution, revision, effective date of its personnel policies.
- 6-17-2802 (Teacher Excellence and Support System): PHS seeks exemption from this provision to the extent that it requires the form of teacher evaluation. PHS seeks the flexibility to evaluate its staff to ensure successful implementation of the school's unique educational program.
- 6-21-304 (Manner of Making Purchases): PHS seeks exemption from this portion of the Education Code to the extent that it requires bidding in each instance in which the estimated purchase price shall equal or exceed \$10,000. For purchases between \$1,000 and \$50,000, PHS will use either a state approved vendor or obtain a minimum of three quotes. PHS will obtain bids in each instance in which the estimated purchase price shall equal or exceed \$50,000.

Standards for Accreditation of Arkansas Public Schools and School Districts:

21.0 (Auxiliary Services): PHS seeks exemption from this provision to the extent that it requires that transportation and food services be provided in a manner inconsistent with the Charter Application.

Please feel free to contact me should you have any further questions.

Sincerely,

Chris Baumann
General Counsel

- ADE Rules Governing Public School Student Services
- ADE Rules for Gifted and Talented Program Approval Standards

Regardless of any waivers granted, every charter school must always abide by the following requirements:

- All standardized assessments required by the state must be administered solely by licensed personnel, as required by ADE Rules Governing the Arkansas Comprehensive Testing Assessment and Accountability Program, Sections 5.02.4 and 5.03.2. Violations of ADE assessment procedures are subject to sanctions by the State Board, including without limitation sanctions pursuant to Ark. Code Ann. §§ 6-15-438 and 6-23-105.
- All teachers and school personnel, whether licensed or unlicensed, must submit to the criminal background and central registry checks required by law.
- Any teacher, whether licensed or unlicensed, who teaches a core academic subject area must meet the requirements of the ADE Rules Governing Highly Qualified Teachers Pursuant to the No Child Left Behind Act of 2001. Core academic subject areas are defined by federal law to include English Language Arts, Reading, Mathematics, Science, Foreign Languages, Social Studies, Music, and Art.

**Premier High School of Little Rock
Amendment Request
Waivers Requested**

Note from legal staff:

The Charter Authorizing Panel should examine each waiver requested by the charter. Particular attention should be paid to the following waiver requests which traditionally have either not been granted or have warranted additional discussion by the authorizer:

- **Standards for Accreditation Section 9.0 Curriculum**
 - A waiver of this entire section is typically not requested.
- **Standards for Accreditation Section 10.02 Class Size and Teaching Load**
 - Typically this waiver has only been granted if the charter proposes specific alternative maximum teacher-student ratios.
- **ADE Rules Governing Personnel Policies, Salary Schedules, and Documents Posted to District Websites**
 - Based on requested statutory waivers, it appears a waiver of these rules is also necessary.
- **Ark. Code Ann. § 6-17-2802 Teacher Excellence and Support System**
 - If this waiver is granted, a waiver of the **ADE Rules Governing the Teacher Excellence and Support System** is necessary.
- **Ark. Code Ann. § 6-18-706 (School Nurses)**
 - Based on the waivers currently held by the Charter and the additional waivers requested, waiver of this statute appears necessary.
- **Ark. Code Ann. § 6-21-304 Purchases**
 - A waiver of this section is typically not requested.

RE: Notification of Charter Authorizing Panel Decision
Quest Middle School of Pine Bluff Amendment Requests

Dear Mr. Cook and Mr. Baumann:

On November 13, 2013, the Charter Authorizing Panel met and considered waivers of laws and rules as requested by Quest Middle School of Pine Bluff through the charter amendment request process. The panel allowed charter representatives to withdraw waiver requests of the following:

From Ark. Code Ann.

- 6-11-129 Data to be accessible on website
- 6-16-1204 Implementation (requirement that pre-Advanced Placement courses be offered)
- 6-17-2802 Legislative intent (to evaluate with a system other than TESS)
- 6-21-304 Purchases

Section 9, Curriculum of the Arkansas Department of Education (ADE) Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

The Charter Authorizing Panel approved waivers of the following:

From Ark. Code Ann.

- 6-15-902(a) Grading scale—Exemptions—Special education (to implement a more rigorous grading scale)
- 6-16-102 School day hours (with school days shortened only for students in grades 9-12)
- 6-17-111 Duty-free lunch periods
- 6-17-201 Requirements—Written personnel policies—Teacher salary schedule
- 6-17-201 et seq. Personnel Policies
- 6-17-211 Use of personal leave when administrator or school employee is absent from campus
- 6-17-1201 et seq. Teachers' Minimum Sick Leave Law
- 6-18-706 (School Nurses) with the requirement that expenditure reports for health services and counseling be submitted to the ADE in September 2014

Four Capitol Mall
Little Rock, AR
72201-1019
(501) 682-4475

6-21-303 Rules (the requirement to reimburse teachers for personal expenditures for classroom supplies)
6-25-101 et seq. Public School Library and Media Technology Act

From ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

15.02 Principals
16 Support Services with the requirement that expenditure reports for health services and counseling be submitted to the ADE in September 2014
19.04 Requirement to provide summer school and adult education programs
21 Auxiliary Services

From Other Rules

- ADE Rules Governing Educator Licensure
- ADE Rules Governing School Board Zones and Rezoning
- ADE Rules Governing School Election Expense Reimbursement
- Sections 4-8 of ADE Rules Governing Personnel Policies, Salary Schedules, and Documents Posted to District Websites

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than 4:00 p.m. on Wednesday, November 20, 2013, in order for the request to be included on the State Board of Education agenda for the meeting on December 9, 2013. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3).

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

Re: Charter Amendment Request: Quest Middle School of Pine Bluff

Ms. Perry:

Please accept this letter as the formal request of Responsive Education Solutions (“ResponsiveEd”) to have the Arkansas Department of Education (“ADE”) consider the following charter amendment for Quest Middle School of Pine Bluff (“Quest”) on November 13, 2013.

On July 11, 2013, the ADE provided ResponsiveEd with a letter listing the approved waivers for Quest (attached). Quest seeks the following additional waivers to: (1) fully accomplish the goals it intended when it sought its existing waivers, and (2) obtain additional flexibility to effectively implement the educational program approved by the Arkansas State Board of Education.

GENERAL INAPPLICABILITY

State Board of Education Rules:

- ADE Rules Governing School Board Zones and Rezoning: Quest seeks exemption from this provision to the extent that it is generally not applicable in the open-enrollment charter school context.
- ADE Rules Governing School Election Reimbursement: Quest seeks exemption from this provision to the extent that it is generally not applicable in the open-enrollment charter school context.

SUPERINTENDENT, PRINCIPAL, AND TEACHER CERTIFICATION AND LICENSURE

State Board of Education Rules:

ADE Rules Governing Educator Licensure: Quest seeks exemption from this provision to the extent that it requires superintendents, principals, and teachers to be certified and/or licensed. Quest seeks the flexibility to identify and hire those individuals best suited to facilitate the school's unique educational program. Quest will hire “highly qualified” teachers (as defined by the No Child Left Behind Act of 2001).

Standards for Accreditation of Arkansas Public Schools and School Districts:

15.02 (Principals): Quest seeks exemption from this provision to the extent that it requires principals to be certified and/or licensed. Quest seeks the flexibility to identify and hire those individuals best suited to facilitate the school's unique educational program. Quest will hire “highly qualified” teachers (as defined by the No Child Left Behind Act of 2001).

EMPLOYEE CONTRACTS

Title 6 of the Arkansas Code Annotated:

6-17-201 (Certified Personnel Policies and Committees): Quest seeks exemption from this provision to the extent that it requires employees to be under contract. Quest seeks the flexibility to hire all employees on an “at-will” basis, maintaining the flexibility to dismiss employees when it becomes apparent that they are not performing up to the high standards required for successful implementation of the school’s unique educational program. Employees will have the ability to appeal their dismissal in accordance with a grievance policy adopted by the ResponsiveEd Board.

EMPLOYEE COMPENSATION, LEAVE, AND BREAKS

Title 6 of the Arkansas Code Annotated:

Quest seeks exemption from the following provisions to the extent that they require specific employee benefits relating to compensation, leave, and breaks. Quest seeks the flexibility to develop its own employee compensation and leave package to attract those employees it deems likely to contribute meaningfully to the successful implementation of the schools’ unique educational program.

- 6-17-111 (Duty-Free Lunch Period)
- 6-17-201 (Personnel Policies Requirements)
- 6-17-211 (Use of Personal Leave When Administrator of School Employee is Absent from Campus)
- 6-17-1001 (Minimum Base Salary)
- 6-17, Subchapter 12 (Teachers’ Minimum Sick Leave Law)

ACADEMICS

Title 6 of the Arkansas Code Annotated:

- 6-15-902(a) (Grading Scale): Quest seeks exemption from this provision so that it may implement a more rigorous grading scale.
- 6-16-102 (School Day Hours): Quest seeks exemption from this provision to the extent that it defines the length of a “school day.” Quest requests the flexibility to implement its mastery-based educational program, which may necessitate a “school day” of more or fewer than six hours.
- 6-16-1204 (Implementation): Quest seeks exemption from this provision to the extent that it requires Quest to offer pre-AP courses. Quest requests the flexibility to offer pre-AP courses as student interest and need dictates.
- 6-18-211 (Mandatory Attendance for Students in Grades Nine through Twelve): Quest seeks exemption from this provision to the extent that it requires students in grades nine through twelve (9-12) to enroll in no less than three hundred fifty (350) minutes of planned instructional time each day as a requirement for graduation. Quest requests the flexibility to implement its mastery-based educational program, which may necessitate more or fewer than 350 minutes of planned instructional time each day.
- 6-21-303 (Rules): Quest seeks exemption from this provision to the extent that it requires Quest to reimburse teachers for personal expenditures on classroom supplies. All educational materials necessary for the effective implementation of Quests educational program will be provided to the teacher as established in the school budget.

Standards for Accreditation of Arkansas Public Schools and School Districts:

- 9.0 (Curriculum): Quest seeks exemption from this provision to the extent that it conflicts with the educational program described in the Charter Application.
- 9.03.4 (38 Units of Credit): Quest seeks exemption from this provision to the extent that it requires all 38 units to be taught annually. Instead, Quest requests the flexibility to offer those courses necessary to enable a student to obtain the requisite 22 units required for graduation.
- 19.04 (Summer School and Adult Education Programs): Quest seeks exemption from this provision to the extent that it requires Quest to provide opportunities for summer school and adult education programs. Instead, Quest requests that it be permitted to focus on the educational program described in the Charter Application.

SUPPORT SERVICES

Title 6 of the Arkansas Code Annotated:

Chapter 25 (Public School Library Media and Technology Act): Quest seeks exemption from this provision to the extent that it requires specific support services (e.g., guidance and counseling, media services, health and safety services, etc.). Quest seeks flexibility to provide those support services which it determines are integral to its unique educational program. This is especially critical given Quest's limited budgetary resources.

Standards for Accreditation of Arkansas Public Schools and School Districts:

16 (Support Services): Quest seeks exemption from this provision to the extent that it requires specific support services (e.g., guidance and counseling, media services, health and safety services, etc.). Quest seeks flexibility to provide those support services which it determines are integral to its unique educational program. This is especially critical given Quest's limited budgetary resources.

MISCELLANEOUS

Title 6 of the Arkansas Code Annotated:

- 6-11-129 (Data to be Accessible on Website): Quest seeks exemption from this provision to the extent that it requires the listed information to be identified on its website. Instead, Quest seeks to make such information available to the public as requested in response to public information requests.
- 6-17-201 et seq. (Committee for Each School District): Quest seeks exemption from this provision to the extent that mandates the content, distribution, revision, and effective date of Quest personnel policies. Instead, Quest seeks the flexibility regarding the content, distribution, revision, effective date of its personnel policies.
- 6-17-2802 (Teacher Excellence and Support System): Quest seeks exemption from this provision to the extent that it requires the form of teacher evaluation. Quest seeks the flexibility to evaluate its staff to ensure successful implementation of the school's unique educational program.
- 6-21-304 (Manner of Making Purchases): Quest seeks exemption from this portion of the Education Code to the extent that it requires bidding in each instance in which the estimated purchase price shall equal or exceed \$10,000. For purchases between \$1,000 and \$50,000, Quest will use either a state approved vendor or obtain a minimum of three quotes. Quest will obtain bids in each instance in which the estimated purchase price shall equal or exceed \$50,000.

Standards for Accreditation of Arkansas Public Schools and School Districts:

21.0 (Auxiliary Services): Quest seeks exemption from this provision to the extent that it requires that transportation and food services be provided in a manner inconsistent with the Charter Application.

- ADE Rules Governing Public School Student Services
- ADE Rules for Gifted and Talented Program Approval Standards

Regardless of any waivers granted, every charter school must always abide by the following requirements:

- All standardized assessments required by the state must be administered solely by licensed personnel, as required by ADE Rules Governing the Arkansas Comprehensive Testing Assessment and Accountability Program, Sections 5.02.4 and 5.03.2. Violations of ADE assessment procedures are subject to sanctions by the State Board, including without limitation sanctions pursuant to Ark. Code Ann. §§ 6-15-438 and 6-23-105.
- All teachers and school personnel, whether licensed or unlicensed, must submit to the criminal background and central registry checks required by law.
- Any teacher, whether licensed or unlicensed, who teaches a core academic subject area must meet the requirements of the ADE Rules Governing Highly Qualified Teachers Pursuant to the No Child Left Behind Act of 2001. Core academic subject areas are defined by federal law to include English Language Arts, Reading, Mathematics, Science, Foreign Languages, Social Studies, Music, and Art.

**Quest Middle School of Pine Bluff
Amendment Request
Waivers Requested**

Note from legal staff:

The Charter Authorizing Panel should examine each waiver requested by the charter. Particular attention should be paid to the following waiver requests which traditionally have either not been granted or have warranted additional discussion by the authorizer:

- **Standards for Accreditation Section 9.0 Curriculum**
 - A waiver of this entire section is typically not requested.
- **Standards for Accreditation 9.03.4 38 Units of Credit**
 - Traditionally, this waiver has only been granted as charters phase in grades (i.e., the charter will offer all 38 units by the time it has its first 12th grade class) or when the charter will still meet the content requirements of all 38 courses through embedded courses.
- **ADE Rules Governing Personnel Policies, Salary Schedules, and Documents Posted to District Websites**
 - Based on requested statutory waivers, it appears a waiver of these rules is also necessary.
- **Ark. Code Ann. § 6-15-902(a) Grading Scale**
 - The past practice has been to grant this waiver only as to non-core (i.e. elective courses), when the request is made in a new charter school application. The waiver has been granted as to core courses only after a charter school has established itself and demonstrated a substantial need for the waiver. In addition, waiver may be granted only to the extent that the proposed grading scale is more rigorous than the scale provided by statute.
 - The Applicant indicated it will implement a more rigorous grading scale, but the grading scale was not provided.
- **Ark. Code Ann. § 6-16-102 School Day Hours**
 - The Charter has indicated its program may necessitate a “school day” shorter or longer than six hours. This waiver is not necessary for an instructional day longer than six hours.
- **Ark. Code Ann. § 6-17-2802 Teacher Excellence and Support System**
 - If this waiver is granted, a waiver of the **ADE Rules Governing the Teacher Excellence and Support System** is necessary.
- **Ark. Code Ann. § 6-18-211 Mandatory Attendance for Students in Grades Nine through Twelve**
 - The Charter has indicated its program may necessitate a “school day” shorter or longer than six hours. This waiver is not necessary for an instructional day longer than six hours.

- If this waiver is granted, a waiver of **ADE Rules Governing Mandatory Attendance Requirements for Students in Grades Nine Through Twelve** is also necessary.
- **Ark. Code Ann. § 6-18-706 (School Nurses)**
 - Based on the waivers currently held by the Charter and the additional waivers requested, waiver of this statute appears necessary.
- **Ark. Code Ann. § 6-21-304 Purchases**
 - A waiver of this section is typically not requested.

RE: Notification of Charter Authorizing Panel Decision
SIATech Amendment Requests

Dear Ms. Tatum:

On November 13, 2013, the Charter Authorizing Panel met and approved SIATech to relocate from 6900 Scott Hamilton Road, Little Rock, Arkansas 72209, to 6724 Interstate 30, Little Rock, Arkansas 72209.

Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to **request** that the State Board of Education review a final decision of the Charter Authorizing Panel. A request must state the specific reasons that the board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than 4:00 p.m. on Wednesday, November 20, 2013, in order for the request to be included on the State Board of Education agenda for the meeting on December 9, 2013. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3).

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

Re: Request to come before the Arkansas State Board of Education Charter Authorizing Panel on November 13, 2013.

Dear Ms. Perry:

Please consider this a formal request to come before the Board of Education Charter Authorizing Panel on November 13, 2013, to update previous address approved by the State Board of Education on May 13, 2013.

Information regarding this request is enclosed. It includes:

- Reason for the request
- Reason for change of address
- Impact on the existing approved charter

Please contact me if you have any questions and to confirm the inclusion of our request on the agenda for the November 13, 2013, board meeting. My direct line is 501.562.1850, and my email address is katie.tatum@siatech.org.

Thank you in advance for your review and consideration.

Sincerely,

Katie Tatum

LEASE AGREEMENT

THIS LEASE, dated for reference purposes only 25th, 2013, is made by and between The Clifton Family, LLLP, an Arkansas limited liability limited partnership, or a corporation to be named, ("Lessor") and Arkansas School for Integrated Academics and Technologies Little Rock, Inc., an Arkansas nonprofit corporation ("Lessee").

RECITALS:

This lease is made with reference to the following facts and objectives:

(a) Lessor is the sole owner(s) of the Premises described below, and desires to lease the Premises to Lessee for the purpose of operating a Public Charter High School.

(b) Lessee desires to lease the Premises for such purposes and any activities related thereto.

(c) The parties desire to enter into a lease agreement defining their rights, duties and liabilities relating to the Premises.

AGREEMENT:

NOW, THEREFORE, in order to consummate the desires of the parties set forth in the foregoing recitals, which are made a contractual part of this Lease, and in consideration of the mutual agreements, provisions and covenants herein contained, the parties hereby agree as follows:

1. **Premises.** Lessor hereby leases to Lessee and Lessee leases from Lessor for the term described herein that certain real property located at 6724 I-30 Frontage Road, in the City of Little Rock, County of Pulaski, State of Arkansas, more particularly described as: Tract 82, Little Rock Industrial District, City of Little Rock, Pulaski County, Arkansas, all of which property shall hereinafter be referred to as the "**Premises**".

2. **Term.** The term of this Lease shall be as follows:

(a) **Effective Date.** The effective date of this Lease for purposes of commencement of the parties' respective rights and obligations hereunder shall be upon the mutual execution and acceptance of this Lease by both parties, the "Effective Date".

(b) **Rent Commencement Date.** The Rent Commencement date of this Lease shall be August 1, 2013.

(c) **Term.** The Primary Term of this Lease shall be five (5) years from the Rent Commencement Date.

(d) **Possession.** Lessor shall deliver possession of the Premises to Lessee on or before July 1, 2013.

(e) **Renewal Options.** Lessee shall have the option to renew and extend this Lease for two (2) additional term of Five (5) years, upon the same terms and conditions as provided herein except for the rental payable, by giving Lessor written notice of its election at least one-hundred, eighty (180) days prior to the expiration of the primary or renewal term. Rent for each option term shall follow the schedule in section 3 below.

3. **Rental.** Lessee shall pay to Lessor as rental for the Premises during the Primary term of this Lease, in advance, rent based upon the following schedule:

PRIMARY TERM RENT SCHEDULE

| PERIOD | MONTHLY | ANNUAL |
|--------------------------------|----------------|---------------|
| August 1, 2013 – July 31, 2014 | \$5,350.00 | \$64,200.00 |
| August 1, 2014 – July 31, 2015 | \$5,350.00 | \$64,200.00 |
| August 1, 2015 – July 31, 2016 | \$5,871.00 | \$70,452.00 |
| August 1, 2016 – July 31, 2017 | \$6,047.00 | \$72,566.00 |
| August 1, 2017 – July 31, 2018 | \$6,229.00 | \$74,743.00 |

FIRST OPTION TERM RENT SCHEDULE

| PERIOD | MONTHLY | ANNUAL |
|--------------------------------|----------------|---------------|
| August 1, 2018 – July 31, 2019 | \$6,415.00 | \$76,985.00 |
| August 1, 2019 – July 31, 2020 | \$6,608.00 | \$79,294.00 |
| August 1, 2020 – July 31, 2021 | \$6,806.00 | \$81,673.00 |
| August 1, 2021 – July 31, 2022 | \$7,010.00 | \$84,123.00 |
| August 1, 2022 – July 31, 2023 | \$7,221.00 | \$86,647.00 |

SECOND OPTION TERM RENT SCHEDULE

| PERIOD | MONTHLY | ANNUAL |
|--------------------------------|----------------|---------------|
| August 1, 2023 – July 31, 2024 | \$7,437.00 | \$89,246.00 |
| August 1, 2024 – July 31, 2025 | \$7,660.00 | \$91,924.00 |
| August 1, 2025 – July 31, 2026 | \$7,890.00 | \$94,682.00 |
| August 1, 2026 – July 31, 2027 | \$8,127.00 | \$97,522.00 |
| August 1, 2027 – July 31, 2028 | \$8,371.00 | \$100,448.00 |

The first rental payment shall be \$10,700.00, one-half of which shall be retained by Lessor as security for Lessee's performance hereunder and the other \$ 5,350.00 shall be applied to the first month's rent. The initial monthly rental payment and the security deposit shall be payable upon execution of this Lease. Thereafter, the monthly rental payment shall be due and payable on the first day of each successive month throughout the term, commencing on September 1, 2013. Rental for any portion of a calendar month shall be prorated on a per diem basis. Lessee shall pay Lessor a late payment

charge of \$200.00 if any rental payment is not paid on or before ten (10) days after its due date.

In the event Lessee fails to receive its necessary funding for a Public Charter High School from the applicable facility funding source, then Lessee shall have the right to terminate this Lease upon written notice to Lessor at least ninety (90) days prior to the effective date of the termination. Lessee shall provide written proof of the inadequacy of such funding to Lessor simultaneous with the written notice of termination. Notwithstanding anything to the contrary contained elsewhere in this Lease, it is expressly understood and agreed between the parties hereto that the effective date for termination due to the inadequacy of public funding shall be no earlier than July 31, 2015. Until the effective day of such termination, Lessee shall be fully obligated to comply with the terms of this Lease.

No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the State of Arkansas or its political subdivisions.

4. **Use of Premises.** The Lessee may use and occupy the Premises for a Public Charter High School and such purposes ancillary thereto, and Lessee shall not use or occupy nor permit the Premises or any part thereof to be used or occupied for any unlawful business, use or purpose, nor for any business, use, or purpose deemed extra-hazardous, or which would void or make voidable any insurance coverage, nor any purpose or in any manner which is in violation of any present or future governmental laws or regulations.

5. **Condition of Premises.** Lessor hereby represents and warrants that the Premises, including all equipment and improvements situated thereon are being delivered in accordance with the provisions of Addendum "A," and are structurally sound, are in a state of good and sufficient condition and repair and are generally suitable for the uses and purposes permitted by this Lease.

Lessor has received no notice, actual or constructive, of violation of any applicable zoning regulation, ordinance or other law, order or regulation whether federal, state or local (including all such laws as relate to: health; safety; pollution of air, soil, surface water or subsurface water; and application, use, storage, handling, or disposal of pollutants or toxic substances) relating to operations heretofore conducted at the Premises. Lessor warrants that the Premises and their contemplated use hereunder are not in violation of any applicable zoning regulation, ordinance or other law, order or regulation relating to the Premises. See Addendum "B" for Lessee's obligations pursuant to Lessee's rezoning the property prior to occupancy.

Lessor represents and warrants that the Premises (including the land, improvements and groundwater) are not contaminated with any chemicals, pollutants or

other toxic substances in quantities exceeding levels permitted by applicable laws. Lessor represents and warrants that any waste materials heretofore generated from the Premises have been disposed of in accordance with all applicable federal, state and local environmental laws and regulations. Lessor represents and warrants that neither Lessor nor Lessee is or would be liable under the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, the Resource Conservation and Recovery Act, the Toxic Substances Control Act, or any other federal, state or local law, ordinance or regulation for the protection of person or the environment.

Lessor represents and warrants that the facilities and improvements making up the Premises have been constructed and installed in accordance with then current federal, state and local laws, rules and regulations regarding structural requirements and safety standards including the Americans with Disabilities Act. If it is brought to the attention of Lessor or Lessee that the Premises were not so constructed thereby constituting a violation or infraction of such laws, rules or regulations, Lessor agrees to proceed promptly to cure any such violations at its sole expense. Lessor's representations and warranties shall survive the term of this Lease.

6. **Non-Disturbance Agreement.** In the event this Lease is or might be subject or subordinate to any lien of mortgage, security interest, contract for deed or other encumbrance, and any modifications, amendments, replacements or extensions thereof, which may now or hereafter affect the Premises or Lessee's rights hereunder, Lessor shall within fifteen (15) days after the Effective Date hereof or prior to the Effective Date of such encumbrance, in the case of encumbrances arising after the Effective Date hereof) obtain from the holder of any such interest in agreement whereby, if such holder or any successor in interest shall come into possession of the Premises, or any part thereof, by dispossession, foreclosure or otherwise, or shall become the owner of such property, or take over the rights of Lessor to such property, said holder shall not disturb the possessions, use or enjoyment of the Premises by its successors or assigns, nor disaffirm this Lease or Lessee's rights or estate granted hereunder so long as Lessee performs all of its obligations substantially in accordance with the terms of this Lease. The failure of Lessor to obtain such non-disturbance agreement shall constitute a default by Lessor.

7. **Signs, Lessee Improvements.** Lessee may erect such signs on the Premises as are reasonably necessary in the judgment of Lessee to apprise the public of Lessee's business, provided that any such signage shall comply with all local ordinances and restrictions. Lessee may remove such signs at the expiration of the term of this Lease and shall repair any damage caused by the installation or removal.

Lessee shall have the right to make additional modifications to the Premises beyond the Tenant Work as set out in Addendum "B," by erecting or installing improvements, machinery or other equipment thereon, and any other construction or modification which Lessee deems necessary to make the Premises more useful or productive, so long as such modification or construction does not materially diminish the

value of the Premises; provided, however, as to any such modification estimated to cost in excess of Ten-thousand and No/100 Dollars (\$10,000.00), Lessee shall give Lessor not less than fifteen (15) days prior written notice of the intended modification and brief description thereof. Lessor shall not be liable for the cost of such modifications or changes, the total cost of which, including maintenance and repair thereof and any ad valorem tax thereon, shall be borne by Lessee. Lessee shall obtain all necessary permits and approvals from the appropriate regulatory agency(ies) prior to commencement of any improvements described within this section and Lessee shall warrant that any such repairs shall be constructed in accordance with all applicable building, health and safety, and environmental regulations.

Lessee may, but shall not be required to, remove any improvements, machinery, equipment and structures placed on the Premises by Lessee after the Effective Date hereof; provided, however, that Lessee shall repair any damage caused to the Premises by such removal. Any such improvements not removed by Lessee after thirty (30) days written notice following the termination of this Lease shall become the property of Lessor and shall not be removable thereafter by Lessee.

8. **Maintenance and Repairs.** Lessor shall maintain the roof, foundation and structural soundness of the exterior walls of the Premises in good condition and repair during the Primary Term and any extended term of this Lease. Lessee shall maintain and repair, at its own cost and expense, all of the premises, (except the roof, foundation and structural soundness of the exterior walls), including, but not limited to heating, ventilation, and air conditioning (HVAC) systems, electrical, plumbing, carpeting, painting, and landscaping, provided, however that such items have been delivered in accordance with Addendum "A." Lessee shall be responsible for maintaining the parking lot in good repair throughout the term, or any extensions, of this Lease. In the event of a dispute between Lessor and Lessee with regard to repairs to be performed on the parking lot, Lessor and Lessee shall each select a licensed paving contractor to provide an estimate for repairs. If Lessor and Lessee are then not able to agree on the amount or necessity for repairs, then the two licensed paving contractors selected by the Lessor and Lessee, respectively, shall jointly select a third licensed paving contractor to determine the amount or necessity for repairs to the parking lot. The decision of the third licensed paving contractor shall be final and shall be binding upon both Lessor and Lessee, and Lessee shall have the stipulated repairs made. Lessee shall, at its own expense perform ordinary repairs and maintenance to the Premises as may become necessary to maintain the Premises in a good and safe condition, including ordinary wear and tear, and, excepting casualty losses, which shall be governed by the provisions of section 13.

Lessee shall also perform such general maintenance as is necessary to maintain a general appearance about the Premises substantially equal to their appearance at the commencement of the term of this Lease, ordinary wear and tear and damage by casualty excepted. All repairs, renewals, replacements, maintenance and restoration required under this Section shall be commenced and prosecuted to completion with reasonable diligence and shall be made in a good and workmanlike manner. Any work

required to be done by Lessor shall be conducted in such a way as to minimize disruption of or interference with Lessee's business.

9. **Insurance.**

(a) **Insurance on the Premises.** Lessee agrees to maintain at Lessee's expense fire and extended "all risk" coverage, malicious mischief and vandalism insurance on the leased improvements, structures, machinery and equipment on the Premises. Such insurance shall be issued by financially responsible insurers duly authorized to do business in the state of Arkansas. The insurance company shall be required to give Lessee and Lessor not less than ten (10) days notice in the event of cancellation of such coverage due to non-payment. Lessor shall be added as a loss payee on all insurance covering the Premises..

(b) **Lessee's Property Insurance.** Lessee agrees to maintain, at its own expense, fire and extended "all risk" coverage, malicious mischief and vandalism insurance on Lessee's property located at the Premises, including inventory, which insurance policy shall contain the standard form of waiver of subrogation, and will provide Lessor with a certificate of insurance properly executed by its insurance company evidencing such coverage upon written request by Lessor.

(c) **Waiver of Subrogation.** The parties hereby release each other and their respective officers, employees and agents from all claims for damage to the Premises and to the fixtures, personal property, equipment and improvements of either Lessor or Lessee in or on the Premises, notwithstanding that any such loss or damage may be due to or result from the negligence of either of the parties or their respective officers, employees or agents.

10. **Indemnity.**

(a) **Insurance Requirements.** For purposes of this Section 10, Lessee agrees during the term hereof to maintain adequate public liability and other insurance with reputable insurance companies as hereinafter set forth and pursuant to the terms and conditions of Section 9, and, upon request, to furnish Lessor with certificates of insurance properly executed by its insurance company evidencing such fact, The insurance coverage to be maintained by Lessee shall be as follows:

(i) Comprehensive general liability insurance, including contractual liability coverage as respects this Lease, against claims for bodily injury, death and property damage occurring in or about the Premises, affording minimum single limit protection of Two-Million and No/100 Dollars (\$2,000,000.00) with respect to personal injury or death and property damage occurring or resulting from one occurrence. Said liability insurance shall be purchased from an insurance company licensed to do business in Arkansas with an AM Best rating of no less than A-; and

(ii) Worker's Compensation and employer's liability insurance in accordance with the statutory requirements of Arkansas.

Lessor shall be added as loss payee to the liability insurance provided in section 10(a)(i) above.

11. **Surrender.** On the last day of the term hereof, or upon any sooner termination as provided herein, Lessee shall surrender the Premises to Lessor in substantially the same condition as when received, ordinary wear and tear, natural deterioration beyond the control of Lessee, and damage by fire, tornado or other casualty or act of God excepted, and except for the roof for which Lessor had the obligation of maintenance and repairs. If Lessee fails to vacate the Premises at the end of the Term, then Lessee shall be a tenant at will and, in addition to all other damages and remedies to which Lessor may be entitled for such holding over, Lessee shall pay a rental equal to 125% of the monthly rent payable during the last month of the Term.

12. **Eminent Domain.**

(a) **Termination of Lease.** If the whole of the Premises, or such portion thereof as will make the Premises unsuitable or untenable for Lessee's continued use, is condemned for any public use or purpose by any legally constituted authority then, in either of such events, this Lease shall terminate effective as of the time of taking by such authority and rental shall be accounted for between Lessor and Lessee as of such date. Such termination shall be without prejudice to the rights of either Lessor or Lessee to recover compensation from the condemning authority for their respective loss or damage caused by such condemnation and nothing in this Section or Section 12(b) shall be construed as limiting the Lessee's right to claim business damages and moving expenses from the condemning authority. Neither party shall have any rights in or to any award made to the other by the condemning authority.

(b) **Continuation of Lease.** If any part of the Premises shall be so taken and this Lease shall not terminate under the provisions of the preceding subsection, then the rental shall be equitably reduced in proportion to the areas so taken and its effect on Lessee's use, and Lessor shall restore the remaining portion of the Premises at its own expense to the extent necessary to render the Premises suitable for the purposes for which they were leased, and make all repairs to the driveways and the improvements on the Premises to the extent reasonably necessary to constitute the building and improvements a complete architectural and functional unit and to restore the Premises as nearly as possible to their prior condition.

If the parties are unable to agree as to the amount, of reduction of rental as herein provided, then the parties shall appoint a qualified, impartial M.A.I. real estate appraiser, as is mutually satisfactory to the parties, who shall determine the fair market rental value of the Premises as a result of such condemnation and whose appraisal shall be binding upon the parties unless otherwise agreed.

(c) **Notice of and Participation in Proceedings.** Lessee shall have the right to notice of and to participate in all eminent domain proceedings, together with Lessor and any mortgagee. Lessor shall not settle any such eminent domain proceedings or

sell the Premises or any part thereof under threat of such proceedings without the prior written consent of Lessee, which consent shall not be unreasonably withheld or delayed.

13. **Casualty to Premises.**

(a) **Total Destruction.** If the improvements on the Premises shall be totally or substantially destroyed by fire or other casualty so that the Premises shall be untenable or unsuitable for the conduct of Lessee's business, then either party shall have the right to terminate this Lease by giving notice to the other party of its election within fifteen (15) days following the occurrence of such damage or destruction, and all rents and other charges shall be adjusted and prorated as of the date of such destruction. As used in this Section, the term "substantially destroyed" shall mean damage to Lessor's building and improvements equal to or in excess of twenty-five percent (25%) of the fair market value thereof prior to such destruction. All insurance proceeds attributable to the Premises shall be paid to Lessor, and the amount of the deductible, if any, shall be paid by Lessee to Lessor.

(b) **Partial Destruction.** In the event that the Premises shall be partially damaged or destroyed by fire or other casualty, so that the same are still reasonably tenable and fit for the continued conduct of Lessee's business (or if neither party elects to terminate under Section 13(a) above), Lessor shall with all reasonable diligence, using the insurance proceeds attributable to the Premises and the amount of any deductible to be paid by Lessee to Lessor, repair the damage and restore the Premises to substantially its condition immediately prior to the happening of such event. In the event that the Premises are not restored and repaired within one hundred twenty (120) days of the date of the occurrence, Lessee may, at its option, terminate this Lease by written notice to Lessor, which termination shall be effective upon receipt by Lessor. In the case of termination by Lessee, insurance proceeds and deductible shall be treated the same as in section 13(a).

(c) **Abatement of Rent.** In the event of damage or destruction of Premises, rent shall partially abate from the date of such damage or destruction to the extent the Premises are untenable until the improvements have been repaired or restored and the Premises have been delivered to Lessee in the manner and in the condition provided by this section. If the parties exercise their option to terminate this Lease because of such casualty, rent shall be prorated until the date of termination.

14. **Taxes.** Lessor shall pay all real estate taxes last due and payable for the Premises during the Lease Term. Lessee shall reimburse Lessor, during the Lease Term, for payment of said taxes. It is understood that a pro rata adjustment shall be made for the first and last year of the Lease Term.

Each year during the Lease Term, Lessor shall notify Lessee of the amount of real estate taxes last due and payable without penalty and together with such notice shall furnish Lessee with a copy of the tax bills for each current year. Lessee shall

reimburse Lessor not later than thirty (30) days following receipt of a copy of the County Tax Bill, which shall be deemed as adequate evidence of the tax assessment for the Premises. In the event any holder of a first mortgage or trust deed requires the creation of an escrow account for the payment of such real estate taxes, Lessee agrees to pay such taxes in accordance with the terms of the escrow account. In the event tax years shall not coincide with the Lease years, taxes for the first and last Lease Year shall be prorated.

Lessor shall also notify Lessee of any notice of a change in the assessment of the Premises, as soon as reasonably possible after its receipt of such notice, and sufficiently in time for Lessee to take timely action to protest the same.

Lessee may, at its own expense and in the name of the parties hereto and at its sole discretion, take any proceedings for an adjustment or review of the real estate taxes, and Lessor agrees to fully cooperate in any such proceedings for the purpose of assisting Lessee in any attempt by it to effect a reduction thereof. Lessor shall provide Lessee, upon request, all relevant information for purposes of determining valuation for property tax purposes.

Any and all taxes imposed upon the fixtures and any personal property belonging to the Lessee shall be the responsibility of the Lessee.

15. **Utilities.** Lessee shall pay all charges or fees for use or consumption of all separately metered utilities provided to the Premises including water, gas, electricity, telephone and other utilities and services together with any taxes thereon.

16. **Quiet Enjoyment; Access to Premises.** Lessor covenants, warrants and represents that it has full right and power to execute this Lease and to grant the estate demised herein and, so long as Lessee is not in default under any of the terms and conditions of this Lease, Lessee shall peaceably hold and quietly enjoy the Premises, and shall have the right of ingress and egress to and from the Premises. Lessor shall have such right of access to the Premises as is reasonably necessary to inspect or repair the Premises from time to time at such times as are reasonable; provided, however, Lessor shall not unreasonably interfere with or disrupt Lessee's business operations in doing so.

17. **Default.**

(a) **Nonpayment of Rent.** If Lessee shall default in the payment of rent herein reserved when due, failure of Lessee to cure such default after fifteen (15) days written notice shall, at the option of the Lessor, constitute a default event.

(b) **All Other Defaults.** If Lessee shall be in default in performing any of the terms or provisions of this Lease other than the provision requiring the payment of rent, and if Lessor shall give Lessee notice in writing of such default and if Lessee shall fail to cure such default within twenty (20) days after the date of receipt of such notice or if the default is of such a character as to reasonably require more than twenty (20) days to

cure then, if Lessee shall fail to use reasonable diligence in curing such default within such additional time as is reasonably necessary to do so, such default shall then constitute a default event. Lessor shall have the right to cure such default and the sums reasonably expended by Lessor in going so shall be deemed to be additional rent and on demand shall be paid by Lessee on the day when rent shall next become due and payable.

(c) **Failure of Lessee to Cure.** Upon written notice of a default event and the failure of Lessee to cure its default within thirty (30) days of such written notice, Lessor shall have the immediate right to terminate this Lease, at its option and to pursue whatever rights and remedies it may have against Lessee by reason of such default. The remedies provided to Lessor herein are nonexclusive and cumulative and the pursuit by Lessor of one remedy does not waive its right to pursue any and all other remedies it may have.

18. **Severability.** The invalidity of any provision of this Lease as determined by a court of competent jurisdiction shall in no way affect the validity of any other provisions hereof. The parties represent that the terms and provisions set forth herein are the result of arms-length negotiations between the parties and, therefore, this Lease shall not be construed either for or against a particular party by reason of draftsmanship or otherwise but, rather, shall be interpreted in accordance with the general tenor of the language in order to reach an equitable result.

19. **Time of the Essence.** The parties hereto agree that with respect to the performance of all terms, conditions, and covenants of this Lease, time is of the essence.

20. **Captions.** Section captions are not a part hereof and are inserted merely for the convenience of the parties.

21. **Incorporation of Prior Agreements and Amendments.** This Lease contains all agreements of the parties with respect to any matter mentioned herein. No prior agreement or understanding pertaining to any such matters shall be effective. This Lease may be only modified by written agreement, signed by the parties in interest at the time of such modification.

22. **Waiver.** No waiver by Lessor or Lessee of any provision hereof shall be deemed a waiver of any other provision hereof or of any subsequent breach by the other party of any other provision.

23. **Holding Over.** If the Lessee remains in possession of the Premises or any part thereof after expiration of the term hereof with the consent of Lessor, such occupancy shall be a tenancy from month to month upon all of the terms hereof applicable to a month-to-month tenancy.

24. **Binding Effect; Choice of Law.** Subject to any provisions hereof, this Lease shall bind the parties, their personal representatives, successors and assigns. This Lease shall be governed by the laws of Arkansas.

25. **Attorneys' Fees.** If either party named herein or its successor brings an action, at law, in equity, or arbitration to enforce the terms hereof or declare rights hereunder, the prevailing party in any such action, on trial or appeal, shall be entitled to its reasonable attorneys' fees to be paid by the losing party as fixed by the court.

26. **Authority.** Each individual executing this Lease on behalf of Lessor and Lessee represents and warrants that he is duly authorized to execute and deliver this Lease on behalf of said entity, and that this Lease is binding upon said entity.

27. **Notices.** All notices under this Lease must be in writing and either hand delivered or sent by United States certified or registered mail, postage prepaid, addressed as follows, except that any party may by written notice given as aforesaid change its address for subsequent notices to be given hereunder:

Request for Authorization of Change of Address for SIATech Little Rock Charter High School from 8023 Interstate-30 to 6724 Interstate-30:

Overview: On May 13, 2013, the State Board of Education met and approved the change in address for SIATech Little Rock from its original location on the Little Rock Job Corps campus at 6900 Scott Hamilton Road, Little Rock, to a new location at 8023 Interstate 30. The Board also approved amendments to the SIATech charter reflecting this change in location. In addition, the Board required that SIATech include wording in the lease as required by the Arkansas Code Annotated 6-23-503:

“No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions.”

Current Situation: SIATech personnel began the search for a new location in the fall of 2012. Early on, representatives identified the location at 6724 Interstate-30 Bypass Road as a prime school location due to the location of the facility and the existing facility layout and size. Details included:

- Location of the facility:
 - Located less than one-half mile from the Job Corps campus: The proximity of the two campuses would allow Job Corps to easily bus students to SIATech and maintain the option of offering their students an Arkansas-accredited high school diploma. In addition, SIATech could continue to support students currently enrolled and enroll new Job Corps students.
 - Close proximity to two bus stops: Both the Southwest LR and the Baseline bus routes stop two blocks from this location.
 - Located within the 72209 zip code: There is a large population of low-socioeconomic families and a high number of youth who are not in school and have not completed their high school diplomas in area neighborhoods.

6724 Interstate 30
Little Rock, AR 72209
PH 501.562.0395
info@siatech.org
www.siatech.org

Current situation, cont'd.:

- Facility layout and size:
 - The facility was formerly a school, and its interior is subdivided into classrooms of varying sizes. The large classrooms met SIATech spatial standards and allowed varying classroom configurations.
 - The square footage of the facility allowed room for expansion as we grow to meet our 275-student charter capacity.
 - The needed renovations, safety, and ADA upgrades were minor, and fell within the SIATech budgetary guidelines for a new campus.

SIATech representatives attempted to obtain a lease of the 6724 Interstate-30 location in early spring, 2013, and applied to the Board of Education for approval of a change of address based on these negotiations. However, the Board preferred SIATech obtain a lease before the Board approved the change of address. The owner of the 6724 property stopped negotiating with SIATech representatives in April, so SIATech began searching for a new location. We found the facility at 8023 I-30, and began negotiating a lease. Based on these negotiations and a signed preliminary lease, the Arkansas Board of Education approved SIATech's requested change of address and the associated charter amendments in May, 2013.

However, in early May, the original facility at 6724 Interstate-30 became available for lease under new owners, and SIATech entered into a lease agreement for the building since it is much more suited for our needs. The lease also included wording as required by the Arkansas Board of Education.

In early June, we began building renovations and received an occupancy permit in early August. On August 19, 2013, we opened our doors to both community students and Job Corps students, and we are increasing our public sector enrollment every day. The facility is meeting our needs and allows for expansion. Therefore, we respectfully request that the Charter School Authorizing Board approve our request for a permanent change of address from 8030 Interstate-30 to 6724 Interstate-30, Little Rock, AR 72209.

Re: State Board of Education Action – SIATech Little Rock

Dear Ms. Mallory:

On May 13, 2013, the State Board of Education met and approved the change in address for SIATech Little Rock from 6900 Scott Hamilton Drive, Little Rock, Arkansas 72209, a Job Corps site, to 8023 I-30, Little Rock, Arkansas 72209, and amendments to the charter to reflect that the charter school will no longer be located on the Job Corps site. It is imperative that that final lease agreement include the following wording, as required by Arkansas Code Annotated 6-23-503:

No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions.

**RE: Debt Approval - Arkansas School for Integrated Academics and
Technologies Little Rock, Inc. (SIATech Little Rock Charter School)**

Dear Mr. Bell:

We are in receipt of your June 10, 2013 request for approval of a property lease at 6724 I-30 Frontage Road, Little Rock. The lease is for five (5) years at the rate of between \$5,350.00 per month in the first year of the lease and \$6,229.00 during the fifth year of the lease.

Upon review, the proposed lease is hereby approved pursuant to Ark. Code Ann. § 6-23-401(a)(5), contingent on the following: (1) that the final lease agreements and other applicable documentation contain the language required by § 6-23-503(b)(1); and (2) that all final lease agreements and other applicable documentation be forwarded to the Arkansas Department of Education Charter School Office. Please be advised that all financial responsibility for the proposed lease rests squarely with the Arkansas School for Integrated Academics and Technologies Little Rock, Inc. (SIATech Little Rock Charter School).

Sincerely yours,

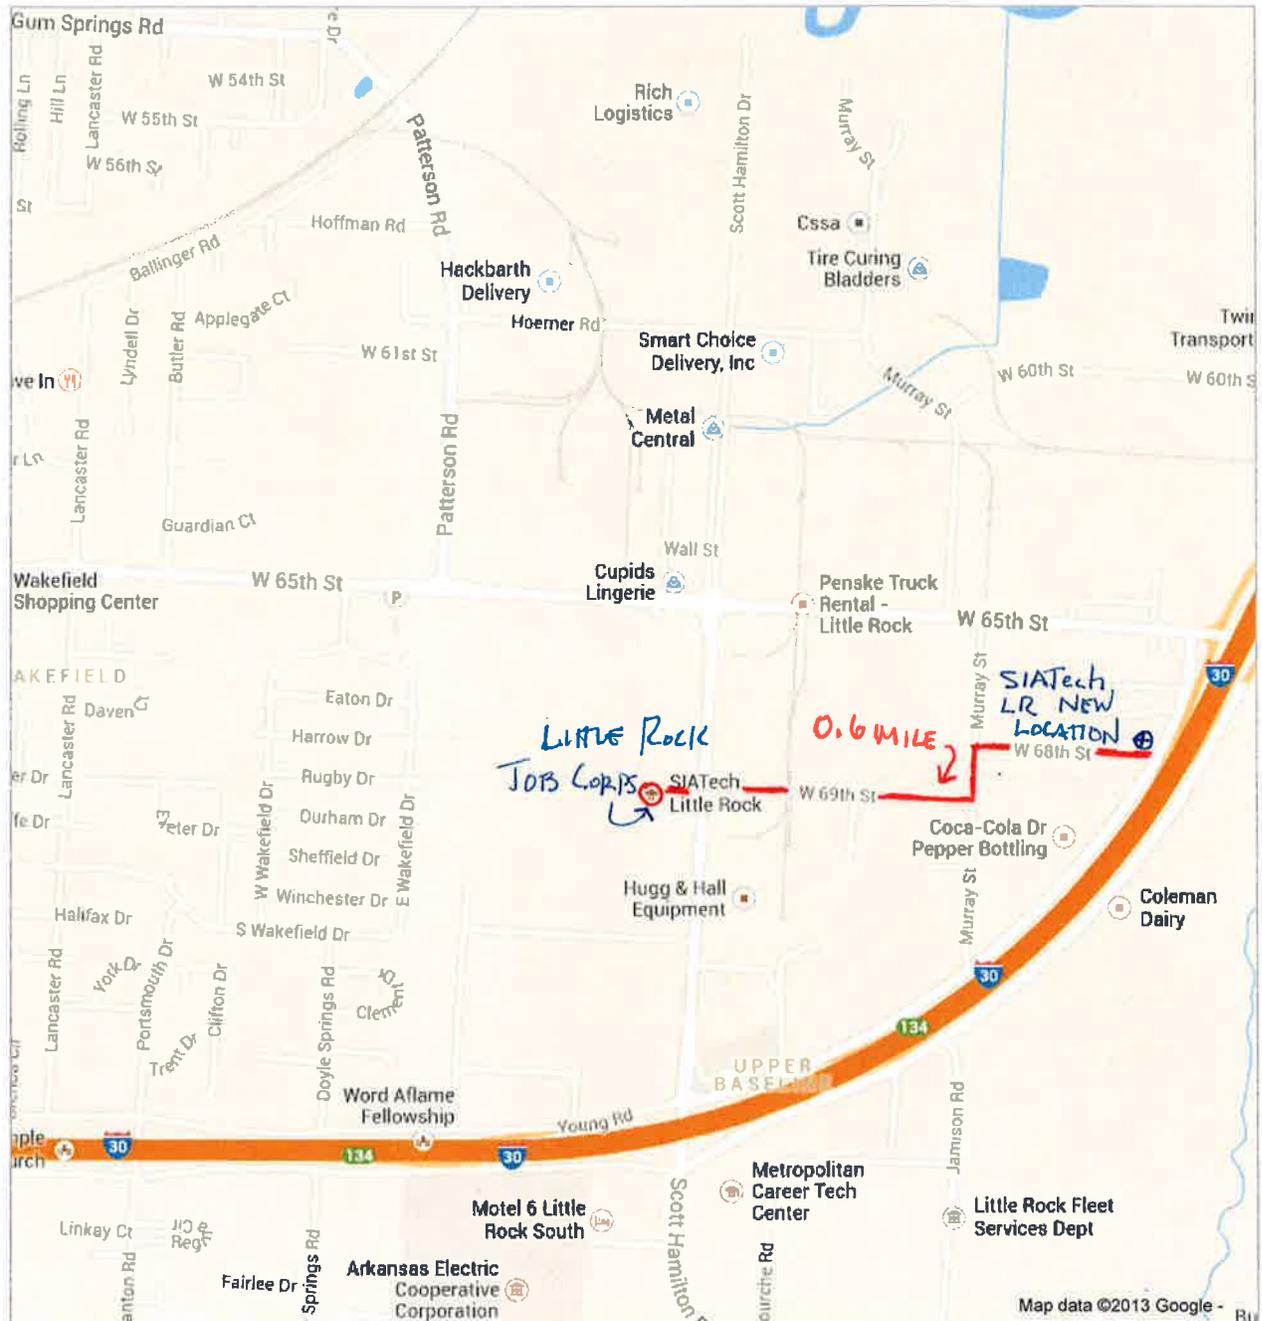

Tom W. Kimbrell, Ed.D.

RE: Notification of Charter Authorizing Panel Decision
Washington Academy Amendment Requests

Dear Ms. Kesler:

On November 13, 2013, the Charter Authorizing Panel met and approved waivers of the following, as requested by Washington Academy through the charter amendment request process:

From Ark. Code Ann.

6-15-1004

Qualified teachers in every public school classroom

6-17-309

Certification to teach grade or subject matter—Exceptions—
Waivers

6-17-401

Teacher licensure requirement

6-17-902

Definition (definition of a teacher as licensed)

6-17-919

Warrants void without valid certification and contract (the ability to pay a teacher's salary only upon filing of a teacher's certificate with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher)

From Arkansas Department of Education (ADE) Rules Governing Standards for
Accreditation of Arkansas Public Schools and Districts

15.03

Licensure and Renewal (pertaining to teacher licensure)

From Other Rules

ADE Rules Governing Educator Licensure

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

Sincerely,

Mary Perry, Coordinator

C: Mr. Terry Taylor, Principal, Washington Academy
Ms. Kendra Clay, Staff Attorney, Arkansas Department of Education

ARKANSAS
DEPARTMENT
OF EDUCATION

CHARTER AMENDMENT REQUEST FORM

Charter Name Washington Academy Charter School

LEA Number 4605703

Type of Amendment Requested:

Other: "Waivers of Teacher Licensure Laws and Rules- See the following document."

Charter Leader Terry Taylor

Email address terry.taylor@tasd7.net

Phone number 903-809-9179

WASHINGTON ACADEMY CHARTER SCHOOL WAIVERS AND AMENDMENT:

WAIVERS:

Washington Academy Charter School would like to request the following waivers:

From Ark. Code Ann. –

- 6-15-1004 Qualified teachers in every public school classroom
- 6-17-309 Certification to teach grade or subject matter – Exceptions- Waivers
- 6-17-401 Teacher licensure requirement
- 6-17-902 Definition (definition of a teacher as licensed)
- 6-17-919 Warrants void without valid certification and contract (the only requirement which would be waived is the ability to pay a teacher's salary only upon filing of a teacher's certificate with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher)

ADE Rules Governing Educator Licensure

Washington Academy Charter School request the above waivers because the educational model under which we operate requires the flexibility to hire teachers and administrators who are best suited to implement our program and curriculum to best attain the maximum amount of student achievement and growth. All teachers will meet the federal requirements for Highly Qualified Teachers, as defined by NCLB Act of 2001.

AMENDMENT TO APPLICATION:

Washington Academy Charter School would like to request to amend the Charter School application in Attachment D8.4 where it presently *states "teachers will have a Bachelor's degree from an accredited university and a valid Arkansas teaching certificate with required endorsements for subject and level assigned."* To be amended to state **"teachers will have a Bachelor's degree from an accredited university and a valid Arkansas teaching certificate for subject assigned that meets the Alternative Education option of Multi-Subject HOUSSSE that demonstrates full HQT (Highly Qualified Teacher) qualifications, and that the technology lab teacher have a Bachelor's degree from an accredited university and a valid teaching certificate"**.

Washington Academy Charter School would like to request to amend the statement during the state hearing that states *"We will hire all certified teachers in all areas and the computer lab teachers will have multiple areas of certification"* to be amended to state **"We will hire all teachers that meet the Alternative Education option of Multi-Subject HOUSSSE that demonstrates full HQT (Highly Qualified Teacher) qualifications, , and that the technology lab teacher have a Bachelor's degree from an accredited university and a valid teaching certificate"**. This is our amendment that we humbly submit to the Arkansas Charter Authorizing Panel and the Arkansas State Board of Education.

Submitted by Mr. Terry Taylor – Director/Principal of Washington Academy Charter School
Dr. Becky Kesler – Superintendent of Texarkana Arkansas School District

**Washington Academy
Amendment Request
November 2013**

Note from legal staff:

The Charter Authorizing Panel should examine each waiver requested by the charter.

Request for the
State Board of Education
to Review the Decision Made by the
Charter Authorizing Panel

**Exalt Academy of Southwest Little Rock
Little Rock, Arkansas**

From: [Christopher Heller](#)
To: [ADE Charter Schools](#)
Cc: [Tom Kimbrell \(ADE\)](#); [Jeremy Lasiter \(ADE\)](#); [Lori Freno-Engman \(ADE\)](#)
Subject: Exalt Academy
Date: Wednesday, November 20, 2013 3:58:02 PM

Ms. Perry – In accordance with the procedures in Ark. Code Ann. sections 6-23-702 and 703, and the time frame set out in your November 14 letter announcing the approval of Exalt Academy’s charter application, LRSD requests that the State Board of Education review the final decision of the Department in this matter. LRSD’s concerns include the lack of innovation, vague achievement goals without timelines, and a risky budget that depends on getting at least 173 of the expected 180 students the first year. Exalt would also be located three blocks from Cloverdale where the ADE and the LRSD are engaged in a joint effort to improve the school. Exalt will not provide transportation. Simply put, we should concentrate on improving existing schools in the area rather than creating new ones that will not be laboratories for significant innovation.

Thank you for your consideration of this request. Please let me know if there is anything further I must do to have this request presented to the State Board. CH

RE: Notification of Charter Authorizing Panel Decision
Exalt Academy of Southwest Little Rock

Dear Mr. Scott:

On November 13, 2013, the Charter Authorizing Panel met and approved the application for the Exalt Academy of Southwest Little Rock. Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to **request** that the State Board of Education review a final decision of the Charter Authorizing Panel. A request must state the specific reasons that the board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than 4:00 p.m. on Wednesday, November 20, 2013, in order for the request to be included on the State Board of Education agenda for the meeting on December 9, 2013. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3).

If you have any questions, I may be reached by phone at (501) 683-5312 or by email at mary.perry@arkansas.gov.

Sincerely,

A handwritten signature in cursive script that reads "Mary Perry".

THE GATEWAY TO CHANGE IN SOUTHWEST LITTLE ROCK
Presentation

AGENDA

LEADERSHIP

- Meeting the Need
- Engaging the Community

Overview

> Who are we?

- Three-year old Arkansas non-profit organization
- Serve 830 students in grades K-8 at 3 locations
- Purpose to equip mission-driven educators with the tools and supports to serve children growing up in low-income homes
- Over the past 3 years, we opened our first 3 campuses:
 - Started KNOVA Learning Reynolds Public School in Rockwood
 - Restarted Little Rock Preparatory Academy
 - Added 2nd campus to Little Rock Prep. to meet growing demand
- Our schools are beginning to have a transformative impact on the lives of our students

11/13/2013

3

Mission

- ### > Prepare students from underserved communities for competitive colleges and advanced careers by:

- Providing a liberal arts education,
- Closing the achievement gap,
- Ensuring mastery of the core subjects, and
- Developing the key behaviors required for success, citizenship & leadership in their communities.

Every major aspect of programs validated by quantifiable evidence, NOT anecdotal bias.

11/13/2013

4

LEADERSHIP

BENJAMIN LINDQUIST
Founder & CEO

- Executive Director, Little Rock Preparatory Academy, AR
- Founding Partner & VP, Charter School Growth Fund
- Former Program Officer, National Charter School Initiative, Walton Family Foundation
- Former Co-Director, Chicago Charter School Foundation
- Past Lead Writer, *The Education Industry Report*
- 1ST Place, CU New Venture Challenge, University-wide Business Plan Competition
- MBA, Leeds School of Business, University of Colorado at Boulder, CO
- Bachelors Degree *Magna Cum Laude*, St. John's University, & The College of St. Benedict, MN
- Married for 16 years
- 2-year old son Adam
- 7 siblings
- Mother died of cancer in 1987
- Grew up in poverty

5

Board of Directors

Five member network board brings strong oversight:

- **Bonnie Johnson**, Attorney, Williams & Anderson
- **Dr. Lee Nunery**, Former Superintendent, Philadelphia Public Schools
- **Dennis Schwitters**, Former Chair of Audit Committee, Farm Credit Services of America
- **Charles Stewart**, Trustee, Little Rock Preparatory Academy & Founder, Arkansas Black Hall of Fame
- **Helen Stout**, Chief Financial & Operating Officer, Arkansas Community Foundation

The national board will approve the initial slate of candidates for the school board of the Exalt Academy of Southwest Little Rock.

11/13/2013

5

Management

➤ Twelve-member network team brings deep expertise in all major aspects of school management.

| Name | Position | Name | Position |
|-------------------------|-------------------------------|--------------------|--------------------------------|
| Jennifer Harris-McMahan | Performance Coordinator | Ashley Phillips | Finance Director, LRPA |
| Darryle Hinton | Middle School Principal, LRPA | Freddie Scott | Dir. of Regional Development |
| Jayne Anne Kita | Director of Advancement | Dennis Tiede | Managing Director, KNOVA |
| Sonja Taylor Larkowski | Chief Administrative Officer | Tia Townsend | Asst. Performance Coordinator |
| Benjamin J. Lindquist | Chief Executive Officer | Chante'le Williams | Primary School Principal, LRPA |
| Tina Long | Founding Principal, EASW | Sylvia Wynn | Executive Assistant |

Recent additions include a Director of Advancement & Chief Administrative Officer – each of whom possesses over 25 years of experience in non-profit management.

11/13/2013

Results To Date

➤ Exalt Academies use autonomy and innovation to do more with less.

Little Rock Preparatory Academy (Restart)

From 2012 to 2013:

- 19% of returning students gained a proficiency level in Math
 - 30% of returning students gained a proficiency level in Literacy
- 25% average one-year gain among returning students**

KNOVA Learning Reynolds Public School (Startup)

From 2012 to 2013:

- 36% of returning students gained a proficiency level in Math
 - 18% of returning students gained a proficiency level in Reading
- 27% average one-year gain among returning students**

Presentation

AGENDA

- Leadership

MEETING THE NEED

- Engaging the Community

15

LEADERSHIP

TINA LONG

Founding Principal, Exalt Academy of Southwest Little Rock

- Classroom Teacher
- School Leader, Arthur Academy, Portland, OR
- Founding Principal, KNOVA Learning Reynolds Public School, Portland, OR
- National Director of Academic Programs, Exalt Education
- Instrumental in the Startup of 3 Public Charter Schools over 10 years

- MED, Warner Pacific University, Portland, OR
 - 4.0 GPA
- Bachelor's Degree in Psychology, Portland State University

- Married for 19 years
- 4 children ages 11-17
- Mother immigrated from Middle East
- 1st Generation American grew up in poverty

15

What do these children have in common?

- They are all growing up in low-income homes.

11/13/2013

11

What challenges do low-income children face?

Childhood Learning Challenges

- Less structured adult care
- Limited exposure to the English language
- Fewer books – very little guided reading
- Typically no access to technology
- Less direction in developing basic functions
- Higher risk of physical, emotional & substance abuse
- Frequent transitions in home life

*Meaningful Differences in the Everyday Experience of Young American Children, 1995, Betty Hart, Todd Risley

**National Center for Children in Poverty, 2010 Fact Sheets

***Two Generations in Poverty: Status and Trends among Parents and Children in the United States, 2000-2010, Zakiya Redd, Tahilin Sanchez Karver, David Murphy, Kristin Anderson Moore, Dylan Knewstubb

11/13/2013

11

Without solutions, these children are being left further & further behind.

➤ The income achievement gap has been steadily growing since at least 1970*

A Lifespan of Lagging Indicators

- Low-income children lag behind more affluent peers by 3-6 years of academic learning**
- 32% of low-income children do not graduate from high school***
- 9% of low-income children earn a four-year college degree****
- In most parts of the country, low-income children & youth face minimal upward mobility*****

 *****Harder for Americans to Rise From Lower Runge, January 2011, New York Times

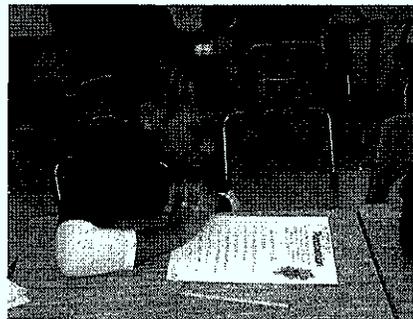

11/13/2013

19

Why Southwest Little Rock?

- There is no higher concentration of poverty in Central Arkansas than in Southwest Little Rock
- 9 elementary & middle schools with attendance zones in SWLR
 - 4,094 students in grades K-8
 - 81% of students qualify for Free & Reduced Lunch
 - 70% African American
 - 20%+ Hispanic
 - In 2011, all elementary & middle schools Tier III under NCLB

11/15/2013

20

How do we meet the special needs of low-income children?

**WE DO WHATEVER IT
TAKES TO SERVE THE
WHOLE CHILD!**

11/13/2013

21

How do we serve the whole child?

KEY SUCCESS FACTORS

1. Start early
2. More learning time
3. Meet socio-emotional & basic needs
4. More personalized attention
5. Meet each child at his or her level
6. Immerse students in language
7. Teach behavior norms explicitly
8. Foster a positive, affirming climate
9. Use research-validated programs
10. Manage performance closely

THE GATEWAY TO CHANGE IN SOUTHWEST LITTLE ROCK

Presentation

**English Language Learners &
Special Education**

37

Special Education

Exalt Education has created a data driven process to comply with IDEA, Child Find, and to ensure that all students are accessing their education and thriving in our schools. We had done this by establishing various teams to support the implementation of our academic model and positive behavior plan.

Our full immersion model allows students to be placed in the least restrictive environment, yet providing our students will all the accommodations and modifications needed to comply with their IEP and be successful in a general education classroom.

38

English Language Learners (ELL)

Exalt Education has a six-step ELL program.

1. Identification of primary language other than English; records
2. Assessment of ELL students
3. Annual report
4. Instructional program and goals for ELL students. EASW will use two types of instruction, small group pull out instruction and sheltered instruction observation protocol (SIOP). All teachers will be trained in SIOP
5. Reassessment, reclassification, exiting, and monitoring
6. Equal access to other school programs

39

THE GATEWAY TO CHANGE IN SOUTHWEST LITTLE ROCK

Presentation

Performance Goals

40

State Testing Performance Goals

1. **AMO Performance:** EASW will continuously strive to achieve the AMOs for students in all sub-groups in order to be designated as "Achieving" or "Exemplary"
2. **Proficiency Gains:** In grades 3-8, over 15% of returning students will gain at least 1 proficiency level until they achieve at the "Advanced" proficiency level
3. **District Comparison:** By the spring of their 5th grade year, a higher percentage of students will achieve at the Proficient or Advanced level than students in LRSD
4. **State Comparison:** By the spring of their 8th grade year, a higher percentage of students will achieve at the Proficient or Advanced level than the average among all students in the state of Arkansas.

41

NWEA MAP Performance Goals

1. **NPR Gains:** Over 15% of returning students who are continuously enrolled will make at least 5% NPR gain from spring-to-spring testing in math and reading
2. **Individual Growth Targets:** Over 60% of returning students will meet individual growth targets in math and reading.
3. **National Average:** By the spring of their 5th grade year, over 50% of returning students will score above the 50th percentile in math and reading.
4. **Comparative Performance:** Upon completion of their 8th grade year, a higher percentage of returning students will score above the 50th percentile than among all schools that are part of the national norming group.

42

8th Grade Performance Goals

1. **Capstone:** All 8th graders complete year-long course, including:
 - Researching and writing thesis paper & presentation,
 - Multimedia portfolio,
 - Job shadowing,
 - Visits to minimum of 4 college campuses, and
 - 50 hours of community service.

2. **ACT Explore:** Over 75% of continuously enrolled students will achieve a score indicative of preparedness for:
 - Advanced Placement courses and
 - College Readiness

3. **College-Prep High School:** Over 85% of students will be admitted into college-preparatory high school programs in the spring of their 8th grade year.

42

Comparison of Exalt & LRSD

46

Major Organizational Differences

1. Contractual accountability with authorizer
2. Capacity to specialize in serving children from low-income homes
3. Appointed, not locally elected, school board
4. Carver Policy Governance Model
5. Management team staffing structure
6. Waivers from state laws:
 - At-will employment
 - Differentiated pay
 - Pay for performance

45

Major Programmatic Features

1. **College-Preparatory Standard**
2. **Positive Behavior Plan**
 - School-wide Plan, CHAMPS Classroom Plan
3. **35% More Learning Time**
 - 9.0 hour day vs. 6 hrs. 45 mins.
 - 22 additional days for 100% of students vs. 4 hrs / 20 extra days for a few
4. **Co-Teacher Model**
 - 15-to-1 ratio for 7 hours of day
5. **Training & Professional Development Time**
 - 4 weeks full-day summer training
6. **Management Team Staffing Structure**
7. **Performance Management**
 - Continuous assessment daily, weekly, monthly, semi-annually, annually
8. **Other Major Differences**
 - Home Visits, Student led conferences, Uniform discount, etc.

Technology

47

Technology Plan

1. Fully networked, stationary computer lab
 - Mobile computer lab phased in for middle school use
2. Projectors & document cameras in every classroom
 - Smartboards may be phased in
3. High-speed, high bandwidth wireless network
 - Internet access
 - Printing/photocopying capacity
4. Frequent teacher use of technology curriculum
5. Student use of classroom technology & portfolio development
6. Administration of NWEA MAP's
7. Use of Illuminate student information & performance management system
8. Implementation Taleo Cloud Service, an onboarding & human resources system
9. Learning Pass Initiative

2013-2014 School Improvement Strategy

LRPA's team made a number of changes to continue enhancing performance:

**Little Rock
Preparatory Academy**

A Member of the Exalt Education Network

- Lengthened math blocks to 80 minutes
- Added Rocket Math to give students more practice in math facts
- Added Illuminate testing system to assess student learning against standards more frequently throughout the year
- Implemented new English Language Arts programs in middle school, including:
 - Perfection Learning
 - Writer's Workshop
 - 6 + 1 Traits of Writing
 - Cornell Notes
- Added Director of Curriculum & Instruction to middle school
- Extended student reading time out of school hours

THE GATEWAY TO CHANGE IN SOUTHWEST LITTLE ROCK Presentation

10 Success Factors

84

How do schools meet the special needs of low-income children?

> KEY SUCCESS FACTORS

1. Start early
2. More learning time
3. Serve the whole child
4. More personalized attention
5. Meet each child at his or her level
6. Immerse students in language
7. Teach behavior norms explicitly
8. Foster a positive, affirming climate
9. Use research-validated programs
10. Manage performance closely

11/13/2013

55

Start early – before academic deficits have had time to grow.

> 7 years to serve the first class before 8th grade graduation.

| SCHOOL STARTUP SCENARIO | | | | | | | | |
|-------------------------|----------|------------|------------|------------|------------|------------|------------|------------|
| Grade Level | Year 0 | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 | Year 7 |
| | 2013 | 2014 | 2015 | 2016 | 2017 | 2018 | 2019 | 2020 |
| Kindergarten | 0 | 60 | 60 | 60 | 60 | 60 | 60 | 60 |
| 1st Grade | 0 | 60 | 60 | 60 | 60 | 60 | 60 | 60 |
| 2nd Grade | 0 | 60 | 60 | 60 | 60 | 60 | 60 | 60 |
| 3rd Grade | | | 60 | 60 | 60 | 60 | 60 | 60 |
| 4th Grade | | | | 60 | 60 | 60 | 60 | 60 |
| 5th Grade | | | | | 60 | 60 | 60 | 60 |
| 6th Grade | | | | | | 60 | 60 | 60 |
| 7th Grade | | | | | | | 60 | 60 |
| 8th Grade | | | | | | | | 60 |
| Total | 0 | 180 | 240 | 300 | 360 | 420 | 480 | 540 |

11/15/2013

56

Give students the benefit of more learning time.

➤ EASW's students will gain over 2 academic years of extra learning time by the end of 8th grade!

| Features | Specifics | Why is this beneficial? |
|------------------------|-------------------------------|--|
| School Day | 7:30 am - 4:30 pm | 2 more hours of learning time every day |
| Annual Calendar | 200 days | 22 more days every year |
| Longer Learning Blocks | 70-90 minute learning blocks | More time to master concepts & skills |
| "Double Dosing" | More lessons in core subjects | More exposure for lowest-performing learners |

11/13/2013

67

Serve the whole child.

➤ Exalt Academies specialize in meeting the holistic needs of children who grow up in poverty.

| Solutions to Student Needs | | |
|---------------------------------|--|--|
| • Compassion | • Clothing | • Drug & alcohol education |
| • Health education | • Counseling | • Self-expression |
| • De-escalation | • Recognition / Affirmation | • Anger management |
| • Medical treatment | • Character development | • Knowledge |
| • Nutrition | • Physical education | • Academic success |
| • Nurturing adult relationships | • Early exposure to colleges & careers | • Intensive literacy skill development |

11/13/2013

68

Give students more personalized attention.

➤ A team-based staffing model provides students & staff with many advantages.

| Benefits of Innovative Staffing Model | | |
|---------------------------------------|---|---|
| Co-Teachers | Smaller student-to-teacher ratios | Average of 15-to-1 from 8:30 am to 3:30 pm |
| Management Team Led Schools | More dedicated support in key areas | 5 person school-wide management team |
| Grade-Level Leads | Greater access to instructional expertise | Professional learning communities meet twice each month |
| More Manageable Day | More satisfying conditions | All teachers work average 8.5 hour day |

11/13/2013

89

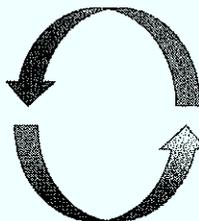

Meet each child at his or her level.

➤ EASW will follow a 6-step instructional cycle:

Instructional Cycle

1. Curriculum director administers a placement test to each student following enrollment
2. Students grouped by performance levels in core subjects
3. Teachers set ambitious learning goals for each group
4. Teachers deliver lesson units at each group's level
5. Curriculum director re-tests students periodically
6. Students regrouped based on pace of progression

The instructional cycle moves students from where they are to where they need to be – at or above grade level.

11/15/2013

90

Immerse students in language.

➤ EASW will use programs that have been proven to help students develop a comprehensive literacy foundation.

- Reading Mastery
- Language for Learning
- Perfection Learning
- Writer's Workshop
- 6+1 Traits of Writing

These programs are backed by over 40 years of systematic research & development.

11/13/2013

71

Reinforce positive behaviors.

➤ **Teach Behavior Norms Explicitly**

- Behavior expectations posted in classrooms, taught explicitly, retaught & reinforced daily
- CHAMPS system is used in every classroom

Foster a Positive, Affirming Climate

- Dedicated dean of students for every 150 students
- Students struggling with misbehavior addressed through daily point-card systems
- Weekly assemblies recognize & reward positive behaviors
- All students rewarded with prizes through "Prepster Bucks"

11/13/2013

72

Use research-validated programs.

Reading, Language, Writing, English Language Arts, Study Skills

- Reading Mastery
- Language for Learning
- Perfection Learning
- Writer's Workshop
- 6+1 Traits of Writing
- Cornell Notes

Mathematics

- Connecting Math Concepts
- Saxon Mathematics
- Rocket Math
- People's Publishing Common Core Math

Natural World (Science)

- FOSS Science
- Core Knowledge Sequence
- CPS Science

Human Resources

- Taleo Cloud Service

Physical Education & Health

- Sparks Physical Education
- Great Body Shop for Health

Behavior Management & Character Development

- Positive Behavior Interventions & Supports
- CHAMPS Classroom Management
- Wise Skills Character Development Program

Instructional Leadership & Constant Improvement

- Professional Learning Communities (PLC) model
- Response-to-Intervention (RTI) model

Student Information & Assessment

- Illuminate Education
- NWEA Measures of Academic Progress (MAP)

Global Studies

- Civics, History, Geography, World History
- Core Knowledge Sequence

Manage performance actively.

EASW's assessment system will provide a constant flow of information on student learning.

| Performance Measures | |
|----------------------|--|
| Daily | Lesson Progress & 1 st Time Mastery |
| Weekly | Lesson Unit Testing |
| Monthly | Illuminate Benchmark Testing |
| Semi-annually | NWEA MAP Pre- and Post-Testing |
| Annually | ACTAAP Testing |

Assessments allow for instructional adjustments to be made that optimize student learning throughout the year.

2013-2014 Application Cycle

Exalt Academy of Southwest Little Rock

Summary

Exalt Academy of Southwest Little Rock Charter School

| | |
|---------------------------------------|--|
| Grade Level(s): | K-8 (K-2 in Year 1 adding a grade each year) |
| Student Enrollment Cap: | 540 (180 in Year 1) |
| Name of the Sponsoring Entity: | Exalt Education, Inc. |
| IRS Status | Applied for 501(c)(3) Non-Profit Status |
| Address: | 6111 W. 83 rd Street Little Rock, AR 72209 |

Mission Statement

The Exalt Academy of Southwest Little Rock (EASW) will prepare students from educationally under-served areas of Southwest Little Rock for competitive colleges and advanced careers from an early age by ensuring mastery of the core subjects and developing the key behaviors required for success, citizenship and leadership in their communities and beyond.

Information on the School District in Which the Charter Would Be Located

Little Rock School District

71.13% free and reduced-price lunch (2012-2013)

Needs Improvement District (ESEA 2012) - Graduation Rate and Mathematics

Issues that Remain Unresolved as Determined by the Charter Internal Review Committee

- The lack of specificity in the statement that the founders request “some flexibility in enrolling students, especially during the first couple years”
- The lack of specificity in the academic goals
 - Lack of a school year by which the charter will be designated achieving
 - Goals that cannot be measured for many years since there will not be a 5th grade class until the fourth year of operation or an 8th grade class until the 7th year of operation not measured in time for renewal
 - Lack of a specific percentage of students that will be expected, by 5th grade, to score higher in all tested subjects than students in surrounding districts
- Understanding of the requirement to offer a full continuum of special education services
- The ability to meet the health and safety needs of students
- The ability to meet the needs of gifted and talented students
- The lack of assurances to obtain appropriate teachers and materials to meet the needs of English language learners
- Responses to Charter Internal Review Committee business and budgeting plan concerns that were not responsive to identified concerns
 - Response to the request for information about vendors and services for fiscal services was about competitive bidding, security services, and a company to support electronic needs
 - Response to the request for information about vendors and services for data processing was about office equipment and copying services
- Lack of a revised budget for review as revenue was reduced and expenses increased in response to concerns identified by the Charter Internal Review Committee -
 - Statement that budget was adjusted to accurately reflect the number of students

- expected to qualify for free and reduced-price lunches
 - Statement that \$10,000 is added as an annual expense for the financial audit
 - Lack of specificity about the amount of space to be leased and the costs to outfit the facility
- Lack of a reason that a waiver of Ark. Code Ann. § 6-16-102 is requested since it appears that the charter would provide at least six hours of instruction each day

Documentation Provided in Support of the Charter

Little Rock, Arkansas

EXALT ACADEMY OF SOUTHWEST LITTLE ROCK

| | |
|-------------------------------------|--|
| Sponsoring Entity: | Exalt Education, Inc. |
| IRS Status: | Applied for 501(c)(3) non-profit status |
| Grade Levels: | K-8 (K-2 or 3 in Year 1) |
| Student Enrollment Cap: | 540 |
| Address of Proposed Charter: | 6111 W. 83 rd Street, Little Rock, AR 72209 |

PRE-APPLICATION MATERIALS

The Arkansas Department of Education requires that all applicants submit a Letter of Intent, outlining a general description of the proposed charter school.

Evaluation Criteria:

A response that meets the standard will guarantee that:

- A Letter of Intent was filed with Arkansas Department of Education on time and included all the necessary information.

Meets the Standard

PART B EXECUTIVE SUMMARY

The Arkansas Department of Education requires all applicants to include an executive summary.

Evaluation Criteria:

A response that meets the standard will present:

- A mission statement (with content to be evaluated for Prompt #3 of Part C); and
- The key programmatic features of the proposed charter school.

Meets the Standard

C-1 PUBLIC HEARING RESULTS

All proposed school design teams must conduct a public hearing before applying for an open- enrollment charter school, to assess support for the school's establishment. Applicants are asked both to document the logistics of the hearing and to include a narrative of the hearing results.

Evaluation Criteria:

A response that meets the standard will present:

- A thorough description of the results of the public hearing;
- Evidence of public support exhibited at the hearing;
- Documentation of required notices published to garner public attention to the hearing; and
 - Published on a weekly basis for at least three consecutive weeks prior to the date of the hearing in a newspaper having general circulation in the school district in which the school will likely be located
 - The notice of the public hearing was not published in the classified or legal notice section of the newspaper.
 - The last publication date of the notice was no less than seven days prior to the public meeting.

- Documentation of required notices of the public hearing to superintendents of districts from which the proposed school is likely to draw students and to superintendents of districts that are contiguous to the district in which the charter school would be located
 - Within seven calendar days following the first publication.

Meets the Standard

C-2 GOVERNING STRUCTURE

The Governing Structure section should explain how the school will be governed. It should present a clear picture of the school’s governance processes and composition, what responsibilities various groups and people will have and the relationships among the groups.

Evaluation Criteria:

A response that meets the standard will present:

- Documentation of proper legal structure of the governing board and sponsoring entity;
- A comprehensive description of the planned relationship between the governing board of the school and governing board of the sponsoring entity;
- A clear description of the governing board’s roles and responsibilities;
- Adequate policies and procedures for board operation, including board composition, member term length, and member selection;
- A clear, sensible delineation of roles and responsibilities in relation to governance and school management; and
- A reasonable plan for involving parents, staff, students and community in the decision- making of the school.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- **Provide information about the beginning of Bonnie Johnson’ s career in education.**

Bonnie Johnson holds an undergraduate degree in elementary education and special education from Western Washington University in Bellingham, Washington. In obtaining this degree, Ms. Johnson participated in an innovative program in which the University students spent an entire school year working full time in elementary school classrooms in a low-income community while University faculty provided on-site supervision and instruction.

Upon graduation, Ms. Johnson worked for three years at the Camphill-Rudolf Steiner School in Aberdeen, Scotland, a residential school for children with moderate to severe disabilities (www.camphillschools.org.uk/).

Ms. Johnson later served for eight years as Executive Director of the Arkansas Disability Coalition. One of the Coalition’s major programs is working with parents of special education students across Arkansas to ensure the development and implementation of effective Individualized Education Programs under the Individuals with Disabilities Education Act. She served on the board of directors of the Arkansas Disability Rights Center, an agency that protects special education rights.

- **Confirm the understanding that all charter board meetings, including retreats and planning sessions, will be open meetings.**

The Exalt Academy of Southwest Little Rock (EASW) will comply with the Arkansas Freedom of Information Act (FOIA), which provides that “all meetings, formal or informal, special or

regular, of governing bodies” of school districts shall be public meetings. Ark. Code Ann. § 25-19-106. In accordance with FOIA, the time and place of regular meetings will be furnished to anyone who requests the information. Ark. Code Ann. § 25-19-106(b)(1). In the event of emergency or special meetings, the person calling the meeting will make the notifications required under Ark. Code Ann. § 25-19-106(b)(2). Executive sessions will be held in accordance with FOIA, Ark. Code Ann. § 25-19- 106(c), which provides that executive sessions may be held only for specific purposes and that the purpose must be announced in public before the executive session. As is provided in Ark. Code Ann.§ 25-19-106(c)(3), executive sessions will not be called for the purpose of defeating the reason or spirit of FOIA.

- **Explain “Executive Limitations policies.”**

To ensure consistent, sound governance, all Exalt schools use the Policy Governance Model (PGM), a comprehensive and well-regarded system of nonprofit governance which was developed by John and Miriam Carver. The foundation of the PGM approach is that an effective nonprofit board will focus on governance and allow the details of management to be overseen by the organization’s executive staff. The board controls management by developing policies and holding its top executive, the Chief Executive Officer, accountable for the implementation of those policies. The board of directors of Exalt Education, Inc., the Arkansas non-profit organization that will manage the EASW, will assist and support the school board of EASW in adopting and implementing the PGM system in a rigorous, effective manner.

Under the PGM, a board establishes two types of policies, Ends Statements and Executive Limitations. Ends Statements are broad statements of the goals toward which management must work. Most nonprofit governance models include similar board statements of ends, goals or objectives.

While Ends Statements establish broad goals, Executive Limitations, a hallmark of PGM, describe limits as to how the organization must meet those goals. They are a means by which a board controls the complexity and details of staff operations without involving itself in day-to-day management. The Carvers describe Executive Limitations as a form of proactive constraint.

For example, a board wants to ensure that its organization’s actions are prudent, so it will establish Executive Limitations proscribing what the board would consider imprudent. The CEO must manage within those limitations. A typical Executive Limitation under the category of fiscal oversight would be that the organization may not manage its finances without internal controls that have been approved by the organization’s board and auditor. Another finance-related Executive Limitation would be that the organization’s reserve fund may not be allowed to drop below the amount needed to pay fixed costs for sixty days without the express approval of the Board.

Executive Limitations establish the parameters within which the CEO must manage the organization. The board holds the CEO accountable for managing within the stated Limitations, but does not involve itself in the details of management. Thus, the board stays focused on governance while ensuring effective management of the organization.

The Executive Limitation policies will not cause the governing board nor the Chief Executive Officer to be out of compliance with any applicable laws or ADE rules governing the Exalt Academy of Southwest Little Rock’s board activities or school operations.

C-3 MISSION STATEMENT

The Mission Statement should be meaningful and indicate what the school intends to do, for whom, and to what degree.

Evaluation Criteria:

A response that meets the standard will present:

- A mission statement that is clear and succinct.

Meets the Standard

C-4 EDUCATIONAL NEED

The Educational Need section should explain the need for a charter school in the proposed location and the innovative educational option offered by the charter school.

Evaluation Criteria:

A response that meets the standard will present:

- A description of the educational need for the charter school substantiated with valid and reliable data, and
- A description of the innovations that would distinguish the charter from other schools.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Explain how the students will use technology

The Exalt Academy of Southwest Little Rock will have a fully networked, stationary computer lab. All staff members will be issued school laptop computers or a comparable device. Projectors and document cameras will be provided for every classroom so that teachers can deliver multimedia lessons. A wireless network will be installed that provides high-speed Internet access throughout the facility and networks with high-speed copier/printer/scanner machines. Once the Academy has grown to 3rd grade, a mobile computer lab will be added that can be moved from classroom to classroom. As the Academy grows from grades K-2 towards grades K-8, Smartboards may also be added. EASW's technology plan will support the following student functions:

- Students will use the computer lab on a regular basis in various subject areas as an integrated extension of classroom learning;
- Students will take the NWEA Measures of Academic Progress (MAP) electronically in the fall and spring as a pre- and post-test;
- Students will use document cameras and other means to develop and share their portfolios with their parents during student-led conferences; and
- Students will be asked to use classroom technology on a regular basis as an aide to instruction.

Teachers are encouraged to use the computer lab with their students on a regular basis. Teachers are required to integrate hands-on computer lessons into every Global Studies and Natural World Unit. Meeting the technology standards is part of the approval process for completing Global Studies and Natural World units. Students will use technology to facilitate learning, conduct research on assigned subjects, practice skills that require repetition for mastery, and/or to access electronic knowledge repositories.

To help facilitate the use of technology, EASW plans to contract with Wired!, Taleo Cloud Service, Illuminate, the Educators Handbook and other technology support services. EASW will also provide an approved, age-appropriate website list that teachers can have students explore. To ensure that students are using computers, EASW will provide approved lesson

units to teachers that integrate technology.

Teachers use classroom technology several times a day. Teachers also assign different students the opportunity to operate technology equipment on a regular basis. Every classroom has a job duty chart. Technology support is one of the jobs that students are assigned on a rotating basis.

C-5 EDUCATIONAL PROGRAM

The Educational Program section should describe the educational foundation of the school and the teaching and learning strategies that will be employed.

Evaluation Criteria:

A response that meets the standard will present:

- A clear description of the proposed educational program, including but not limited to the foundational educational philosophy and curricular and instructional strategies to be employed;
- Specific reasons that the school would be viable; and
- A description of the length of school day and school year that meets minimum state requirements.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Provide the schedules for all grade levels K-5, including the instructional time for each grade level.

Sample Daily Schedule for Grades K-5

The Exalt Academy of Southwest Little Rock will employ a co-teacher model in grades K-5. The first teacher arrives at 7:00 am and finishes her day by 3:30 pm. The second teacher arrives at 8:30 am and finishes her day by 5:00 pm. During the middle 7 hours of the day, teachers partner closely together to break student classes down into small groups, deliver instruction, and support each other with behavior management and other needs. During these periods, the average student-to-teacher ratio will be approximately 15-to-1, which is designed to provide students with the individualized attention that they need for optimal learning. A sample of the daily schedule is shown below.

| Time | Subject / Event | Co-Teacher 1 7:00 – 3:30 pm | Co-Teacher 2 8:30 – 5:00 pm | Minutes |
|------|--|---------------------------------|--------------------------------|---------|
| 7:00 | Breakfast | | | 25 min |
| 7:30 | Morning work/Calendar | Morning work/Calendar | | 30 min |

- Explain how the educational time exceeds the requirement of traditional public schools.

Traditional school programs typically last for a 7-hour school day. Exalt Academies operate for a nine-hour school day with an extended 200-day calendar year. The extended hours provide teachers with the time to help students learning at an accelerated pace and achieve mastery. Frequently, standards are not taught to mastery because there are so many standards that need to be covered that there is not enough time to address all of them fully. Our goal is to create a solid foundation of concepts, knowledge and skills that can be built upon for years to come.

- Explain if some students will be dismissed at 4:00 and how it will be determined who is dismissed at 4:00.

Our plan calls for all students at Exalt Academy of Southwest Little Rock to be dismissed at 4:30 pm.

- Describe the positive behavior support system that will be implemented.

In an effort to accomplish our mission, Exalt Academies is dedicated to implementing a positive and proactive behavior management plan. The behavior management plan is system-based and focused on the idea that appropriate behavior is a major aspect of academic success. This behavior management system is focused on creating and sustaining school-wide, classroom, and individual systems of support that improve lifestyle results for all of our students. This is accomplished by making desired behavior more efficient and acceptable to students and problem behavior less effective and less functional.

School wide and consistently we teach our students to be RESPONSIBLE, RESPECTFUL, SAFE and HARD WORKING. These four expectations are defined as:

1. RESPONSIBLE: We do what we are supposed to do; we follow through.
2. RESPECTFUL: We treat others as we would want to be treated.
3. SAFE: We are careful with our words, bodies, & choices.
4. HARDWORKING: We work with energy until the job is done.

We teach these expectations by setting and maintaining consistent and clear expectations for the entire student body. Attached is a behavior matrix that will be supported and taught to all students by the entire faculty and administrative team.

When expected behaviors are demonstrated, students are consistently rewarded and celebrated. This method is not consistent with what happens in many traditional schools. One simple example to illustrate this point is the practice of putting names on the board with check marks after the student's name. In a traditional school an educator would use names on the board for discipline. If a student broke a rule, their name would go on the board and that would be tied to some sort of consequence. Each additional check mark would then increase the severity of the consequence. In an Exalt school, a student's name would be on the board if a student did someone exemplary. Each additional check would go toward the reward the student was earning for his or her good conduct. We recognize and reward the behaviors that we want to see more of.

Supporting our universal expectations of responsible, respectful, safe and hardworking, we also have class wide expectations. We recognize there are many classroom expectations that will change throughout the day depending on the classroom activity the students are engaged in. To make sure we are explicit and consistent with our students, we use the CHAMPS behavior management board. Using this board sets student up to be successful, avoiding unwanted behavior before it happens.

C.H.A.M.P.S. is an acronym for the following:

- Conversation: Can students talk to each other during this activity/transition?
- Help: How can students ask questions during this activity? How do they get your attention?
- Activity: What is the task/objective of this activity? What is the expected end product?
- Movement: Can students move about during this activity? Can they sharpen their pencil?
- Participation: What does appropriate student work behavior for this activity look/sound like?

A C.H.A.M.P.S. board will be located in every student work area in the school. As expectations for our students change, the board will change; giving clear directions for what are students are to be doing during any given time. By answering these questions ahead of time for your students and setting explicate clear expectations for your students, you avoid many of the misbehaviors that can take away from the academic excellent environment Exalt academies is achieving with their students.

The third level of our positive behavior plan is our individual plan. We recognize that some students need more structure and feedback to shape their behavior. Those students will be place on positive incentive point cards. The teacher will score their behavior at the end of every class and the students will have the opportunity to earn a reward on a daily basis for staying on track. These students will have several check-ins throughout the day to make sure we are giving them the support they need to be successful.

- Provide the grade levels to be served by year with the maximum enrollment for each year. Information in the General Information Section indicates that K-3 will be served in Year 1, but other sections of the application indicate that K-2 will be served in Year 1.

Below, the chart illustrates the grade levels that the Exalt Academy of Southwest Little Rock plans to enroll by year. To allow for the school to be fully enrolled – which ensures financial stability – EASW’s founders are requesting some flexibility in enrolling students, especially during the first couple of years.

| Grade | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 |
|-------|------------|------------|------------|------------|------------|
| K | 50 | 50 | 50 | 50 | 50 |
| 1 | 65 | 65 | 65 | 65 | 65 |
| 2 | 65 | 65 | 65 | 65 | 65 |
| 3 | | 60 | 60 | 60 | 60 |
| 4 | | | 60 | 60 | 60 |
| 5 | | | | 60 | 60 |
| 6 | | | | | 60 |
| 7 | | | | | |
| 8 | | | | | |
| | 180 | 240 | 300 | 360 | 420 |

- Confirm the understanding that every digital course must be offered from a provider approved by the Arkansas Department of Education and must meet or exceed curriculum standards and requirements established by the Arkansas State Board of Education in accordance with all laws, rules, and procedures promulgated to ensure access to quality digital learning content and online blended learning.

EASW will offer a digital course from a provider approved by the Arkansas Department of Education and will meet or exceed the standards and requirements established by the Arkansas State Board of Education in accordance with laws, rules and procedures promulgated to ensure access to quality digital learning content and online blended learning.

C-6: ACADEMIC ACHIEVEMENT GOALS

The Academic Achievement Goals section should define the performance expectations for students and the school as whole.

Evaluation Criteria:

A response that meets the standard will present:

- Specific goals in:
 - Reading;
 - Reading Comprehension;
 - Mathematics; and
 - Mathematics Reasoning;
- Goals that are clear, measurable and data-driven;
- Goals on improving student achievement; and
- Valid and reliable assessment tools for measuring each of the defined goals.

Partially Meets the Standard

Concerns and Additional Questions:

- Provide the specific school year by which the charter will be expected to have an achieving designation based on academic performance on state-mandated assessments.

This question cuts at the heart of a problem that the leadership of the Exalt Academy of Southwest sought to resolve in formulating the achievement goals presented in the charter application. Some background information is necessary to explain this problem.

First, the founders of the Exalt Academy of Southwest Little Rock embrace the Arkansas Department of Education's commitment to excellence in public education for all students. When determining how to set performance goals for the charter application, members of our leadership team have consulted with members of the Public School Accountability Division at the Arkansas Department of Education (ADE). **We worked hard to set charter performance goals that will stand the test of time and guide the development of an excellent academic institution, not just become obsolete within 12-24 months after the charter is awarded.**

When formulating the goals, three factors prevented us from being able to be too specific:

- Unique Nature of Student Population: We expect that EASW will enroll a high concentration of high-poverty students from the neighborhoods immediately around the facility that we have identified in Southwest Little Rock. Last year, 84 percent of the students at Little Rock Preparatory Academy, another school managed by Exalt Education, qualified for the Federal Free and Reduced Lunch Program and nearly 100 percent were minority. With the target population, the focus is on sustaining strong student achievement gains over time versus operating under the assumption that students will arrive already scoring at high levels.
- Transition to Common Core and PARCC: This year, public schools in Arkansas are required to align with both the Arkansas Learning Standards and the Common Core Standards. The State of Arkansas is continuing to administer the ACTAAP assessments. For the 2014-2015 year, the State of Arkansas is expecting to adopt the Common Core Standards fully and implement the PARCC assessments. When these standards and assessments are implemented, they are likely to have a very significant impact on the performance of public schools statewide, which may cause

adjustments in the AMO performance measures and school designations.

- **ESEA Waiver:** This year, the state of Arkansas is implementing a public school performance evaluation system that was put in place under a waiver from the requirements of the Federal Elementary and Secondary Education Act. This waiver is being continued year-by-year, but it is difficult to know what the future will hold as the Federal government moves towards ESEA reauthorization.

Because of these factors, it is not possible to predict exactly which years the Exalt Academy of Southwest Little Rock would be able to reach an “Achieving” designation or an “Exemplary” designation under the State’s current AMO-based designation system.

So, in formulating our goals, we resolved this problem by taking a four-pronged approach:

1. **Focus on Strong Student Achievement Gains Over Time:** First, we committed to enabling our students to make strong student achievement gains over time. Such a value-added emphasis will be essential in moving students who frequently score in the lowest bands of proficiency at the time of enrollment (“Below Basic” or “Basic”) to the highest bands of proficiency by the time they exit from the Academy (“Proficient” or “Advanced”).
2. **Use of Second Highly Valid-and-Reliable Assessment:** Second, EASW’s leadership committed to administering the NWEA Measures of Academic Progress (MAP), which is already aligned with the Common Core Standards, in all years of the charter term. The MAP provides a second valid-and-reliable, nationally normed means of assessing student achievement relative to peers nationally. The use of the MAP also gives an indication of how effectively students are learning against the Common Core Standards and Arkansas Learning Standards.
3. **Strong Performance Relative to Comparison Groups:** Third, we committed to enabling successive cohorts of students to move from achieving among the lowest performing students in the state upon arrival to surpassing the average of the surrounding district in 5th grade to surpassing the average of the surrounding state when they leave us in 8th grade. Whether or not we are accomplishing this goal should be measurable regardless of whether the PARCC or the ACTAAP is in place.
4. **Exit Standards:** Finally, our goal is for EASW’s graduating students to matriculate into college- preparatory programs at public high schools in Little Rock after they graduate from 8th grade. So we set rigorous exit standards because, even though we are starting with students at a young age, we intend to realize our mission of strengthening public education by placing our students into area public high schools so that they can move onto public colleges and universities.

We believe that it is this framework of performance goals and specific emphasis on enabling our students to make rigorous value-added gains over time that makes our application strong. By giving our students more runway and providing them with more learning time, we are enabling them to catch up to their more affluent peers when they would simply fall further and further behind in most general- purpose public schools.

- Provide the specific school year by which the charter will be expected to have an exemplary designation based on academic performance on state-mandated assessments.

Please see the response to the first question above.

- Define the term “returning student.”

A “returning student” is a student who will have returned to the Exalt Academy of Southwest Little Rock for a new year after having been enrolled the previous year. This student is able to take the state tests two or more times while being enrolled at the Academy. Examining the performance of returning students is important because it serves as a measure of the value-added gains that EASW is enabling students to make while they are continuously enrolled.

- If it is a goal to have students performing at proficient and advanced levels before eighth grade graduation, define “vast majority.”

The word “majority” refers to 51 percent. The word “vast” means very great in size or amount, especially in extent or range. The terms “vast majority” were used in the application to mean far more than a majority. A specific number could not be stipulated because EASW does not know exactly what the state tests will look like by the time it has its first 8th grade graduating class. Elsewhere in the section, EASW committed that, on average, more students in successive classes of 8th graders would achieve proficient than the state-wide average. EASW’s leadership believes that this standard is rigorous considering that EASW would be serving a region where surrounding elementary and middle schools have been among the lowest performing in the state for many years.

- Explain the specific percentage of students that, by their fifth grade year, must score higher in all tested subjects than students in the surrounding districts to demonstrate “impressive performance relative to surrounding districts.”

The section in question states: “By the spring of their 5th grade year, a higher percentage of students at the EASW will achieve proficient or advanced in all tested subjects than the average among students in surrounding school districts. By surpassing the county average in the 5th grade year, classes of students will demonstrate that they have eliminated the skill gap between a public school that will serve a high concentration of low-income students and the average among all public schools county-wide.” It is not possible to elaborate on the percentages that are requested with greater specificity because they are referring to a future period four years after EASW opens. The particular percentages will not be known until the Exalt Academy of Southwest Little Rock has a 5th grade class that can be tested and the surrounding districts have comparable 5th grade classes to be tested.

- State the school districts that will be considered “surrounding districts” for the purposes of this goal.

The Exalt Academy of Southwest Little Rock will be surrounded by the Little Rock School District on all sides and will focus its recruitment efforts on enrolling students from within LRSD. Thus, the Little Rock School District is the surrounding district. The Exalt Academy of

Southwest Little Rock does not expect to enroll a significant number of students from the Pulaski County Special School District. However, if the Academy were to unexpectedly enroll a significant number of students from PCSSD, the surrounding districts would then include the Little Rock School District and the Pulaski County Special School District.

- Confirm the understanding that if the charter is approved and begins with K-2 or K-3 and adds one grade per year, data on eighth grade students will not be available when the charter comes up for renewal in its fifth year of operation.

Under the proposed expansion scenario, the Exalt Academy of Southwest Little Rock would serve: 180 students in grades K-2 in year 1, 240 students in grades K-3 in year 2, 300 students in grades K-4 in year 3, 360 students in grades K-5 in year 4, and 420 students in grades K-6 in year 5. So, in the fifth year of the charter term, the Exalt Academy is projected to serve 420 students in grades K-6. The charter application sets forth measurable goals for 8th grade students because setting measurable exit standards and preparing students for 8th grade graduation is important in clearly defining the institution's goals.

- Define "returning student" in relationship to NWEA measures of academic progress.

A "returning student" is a student who will have returned to the Exalt Academy of Southwest Little Rock for a new year after having been enrolled the previous year. This student is able to take the NWEA MAP tests two or more times while being enrolled at the Academy. Examining the performance of returning students is important because it serves as a measure of the value-added gains that EASW is enabling students to make while they are continuously enrolled.

- Confirm the understanding, that during the first year of operation, the charter's annual measurable objectives (AMOs) will be based on the state AMOs, and that in following years, the charter's AMOs will be based upon the academic performance of the students who attend the charter.

The charter school's AMOs would be based on the state AMOs in its first year. After year one, which is the baseline year, it is our understanding that the AMOs would be based upon the school's student performance.

C7: CURRICULUM DEVELOPMENT AND ALIGNMENT

The Curriculum Development and Alignment section should define the process by which the design team developed (or chose) the curricular program of the school and illustrate alignment with Arkansas Curriculum Frameworks and Common Core State Standards.

Evaluation Criteria:

A response that meets the standard of a curricular development and alignment program will present:

- Evidence that the curriculum aligns with, or a sound plan and timeline for aligning the curriculum with, the Arkansas Department of Education's content standards, benchmarks and performance standards.
- Evidence that the applicant is prepared to implement the requirements and timeframe of the Common Core State Standards.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Provide the complete K-8 curriculum that is being used to support the support of the Little Rock Preparatory Academy.

The complete K-8 curriculum is attached that supports Little Rock Preparatory Academy.

- Provide details about the “monthly bench mark electronic system.”

Exalt has implemented Illuminate, which is a formative assessment system that allows for student achievement gains to be evaluated or “benchmarked” up to 12 times annually. The Illuminate formative assessment system is aligned with Common Core standards and administered to all students in grades K-8 in literacy and mathematics.

C-8: STUDENT SERVICES

The Student Services section should describe how the school will address specific services for its student body.

Evaluation Criteria:

A response that meets the standard will describe the ways in which the following services will be provided to students even in those areas for which a waiver is requested:

- A guidance program that will serve all students;
- A health services program that will serve all students;
- A plan for a media center for use by all students;
- Sound plans for educating special education students that reflect the full range of programs and services required to provide such students with a high quality education;
- A transportation plan that will serve all **eligible** students;
- An alternative education plan for eligible students, including those determined to be at-risk and to offer access to one or more approved Alternative Learning Environments;
- A plan to serve students who are English language learners; and
- Plans for offering access to one or more approved Alternative Learning Environments; and
- Plans for a gifted and talented program for eligible students.

Partially Meets the Standard

Concerns and Additional Questions:

Health Services

- Explain how the charter will comply with health and safety services outlined in 16.03 of the Arkansas Department of Education Rules Governing Standards for Accreditation.

EASW will request a waiver from Arkansas Department of Education Rules Governing Standards for Accreditation 16.03

Media Center Services

- Explain how the charter will provide for utilizing printed material beyond what is available at the school.
- Confirm that waivers of media center requirements are requested as they were not mentioned in the waiver section of the application.

EASW will establish a relationship with the Dee Brown Library, a part of the Central Arkansas Library System, which is located in the heart of southwest Little Rock, to enable our students the opportunity to access a wider variety of printed material beyond what is available at the school.

Special Education Services

- Include the Director of Learner Supports in the budget.
- Confirm that understanding that it cannot be predetermined that students with an IEP will be served in the general program with differentiated instruction and that the charter will be prepared to offer a full continuum of special education services to meet the needs of any student who may enroll.

The Director of Learner Supports is included in the budget under the Special Education section. The expected salary for the Director of Learner Supports is \$40,000.00 for 2014-15 and \$41,200.00 for 2015-16.

It is understood that students with an IEP may not be able to be served in the general program and EASW will be prepared to offer a full continuum of special education services to meet the needs of any student who may enroll.

Transportation Services

- Confirm the understanding that transportation will be provided when a student's IEP indicates that transportation should be provided.
- Revise this section to focus exclusively on transportation services to be provided at Exalt Academy of Southwest Little Rock.

Although EASW will provide transportation in the event that a student's IEP indicate that transportation should be provided under the terms of the IEP.

Alternative Education Services

- Confirm that waivers will be requested for alternative education as they were not mentioned in the waiver section of the application.

EASW will request a waiver for Alternative Education Services.

English Language Learner Services

- Explain why there is no budget for the English language learner program

EASW will incorporate ELL services into the general classroom. EASW will make a concerted effort to hire bi-lingual teachers and to train teachers on how to work with ELL students in the classroom to keep them in the general population.

Gifted and Talented Services

- Explain how gifted and talented students will be identified.

EASW will use SRA Direct Instruction, which tests each student and places them at their academic level. This enables them to advance only when they have completely learned the subject matter. Students are tested frequently. This method enables those who are gifted and talented to move ahead to more challenging work.

- Explain which teachers will serve gifted and talented students and describe specific training that the teachers will receive in meeting the needs of gifted and talented students.

Teachers will be provided with feedback on how each of their groups are progressing via Illuminate formative assessments. They will be able to use the data to customize lesson plans so that they meet students where they are. Those students who are exceeding the expected norms can then receive customized lessons that meet their needs.

- Explain how the social and emotional needs of gifted and talented students will be met.

EASW's gifted and talented students will receive constant feedback on their progress and be encouraged to work at the academic levels at which they can be successful and continue growing and achieving. Students will experience success because they will receive instruction that is differentiated to their performance level. Between that experience of academic success and EASW's positive behavior reinforcement program, their social and emotional needs will be met.

C-9: GEOGRAPHICAL SERVICE AREA

The Geographical Service Area section must outline the impact of a new school opening within the current public education system.

Evaluation Criteria:

A response that meets the standard will present:

- The specific geographical area that would be served by the charter school; and
- Information on the school districts likely to be affected by charter school, including data on the expected number of students to transfer to the charter school.

Meets the Standard

C-10: ANNUAL PROGRESS REPORTS

The Annual Progress Reports section should define how the academic progress of individual students and the school as a whole will be measured, analyzed, and reported.

Evaluation Criteria:

A response that meets the standard will present:

- A timeline for data compilation and completion of an annual report to parents, the community and the Charter Authorizing Panel that outlines the school's progress; and
- A plan for dissemination of the annual report to appropriate stakeholders.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Revise to state that the fiscal year will be July 1-June 30.

The fiscal year will run from July 1st to June 30th.

- Confirm that the charter will prepare an annual report and hold the meeting in compliance with the requirements outlined in Standard LL of the Arkansas Department of Education Rules Governing Standards for Accreditation.

The Exalt Academy of Southwest Little Rock will prepare an annual report and hold the public meeting in compliance with the requirements outlined in Standard II of the Arkansas Department of Education Rules Governing Standards for Accreditation.

C-11: ENROLLMENT CRITERIA AND PROCEDURES

The Enrollment Criteria and Procedures section should describe how the school will attract and enroll its student body, including any criteria for admission and enrollment. Applicants must also provide assurances for a random, anonymous lottery selection process. **Evaluation Criteria:**

A response that meets the standard will present:

- A student recruitment plan that will provide equal opportunity for all parents and students to learn about and apply to the school;
An enrollment and admissions process that is open, fair, and in accordance with applicable law; and
- A process for, and a guarantee of, a random, anonymous lottery process should there be more student applications than can be accommodated under the terms of the charter.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Remove the statement that all students who meet legal age requirements applicable to a particular grade level will be eligible for enrollment as, other than the legal age to begin kindergarten, there are no legal ages for specific grade levels.

The statement has been amended as requested.

- Confirm that Family Educational Rights and Privacy Act (FERPA) rules will be upheld when attempting to contact parents of children in Head Start centers, childcare centers preschools and community centers about the charter school.

The Exalt Academy of Southwest Little Rock will be diligent in following the Family Educational Rights and Privacy Act (FERPA) rules in all aspects of its programs and activities including student recruitment and enrollment.

C-12: STAFFING PLAN

The Staffing Plan section should describe the job duties of the school director and other key personnel. This section should also describe the professional qualifications which will be required of employees.

Evaluation Criteria:

A response that meets the standard will present:

- A job description for the school director and other key personnel, including but not limited to an operations director, board members, teachers, etc.;
- An outline of the professional qualifications required for administrators, teachers, counselors, etc.;
- A staffing plan that clearly outlines both the types and numbers of positions to be filled at the school and salary scales for such positions, and
- The staffing plan presented in this section matches the staff members noted in the budget.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Provide the educational qualifications that will be required of the following:
 - Principal;
 - Business manager;
 - Community outreach coordinator;
 - Office manager;
 - Dean of students;
 - Director of Learner supports; and
 - Teachers, including lead teachers.

The educational qualifications for each position expected to be filled for EASW are as follows:

- Principal – Master’s Degree in Education or Education Administration
- Business Manager – Bachelor of Business Administration in Accounting, Finance, or related field.
- Community outreach coordinator – Bachelor’s Degree (Marketing, General Business, etc.)
- Office manager – Bachelor’s Degree (business)
- Dean of Students – Master’s Degree in Education or Education Administration
- Director of Learner supports – Master’s Degree in Education and certification in special education
- Teachers, including lead teachers – Bachelor’s Degree

C-13: BUSINESS AND BUDGETING PLAN

The Business and Budgeting Plan section should describe how the charter school will organize its business office and manage its fiscal responsibilities.

Evaluation Criteria:

A response that meets the standard will present:

- An appropriate plan for managing procurement activities;
- A description of the personnel who will perform business duties, including the requisite qualifications of any proposed personnel;
- A realistic timeline and process by which the governance structure will review and adopt an annual budget;
- A balanced two-year budget estimate that accurately reflects the revenue currently available to the school and expenditures for program implementation and does not rely on one-time grants or other funds that are not presently guaranteed, and
- A budget that includes costs for all personnel, programs, and expenses described in other sections of the application.

Partially Meets the Standard

Concerns and Additional Questions:

- Explain how the management fees are calculated

Exalt management fees are calculated on the following formula: Equivalent to 15% of (State Funding+NSLA Funding+Professional Development Funding+Child Nutrition Reimbursement+Title 1 Funding+Title IIA Funding)

- Provide information on the vendor and services for \$5,000 in regular classroom instruction

EASW's management will meet all regulatory requirements in soliciting and administering a competitive bidding process for determination of vendors. The \$5,000 in regular classroom instruction will be used for a Performance Coordinator to provide regular testing and performance evaluation so that the instruction can be adjusted as needed.

- Provide the vendors and services for special education services at \$69,000 in 2014-2015 and \$75,000 in 2015-2016

EASW's management will meet all regulatory requirements in soliciting and administering a competitive bidding process for determination of vendors. EASW plans to use the services of the Special Education Charter School Consortium, Pediatrics Plus and KidsSource to provide the necessary services for our special education students.

- Provide the vendors and services for fiscal services at \$12,000 in 2014-2015 and \$14,000 in 2015-2016.

EASW's management will meet all regulatory requirements in soliciting and administering a competitive bidding process for determination of vendors. EASW plans to use the services of an alarm company for security at the new school site. In addition, we will use the services of a technical support company, such as Wired!, to support the electronic needs of the campus.

- Provide the vendors and services for maintenance and operations at \$7,000 in 2014-2015 and \$8,000 in 2015-2016.

Maintenance and operations needs will include utilities not covered in the lease, plumbers and electricians as needed for general repairs and the services of a pest control service such as Bugman.

- Provide the vendors and services for data processing at \$16,800 in 2014-2015 and \$17,500 in 2015-2016.

EASW will engage with a local company such as Xerox to lease to own copy/fax/scanning machines for data processing and duplication needs. In addition, we will use companies such as Office Depot for mass production of handbooks, and other such materials.

- Revise the budget to reflect the number of students expected to qualify for free and reduced price lunches as 100% of the students are listed with the amount per student to be used when 70%-89% of the students qualify.

EASW is estimating that our free and reduced population will be around 83%. In light of that, we have adjusted our NSLA funding to reflect such: \$153,917 in FY2014-2015 and \$205,567 in FY2015-2016. We understand that this reduction in budgeted income will reduce the projected surplus in the budget and have looked at areas that we can possibly reduce to keep the revenue over expenditure ratios relatively the same.

C-14: FINANCIAL AND PROGRAMMATIC AUDIT PLAN

The Financial and Programmatic Audit Plan section should provide the procedure and timeline by which an annual audit will be conducted. This section should also include an outline for the information that will need to be reported to ADE and the community.

Evaluation Criteria:

A response that meets the standard will present:

- A sound plan for annually auditing school’s financial and programmatic operations. If the application names an accountant other than the Division of Legislative Audit to perform the first-year audit, the named accountant meets the requirements of Arkansas Department of Education Rules Governing Publicly Funded Educational Institution Audit Requirements and is not listed on any ineligibility list maintained by ADE or the Division of Legislative Audit.

Meets the Standard

Concerns and Additional Questions:

- Clarify where the audit expenditure is budgeted.

An additional expense for the annual audit in the amount of \$10,000 per year is hereby included in Fiscal Services section of the budget.

C-15: ARKANSAS PUBLIC SCHOOL COMPUTER NETWORK ASSURANCES The Arkansas Public School Computer Network (APSCN) Assurances section should provide documentation of the applicant’s understanding of and participation in the required state finance and educational data reporting system.

Evaluation Criteria:

A response that meets the standard will present:

- Assurance that the charter school will participate in APSCN and will comply with all state statutory requirements regarding the APSCN finance and educational data reporting system.

Meets the Standard

C-16: FACILITIES

The Facilities section should identify and describe the facilities to be used by the school, any changes to be made to the facilities, and the owners of the facilities.

Evaluation Criteria:

A response that meets the standard will present:

- An identified facility appropriate to meet the needs of the school over the term of its charter;
- A realistic plan for remodeling or adapting a facility, if necessary, to ensure that it is appropriate and adequate for the school’s program, the school’s targeted population, and the public;
- Evidence that the school understands the costs of securing and improving a facility and has access to the necessary resources to fund the facility plan; and
- A sound plan for continued operation, maintenance, and repair of the facility.

For schools that will be using district-owned facilities, a response that meets the standard will present:

- Documentation that the school district and charter school officials are in agreement over the use of the facility and its equipment.

For schools that will NOT be using district-owned facilities, a response that meets the standard will present:

- Documentation that the property owner and school are in agreement over the use of the facility and its equipment;
- A statement of the facilities' compliance with applicable codes; and
- A detailed outline of any relationships between the property owner and:
 - Members of the local board of the public school district where the charter school will be located;
 - The employees of the public school district where the charter school will be located;
 - The sponsor of the charter school; and
 - Employees, directors and/or administrators of the charter school.

Partially Meets the Standard

Concerns and Additional Questions:

- Explain why \$60,000 is budgeted for 2014-2015 and 2015-2016 for a lease/purchase contract for the facilities when the Facilities Utilization Agreement states that 4,173 square feet will be leased at \$2.50 per square feet. The cost indicated by the Facilities Utilization Agreement is \$10,432.50 although it does state if that is a monthly fee or annual fee. The budget and the Facilities Utilization Agreement must be revised to be consistent, and the Facilities Utilization Agreement must state if the fee is an annual fee or a monthly fee.

The cost of \$2.50 per square foot that is stated in the Facilities Utilization Agreement is reflective of an annual fee. The Academy would occupy 4,173 square feet of dedicated classroom space, but the budgeted amount also reflects the fact that the Academy would need to have additional office space and common space, including a gymnasium, kitchen, cafeteria and library.

So the \$60,000 amount that was budgeted reflects a conservative approach understanding that there are still significant unknowns related to the facility's condition and needs to prepare for opening. Without a negotiated lease, EASW's leadership determined that it would be better to overestimate the expense than not to budget enough.

If EASW is able to procure the anticipated space, it would have the option of leasing up to 16,000 square feet depending upon the amount needed to provide adequate educational space. Leasing 16,000 square feet would require a budgeted amount of \$40,000 for both 2014-15 and 2015-16. The budget can be changed in both academic years to reflect this amount.

- Provide the items, with projected costs, that need to be addressed to bring the facility into compliance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) "and all other state and federal laws and local zoning ordinances" as \$200,000 is budgeted for outfitting the facility for school use.

We have completed a walk-through of the proposed facility. We have spoken with former tenants. After having these conversations, we feel confident that the facility is ADA and IDEA compliant.

- Explain why \$200,000 is needed to outfit the facility for school use with the amenities

described.

The facility is vacant. As such, funding is needed for a wide variety of items, including but not limited to classroom and office furnishings, equipment and materials, classroom wall hangings decorations, indoor and outdoor signage, technology equipment and materials, and other teaching-and-learning resources.

- Beginning on Line 223 of the budget expenditures, list the items with costs for outfitting the facility for school use.

At this time, we cannot detail by line item the exact items for outfitting the facility as we have not procured the facility and had an architect or engineer present us with the costs and plans to prepare the facility for instructional use. We are basing the amount budgeted on a good faith judgment of past experience.

C-17: CONFLICTS OF INTEREST

The Conflicts of Interest section should identify any potential conflicts of interest among the individuals involved with the proposed charter school and explain how conflicts will be addressed.

Evaluation Criteria:

A response that meets the standard will present full disclosure of any potential conflicts of interest and explain how conflicts, if any, will be addressed.

Meets the Standard

C18: FOOD SERVICES

This section should describe how the school will address food services for its student body.

Evaluation Criteria:

A response that meets the standard will present:

- A food service plan that will serve all eligible students
- A management plan that reflects a clear understanding of federal law and requirements if the charter school plans to participate in the National School Lunch program.

Partially Meets the Standard

Concerns and Additional Questions:

- Remove the statement that that all families will complete a meal application as part of enrollment registration process as this cannot be required per federal law.

The statement is hereby removed.

- Explain how the charter will procure a food service vendor.

Method of Procurement

The Exalt Academy of Southwest Little Rock will coordinate closely with the Child Nutrition Unit at the Arkansas Department of Education to arrange for food service, procure a state-approved vendor, and secure eligible funding reimbursements. This process will assure open and free competition for providing meals. The following steps will be taken:

1. Contact the Child Nutrition Unit of the Arkansas Department of Education
2. Request materials needed to participate in the Child Nutrition Program, including

- lunch, breakfast, and afterschool snack
 - 3. Follow Child Nutrition Program guidelines in soliciting bids and evaluating state approved food service vendors
 - 4. Negotiate a food service contract using the state-approved Model for Vended Meals Contract
 - 5. Obtain, complete and return an application packet to allow for approval and reimbursement of meals including:
 - a. An agreement between the LEA and the ADE
 - b. A policy statement concerning Free & Reduced Lunch Meals
 - c. A questionnaire in compliance of the Civil Rights Act of 1964
 - d. Verification of a commodity agreement with the Arkansas Department of Human Services Commodity Section
 - 6. Include additional documentation with the application packet:
 - a. IRS non-profit status
 - b. Description of meal service including:
 - i. Specific meal programs
 - ii. Service periods for offered programs
 - iii. Projected number of serving days in school year
 - iv. Projected average daily participation
 - v. Projected percentage of Free & Reduced Lunch Eligible students
 - 7. Return the completed documentation detailed above by May 15th of the year prior to service or a different date set by the Child Nutrition Unit
- Remove the statement that ADE will approve the food service vendor.

The statement is hereby removed. The food service vendor will be selected through the bidding process.

- Confirm that the charter will follow federal procurement requirements using open and free competition when selecting a food service vendor.

The Exalt Academy of Southwest Little Rock will follow federal procurement requirements using open and free competition when selecting a food service vendor.

C19: PARENTAL INVOLVEMENT

The Parental Involvement section should describe how parents or guardians of enrolled students, the school employees, and other members of the community will make a positive impact on the school and its educational program.

Evaluation Criteria:

A response that meets the standard will present:

- A plan for involving parents and guardians in the school's education programs; and
- A proposal that involves the parents of students, employees and the broader community in carrying out the terms of the charter.

Meets the Standard

C-20: WAIVERS

The Waivers section should discuss all waivers requested from local or state law.

Evaluation Criteria:

A response that meets the standard will present:

- Each law, rule, and standard by title, number, and description for which a waiver

is requested;

- A rationale for each waiver request; and
- An explanation of the way that each waiver would assist in implementing the educational program of the charter and/or fulfilling the charter's mission.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Legal Comments:

Standard 20 Waivers: Partially Meets Standard

Requested Waivers:

- **Ark. Code Ann. § 6-16-102 School Day Hours**
 - The applicant should explain why this waiver is necessary. Based on the application, it appears the proposed charter school would provide at least six hours of instructional time per day.

Waivers Not Requested:

- **Ark. Code Ann. § 6-17-2201 et seq. Classified Employees Minimum Salary Act and Ark. Code Ann. § 6-17-2301 et seq. Classified Personnel Policies and Committees**
 - In order to effectuate this waiver, the applicant should request a waiver of Sections 5 and 8 of ADE Rules Governing School District Requirements for Personnel Policies, Salary Schedules, Minimum Salaries, and Documents Posted to District Websites.
 - It does not appear that the applicant requested a waiver of minimum compensation and personnel policies for licensed employees. The applicant should confirm its intention to abide by all statutes and rules regarding compensation and personnel policies of licensed employees.
- **Gifted and Talented**
 - The applicant requested a waiver of gifted and talented services. In order to effectuate this waiver, the applicant should also request a waiver of Ark. Code Ann. § 6-20-2208(c)(6).
- **Media Services**
 - The application indicates a waiver will be requested for library media services. This waiver is not indicated in the waiver section of the application. The applicant should either confirm its intended compliance with all statutes and rules governing library media services or request the appropriate waivers.
- **ALE**
 - The budget does not include any expenditures for Alternative Learning Environments, but the applicant has not requested a waiver of the statutes and rules governing ALEs.
- **School Nurses**
 - The budget does not include any expenditures for health services, but the applicant has not requested a waiver of the school nurse statute.

Exalt Academy of Southwest Little Rock Charter School Response to ADE Review
Comments Standard 20—Waivers

Waivers Not Requested:

Ark. Code Ann. §6-17-2201 et seq. Classified Employees Minimum Salary Act and

Ark. Code Ann. §6-17-2301 et Seq. Classified Personnel Policies and Committees:

- a) The applicant wishes to clarify and fully effectuate the above, previously requested waiver by additionally requesting a waiver of Sections 5 and 8 of the ADE Rules Governing School District Requirements for Personnel Policies, Salary Schedules, Minimum Salaries, and Documents Posted to District Websites.
- b) The applicant wishes to clarify its application concerning minimum compensation and personnel policies for licensed employees by requesting a waiver of Ark. Code Ann. §6-17-201 et seq. (concerning licensed employees personnel policies); §6-17-2401 et seq. (concerning licensed employees minimum compensation), and Sections 6, 7, and 8 of the ADE Rules Governing School District Requirements for Personnel Policies, Salary Schedules, Minimum Salaries, and Documents Posted to District Websites.

Gifted and Talented:

The applicant wishes to clarify and fully effectuate the above, previously requested waiver by additionally requesting a waiver of Ark. Code Ann. §6-20-2208(c)(6).

Media Services

The applicant wishes to clarify its application concerning library media services by requesting a waiver of Ark. Code Ann. §§6-25-103 and 104 and Section 16.02.3 of the ADE Rules Governing the Standards for Accreditation.

ALE

The applicant wishes to clarify its application concerning alternative learning environments by requesting a waiver of Ark. Code Ann. §§6-15-1005 (b)(5), 6-18-503(a)(1)(C)(i), and 6-48-101 et seq.; Section 19.03 of the ADE Rules Governing Standards for Accreditation, and Section 4.00 of the ADE Rules Governing the Distribution of Student Special Needs Funds.

School Nurses

The applicant wishes to clarify its application concerning school nurse services by requesting a waiver of Ark. Code Ann. § 6-18-706 and 6-18-1001 et seq.; Section 16.03 of the ADE Rules Governing the Standards for Accreditation, and the ADE Rules Governing Public School Student Services.

C-21: DESEGREGATION

ASSURANCES

The Desegregation Assurances section should describe the applicant's understanding of applicable statutory and regulatory obligations to create and maintain a unitary system of desegregated public schools.

Evaluation Criteria:

A response that meets the standard will present:

- Assurance that the charter school will comply with all applicable federal and state statutory and regulatory requirements regarding the creation and maintenance of desegregated public schools; and
- An outline of the potential impact of the proposed charter school on those desegregation efforts already in place in affected public school districts.

Meets the Standard

C-22: SUSTAINABILITY OF THE PROGRAM

The Sustainability section should describe the applicants' plan to ensure continued success of the charter school over time.

Evaluation Criteria:

A response that meets the standard will present:

- The names, experience, and qualifications of the individuals responsible for the application; and
- The plan to ensure the sustainability of the charter in the future.

Partially Meets the Standard - MEETS THE STANDARD (BASED ON RESPONSE)

Concerns and Additional Questions:

- Explain what the founders are doing or will do to ensure the success of the charter school when others are in leadership roles.

The Founders are Benjamin J. Lindquist, Tina Long and Freddie Scott. All three serve in leadership roles with Exalt Education, an Arkansas non-profit organization that is the sponsoring entity for the Exalt Academy of Southwest Little Rock. The Founders are building the Exalt Education network in order to ensure the continuous improvement and success of all member schools over time.

Exalt Education was incorporated as an Arkansas non-profit corporation in 2011. If the charter application is approved, the Exalt Academy of Southwest Little Rock would be the first public charter school that Exalt Education has had the opportunity to start from scratch as a member school. As such, the students at EASW would be the full beneficiaries of the expertise, resources and support that Exalt has assembled over the past 2 years.

Membership in the Exalt Education network provides the following advantages, all of which would contribute to EASW's success and sustainability:

1. Leadership development: The purpose of the Exalt Education teaching-and-learning network is to build a network of dedicated educators who are dedicated and equipped to serve children who grow up in poverty conditions. We cannot be successful in achieving this central objective if we cannot recruit and develop a strong cross-section of leaders. These leaders must be able to serve many more children than would be possible if it were just up to our founders. Some leaders will remain with our network; others will leave or will never lead member schools. We want to embrace, develop and support all educators who seek to serve low-income children and families.

2. Mission clarity and dedication: Exalt Education has a crystal-clear mission. We are uncompromising in our dedication to this mission. This mission commitment and vigilance is central to our work.
3. Shared organizational values: Exalt Education has developed organizational values that inform everything that we do. These organizational values are shared with all teachers and administrators who join the network and viewed as a touchstone that guides our direction.
4. Core ethic of continuous improvement: Exalt's success hinges on realizing the potential of every student, educator and school through continuous improvement. Students from low-income homes typically have cognitive, behavior and academic deficiencies relative to their more affluent peers. It is only by acknowledging that students start at a low achievement level and fueling an ethic of continuous improvement that we can build a program that enables them to achieve their greatest potential. All members of the network must have this ethic in how we function, not just in our view of our students but in our view of ourselves as dedicated educators.
5. Startup assistance, resources and capacity: Increasingly, Exalt is equipped with the central support group, financial resources, and organizational capacity to fulfill our mission. We must be able to provide considerable resources understanding that individual educators and schools who seek to serve low-income children must have access to a continuum of tools and supports.
6. Real estate acquisition, negotiation and financing capacity: Exalt has the expertise to manage facilities acquisition, negotiation and financing, which is lacking among many independent founders who seek to start schools.
7. Managerial training, development and support: Exalt's leadership has developed the tools, frameworks and practices to support effective team-based management of schools.
8. Human resources and professional development support: Exalt's management has developed the job descriptions, staffing charts, human resource systems, and professional development offerings to support the effective management of teachers and administrators.
9. Financial management: Exalt's leadership believes in operating schools on limited public revenues and startup capital. The first three campuses in the network provide students with over 35% more learning time each year on 40% less than the average per pupil expenditure nationally. In Arkansas, Exalt-managed schools operate on approximately \$7,200 per pupil compared to a national average of approximately \$10,600.
10. Performance management: Exalt has invested heavily in putting in place the infrastructure to manage performance, including such leading systems as Illuminate, the NWEA Measures of Academic Progress, and Reading Mastery.
11. Compliance reporting assistance: Many charter schools struggle with public reporting, including authorizer, state and federal regulations, rules and policies. Exalt's team assists schools with compliance reporting.

12. Access to financial support: Exalt views itself as a last-resort source of funding in the event that the schools it manages experience unforeseen funding difficulties or shortfalls. As government agencies seek to recover from a major recession, there are numerous shortages and gaps in funding. Exalt helps its schools thrive in the face of a challenging fiscal climate.
13. Membership in a Professional Learning Community: Serving low-income children and families is an extremely challenging endeavor. Exalt actively facilitates learning among its school leaders, teachers and administrators so that they can accomplish shared goals by learning from each other and growing together.
14. Transparency, accountability and performance: Exalt's leadership promotes transparency, accountability and performance-driven management of member schools and public education in general.
15. Policy Governance Model: Exalt implements the Carver Policy Governance Model among the school boards of all member schools. This model provides boards with an effective roadmap for governing high-performing schools that operate under complex, challenging conditions.
16. Research-validated academic design: Exalt has developed an academic design that is based upon research-validated programs and practices, not anecdotal bias. Exalt disseminates this design as part of contributing to the public good and fulfilling its mission.

**OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
FACILITIES UTILIZATION AGREEMENT**

Lessor(Owner): second Baptist Church

Lessee(Tenant): Exalt Education, Inc.

Any information regarding affiliation, family ties, or other relationships between the Lessor (Owner) and Lessee (Tenant) must be disclosed with the facilities lease agreement.

Describe the present use of the facility:

Presently the facility is being used to accommodate a Pre-School program.

Address of Premises: 6111 West 83rd Street
Little Rock, AR 72209

Square Footage: Approx. 4,173 (6 classroom) ^{fM.S.} 'Xt-L

Terms of Lease: Year-to-year lease

Rental Amount: Annual rate of \$2.50 per sq. ft.

Contingency: The terms of this agreement are contingent upon

Exalt Education Inc.
Sponsoring Entity

receiving a charter to operate an open-enrollment public charter school approved by the authorizer by August of 20R,

Statutory Language Concerning No Indebtedness:

No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. An open-enrollment public charter school shall not incur any debt, including any lease, without the prior review and approval of the Commissioner of Education.

OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL**

A. GENERAL INFORMATION

Name of Proposed Charter School: Exalt Academy of Southwest Little Rock

Grade Level(s) for the School: K-3 up to 8 Student Enrollment Cap: 540

Name of Sponsoring Entity: Exalt Education, Inc.

The applicant is an "eligible entity" under the following category (check one):

- a public institution of higher education;
- a private nonsectarian institution of higher education;
- a governmental entity; or
- an organization that is nonsectarian in its programs and operations, and is, or will be, exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. (A copy of the entity's letter from the IRS reflecting tax exempt status or a copy of the entity's application for 501(c)(3) status must be included with the application. Articles of incorporation or a letter acknowledging non-profit status from the Secretary of State will not suffice.) To be eligible, an entity must hold or have applied for 501(c)(3) status at the time this charter application is filed. The entity must receive formal tax exempt status under §501(c)(3) of the Internal Revenue Code of 1986 prior to the first day of its operation with students.

Non-profit entities without the required Internal Revenue Service documentation are not eligible to be awarded charters; therefore, any applications submitted without the proper documentation will not be reviewed.

Name of Contact Person: Freddie Scott

Address: 1818 N. Taylor St., #353 City: Little Rock

List the school districts from which the charter school expects to draw students.

Little Rock School District Pulaski County Special Schc+ _____

B. EXECUTIVE SUMMARY

Provide the mission statement of the proposed school.

Applicant Response:

The Exalt Academy of Southwest Little Rock (EASW) will prepare students from educationally under-served areas of Southwest Little Rock for competitive colleges and advanced careers from an early age by ensuring mastery of the core subjects and developing the key behaviors required for success, citizenship and leadership in their communities and beyond.

Briefly describe the key programmatic features that the school will implement in order to accomplish the mission.

Applicant Response:

Most students who enroll in EASW will come from low-income homes where they have had limited exposure to the English language, less structured time with adults, more challenges meeting their basic needs, and less access to learning resources like books and computers. Consequently, they will enter grades K-2 at a significant academic, developmental and behavioral deficit to their more affluent peers.

To put these students on a path to college, EASW will extend the school day and year so that students receive over 35% more learning time. In every classroom, two co-teachers will instruct students in small student-to-teacher ratios, which will maximize the benefits of healthy adult relationships. By delivering research-based programs, EASW will use intensive teaching techniques to equip students with a comprehensive literacy foundation and prepare them for rigorous college-preparatory high schools.

Frequently, low-income students struggle with a low self-image because they do not experience affirmation and recognition from an early age, suffer physical and emotional abuse, and are quickly labeled as having behavioral challenges. To counteract these influences, students at EASW will learn strong character values in a positive, affirming climate. Instead of shaming students for bad behaviors, teachers will teach, model, reteach and recognize positive behaviors. The atmosphere will be orderly and celebratory with an emphasis on making responsible choices that yield positive rewards.

Every aspect of EASW's programs will be designed to meet the needs of children who grow up in poverty. These features will enable them to experience academic accomplishment, close the achievement gap with their more affluent peers, and earn the opportunity to enroll in competitive colleges.

C. NARRATIVE DESCRIPTION OF THE PROPOSED CHARTER SCHOOL

The applicant for the proposed charter school, if approved by the authorizer, agrees to operate the educational program described below in accordance with the provisions described within this document, Arkansas Code Annotated §6-23-101 et seq., the State Board of Education Rules Governing Charter Schools, and the attached assurances.

Provide a narrative description of the various components of the proposed charter school by responding to the following prompts:

1. Describe the results of the public hearing, which was held for the purpose of assessing support for the establishment of this public charter school. Provide copies of supporting evidence.

Attach documentation to demonstrate that each of the following requirements of Arkansas Code Annotated §6-23-302 was met:

- A. The notice of the public hearing was published on a weekly basis for at least three (3) consecutive weeks prior to the date of the hearing in a newspaper having general circulation in the school district in which the school will likely be located.
- B. The notice of the public hearing was not published in the classified or legal notice section of the newspaper.
- C. The last publication date of the notice was no less than seven days prior to the public meeting.
- D. Within seven calendar days following the first publication of the notice of the public hearing, emails announcing the public hearing were sent to the superintendent of each of the school districts from which the open-enrollment public charter school is likely to draw students for the purpose of enrollment and the superintendent of any district that is contiguous to the district in which the open-enrollment public charter school will be located.

Applicant Response:

A public hearing was held on Thursday, August 29, 2013, to explore the need and gauge support for the development of a new public charter school in Southwest Little Rock from 6:00 p.m. to 7:30 p.m. in Morrison Hall at Trinity Episcopal Cathedral. During the weeks leading up to the hearing, those community members who could not be present had the opportunity to sign petitions, submit letters of support, and give their input on the community, family and student needs.

There were seventeen adults and children who attended the meeting. Letters of support were also obtained from 45 members of the community expressing their support for the establishment of the Exalt Academy of Southwest Little Rock.

At the start of the hearing, light refreshments were provided. An informal meet-and-greet was followed by an opening statement by Ben Lindquist, CEO of Exalt Education, Inc. (Exalt). Mr. Lindquist introduced Freddie Scott, Director of Regional Development for Exalt. The agenda included a needs assessment, overview of Exalt and summary of the plan for opening the Exalt Academy of Southwest Little Rock.

After the presentation, there were thirty minutes of open question-and-answer and discussion between representatives of Exalt and interested parents and community leaders. Darryle Hinton, who had led a private school in Southwest Little Rock for 10 years, spoke knowledgeably about institutional partners, potential facilities, and the community need. Several interested parents asked about how the Academy would meet the needs of English language learners, what partnerships would be established with members of the community, and what key elements would enable the Academy to be successful.

After a summary and period of time to address all questions those present were given an opportunity to showcase their support via, signature support forms, letters of support, emails of support, etc. A cross section of talent served as the composition of the attendees including educators, parents and business.

Sign-in sheets indicate that seventeen adults attended the hearing, including parents, community members and educators. Letters of support were obtained from 105 members of the community expressing their support for the establishment of the Exalt Academy of Southwest Little Rock.

Overall, each of the adult attendees expressed satisfaction with the public hearing. They each indicated by continued dialogue after the meeting's adjournment that they understood the need to address the plight of families living in poverty in Southwest Little Rock. They each were supportive of the Exalt model and approach to address the achievement gap and willingness to partner with key stakeholders. Most expressed a willingness to become advocates for the charter application and work with the planning team to extend community and family involvement.

2. Describe the governing structure of the open-enrollment charter school, including board composition, selection process, and responsibilities. Also describe the role of the administrators, faculty, parents, students, and community members in the leadership and decision-making of the school. As part of your response, answer the following specific questions:
 - A. Identify what individual, job position(s), or entity(s) will have final decision-making authority for the school in the areas of (1) finance and purchasing; (2) student discipline; (3) hiring and firing of staff; and (4) hiring and firing of the school director or superintendent.
 - B. Specify how the final decision-maker(s) identified in response to (A)(3) will be selected or elected, including (1) length of term, (2) method of selection or election, and (3) who will have the authority to participate in the selection or election process.
 - C. Explain how and to what extent the school's leadership will be accountable to parents.

Applicant Response:

The Exalt Academy of Southwest Little Rock's governance will be established with the membership, policies and practices used by all schools managed by Exalt Education. Like the other schools that Exalt manages, the Exalt Academy of Southwest Little Rock (EASW) will have a strong, independent board that governs in accordance with all applicable state and federal laws. A slate of candidates for the school board will be presented to the national board of directors of Exalt Education (credentials listed below) for consideration and approval.

The board of EASW will implement the Policy Governance Model for non-profit organizations, which was developed by John and Miriam Carver. Under this model, the board will develop Ends Statements and Executive Limitations that clearly define the goals for the school and the parameters in which management must operate. Through monthly board meetings, regular monitoring reports and other means, the board will review how management is doing and work with the Head-of-School to proactively make course corrections.

The board of directors of EASW will be a self-governed, self-perpetuating board that exists for the purpose of governing the school. The Board will not have any family-related, compensated, or legally conflicting relationships with Exalt Education or any of its members. The board will be professionally distinguished and well-rounded, including professional expertise in non-profit leadership, finance and accounting, law, business management, communications and education. At least two members of the board will be directly connected to the Southwest Little Rock region so that the board is responsive to local stakeholders in the community surrounding the school.

Role of administrators, faculty, parents, students and community members in leadership & decision-making of school.

The administration of the Exalt Academy of South West Little Rock will not serve on the board of directors, but will manage the school in accordance with state and federal laws and in alignment with the board's policies. The administration will partner closely with teachers to serve as the academic leadership team of the school. The teaching faculty will be the primary agent in serving students and families. The Academy's staffing plan is described in a later section.

Distinguished professionals from the community will be engaged on the board of directors of the Exalt Academy of South West Little Rock. Public notice will be posted and announcements will be disseminated in advance of each monthly meeting of the board of directors. Through this notice, members of the parent body and the community at large will have the opportunity to speak during a Public Comment Period, which will be part of the standard agenda.

Initial Selection

To activate the board of the Exalt Academy of South West Little Rock (EASW), the national board of directors of Exalt Education will approve the selection of the first 3-5 members of the board of directors. The national board of Exalt includes the following members:

- **Chairman:** Dennis Schwitters joined the board of Exalt Education in 2011 after having served as the Chairman of the Audit Committee of Farm Credit Services of America Bank for 7 years. Over his 45-year career, Schwitters has served in several CEO and executive-level positions with agricultural trade associations, farm equipment manufacturers and retail networks.
- **Treasurer:** Helen Stout is Chief Operating and Financial Officer of the Arkansas Community Foundation. She is a member of Arkansas Society of CPAs and has more than 20 years' experience as a CFO of governmental and nonprofit organizations. She has served as CFOO of ARCF for over 8 years.
- **Vice Chairman:** Charles Stewart is a Board Member of Heifer International and Chairman of the Board of Trustees of Little Rock Preparatory Academy. He is a Co-Founder of the Arkansas Black Hall of Fame and a former Executive Vice President of Regions Financial Corporation.
- **Secretary:** Bonnie Johnson is a Partner at Williams & Anderson, a prominent Little Rock law firm where she specializes in non-profit corporations, employment law and practice. Before joining the Arkansas Bar, Ms. Johnson worked for Arkansas nonprofit organizations for twenty-five years. Most recently, she served as executive director of Nonprofit Resources, Inc., an organization dedicated to developing the capacity and infrastructure of Arkansas's nonprofit sector. Ms. Johnson began her career in education.
- **Director:** Dr. Leroy Nunnery III was the Interim Chief Executive Officer of Philadelphia Public Schools before starting his own practice to provide strategy and management consulting to urban districts, charter schools and charter management organizations. After spending the first part of his career in banking, Dr. Nunnery has had a distinguished education career that spans over two decades and includes leading and advising districts and schools on how to serve students in under-resourced areas. Dr. Nunnery holds a Doctorate in Higher Education Management from the University of Pennsylvania and an M.B.A. from the University of Washington, St. Louis.

The national board will ensure that the governing board of EASW is properly convened, trained and equipped to be effective in governing the school under its charter with the Arkansas State Board of Education.

Selection & Composition

Once the school board has met for the first time, it will elect officers and add members in a self-governing, self-perpetuating manner. The board of directors of the Exalt Academy of Southwest Little Rock will be composed of at least 5 members and no more than 9 members. The executive committee of the board will include a chair, vice chair, treasurer and secretary. The executive committee will recruit and nominate all board members based upon a board-approved composition matrix. A sample of the criteria that will be part of the matrix are included below:

BOARD OF DIRECTORS COMPOSITION MATRIX

Professional Expertise or Committee Fit

- Philanthropic Involvement
- Accounting
- Legal

- Fundraising Experience
- Education / Charter Schools
- Recruitment/ Community Organization
- Marketing
- Real Estate
- Grant Writing
- Event Planning
- Banking
- Public Relations
- Entrepreneurialism
- Other

Age

- 25-44
- 45-59
- 60-70
- Over 70

Gender

- Male
- Female

Place of Residence

- Southwest Little Rock
- City of Little Rock
- Little Rock Metropolitan Statistical Area
- State of Arkansas
- Other

Ethnicity

- African American
- Hispanic/Latino

- Caucasian
- Asian/Pacific Islander
- Native American
- Other

The following is a sample policy that the board of directors of EASW will use to guide its selection and orientation of new board members.

Board Succession

The school board members will serve in staggered 3-year terms. The officers of the board will be nominated and elected by the board acting together as a collective. The vice chair will be groomed to assume the chairmanship from the acting chair every 3 years. The board holds annual retreats and planning sessions so that it can manage its succession in a deliberate, premeditated manner that ensures its vitality and effectiveness.

Board Responsibilities

The school board will act as the public fiduciary agent with the Arkansas State Board of Education. It will be responsible for making sure that the Exalt Academy of Southwest Little Rock meets all state and federal regulatory requirements that apply to public charter schools in the State of Arkansas. The board will oversee the finances, management and operations of the Academy through a service agreement with Exalt Education, which will employ the principal members of the management team of the school.

Final Decision-making Authority

As the fiduciary agent, the Academy's board of directors will have final decision-making authority for the school in the areas of (1) finance and purchasing; (2) student discipline; (3) hiring and firing of staff; and (4) hiring and firing of the school director. The board will oversee these and other areas through the service agreement with Exalt Education.

The board will hold regular monthly meetings that will comply with Open Meetings Law and all other applicable laws. During these meetings, members of the management team will provide the board with reports on all major aspects of the school, including but not limited to:

Board Reporting Priorities

Finance/Operations

- Budget formation & position
- Cash flow management
- Audit
- Accounting & financial reporting
- Regulatory compliance
- Ancillary services (transportation, food, janitorial, maintenance)

Stakeholder Engagement / Representation

- Parent demand & engagement

- Parent satisfaction
- Student engagement (attendance, tardiness, retention, behavior)
- Authorizer relations/reporting
- Funder relations/reporting
- Community involvement

Performance Management

- Setting of Ends Statements policies
- Approval of annual performance goals
- Formative assessment
- Summative assessment
- Reporting against performance goals
- College preparation & matriculation

Managerial Practice

- Setting of Executive Limitations policies
- Review of monitoring reports
- Adherence to Executive Limitations policies

Teaching-and-Learning

- Human resources
- Teacher qualifications
- Teacher effectiveness
- Curriculum & instruction

Self Governance: The board will set and monitor policies to ensure that it is engaging in effective governance. The board will be responsible for ensuring that it remains a strong public fiduciary agent of the Academy, including such governance functions as: board recruitment and succession; board member orientation, training and development; policy formation and oversight; organizational strategic planning; and community and parent engagement.

Governance Process

The Exalt Academy of Southwest Little Rock will establish a governance structure that is similar to the model in place at the Little Rock Preparatory Academy. The following is a summary of the most distinctive features of this governance structure:

1. Adherence to State and Federal Law: The management of the Academy must be proactive and judicious in engaging the board on all regulatory matters. The board is briefed on routine and periodic regulatory

processes throughout the year, including accreditation, APSCN cycle reporting, state-mandated personnel training, teacher licensure, fiscal year-end closeout, ACSIP preparation and approval, and special education monitoring. The board's executive committee directly represents the Academy at state board hearings, legislative audit committee meetings, and other public reporting events.

2. Adherence to Carver Policy Governance Model: All boards that are members of the Exalt Education network adopt John Carver's Policy Governance model. In order to adopt this model, they are provided with copies of the book, "*Boards That Make a Difference: A New Design for Leadership in Nonprofit and Public Organizations*," when they join the board of directors. John Carver is an internationally known governance expert and consultant who has worked with the boards of hundreds of non-profit organizations and for-profit corporations in the U.S. and Canada for over 25 years. His book provides a step-by-step, explicit guide on how to implement the Policy Governance model properly so that there is a very clearly defined, productive relationship between boards and the executive leaders who they retain.
3. Autonomy from Management All boards that are members of the Exalt Education network adopt a broad conflict-of-interest policy to guide their activities and that of the management teams that they oversee. A practicing attorney will serve on the Exalt Academy of Southwest Little Rock's board of directors, and will take responsibility for ensuring that proper precautions are taken to guard against the problems associated with conflicts-of-interest. There will be no family, contractual, compensated or other conflicting relationships between the board of the Academy and the executive leader that it oversees.
2. Strong Leadership: One of the closely held beliefs of the Academy's founding leadership is that operating exemplary public schools in underserved communities requires the involvement of a cadre of talented, diverse leaders. The fate of a public school should not hinge on just one or two leaders with wide-ranging authority, but rather, should be supported by the many contributions of a well-rounded leadership team working in close concert and with mutual accountability. As a result, the Exalt Academy's management team will not seek to limit the school board's talent and expertise, but will try to expand the pool so that the board is providing the school's administration with the best possible guidance, wisdom and problem-solving capacity.
3. Distinguished Expertise & Balanced Composition: Public charter schools function as small school districts, entrepreneurial businesses, and educational service centers - all combined into one operating entity. Consequently, they must have a board of directors that enable the administrative team to navigate dozens of priorities - any one of which could be detrimental to the institution if not handled appropriately and with the benefit of the right domain knowledge. To meet this challenge, the board of directors of the Exalt Academy of Southwest Little Rock will be carefully composed so that it draws on distinguished professionals with expertise in a range of different professions.
4. Transparency: Public charter schools receive taxpayer dollars and operate in the public domain. They are subject to dozens of different state and federal laws that are designed to encourage and promote transparency, from the Open Meetings Act and the Freedom of Information Act to the Individuals with Disabilities Education Act, the Americans with Disabilities Act, and the U.S. Elementary & Secondary Education Act. To be successful in this climate, the Exalt Academy of Southwest Little Rock must take steps to embrace transparency, which translates into an organization-wide ethic of proactive, timely, explicit, open communication.
5. Disciplined Application of Mission: Dr. Angela Webster-Smith, the secretary of Little Rock Preparatory Academy's board of trustees, once pointed out that LRPA's board is effective because it isn't about asserting power; it is about fulfilling the organization's mission. Likewise, the Exalt Academy of Southwest Little Rock will avoid allowing competing agendas to set people at odds with one another when it could diminish the discipline of advancing the school's mission. By setting clear communication

norms, adhering to the Carver Policy Governance model, and using its mission and vision as a touchstone, the board and administration will work together to enable the Academy to achieve its goals.

6. The Space between Good News and Emergency: A board should never be surprised by an announcement if it has been properly informed in advance. Too often, leaders get into the habit of reporting good news and disclosing emergencies - they do not seek the board's counsel when there is still time to shape the outcome. In Exalt-managed schools, leaders are expected to engage the board as a "circle of critical friends" - advisors who must be engaged in decision-making early and often so that they aren't the last ones to find out about an institutional failure or a good fortune.

These features, which will serve as guiding tenets and important lessons learned, will become part of the fabric of how the board of the Exalt Academy of Southwest Little Rock engages with the members of the school's management team.

School Leadership Accountability to Parents

The School's leadership team, including the board of directors and management, will be responsive to parents through a variety of channels. These channels are delineated below and elaborated upon more fully in response to Question 19 below:

- **Start-of-Year Home Visits:** Each year, teachers visit the homes of families as part of their preparations for opening the school. During these visits, a covenant is signed that clarifies the obligations that parents, students and teachers have in the educational process.
- **Ongoing Teacher Communication:** Teachers will regularly communicate with families through electronic postings, telephone calls, an electronic report card system and other means.
- **Academic Updates:** Families will receive comprehensive updates on their children's learning at regular intervals during the year via report cards, student-led conferences and other means.
- **Parent-School Support Group:** A parent-school support organization will be organized to support the Academy. Officers will have the opportunity to speak at monthly board meetings.
- **Scheduled Appointments:** Key members of the Academy's management team will meet with parents frequently on an appointment-basis, including the Principal and Dean of Students.
- **School Communications:** EASW's administration will issue a monthly newsletter to all families.
- **Board Meetings:** A communication will go out to all families every month to invite them to observe and speak at regularly scheduled board meetings.
- **Community-based Partnerships:** EASW will engage in outreach and partnering efforts with churches, civic leaders, community and fund development organizations, and other school advocates to reach desired school and community-revitalization objectives.
- **Satisfaction Surveys:** EASW will administer surveys at least once annually to gauge parent satisfaction

levels and gather input on desired preferences and programmatic priorities.

- **Vote with Their Feet:** As with all public charter schools, parents sent a powerful message when they choose a school for their child. Because high rates of student retention are essential to fulfilling its mission, EASW's management will work very hard to keep parent relations strong once they have chosen to enroll their children in the Academy.

Through these and other channels, families will have frequent opportunities to have a positive impact on the continuous improvement of all aspects of school culture, programs, instruction and management. These channels are more fully delineated in Section 19: Family Involvement.

3. Give the mission statement for the proposed charter school.

Applicant Response:

The Exalt Academy of Southwest Little Rock (EASW) will prepare students from educationally under-served areas of Southwest Little Rock for competitive colleges and advanced careers from an early age by ensuring mastery of the core subjects and developing the key behaviors required for success, citizenship and leadership in their communities and beyond.

4. Describe the educational need for the school. Include the innovations that will distinguish the charter from other schools.

Applicant Response:

Exalt Education is applying to open a new public charter school that would serve high-poverty households in the Southwest Little Rock Region. This section provides an overview of the community needs that the Exalt Academy of Southwest Little Rock (EASW) would serve and the innovative elements that would distinguish the Academy from other surrounding schools.

Geographically, the Southwest Little Rock region is bounded by the Fourche River to the North, the Mabelvale Cutoff Road to the South, Arch Street to the East, and Highway 5 to the West (also called Route 5). The primary zip code that falls within this region is 72209. Exalt has identified a suitable educational facility at 6111 West 83rd Street, Little Rock, Arkansas 72209. The facility is located along Geyer Springs Road approximately half a mile south of Interstate 30. The site is situated very centrally within the Southwest Region less than 3 blocks from Cloverdale Aerospace Charter School.

Exalt's leadership selected this region for the following reasons:

1. High Poverty Concentration: The residential population is among the highest poverty in the state of Arkansas. In 2004, the Average Adjusted Gross Income is estimated to have been \$24,292. In 2011, Median Households Income is estimated to have been \$31,871. (Source: www.city-data.com).
2. High Minority Concentration: The residential population is largely African American and Hispanic, which is a population that Exalt-managed schools have a track record of serving effectively.
 - a. In particular, there is a growing concentration of Hispanic residents that are largely Spanish

speaking and require effective educational options.

3. Lack of Quality Educational Options: Below, the analysis demonstrates that traditional public schools have struggled to serve Southwest Little Rock for a long time. This fact comes as no surprise. In their present form, traditional public schools simply do not have the capacity or flexibility to serve low-income children effectively. Exalt Education would like to open a charter school in the region to provide a quality public option to families who would not otherwise have access to one.
4. Geographically Separate Region: The region is geographically separated from Central Little Rock, the region that is currently served by Little Rock Preparatory Academy, the other school that Exalt manages in Arkansas.
 - o A combination of the Fourche River and the Interstate 30 corridor act to separate the Southwest Region from the rest of the city of Little Rock.
5. Serviceable in Cost-Effective Manner: The region is close enough to Exalt Education's headquarters and existing campuses so that it can be well-supported at a manageable time and expense.
6. Parent Demand: Other charter schools in the region, including the Dreamland Academy and Covenant Keepers, have struggled to educate students but have demonstrated that there is significant demand for better public education options.

Within the region, there are currently 9 elementary and middle public schools that serve 4,094 students in grades K-8. Approximately 81 percent of the students attending these schools qualify for the Federal Free & Reduced Lunch Program. Approximately 69 percent of students are African American and 20 percent of students are Hispanic.

Low-Performing School Designations

In order to assess the need for a new open-enrollment public charter school in this region, the leadership team of Exalt Education conducted a market analysis. This market analysis took under consideration the following:

1. Needs Improvement Priority Schools: These 48 schools were identified by the Arkansas Department of Education in 2012 because: (a) they are among the lowest 5% of schools in the state based upon proficiency and lack of progress of the "All Students" group; (b) they are Title I schools with a graduation rate of less than 60%; or (c) they are implementing a school intervention model.
2. Needs Improvement Focus Schools: These 109 schools, including 82 Title I schools, were identified by the Arkansas Department of Education in 2012 as Focus schools. These are schools that have the highest internal achievement gap between various groups of students. Typically, this gap exists between low-income, minority students and their middle- to upper-income peers, who are typically of Caucasian ethnicity. Priority Schools make the list because they are among the bottom 5% of all public schools as measured by the severity of the achievement gap.
3. Tier III Schools Failing to Meet Adequate Yearly Progress (AYP): The Arkansas Department of Education assists public schools that consistently failed to make Adequate Yearly Progress (AYP) under the Federal *No Child Left Behind* Act. Over the past eight years, the Department has secured improvement

grants from the U.S. Department of Education to try to help these lowest performing of public schools. Unfortunately, most of these schools have demonstrated limited progress, even with additional funding.

When we conducted this analysis, it became apparent that there is a high-concentration of persistently low-performing elementary and middle public schools that enroll students from the Southwest Little Rock Region. The following is a list of these schools along with their performance designations:

Persistently Low-Performing Schools in Southwest Little Rock

This list includes 7 elementary and 2 middle schools that serve 4,094 students in grades K-8:

- Baseline Elementary School, located at 3623 Baseline Road, 72209, was designated a Tier III AYP school in 2011 and designated as a Needs Improvement Priority School in 2012.
- Watson Chicot Primary School, located at 11100 Chicot Road, 72209, was designated a Tier III AYP school in 2011.
- Geyer Springs Elementary School, located at 5240 Mabelvale Pike, 72209, was designated a Tier III AYP school in 2011 and a Needs Improvement Priority School in 2012.
- Mabelvale Elementary School, located at 9401 Mabelvale Cut-off, 72103, was designated a Tier III AYP school in 2011.
- Meadowcliff Elementary School, located at 25 Sheraton Drive, 72209, was designated a Tier III AYP school in 2011.
- Watson Intermediate School, located at 7000 Valley Drive, 72209, was designated a Tier III AYP school in 2011.
- Wakefield Elementary School, located at 75 Westminster Drive, 72209, was designated a Tier III AYP school in 2011 and as a Needs Improvement Focus School in 2012.
- Cloverdale Aerospace Charter School, located at 6300 Hinkson Road, 72209, was designated a Tier III AYP school in 2011 and as a Needs Improvement Priority School in 2012.
- Mabelvale Middle School, located at 10811 Mabelvale West Road, 72103, was designated a Tier III AYP school in 2011.

These schools have been persistently low-performing for many years. On the 2010 administration of the state tests, an average of 63% of students in these schools failed to achieve proficient on either the Mathematics, Literacy or Science assessments. Specifically, 48% of students failed to achieve proficient in Math, 50% in Literacy and 91% in Science. These figures translate into over 1,700 students who are not being well served by existing public elementary and middle schools.

These failure rates are among the highest of any community in the state of Arkansas. It is clear that a new influx of energy and expertise is needed to improve public education in Southwest Little Rock.

Innovative Features of Proposed Academic Programs

Exalt Education is an Arkansas non-profit organization that has developed an academic design that is specifically formulated to address the unique needs of low-income students. According to research on early childhood, low-income students typically enter kindergarten already at a significant academic, developmental and social deficit relative to their more affluent peers. In most public schools, these students only fall farther behind as they are promoted from kindergarten through twelfth grade. An intensive, specialized approach is necessary to enable these students to close the achievement gap with their more affluent peers and prepare for competitive colleges

and advanced careers by the time they graduate from 8th grade.

Exalt's academic design is based upon eight core principles than have never before been integrated into one cohesive model:

1. Serve students from early childhood through secondary education.

We seek to serve students living in poverty conditions before harmful psychological, academic and behavioral patterns are established. In order to fulfill our mission, we must enroll students from as early an age as possible so that we have maximum runway with which to bring to prepare them for college-preparatory high schools.

In addition, many schools do not use one coherent curriculum across all major subjects and grade levels. As a result, there are gaps in the instruction that students receive when they move from one grade to another or from elementary to middle school. By implementing a single, tightly scaffolded academic design, Exalt ensures that students do not suffer from any gaps in their education.

2. More focused learning time using an interdisciplinary schedule.

We accelerate students' academic development by delivering over 35 percent more learning time each year and using research based curricula and instructional methods. Exalt Academies operate for a 200-day calendar year, which is 4 weeks longer than most surrounding public schools. We offer a school day that is over 25 percent longer than most surrounding schools. Students arrive at 7:00 a.m. and are picked up between 4:30 and 5:00 p.m. The longer day supports deeper, more accelerated student learning.

EASW will implement an interdisciplinary schedule that provides students with the opportunity to learn across subjects in a broader, more holistic way. For example, it would be common for students to integrate math, art, geography and literacy into a project for their Global Studies course. It is also common for students to encounter social studies, science and civics concepts as part of Reading and Language lessons. This kind of interdisciplinary learning increases students' capacity to think critically, solve problems, and synthesize information into knowledge.

3. Multi-modal learning environment.

Individual students learn in different ways and at different rates. For example, students process and retain information in different ways when they listen to a teacher-delivered lecture, read a book, deliver a presentation, or engage in a cooperative group project. That is why it is so important for students to learn in different modalities throughout the school day.

We deliver lessons in a dynamic, interactive manner that appeals to the senses and differentiates instruction to meet the needs of every learner. The key to learning is to actively engage students in the learning process. By having students learn in different modalities, Exalt Academies maximize student engagement throughout the day.

4. Embedded Standards & Assessment.

We align all of the curricula that we use with state and national standards, administer formative assessments frequently throughout the year, and take other steps to ensure that students are learning desired concepts, skills and knowledge.

Exalt Academies measure student learning every 5 to 10 lessons to ensure that students are mastering every subject. We do not place students into courses or push them through from one grade level to the next without the skills they need to be successful.

Exalt Academies assesses students at least eight times over the course of each year to determine how they

are progressing relative to their peers nationally against Arkansas state standards and the Common Core Standards. We use these test results to specially design individualized instruction for every student so that we know that students are learning exactly what they need to learn to be successful.

5. Greater Teacher Ownership & Opportunity.

We hire teachers from surrounding communities, establish co-teacher arrangements in every classroom, and use a grade-level team approach to give teachers greater ownership and promotional opportunities.

Our school is run by a team of educators who are gifted, hard-working, and accountable for student learning. Currently, for example, the management team of the Little Rock Preparatory Academy has 11 members, each with defined areas of authority and subject expertise. All members of the faculty team are part of an academic department or grade-level team.

At Exalt Academies, we set our teachers up for success. Every summer, we provide them with 2-4 weeks of training so that they are firmly grounded in our instructional methods, academic programs and behavioral system. Each Wednesday throughout the year, we provide teachers with over 2 hours of professional development so that they have the support needed to apply key concepts to instruction.

Exalt Academies have 2 co-teachers in every elementary classroom. This co-teacher model allows for small student-to-teacher ratios and encourages greater teacher collaboration around lesson planning and delivery. It also reduces the time that teachers have to work on-site so that there is less burnout and greater job satisfaction.

6. Enhanced Use of Technology.

We use leading technology systems to facilitate every aspect of school management, including lesson development, instructional data analysis, formative and summative assessment, parent communication, teacher hiring, and employee onboarding. We use computer-adaptive assessments to develop a learning profile of each student that we can use to develop lessons and provide an individualized education.

7. Focus on Competitive Colleges & Advanced Careers.

We expose students to colleges and careers from an early age and employ a Director of College and Career Advancement to place students into selective college-preparatory programs at area public high schools.

Exalt Academies prepares students for competitive colleges and advanced careers by delivering a liberal arts education. To us, "liberal arts" means a focus on developing the broad foundation of knowledge, skills and attributes needed to succeed in competitive colleges, advanced careers or other paths that students may choose.

In a high stakes testing environment, many schools with shorter days and academic calendars have narrowed the curriculum to core subjects at the expense of providing students with a complete education. Because of the longer day and year, EASW will be able to deliver the comprehensive liberal arts education that students need.

8. Structured Leadership Development.

We use a positive behavior system, weekly school-wide assemblies, explicit classroom-management techniques, and experiential learning in the community to help students develop leadership attributes from a young age.

Exalt Academies have developed a curriculum and positive behavior support system to enable our student to grow into productive citizens and leaders. Students have frequent opportunities to speak publicly and deliver presentations to the school and their classmates. Students learn character values that help shape them into tomorrow's leaders.

We believe that all students deserve only the best education. The eight elements in our design have been proven effective in preparing students for college at exemplary public schools that serve low-income students all across the country. However, no teaching-and-learning network has ever merged all 8 elements into one innovative school model until now.

5. Describe the educational program to be offered by the charter school.

Applicant Response:

The Exalt Academy of Southwest Little Rock (EASW) will utilize an academic design provided by Exalt Education. Exalt is an Arkansas non-profit organization that was started to improve the quality of education for the 31 million children from birth to age 18 living in low-income homes in the United States. Exalt equips dedicated, passionate educators with the knowledge, best practices and instructional tools to serve children whose lives are directly affected by poverty. The programs and practices that EASW would implement have been fully aligned with the Arkansas State Standards and Common Core Standards. The academic design combines curricula from a variety of sources that have been woven together into a daily schedule that provides consistency, order and variation in a manner that is optimal to student learning.

Research-based Curricula and Academic Programs

The following is a sampling of the programs that have been integrated into EASW's academic design for grades K-8:

Reading, Language, Writing, English Language Arts, Study Skills

- Reading Mastery
- Language for Learning
- Perfection Learning
- Writer's Workshop
- 6+1 Traits of Writing
- Cornell Notes

Mathematics

- Connecting Math Concepts
- Saxon Mathematics
- Rocket Math
- People's Publishing Common Core Math

Natural World (Science)

- FOSS Science
- Core Knowledge Sequence
- CPS Science

Global Studies (Civics, Social Studies, History, Geography, World Studies)

- Core Knowledge Sequence

Physical Education & Health

- Sparks Physical Education

- Great Body Shop for Health

Behavior Management & Character Development

- Positive Behavior Interventions and Supports (PBIS)
- CHAMPS Classroom Management
- Wise Skills Character Development Program

Instructional Leadership & Continuous Improvement

- Professional Learning Communities (PLC) model
- Response-to-Intervention (RTI) model

Student Information & Assessment

- Illuminate Education
- NWEA Measures of Academic Progress (MAP)

Human Resource Systems

- Taleo Cloud Service

Daily School Schedule for Primary Grades K-4

The Exalt Academy of Southwest Little Rock (EASW) will utilize a unique school day and extended-year academic calendar to provide students with a liberal arts educational experience that is optimal for all members of the school community, including students, families, and the teaching faculty. This overview describes the daily schedule and specific delivery methods used during different times of the day to show the unique approach Exalt has to differentiating instruction to meet the needs of every student.

Morning Homeroom/Advisory

Students arrive for a morning Advisory period between 7:00 and 7:30 am. After arriving, students have breakfast in the cafeteria, make their way to their homeroom, and report to their homeroom teacher, who will see them every morning. During this period, teachers will spend up to 60 minutes assisting students individually with one-on-one, self-paced learning. Teachers hold students accountable by having students confirm that they have completed their assignments from the previous day. Students will not move forward without 100 percent completion of their work. Students who are struggling with coursework may be asked to take diagnostic assessments or repeat lessons to build greater proficiency. Those students who are excelling in class will be provided with enrichment material, such as computer-based, adaptive lessons, advanced coursework, exploratory assignments and research projects. All work during this period is designed around the results obtained from the monthly benchmark tests. Grade level teams design these lessons based on the individual needs of the students. These lessons are individualized and specially designed for every student in the home room.

Assembly

At 8:30 am, students will gather in a common space at the school for a multi-grade assembly. This happens several times a week. During this assembly, they will receive a message from the leadership team that emphasizes a community goal, marks the birthdays of students and faculty, and celebrates national holidays and global cultural events. School staff will recognize exceptional students who exemplify school values and expected behaviors, and students will be encouraged to recognize each other's accomplishments. The School will

celebrate academic success daily during this assembly. Students or small groups of students who have mastered the curriculum, received a 100% on a test, continually score 90% or better on daily work, or are excelling academically in other ways, will receive public recognition. The assembly will conclude promptly at 9:00 am. Our positive behavior program is reinforced during assembly. The same way Exalt would teach reading or math, we teach behavior. Behavior data is read and examined by a Dean of students daily. Weekly he/she will determine what behaviors need improvement and how to explicitly teach those behaviors to our students. During assembly the leader will kick off the behavior education and teachers will reinforce it throughout the day.

Morning Literacy Periods in English Language Arts and Mathematics

From 9:00 to 11:50 am, students will master basic literacy skills by spending 90 minutes in a reading block and 60 minutes in a math block. During these periods, students will be grouped by performance level and receive instruction in small groups so that individual needs can be met. The teaching faculty will work closely together in a carefully coordinated schedule to divide classes of 30 students into small groups of 8-16 children for direct instruction.

During this period, trained teachers and instructional aides will be fully engaged in the classrooms to allow for small student-to-teacher ratios. These class periods are loud, exciting, and interactive. Students use coral response and active engagement to assure 100 percent participation in every lesson. Traditionally in a typical math or reading class students may respond 3-5 times so teachers can check for understanding. Because of the unique nature of our program, students will have hundreds of responses per class period.

The literacy programs that we use correlate with the National Reading Panel's (NRP) list of essential competencies that characterized a strong reading program. Among those competencies is the study of phonics, phonics instruction, fluency instruction, vocabulary instruction, and comprehension instruction. In addition to the explicate instruction, the reading instruction is well rounded including authentic literature. The math program mirrors the same engaging coral response through a program that ensures mastery of foundational skills prior to moving forward. Unlike traditional basil programs, the math program is organized in long strands where learned skills resurface during instruction weekly. This ensures that, after the student has proven mastery in a weekly test, the skill is still practiced throughout the year in the form of one or two problems a day to assure the skill is not forgotten or lost.

The structure of our literacy programs eliminates the need to teach-to-the-test and solidifies the skills students need to continue to build a firm foundation of skills and knowledge based upon mastery of previously learned skills and knowledge.

Morning Recess

In the middle of the literacy block, from 10:30 to 10:50 am, students will take a break from instruction for a recess. During the recess, they will engage in supervised play on a playground structure with close adult involvement. After getting some exercise, they will return to the literacy block to finish out the final hour of instruction.

Mid-day Lunch/Physical Education

At 11:50 am, students will have lunch and physical education. In grades K-2, lunch will be followed by a physical education period with structured play. In grades 3-5, lunch will be followed by health, nutrition and intramural athletics on outdoor fields or indoor multipurpose space. Lunch may be offered at 11:50 am, 12:30 pm (staggered schedule) to ensure that all students can dine in the school cafeteria. Exalt has chosen the Sparks PE curriculum and the Great Body Shop for health. This program meets all state and national health standards, and focuses on substance abuse prevention, social and emotional health, character education, violence prevention, and critical thinking. This K-8 program uses current research in the fields of neuroscience, educational psychology, and human behavior to create developmentally appropriate lessons that encourage students to think critically about how to lead a healthy lifestyle.

Afternoon Humanities, Natural World & Global Studies

From 1:10 to 4:00 pm, students focus on other subject areas while reinforcing the reading and math skills learned that morning:

- During a Humanities period, they learn the mechanics of good writing and explore literature, including basil series and other literature works selected from Core Knowledge and other sources. Groups that are behind grade level will receive additional small group direct instruction to bring them up to grade level quicker.
- During a Natural World period, they learn the fundamentals of scientific studies from the FOSS Science program, including elements of physical science, geology, geography, astronomy, biology, chemistry and physics. This period reinforces basic computational skills. The Natural World mode of learning is student inquiry. Unlike traditional schools that rely heavily of science text books, students learn science by doing science experiments and inquiry based lessons. Exalt hopes to create students who are explorers and creators through this process.
- During a Global Studies period, students learn the fundamentals of social and international studies, including such elements as citizenship, United States history, world history, and world cultures. The Global Studies mode of learning used is hands on and project based. Students participate in projected based learning units that allow students to discover the answer to an essential question posed at the start of the unit. After the completion of these creative units, students will invite the public into the school for these events. Learning is measured though authentic assessment as well as traditional assessments.

Afternoon Recess

In the middle of the afternoon block, from 2:50 to 3:10 pm, students take a break from instruction for recess where they will engage in supervised play on a playground structure with close adult involvement.

Afternoon Homeroom/Advisory

At 4:00 pm, students return to their homeroom classes for individual study. Students will depart between 4:30 or 5:00 pm, so teachers will spend up to 60 minutes providing students with self-paced, individualized study in this final period. During this time, students complete individual assignments given during the day. Struggling students may be asked to take diagnostic assessments and/or go over content from their core courses to build greater proficiency. Excelling students will be provided with enrichment material, such as advanced coursework, exploratory assignments, and research projects. Through the Advisory periods, families have the option of picking up excelling students for more time at-home (up to one extra hour every day) while teachers will maximize their time working individually with struggling students.

Benefits of a Longer Day

By offering a longer school day, the School offers students at least 25 percent more instructional time every day than the average public school. This extra time is necessary to ensure that students can learn individually, in small groups and in whole classes; develop a strong foundation of knowledge and skills across all subject areas; and reach their greatest potential as leaders, scholars and citizens.

Extended Academic Calendar

The Academy would commence each academic year in mid-August and conclude in late June. The academic calendar consists of 200 instructional days, which is four weeks longer than the average 180-day district calendar. The schedule allows plenty of time for seasonal breaks, religious holidays and cultural celebrations including a week-long fall break, 8 days off for the winter break, and a week-long spring break.

By shortening the Summer Break, the School minimizes the academic regression that frequently occurs during a long summer vacation. Families have six weeks in which to take summer vacation with their children and enjoy the break together. With the shortened summer break, families are faced with only six weeks versus the typical ten or eleven week break, during which they must make arrangements for summer care. By taking this approach, the School extends support to those families who cannot afford fees for summer activities, and instead, must determine how to keep their children occupied during the work day.

During the 42-day summer break, the School provides all staff with at least four weeks of vacation time. In July and August, all new faculty members receive 4 weeks of initial orientation and training so that they are adequately prepared for the first day of classes. Returning faculty members host this training and participate in at least one full week of continuing training preceding the start of each year.

Some school days may be shortened to allow for ongoing professional development, quarterly parent meetings, and other important activities. Professional development and teacher led instructional teams are essential in preparing our students to be set up for success.

Positive Behavior Support Plan

EASW would implement a positive behavior support system that helps students grow into productive citizens and leaders. Behaviors are taught explicitly and students are rewarded for following them. All members of the school faculty will be trained in and expected to deliver the behavior support plan. The plan has three levels, the universal school wide level, the classroom level, and the individual student. All three levels work together to help shape our students into the civic leaders they can be. Students have opportunities to speak publicly and deliver presentations to the school and their classmates. Students learn character values that help shape them into tomorrow's leaders.

6. List the specific measurable goals in reading, reading comprehension, mathematics, and mathematic reasoning based on the state mandated assessments, and any other assessment tools if used, for improving student academic achievement for each year of the public charter school's initial five-year period. For each goal, include the following:
 - The tool to be used to measure the academic performance;
 - The level of performance that will demonstrate success; and
 - The timeframe for the achievement of the goal.

Applicant Response:

The Exalt Academy of South West Little Rock (EASW) will have three sets of goals related to summative assessment of student achievement and preparation for college, including:

- One measurable set of goals for student achievement relative to the Arkansas Comprehensive Testing, Assessment & Accountability Program (ACTAAP);
- One measurable set of goals for student achievement relative to the NWEA Measures of Academic Progress (MAP);
- One measurable set of goals for student performance relative to the 8th grade year, which will be the culminating year at the Academy.

These three sets of goals are delineated below.

Arkansas Comprehensive Testing, Assessment & Accountability Program (ACTAAP)

EASW will administer the ACTAAP in all required subjects and grades including reading, reading comprehension, mathematics, mathematics reasoning, science and other subjects that may be required. The Academy will have four goals for student performance on the ACTAAP:

1. Reach "Achieving" or "Exemplary" Designation: EASW will seek to excel against the individualized math and literacy annual measurable objectives (AMO's) for All Students and the TAGG group or meet the established growth AMO's for the same group so that it can be designed as "Achieving" or "Exemplary." To be classified as "Exemplary," EASW must demonstrate high performance, high progress, high TAGG performance or high TAGG progress. Because EASW is opening with 180 students in grades K-2, there will be at least a year and a half to prepare students for the first state testing in the spring of their 3rd grade year.
2. Strong Annual Gains with Returning Students: In grades 3-8, over 15% of returning students will achieve a gain of one proficiency level or greater each year when compared with the previous year's testing in all tested subjects. A proficiency-level gain is defined as a gain from one category of proficiency to another, which means from "Below Basic" to "Basic" to "Proficient" to "Advanced." Gains will be measured across all categories of proficiency so that the Academy is evaluating the growth of students who start at all places in the achievement continuum, from "Below Basic" to "Advanced." As EASW expands from grades K-2 to grades K-8, this gain measure should enable the vast majority of students who stay with the Academy to achieve "Proficient" or "Advanced" before 8th grade graduation.

3. Impressive Performance Relative to Surrounding Districts: By the spring of their 5th grade year, a higher percentage of students at the EASW will achieve proficient or advanced in all tested subjects than the average among students in surrounding school districts. By surpassing the county average in the 5th grade year, classes of students will demonstrate that they have eliminated the skill gap between a public school that will serve a high concentration of low-income students and the average among all public schools countywide.

4. Impressive Performance Relative to Statewide Average: By the spring of their 8th grade year, a higher percentage of students at the Exalt Academy will achieve proficient or advanced in all tested subjects than the average among all students in the state of Arkansas. By surpassing the state average in the 8th grade year, classes of students will demonstrate that they have eliminated the achievement gap between public schools serving a high concentration of low-income students and the average among all public schools statewide.

NWEA Measures of Academic Progress (MAP)

EASW will administer the NWEA MAP in reading and mathematics in grades K-8. Students will take the MAP in the fall (September-October) and spring (May-June) of each year. A winter testing (January-February) may also be administered as necessary to track and support strong student learning gains.

EASW will have four goals for student achievement on the NWEA MAP:

- Growth Relative to Peers Nationally: In grades K-5, over 15% of returning students will achieve a gain of 5% or greater national percentile rank compared to the previous year. By achieving this benchmark year after year, EASW will demonstrate that the returning students are making strong gains against their peers nationally.

- Growth Relative to Individual Targets: From one spring to the next, over 60% of returning students to EASW will meet their individual growth targets on the NWEA MAP. On average, most schools nationally only enable 50% of students to meet their individual growth targets. By exceeding this threshold by at least 10%, EASW will be sustaining a rigorous achievement benchmark with returning students.

- Growth Relative to National Norm: By the spring of their 5th grade year, over 50% of returning students who take the spring NWEA MAP testing will score above the 50th percentile. On average, EASW expects that incoming students will perform below the 25th percentile. By enabling students to exceed the 50th percentile by the end of their 5th grade year, EASW will demonstrate that students are moving from well below to well above the norm of their peers nationally.

- Goal to Beat the National Bell Curve: By the spring of their 8th grade year, a higher percentage of students in the 8th grade classes at the EASW will score above the 50th percentile than among all schools that are part of the national sampling population. By surpassing the national average in the 8th grade year, classes of students will demonstrate that they have eliminated the skill gap between a public school that

will serve a high concentration of low-income students and the average among all schools that participate in the NWEA MAP nationwide.

Performance of 8th Grade Students

The 8th grade year is a very important culminating year because it is the year that EASW will expect students to meet its graduation standards and enroll in college-preparatory programs at area high schools. EASW will have three goals for student performance in the 8th grade year:

- Capstone Course Completion: One hundred percent (100%) of 8th grade students will complete the requirements of the yearlong Capstone course that all students will be required to take in their 8th grade year, including:
 - a. Completing a thesis research paper and delivering a thesis presentation;
 - b. Completing and exhibiting a multimedia portfolio;
 - c. Completing a job shadowing with a business professional;
 - d. Visiting at least 4 college campuses over the course of the year; and
 - e. Completing over 50 hours of community service and/or experiential learning.
- College Readiness: Over 75% of students will achieve a score that is indicative of college readiness and/or preparation to take Advanced Placement (AP) courses on the ACT EXPLORE in the spring of their 8th grade year.
- Entry into College-Preparatory High Schools: Over 85% of students will be admitted to college-preparatory high school programs in the spring of their 8th grade year.

Progress on these summative assessments will be regularly monitored and reported to the Arkansas Department of Education and Arkansas State Board of Education through the dissemination of annual reports.

Formative Assessment

To reach the measurable goals delineated above, EASW will track student learning and school performance frequently using a variety of formative assessments and performance indicators. These formative measures include but are not limited to:

- Formative benchmark testing against the Common Core Standards and Arkansas State Standards every 4-6 weeks;
- Student attendance, tardiness and retention;
- Student behavior rewards and infractions;
- Parent demand and satisfaction levels;
- Student lesson progress and 1st time mastery in reading, language and mathematics across grades K-4;
- Quarterly student grading and report card distribution;
- Student development and presentation of portfolios at semi-annual student-led parent-teacher conferences;

- Student completion of 8th grade graduation requirements, including a job-shadowing, site visits to at least 4 postsecondary institutions and participation in service learning,

Progress against these formative measures will be tracked continuously and report to EASW's board of directors on a monthly, quarterly, semi-annual and annual basis.

As EASW's authorizer and a statewide body charged with overseeing all public schools in Arkansas, neither the Arkansas Department of Education nor the Arkansas State Board of Education need to be frequently apprised of these indicators. Such communication would needlessly over-burden the public reporting process. However, upon request, EASW would be happy to provide samples of the monitoring reports and analyses that are provided to the school's board of directors. Such documentation will, of course, be a part of the public record and available for request under the Freedom of Information Act.

7. Describe the process that will be used to develop and align the curriculum with the Arkansas Curriculum Frameworks and the curriculum requirements of the Common Core State Standards as adopted by the State Board of Education.

Applicant Response:

Exalt Education has already engaged in the process of aligning the Common Core Standards with the Arkansas Curriculum Frameworks and the core curricula that anchor the Exalt Academic Design, including:

- Direct Instruction in Reading, Language and Mathematics for grades K-4,
- The Core Knowledge Sequence in Global Studies and Natural World for grades K-4, and
- FOSS Science for Natural World in grades K-8.

A complete K-8 alignment was necessary to support management of the Little Rock Preparatory Academy, a 5th year public charter school that Exalt Education has been managing for the past two years. We are not submitting the alignment with this application due to page constraints.

Exalt has also developed several smaller documents to be used as tools and accountability documents for each teacher. The Exalt Curriculum Professionals set the scope and sequence for each subject from kindergarten through 8th grade, ensuring that the corresponding book and lesson number for Exalt's curriculum are aligned with the Common Core State Standards. Exalt's curriculum combines a variety of instructional methods together with innovative, research-based programs that have a well-documented track record of success.

The Arkansas Curriculum Frameworks for Social Studies and Science are aligned to the Core Knowledge and FOSS Science Scope and Sequences for grades K-8. To meet frameworks that are not covered within these sequences, additional areas were added, such as a unit on the Scientific Method or Arkansas History. Using the 200 day school calendar, the amount of time that classes will meet and grade appropriateness, the scope and sequence alignment contains time frames for each set of frameworks to be mastered. The units are arranged in a sequential order to build learning throughout the grade levels where cross-grade collaboration can occur as well as prior knowledge that will be built upon. Furthermore, the Core Knowledge Sequence will be adjusted and modified throughout the school year to ensure the needs of each grade level frameworks are continuing to be met and mastered.

The ELA and Math Common Core Standards are divided into months and laid out in math and English Language Arts Units. Within each month, there will be a group of common core standards to meet, master, and assess using our monthly bench mark electronic system. Teachers will use Writer's Workshop, Direct Instruction Curriculum, Saxon Math and Math Skills to meet the objectives and goals for these standards. Lesson will be adjusted each month based on the results of the benchmarks, ensuring mastery of all standards.

Although the framework is fully aligned, a key element in Exalt's model is to adjust and adapt our lessons based upon the needs of our students and pacing of our lessons. Ensuring mastery of the standards and skills is critical. Our standards-aligned academic framework is not just a document, but a working tool that our teachers can adapt to ensure students' success.

8. Describe the manner in which the school will make provisions for the following student services, even in those areas for which a waiver is requested:

A) Guidance program;

Applicant Response:

EASW will request a waiver from Ark. Code Ann. § 6-18-1001 et seq.; Section 16.01 of the ADE Rules Governing the Standards for Accreditation of Arkansas Public Schools and School Districts, and the ADE Rules Governing Public School Student Services concerning guidance and counseling services. The utilization of an Academic Leadership Team and the use of a contracted service provider alleviate the need for such a guidance program.

B) Health services;

Applicant Response:

EASW will use research-based curricula to teach students Physical Education and Health courses. To address the broader needs of low-income families and students, the Academy will take a holistic, community-based approach to the provision of health services.

Teaching health and wellness is critical in our academy. Exalt has chosen the Sparks curriculum for Physical Education and the Great Body Shop for Health. These programs meet all state and national health standards, and focus on substance abuse prevention, social and emotional health, character education, violence prevention, and critical thinking. These programs, which are designed for grades K-8, use current research in the fields of neuroscience, educational psychology, and human behavior to create developmentally appropriate lessons that encourage students to think critically about how to lead a healthy lifestyle.

Exalt provides more Physical Education to our students than a traditional school. We offer 35 minutes of Physical Education four times a week. Exalt has chosen the Sparks PE curriculum to ensure that our students are getting a variety of PE options.

The Academy will initiate relationships with a variety of individual and institutional partners so that students and their families can access a variety of health-related referrals and services, including medical, therapeutic, dental, vision, emergency and extended day care.

A qualified nurse will be brought on-site to train front office staff and engage with those families whose students take prescription medicine. Local vision and dental providers will come on-site to provide students with individualized services; if possible, these providers will be engaged at reduced or no cost to families.

C) Media center;

Applicant Response:

EASW is requesting a waiver from Arkansas Code Ann. § 6-25-101 et seq. concerning School Library Media Services Programs and Section 16.02 of the ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts. A waiver is requested from these regulations to allow EASW flexibility in furnishing media services to students. EASW will provide a rich collection of educational materials to its students, but not through a traditional library provision.

EASW plans to make a wide range of educational media available to its students via computers and through its technology lab. Students' use of such equipment and materials will be directed toward their utilization as knowledge-acquisition tools, and in furtherance of the Academy's student-development focus. Should a need arise for students to utilize printed media materials beyond those available in the facility, EASW will engage in relationships with local libraries and the local educational community.

Because of the research and information-transfer capabilities of the Internet, students can obtain the learning resources that they need by using computers in the Academy's technology lab and via mobile computer labs, which will be available to teachers to check out for use in various courses. Technology classes will be offered to

students so that they are learning to use computers as a knowledge-acquisition tool in a structured, well-directed environment. Internet filtering, website-protection and computer-monitoring systems and practices will be put in place so that students cannot engage in problematic or destructive behaviors, such as cyber-bullying or viewing of restricted adult content.

D) Special education;

Applicant Response:

EASW will contract with the Arkansas Special Education Consortium (the "Consortium"), which is directed by Donna Broyles, to establish a special education program that is in full compliance with state and federal laws. Under Exalt's management, the Little Rock Preparatory Academy currently contracts with the Consortium, and has been very happy with the services provided by Mrs. Broyles.

EASW's staffing model calls for the immediate hiring of a Director of Learner Supports to manage the caseload of students with disabilities according to the needs and strategies identified in their individual education plans (IEP's). This position will report to Mrs. Broyles and the Academy's Principal. The Director of Learner Supports will be responsible for making sure that students who disengage from or struggle with classroom learning are provided with the supports they need to succeed, including psychological, counseling, speech, vision, health, and other disability-related needs.

The Director of Learner Supports will work closely with the Principal and Dean of Students, who will engage with students who are struggling academically and behaviorally and make programmatic adjustments to best meet the needs of all learners building-wide. Consistent with Federal IDEA legislation, the Academy believes in providing the least restrictive environment for all children and offers a differentiated instructional program that is designed to meet the learning needs of students in an inclusive manner. This differentiated instruction applies to academic instruction and behavioral instruction. Regardless of the level the student comes in at, we will meet them where they are and build upon it.

Because behavior is an impeding factor that undermines learning in many traditional schools, EASW implements a structured behavior support program to all of our students. Students who need more behavioral support, will be put on an individual behavior plan that is monitored hourly, and tracked daily by our team. The differentiated structure works well for all students, especially those who have a disability.

Under the Consortium's oversight, EASW will retain a contracted provider of specialized services, such as Pediatrics Plus, to provide students with individualized services as needed. The Director of Learner Supports will work full-time on-site at the Academy to make sure that contractors who come to the Academy are provided with the oversight, space, scheduling and other supports that they need to be effective.

The Academy also utilized a structured plan to help support struggling students and possibly identify students who may have disabilities. This plan supports Child Find and consists of a Teacher Assistance Team and a Child Study Team that work together to provide ongoing data to the Director of Learner Supports to help identify students.

E) Transportation;

Applicant Response:

According to U.S. Census data, approximately 75% of residents of zip code 72209 have reported that they drive a car to and from work every day. Another 20% reported carpooling to and from their jobs. Yet another 1% reported taking the bus to and from their job. That means that 96% or more of residents within the Exalt Academy of Southwest Little Rock's (EASW) target community have found the means to get to and from a job. (Source: www.city-data.com)

Over 86% of the students that attend Little Rock Preparatory Academy (LRPA) qualify for the Federal Free and Reduced Lunch Program. Of these students, 96% are African American and approximately 4% are Hispanic. LRPA does not offer families door-to-door bussing from their homes, yet this year, over 410 students will be transported to and from LRPA every day.

EASW does not receive sufficient public funding for transportation. Consequently, the Academy will not provide families with home-to-school and school-to-home neighborhood bussing. Even if it could, the Academy's sponsoring agency, Exalt Education, has serious concerns about the efficacy of bussing systems, which frequently expose students to unsafe, unsupervised situations at bus-stops or on busses. In these situations, students are frequently exposed to bullying, drug distribution, cursing, fighting, gang induction, and other dangerous behaviors.

Instead, EASW will take the following approaches:

- Operate for an extended day, from 7:00 am to 5:00 pm, which allows for parents and guardians to leave their students in a structured, academically rich environment for up to 10 hours. Consequently, many families are able to drop off and pick up students at convenient times before or after commuting to full-time jobs.
- Operate for an extended 200-day year, which saves parents and guardians from having to find and pay for alternative options for their children during long summer breaks.
- Engage off-duty policeman to direct parent traffic safely during arrival and dismissal times.
- Provide students that need it with public transportation passes so that they can take busses to and from school.
- Explore the potential to retain a transportation provider to transport students to after-care options at the end of the school day for those families who need help with pick-up timing.

Through these benefits, Exalt's leadership team is confident that its families will be better served than they would in surrounding programs that offer neighborhood bussing.

Last year, Little Rock Preparatory Academy provided all families with a 50% discount on uniforms through an innovative partnership with the Toggery. Through this partnership, LRPA spent over \$17,000 so that families could receive a discount on the purchase of between 9 and 12 pieces of apparel. The uniform sets for male and female students included clothing for all weather conditions, including polo shirts, button-down shirts, vests, fleeces, pants, and as appropriate, skirts or jumpers.

This year, LRPA has two campuses, a primary school that serves 280 students in grades K-4 and a middle school that serves 130 students in grades 5-8. To enable families to drop off and pick up students at either location, LRPA will spend over \$60,000 so that families only have to commute to one location no matter what the grade level of their students. The bus will travel between the two campuses so that students can reach the appropriate site for the school day no matter what their grade level.

In the future, Exalt's leadership hopes to contribute to the development of a hub-and-spoke bussing system, which would provide transportation to and from a network of sites in Central and Southwest Little Rock. However, Exalt will only contribute to such a system if it provides a safe, well-supervised option for all participating students.

F) Alternative education, including Alternative Learning Environments;

Applicant Response:

EASW is requesting a waiver from Arkansas Code Ann. § 6-48-101 et seq. concerning alternative education

environments. We are requesting this waiver because Exalt Education's research-based academic design, which will be implemented and supported by the Academic Leadership Team and faculty, will enable EASW to provide all of our students with the ability to learn and thrive within our inclusive educational settings. EASW offers explicit instruction that is specially designed at the level of all our students through performance grouping. When reviewing students' individual education plans (IEP's), we can design our "mainstream" classroom to meet the goals listed on students' IEP's. Additionally, our multi-modal environment will reach different students by delivering instruction in a variety of ways to reach all students regardless of their learning style or preferences.

EASW is committed to serving students consistent with the Individuals with Disabilities Education Act (IDEA), which calls for serving students in the least restrictive environment. If EASW was to meet the Arkansas Code requirements, it would be at risk of putting students in a more restrictive environment that is necessary given the use of Exalt Education's research-based, best-practices academic design. The Academic Leadership Team will be able to adapt the Academy's programs to meet the needs of all learners and provide teachers with the technical support and coaching that they need to serve every child.

G) English Language Learner (ELL) instruction

Applicant Response:

EASW will administer a six-step ELL program.

1. Identification of Primary Language other than English; Records.

All students will be issued a Home Language Survey within the first thirty days of school. Record will be tracked, locked, and entered into the student information system.

2. Assessment of ELL Students.

All students identified through the home language survey will be tested using the ITT or Woodcock-Munoz Language Survey. Students placed in the program will be placed by proficiency level and will be issued the English Language Development Assessment annually.

3. Annual Report.

The Academy will include all ELL student subgroup information in our annual report and state systems.

4. Instructional Program and Goals for ELL Students.

EASW will use two types of instruction, small group pull out instruction and Sheltered Instruction.

Type 1- Pull Out: The Academy's instructional program for providing English Language Development (ELD) services is generally known as structured English immersion. The Academy's model of teaching will use explicit skills instruction for most skill-based tasks, to help students acquire basic skills, which is the key to effectively teaching English-language learners. ELL students will be integrated into and instructed in the regular English-conducted classrooms. Therefore, students will not miss instruction in any of their core classes. Small group or individual pull-out instruction will happen daily for all ELL students, but generally pull-out instruction will take place during the advisory periods (either at the beginning or the end of the school day, or both), rather than during core classes.

Because the Academy's model requires that every student achieve mastery on every daily lesson, and because each student is appropriately placed in each program so that daily mastery is possible, teachers know daily which students are not achieving the required level of mastery or are having unusual difficulty in doing so. Such students, and others who have been identified through appropriate testing and surveys, will be given additional help, either in the form of small group instruction or one-on-one assistance.

This additional instruction will be in whichever program the student is having difficulties. For reading, writing, and language, the School will primarily use direct instruction programs. These programs have all the recommend best practices for teaching reading to English Language learners, including, the study of phonics, phonics instruction, fluency instruction, vocabulary instruction, and comprehension instruction. Generally, under this program ELL students receive reading instruction twice a day.

Type 2- Sheltered Instruction. As part of the structured English immersion model, teachers use special instructional strategies. The Academy's teachers will also receive training in Sheltered Instruction, Observation Protocol (SIOP).

Training in systematic English language development will be part of the summer training that all teaching staff are involved in. In addition, frequently classroom monitoring and professional development will happen throughout the school year.

Teachers will thus be trained to use special instructional strategies, such as those listed, many of which are integral to the Academy's teaching methods: Checking frequently for comprehension by listening to and observing verbal and nonverbal cues from students; Controlling the vocabulary presented to students so that they are always familiar with words used in their reading and listening; Clearly identifying key concepts and vocabulary needed to teach each lesson, while teaching new terms at the beginning of a lesson, before a student encounters the terms in reading; Using field-tested materials that demonstrate the vocabulary and concepts to be taught; Building lessons on knowledge of the concepts and vocabulary that students have already learned; Using consistent routines that provide non-verbal cues for students so they can predict what to expect in future lessons; Providing "visual clues" for students; And using well-developed questions that students can reasonably answer depending on their linguistic stage.

5. Reassessment, Reclassification, Exiting, and Monitoring.

All students in ELL will be tracked and reassessed frequently. Goals and instruction will constantly be shaped to support the student. Once a student has exited the system, through testing, the student will be monitored for two years, assuring the student is performing at grade level or higher.

6. Equal Access to Other School Programs.

All ELL students will be provided equal access to all of the Academy's programs. This includes participating in all school curriculum and non-curricular activities.

H) Gifted and Talented Program.

Applicant Response:

EASW will request a waiver from state regulations related to the provision of programs for gifted and talented learners. Such separate programs are not necessary because of the use of Exalt Education's research-based, best-practices academic design. Through this design, the Exalt Academy will be able to differentiate instruction to meet the needs of all learners. While other learners are receiving additional skill based literacy instruction, talented and gifted students will be participating in an Advanced Literacy and Advance Math block. These courses are designed for students to use higher order critical thinking skills while participating in Socratic discussion, project based learning, and individualized projects. Additionally, the primary instructional programs of the Exalt Academy will serve gifted and talented students because of performance-leveled instruction and the Academic Leadership Team's engagement in adapting programs to meet the needs of all learners.

In order to fully implement its innovative academic design, the EASW is requesting a waiver from Ark. Code Ann. §§ 6-20-2208(e)(6) (Monitoring of Expenditures), 6-42-101 et seq. (Gifted and Talented Children - General Prohibitions), and Sections 18.01-18.03 of the ADE Rules Governing the Standards for Accreditation of Arkansas Public Schools and School Districts (concerning gifted and talented programs).

9. Describe the geographical area to be served by the charter. List all school districts within the geographical area likely to be affected by the open-enrollment public charter school.

Applicant Response:

Southwest Little Rock has a stigma for many citizens of Central Arkansas. For decades, the region has been known for high poverty, high crime, and other related blight. The reality is that, in the 72209 zip code, there is justification for this stigma. Consider the following:

- On a crime index where 100 represents the national average, the 72209 zip code was assigned a Total Crime Risk of 210, a Personal Crime Risk of 270, a Murder Risk of 401, a Rape Risk of 202, & a Robbery Risk of 285.
- Between 2000 and 2011, the 72209 zip code experienced an over 8% decline in population from 36,847 residents to 33,800 residents.
- The Average Adjusted Gross Income for a resident was \$24,292 in 2004, 38% less than the average of \$39,270 for an individual in Arkansas.
- In 2011, the median home price was \$91,356 compared with \$146,029 for Arkansas as a whole.
- Over 17% of residents speak Spanish at home and 13% are foreign-born.

As these statistics indicate, there is a heavy concentration of poor families living in the central neighborhoods of Southwest Little Rock. To ensure that we are meeting the need, our team has determined that, for our purposes, the Southwest Little Rock region is bounded by: Fourche River to the North, Mabelvale Cutoff Road to the South, Arch Street to the East, and Highway 5 to the West (also called Route 5). Interstate 30 runs from East to West down the middle of the region, which bisects the area. The primary zip code that falls within this region is 72209. There are surrounding zip codes, including 72206, 72210, 72202 and 72103, that have low-income households, but these areas also have some more affluent neighborhoods.

To serve our target region, we have identified a move-in-ready educational facility at 6111 West 83rd Street, Little Rock, Arkansas 72209. The facility is located along Geyer Springs Road approximately half a mile south of Interstate 30. The site is situated very centrally within the Southwest Region less than 3 blocks from Cloverdale Aerospace Charter School. From the desired location, we believe that the EASW's primary enrollment impact would be on the nine elementary and middle schools immediately surrounding it. These schools enroll 4,093 students, and their performance was highlighted in Item 4, the *Educational Needs* section of this application.

Because EASW would open with 180 students in grades K-2, 60 students, or 33% of our first-year enrollment, would be from families whose children just became school-age. Another 120 students, or 67% of the total enrollment, would be from surrounding elementary schools. At most, we would have an estimated first-year impact of 3% of the total enrollment of surrounding schools. We might also draw a few students from the Pulaski County Special School District although we believe that our impact on PCSSD would be minimal.

Over time, EASW's impact on surrounding public schools would grow as its enrollment grows, but that impact would not be realized for over seven years. At the full projected enrollment of 540 students in grades K-8, EASW could be serving as much as 13% of students in the surrounding area. However, because the Academy is likely to serve a disproportionately high-needs population, its activities would improve the performance of traditional public schools in the area, not detract from them.

Over the past two months, we have begun to connect with other community organizations that are seeking to serve Southwest Little Rock. As EASW moves from planning to startup, our founding team expects to connect with all of the following organizations: Affordable Care Center; Community Development Center (CDC); PARK is one of the best know youth centers in the region; Longley Baptist Church; Second Baptist Church, which has facilities at two separate locations, has offered an educational facility for EASW's use; Greater Second Baptist Church's pastor has provided a letter of support for EASW's charter application.

By partnering with these organizations, we hope to bring health, wellness, employment, housing and educational services to students and families.

10. Describe the plan for the school officials to provide an annual report to parents, the community, and the authorizer that demonstrates the progress made by the charter school during any previous academic year in meeting its academic performance objectives. (See *ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts.*)

Applicant Response:

The Exalt Academy of Southwest Little Rock's fiscal year will run from June 30th to July 1st of each calendar year. Within 3 months of the end of each fiscal year, EASW will produce an annual report that provides a year-end appraisal of its performance. This report will be produced in accordance with the ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts. The report will include a precise, statistically valid examination of EASW's performance against the Measureable Goals described earlier in this application narrative.

An excerpt of the ADE rules are included below for ease-of-reference.

**ARKANSAS DEPARTMENT OF EDUCATION
RULES AND REGULATIONS GOVERNING THE
STANDARDS FOR ACCREDITATION OF ARKANSAS PUBLIC SCHOOLS**

Adopted by the State Board of Education B February 1984
Revised June 10, 2002

2. RECORDS AND REPORTS

- a. Each school shall maintain all reports and records necessary for effective planning, operation, and education.
- b. Each school district shall annually submit a report to the Department of Education appraising its students' performance. The report shall be prepared in accordance with guidelines developed by the Department of Education.

11. Describe the enrollment criteria and student admission, recruitment and selection processes for the proposed public charter school.

Applicant Response:

Student enrollment in the Exalt Academy of South West Little Rock (EASW) will be voluntary. All students who meet legal age requirements applicable to a particular grade level will be eligible for enrollment. These requirements will be consistent with District policies relating to admission of students into any grade. Other than the age of a student, there will be no criteria for selection of students.

To make the opportunity to attend the Academy known as widely as possible, the Academy plans to contact Head Start centers, childcare centers, preschools and community centers in the South West Little Rock area to seek permission to contact families who have children attending those schools and to conduct informational meetings. Our plan is to conduct meetings periodically to inform parents about the school and to obtain enrollment applications. Local newspaper advertisements may be placed to advertise the school and announce the meeting schedule. We will also send newsletters to a mailing list, as that list is expanded with the addition of people expressing an interest in the school.

The Academy intends to conduct a multi-phase enrollment process. Each year, the Academy will set deadlines by which such applications must be received for each phase of the enrollment process. The Academy will accumulate all applications received on or before the deadline for each phase of enrollment; applicants are not accepted on a "first come, first served" basis except when students are admitted from the waiting list.

We expect that the multi-phase enrollment process would work as follows. The deadline for the first phase might be set in April or May. The Academy will determine how many current students intend to return for the following school year and will accumulate all applications received on or before the deadline for that phase of enrollment. For the first phase of the enrollment process, if the number of applications received by the deadline for the first phase is less than or equal to the maximum number of students allowed for each grade, then all the applications for that grade will be accepted.

If the number of applications received for any grade is greater than the maximum number of students allowed for that grade, then the Academy will conduct an equitable lottery, in a manner determined by the Academy and consistent with state law and District policy, to admit the maximum allowed number of students for that grade and to create a waiting list for subsequent admission should a space become available later. We will do this lottery three different times, first filling the seats then establishing a fair waitlist, avoiding the first come first serve strategy.

As provided for under Arkansas law, the Academy may give admissions preference to (1) students who were enrolled in the Academy in the prior year, and (2) applicants who have siblings who are presently enrolled in the Academy and who were enrolled in the Academy in the prior year.

The Academy will not limit student admission based on ethnicity, national origin, race, religion, disability, gender, income level, proficiency in the English language or athletic ability, but may limit admission to students within a given age group or grade level. The Academy may admit students who do not reside in the District but will not conduct door-to-door recruitment outside of its target region.

A random, anonymous student selection method will be utilized in the event that more students apply for admission to the open-enrollment public charter school than can be accommodated under the terms of the charter, except as allowed for in Arkansas Code Annotated §6-23-306(14)(C). Should EASW's leadership learn that the use of a weighted lottery is required by federal court or administrative order, EASW will furnish a copy of the order.

Check which of the following enrollment preferences, as permissible in Arkansas Code Annotated §6-23-306(14)(C), would be allowed at the charter school.

- Children of founding members of the charter school
- Siblings of enrolled students
- No enrollment preferences (No other boxes may be checked in order to select this option.)

It is affirmed that a random, anonymous student selection method will be utilized in the event that more students apply for admission to the open-enrollment public charter school than can be accommodated under the terms of the charter, except as allowed for in Arkansas Code Annotated §6-23-306(14)(C).

- Yes
- No

If it is believed that the use of a weighted lottery is required by federal court or administrative order, explain and furnish a copy of the order.

Applicant Response:

12. Summarize the job descriptions of the school director and other key personnel. Specify the qualifications to be met by professional employees (administrators, teachers, counselors, etc.) of the program. List the types of administrative positions, teaching positions, and support positions for the school.

Applicant Response:

School Staffing Plan

The Exalt Academy of Southwest Little Rock (EASW) will benefit from a strong, well-rounded leadership team with expertise in all areas of school management. The staffing plan calls for hiring several dedicated site-management positions that work together in a complementary fashion to lead the school, not depending on one all-knowing leader. The site-management team will grow in capacity as EASW expands from a first-year enrollment of 180 students to a full enrollment of 540 students in grades K-8.

Upon receiving approval of its charter application, Exalt will designate a founding group to lead the development of the school in the Southwest Region. That group will include a full-time Founding Principal, Business Manager and Community Outreach Coordinator. The plan is for the founding members to office at the facility in which EASW will open so that they establish an immediate presence in the community.

Site management will be heavily supported by Exalt's central team, which is headquartered within easy commuting distance of the proposed location. Exalt's central team will provide structured support with all major aspects of startup, including but not limited to facilities, governance, regulatory compliance, procurement, contracting for services, hiring, enrollment and neighborhood outreach.

The following is a summary of the duties that the 3 anchor members of EASW's management will hold:

Founding Principal: The qualified candidate will have experience as a personnel manager and administrator. Care will be taken to identify a `servant leader' who can support a team rather than acting as a unilateral decision-maker. A seasoned leader will be retained with the necessary experience to handle teacher, parent, student and community relations. The Principal will be responsible for:

- **Faculty Hiring:** Managing the process of recruiting, hiring, selecting and training 12 teachers to instruct grades K-2. The Principal will work hand-in-glove with members of Exalt, who will attract and pre-quality candidates.
- **Team Building:** Developing the faculty into a cohesive, trusting team by: (a) introducing and building strong, healthy communication norms; (b) putting the faculty in a position to implement the behavior management system, and (c) providing the leadership that is necessary for the faculty to function in an open, transparent fashion.
- **Network Support:** Exalt's support team will work closely with the Principal to deliver the teacher training that occurs during the 4-6 weeks leading up to the start of the year. Exalt's team will provide extensive support with assessment, reporting and performance management.

The expectation is that the Founding Principal will see EASW through from approval of the charter application to at least the completion of its second full year of operation.

Founding Business Manager: The qualified candidate will have experience as a financial and operational manager. Care will be taken to identify a quick learner, diligent project manager, well-organized multi-tasker, and "doer" with the capacity to balance many startup tasks. To be qualified, the right candidate must have accounting

and book-keeping experience. The Business Manager will be responsible for:

- Financial Management: Preparing the annual operating budget and cash flow projections, preparing financial statements for board review, and managing accounting and book-keeping.
- Regulatory Compliance: Setting up EASW's profile in the state-required computer network, attending the necessary training, utilizing the state's resources, handling cycle reporting, and entering all required information.
- Ancillary Services: Working closely with the Exalt team to negotiate contracts and initiate services related to food, cleaning, maintenance, technology, security, traffic control and other areas.
- Human Resources Administration: Conducting background checks, establishing health and retirement benefits, setting up payroll, handling tax withholdings, and other HR functions.
- School Setup Functions: Members of Exalt's central team will assemble the governing board, secure startup funding, negotiate the lease, make necessary upgrades to the facility, assist with procurement, and support the business manager in handling budget, cash flow and procurement.

The expectation is that the Founding Business Manager will see EASW through from approval of the charter application to at least the completion of its second year of operation.

Founding Community Outreach Coordinator: The qualified candidate will bring experience in community organizing, political campaigning and/or non-profit outreach services. Qualifications include professionalism, charisma, excellent speaking and written communication skills, strong relationship-building aptitudes, a proven comfort level engaging with community members, and the willingness to do whatever it takes to start the school. The Community Outreach Coordinator will be employed by Exalt through the management agreement with the school. The Community Outreach Coordinator will be responsible for:

- Enrollment Campaign: The Outreach Coordinator will lead the campaign to conduct outreach to families in the target region, create a positive image in the community, build bridges with community institutions, and fully enroll the school.
- Establishing Community Partnership: The Coordinator will meet with schools, community centers, youth programs, daycares, preschools, extended day programs, employment agencies, and churches. The Coordinator will create a strong, expansive network of support for the school.
- Advertising and Communications: The Coordinator will negotiate advertising with local radio stations and community newspapers, develop a website and Facebook presence, attend community events, and engage in daily outreach.

The expectation is that the Coordinator will see EASW through from approval of the charter application to at least 3 months after opening for the first year of operation.

Board Directors: The qualifications of school board directors are described in *Item 2*, which addresses *Governance Structure*.

Outline of Full-time Positions for School's 1st Year of Operation

The following is an outline of duties for each of the primary positions on the school's staff during the 1st full year of operation:

Principal (1.0 Administrator): The position will have overall responsibility for: (a) Academic Program Development and Delivery; (b) Teacher Management; (c) Student Behavior; (d) Parent Communications; and (e) Community Outreach. Employed by Exalt through the management agreement with the school.

Director of Business Management (1.0 Administrator): The position will have responsibility for: (a) Budget Development and Execution; (b) Accounting and Financial Management; (c) Payroll and HR Administration; (d) Oversight of Office Manager; and (e) Ancillary Services: bussing, food, technology, copying. \$38,000 per annum

Office Manager (1.0 Administrator): The position will have responsibility for: (a) Routine State Computer System Entry; (b) Visitor Reception; (c) Answer Telephones; (d) Hallway and Entrance Monitoring; (e) Daily Attendance and Homework Records; and (f) Record Keeping. \$30,000 per annum

Dean of Students (1.0 Administrator): The position will have responsibility for: (a) Behavior Management Support; (b) School-wide Assembly Planning and Management; (c) Student Recognition and Rewards; (d) Parent Relations Regarding Discipline; (e) Student Discipline and Record-Keeping; and (f) Strong Presence with School Community. \$38,000 per annum

Director of Learner Supports (1.0 Administrator): The position will have responsibility for: (a) Caseload Setup and Management; (b) Inclusionary Services; (c) Interventions and Pullout Services; and (d) Contracted Services. (e) Management of ELL Program. \$40,000 per annum

Teaching Staff

Lead Teachers: (1 per grad level) This position will involve meeting with their grade level teacher teams regularly and serving as a resource in supporting the education of 60 students in each grade. \$34,000-\$38,000 per annum

Professional Conduct Requirements

The following is a list of professional requirements of all school staff as applicable based upon position. These requirements have been set forth so that the staff can work collaboratively to keep the school climate safe, orderly and professional. The requirements will be a condition of the employment arrangement between EASW and all staff members.

1. Timely Arrival & Departure every day unless express written permission is given by the Principal as documented in email or other forms.
2. Active Hallway Monitoring to supervise student movement during all passing periods.
3. Timely Instruction for every minute of every class.
4. Supervised Restroom Breaks including monitoring student entry and exit from the restrooms.
5. Classroom Supervision at all times when students are present.
6. Proper Written Notice with at least 2 weeks' notice of time off.

7. Active Hallway and Recess Supervision to prevent unsafe student conduct.
8. Cleanliness of classrooms and building.
9. Structured Physical Education according to a daily lesson plan.
10. Focused, Engaging Teaching with urgency every minute of every class.
11. Weekly Submission of Lesson Plans along expected timeline for every period - reading, math, language, English Language Arts, other.
12. Advance Preparation of all materials for distribution to students well in advance of delivery.
13. Positive Behavior Management that centers on fostering a fun but structured learning climate.
14. Strict Use of Hallway Passes with enforcement of speedy return.
15. No Personal Telecommunication during the school day.
16. Professional Conduct at all times with all staff members.
17. Professional Attire at all times while on school property.
18. Regular Parent Communication with prior administrative approval of all written correspondence.

13. Explain how the school will conduct its business office. Tell about business office personnel and describe the process by which the school governance will adopt an annual budget.

Applicant Response:

The business affairs of the Exalt Academy of Southwest Little Rock (EASW) will not be handled by one individual, but by a team of individuals who will all be active participants in the financial affairs of the organization. The following is a description of the various parties who will be involved in managing the finances of the organization:

- Board of Directors: The board of directors will review a complete set of annual, monthly and year-to-date financial statements at every regular monthly meeting. The financial statements include: (a) annual operating budget; (b) annual cash flow projection; (c) monthly cash flow statement; (d) monthly income statement; (e) month-end balance sheet; (f) updated annual budget-to-actual comparison income statement; (g) updated annual projected-to-actual cash flow statement. These statements will be prepared by a qualified business manager. The board of directors will complete the approved Arkansas State training for board members. A qualified treasurer on the board will meet with the business manager periodically to develop and approve the format and content of the financial statements.
- Exalt Education Oversight: The business manager will be trained and overseen directly by the Chief Administrative Officer, Sonja Taylor-Larkowski, and the CEO of Exalt Education, Benjamin J. Lindquist. Both the Chief Administrative Officer and the CEO of Exalt Education have taken the required Arkansas State trainings including completing 12 hours of Tier I trainings in the 2012 calendar year. The financial manual approved by the board of directors will require that a qualified professional on the board - acting as the board treasurer and fiscal procurement officer - approve all required transactions.
- Training & Technical Support Organizations: During the first year in the position, the Business Manager of the Exalt Academy will complete the required Arkansas State financial and compliance trainings. Through these trainings and other scheduled appointments, the director will meet and participate in engagements with qualified individuals at the Arkansas Department of Education, the Arkansas Public School Resource Center, Complete Consulting and other qualified organizations.
- Signing & Approval Authority: Specific controls will be used and monitored to ensure that all financial transactions are properly approved, recorded and reconciled. Specifically, bank statements will be sent directly to the Treasurer of the board, not the director of business affairs. The director of business affairs will prepare all checks in APSCN, but will not have the authority to sign checks. When checks are signed, supporting documentation will be reviewed to ensure the appropriateness and accuracy of payments.
- Education Commissioner & State Department Approval: Financial obligations will be submitted to the Arkansas Department of Education for approval by the Commissioner, including the lease agreement, copier agreement, long-term notes, and any other required obligations.

Through these and other measures, the Exalt Academy will take steps to ensure the effectiveness of its financial management.

Annual Operating Budget

The Business Manager will be responsible for working with the board treasurer and a qualified member of the Exalt Education team to prepare the annual operating budget and manage the organization's position against it. An annual operating budget will be prepared for the pre-opening fiscal year and the 1st year of operation. This budget will be developed with appropriate oversight and approved by the board of directors no later than May 1st of each fiscal year preceding implementation of the budget. The budget will include the establishment of a contingency reserve to serve as a protection against unforeseen financial needs.

14. Describe the manner in which an annual audit of the financial and programmatic operations of the school will be conducted. If the school wishes to request that the authorizer allow a licensed accountant or licensed certified public accountant, rather than the Legislative Auditor, to perform the first-year audit, identify the accountant by name, firm, address, and phone number. The named accountant must meet the requirements of ADE Rules Governing Publicly Funded Educational Institution Audit Requirements, including the prohibition on auditors providing non-audit services (such as accounting or consulting services) to auditees. A school's preference as stated in this application may not be changed without prior approval of the authorizer.

Applicant Response:

The first annual audit of the Exalt Academy of Southwest Little Rock will be conducted in a manner that is in accordance with state requirements. An excerpt of state laws pertaining to public audits is included below for ease of reference including an outline of the information that will need to be provided to the Arkansas Department of Education (ADE) and the community.

The audit will be conducted within 9 months of the end of the first fiscal year of operation. If granted permission by the ADE, the Exalt Academy of Southwest Little Rock will use the following audit firm.

Rami Kassissieh, CPA, Partner
Hudson, Cisne & Co. LLP
Certified Public Accountants
11412 Huron Lane, Little Rock, AR 72211
Main: (501) 221-1000
Email rkassissieh@hc-cpa.com

The reason for requesting that Hudson, Cisne be retained is that this firm has audited the Little Rock Preparatory Academy's first three years of operation and has done an excellent job. Hudson, Cisne provides a level of staffing and diligent, individualized service that is beneficial. Hudson, Cisne understands the financial policies and management that is expected by an Exalt-managed school. The agreement with the auditor will stipulate that the audit must be completed and submitted to ADE no later than 9 months following the end of the first fiscal year of operation.

**ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING PUBLICLY FUNDED EDUCATIONAL INSTITUTION
AUDIT REQUIREMENTS
January 16, 2012**

1.00 AUTHORITY

1.01 The Arkansas State Board of Education's authority for promulgating these Rules is pursuant to Ark. Code Ann. §§ 6-1-101; 6-11-105; 6-11-205; 6-12-112; 6-13-1020; 6-13-1608; 6-17-426; 6-20-1801 through 6-20-1804; 6-20-1806; 6-20-1905; 10-4-413; and Acts 981 and 993 of 2011.

1.02 These Rules shall be known as the Arkansas Department of Education (ADE) Rules Governing Publicly Funded Educational Institution Audit Requirements.

2.00 PURPOSE

2.01 The purpose of these Rules is to establish the requirements for the completion, filing, and review of financial audits for all publicly funded educational institutions, including but not limited to, Arkansas school districts, open-enrollment public charter schools, and education service cooperatives (auditees).

3.00 AUDIT REQUIREMENTS

3.01 The accounts of all publicly funded educational institutions shall be audited annually by the Arkansas Division of Legislative Audit (Legislative Audit) or a private independent certified public auditor.

3.01.1 A private auditor, other than Legislative Audit, must be selected by the school district board or governing body of the institution.

3.01.2 If a private auditor was used for the prior year audit, or if the auditee did not exist during the prior year, the auditee may request that Legislative Audit conduct its financial audit. The written request shall be submitted to the Arkansas Legislative Auditor at least 90 days prior to end of the fiscal year to be audited.

3.01.3 If the publicly funded educational institution is an open-enrollment public charter school, Legislative Audit shall prepare the required financial audit of the institution's first year of operation unless the State Board of Education approves the use of an entity other than Legislative Audit. The financial statements shall be presented on a fund basis format, and as a minimum, the general fund and the special revenue fund presented separately and all other funds included in the audit presented in the aggregate.

3.03 The financial statements shall consist of the following

3.03.1 A balance sheet;

3.03.2 A statement of revenue, expenditures, and changes in fund balances;

3.03.3 A comparison of the final adopted budget to the actual expenditures for the general fund and the special revenue funds; and

3.03.4 Notes to the financial statements

3.04 The report shall include as supplemental information a schedule of capital assets, including:

3.04.1 Land;

3.04.2 Buildings; and

3.04.3 Equipment.

3.05 The governing body of a school may require its annual financial audit to be performed and financial statements to be presented in accordance with guidelines prescribed by the Governmental Accounting Standards Board, the American Institute of Certified Public Accountants, and the United States Government Accountability Office as an alternate basis of presentation to that listed in 3.03 through 3.04 of this Rule.

3.06 The report must include information on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with Governmental Auditing Standards.

4.02 Audit reports shall be presented to the School Board or governing body of the auditees in a format as prescribed by professional accounting organizations.

4.03 All annual audits of auditees NOT conducted by Legislative Audit shall be completed and filed with the ADE and Legislative Audit within nine (9) months following the end of each fiscal year.

4.03.1 At the request of the auditee, the ADE may grant an extension of up to ninety (90) days on the deadline specified in section 4.03.

4.03.2 If the auditee is subject to federal circular A-133 audit requirements, any extension must first be obtained from the appropriate federal agency.

15. It is affirmed that the public charter school will participate in the Arkansas Public School Computer Network, as required by state statute and by State Board of Education rule, for reporting **both education data and financial data**, including grant funds or private donations received directly by the charter school.

Yes

No

16. Describe the facilities to be used. Give the present use of the facility. If the facility to be used for the school is a facility of a school district, describe the terms established by the local school board of the district stipulating the relationship between the proposed public charter school and the district pertaining to the use of the facility. Attach a copy of the agreement, signed by the president of the local school board, the chair or president of the governing body of the proposed open-enrollment public charter school, and the chief operating officer of the proposed charter. If the facility is not operated by a school district, attach a copy of the Facilities Utilization Agreement, signed by the entity owning or operating the facility and the chief operating officer of the proposed charter. A proposed lease may also be submitted but is not required. Please note that any lease or other debt must be approved by the Commissioner of Education.

Applicant Response:

The facility to be used is the former home of a faith-based school, Vision Christian Academy. It has exceptional amenities and an easy access location. The facility is located near a main artery for an effective traffic flow design for student drop-offs and dismissals. The facility is owned by a church, Second Baptist Church. A copy of the Facilities Utilization Agreement is attached that indicates agreement with Exalt Education and the landlord, Second Baptist Church, of the use of the facility and its equipment both from a dedicated and shared perspective. This includes provisions for school and enrollment growth year by year.

The facility is in compliance with applicable codes. Complete and periodic inspection of the premises will be conducted to ensure total compliance with all codes. Yes, the facility will comply with all requirements for accessibility in accordance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) and all other state and federal laws and local zoning ordinances.

The facility has been zoned as a school per the City of Little Rock Planning and Zoning Commission. In February 1, 2010, the facility received a Conditional Use Permit to operate as a free neighborhood health clinic. Per the Commission, both the clinic and school can coexist.

There are no alcohol sales within 1000 feet of the facility.

The facility has the following amenities:

- The 12 classrooms are all adequate in size to house Exalt's classes in grades K-2 with two co-teachers in each room. This will comfortably allow for the launch of the school during Year 1 through grades K-2, but also allow for upward mobility as we add a grade per year to address the growth needs of the lower elementary school campus.
- A full size gymnasium to promote physical exercise and its correlation to enhanced student learning and growth. The gym also is used as a dining room for breakfast and lunch for the students. Evening activities can be planned to promote community outreach and foster parental involvement.

- A full-service commercial kitchen for the nutritional and food service needs
- A large library and a small library to address the needs of both the smaller and larger student groups
- A computer lab to meet the technology requirements for on-line testing and computer literacy
- Offices have ample space for administration and privacy
- A glassed-in reception area
- A fenced grass playground that is age-appropriate. Ample space provided also for paved playground area.
- A teacher's lounge to promote and enhance employee morale.
- An installed access control system for security
- Ample parking spaces for staff and visitors
- Student Lockers
- 4 large hallways
- Closet space

It is located in the Southwest section of Little Rock at 6111 West 83rd Street. The facilities offers easy access and can be approached by getting off the Geyer Springs exit of I-30, traveling south for 0.3 miles to W. 83rd St. Right on W. 83rd Street and school is on left after 0.1 miles.

The owner of the proposed facility is Second Baptist Church. It is the Southwest Little Rock location of the parent church located at 7209 Barrow Road, Little Rock, AR 72204. The owner does not have a relationship with the following:

- (1) Members of the local board of the Little Rock school district; nor,
- (2) Employees of the public school district where the proposed open-enrollment public charter school will be located, nor
- (3) Exalt, the eligible entity sponsoring the open-enrollment public charter school, nor
- (4) Employees/directors/administrators of Exalt.

Since the owner is a church organization, that relationship could change at any time. Exalt, however, will be forthcoming of any findings as such.

Identify the owner(s) of the proposed facility and describe their relationship, if any, with:

- (1) Members of the local board of the public school district where the proposed open-enrollment public charter school will be located,
- (2) Employees of the public school district where the proposed open-enrollment public charter school will be located,
- (3) The eligible entity sponsoring the open-enrollment public charter school, or
- (4) Employees/directors/administrators of the sponsoring entity or proposed open-enrollment public charter school.

Applicant Response:

The owner of the proposed facility is Second Baptist Church. It is the Southwest Little Rock location of the parent church located at 7209 Barrow Road, Little Rock, AR 72204. The owner does not have a relationship with the following:

1. Members of the local board of directors of the Little Rock School District;
2. Employees of the public school district where the proposed open-enrollment public charter school will be located, nor
3. Exalt, the eligible entity sponsoring the open-enrollment public charter school;
4. Employees/directors/administrators of Exalt Education.

Since the owner is a church organization, that relationship could change at any time. Exalt, however, will be forthcoming of any findings as such.

The facility will comply with all requirements for accessibility in accordance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) and all other state and federal laws and local zoning ordinances.

The facility has been zoned as a school per the City of Little Rock Planning and Zoning Commission. In February 1, 2010, the facility received a Conditional Use Permit to operate as a free neighborhood health clinic. Per the Commission, both the clinic and school can coexist.

There are no alcohol sales within 1000 feet of the facility.

The facility will comply with all requirements for accessibility in accordance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) and all other state and federal laws and local zoning ordinances.

Yes

No

If the facility does not currently meet these requirements, provide a list of items that will need to be addressed to bring the facility into compliance. Also include a statement of permissible uses for the facility from the local zoning authority, and whether there are any alcohol sales within 1,000 feet of the facility.

Applicant Response:

The facility will comply with all requirements for accessibility in accordance with the Americans with Disabilities Act (ADA) and Individuals with Disabilities Education Act (IDEA) and all other state and federal laws and local zoning ordinances.

The facility has been zoned as a school per the City of Little Rock Planning and Zoning Commission. In February 1, 2010, the facility received a Conditional Use Permit to operate as a free neighborhood health clinic. Per the Commission, both the clinic and school can coexist.

There are no alcohol sales within 1000 feet of the facility.

17. For each and every individual specifically identified by name in Section A of the application (the contact person, chief operating officer, board members, and other individuals), identify any family or financial relationship which may exist between that individual and:
- (A) Any other individual specifically identified by name in Section A of the application;
 - (B) Any individual or entity with whom the sponsoring entity or charter school has contracted, or intends to contract, to provide any services or products for the proposed charter school; and/or
 - (C) The owner(s) of the facilities to be used.

For the purpose of this standard, an individual has a financial relationship with another individual or entity if he or she:

- (1) Receives compensation or benefits directly or indirectly from the entity or individual;
- (2) Is an officer, director, partner, employee, or owner of more than 5% of the shares of an entity that is a corporation, partnership, sole proprietorship, or LLC; and/or
- (3) Has a family member (spouse, sibling, parent or child, or the spouse of a sibling, parent, or child) who is an officer, director, partner, employee, or owner of more than 5% of the shares of an entity that is a corporation, partnership, sole proprietorship, or LLC.

Applicant Response:

There are no contractual or financial agreements or beneficiaries between any individual identified in Section A and any member of the proposed school.

Explain the procedures to be followed if a conflict of interest is identified. The procedures must ensure that all actions are in the best interest of the school and the students at the school.

Applicant Response:

The following points are designed to explicitly clarify all areas of the charter application where there is the potential for conflicts-of-interest:

- The sponsoring agent, Exalt Education, is an Arkansas-based non-profit charter school management organization that plans to enter into a service agreement to manage the Academy. Exalt is a non-profit organization that exists for charitable, tax-exempt purposes. It does not have owners. The board of directors of Exalt has approved and abides by a conflict-of-interest policy, which is consistent with the model policy recommended by the Internal Revenue Service.
- The Little Rock Preparatory Academy (LRPA), a school managed by Exalt Education, is a four-year old Arkansas-based non-profit public charter school. LRPA exists to fulfill its mission. It does not have owners. The board of trustees approved and abides by a conflict-of-interest policy, which is included below.
- The Exalt Academy of Southwest Little Rock (EASW) will be incorporated as an Arkansas-based non-profit public charter school. The Academy exists to fulfill its mission. It does not have owners. Its board of directors will approve a conflict-of-interest policy, which will be modeled after the policies in place at Little Rock Preparatory Academy and Exalt Education.

In direct response to the questions posed in the guidelines of this section, there are no familial, contractual or paid relationships of any kind in the applicant team. Appropriate measures and safeguards will be taken to ensure that such relationships are not allowed because of the importance to maintaining a single-minded focus on accomplishing our collection mission.

The following Trustee Job Description and Conflict Of Interest policy are taken directly from the Little Rock Preparatory Academy, which will serve as a model for EASW. These documents illustrate the language and practice that will be used to guide the development of the EASW

Conflicts-of-interest are present whenever there is the potential for a decision to be made that garners personal compensation or benefit for an individual. Conflicts-of-interest must be managed through proactive disclosure and appropriate measures. A board member, administrator, employee or contractor is actively encouraged to disclose any situation where a conflict-of-interest exists. When the conflict becomes apparent, the individual is recused from the process or decision, which is then handled by other members of the organization who do not have the conflict.

Trustee Job Description

The purpose of the Board of Trustees is to uphold the mission of LRPA and oversee the fiduciary and legal direction of the school. The daily administration of the school is the responsibility of the Head of School/CEO. The Board, Administration and Faculty of LRPA are committed to putting the best interest of the students of LRPA at the forefront.

As fiduciary guardians of LRPA, Trustees must approve an annual budget that ensures the organization can meet its financial obligations. Trustees must monitor the overall financial health of the organization by reviewing and understanding financial reports provided by the Treasurer and/or an auditor. The Board must implement plans to keep the organization solvent and insist on professional financial practices.

As legal guardians of LRPA, Trustees are bound legally to abide by the rules, procedures, and laws set forth in the organization's charter, articles of incorporation, by-laws, and other state and federal regulations governing the operations of 501(c)3 organizations.

Neither officers nor individual members of the Board have any authority to act independently of the full Board. When they do, it can seriously damage the organization's ability to carry out its mission, board team spirit and LRPA's image in the community.

Confidentiality is expected in all situations.

Responsibilities & Expectations

- Establish sound governance policy and challenging but attainable institutional goals for the organization
- Each Trustee is expected to contribute each year to the Annual Fund fulfilling the goal of 100% Board participation
- Support the fund raising efforts by underwriting events, or contacting individuals, corporations and foundations for financial support
- Understand by-laws and all legal contracts
- Create and update a long-range plan for the organization
- Select and support the Board officers
- Provide the CEO with the resources necessary to operate a successful school
- Hire and evaluate the CEO
- Attend monthly board meetings on the fourth Monday of each month
- Participate in school functions as representatives of the board
- Be a community ambassador for LRPA

Trustees should be familiar with and uphold LRPA's mission, school model (as established by Building Excellent Schools) by-laws, current financial statements and the Case for Support.

CONFLICT OF INTEREST POLICY

Policy A Trustee owes certain fiduciary duties, including the duties of loyalty, diligence, and confidentiality to LRPA, which require that a Trustee always act in good faith on behalf of LRPA and not for their own or others' interest.

Disclosure A Trustee shall promptly disclose to the Board any personal or outside interest, relationship or responsibility (financial, professional or otherwise) held by the Trustee with respect to any potential or actual transaction, agreement or other matter which is or may be presented to the Board for consideration, even if such interest, relationship or responsibility has otherwise generally been disclosed to LRPA or the Board.

Recusal Any Trustee with such an interest, relationship or responsibility which conflicts with the interest of LRPA or its shareholders, shall recuse himself or herself from any reporting, discussions and vote on the issue that gave rise to the conflict and, if necessary, from the Board meeting, or applicable part thereof. Such Trustee may petition to Board Chair for an opportunity to speak to the Board relative to the conflict of interest.

Resignation In circumstances where a Trustee has a significant, ongoing and irreconcilable conflict and where such personal or outside interest, relationship or responsibility significantly impedes the Trustee's ability to carry out his or her fiduciary responsibility to LRPA, resignation from the Board or the conflicting interest be required.

I understand and will fulfill the above Trustee Job Description and abide by the Conflict of Interest Policy.

Signed, this _____ day of _____ 20_____.

Signature of LRPA Trustee

Printed Name of LRPA Trustee

18. Describe the manner in which the school will make provisions for food services. State whether the proposed charter school will apply to participate in the federal National School Lunch program or other federal nutrition programs.

Applicant Response:

Under Exalt Education's management, Little Rock Preparatory Academy (LRPA) currently uses a state-approved food service vendor. *Preferred Meal Systems, Inc.* delivers prepackaged meals to both LRPA campuses, which are prepared and distributed for breakfast and lunch. Preferred Meal Systems is approved to provide meals by the Arkansas Department of Education's Child Nutrition Unit.

LRPA participates fully in the National School Lunch program. As a result, Exalt's leadership would bring significant direct experience and support to the setup of a new school that would participate in the School Lunch Program.

Currently, 86% of the students at LRPA qualify for Federal Free & Reduced Lunch. Applications are completed by all families as part of the standard enrollment registration process. LRPA follows point-of-service requirements to make sure that students are allotted meals in accordance with their free, reduced or paid meal status. Payments are collected from families that do not qualify for free lunch, and these funds are handled directly by LRPA's finance director.

The Exalt Academy of South West Little Rock will establish a food service program consistent with the one in place at LRPA. Personnel of Exalt Education, the non-profit organization that manages LRPA and will manage EASW, will make sure that the Exalt Academy's management team is fully trained on how to set up and manage the food service program in accordance with federal USDA guidelines and state ADE requirements

19. Describe how the parents or guardians of the enrolled students and other members of the community will be involved with the school to positively impact the charter school's educational programs.

Applicant Response:

Families will be closely engaged in the Exalt Academy of Southwest Little Rock (EASW) through a variety of channels. These channels are delineated below:

- **Start-of-Year Home Visits:** First, parents will build strong bonds with the teachers of their students, who are the primary liaison with families. Twice each year, the classroom teachers will schedule appointments and conduct visits to the homes of all students. During the start-of-year visit, teachers introduce a Student-Teacher-Parent Covenant, which outlines the primary obligations that all 3 parties make to each other as part of making sure that every student receives an exemplary education.
- **Ongoing Teacher Communication:** Second, teachers will regularly communicate with families through electronic postings, telephone calls, electronic report card system and other means. This year, Exalt is implementing a parent-school communication system through Illuminate, a robust electronic platform that is being put in place at all Exalt-managed schools.
- **Academic Updates:** Third, families will receive comprehensive updates on their children's learning at regular intervals throughout the academic year. Quarterly report cards with grades in every major subject and notes on student behavior will be distributed. Twice each year, parents will come into the school for student-led conferences. During these conferences, students will be expected to demonstrate what they are learning and share samples and exhibitions of their academic work.
- **Parent-School Support Organization:** Fourth, a parent-school support organization will be organized to support the Academy. This organization will be directed by a board of parent officers, including a President, Vice President, Treasurer and Secretary. The board will collect input from the parent collective anecdotally and through surveys. The board will meet with the Academy's management team regularly, two weeks before every monthly meeting of the board of directors. Through this engagement, the parent board will help the Academy clear barriers and provide families with the best possible educational experience.
- **Scheduled Appointments:** Fifth, key members of EASW's management team will meet with parents frequently on an appointment-basis, including the Principal, Dean of Students, Office Manager and Director of Learner Supports. Appointments will be scheduled when parents express concerns or when students are disengaging from instruction for any reason.
- **School Communications:** Sixth, EASW will issue monthly newsletter to all families. In this newsletter, the Academy's principal will offer profiles of teachers, showcase events and speakers, provide a calendar of upcoming activities, and post important information such as dress-up uniform days.
- **A Voice at Board Meetings:** Seventh, an announcement will be posted for all families to let them know about regularly scheduled board meetings. At these board meetings, parents and other interested parties in the community will have the opportunity to make remarks directly to the board of directors on any issue of their choosing. The emphasis will be on solving problems and making the Academy better.
- **Community-based Partnerships:** EASW's leadership will be keenly interested in becoming a core partner with key stakeholders within the South West Little Rock community to work collaboratively to meet the needs of the students at EASW and the increasing needs of the community to curb crime and increase the quality of public education. EASW will engage in partnering efforts with churches, civic leaders, community and fund-development organizations, and other school advocates to reach mutual-defined objectives.
- **Satisfaction Surveys:** EASW will administer surveys at least once annually to gauge parent satisfaction levels and gather input on desired preferences and programmatic priorities.
- **Vote with Their Feet:** As with all public charter schools, parents sent a powerful message when they choose a school for their child. Because high rates of student retention are essential to fulfilling its mission, EASW's management will work very hard to keep parent relations strong once they have chosen to enroll their children in the Academy.

Through these channels, families will have the opportunity to have a positive impact on the continuous improvement of all aspects of school culture, programs, instruction and management.

20. List the provisions of Title 6 of the Arkansas Code Annotated (Education Code), State Board of Education rules, and sections of the *Standards for Accreditation of Arkansas Public Schools and School Districts* from which the public charter school seeks to be exempted in order to meet the goals of the school. Identify the specific statute, rule, or standard requested to be waived by title and section number if applicable. **Provide a brief description of the rationale for each waiver requested.**

Applicant Response:

Waiver Requests

Teacher Licensure Waiver Request

We request a waiver from Ark. Code Ann. §§ 6-15-1004 (concerning qualified teachers in every classroom); 6-17-301 (concerning employment of certified personnel); 6-17-309 (concerning certification to teach particular grade or subject matter); 6-17-401 (concerning teacher licensure requirement); 6-17-902 (concerning definition of teacher); 6-17-919 (concerning warrants void without valid teaching license and contract); Section 15.03 of the ADE Rules Governing the Standards for Accreditation of Public Schools and School Districts; the ADE Rules Governing Waivers for Substitute Teachers; and the ADE Rules Governing Parental Notification of an Assignment of a Non-Licensed Teacher:

The Academy requests these waivers because the Exalt educational model, under which it will operate, requires the flexibility to hire teachers and administrators who are best suited to implementing Exalt's unique curriculum and policies to best attain the maximum amount of student achievement and growth. The Academy and Exalt will seek to hire licensed teachers and administrators whenever possible; all teachers hired will be highly qualified. Exalt provides extensive training, support, and supervision for its teachers and administrators.

Uniform Date for Beginning and End of School Year and Length of School Day

We request a waiver from Ark. Code Ann. § 6-10-106 (uniform date for beginning and end of school year) and Ark. Code Ann. § 6-16-102 (length of school day) because the Exalt education model requires an extended school year. Exalt's focus is on children from underserved communities who often do not have the same educational enrichment activities outside of school as children from more affluent communities. Therefore, Exalt builds many of these enrichment activities into its curriculum, necessitating an extended school year.

School District Boards of Directors and School Board Elections

We request a waiver from Ark. Code Ann. § 6-13-601 et seq. (school district boards of directors) and Ark. Code Ann. § 6-14-101 et seq. (school board elections). The Academy's governance structure, like any open-enrollment public charter school, was created and has operated since the grant of the initial charter pursuant to the Arkansas Charter Schools Act of 1999 (Ark. Code Ann. § 6-23-101 et seq.; specifically, Ark. Code Ann. §§ 6-23-302, 303, 306 and 401). The Academy is requesting this waiver from the listed statutes, which are on their face applicable only to school districts, to ensure that there is no confusion as to the applicability of the statutes to the governance structure contained in our charter.

Daily Planning Period

We request a waiver from Ark. Code Ann. § 6-17-114 (concerning daily planning period) because the Exalt Education model requires the flexibility to adapt teacher schedules to its unique curriculum and practices regarding curriculum planning and teacher support. Exalt places great emphasis on planning and monitoring teacher and student performance and ensures that teachers have the support they need to plan effectively.

Non-Instructional Duties

We request a waiver from Ark. Code ann. § 6-17-117 (concerning non-instructional duties) because the Academy

uses the Exalt educational model, which requires the flexibility to assign duties to maximize use of teacher and administrator time.

Certified Personnel Policies and Committees

We request a waiver from Ark. Code Ann. § 6-17-201 et seq. (concerning certified personnel policies and committees) because the Academy will operate under the Exalt model, which develops and executes standardized personnel policies and procedures in accordance with applicable laws and best practices. This waiver request is complimentary to other waivers requested concerning the Teacher Fair Dismissal Act (Ark. Code Ann. § 6-17-1501 et seq.) and the Public School Employee Fair Hearing Act (Ark. Code Ann. § 6-17-1701 et seq.).

Teacher Fair Dismissal Act and Public School Employee Fair Hearing Act

We request a waiver from Ark. Code Ann. § 6-17-1501 et seq. (Teacher Fair Dismissal Act, Ark. Code Ann. § 6-17-1701 et seq. (Public School Employee Fair Hearing Act), and Ark. Code Ann. § 6-17-2201 et seq. (Classified School Employee Minimum Salary Act) because the Exalt educational model requires the flexibility to hire and retain the most highly qualified teachers available. In addition, Exalt teachers (as well as administrators) are expected to be highly responsive to the needs of students and their families.

Classified Personnel Policies and Committees

We request a waiver from Ark. Code Ann. § 6-17-2301 et seq. (concerning classified personnel policies and committees) because the Academy will operate under the Exalt model, which develops and executes standardized personnel policies and procedures in accordance with applicable laws and best practices.

Gifted and Talented Children

We request a waiver from Ark. Code Ann. § 6-42-101 et seq. (gifted and talented children) and Sections 18.01-18.03 of the ADE Rules Governing the Standards for Accreditation of Arkansas Public Schools and School Districts (concerning gifted and talented programs) because, under the Exalt education model, each child is taught at his or her own level. Accordingly, each child is given the opportunity to develop his or her own gifts and talents and the Academy will not designate certain children as "gifted and talented", thus excluding others from enriched programs.

Support Services

We request a waiver from Ark. Code Ann. § 6-18-1001 et seq. and Section 16.01 of the ADE Rules Governing the Standards for Accreditation of Arkansas Public Schools and School Districts, and the ADE Rules Governing Public School Student Services (concerning guidance and counseling services) because the Exalt model includes a full array of support services that have proven effective in supporting students and families. The Academy will be a college preparatory school and, as such, will offer each student comprehensive guidance counseling and related services.

21. Describe the potential impact of the proposed public charter school on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

Applicant Response:

Desegregation Analysis

Exalt Academy of Southwest Little Rock (Exalt Academy) proposes to locate its open-enrollment public charter school within the boundaries of the Little Rock School District, and as an open-enrollment public charter school unconfined by district boundaries, expects to obtain its students from within the boundaries of the Little Rock and Pulaski County Special School Districts.

Exalt Academy is required by Ark. Code Ann. § 6-23-105 to carefully review the potential impact its opening would have upon the efforts of the Little Rock and Pulaski County Special School Districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. In conducting its review, Exalt Academy has substantiated that the Little Rock School District (LRSD) has been found by the federal District Court to be unitary in all respects of its school operations. The Pulaski County Special School District (PCSSD) has been determined by the federal District Court to be unitary in all respects concerning interdistrict student assignment. The importance of the attainment of unitary status of LRSD and the status of PCSSD as unitary in the areas of interdistrict student assignment is that those school districts have no further obligations to comply with court orders in these areas. Therefore, the granting of an open-enrollment public school charter for Exalt Academy cannot be said to have a negative impact on the LRSD and PCSSD's ability to comply with court orders or statutory obligations to create and maintain a unitary system of desegregated public schools.

Pursuant to Ark. Code Ann. § 6-23-306, Exalt Academy must be race-neutral and non-discriminatory in its student selection and admission processes. Ark. Code Ann. § 6-23-105 requires that Exalt Academy's operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of a public school district or districts within the state; Exalt Academy's careful review shows that such negative effect is not present here.

In 2010, LRSD filed a motion to enforce the 1989 Settlement Agreement in the Pulaski County School Desegregation case. The federal District Court permitted the Pulaski County open-enrollment public charter schools to intervene to present their arguments against the motion. That motion contends that the operation of open-enrollment public charter schools within Pulaski County interferes with the "M-M Stipulation" and the "Magnet Stipulation." On January 17, 2013, United States District Judge D.P. Marshall, Jr. denied LRSD's motion in these words:

To sum up, LRSD and Joshua's motions fail because, after considering the undisputed facts, and considering those that are disputed in LRSD and Joshua's favor, no reasonable fact finder could conclude that the State is in material breach of the parties' 1989 Settlement Agreement as to open-enrollment charter schools in Pulaski County. The proof of any adverse effect beyond the margin on either the stipulation magnet schools or M-to-M transfers has not materialized. The cumulative effect of open-enrollment charter schools in Pulaski County on the stipulation magnet schools and M-to-M transfers has not, as a matter of law, substantially defeated the relevant purposes of the 1989 Settlement Agreement, the magnet stipulation, or the M-to-M stipulation.

Little Rock School District, et al. v. North Little Rock School District et al., Lorene Joshua et al., Arkansas Virtual Academy, et al., Case No. 4:82-CV-866-DPM, U.S. District Court-Eastern Division of Arkansas Western Division, Document 4809, at page 29.

In conclusion, Exalt Academy submits that, upon the basis of its review, neither any existing federal District Court desegregation order affecting the LRSD and the PCSSD, nor the 1989 Settlement Agreement, prohibit the State's charter school authorizer from granting a new charter for an open-enrollment public charter school in Pulaski County.

22. Identify the two or three key individuals responsible for this application. Discuss the experience and qualifications of each. Explain what the founders are doing or will do to ensure the success of the charter school when others are in leadership roles.

Applicant Response:

Overview of Exalt Education, the Sponsoring Entity

In 2010, Exalt Education was founded to improve the quality of public education for children from birth to age 18 living in low-income homes. Exalt seeks to equip dedicated, passionate educators with the knowledge, best practices and instructional tools to serve children whose lives are affected by poverty. Exalt is demonstrating that it is possible to deliver a gold standard education to low-income children by operating a high-performing, sustainable network of community-based public schools that attract talented educators from local communities.

The word "Exalt" means to elevate in rank, status or honor. Exalt's leadership seeks to elevate children, families and communities who are not being provided with the opportunity to realize the American Dream. All of Exalt's activities are for the sole purpose of closing the socioeconomic achievement gap and resulting life-opportunity gap between low-income children and their more affluent peers.

Three years ago, Exalt Education did not exist as an operating entity. Today, Exalt is an Arkansas non-profit corporation with a prominent five-member board of directors, a dedicated central support team, and a growing track record of performance. During its short life, Exalt has:

- Secured multi-year financing to anchor its activities;
- Situated its headquarters in Little Rock, Arkansas;
- Started a new public charter school that serves 420 students in grades K-8 in Portland, Oregon;
- Turned around a struggling public charter school that now serves 410 students in grades K-8 at two campuses in Little Rock, Arkansas;
- Established strong site-management teams at each campus in the network; and
- Implemented its research-validated academic design with over 850 students in grades K-8.

Because of Exalt's involvement in this charter application, the Exalt Academy of Southwest Little Rock (EASW) is being developed with the specific intent of becoming a high-performing, sustainable school. EASW will benefit from the support of a team of proven non-profit managers and veteran educators working together to achieve excellence, not just one or two idealistic champions.

A Unique Track Record and Organizational Mandate

During its short operating history, Exalt has achieved several milestones:

- Exalt's first 3 campuses operate on between 30% and 60% less per pupil than the national average public school expenditure. Yet, each year, they provide their students with over 35% more learning time than surrounding schools.
- In just 3 years' time, Exalt has successfully engineered a school startup from scratch and staged the turnaround of a struggling second-year school. These feats have been accomplished during the network's startup, when there is the least capacity and fewest resources to overcome challenges.
- In June 2013, one of the Exalt-managed schools, Little Rock Preparatory Academy, enabled over 87 percent of its first class of twenty-four 8th grade graduates to enroll in selective college-preparatory high school programs.
- Exalt has established a strong track record of performance. After 3 years of continuous improvement and refinement, it has become clear that Exalt's ethic of performance management, leadership model, academic programs, staffing plan, business management practices, and behavior system are working under conditions that are both variable and challenging.

- Exalt has put the infrastructure in place to have a broader impact on children and youth in more impoverished communities. Over the past two years, Exalt has staffed up its central support team, installed electronic systems that support excellent teaching-and-learning, and adopted a new governance model so that each member school benefits from consistent, high-quality support.

Nearly every aspect of Exalt's operating model - from management structure to academic programs to classroom staffing - has been chosen for use because it is research-validated.

Strong Founding Leadership

To ensure that EASW becomes a strong, sustained school, three members of Exalt's team will be closely involved in executing the charter application should it gain the Arkansas Department of Education's approval. The qualifications of these individuals are listed below.

Benjamin J. Lindquist, Founder and CEO, Exalt Education

Benjamin J. Lindquist is Chief Executive Officer of Exalt Education. Three years ago, Mr. Lindquist relocated to Little Rock to become Executive Director of the Little Rock Preparatory Academy (LRPA). At that time, LRPA was a struggling second-year charter school serving 65 students in grades 5-6. Today, LRPA is serving 410 students in grades K-8 at two campuses. LRPA serves Central Little Rock, a region situated to the north and east of Southwest Little Rock. In June 2013, over 86% of LRPA's parents reported that they would recommend the school to a friend in a year-end parent satisfaction survey.

From 2005 to 2010, Mr. Lindquist was Vice President of the Charter School Growth Fund (CSGF), a social venture capital firm that he helped to found in the spring of 2005. CSGF provides growth financing and strategic guidance to high-performing public charter school networks. During his tenure, Mr. Lindquist played a key role in managing many aspects of CSGF's startup and investment activities.

From 1997 to 2002, Mr. Lindquist was Co-Executive Director of the Chicago Charter School Foundation (CCSF), an operating foundation that oversaw one of the largest and highest-performing urban charter schooling organizations in the nation. Over a five-year period, CCSF grew from 3 to 6 campuses and from 2,300 to 3,200 students in grades K-12.

Mr. Lindquist is a 1996 graduate of St. John's University and the College of St. Benedict in Minnesota. In May 2009, he completed the evening MBA program at the Leeds School of Business at the University of Colorado - Boulder where he specialized in entrepreneurship.

After EASW has grown into an exemplary school, Mr. Lindquist plans to continue supporting the school's continuous improvement for many years as a member of the Exalt teaching-and-learning network.

Tina Long, Director of Academic Programs, Exalt Education

Mrs. Long is a passionate educator and advocate for all children. In the spring of 2012, Mrs. Long moved her husband and four children to Arkansas to work directly with Little Rock Preparatory Academy and serve as Director of Academic Programs for Exalt Education. Mrs. Long will be a key academic resource for the management team of the Exalt Academy of Southwest Little Rock.

In 2005, Mrs. Long was hired as a Teacher's Assistant at the David Douglas Arthur Academy, a high-performing public charter school in Portland, Oregon. After being promoted to Teacher, she was responsible for day-to-day instruction, lesson planning and classroom management. During her teaching years, Mrs. Long continually surpassed the goals set by the Oregon Department of Education. In the 2007-2008 year, the Kindergarten class that Mrs. Long taught achieved at exemplary levels. On average, students made a 42.8 percentile gain in Reading and a 36.4 percentile gain in Math on the SAT 10.

In 2007, Mrs. Long was promoted to School Administrator of the Portland Arthur Academy. The Arthur Academy is the largest network and one of the highest performing charter schools in Oregon with over 1,000 children. The

following year, she served as an administrator for two Arthur Academy schools with over 20 staff and approximately 300 students.

In February 2009, Mrs. Long joined the KNOVA Learning Reynolds Public School (KNOVA) as founding Principal. During that year, Mrs. Long focused on getting a charter application approved by the Reynolds School District for a fall 2010 opening. In the 2010-2011 year, Mrs. Long and Mr. Tiede, her co-director, led KNOVA through an amazing startup year. The School enrolled 240 students with 80 students on the wait list. Student growth was tremendous. On average, students achieved over two times the gains of their peers nationally on the NWEA Measures of Academic Progress (MAP). 

Mrs. Long is a 1999 graduate of Portland State University with a Bachelor's Degree of Science in Psychology. She is certified as a Direct Instruction Trainer. She holds a Master's Degree in Elementary Education from Warner Pacific University. She was the first person in her family to graduate from college.

After EASW has grown into an exemplary school, Mrs. Long plans to continue supporting the school's academic growth as a member of the Exalt network.

Freddie Scott, Director of School Development, Exalt Education

Freddie Scott was born in Grady, Arkansas, and graduated as valedictorian of the class of 1970 at *Southeast High School* in Pine Bluff. Over the past forty years, Mr. Scott has enjoyed a varied career that spans team-building, leadership consulting and communications in charter schools, health, professional sports, technology, education and entrepreneurship.

From 1974 to 1984, Mr. Scott was a wide receiver in the National Football League (NFL) for the Baltimore Colts and the Detroit Lions. He ended his professional football career playing under quarterback Steve Young. In sports, he learned the importance of teamwork, dedication, and persistence. After retiring from football, Freddie taught science in both middle and high school for 3 years in Dade County Public Schools. In 2001, Mr. Scott was enshrined in the National Football Foundation College Football Hall of Fame in South Bend, Indiana.

Over a decade ago, Freddie became very actively involved in the Michigan charter school sector as a parent, non-profit executive and community advocate. Accomplishments include: Serving as Vice Chairman for the Board of Directors of the Michigan Association of Public School Academies (MAPSA); Serving as Vice President and Treasurer of the Board of Directors of the Bradford Academy; and Serving as a Member of the Black Alliance for Educational Options (BAEO).

In 2011, Mr. Scott relocated back to his home state of Arkansas to marry Faye Macintosh Scott. Shortly after remarrying, Mr. Scott joined Exalt Education to contribute to the development of the Little Rock Preparatory Academy and other growth initiatives.

In 1974, Mr. Scott graduated cum laude with a Bachelor of Arts Degree from Amherst College in Amherst, Massachusetts, with a major in Black Studies and minor in Pre-Medicine. He continued his pursuit of medicine by completing one year towards a doctor of medicine degree (MD) before being recruited to play football. In 1995, he graduated from Word of Faith International Christian Center School of Ministry.

After EASW opens its doors, Mr. Scott plans to continue assisting the Academy's management with growth activities for many years as part of the Exalt network.

Dear Applicant,

We received your application for exemption from Federal income tax and your user fee payment.

During the initial review process, applications for exemption are separated into three groups:

1. Those that can be processed immediately based on information submitted,
2. Those that need minor additional information to be resolved, and
3. Those that require additional development.

If your application falls in the first group or second group, you will receive your determination letter stating that you are exempt from Federal income tax or a request for information via phone, fax, or letter. If your application falls within the third group, you will be contacted when your application has been assigned to an Exempt Organizations specialist for technical review. You can expect to be contacted within approximately 90 days from the date of this notice.

IRS does not issue "tax exempt numbers" or "tax exempt certificates" for state or local sales or income taxes. If you need exemption from these taxes, contact your state or local tax offices.

General information about the application process and tax-exemption can be found by visiting our website, www.irs.gov/eo. If you are unable to locate the information needed, you may call our toll free number shown above Monday through Friday. When communicating with us, please refer to the employer identification number and document locator number shown above.

Sign up for Exempt Organizations' EO Update, a regular e-mail newsletter that highlights new information posted on the Charities pages of irs.gov. To subscribe, go to www.irs.gov/eo and click on "EO Newsletter."

Status Update

Information about the Application Process

Our initial screening of your application indicated that your case should be assigned to an Exempt Organizations specialist for technical review. We assign applications to specialists in the order we receive them.

Exempt Organizations specialists are able to approve some applications without further development. If we are able to conclude that no additional information is necessary to resolve your case, you will receive a determination letter stating that you are exempt from Federal income tax. If additional information or changes are necessary, the Exempt Organizations specialist will call or write you.

If we determine that you qualify for exemption upon receipt of the additional information, you will receive a determination letter stating that you are exempt from Federal income tax. If we conclude that you do not qualify for exemption, we will send you a letter telling you why we believe you do not qualify for exemption and will include a complete explanation of your appeal rights.

IRS does not issue "tax exempt numbers" or "tax exempt certificates" indicating that you are exempt from state or local sales or income taxes. If you need exemption from these taxes, contact your state or local tax offices.

When We Will Contact You

Unfortunately, we are experiencing delays in working applications that require further development. Please click on the "**Where Is My Exemption Application?**" link on our webpage, www.irs.gov/eo for submission dates of applications currently being assigned. If you are unable to locate this information or need further assistance, please call our toll free number shown above Monday through Friday. When communicating with us, please refer to the employer identification number and document locator number shown above.

We apologize for any inconvenience this may cause you and appreciate your continuing patience.

Response Due Date:

December 7, 2012

Dear Sir or Madam:

We need more information before we can complete our consideration of your application for exemption. Please provide the information requested on the enclosed Information Request by the response due date shown above. Your response must be signed by an authorized person or an officer whose name is listed on your application. Also, the information you submit should be accompanied by the following declaration:

Under penalties of perjury, I declare that I have examined this information, including accompanying documents, and, to the best of my knowledge and belief, the information contains all the relevant facts relating to the request for the information, and such facts are true, correct, and complete.

If we approve your application for exemption, we will be required by law to make the application and the information that you submit in response to this letter available for public inspection. Please ensure that your response doesn't include unnecessary personal identifying information, such as bank account numbers or Social Security numbers that could result in identity theft or other adverse consequences if publicly disclosed. If you have any questions about the public inspection of your application or other documents, please call the person whose name and telephone number are shown above.

To facilitate processing of your application, please attach a copy of this letter and the enclosed Application Identification Sheet to your response and all correspondence related to your application. This will enable us to quickly and accurately associate the additional documents with your case file. Also, please note the following important response submission information:

- Submit your entire response in an 8.5 inch X 11 inch paper format.
- Please don't fax and mail your response. Faxing and mailing your response will result in unnecessary delays in processing your application. Each piece of correspondence submitted (whether fax or mail) must be processed, assigned, and reviewed by an EO Determinations specialist.

- Please don't fax your response multiple times. Faxing your response multiple times will delay the processing of your application for the reasons noted above.
- Please don't call to verify receipt of your response without allowing for adequate processing time. It takes a minimum of three workdays to process your faxed or mailed response from the day it is received.

If we don't hear from you by the response due date shown above, we will assume you no longer want us to consider your application for exemption and will close your case. As a result, the Internal Revenue Service will treat you as a taxable entity. If we receive the information after the response due date, we may ask you to send us a new application.

In addition, if you don't respond to the information request by the due date, we will conclude that you have not taken all reasonable steps to complete your application for exemption. Under Internal Revenue Code section 7428(b)(2), you must show that you have taken all the reasonable steps to obtain your exemption letter under IRS procedures in a timely manner and exhausted your administrative remedies before you can pursue a declaratory judgment. Accordingly, if you fail to timely provide the information we need to enable us to act on your application, you may lose your rights to a declaratory judgment under Code section 7428.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Andrea Speck

Exempt Organizations Specialist

Enclosure: Information Request
Application Identification Sheet

Additional Information Requested:

1. If the organization has a website, provide the address. - *None*
2. Explain how the relationships and contracts for service with KNOVA Learning Reynolds Public Charter School and Little Rock Preparatory Academy came about.
3. Provide the financials for the June 30, 2012 year end. - *Justin*
4. The legal service contract provided is for KNOVA Learning Project. Please explain.
5. Will the organization continue providing services to KNOVA Learning Reynolds Public Charter School and Little Rock Preparatory?
6. Will the organization expand its services to unrelated charter schools beside the two currently served? Describe how the program and services will be publicized.
7. It is indicated the organization will expand services to 7 schools. Does that mean the organization would run and operate 5 of its own controlled schools?
8. What is the anticipated amount of income to be received from the fees charged KNOVA..charter school and Little Rock Preparatory?
9. Will the organization enter into contracts and charge fees to the schools it controls (as a sole member)?
 - a. Will the same fee rate of 15% be charged? If not, indicate the fee rates.
 - b. Will the contract provisions for type of services be the same?
10. Provide a copy any grants the organization has received (contract provisions). *> Sylvia*
11. Regarding the revolving school loans:
 - a. Is the lending program publicized? How and where?
 - b. Is an application required?
 - c. What factors are considered to award a loan?
 - d. How are the loan provisions determined?
12. Provide any Board meeting minutes for 2012. - *Sylvia*
13. Provide the required schedule to line 15, page 9, Form 1023. The list should include payee, amount, purpose of distribution and date made.
14. Provide a breakdown of lines 17 and 18 (page 9, Form 1023) by position, individual name (if applicable) and the amount. *Justin*
15. What is the nature of the professional fees paid (line 22, page 9, Form 1023)? Provide a breakdown by type and amount. *Justin*

16. How is the bonus pool determined and calculated? Which positions are eligible? *> Below*
17. Explain what constitutes the "branding, marketing and signage" for the communications expense.

Response Due Date:
January 14, 2013

Dear Sir or Madam:

Thank you for the information recently submitted regarding your application for exemption. Unfortunately, we need more information before we can complete our consideration of your application.

Please provide the information requested on the enclosed Information Request by the response due date shown above. Your response must be signed by an authorized person or an officer whose name is listed on the application. Also, the information you submit should be accompanied by the following declaration:

Under penalties of perjury, I declare that I have examined this information, including accompanying documents, and, to the best of my knowledge and belief, the information contains all the relevant facts relating to the request for the information, and such facts are true, correct, and complete.

If we approve your application for exemption, we will be required by law to make the application and the information that you submit in response to this letter available for public inspection. Please ensure that your response doesn't include unnecessary personal identifying information, such as bank account numbers or Social Security numbers that could result in identity theft or other adverse consequences if publicly disclosed. If you have any questions about the public inspection of your application or other documents, please call the person whose name and telephone number are shown above.

To facilitate processing of your application, please attach a copy of this letter and the enclosed Application Identification Sheet to your response and all correspondence related to your application. This will enable us to quickly and accurately associate the additional documents with your case file. Also, please note the following important response submission information:

- Please don't fax and mail your response. Faxing and mailing your response will result in unnecessary delays in processing your application. Each piece of correspondence submitted (whether fax or mail) must be processed, assigned, and reviewed by an EO Determinations specialist.

- Please don't fax your response multiple times. Faxing your response multiple times will delay the processing of your application for the reasons noted above.
- Please don't call to verify receipt of your response without allowing for adequate processing time. It takes a minimum of three workdays to process your faxed or mailed response from the day it is received.

If we don't hear from you by the response due date shown above, we will assume you no longer want us to consider your application for exemption and will close your case. As a result, the Internal Revenue Service will treat you as a taxable entity. If we receive the information after the response due date, we may ask you to send us a new application.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Andrea Speck

Exempt Organizations Specialist

Enclosures: Information Request
Application Identification Sheet

Additional Information Requested:

1. It has been indicated the organization will create and manage charter schools of its own (5). What is the anticipated time frame for opening those schools?
2. It is indicated you formerly contracted with the Academy of North Minneapolis (2010-11) to provide management services.
 - a. Provide a copy of the contract executed.
 - b. Why did you cease providing services?
3. What exact services are provided KNOVA Learning Reynolds Charter School?
4. The original application submission reflects the following:

Loan agreement

| | | |
|---------------------------|-----------------|---------|
| Collegiate Choices (LRPA) | up to \$250,000 | 9/29/11 |
| KNOVA Learning Reynolds | up to \$300,000 | 9/14/11 |

Loans Receivable

| | |
|--------------------|-----------|
| Little Rock Region | \$110,000 |
| Oregon Region | 200,000 |

Grants

| | |
|-----------|------------------|
| \$100,000 | Oregon region |
| 40,000 | Arkansas region |
| 50,000 | Minnesota region |

- a. While the loan agreements reflect amounts borrowed can be made up to a certain amount, it is presumed that loans of less were made-the "loans receivable amounts". Is that correct?
- b. Document the grant awards (i.e. contracts).
- c. So only half of KNOVA's loan was forgiven (\$100,000 of the \$200,000)?
- d. Is LRPA the dba for Collegiate Choices?
- e. Is the \$40,000 amount to LRPA a grant or a loan? It appears to be reflected as a grant in the 1023 submission, but your last correspondence indicates a loan. Also, is the amount in addition to the \$110,000 loan originally reflected?
- f. Provide the actual promissory notes for all loans taken out.
- g. Document the forgiveness of any loans (i.e. document).

******* Important Response Submission Information *******

- Submit your response in an 8.5" X 11" paper format. Also, do not bind or staple your response.
- Please do not fax and mail your response. Faxing and mailing your response will result in unnecessary delays in processing your application. Each piece of correspondence submitted (whether fax or mail) must be processed, assigned, and reviewed by an EO Determinations specialist.
- Please do not fax your response multiple times. Faxing your response multiple times will delay the processing of your application for the reasons noted above.
- Please do not call to verify receipt of your response without allowing for adequate processing time. It takes a minimum of three workdays to process your faxed or mailed response from the day it is received.

David Featherstone, Pastor

August 30, 2013

To Whom It May Concern:

I am a resident of Arkansas, and advocate of quality education. I am writing to express my full support for the effort of Exalt Education Inc., to operate an open enrollment public charter school in Southwest Little Rock.

I understand the tremendous need in our state to address the educational needs of all our children, especially those that are in low-income areas. I have a keen understanding of the successful trends in academic gains of the students that attend the Exalt Education-managed school, Little Rock Preparatory Academy where they are experiencing full enrollment and hundreds on the waiting list of the 2013-2014 school year.

I also understand and support their effort to become a true partner in the City of Little Rock and advocate collaboration between the key stakeholders including businesses, the Little Rock School District, community churches, the City of Little Rock, etc. I urge you to move forward on the decision to authorize Exalt Education Inc. to operate the Exalt Academy of Southwest Little Rock for the upcoming 2014-2015 school year.

Thank you in advance.

Sincerely,

David Featherstone

Exalt Academies Sample Schedule for Primary Grades K-5

The chart below illustrates the daily schedule for students in grades K-5. As the chart notes, students are expected to arrive between 7:00 and 7:30 am and depart between 4:30 and 5:00 pm each day. At the bottom of the chart, the section titled “Multi-modal Learning Times” illustrates the different modalities in which students will learn each day. The time spent learning individually and in small groups is expected to exceed the listed minimums.

| Exalt Academies: Sample Schedule for Primary Grades K-5 | | | | |
|--|---------------|----------------------|-----------------|-----------------|
| -- Track 1 -- | | | | |
| Daily Schedule | Blocks | Subject Focus | Teachers | Minutes |

OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
FACILITIES UTILIZATION AGREEMENT

Lessor(Owner): Second Baptist Church / John Barrow

Lessee(Tenant): Exalt Education Inc.

Any information regarding affiliation, family ties, or other relationships between the Lessor (Owner) and Lessee (Tenant) must be disclosed with the facilities lease agreement.

Describe the present use of the facility:

Presently, the facility is being used to accommodate a Pre-School Program.

Address of Premises: 6111 W. 83rd Street
Little Rock, AR 72209

Square Footage: approx. 4173 sq ft (6 rooms)

Terms of Lease: Year to Year Lease

Rental Amount: \$2.50 Sq ft.

Contingency: The terms of this agreement are contingent upon
Exalt Education Inc.

Sponsoring Entity

receiving a charter to operate an open-enrollment public charter school approved by the authorizer by August of 2014

Statutory Language Concerning No Indebtedness:

No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. An open-enrollment public charter school shall not incur any debt, including any lease, without the prior review and approval of the Commissioner of Education.

Lessee: Exalt Education Inc.

Lessor: Second Baptist Church / 1709 John Barrow Rd.

By: Wilbert L. Johnson Date 8/29/2013

**2013 APPLICATION
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
STATEMENT OF ASSURANCES**

The signature of the president of the board of directors of the proposed public charter school's sponsoring entity certifies that the following statements are and will be addressed through policies adopted by the sponsoring entity and policies to be adopted by the public charter school; and, if the application is approved, that the sponsoring entity, governing body, administration, and staff of the open-enrollment charter shall abide by them:

1. The information submitted in this application is true to the best of my knowledge and belief, and this application has been sent to the superintendent of all the districts from which we intend to draw students.
2. The open-enrollment public charter school shall be open to all students, on a space-available basis, and shall not discriminate in its admission policy on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility, except as follows: the open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools. The charter may provide for the exclusion of a student who has been expelled from another public school district.
3. In accordance with federal and state laws, the open-enrollment public charter school hiring and retention policies of administrators, teachers, and other employees shall not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, or special need.
4. The open-enrollment public charter school shall operate in accordance with federal laws and rules governing public schools; applicable provisions of the Arkansas Constitution; and state statutes or regulations governing public schools not waived by the approved charter.
5. The open-enrollment public charter school shall not use the moneys that it receives from the state for any sectarian program or activity, or as collateral for debt.

However, open-enrollment public charter schools may enter into lease-purchase agreements for school buildings built by private entities with facilities bonds exempt from federal taxes under 26 USCS 142(a) as allowed by Arkansas Code Annotated § 6-20-402. No indebtedness of an open-enrollment public charter school shall ever become a debt of the state of Arkansas.

6. The open-enrollment public charter school shall not impose taxes or charge students tuition or fees that would not be allowable charges in the public school districts.
7. The open-enrollment public charter school shall not be religious in its operations or programmatic offerings.

8. The open-enrollment public charter school shall ensure that any of its employees who qualify for membership in the Arkansas Teacher Retirement System or the State and Public School Employee Insurance Program shall be covered under those systems to the same extent a qualified employee of a traditional school district is covered.
9. The employees and volunteers of the open-enrollment public charter school are held immune from liability to the same extent as other public school district employees and volunteers under applicable state laws.
10. The open-enrollment public charter school shall be reviewed for its potential impact on the efforts of a public school district or public school districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.
11. The open-enrollment public charter school shall comply with all health and safety laws, rules and regulations of the federal, state, county, region, or community that may apply to the facilities and school property.
12. The applicant confirms the understanding that certain provisions of state law shall not be waived. The open-enrollment public charter school is subject to any prohibition, restriction, or requirement imposed by Title 6 of the Arkansas Code Annotated and any rule and regulation approved by the State Board of Education under this title relating to:
 - (a) Monitoring compliance with Arkansas Code Annotated § 6-23-101 *et seq.* as determined by the Commissioner of the Department of Education;
 - (b) Conducting criminal background checks for employees;
 - (c) High school graduation requirements as established by the State Board of Education;
 - (d) Special education programs as provided by this title;
 - (e) Public school accountability under this title;
 - (f) Ethical guidelines and prohibitions as established by Arkansas Code Annotated § 6-24-101 *et seq.*, and any other controlling state or federal law regarding ethics or conflicts of interest; and
 - (g) Health and safety codes as established by the State Board of Education and local governmental entities.

13. The facilities of the public charter school shall comply with all requirements for accessibility for individuals with disabilities in accordance with the ADA and IDEA and all other state and federal laws.
14. Should the open-enrollment public charter school voluntarily or involuntarily close, the applicant confirms the understanding that any fees associated with the closing of the school including, but not limited to, removal of furniture, equipment, general expenses, etc., are the sole responsibility of the sponsoring entity. No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school. If the open-enrollment public charter school used state or federal funds to purchase or finance personal property, real property or fixtures for use by the open-enrollment public charter school, the authorizer may require that the property be sold. The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.

The
WALTON FAMILY
FOUNDATION

| P.O. Box 2030 | Bentonville | AR 72712-2030

September 3, 2013

Dr. Tom Kimbrell
Commissioner
Arkansas Department of Education
#4 Capitol Mall
Little Rock, AR 72201

Dear Dr. Kimbrell,

I am writing to confirm that the Walton Family Foundation supports newly authorized open-enrollment public charter schools through our school start up grant program, at \$250,000 for each school successfully authorized in Arkansas and vetted by our own foundation staff via our start up grant process.

In that the foundation has already made investments in build-out for the Exalt school network, led by Ben Lindquist, based on the plans, academic design and target population, I feel confident that should the proposed school in Little Rock be authorized by the Charter Council and subsequently the State Board of Education, the foundation will deem it worthy of a start up grant.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Kathy Smith
Senior Program Officer
Arkansas Education

September 3, 2013

Dr. Tom Kimbrell
Arkansas Department of Education
#4 Capitol Mall
Little Rock, AR 72201

Dear Dr. Kimbrell:

I am writing to confirm that, should the proposed school in Southwest Little Rock be authorized by the State Board of Education, Exalt Education, Inc. intends to support the newly authorized open-enrollment public charter school with a grant of \$50,000.00 to help with start up expenses.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Sonja Taylor-Larkowski
Chief Administrative Officer

Natural Science Standards

NS.1.1.1: Communicate observations orally, in writing, and in graphic organizers:

- T-charts
- pictographs

NS.1.1.2: Ask questions based on observations

NS.1.1.3: Conduct *scientific investigations* as a class and in teams:

- *lab activities*
- *field studies*

NS.1.1.4: Estimate and measure length and *temperature* using International System of Units as a class

NS.1.1.5: Collect measurable *empirical evidence* as a class and in teams

NS.1.1.6: Make predictions as a class and in teams based upon *empirical evidence*

NS.1.1.7: Use age appropriate equipment and tools in *scientific investigations*

NS.1.1.8: Apply appropriate rules of safety related to daily activities

NS.1.1.9: Apply lab safety rules as they relate to specific science *lab activities*

History Standards

H.6.1.4: Recognize time equivalency using chronological terms:

- yesterday/past
- today/present
- tomorrow/ future

H.6.1.5: Determine the sequential order of events on a *timeline*

H.6.1.6: Explore people and events from the past using primary and secondary sources

| June | <p>Symbols and Figures C.5.2.1: Understand the significance of national symbols (e.g., National Anthem, Liberty Bell, Pledge of Allegiance, American Flag, Statue of Liberty, United States Constitution) C.5.2.4: Identify rules of etiquette for the American flag H.6.2.1: Explain the purpose in celebrating national holidays:</p> <ul style="list-style-type: none"> • Labor Day • Veteran’s Day • Thanksgiving • Columbus Day • Martin Luther King, Jr. Day • President’s Day • Independence Day • Constitution Day <p>H.6.2.2: Identify state symbols of Arkansas:</p> <ul style="list-style-type: none"> • Gem • Mineral • Rock • Mammal • Anthem | <p>1. How can symbols unite those they represent?</p> | <p>Symbols and Figures</p> <ul style="list-style-type: none"> • Recognize and become familiar with the significance of U. S. flag: current and earlier versions <p>Statue of Liberty Lincoln Memorial</p> <ul style="list-style-type: none"> • US Holidays • Arkansas state symbols |

History Standards

H.6.2.9: Identify reasons Pilgrims came to the New World:

- Religious freedom
- Political freedom

H.6.2.10: Discuss the characteristics of a colony

H.6.2.5: Determine the data to be included on a personal *timeline*

H.6.2.6: Determine how photos and documents are used to gather information about the past

H.6.2.7: Define technology and list examples

Natural Science Standards

NS.1.2.1: Communicate observations orally, in writing, and in graphic organizers:

- T-charts
- Pictographs
- Venn diagrams
- Bar graphs

NS.1.2.2: Develop questions that guide scientific inquiry

NS.1.2.3: Conduct *scientific investigations* individually and in teams:

- *Lab activities*
- *Field studies*

NS.1.2.4: Estimate and measure length and *temperature* using International System of Units

NS.1.2.5: Collect measurable *empirical evidence* in teams and as individuals

NS.1.2.6: Make predictions in teams and as individuals based upon *empirical evidence*

NS.1.2.7: Use age appropriate equipment and tools in *scientific investigations*

NS.1.2.8: Apply lab safety rules as they relate to specific science *lab activities*

PS.5.2.1: Classify objects based on two or more properties

PS.6.2.1: Investigate the relationship between *force* and motion

| | <p>G.1.3.9: Locate major rivers in Arkansas:</p> <ul style="list-style-type: none"> • Arkansas • Mississippi • Red • White • Ouachita • St. Francis <p>G.1.3.10: Describe how seasonal weather changes affect the environment</p> <p>G.1.3.11: Explain the purpose of a <i>physical map</i></p> <p>G.1.3.12: Utilize the map <i>key/legend</i> to interpret <i>physical maps</i></p> <p>G.1.3.13: Locate places on contemporary maps using <i>cardinal</i> and <i>intermediate directions</i>, <i>map scales</i>, <i>legends</i>, and titles</p> <p>G.1.3.14: Label physical features on maps and globes:</p> <ul style="list-style-type: none"> • Rivers • Lakes • Oceans • Mountains • Islands • Desert • Coast • <i>Peninsula</i> • Plain • <i>Plateau</i> <p>G.1.3.15: Create a <i>physical map</i> that includes the following:</p> <ul style="list-style-type: none"> • Title • <i>Compass rose</i> • <i>Legend/key</i> | | |
|--|--|--|--|

| Month | Topic/Standards | Essential Questions | Content |
|-----------|---|--|--|
| September | FOSS Structures LS.2.3.1: Classify animals as vertebrates and invertebrates according to their structure LS.3.3.3: Differentiate among complete metamorphosis, incomplete metamorphosis, and embryonic development | 1. How are living and non-living things different and alike? | FOSS Structures Investigations III- MEET THE CRAYFISH Students observe and record some of the structures of a crustacean, the crayfish. They establish a feeding and maintenance schedule for the organisms. Students investigate crayfish behavior by creating an enriched crayfish habitat. They map where the crayfish spend their time within their habitat. Students investigate crayfish territorial behavior. |
| Month | Topic/Standards | Essential Questions | Content |
| October | FOSS Electricity and Magnetism PS.7.3.3: Identify methods of producing electricity relative to Arkansas: <ul style="list-style-type: none"> • Hydroelectric • Coal • Oil • Natural gas • Nuclear • Solar • Wind PS.7.3.4: Differentiate between magnets and non-magnets PS.7.3.5: Describe the effect of distance on attraction and repulsion PS.7.3.6: Construct a magnet by the “Touch/Stroke” method PS.5.3.2: Demonstrate physical changes in matter PS.5.3.3: Determine the mass of solids PS.5.3.4: Compare and contrast solids and liquids | 1. Why is it important for us to find alternative methods of energy? | FOSS Electricity and Magnetism Investigation I- THE FORCE Students work with permanent magnets to discover that iron is the only everyday material that sticks to magnets. They investigate variables that influence the force of attraction between two magnets and look for ways to detect the presence of a magnet. FOSS Electricity and Magnetism Investigation II- MAKING CONNECTIONS Students investigate current electricity and circuits, the pathways through which electricity flows. They find that some materials permit the flow of electricity (conductors), and some don't (insulators). |

| June | Arkansas History G.2.3.1: Discuss several customs in the United States and tell how they originated G.2.3.2: Identify <i>cultural</i> traits of ethnic groups that live in Arkansas G.3.3.4: Discuss ways in which the school and community can improve the physical environment by practicing conservation C.5.3.4: Discuss the proper etiquette for the American flag | 1. How does the history of Arkansas impact us in today’s society? | Arkansas History Students will examine people and events of Arkansas associated with the Civil War, the Arts, the Civil Rights Movement and present-day politics. They will analyze a timeline of technology and how it has changed life in Arkansas and the world. |

| | | | |
|--|---|--|--|
| | H.6.3.1: Research the history of the Arkansas state flag H.6.3.2: Examine historical people and events of Arkansas | | |
|--|---|--|--|

History Standards

H.6.3.7: Analyze a timeline that illustrates selected historical events

H.6.3.8: Compare artifacts from events in various periods of history

H.6.3.9: Identify ways in which technology has changed the world

H.6.3.10: Examine land development and its impact on a community

Natural Science Standards

NS.1.3.1: Communicate observations orally, in writing, and in graphic organizers:

- T-charts
- Pictographs
- Venn diagrams
- Bar graphs
- Frequency tables

NS.1.3.2: Develop questions that guide scientific inquiry

NS.1.3.3: Conduct scientific investigations individually and in teams:

- Lab activities
- Field studies

NS.1.3.4: Communicate the results of scientific investigations

NS.1.3.5: Estimate and measure length, mass, temperature, and elapsed time using

International System of Units

NS.1.3.6: Collect and analyze measurable empirical evidence as a team and/or as individuals

NS.1.3.7: Make and explain predictions based on prior knowledge

NS.1.3.8: Use simple equipment, age appropriate tools, technology, and mathematics in scientific investigations

NS.1.3.9: Apply lab safety rules as they relate to specific science lab activities

PS.5.3.1: Compare and contrast objects based on two or more properties

Earth and Space Science Standards

ESS.8.3.8: Chart *precipitation* levels over time

ESS.8.3.9: Demonstrate safety procedures related to severe weather

ESS.8.3.10: Construct and read a rain gauge

ESS.9.3.1: Analyze the effect of wind and water on Earth's surface

LRPA Fourth Grade Interdisciplinary Curriculum Map

Geography Standards

- G.2.4.1: Research elements of *culture* in a community, state, or nation
- G.2.4.2: Describe the *cultural* characteristics of diverse populations in the United States
- G.3.4.1: Examine different types of transportation and communication links between communities in Arkansas
- G.3.4.2: Discuss the reasons for human settlement patterns
- G.3.4.3: Explain how communities share ideas and information with each other
- G.3.4.4: Explain how people are influenced by, adapt to, and alter the environment
- G.3.4.5: Describe the social impact of extreme natural events on human and physical environments
- G.3.4.6: Research ways in which the school and community can improve the physical environment by practicing conservation

Natural Science Standards

- NS.1.4.1: Communicate observations orally, in writing, and in graphic organizers:
- T-charts
 - Pictographs
 - Venn diagrams
 - Bar graphs
 - Frequency tables
 - Line graphs
- NS.1.4.2: Refine questions that guide scientific inquiry
- NS.1.4.3: Conduct *scientific investigations* individually and in teams:
- *Lab activities*
 - *Field studies*

- NS.1.4.5: Communicate the designs, procedures, and results of *scientific investigations* (e.g., age-appropriate graphs, charts, and writings)
- NS.1.4.6: Estimate and measure length, *mass*, *temperature*, capacity/volume, and elapsed time using International System of Units (SI)
- NS.1.4.7: Collect and interpret measurable *empirical evidence* in teams and as individuals
- NS.1.4.8: Develop a *hypothesis* based on prior knowledge and observations
- NS.1.4.9: Identify *variables* that affect investigations
- NS.1.4.10: Identify patterns and trends in data
- NS.1.4.11: Generate conclusions based on evidence
- NS.1.4.12: Evaluate the quality and feasibility of an idea or project
- NS.1.4.13: Use simple equipment, age appropriate tools, technology, and mathematics in *scientific investigations*
- NS.1.4.14: Apply lab safety rules as they relate to specific science *lab activities*

Geography Standards

- G.1.5.5: Identify a variety of charts and graphs used to display data on a variety of topics such as climate or population
- G.2.5.1: Describe customs, celebrations, and traditions of selected racial, ethnic, and religious groups in Arkansas and the United States
- G.2.5.2: Understand the contributions of people of various racial, ethnic, and religious groups in Arkansas and the United States
- G.2.5.3: Recognize examples of *cultural diffusion*, *cultural exchange*, and *assimilation*
- G.3.5.3: Identify various forms of technology and methods of transferring ideas and information
- G.3.5.4: Recognize the concepts of *interstate*, *intrastate*, *infrastructure*, and *globalization*
- G.3.5.5: Identify renewable and nonrenewable resources
- G.3.5.6: Identify ways people have modified the physical environment
- G.3.5.7: Discuss ways in which Arkansans adapted to and modified the environment

History Standards

- H.6.5.2: Read and interpret timelines using the terms:
- ca (circa)
 - Before Common Era/Common Era (BCE/CE)
 - Millennia
 - Millennium
 - Decade
 - Century
- H.6.5.5: Describe the role and impact of legislative bodies in the colonial government
- H.6.5.11: Evaluate the contributions of political and religious leaders in colonial America

Reading Express Correlated to the Common Core English Language Arts Standards

| Grade 5 Common Core English Language Arts Standards | Reading Express Level E |
|--|---|
| Reading: Literature | |
| Key Ideas and Details | |
| 1. Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text. | Lesson 33: Inferences Lesson 38: Plot Lesson 39: Character Lesson 40: Setting Lesson 42: Mood Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths/Legends |
| 2. Determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic; summarize the text. | Lesson 30: Summarize Lesson 41: Theme Lesson 57: Autobiographies/Biographies Lesson 58: Drama |
| 3. Compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact). | Lesson 22: Compare and Contrast Lesson 38: Plot Lesson 39: Character Lesson 58: Drama |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative language such as metaphors and similes. | Lesson 4: Context Clues Lesson 44: Imagery and Sensory Details Lesson 45: Similes and Metaphors |
| 5. Explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem. | Lesson 38: Plot Lesson 58: Drama Lesson 59: Poetry |
| 6. Describe how a narrator's or speaker's point of view influences how events are described. | Lesson 27: Author's Purpose Lesson 43: Point of View |
| Integration of Knowledge and Ideas | |
| 7. Analyze how visual and multimedia elements contribute to the meaning, tone, or beauty of a text (e.g., graphic novel, multimedia presentation of fiction, folktale, myth, poem). | Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 54: Tall Tales Lesson 55: Myths and Legends Lesson 59: Poetry |
| 9. Compare and contrast stories in the same genre (e.g., mysteries and adventure stories) on their approaches to similar themes and topics. | Lesson 22: Compare and Contrast Lesson 41: Theme Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths and Legends Lesson 58: Drama Lesson 59: Poetry |
| Range of Reading and Complexity of Text | |
| 10. By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 4–5 text complexity band independently and proficiently. | Lesson 4: Context Clues Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths/Legends Lesson 58: Drama Lesson 59: Poetry |

| Reading: Informational Text | |
|--|---|
| Key Ideas and Details | |
| 1. Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text. | Lesson 33: Inferences Lesson 34: Recalling Facts |
| 2. Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text. | Lesson 29: Main idea and Supporting Details Lesson 30: Summarize Lesson 34: Recalling Facts |
| 3. Explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text based on specific information in the text. | Lesson 11: Charts Lesson 12: Graphs Lesson 13: Maps Lesson 14: Diagrams Lesson 15: Venn Diagram Lesson 16: Timeline Lesson 17: Illustrations/Photos/Captions Lesson 22: Compare/Contrast Lesson 34: Recalling Facts Lesson 38: Plot Lesson 39: Character Lesson 51: Historical Fiction Lesson 52: Science Fiction |
| Craft and Structure | |
| 4. Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a <i>grade 5 topic or subject area</i> . | Lesson 4: Context Clues Lesson 9: Dictionary Lesson 17: Illustrations/Photos/Captions Lesson 19: Glossary Lesson 21: Headings/Subheadings |
| 5. Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts. | Lesson 11: Charts Lesson 12: Graphs Lesson 13: Maps Lesson 14: Diagrams Lesson 15: Venn Diagram Lesson 16: Timeline Lesson 17: Illustrations/Photos/Captions Lesson 22: Compare and Contrast Lesson 23: Cause and Effect Lesson 24: Chronological Order Lesson 25: Problem and Solution Lesson 28: Question and Answer Lesson 29: Main idea and Supporting Details Lesson 34: Recalling Facts Lesson 37: Connecting Text to Text/Self/World |
| 6. Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent. | Lesson 22: Compare and Contrast Lesson 29: Main idea and Supporting Details Lesson 34: Recalling Facts Lesson 43: Point of View |

Reading Express Correlated to the Common Core English Language Arts Standards

| Integration of Knowledge and Ideas | |
|--|---|
| 7. Draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently. | Lesson 25: Problem and Solution Lesson 26: Question and Answer |
| 8. Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point(s). | Lesson 27: Author's Purpose Lesson 29: Main Idea and Supporting Details Lesson 34: Recalling Facts Lesson 43: Point of View |
| 9. Integrate information from several texts on the same topic in order to write or speak about the subject knowledgeably. | Lesson 22: Compare and Contrast Lesson 29: Main Idea and Supporting Details Lesson 30: Summarize Lesson 31: Conclusions Lesson 34: Recalling Facts Lesson 37: Connecting Text to Text/Self/World |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend informational texts, including history/social studies, science, and technical texts, at the high end of the grades 4–5 text complexity band independently and proficiently. | Lesson 4: Context Clues Lesson 29: Main Idea and Supporting Details Lesson 30: Summarize Lesson 34: Recalling Facts Lesson 56: Nonfiction |
| Reading: Foundational Skills | |
| Phonics and Word Recognition | |
| 3. Know and apply grade-level phonics and word analysis skills in decoding words. Use combined knowledge of all letter-sound correspondences, syllabication patterns, and morphology (e.g., roots and affixes) to read accurately unfamiliar multisyllabic words in context and out of context. | Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 4: Context Clues Lesson 5: Synonyms and Antonyms Lesson 6: Homophones Lesson 7: Homographs |
| 4. Read with sufficient accuracy and fluency to support comprehension. Read grade-level text with purpose and understanding. Read grade-level prose and poetry orally with accuracy, appropriate rate, and expression. | Lesson 4: Context Clues Lesson 27: Author's Purpose Lesson 59: Poetry |

| Language | |
|--|---|
| Conventions of Standard English | |
| 1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. | Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 4: Context Clues Lesson 9: Dictionary |
| 2. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. Use punctuation to separate items in a series. Use a comma to separate an introductory element from the rest of the sentence. Use a comma to set off the words <i>yes</i> and <i>no</i> (e.g., <i>Yes, thank you</i>), to set off a tag question from the rest of the sentence (e.g., <i>It's true, isn't it?</i>), and to indicate direct address (e.g., <i>Is that you, Steve?</i>). Use underlining, quotation marks, or italics to indicate titles of works. Spell grade-appropriate words correctly, consulting references as needed. | Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 5: Synonyms and Antonyms Lesson 6: Homophones Lesson 7: Homographs Lesson 9: Dictionary Lesson 19: Glossary Lesson 21: Headings/Subheadings |
| Knowledge of Language | |
| 3. Use knowledge of language and its conventions when writing, speaking, reading, or listening. Expand, combine, and reduce sentences for meaning, reader/listener interest, and style. Compare and contrast the varieties of English (e.g., <i>dialects, registers</i>) used in stories, dramas, or poems. | Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths/Legends Lesson 56: Nonfiction Lesson 57: Autobiographies/Biographies Lesson 58: Drama Lesson 59: Poetry |

| Vocabulary Acquisition and Use | |
|--|--|
| <p>4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 5 reading and content, choosing flexibly from a range of strategies.</p> <p>Use context (e.g., cause/effect relationships and comparisons in text) as a clue to the meaning of a word or phrase.</p> <p>Use common, grade-appropriate Greek and Latin affixes and roots as clues to the meaning of a word (e.g., <i>photograph</i>, <i>photosynthesis</i>).</p> <p>Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key words and phrases.</p> | <p>Lesson 4: Context Clues Lesson 6: Homophones Lesson 7: Homographs Lesson 9: Dictionary Lesson 10: Thesaurus</p> |
| <p>5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.</p> <p>interpret figurative language, including similes and metaphors, in context.</p> <p>Recognize and explain the meaning of common idioms, adages, and proverbs.</p> <p>Use the relationship between particular words (e.g., synonyms, antonyms, homographs) to better understand each of the words.</p> | <p>Lesson 5: Synonyms and Antonyms Lesson 6: Homophones Lesson 7: Homographs Lesson 8: Connotations/Denotation Lesson 45: Similes and Metaphors</p> |
| <p>6. Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases, including those that signal contrast, addition, and other logical relationships (e.g., <i>however</i>, <i>although</i>, <i>nevertheless</i>, <i>similarly</i>, <i>moreover</i>, <i>in addition</i>).</p> | <p>Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 4: Context Clues Lesson 22: Compare and Contrast Lesson 23: Cause and Effect</p> |

| Correlation to the Common Core State Standards for English Language Arts, Grade 6 | SB-Student Book TG-Teaching and Assessment Resources |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literature, including stories, dramas, and poems, in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range. | SB: The reading levels of the fiction, poetry, and drama in the text range from grade 6 to 10. Scaffolding appears before every selection - see pages 13, 49, 149 as examples. TG: scaffolding on pages 20-24 |
| Reading: Informational Text | |
| Key Ideas and Details | |
| 1. Cite textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 98-101; 104-112; 186-199; 202-205; 208-218; 256-262; 288-299; 408-419 TG: 80; 84; 123; 128; 133; 161; 186; 246 |
| 2. Determine a central idea of a text and how it is conveyed through particular details; provide a summary of the text distinct from personal opinions or judgments. | SB: 102, #1; 206, #2; 219, #1; 263, #4; 338, #1; 420, #1, 3, & 4 TG: 77; 125; 130; 159; 184; 204; 244 |
| 3. Analyze in detail how a key individual, event, or idea is introduced, illustrated, and elaborated in a text (e.g., through examples or anecdotes). | SB: 98-101; 104-112; 202-205; 208-218; 256-262; 288-299; 334-337 TG: 80; 84; 128; 133; 161; 186; 206 |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings. | SB: 97; 103; 142; 201; 207; 254; 276; 287; 332; 407 TG: 77; 81; 82; 85; 125; 129; 130; 134; 169; 172; 184; 187; 204; 207 |
| 5. Analyze how a particular sentence, paragraph, chapter, or section fits into the overall structure of a text and contributes to the development of the ideas. | SB: 102, #1-4; 113, #2 & 3; 148, #1-4; 206, #1 & 2, 263, #4; 283, #1; 300, #1 & 4; 338, #4 TG: 77; 82; 125; 130; 159; 184; 204; 244 |
| 6. Determine an author's point of view or purpose in a text and explain how it is conveyed in the text. | SB: 102, #1; 206, #2; 219, #1; 263, #4; 338, #1; 420, #1, 3, & 4 TG: 77; 125; 130; 159; 184; 204; 244 |
| Integration of Knowledge and Ideas | |
| 7. Integrate information presented in different media or formats (e.g., visually, quantitatively) as well as in words to develop a coherent understanding of a topic or issue. | |
| 8. Trace and evaluate the argument and specific claims in a text, distinguishing claims that are supported by reasons and evidence from claims that are not. | |
| 9. Compare and contrast one author's presentation of events with that of another (e.g., a memoir written by and a biography on the same person). | |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literary nonfiction in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range. | SB: The reading levels of the nonfiction, selections in the text range from grade 6 to 10. Scaffolding appears before every selection - see pages 97, 143; & 210 as examples. TG: scaffolding on pages 20-24 |
| Writing | |
| Text Types and Purposes | |
| 1. Write arguments to support claims with clear reasons and relevant evidence. | TG: 274-275 |
| a. Introduce claim(s) and organize the reasons and evidence clearly. | TG: 274-275 |

Many Voices Literature
Themes: An Introduction to Literature

| Correlation to the Common Core State Standards for English Language Arts, Grade 6 | SB-Student Book TG-Teaching and Assessment Resources |
|--|---|
| | |
| b. Support claim(s) with clear reasons and relevant evidence, using credible sources and demonstrating an understanding of the topic or text. | TG: 274-275 |
| c. Use words, phrases, and clauses to clarify the relationships among claim(s) and reasons. | TG: 274-275 |
| d. Establish and maintain a formal style. | TG: 274-275 |
| e. Provide a concluding statement or section that follows from the argument presented. | TG: 274-275 |
| 2. Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. | TG: 64; 82; 260-264; 267-269 |
| a. Introduce a topic; organize ideas, concepts, and information, using strategies such as definition, classification, comparison/contrast, and cause/effect; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. | TG: 260-264; 267-269 |
| b. Develop the topic with relevant facts, definitions, concrete details, quotations, or other information and examples. | TG: 260-264; 267-269 |
| c. Use appropriate transitions to clarify the relationships among ideas and concepts. | |
| d. Use precise language and domain-specific vocabulary to inform about or explain the topic. | TG: 260-264; 267-269 |
| e. Establish and maintain a formal style. | TG: 260-264; 267-269 |
| f. Provide a concluding statement or section that follows from the information or explanation presented. | TG: 260-264; 267-269 |
| 3. Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. | TG: 32; 36; 57; 72; 77; 82, et al. |
| a. Engage and orient the reader by establishing a context and introducing a narrator and/or characters; organize an event sequence that unfolds naturally and logically. | TG: 32; 36; 57; 72; 77; 82, et al. |
| b. Use narrative techniques, such as dialogue, pacing, and description, to develop experiences, events, and/or characters. | TG: 32; 36; 57; 72; 77; 82, et al. |
| c. Use a variety of transition words, phrases, and clauses to convey sequence and signal shifts from one time frame or setting to another. | |
| d. Use precise words and phrases, relevant descriptive details, and sensory language to convey experiences and events. | TG: 32; 36; 57; 72; 77; 82, et al. |
| e. Provide a conclusion that follows from the narrated experiences or events. | TG: 32; 36; 57; 72; 77; 82, et al. |

Many Voices Literature
Themes: An Introduction to Literature

| Correlation to the Common Core State Standards for English Language Arts, Grade 6 | SB-Student Book TG-Teaching and Assessment Resources |
|--|---|
| Production and Distribution of Writing | |
| 4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.) | TG: 263-266; 269-271; 274-277 |
| 5. With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach. | TG: 263-266; 269-271; 274-277 |
| 6. Use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type a minimum of three pages in a single sitting. | |
| Research to Build and Present Knowledge | |
| 7. Conduct short research projects to answer a question, drawing on several sources and refocusing the inquiry when appropriate. | 58; 95; 140; 178; 220; 259 |
| 8. Gather relevant information from multiple print and digital sources; assess the credibility of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and providing basic bibliographic information for sources. | 58; 95; 140; 178; 220; 259 |
| 9. Draw evidence from literary or informational texts to support analysis, reflection, and research. | |
| Apply grade 6 Reading standards to literature (e.g., “Compare and contrast texts in different forms or genres [e.g., stories and poems; historical novels and fantasy stories] in terms of their approaches to similar themes and topics”). | |
| Apply grade 6 Reading standards to literary nonfiction (e.g., “Trace and evaluate the argument and specific claims in a text, distinguishing claims that are supported by reasons and evidence from claims that are not”). | |

| c. Vocabulary Acquisition and Use | |
| 4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 6 reading and content, choosing flexibly from a range of strategies. | SB: 286 |
| a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a sentence) as a clue to the meaning of a word or phrase. | SB: 222-224 |
| b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., audience, auditory, audible). | |
| c. Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. | |
| d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary). | |
| 5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. | TG: 36; 38; 43; 45; 168; 203 |
| a. Interpret figures of speech (e.g., personification) in context. | TG: 43; 45 |
| b. Use the relationship between particular words (e.g., cause/effect, part/whole, item/category) to better understand each of the words. | |
| c. Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., stingy, scrimping, economical, un wasteful, thrifty). | |
| 6. Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases; gather vocabulary knowledge when considering a word or phrase important to comprehension or expression. | |
| Note | |

Many Voices Literature
Themes: An Introduction to Literature

| Correlation to the Common Core State Standards for English Language Arts, Grade 6 | SB-Student Book TG-Teaching and Assessment Resources |
|---|---|
| <p>Students' narrative skills continue to grow in these grades. The Standards require that students be able to incorporate narrative elements effectively into arguments and informative/explanatory texts. In history/social studies, students must be able to incorporate narrative accounts into their analyses of individuals or events of historical import. In science and technical subjects, students must be able to write precise enough descriptions of the step-by-step procedures they use in their investigations or technical work that others can replicate them and (possibly) reach the same results.</p> | |

| Reading: Literature | |
| Key Ideas and Details | |
| 1. Cite several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 12-24; 26-30; 31-40; 93-99; 76-82; TG: 38; 43; 47; 89; |
| 2. Determine a theme or central idea of a text and analyze its development over the course of the text; provide an objective summary of the text. | SB: 62, #1, 5 & 6; 112, #1 & 5; 178, #1, 3, & 7; 244, #5 & 6; 292, #5; 346, #4, 5, 6 TG: 32; 56-57; 67; 96-97; 98; 106; 132-133; 142; 169-170; 179; 213; 203-204; 240-241 |
| 3. Analyze how particular elements of a story or drama interact (e.g., how setting shapes the characters or plot). | SB: 36-53; 73-75; 122-134; 309-315 TG: 51; 76; 116; 143; 224 |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative and connotative meanings; analyze the impact of rhymes and other repetitions of sounds (e.g., alliteration) on a specific verse or stanza of a poem or section of a story or drama. | TG: Examples from Units One and Two - all units follow this format: 33; 35; 39; 40; 43; 44; 48; 59; 68; 70; 73; 74; 77; 81; 86; 90; 91; 95; 99 |
| 5. Analyze how a drama's or poem's form or structure (e.g., soliloquy, sonnet) contributes to its meaning. | SB: 53 |
| 6. Analyze how an author develops and contrasts the points of view of different characters or narrators in a text. | SB: 26-30; 162-177 TG: 42; 130 |
| Integration of Knowledge and Ideas | |
| 7. Compare and contrast a written story, drama, or poem to its audio, filmed, staged, or multimedia version, analyzing the effects of techniques unique to each medium (e.g., lighting, sound, color, or camera focus and angles in a film). | |
| 8. (Not applicable to literature) | |
| 9. Compare and contrast a fictional portrayal of a time, place, or character and a historical account of the same period as a means of understanding how authors of fiction use or alter history. | |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literature, including stories, dramas, and poems, in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range. | SB: The reading levels of the fiction, poetry, and drama in the text range from grades 6 to 10. Scaffolding: 9; 63, #9; 113, #9; 179, #9; 246, #9; 293, #9; 346, #9; 328-364 TG: Scaffolding: 20-26; 34; 69; 108; 144; 181; 215 |
| Reading: Informational Text | |
| Key Ideas and Details | |
| 1. Cite several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 31-34; 66-72; 73-75; 153-161; 231-234 TG: 47; 73; 76; 125; 163 |
| 2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text. | SB: 62, #1, 5 & 6; 112, #1 & 5; 178, #1, 3, & 7; 244, #5 & 6; 292, #5; 346, #4, 5, 6 TG: 32; 56-57; 67; 96-97; 98; 106; 132-133; 142; 169-170; 179; 213; 203-204; 240-241 |
| 3. Analyze the interactions between individuals, events, and ideas in a text (e.g., how ideas influence individuals or events, or how individuals influence ideas or events). | SB: 73-75; 153-161 TG: 76; 125 |

| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone. | TG: Examples from Units One and Two - all units follow this format: 33; 35; 39; 40; 43; 44; 48; 59; 68; 70; 73; 74; 77; 81; 86; 90; 91; 95; 99 |
| 5. Analyze the structure an author uses to organize a text, including how the major sections contribute to the whole and to the development of the ideas. | SB:73-75; 231-234 TG: 76; 163 |
| 6. Determine an author's point of view or purpose in a text and analyze how the author distinguishes his or her position from that of others. | SB: 153-161 TG: 125 |
| Integration of Knowledge and Ideas | |
| 7. Compare and contrast a text to an audio, video, or multimedia version of the text, analyzing each medium's portrayal of the subject (e.g., how the delivery of a speech affects the impact of the words). | |
| 8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims. | |
| 9. Analyze how two or more authors writing about the same topic shape their presentations of key information by emphasizing different evidence or advancing different interpretations of facts. | |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literary nonfiction in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range. | SB: The reading levels of the nonfiction selections in the text range from grades 6 to 10. Scaffolding: 9; 63, #9; 113, #9; 179, #9; 246, #9; 293, #9; 346, #9; 328-364 TG: Scaffolding: 20-26; 34; 69; 108; 144; 181; 215 |
| Writing | |
| Text Types and Purposes | |
| 1. Write arguments to support claims with clear reasons and relevant evidence. | TG: 262-274 |
| a. Introduce claim(s), acknowledge alternate or opposing claims, and organize the reasons and evidence logically. | TG: 262-274 |
| b. Support claim(s) with logical reasoning and relevant evidence, using accurate, credible sources and demonstrating an understanding of the topic or text. | TG: 262-274 |
| c. Use words, phrases, and clauses to create cohesion and clarify the relationships among claim(s), reasons, and evidence. | |
| d. Establish and maintain a formal style. | TG: 267-265 |
| e. Provide a concluding statement or section that follows from and supports the argument presented. | TG: 267-265 |
| 2. Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. | TG: 249-256; 257-261 |

| d. Use precise words and phrases, relevant descriptive details, and sensory language to capture the action and convey experiences and events. | TG: 40; 48; 63, 1-5; 94, The Way I See It; 82, The Way I See It; 103; Creative Writing; 118, The Way I See It; 123, The Way I See It; 127; The Way I See It; 133, Writing; 139, Creative Writing; 145, The Way I See It; 155, The Way I See It; 169; The Way I See It; 170, Writing; 176; Creative Writing; 198, The Way I See It; 210, Creative Writing; 216, The Way I See It; 221; The Way I See It; 226, The Way I See It; 231, The Way I See It; 247, Creative Writing |
| e. Provide a conclusion that follows from and reflects on the narrated experiences or events. | TG: 40; 48; 63, 1-5; 94, The Way I See It; 82, The Way I See It; 103; Creative Writing; 118, The Way I See It; 123, The Way I See It; 127; The Way I See It; 133, Writing; 139, Creative Writing; 145, The Way I See It; 155, The Way I See It; 169; The Way I See It; 170, Writing; 176; Creative Writing; 198, The Way I See It; 210, Creative Writing; 216, The Way I See It; 221; The Way I See It; 226, The Way I See It; 231, The Way I See It; 247, Creative Writing |
| Production and Distribution of Writing | |
| 4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.) | TG: 235-256; 259-261; 265-267 |
| 5. With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on how well purpose and audience have been addressed. | TG: 235-256; 259-261; 265-267 |
| 6. Use technology, including the Internet, to produce and publish writing and link to and cite sources as well as to interact and collaborate with others, including linking to and citing sources. | |
| Research to Build and Present Knowledge | |
| 7. Conduct short research projects to answer a question, drawing on several sources and generating additional related, focused questions for further research and investigation. | TG: 64; 104; 140, 177; 211; 248 |
| 8. Gather relevant information from multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation. | TG: 64; 104; 140, 177; 211; 248 |
| 9. Draw evidence from literary or informational texts to support analysis, reflection, and research. | TG: 64; 104; 140, 177; 211; 248 |
| Apply <i>grade 7 Reading standards</i> to literature (e.g., "Compare and contrast a fictional portrayal of a time, place, or character and a historical account of the same period as a means of understanding how authors of fiction use or alter history"). | |

| Apply <i>grade 7 Reading standards</i> to literary nonfiction (e.g. "Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims"). | |
| Range of Writing | |
| 10. Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences. | See Text Types and Purposes and Research to Build, and Present Knowledge above. |
| Speaking & Listening | |
| Comprehension and Collaboration | |
| 1. Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 7 topics, texts, and issues, building on others' ideas and expressing their own clearly. | SB: Discussing sections on pages 63, 113, 17, 245, 293, 347 TG: 57; 97; 133; 170; 204; 241 |
| a. Come to discussions prepared, having read or researched material under study; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. | SB: Discussing sections on pages 63, 113, 17, 245, 293, 347 TG: 57; 97; 133; 170; 204; 241 |
| b. Follow rules for collegial discussions, track progress toward specific goals and deadlines, and define individual roles as needed. | |
| c. Pose questions that elicit elaboration and respond to others' questions and comments with relevant observations and ideas that bring the discussion back on topic as needed. | SB: Discussing sections on pages 63, 113, 17, 245, 293, 347 TG: 57; 97; 133; 170; 204; 241 |
| d. Acknowledge new information expressed by others and, when warranted, modify their own views. | SB: Discussing sections on pages 63, 113; 179; 245; 293; 347 TG: 57; 97; 133; 170; 204; 241 |
| 2. Analyze the main ideas and supporting details presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how the ideas clarify a topic, text, or issue under study. | TG: 275 |
| 3. Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and the relevance and sufficiency of the evidence. | TG: 275 |
| Presentation of Knowledge and Ideas | |
| 4. Present claims and findings, emphasizing salient points in a focused, coherent manner with pertinent descriptions, facts, details, and examples; use appropriate eye contact, adequate volume, and clear pronunciation. | TG: 275 |
| 5. Include multimedia components and visual displays in presentations to clarify claims and findings and emphasize salient points. | |
| 6. Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. | TG: 275 |

|--|---|
| Language | |
| Conventions of Standard English | |
| 1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. | TG: 235-256; 259-261; 265-267 |
| Explain the function of phrases and clauses in general and their function in specific sentences. | |
| Choose among simple, compound, complex, and compound-complex sentences to signal differing relationships among ideas. | |
| Place phrases and clauses within a sentence, recognizing and correcting misplaced and dangling modifiers.* | |
| 2. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. | TG: 235-256; 259-261; 265-267 |
| a. Use a comma to separate coordinate adjectives (e.g., <i>It was a fascinating, enjoyable movie</i> but not <i>He wore an old[,] green shirt</i>). | |
| b. Spell correctly. | |
| Knowledge of Language | |
| 3. Use knowledge of language and its conventions when writing, speaking, reading, or listening. | TG: 235-256; 259-261; 265-267 |
| Choose language that expresses ideas precisely and concisely, recognizing and eliminating wordiness and redundancy.* | TG: 235-256; 259-261; 265-267 |
| Vocabulary Acquisition and Use | |
| 4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on <i>grade 7 reading and content</i> , choosing flexibly from a range of strategies. | |
| a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a sentence) as a clue to the meaning of a word or phrase. | |
| b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., <i>belligerent</i> , <i>bellicose</i> , <i>rebel</i>). | |
| c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. | |
| d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary). | |
| 5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. | TG: 80; 94; 148 |
| a. Interpret figures of speech (e.g., literary, biblical, and mythological allusions) in context. | TG: 112; 153 |

| Correlation to the Common Core State Standards for English Language Arts, Grade 8 | SB-Student Book TG-Teaching and Assessment Resources |
| Integration of Knowledge and Ideas | |
| 8. Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced. | SB: 314-318; 327-329 TG: 250; 261 |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literary nonfiction at the high end of the grades 6–8 text complexity band independently and proficiently. | SB: The reading levels of the nonfiction selections in the text range from grade 6 to 10. TG: scaffolding on pages 24-25; 20-30 |
| Writing | |
| Text Types and Purposes | |
| 1. Write arguments to support claims with clear reasons and relevant evidence. | TG: 283-285 |
| a. a. Introduce claim(s), acknowledge and distinguish the claim(s) from alternate or opposing claims, and organize the reasons and evidence logically. | TG: 283-285 |
| b. Support claim(s) with logical reasoning and relevant evidence, using accurate, credible sources and demonstrating an understanding of the topic or text. | TG: 283-285 |
| d. Establish and maintain a formal style. | TG: 283-285 |
| e. Provide a concluding statement or section that follows from and supports the argument presented. | TG: 283-285 |
| 2. Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. | SB: 146 TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| a. Introduce a topic clearly, previewing what is to follow; organize ideas, concepts, and information into broader categories; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| b. Develop the topic with relevant, well-chosen facts, definitions, concrete details, quotations, or other information and examples. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| c. Use appropriate and varied transitions to create cohesion and clarify the relationships among ideas and concepts. | |
| d. Use precise language and domain-specific vocabulary to inform about or explain the topic. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| e. Establish and maintain a formal style. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| f. Provide a concluding statement or section that follows from and supports the information or explanation presented. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| 3. Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. | SB: 73, Telling Your Own Story; 104; 127, Creative Craft, Telling Your Own Story; 183, Creative Craft, Telling Your Own Story; 249, Creative Craft, Telling Your Own Story; 295, Telling Your Own Story; 331, Creative Craft, Telling Your Own Story TG: 68; 109; 152; 189; 230; 270 |

Many Voices Literature

|--|--|
| a. Engage and orient the reader by establishing a context and point of view and introducing a narrator and/or characters; organize an event sequence that unfolds naturally and logically. | SB: 73, Telling Your Own Story; 127, Creative Craft, Telling Your Own Story; 183, Creative Craft, Telling Your Own Story; 249, Creative Craft, Telling Your Own Story; 295, Telling Your Own Story; 331, Creative Craft, Telling Your Own Story TG: 68; 109; 152; 189; 230; 270 |
| b. Use narrative techniques, such as dialogue, pacing, description, and reflection, to develop experiences, events, and/or characters. | SB: 73, Telling Your Own Story; 127, Creative Craft, Telling Your Own Story; 183, Creative Craft, Telling Your Own Story; 249, Creative Craft, Telling Your Own Story; 295, Telling Your Own Story; 331, Creative Craft, Telling Your Own Story TG: 68; 109; 152; 189; 230; 270 |
| d. Use precise words and phrases, relevant descriptive details, and sensory language to capture the action and convey experiences and events. | SB: 73, Telling Your Own Story; 127, Creative Craft, Telling Your Own Story; 183, Creative Craft, Telling Your Own Story; 249, Creative Craft, Telling Your Own Story; 295, Telling Your Own Story; 331, Creative Craft, Telling Your Own Story TG: 68; 109; 152; 189; 230; 270 |
| e. Provide a conclusion that follows from and reflects on the narrated experiences or events. | SB: 73, Telling Your Own Story; 127, Creative Craft, Telling Your Own Story; 183, Creative Craft, Telling Your Own Story; 249, Creative Craft, Telling Your Own Story; 295, Telling Your Own Story; 331, Creative Craft, Telling Your Own Story TG: 68; 109; 152; 189; 230; 270 |
| Production and Distribution of Writing | |
| 4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.) | TG: 274-277; 280-282; 285-287 |
| 5. With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on how well purpose and audience have been addressed. | TG: 274-277; 280-282; 285-287 |
| Research to Build and Present Knowledge | |
| 7. Conduct short research projects to answer a question (including a self-generated question), drawing on several sources and generating additional related, focused questions that allow for multiple avenues of exploration. | TG: 69; 110; 153; 190; 231; 271; 290 |
| 8. Gather relevant information from multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation. | TG: 69; 110; 153; 190; 231; 271; 290 |

| 9. Draw evidence from literary or informational texts to support analysis, reflection, and research. | TG: 69; 110; 153; 190; 231; 271; 290 |
| Apply <i>grade 8 Reading standards</i> to literature (e.g., "Analyze how a modern work of fiction draws on themes, patterns of events, or character types from myths, traditional stories, or religious works such as the Bible, including describing how the material is rendered new"). | TG: 68; 109; 152; 189; 230; 270; 272-277 |
| Apply <i>grade 8 Reading standards</i> to literary nonfiction (e.g., "Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced"). | TG: 68; 109; 152; 189; 230; 270; 272-277 |
| Range of Writing | |
| 10. Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two). | See Test Types and Purposes and Research to Build, numbers 1-3. and Present, Knowledge, numbers 7-9 above. |
| Speaking & Listening | |
| Comprehension and Collaboration | |
| 1. Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 8 topics, texts, and issues, building on others' ideas and expressing their own clearly. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| a. Come to discussions prepared, having read or researched material under study; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| b. Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed. | |
| c. Pose questions that connect the ideas of several speakers and respond to others' questions and comments with relevant evidence, observations, and ideas. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| d. Acknowledge new information expressed by others, and, when warranted, qualify or justify their own views in light of the evidence presented. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| 3. Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and relevance and sufficiency of the evidence and identifying when irrelevant evidence is introduced. | SB: 314-318; 327-329 TG: 250; 261 |
| Presentation of Knowledge and Ideas | |
| 4. Present claims and findings, emphasizing salient points in a focused, coherent manner with relevant evidence, sound valid reasoning, and well-chosen details; use appropriate eye contact, adequate volume, and clear pronunciation. | TG: 69; 110; 153; 190; 231; 271; 290; 292 |
| 6. Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. | TG: 69; 110; 153; 190; 231; 271; 290; 292 |

Characteristics and Processes of Science Standards

NS.1.5.1

Make accurate observations

NS.1.5.2

Identify and define components of experimental design used to produce empirical evidence:

- hypothesis
- replication
- sample size
- appropriate use of control
- use of standardized variables

NS.1.5.3

Calculate mean, median, mode, and range from scientific data using SI units

NS.1.5.4

LRPA 5th Grade
Natural World Curriculum Map

Interpret scientific data using

- data tables/charts
- bar graphs
- circle graphs
- line graphs
- stem and leaf plots
- Venn diagrams

NS.1.5.5

Communicate results and conclusions from scientific inquiry

NS.1.5.6

Develop and implement strategies for long-term, accurate data collection

SLE's

2. Identify and define components of *experimental design* used to produce *empirical evidence*:

- *hypothesis*
- replication
- sample size
- appropriate use of control
- use of standardized *variables*

3. Calculate mean, median, mode, and range from scientific data using *SI units*.

4. Interpret scientific data using

- data tables/charts
- bar graphs
- circle graphs

LRPA 5th Grade
Natural World Curriculum Map

- line graphs
 - *stem and leaf plots*
 - Venn diagrams
5. Communicate results and conclusions from scientific inquiry.
 8. Explain the role of observation in the development of a theory.

|----------|--|--|
| 2 | Solve word problems involving addition and subtraction of fractions referring to the same whole, including cases of unlike denominators, e.g., by using visual fraction models or equations to represent the problem. Use benchmark fractions and number sense of fractions to estimate mentally and assess the reasonableness of answers. <i>For example, recognize an incorrect result $2/5 + 1/2 = 3/7$, by observing that $3/7 < 1/2$.</i> | Lessons 23, 41, 43, 59, 60, 63, 75, 91, 39, 116 |
| 3 | Apply and extend previous understandings of multiplication and division to multiply and divide fractions. Interpret a fraction as division of the numerator by the denominator ($a/b = a \div b$). Solve word problems involving division of whole numbers leading to answers in the form of fractions or mixed numbers, e.g., by using visual fraction models or equations to represent the problem. <i>For example, interpret $3/4$ as the result of dividing 3 by 4, noting that $3/4$ multiplied by 4 equals 3, and that when 3 wholes are shared equally among 4 people each person has a share of size $3/4$. If 9 people want to share a 50-pound sack of rice equally by weight, how many pounds of rice should each person get? Between what two whole numbers does your answer lie?</i> | Lessons 26, 28, 31, 32, 66, 67, 72, 86, 87, 94, 99, 101, 107, 110, 112, 113, 114, 116, 118 |
| 4 | Apply and extend previous understandings of multiplication to multiply a fraction or whole number by a fraction. Interpret the product $(a/b) \times q$ as a parts of a partition of q into b equal parts; equivalently, as the result of a sequence of operations $a \times q \div b$. <i>For example, use a visual fraction model to show $(2/3) \times 4 = 8/3$, and create a story context for this equation. Do the same with $(2/3) \times (4/5) = 8/15$. (In general, $(a/b) \times (c/d) = ac/bd$.)</i> | Lessons 41, 42, 44, 46, 47, 49, 53, 57, 58, 59, 61, 62, 66, 67, 68 |
| 4a | | Lessons 40, 43, 58 |
| 4 | | Lessons 40, 43 |
| 4 | | Lessons 46, 76, 86 |

|----------|--|--|
| 7 | <p>Apply and extend previous understandings of division to divide unit fractions by whole numbers and whole numbers by unit fractions.¹</p> <p>[¹ Students able to multiply fractions in general can develop strategies to divide fractions in general, by reasoning about the relationship between multiplication and division. But division of a fraction by a fraction is not a requirement at this grade.]</p> | N/A |
| 7a | Interpret division of a unit fraction by a non-zero whole number, and compute such quotients. <i>For example, create a story context for $(1/3) \div 4$, and use a visual fraction model to show the quotient. Use the relationship between multiplication and division to explain that $(1/3) \div 4 = 1/12$ because $(1/12) \times 4 = 1/3$.</i> | <p>Lessons 87, 95</p> <p>Lessons 87, 92, 93, 95, 96, 97</p> <p>Lessons 87, 95</p> |
| 7b | Interpret division of a whole number by a unit fraction, and compute such quotients. <i>For example, create a story context for $4 \div (1/5)$, and use a visual fraction model to show the quotient. Use the relationship between multiplication and division to explain that $4 \div (1/5) = 20$ because $20 \times (1/5) = 4$.</i> | <p>Learning Stations</p> <p>Lessons 87, 95</p> <p>Lessons 87, 96</p> <p>Lessons 90, 93, 96</p> |
| 7c | Solve real world problems involving division of unit fractions by non-zero whole numbers and division of whole numbers by unit fractions, e.g., by using visual fraction models and equations to represent the problem. <i>For example, how much chocolate will each person get if 3 people share $1/2$ lb of chocolate equally? How many $1/3$-cup servings are in 2 cups of raisins?</i> | <p>Lesson 87</p> <p>Lessons 92, 93, 94, 95</p> |

Measurement and Data 5.MD
 Convert like measurement units within a given measurement system.

Saxon Math Intermediate 5 ©2008
correlated to the
Common Core States Standards for Mathematics (June 2010)
Grade 5

| Standard | Descriptor | Saxon Math Intermediate 5 Citations <i>Italic references indicate foundational.</i> |
|-----------|--|--|
| 1 | Convert among different-sized standard measurement units within a given measurement system (e.g., convert 5 cm to 0.05 m), and use these conversions in solving multi-step, real world problems. | <p>Instruction: New Concept Lessons 44, 46, 47, 65, 66, 74, 77, 85</p> <p>Maintenance:</p> <p>Power Up Lessons 76, 78, 91, , 99, 100, 106, 107, 110, 111, 112, 114, 117, 118</p> <p>Written Practice Lessons 44, 45, 46, 47, 50, 65, 67, 74, 75, 77, 85, 86, 89, 90, 97</p> <p>Learning Stations Lessons 47, 65, 66, 74, 77, 85</p> |
| 2 | Represent and interpret data. Make a line plot to display a data set of measurements in fractions of a unit ($\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$). Use operations on fractions for this grade to solve problems involving information presented in line plots. <i>For example, given different measurements of liquid in identical beakers, find the amount of liquid each beaker would contain if the total amount in all the beakers were redistributed equally.</i> | <p>Instruction: New Concept Lesson 74</p> <p>Investigation 5</p> <p>Maintenance: Written Practice Lessons 52</p> |
| 3 | Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition. Recognize volume as an attribute of solid figures and understand concepts of volume measurement. | <p>Instruction: New Concept Lesson 103</p> |
| 3a | A cube with side length 1 unit, called a “unit cube,” is said to have “one cubic unit” of volume, and can be used to measure volume. | <p>Maintenance: Written Practice Lessons 103, 104, 105, 106, 107, 108, 109, 113, 117, 119, 120</p> <p>Learning Stations Lesson 103</p> |

| Standards for Mathematical Practice | <p>1. Make sense of problems and persevere in solving them.</p> | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 11, pp. 58-61, Example 1-2; Lesson 13, pp. 68-70, Examples 1-3; Lesson 15, pp. 78-79; Lesson 22, pp. 117-119, Examples 1-4; Lesson 36, pp. 187-189; Lesson 50, pp. 259-261; Lesson 66, pp. 342-344; Lesson 68, pp. 349-351; Lesson 77, pp. 399-401; Lesson 105, pp. 548-550; Lesson 111, pp. 582-584</p> <p>Investigation(s): Investigation 9, pp. 470-473; Investigation 10, pp. 524-527</p> <p>MAINTENANCE:</p> <p>Power Up: Lesson 18, p. 93; Lesson 27, p. 141; Lesson 37, p. 191; Lesson 44, p. 231; Lesson 54, p. 280; Lesson 70, p. 358; Lesson 87, p. 452; Lesson 92, p. 479; Lesson 110, p. 573</p> <p>Problem Solving : Lesson 3, p. 18; Lesson 36, p. 187; Lesson 44, p. 231; Lesson 49, p. 254; Lesson 55, p. 285; Lesson 62, p. 324; Lesson 74, pp. 385; Lesson 83, p. 431; Lesson 105, p. 548</p> <p>Written Practice: Lesson 11 (#1, #4), Lesson 24 (#1, #2, #3), Lesson 38 (#2, #3, #28), Lesson 50 (#3, #5), Lesson 69 (#4, #7, #24), Lesson 78 (#4, #16), Lesson 94 (#18), Lesson 110 (#13)</p> <p>Performance Activity: 2</p> | <p>Problem solving is integrated into the <i>Saxon Math</i> program every day. Focusing on a four-step problem solving process, which guides students to understand, plan, solve and check, <i>Saxon Math</i> teaches students a consistent process for evaluating different problem solving situations and persevering in solving them. The four steps closely mirror the different aspects of this Standard for Mathematical Practice, encouraging students to understand the problem and make a plan before solving. Students also end by checking their solutions, providing opportunities to ask, “Does this make sense?” and re-direct if necessary.</p> <p>In <i>Course 1</i>, students begin the year by focusing on problem solving in the Problem-Solving Overview on page 1 of the Student Edition. They use the four-step problem solving process outlined in the overview on daily problem solving opportunities in the Power Up. These build in complexity throughout the year. There is also a problem solving discussion guide for the teacher to guide students to make sense of the problems and use efficient strategies to persevere in solving them. Additional problem solving opportunities occur in the cumulative written practice every day. There are additional Investigations and Performance Tasks for focused activities and applications of complex problems. Many of these are hands-on and explorative in nature. The Teacher’s Manual provides support with questioning prompts, math conversations, and checks for understanding. On page 117B in the Teacher’s Manual Volume 1, you will find one example of a modeled dialogue that highlights the understand, plan, solve and check process. These types of modeled dialogues are provided throughout the program to ensure teachers can support students as they become successful problem solvers.</p> |

| Standards for Mathematical Practice | 2. | Reason abstractly and quantitatively. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 3, pp. 18-21, Examples 1-4; Lesson 4, pp. 24-26, Examples 1-4; Lesson 16, pp. 82-84, Examples 1-5; Lesson 18, pp. 93-96, Examples 1-4; Lesson 59, pp. 306-307, Examples 1-2; Lesson 77, pp. 399-401, Examples 1-2; Lesson 95, pp. 493-494, Examples 1-2; Lesson 103, pp. 538-540; Lesson 118, pp. 617-618</p> <p>Investigation: Investigation 10, pp. 524-527</p> <p>MAINTENANCE: Problem Solving: Lesson 13, p. 68; Lesson 36, p.187; Lesson 44, p. 231; Lesson 49, p. 254; Lesson 54, p. 280; Lesson 70, p. 358; Lesson 92, p. 479; Lesson 107, p. 557</p> <p>Written Practice: Lesson 3 (#17, #18, #21, #24), Lesson 5 (#5, #22, #24), Lesson 16 (#7, #8, #9), Lesson 25 (#2, #23), Lesson 36 (#18, #21, #22, #23, #24), Lesson 43 (#18), Lesson 77 (#4), Lesson 78 (#4), Lesson 118 (#30)</p> | <p>The goal of <i>Saxon Math</i> is to produce mathematically proficient students – including fluency with computational and conceptual understanding. The distributed nature of <i>Saxon Math</i> lends itself naturally to developing abstract and quantitative reasoning. Because students are exposed to different concepts at the same time through incremental instruction and mixed practice, review, and assessment, they learn the importance of making sense of quantities and their relationships and of carefully considering the units involved. Problems do not focus simply on one concept, but rather may involve multiple concepts just as they would in real-world situations. Therefore, it is essential that students are able to make connections, think about what the quantities actually mean in a specific context, and solve appropriately.</p> <p>For example, in the New Concepts portion of Lesson 4, students consider multiplication facts and how they could still be solved if one of the factors were unknown. This requires students to pause to consider how each number is being used and what it means in that particular context.</p> |

| Standards for Mathematical Practice | <p>3. Construct viable arguments and critique the reasoning of others.</p> | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 16, pp. 82-84, Examples 1-5; Lesson 51, pp. 268-270, Examples 1-3; Lesson 64, pp. 333-334; Lesson 89, pp. 460-462, Examples 1-4; Lesson 93, pp. 484-485; Lesson 97, pp. 503-505; Lesson 109, pp. 566-569, Examples 1-3</p> <p>MAINTENANCE: Problem Solving: Lesson 3, p. 18; Lesson 5, p. 28; Lesson 7, p. 36; Lesson 15, p. 78; Lesson 18, p. 93; Lesson 26, p. 136; Lesson 28, p. 145; Lesson 34, p. 178; Lesson 43, p. 225; Lesson 56, p. 289; Lesson 64, p. 333; Lesson 72, p. 375; Lesson 83, p. 431; Lesson 99, p. 513; Lesson 103, p. 538; Lesson 110, p. 573; Lesson 117, p. 612</p> <p>Written Practice: Lesson 17 (#3, #4, #12, #13), Lesson 22 (#3, #8, #13, #22), Lesson 53 (#5, #12, #13), Lesson 59 (#6, #7, #24, #25), Lesson 62 (#7, #8, #9, #10, #11), Lesson 91 (#9), Lesson 93 (#15, #25)</p> <p>Performance Activity: 2, 8, 14</p> | <p><i>Saxon Math</i> is based on the belief that people learn by doing. Students learn mathematics not only by watching or listening to others, but by communicating and solving the problems themselves and with their classmates. <i>Saxon Math</i>'s incremental and distributed structure enables students to view the big picture of mathematics and therefore make viable arguments between and among all of the math strands. Additionally, Math Conversations in the Teacher's Manuals provide discussion questions that help students construct viable arguments and critique the reasoning of others in a constructive environment. For example, on page 11 of the Teacher's Manual Volume 1, several Math Conversations are provided. Teachers ask students questions like "Why was addition used to find the answer?" This gives students the opportunity to express their reasoning and respond to the reasoning of others.</p> |

| Standards for Mathematical Practice | 4. | Model with mathematics. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 1, pp. 8-10, Examples 1-6; Lesson 26, pp. 136-139, Examples 1-5; Lesson 83, pp. 431-433, Examples 1-3; Lesson 98, pp. 508-510; Examples 1-2; Lesson 117, pp. 612-614, Examples 1-2</p> <p>Investigation(s) Investigation 2, pp.109-111; Investigation 6, pp. 314-319; Investigation 11, pp. 578-581</p> <p>MAINTENANCE:</p> <p>Problem Solving: Lesson 10, p. 50; Lesson 17, p. 87; Lesson 24, p. 127; Lesson 30, p. 156; Lesson 34, p. 178; Lesson 39, p. 200; Lesson 70, p. 358; Lesson 78, p. 404; Lesson 98, p. 508; Lesson 117, p. 612</p> <p>Written Practice Lesson 28 (#9, #10, #16, #22, #24, #25, #27), Lesson 31 (#4, #5, #8, #17, #28, #29), Lesson 43 (#27, #29, #30), Lesson 52 (#19, #20, #25, #27, #30), Lesson 69 (#1, #17, #26, #30), Lesson 77 (#4, #5, #19, #20), Lesson 81 (#7, #8, #21, #22, #30), Lesson 90 (#4, #9, #10, #23, #30), Lesson 110 (#3, #4, #8, #23, #24, #30)</p> <p>Performance Activity: 6, 10</p> | <p>Students use many different types of models throughout <i>Saxon Math</i> to analyze mathematical relationships and solve problems. Models serve as visual aids to help make sense of situations so students truly understand the problem at hand and both how and why their solutions work.</p> <p>For example, in Lesson 26, students use fraction manipulatives to model fractions. This allows them to concretely see and experience the fractions and gain a better understanding of what they mean.</p> |

| Standards for Mathematical Practice | 6. Attend to precision. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 7, pp. 37-39, Examples 1-3; Lesson 8, pp. 42-44, Examples 1-2; Lesson 10, pp. 50-52, Examples 1-3; Lesson 28, pp. 145-148, Examples 1-2; Lesson 31, pp. 164-166, Examples 1-3; Lesson 32, pp. 169-171, Examples 1-4; Lesson 60, pp. 310-312, Examples 1-3; Lesson 69, pp. 353-355, Examples 1-2; Lesson 78, pp. 404-405, Examples 1-2; Lesson 81, pp. 421-423, Examples 1-4; Lesson 90, pp. 465-467, Examples 1-3; Lesson 102, pp. 533-535, Examples 1-2; Lesson 113, pp. 592-594, Examples 1-4; Lesson 120, pp. 626-627</p> <p>Investigation(s): Investigation 3, pp. 161-163; Investigation 11, pp. 578-581; Investigation 12, pp. 630-636</p> <p>MAINTENANCE: Written Practice: Lesson 8 (#4, #16, #25), Lesson 10 (#1, #3, #4), Lesson 11 (#1, #4, #5), Lesson 12 (#1, #2, #3, #5), Lesson 13 (#12, #18, #22), Lesson 15 (#8, #9, #22), Lesson 31 (#4, #5, #6), Lesson 36 (#8, #10), Lesson 45 (#23), Lesson 71 (#24, #30)</p> | <p>Saxon students are encouraged to attend to precision throughout the program, both directly in their student materials and indirectly through teacher tips in the Teacher's Manual.</p> <p>Additionally, because practice, review and assessment are mixed, it is especially important that students precisely identify units and symbols to accurately assess how to solve the problem correctly. Not all questions will cover the same concept, so students learn to look carefully at each situation and attend to precision in their answers.</p> <p>For example, in Lesson 7, students measure with both inches and centimeters and must attend to precision to apply the appropriate units to their solutions. Example 3 explicitly addresses this concept, pointing out how different units can be used to measure the same things but certain units are more appropriate than others.</p> |

|-------------------------------------|----------|--|---|--|
| Standards for Mathematical Practice | 7. | <p>Look for and make use of structure.</p> | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 5, pp. 29-30, Examples 1-3; Lesson 12, pp. 64-66, Examples 1-5; Lesson 21, pp. 112-114, Examples 1-3; Lesson 24, pp. 127-129, Examples 1-5; Lesson 25, pp. 132-134, Examples 1-5; Lesson 32, pp. 169-171, Examples 1-4; Lesson 34, pp. 178-180, Examples 1-2; Lesson 43, pp. 225-228, Examples 1-4; Lesson 44, pp. 231-233, Examples 1-3; Lesson 46, pp. 239-242, Examples 1-5; Lesson 52, pp. 272-273, Examples 1-2; Lesson 65, pp. 337-340, Examples 1-2; Lesson 67, pp. 346-347; Lesson 72, pp. 375-376; Lesson 84, pp. 437-438; Lesson 92, pp. 479-481, Examples 1-3; Lesson 113, pp. 592-594, Examples 1-4</p> <p>MAINTENANCE: Written Practice: Lesson 5 (#9, #10, #11, #12), Lesson 15 (#23), Lesson 46 (#4, #10, #12), Lesson 48 (#4, #5, #13), Lesson 52 (#4), Lesson 85 (#23), Lesson 90 (#27), Lesson 93 (#10, #26), Lesson 94 (#8, #14)</p> | <p><i>Saxon Math</i> emphasizes structure throughout the program, explicitly teaching number properties as well as how concepts connect. A strong focus on number properties also prepares students to utilize structure in problem-solving situations. Because the fundamentals of numbers and operations are highlighted in every lesson through mixed review, students develop a strong sense of mental math and comfort composing and decomposing numbers.</p> <p>For example, in the problem solving section of Lesson 12, students are asked to consider ways to calculate the sum of the first ten natural numbers. Going through the four-step problem solving process, they identify the need to make the problem simpler. Students then discover that adding certain pairs of numbers together uncovers a pattern that helps solve the problem. For example, 1 plus 10, 2 plus 9, 3 plus 8, and so on all equal 11. This allows students to see that adding the first ten natural numbers is the same thing as multiplying 11 times five, uncovering how structure can be used to make problem solving easier.</p> |

| Standards for Mathematical Practice | 8. | <p>Look for and express regularity in repeated reasoning.</p> | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 10, pp. 50-52, Examples 1-3; Lesson 22, pp. 117-119, Examples 1-5; Lesson 25, pp. 132-134, Examples 1-5; Lesson 29, pp. 150-154, Examples 1-7; Lesson 33, pp. 174-175, Examples 1-2; Lesson 35, pp. 182-185, Examples 1-6; Lesson 42, pp. 222-223, Examples 1-2; Lesson 46, pp. 240-242, Examples 1-5; Lesson 55, pp. 285-287; Lesson 56, pp. 289-292, Examples 1-4; Lesson 57, pp. 295-296, Examples 1-2; Lesson 63, pp. 329-330; Lesson 74, pp. 385-387, Examples 1-4; Lesson 75, pp. 390-392, Examples 1-6; Lesson 76, pp. 395-396, Examples 1-2; Lesson 85, pp. 441-443, Examples 1-4; Lesson 94, pp. 488-490, Examples 1-4; Lesson 99, pp. 513-514; Lesson 112, pp. 587-589; Lesson 115, pp. 602-603; Lesson 116, pp. 606-608; Lesson 117, pp. 612-614, Examples 1-2</p> <p>MAINTENANCE:</p> <p>Problem Solving: Lesson 1, p. 7; Lesson 4, p. 23; Lesson 11, p. 58; Lesson 12, p. 63; Lesson 16, p. 82; Lesson 80, p. 413; Lesson 94, p. 488; Lesson 102, p. 533; Lesson 109, p. 566</p> <p>Written Practice: Lesson 10 (#1, #3, #4), Lesson 22 (#4, #5, #6), Lesson 23 (#2, #5, #6, #13), Lesson 31 (#1, #3, #8), Lesson 43 (#4, #5, #17), Lesson 48 (#2, #13, #14), Lesson 117 (#21, #25), Lesson 118 (#3, #11, #26)</p> | <p>Regularity and repeated reasoning are supported throughout <i>Saxon Math</i> program to ensure students understand their importance and how they can be used to solve problems. Repeated reasoning scenarios allow students to make better sense of number and operations.</p> <p>In <i>Course 1</i>, the daily Power Up provides practice and support with mental math, problem solving, and number sense. Students build strong generalization, problem solving strategies, and reasoning skills with this daily reinforcement. They are able to see patterns and connections between number concepts through an algebraic perspective, particularly with ratios, algebraic expressions, and proportions. Concepts are introduced through examples and explanation, connecting back to previous mastered concepts. This aids in students' ability to look for repeated reasoning and maintain an oversight of processes. This guides student's conceptual understanding and facilitates deep connections between all math strands. There are further Investigations and Performance Tasks giving students additional opportunities for seeing and communicating reasonableness of solutions.</p> <p>An example of expressing regularity in repeated reasoning can be found in Lesson 46. Students explore the idea that whenever they multiply by a power of ten, it corresponds to a shift in the decimal point. This repeated reasoning can be simplified into a rule that aids in problem solving.</p> |

| 6.RP Ratios and Proportional Relationships | | Understand ratio concepts and use ratio reasoning to solve problems. | <p>In <i>Course 1</i>, students learn how to solve to a wide variety of ratio and rate problems. In the beginning of the book in Lesson 23 the students are introduced to the basics of a ratio or rate problem so that by Lesson 80 they are able to solve real world mathematical problems and can describe the relationship between the two quantities. As the year progresses students are able to find the missing values in tables, (Lesson 88) they can plot pairs of values on a coordinate plane, (Lesson 96) are able to work with Unit Multipliers (Lesson 114) and can solve problems to find the percent of a quantity as a rate (Lesson 119). Students are able to practice solving rate or ratio problems in the mental math portion of the power-up, the problem solving problems, the frequent practice sets, and are given cumulative assessments throughout the year to ensure mastery.</p> |
| | 6.RP.1 | Understand the concept of a ratio and use ratio language to describe a ratio relationship between two quantities. | <p><u>INSTRUCTION:</u> New Concept: Lesson 23, pp. 122-123, Examples 1-2</p> <p><u>MAINTENANCE:</u> Problem Solving: Lessons 36, 57, 87, 91, 118</p> <p>Written Practice: Lesson 23 (#26, #30); Lesson 24 (#9); Lesson 25 (#17); Lesson 28 (#28); Lesson 30 (#6); Lesson 31 (#22); Lesson 32 (#23); Lesson 35 (#30); Lesson 39 (#30); Lesson 44 (#23); Lesson 54 (#19, #23); Lesson 57 (#18); Lesson 61 (#19); Lesson 82 (#21); Lesson 84 (#1, #30); Lesson 90 (#26); Lesson 98 (#29); Lesson 103 (#5); Lesson 104 (#3); Lesson 109 (#3); 118 (#6)</p> |
| | 6.RP.2 | Understand the concept of a unit rate a/b associated with a ratio $a:b$ with $b \neq 0$, and use rate language in the context of a ratio relationship. ¹ Expectations for unit rates in this grade are limited to non-complex fractions. | <p><u>INSTRUCTION:</u> New Concept: Lesson 23, pp. 123-124, Examples 3-4</p> <p><u>MAINTENANCE:</u> Problem Solving: Lessons 78, 91</p> <p>Written Practice: Lesson 23 (#4); Lesson 24 (#18); Lesson 26 (#23); Lesson 28 (#13); Lesson 30 (#3); Lesson 32 (#3, #30); Lesson 98 (#29); Lesson 107 (#3)</p> |

|------------------------|----------|---|---|
| 6.NS The Number System | | Apply and extend previous understandings of multiplication and division to divide fractions by fractions. | The groundwork that <i>Saxon Math</i> laid in earlier grade levels in multiplication, division, and working with fractions creates a straightforward transition for the students to be able to divide fractions by fractions. In <i>Course 1</i> , students are shown, using visual fraction models, how to divide using fractions and are able to interpret and compute quotients of fractions (Lesson 54). Throughout the school year, the students are able to practice word problems about dividing fractions by fractions in the written practice problems and the teacher can ensure mastery by the results of the cumulative assessments. |
| | 6.NS.1 | Interpret and compute quotients of fractions, and solve word problems involving division of fractions by fractions, e.g., by using visual fraction models and equations to represent the problem. | <p>INSTRUCTION: New Concept: Lesson 54, pp. 280-283, Examples 2-3</p> <p>MAINTENANCE: Written Practice: Lesson 54 (#22), Lesson 55 (#24), Lesson 56 (#28), Lesson 57 (#57), Lesson 58 (#19), Lesson 59 (#10), Lesson 60 (#8), Lesson 62 (#1), Lesson 69 (#2), Lesson 72 (#27)</p> |
| | | Compute fluently with multi-digit numbers and find common factors and multiples. | Learning how to find the Greatest Common Factor and Least Common Multiple is a tool that students will need for Algebra. Lesson 20 teaches the students how to find the greatest common factor of any two numbers and how to use the distributive property to express the sum of two whole numbers with a common factor with a sum of two whole numbers without a common factor. In Lesson 30, students are taught how to find the least common multiple of any two numbers. <i>Saxon Math</i> uses the standard algorithms to teach students addition, subtraction, multiplication, and division. In <i>Course 1</i> , students are immersed in working with multi-digit decimal problems for each operation and are giving ample practice problems in both power-up and written practice to ensure mastery. This standard is repeatedly practiced in the practice set and assessed in the cumulative assessment throughout the year to ensure a deep level of mathematical understanding. |

|------------------------|----------|---|--|
| 6.NS The Number System | 6.NS.4 | Find the greatest common factor of two whole numbers less than or equal to 100 and the least common multiple of two whole numbers less than or equal to 12. Use the distributive property to express a sum of two whole numbers 1–100 with a common factor as a multiple of a sum of two whole numbers with no common factor. | <p><u>INSTRUCTION:</u> New Concept: Lesson 20, pp. 105-106, Examples 1-2; Lesson 30, pp. 156-157, Examples 1-2 Standards Success Activity: Activity 3</p> <p><u>MAINTENANCE:</u> Written Practice: Lesson 20 (#8), Lesson 21 (#13), Lesson 23 (#21), Lesson 24 (#21), Lesson 26 (#10, #15), Lesson 28 (#19), Lesson 30 (#5), Lesson 32 (#24), Lesson 36 (#20), Lesson 38 (#1, #14), Lesson 39 (#15), Lesson 42 (#12), Lesson 43 (#24)</p> |
| 6.NS The Number System | | Apply and extend previous understandings of numbers to the system of rational numbers. | <p>Students in <i>Course 1</i> extend their previous knowledge of the number line to include all rational numbers in particular negative integers. Additionally, Lesson 14 allows the students to rationalize and evaluate absolute values. In Investigation 7, students are able to locate points in all four quadrants of the coordinate plane and are able to analyze the placing of the coordinates. In Investigation 14, students are able to work with real-world mathematical problems to be able understand the value of learning how to solve problems using coordinate planes. Throughout the year, the series incorporates numerous times for the students to practice these standards in the power up and in the written practice. Furthermore, cumulative assessments are given to observe mastery.</p> |

| 6.EE Expressions and Equations | 6.EE.8 | Write an inequality of the form $x > c$ or $x < c$ to represent a constraint or condition in a real-world or mathematical problem. Recognize that inequalities of the form $x > c$ or $x < c$ have infinitely many solutions; represent solutions of such inequalities on number line diagrams. | <p><u>INSTRUCTION:</u> Standards Success Activity: Activity 1</p> <p><u>ASSESSMENT:</u> Standards Success Extension Test: Extension Test 1</p> |
| | | Represent and analyze quantitative relationships between dependent and independent variables. | Students in <i>Course 1</i> are able write and examine an equation with two variables to represent a relationship between the dependent and independent variables (Lesson 96). They are able to create tables such as function boxes and are able to describe the relationship between the quantities. Throughout the cumulative practice, review, and tests the students are able to master this concept to be ready to move on to seventh grade. |
| | 6.EE.9 | Use variables to represent two quantities in a real-world problem that change in relationship to one another; write an equation to express one quantity, thought of as the dependent variable, in terms of the other quantity, thought of as the independent variable. Analyze the relationship between the dependent and independent variables using graphs and tables, and relate these to the equation. | <p><u>INSTRUCTION:</u> New Concept: Lesson 96, pp. 497-501, Examples 1-3 Standards Success Activity: Activity 9</p> <p><u>MAINTENANCE:</u> Written Practice: Lesson 96 (#12), Lesson 97 (#3), Lesson 99 (#30), Lesson 102 (#25), Lesson 105 (#28), Lesson 109 (#16), Lesson 114 (#30), Lesson 118 (#23), Lesson 119 (#22) Performance Activity 20</p> |

|--------------|----------|---|--|
| | | Solve real-world and mathematical problems involving area, surface area, and volume. | <p>In <i>Course 1</i> students are able to apply the techniques taught on area, surface area, and volume to solve real world mathematical problems. In Investigation 6, students learn how to break apart polygons and three dimensional shapes to be able to find the area and surface area. In Investigation 7, students are able to plot polygons on coordinate planes and work towards construction of scale drawings for seventh grade. Throughout the school year the students are able to discuss, develop and justify formulas used to find the area and volume of shapes by completing the written practices, extension activities, and investigations. The teacher can ensure mastery by having the students complete the cumulative and benchmark assessments</p> |
| 6.G Geometry | 6.G.1 | Find the area of right triangles, other triangles, special quadrilaterals, and polygons by composing into rectangles or decomposing into triangles and other shapes; apply these techniques in the context of solving real-world and mathematical problems. | <p><u>INSTRUCTION:</u> New Concept: Lesson 71, pp. 368-372, Example 2; Lesson 79, pp. 408-410, Examples 1-2; Lesson 107, pp. 557-558 Standards Success Activity: Activity 11</p> <p><u>MAINTENANCE:</u> Power Up: Lesson 32, p. 169; Lesson 33, p. 174; Lesson 45 p. 235 Problem Solving: Lesson 41, p. 216; Lesson 69, p. 353 Written Practice Lesson 79 (#7), Lesson 80 (#4, #5), Lesson 81 (#7), Lesson 83 (#23), Lesson 84 (#5, #6, #9), Lesson 89 (#9, #10), Lesson 90 (#9), Lesson 94 (#23), Lesson 100 (#22), Lesson 106 (#27), Lesson 113 (#17, #24), Lesson 115 (#18, #27), Lesson 116 (#1, #18), Lesson 118 (#18), Lesson 119 (#17)</p> |

|---------------------------------|----------|--|--|
| 6.SP Statistics and Probability | | Develop understanding of statistical variability. | In Investigation 1 of Course 1, students study the process of data collection. Through this investigation students are able to answer a statistical question and are able to describe the distribution by its center, spread and overall shape. In Investigation 5, students are able to recognize the difference between the measure of center and measure of variability. Statistical variation questions are continuously practiced and reviewed throughout the year and appear both on the practice sets and cumulative tests to ensure deep and long-lasting understanding. |
| | 6.SP.1 | Recognize a statistical question as one that anticipates variability in the data related to the question and accounts for it in the answers. | <p><u>INSTRUCTION:</u> Investigation(s): Investigation 4, pp. 211-215; Investigation 5, pp. 264-267 Standards Success Activity: Activity 4A</p> <p><u>MAINTENANCE:</u> Written Practice: Lesson 89 (#23, #24, #25)</p> <p><u>INSTRUCTION:</u> Investigation(s): Investigation 1, pp. 54-57; Investigation 4, pp. 211-215; Investigation 5, pp. 264-267 Standards Success Activity: Activity 5B</p> <p><u>MAINTENANCE:</u> Written Practice: Lesson 16 (#30), Lesson 24 (#30), Lesson 56 (#17, #23, #24)</p> |
| | 6.SP.2 | Understand that a set of data collected to answer a statistical question has a distribution which can be described by its center, spread, and overall shape. | |

|---------------------------------|----------|---|--|
| 6.SP Statistics and Probability | 6.SP.3 | Recognize that a measure of center for a numerical data set summarizes all of its values with a single number, while a measure of variation describes how its values vary with a single number. | <p><u>INSTRUCTION:</u> Investigation: Investigation 5, pp. 264-267 Standards Success Activity: Activity 5A</p> <p><u>MAINTENANCE:</u> Power Up: Lesson 26, p. 136; Lesson 30, p. 156; Lesson 39, p. 200; Lesson 50, p. 259; Lesson 72, p. 375; Lesson 73, p. 380; Lesson 74, p. 385; Lesson 75, p. 390; Lesson 77, p. 399; Lesson 78, p. 404; Lesson 116, p. 606; Lesson 117, p. 612; Lesson 118, p. 617; Lesson 119, p. 621; Lesson 120, p. 626 Written Practice: Lesson 51 (#30), Lesson 53 (#4), Lesson 59 (#23), Lesson 76 (#18), Lesson 90 (#1), Lesson 99 (#18), Lesson 106 (#28), Lesson 113 (#27, #28), Lesson 115 (#21), Lesson 118 (#7), Lesson 120 (#7)</p> |
| | 6.SP.4 | Summarize and describe distributions. Display numerical data in plots on a number line, including dot plots, histograms, and box plots. | <p>Students in <i>Course 1</i> are able to collect, organize, display and interpret numerical data sets (Investigation 4). Furthermore, throughout the cumulative practice in the investigations, extension activities, and written practices the students are able to identify clusters, peaks, gaps and symmetry in the data sets while considering the context in which the data was collected. Teachers can easily monitor student progress by using the cumulative and extension tests included in the program to ensure that students develop a high level of mathematical understanding.</p> <p><u>INSTRUCTION:</u> Investigation(s): Investigation 1, pp. 54-57; Investigation 4, pp. 211-215; Investigation 5, pp. 264-267 Standards Success Activity: Activity 4B</p> |

| Standards for Mathematical Practice | 1. | <p>Make sense of problems and persevere in solving them.</p> | <p><u>INSTRUCTION:</u> New Concept: Lesson 1, pp. 7-10; Lesson 11, pp. 75-79; Lesson 14, pp. 93-98; Lesson 22, pp. 157-159; Lesson 28, pp. 194-197; Lesson 41, pp. 296-299; Lesson 50, pp. 352-355; Lesson 52, pp. 369-372; Lesson 55, pp. 386-389; Lesson 81, pp. 562-565; Lesson 106, pp. 739-741 Investigation: Investigation 4, pp. 293-295; Investigation 8, pp. 558-561; Investigation 11, pp. 773-777</p> <p><u>MAINTENANCE:</u> Problem Solving: Lesson 1, p. 6; Lesson 14, p. 93; Lesson 20, p. 134; Lesson 28, p. 194; Lesson 30, p. 208; Lesson 34, p. 241; Lesson 45, p. 323; Lesson 56, p. 393; Lesson 68, p. 480; Lesson 74, p. 518; Lesson 81, p. 562; Lesson 100, p. 693; Lesson 109, p. 759; Lesson 117, p. 817 Written Practice: Lesson 3, pp. 24-25 (#1, #2, #15); Lesson 14, pp. 98-99 (#1, #2, #5); Lesson 17, pp. 118-119 (#2, #13, #20); Lesson 24, pp. 172-174 (#3, #5); Lesson 31, pp. 225-227 (#1, #2, #16); Lesson 54, pp. 382-385 (#9, #16, #24); Lesson 71, pp. 504-506 (#2, #3, #20); Lesson 87, pp. 600-603 (#2, #17, #18); Lesson 96, pp. 664-667 (#1, #3); Lesson 107, pp. 751-753 (#3, #16, #24); Lesson 115, pp. 806-808 (#1, #9, #12); Lesson 120, pp. 841-843 (#1, #11)</p> <p>Standards Success Activity: Activity 7, pp. 13-14, Activity 9, pp. 17-18, Activity 10, pp. 19-20, Activity 11, pp. 21-22, Activity 12, pp. 23-24, Activity 17, pp. 33-34, Activity 26, pp. 51-52</p> | <p>Developing enthusiastic, independent, and proficient problem solvers is the focus of the <i>Saxon Math</i> series. To reinforce this commitment from day one, <i>Course 2</i> opens with a “Problem-Solving Overview” on pages 1 - 5. Working from Polya’s classic four-step problem solving process, and beginning with ten general strategies, students are guided to understand the information that has been provided and the question being asked, to plan accordingly, to use their plan to solve the problem while remaining open to re-direction, and to check their solution for reasonableness and possible extensions.</p> <p>The process and strategies outlined in the overview are discussed daily in the Problem Solving portion of the daily Power Up, and practiced daily in the integrated Written Practice, where students are not only expected to solve, but to also formulate problems. All problems build in complexity throughout the year, and to support good questioning, teacher materials include a “Problem Solving Discussion Guide” for each Power-Up, and “Math Conversation” prompts for each Lesson and Written Practice.</p> <p>Saxon’s pedagogy of daily integrating and gently evolving domains simultaneously naturally promotes perseverance. Students are provided both the time to master and the material to maintain skill sets. This avoids the current phenomenon of students learning enough to get by on the next test but forgetting those skills shortly thereafter, forcing them to be reviewed again the following year.</p> |

| Standards for Mathematical Practice | 4. | Model with mathematics | <p>INSTRUCTION: New Concept: Lesson 7, pp. 46-50; Lesson 9, pp. 60-61, Examples 2-3; Lesson 22, pp. 157-159; Lesson 25, pp. 175-179; Lesson 98, pp. 677-682, Examples 1-2, 4-5; Lesson 102, pp. 710-713, Examples 1-2, 5 Investigation: Investigation 1, pp. 72-74; Investigation 2, pp. 143-148; Investigation 4, pp. 293-295; Investigation 11, pp. 773-777</p> <p>MAINTENANCE: Problem Solving: Lesson 14, p. 93; Lesson 28, p. 194; Lesson 30, p. 208; Lesson 34, p. 241; Lesson 40, p. 285; Lesson 50, p. 352; Lesson 54, p. 380; Lesson 90, p. 618 Written Practice: Lesson 24, pp. 172-174 (#4, #6, #12); Lesson 26, pp. 185-187 (#8, #10, #30); Lesson 36, pp. 261-263 (#5, #16); Lesson 56, pp. 397-399 (#23, #29); Lesson 62, pp. 444-446 (#6); Lesson 71, pp. 504-506 (#18); Lesson 77, pp. 537-539; Lesson 83, pp. 577-579 (#9); Lesson 87, pp. 600-603; Lesson 100, pp. 696-698 (#13, #14, #25); Lesson 118, pp. 828-830 (#5, #10) Standards Success Activity: Activity 15, pp. 29-30, Activity 18, pp. 35-36, Activity 22, pp. 43-44, Activity 23, pp. 45-46</p> | <p><i>Saxon Math</i> is based on the belief that people learn by doing, and the ultimate “doing” is applying mathematical concepts to everyday life situations. The <i>Saxon Math</i> series seeks to produce mathematically proficient students who can then use the quantitative skills they have honed to create solutions, and apply quantitative methods to practical challenges. Examples and Practice Problems in the student text are marked with blue icons signifying to students the need to “Represent,” “Formulate,” and “Model” their work. Visual support throughout the program ensures that students are able to represent mathematical situations using charts, tables, and other graphic organizers to guide their understanding of increasingly complex problems.</p> <p>One key example in <i>Course 2</i> involves the ratio box. First introduced in Lesson 53, this problem-solving tool serves as an important middle step that allows students to model a concrete mathematical problem before making the leap to an abstract proportional relationship. It is first used for straightforward ratio word problems but gradually builds towards more complicated problem-solving situations, including (but not limited to) percent of change, scale models, and successive discounts.</p> |

This begins with concrete models at the primary level, regularly includes representational tools such as graphs, charts, tables and diagrams, and moves to more sophisticated tools like geometry software at the secondary level. Saxon offers instruction and guidance for appropriate use of tools throughout the program, and has compiled a complete manipulative set for grades 6–8. Icons in the margins of the textbook indicate to students appropriate places for use of scientific calculators, and graphing calculator icons indicate related/extension activities available on-line.</p> <p>Alongside the standard use of tools, “Alternate Approach with Manipulatives” notes in the Teacher Manual and the “Adaptation Teaching Guide” provide additional techniques for working with at-risk students via standard manipulatives, reference guides, and adaptation prompts. Students learn how these tools and resources can support them in solving problems without over-relying on them or letting them impede their ability to solve problems independently.</p> |

| Standards for Mathematical Practice | 6. | Attend to precision. | <p>INSTRUCTION: New Concept: Lesson 8, pp. 54-58; Lesson 15, pp. 100-104; Lesson 17, pp. 115-118; Lesson 20, pp. 134-139; Lesson 32, pp. 228-231; Lesson 34, pp. 241-244; Lesson 35, pp. 247-251 Investigation: Investigation 2, pp. 143-148; Investigation 3, pp. 216-220; Investigation 10, pp. 699-703; Investigation 11, pp. 773-777</p> <p>MAINTENANCE: Problem Solving: Lesson 69, p. 485; Lesson 79, p. 545; Lesson 80, p. 550; Lesson 82, p. 569 Written Practice: Lesson 15, pp. 105-106 (#3, #5, #8); Lesson 16, p. 112 (#5, #6, #9); Lesson 21, pp. 154-156 (#3, #4, #25); Lesson 22, pp. 160-161 (#7, #11, #28); Lesson 32, pp. 233-234 (#15, #29, #30); Lesson 34, pp. 245-246 (#12, #14, #27); Lesson 35, pp. 252-253 (#9, #11, #14); Lesson 37, pp. 270-272 (#3, #16, #28); Lesson 66, pp. 468-471 (#3, #18, #30); Lesson 86, pp. 595-597 (#15, #20)</p> <p>Standards Success Activity: Activity 2, pp. 3-4, Activity 3, pp. 5-6</p> | <p>To ensure students calculate accurately and efficiently, and then maintain that proficiency, 30 fully integrated and evolving Written Practice problems have been designed to daily guarantee students' minds do not go on autopilot, which is the brain's natural tendency when presented with too many of the same thing in a single sitting. Conscientious effort has been made by author Stephen Hake to guarantee that if, for example, a proportional reasoning problem is to be posed daily, that it be presented from different perspectives so as to very naturally require and instill attention to detail. Students may simply define the process on one day, represent the problem symbolically the next day, formulate their own problem, or generate a solution – but for different components each time. Each practice and assessment question is referenced to its lesson of initial instruction to encourage students to reference rather than guess when in doubt.</p> <p>Automaticity of basic skill sets is promoted with a 2-3 minute timed practice set that opens the Power-Up portion of each lesson.</p> <p>Parallel to the student textbook, the “Student Adaptation Workbook” provides additional starting points, hints/tips for progressing, and reminders to label to encourage and reinforce precision with special needs and at-risk students.</p> |

Saxon’s program gradually evolves from these particulars to the deeper structures inherent in the discipline.</p> <p>The integrated Written Practice takes this one step further by forcing students to develop flexibility in their mathematical understanding. Rather than presenting 20 identical problems with slightly different numeration side-by-side, <i>Saxon Math</i> asks students to practice a myriad of concepts from different strands on a daily basis, ensuring that their use of structure is not simply a function of the problem type.</p> <p>Author Stephen Hake is careful to phrase examples and practice problems of a single concept in a variety of ways to assure flexibility of student thinking exists within the fluency. “What is NOT?” is a frequent form of questioning, and blue icons identify “Connect,” “Classify,” and “Analyze” questions within the Written Practice that require students to step back, get an overview of the problem at hand, and shift their perspective if necessary.</p> |

| Standards for Mathematical Practice | 8. | Look for and express regularity in repeated reasoning. | <p><u>INSTRUCTION:</u> New Concept: Lesson 4, pp. 29-31; Lesson 6, pp. 40-43; Lesson 24, pp. 169-172; Lesson 27, pp. 188-191; Lesson 115, pp. 804-806 Investigation: Investigation 8, pp. 558-561, Investigation 11, pp. 773-777</p> <p><u>MAINTENANCE:</u> Problem Solving: Lesson 1, p. 6; Lesson 12, p. 82; Lesson 16, p. 107; Lesson 21, p. 149; Lesson 42, p. 302 Written Practice: Lesson 4, pp. 32-33 (#4, #5, #17); Lesson 5, pp. 38-39 (#2, #6, #28); Lesson 8, pp. 58-59 (#1, #4, #26); Lesson 25, pp. 179-181 (#9, #13, #30); Lesson 26, pp. 185-187 (#9, #14, #21); Lesson 28, pp. 197-199 (#7, #8, #15); Lesson 31, pp. 225-227 (#21, #29); Lesson 117, pp. 821-824 (#2, #13, #19); Lesson 119, pp. 834-836 (#8)</p> | <p>Distributing the instruction of key concepts over the course of the school year allows Saxon curriculum to daily visit the ever increasing “big picture,” while attending to finer and finer detail. The development of regularity and repeated reasoning in Saxon students happens over the entire year rather than “cramming” repeated exposures to skills and concepts into a massed practice set or a three-week chapter or unit. This is a much more natural progression of skills, allowing students to discover these patterns and develop a deeper mathematical understanding at their own pace.</p> <p>“Shortcuts” are not introduced or utilized in Saxon until students exemplify proficiency with all subskills of the skill set. For instance, in Lesson 16 of <i>Course 2</i> students revisit function tables, and in Investigation 3 the coordinate plane. They proceed to plotting (Lesson 56) and graphing (Investigation 9) functions, solve and transform literal equations (Lesson 106), and define slope (Lesson 107), but not until Lesson 116 is the “aha” – the shortcut - of using the slope-intercept method of graphing linear equations utilized. Frequently in Saxon, the shortcut has already been discovered and utilized by students themselves by the time it is formally introduced.</p> |

|---------------------------------|----------|---|--|
| 7.SP Statistics and Probability | 7.SP.5 | Understand that the probability of a chance event is a number between 0 and 1 that expresses the likelihood of the event occurring. Larger numbers indicate greater likelihood. A probability near 0 indicates an unlikely event, a probability around 1/2 indicates an event that is neither unlikely nor likely, and a probability near 1 indicates a likely event. | <p>Saxon Math Course 2 introduces a variety of concepts related to both theoretical and experimental probability, including multiple opportunities for students to explore chance processes and draw conclusions based on these investigations. Students learn and practice the basics of probability models before diving into deeper applications and critical-thinking activities. The lessons focusing on probability include:</p> <p>Lesson 14 Simple Probability Lesson 36 Sample Spaces Investigation 8 Probability and Odds / Compound Events / Experimental Probability Lesson 94 Probability of Dependent Events</p> <p>INSTRUCTION: New Concept: Lesson 14, pp. 95-98; Lesson 36, pp. 257-258; Lesson 94, pp. 648-650 Investigation: Investigation 8, pp. 558-561</p> <p>MAINTENANCE: Written Practice: Lesson 38, p. 278 (#11); Lesson 39, p. 284 (#29); Lesson 42, p. 306 (#11); Lesson 44, p. 321 (#9); Lesson 60, p. 426 (#23); Lesson 83, p. 577 (#10); Lesson 85, p. 590 (#10); Lesson 100, p. 697 (#15); Lesson 114, p. 801 (#3)</p> |
| | 7.SP.6 | Approximate the probability of a chance event by collecting data on the chance process that produces it and observing its long-run relative frequency, and predict the approximate relative frequency given the probability. | <p>INSTRUCTION: New Concept: Lesson 14, pp. 95-98; Lesson 36, pp. 257-258 Investigation: Investigation 8, pp. 558-561</p> <p>MAINTENANCE: Written Practice: Lesson 38, p. 278 (#11); Lesson 39, p. 284 (#29); Lesson 42, p. 306 (#11); Lesson 44, p. 321 (#9); Lesson 60, p. 426 (#23); Lesson 83, p. 577 (#10); Lesson 85, p. 590 (#10); Lesson 100, p. 697 (#15); Lesson 114, p. 801 (#3)</p> <p>Standards Success Activity: Activity 14, pp. 27-28</p> |

| Standards for Mathematical Practice | 1. | Make sense of problems and persevere in solving them. | <p><u>INSTRUCTION:</u> New Concept: Lesson 3, pp. 19-22; Lesson 4, pp. 27-28; Lesson 34, pp. 223-226; Lesson 87, pp. 580-582; Lesson 89, pp. 593-596; Lesson 105, pp. 697-699 Investigation: Investigation 2, pp. 132-138; Investigation 7, pp. 476-478; Lesson 10, pp. 670-674; Lesson 12, pp. 782-784</p> <p><u>MAINTENANCE:</u> Power Up: Lesson 2, pp. 11-12; Lesson 8, pp. 47-48; Lesson 13, p. 85; Lesson 23, pp. 153-154; Lesson 40, p. 264; Lesson 56, p. 382; Lesson 73, p. 491; Lesson 85, p. 568; Lesson 98, p. 651 Problem Solving: Lesson 1, p. 6; Lesson 12, p. 78; Lesson 23, p. 153; Lesson 35, p. 229; Lesson 45, p. 308; Lesson 53, p. 360; Lesson 64, p. 435; Lesson 76, p. 507; Lesson 83, p. 557; Lesson 92, p. 617; Lesson 102, p. 681; Lesson 115, p. 754 Written Practice: Lesson 3, pp. 23-24(#1, #2, #3, #4, #5, #6, #7); Lesson 4, pp. 28-30(#1, #2, #3, #4, #5, #25); Lesson 5, pp. 33-35(#1, #2, #3, #4, #6, #9, #17); Lesson 6, pp. 38-40 (#1, #2, #3, #11); Lesson 7, pp. 45-46 (#4, #5, #7); Lesson 18, pp. 117-119 (#26, #27); Lesson 26, pp. 174-175; Lesson 37, pp. 248-249 (#11); Lesson 38, pp. 254-256 (#5-#8); Lesson 39, pp. 261-263 (#28); Lesson 40, pp. 268-270 (#4, #5, #27); Lesson 87, pp. 582-583 (#2, #7); Lesson 90, p. 603 (#1); Lesson 91, pp. 603-604 (#1, #16); Lesson 94, p. 631 (#3); Lesson 105, pp. 699-700 (#4, #12); Lesson 106, pp. 704-705 (#2, #5, #9); Lesson 108, pp. 715-716 (#7, #12, #13, #14)</p> <p>Standards Success Activity: Activity 16, pp. 31-32</p> | <p>Developing enthusiastic and proficient problem solvers is the focus of the <i>Saxon Math</i> series. To reinforce this commitment from day one, <i>Course 3</i> opens with a “Problem-Solving Overview” on pages 1 - 5. Working from Polya’s classic four-step problem solving process, and beginning with ten general strategies, students are reminded to understand the information that has been provided and the question being asked, to plan accordingly before beginning, to solve the problem while remaining open to re-direction, and to check their solution for reasonableness and possible extensions. Additional emphasis is placed at this level of problem solving on solving most efficiently, and the ability to effectively communicate in writing a process and results.</p> <p>The process and strategies outlined in the overview are discussed daily in the Problem Solving portion of the daily Power Up, and practiced daily in the integrated Written Practice, where students are not only expected to solve, but to also formulate problems. All problems build in complexity throughout the year, and to support good questioning, teacher materials include a “Problem Solving Discussion Guide” for each Power-Up, and “Math Conversation” prompts for each Lesson and Written Practice.</p> <p>Saxon’s pedagogy of daily integrating and gently evolving domains simultaneously naturally promotes perseverance. Students are provided both the time to master and the material to maintain skill sets. This avoids the current phenomenon of students learning enough to get by on the next test but forgetting those skills shortly thereafter, forcing them to be reviewed again the following year</p> |

| Standards for Mathematical Practice | 6 | Attend to precision. | <p>INSTRUCTION: New Concept: Lesson 8, pp. 48 – 51; Lesson 18, pp. 114 – 117; Lesson 42, pp. 287-290; Lesson 43, pp. 294-297; Lesson 76, pp. 507-511, Lesson 86, pp. 574-578; Lesson 87, pp. 580-582; Lesson 91, pp. 610-613; Lesson 117, pp. 763-766</p> <p>MAINTENANCE: Power Up: Lesson 1, pp. 6-7; Lesson 4, pp. 26-27; Lesson 6, p. 36; Lesson 8, p. 47; Lesson 10, p. 60; Lesson 18, p. 114; Lesson 32, p. 210; Lesson 38, pp. 250-251; Lesson 42, p.287; Lesson 49, p. 330; Lesson 61, p. 415; Lesson 79, p. 525; Lesson 95, p. 634</p> <p>Problem Solving: Lesson 32, p. 210</p> <p>Written Practice: Lesson 8, pp. 51-53 (#1-4); Lesson 10, pp. 66-67 (#5-9, #19, #22); Lesson 12, pp. 83-84 (#6-8, #21, #23); Lesson 13, pp. 90-91 (#4, #6-14.); Lesson 22, pp. 150-152 (#8-11, #13); Lesson 26, pp. 174-175; Lesson 42, pp. 290-293 (#3); Lesson 43, pp. 297-299 (#5, #30); Lesson 45, pp. 310-312 (#1, #3, #4); Lesson 47, pp. 324-325; Lesson 77, p. 518 (#22); Lesson 78, p. 523 (#19, #20); Lesson 86, pp. 578-579 (#4, #25); Lesson 87, pp. 582-583 (#1, #2, #5, #7); Lesson 91, pp. 614 (#4, #6, #9, #15); Lesson 94, pp. 631, 633 (#3, #22)</p> <p>Standards Success Activity: Activity 8, pp. 15-16; Activity 9, pp. 17-18; Activity 13, pp. 25-26</p> | <p>To ensure students use appropriate terminology correctly, communicate precisely, calculate accurately and efficiently, and then maintain that proficiency, 30 fully integrated and evolving Written Practice problems have been designed to daily guarantee students' minds do not go on autopilot, which is the brain's natural tendency when presented with too many of the same thing in a single sitting. Conscientious effort has been made by author Stephen Hake to guarantee that if, for example, a function is to be posed daily, that it be presented from different perspectives so as to very naturally require and instill the practice of attention to detail. Students may simply define a function on one day, evaluate or compare functions the next day, and/or use a function to model a relationship between quantities the following day. Each practice and assessment question is referenced to its lesson of initial instruction to encourage students to reference rather than guess when in doubt.</p> <p>Automaticity of basic skill sets is promoted with a 2-3 minute timed practice set that opens the Power-Up portion of each lesson.</p> <p>Parallel to the student textbook, the "Student Adaptation Workbook" provides additional starting points, hints/tips for progressing, and reminders to label to encourage and reinforce precision with special needs and at-risk students.</p> |

| Standards for Mathematical Practice | 8. | Look for and express regularity in repeated reasoning. | <p>INSTRUCTION: New Concept: Lesson 15, pp. 98-101; Lesson 21, pp. 140-143; Lesson 61, pp. 415-418; Lesson 73, pp. 491-494; Lesson 97, pp. 646-648; Lesson 102, pp. 681-683 Investigation: Investigation 10, pp. 670-674</p> <p>MAINTENANCE: Problem Solving: Lesson 26, p. 169; Lesson 37, p. 245; Lesson 40, p. 264; Lesson 42, p. 287; Lesson 44, p. 300; Lesson 48, p. 326; Lesson 51, p. 346; Lesson 59, p. 400; Lesson 103, p. 686; Lesson 107, p. 707; Lesson 111, p. 731; Lesson 116, p. 758 Written Practice: Lesson 22, pp. 150-152 (#8-11); Lesson 23, pp. 156-158 (#12, #13, #20); Lesson 26, pp. 174-175; Lesson 29, pp. 189-191; Lesson 73, p. 495 (#11); Lesson 74, pp. 500-501 (#7, #13, #15); Lesson 76, p. 513 (#13, #14); Lesson 97, p. 650 (#12, #23); Lesson 98, p. 655 (#6, #18); Lesson 102, pp. 683-684 (#4, #15, #16, #19); Lesson 108, p. 715 (#10)</p> <p>Standards Success Activity: Activity 2, pp. 3-4</p> | <p>Distributing the instruction of concepts over the course of the year allows Saxon curriculum to visit the ever-increasing “big picture” on a daily basis while attending to finer and finer detail. Multiple opportunities are provided over the course of the school year for students to solve and model like problems to ensure they are developing connections, cohesiveness, and flexibility in their work within the grade level standard.</p> <p>“Shortcuts” are not introduced or utilized in Saxon until students exemplify proficiency with all subtasks of the skill set. For instance, in Investigation 1 of <i>Course 3</i> students revisit graphing points on the coordinate plane, and in Lesson 41 define functions, describe their rules, and identify their graphs. In Lesson 44 they define the slope of a line, and in Lesson 47 graph functions, but not until Lesson 56 is the “aha” – the shortcut - of using the slope-intercept method of graphing linear equations utilized. Frequently in Saxon, the shortcut has already been discovered and utilized by students themselves by the time it is formally introduced.</p> |

History Standards

H.6.2.9: Identify reasons Pilgrims came to the New World:

- Religious freedom
- Political freedom

H.6.2.10: Discuss the characteristics of a colony

H.6.2.5: Determine the data to be included on a personal *timeline*

H.6.2.6: Determine how photos and documents are used to gather information about the past

H.6.2.7: Define technology and list examples

Natural Science Standards

NS.1.2.1: Communicate observations orally, in writing, and in graphic organizers:

- T-charts
- Pictographs
- Venn diagrams
- Bar graphs

NS.1.2.2: Develop questions that guide scientific inquiry

NS.1.2.3: Conduct *scientific investigations* individually and in teams:

- *Lab activities*
- *Field studies*

NS.1.2.4: Estimate and measure length and *temperature* using International System of Units

NS.1.2.5: Collect measurable *empirical evidence* in teams and as individuals

NS.1.2.6: Make predictions in teams and as individuals based upon *empirical evidence*

NS.1.2.7: Use age appropriate equipment and tools in *scientific investigations*

NS.1.2.8: Apply lab safety rules as they relate to specific science *lab activities*

PS.5.2.1: Classify objects based on two or more properties

PS.6.2.1: Investigate the relationship between *force* and motion

| May | <p>FOSS Physics of Sound</p> <p>PS.7.3.1: Classify materials as those which can <i>reflect</i>, <i>refract</i>, or absorb light</p> <p>PS.6.3.1: Identify characteristics of wave motion:</p> <ul style="list-style-type: none"> • <i>Amplitude</i> • <i>Frequency</i> <p>PS.6.3.2: Investigate the relationship between sound and wave motion.</p> <p>PS.6.3.3: Determine the impact of the following <i>variables</i> on pitch:</p> <ul style="list-style-type: none"> • Length • <i>Mass</i> • Tension • State of <i>matter</i> | 1. Why is it important to recognize how sound travels? | <p>FOSS Physics of Sound Investigation III HOW SOUND TRAVELS</p> <p>Students work in collaborative groups on mini-activities that introduce a sound source and a medium of sound travel. They observe and compare how sound travels through solids, water, and air.</p> <p>FOSS Physics of Sound Investigation IV</p> <p>Students investigate the nature of our sound receivers, ears. They are challenged to put their knowledge of sound sources, sound travel, and sound receivers to work. They take one of the instruments they used earlier and change its pitch, make its sound travel farther, or make it louder.</p> |
| Month | Topic/Standards | Essential Questions | Content |
| June | <p>Arkansas History</p> <p>G.2.3.1: Discuss several customs in the United States and tell how they originated</p> <p>G.2.3.2: Identify <i>cultural</i> traits of ethnic groups that live in Arkansas</p> <p>G.3.3.4: Discuss ways in which the school and community can improve the physical environment by practicing conservation</p> <p>C.5.3.4: Discuss the proper etiquette for the American flag</p> | 1. How does the history of Arkansas impact us in today’s society? | <p>Arkansas History</p> <p>Students will examine people and events of Arkansas associated with the Civil War, the Arts, the Civil Rights Movement and present-day politics. They will analyze a timeline of technology and how it has changed life in Arkansas and the world.</p> |

| | | | |
|--|---|--|--|
| | H.6.3.1: Research the history of the Arkansas state flag H.6.3.2: Examine historical people and events of Arkansas | | |
|--|---|--|--|

History Standards

H.6.3.7: Analyze a timeline that illustrates selected historical events

H.6.3.8: Compare artifacts from events in various periods of history

H.6.3.9: Identify ways in which technology has changed the world

H.6.3.10: Examine land development and its impact on a community

Natural Science Standards

NS.1.3.1: Communicate observations orally, in writing, and in graphic organizers:

- T-charts
- Pictographs
- Venn diagrams
- Bar graphs
- Frequency tables

NS.1.3.2: Develop questions that guide scientific inquiry

NS.1.3.3: Conduct scientific investigations individually and in teams:

- Lab activities
- Field studies

NS.1.3.4: Communicate the results of scientific investigations

NS.1.3.5: Estimate and measure length, mass, temperature, and elapsed time using

International System of Units

NS.1.3.6: Collect and analyze measurable empirical evidence as a team and/or as individuals

NS.1.3.7: Make and explain predictions based on prior knowledge

NS.1.3.8: Use simple equipment, age appropriate tools, technology, and mathematics in scientific investigations

NS.1.3.9: Apply lab safety rules as they relate to specific science lab activities

PS.5.3.1: Compare and contrast objects based on two or more properties

Earth and Space Science Standards

ESS.8.3.8: Chart *precipitation* levels over time

ESS.8.3.9: Demonstrate safety procedures related to severe weather

ESS.8.3.10: Construct and read a rain gauge

ESS.9.3.1: Analyze the effect of wind and water on Earth's surface

LRPA Fourth Grade Interdisciplinary Curriculum Map

| NOTE: Additional Geography standards will be covered throughout Global Studies units (see end of document) | | | |
|--|---|--|--|
| NOTE: Natural Science standards will be covered throughout Natural World units (see end of document) | | | |

Geography Standards

- G.2.4.1: Research elements of *culture* in a community, state, or nation
- G.2.4.2: Describe the *cultural* characteristics of diverse populations in the United States
- G.3.4.1: Examine different types of transportation and communication links between communities in Arkansas
- G.3.4.2: Discuss the reasons for human settlement patterns
- G.3.4.3: Explain how communities share ideas and information with each other
- G.3.4.4: Explain how people are influenced by, adapt to, and alter the environment
- G.3.4.5: Describe the social impact of extreme natural events on human and physical environments
- G.3.4.6: Research ways in which the school and community can improve the physical environment by practicing conservation

Natural Science Standards

- NS.1.4.1: Communicate observations orally, in writing, and in graphic organizers:
- T-charts
 - Pictographs
 - Venn diagrams
 - Bar graphs
 - Frequency tables
 - Line graphs
- NS.1.4.2: Refine questions that guide scientific inquiry
- NS.1.4.3: Conduct *scientific investigations* individually and in teams:
- *Lab activities*
 - *Field studies*

- NS.1.4.5: Communicate the designs, procedures, and results of *scientific investigations* (e.g., age-appropriate graphs, charts, and writings)
- NS.1.4.6: Estimate and measure length, *mass*, *temperature*, capacity/volume, and elapsed time using International System of Units (SI)
- NS.1.4.7: Collect and interpret measurable *empirical evidence* in teams and as individuals
- NS.1.4.8: Develop a *hypothesis* based on prior knowledge and observations
- NS.1.4.9: Identify *variables* that affect investigations
- NS.1.4.10: Identify patterns and trends in data
- NS.1.4.11: Generate conclusions based on evidence
- NS.1.4.12: Evaluate the quality and feasibility of an idea or project
- NS.1.4.13: Use simple equipment, age appropriate tools, technology, and mathematics in *scientific investigations*
- NS.1.4.14: Apply lab safety rules as they relate to specific science *lab activities*

| Month | Topic/Standards | Essential Questions | Content |
| June | Additional Geography standards can be covered during this month if not covered throughout the year | | |

Geography Standards

- G.1.5.5: Identify a variety of charts and graphs used to display data on a variety of topics such as climate or population
- G.2.5.1: Describe customs, celebrations, and traditions of selected racial, ethnic, and religious groups in Arkansas and the United States
- G.2.5.2: Understand the contributions of people of various racial, ethnic, and religious groups in Arkansas and the United States
- G.2.5.3: Recognize examples of *cultural diffusion*, *cultural exchange*, and *assimilation*
- G.3.5.3: Identify various forms of technology and methods of transferring ideas and information
- G.3.5.4: Recognize the concepts of *interstate*, *intrastate*, *infrastructure*, and *globalization*
- G.3.5.5: Identify renewable and nonrenewable resources
- G.3.5.6: Identify ways people have modified the physical environment
- G.3.5.7: Discuss ways in which Arkansans adapted to and modified the environment

History Standards

- H.6.5.2: Read and interpret timelines using the terms:
- ca (circa)
 - Before Common Era/Common Era (BCE/CE)
 - Millennia
 - Millennium
 - Decade
 - Century
- H.6.5.5: Describe the role and impact of legislative bodies in the colonial government
- H.6.5.11: Evaluate the contributions of political and religious leaders in colonial America

Reading Express Correlated to the Common Core English Language Arts Standards

| Grade 5 Common Core English Language Arts Standards | Reading Express Level E |
|--|---|
| Reading: Literature | |
| Key Ideas and Details | |
| 1. Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text. | Lesson 33: Inferences Lesson 38: Plot Lesson 39: Character Lesson 40: Setting Lesson 42: Mood Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths/Legends |
| 2. Determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic; summarize the text. | Lesson 30: Summarize Lesson 41: Theme Lesson 57: Autobiographies/Biographies Lesson 58: Drama |
| 3. Compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact). | Lesson 22: Compare and Contrast Lesson 38: Plot Lesson 39: Character Lesson 58: Drama |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative language such as metaphors and similes. | Lesson 4: Context Clues Lesson 44: Imagery and Sensory Details Lesson 45: Similes and Metaphors |
| 5. Explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem. | Lesson 38: Plot Lesson 58: Drama Lesson 59: Poetry |
| 6. Describe how a narrator's or speaker's point of view influences how events are described. | Lesson 27: Author's Purpose Lesson 43: Point of View |
| Integration of Knowledge and Ideas | |
| 7. Analyze how visual and multimedia elements contribute to the meaning, tone, or beauty of a text (e.g., graphic novel, multimedia presentation of fiction, folktale, myth, poem). | Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 54: Tall Tales Lesson 55: Myths and Legends Lesson 59: Poetry |
| 9. Compare and contrast stories in the same genre (e.g., mysteries and adventure stories) on their approaches to similar themes and topics. | Lesson 22: Compare and Contrast Lesson 41: Theme Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths and Legends Lesson 58: Drama Lesson 59: Poetry |
| Range of Reading and Complexity of Text | |
| 10. By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 4–5 text complexity band independently and proficiently. | Lesson 4: Context Clues Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths/Legends Lesson 58: Drama Lesson 59: Poetry |

| Reading: Informational Text | |
|--|---|
| Key Ideas and Details | |
| 1. Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text. | Lesson 33: Inferences Lesson 34: Recalling Facts |
| 2. Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text. | Lesson 29: Main idea and Supporting Details Lesson 30: Summarize Lesson 34: Recalling Facts |
| 3. Explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text based on specific information in the text. | Lesson 11: Charts Lesson 12: Graphs Lesson 13: Maps Lesson 14: Diagrams Lesson 15: Venn Diagram Lesson 16: Timeline Lesson 17: Illustrations/Photos/Captions Lesson 22: Compare/Contrast Lesson 34: Recalling Facts Lesson 38: Plot Lesson 39: Character Lesson 51: Historical Fiction Lesson 52: Science Fiction |
| Craft and Structure | |
| 4. Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a <i>grade 5 topic or subject area</i> . | Lesson 4: Context Clues Lesson 9: Dictionary Lesson 17: Illustrations/Photos/Captions Lesson 19: Glossary Lesson 21: Headings/Subheadings |
| 5. Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts. | Lesson 11: Charts Lesson 12: Graphs Lesson 13: Maps Lesson 14: Diagrams Lesson 15: Venn Diagram Lesson 16: Timeline Lesson 17: Illustrations/Photos/Captions Lesson 22: Compare and Contrast Lesson 23: Cause and Effect Lesson 24: Chronological Order Lesson 25: Problem and Solution Lesson 28: Question and Answer Lesson 29: Main idea and Supporting Details Lesson 34: Recalling Facts Lesson 37: Connecting Text to Text/Self/World |
| 6. Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent. | Lesson 22: Compare and Contrast Lesson 29: Main idea and Supporting Details Lesson 34: Recalling Facts Lesson 43: Point of View |

Reading Express Correlated to the Common Core English Language Arts Standards

| Integration of Knowledge and Ideas | |
|--|---|
| 7. Draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently. | Lesson 25: Problem and Solution Lesson 26: Question and Answer |
| 8. Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point(s). | Lesson 27: Author's Purpose Lesson 29: Main Idea and Supporting Details Lesson 34: Recalling Facts Lesson 43: Point of View |
| 9. Integrate information from several texts on the same topic in order to write or speak about the subject knowledgeably. | Lesson 22: Compare and Contrast Lesson 29: Main Idea and Supporting Details Lesson 30: Summarize Lesson 31: Conclusions Lesson 34: Recalling Facts Lesson 37: Connecting Text to Text/Self/World |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend informational texts, including history/social studies, science, and technical texts, at the high end of the grades 4–5 text complexity band independently and proficiently. | Lesson 4: Context Clues Lesson 29: Main Idea and Supporting Details Lesson 30: Summarize Lesson 34: Recalling Facts Lesson 56: Nonfiction |
| Reading: Foundational Skills | |
| Phonics and Word Recognition | |
| 3. Know and apply grade-level phonics and word analysis skills in decoding words. Use combined knowledge of all letter-sound correspondences, syllabication patterns, and morphology (e.g., roots and affixes) to read accurately unfamiliar multisyllabic words in context and out of context. | Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 4: Context Clues Lesson 5: Synonyms and Antonyms Lesson 6: Homophones Lesson 7: Homographs |
| 4. Read with sufficient accuracy and fluency to support comprehension. Read grade-level text with purpose and understanding. Read grade-level prose and poetry orally with accuracy, appropriate rate, and expression. | Lesson 4: Context Clues Lesson 27: Author's Purpose Lesson 59: Poetry |

| Language | |
|--|---|
| Conventions of Standard English | |
| 1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. | Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 4: Context Clues Lesson 9: Dictionary |
| 2. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. Use punctuation to separate items in a series. Use a comma to separate an introductory element from the rest of the sentence. Use a comma to set off the words <i>yes</i> and <i>no</i> (e.g., <i>Yes, thank you</i>), to set off a tag question from the rest of the sentence (e.g., <i>It's true, isn't it?</i>), and to indicate direct address (e.g., <i>Is that you, Steve?</i>). Use underlining, quotation marks, or italics to indicate titles of works. Spell grade-appropriate words correctly, consulting references as needed. | Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 5: Synonyms and Antonyms Lesson 6: Homophones Lesson 7: Homographs Lesson 9: Dictionary Lesson 19: Glossary Lesson 21: Headings/Subheadings |
| Knowledge of Language | |
| 3. Use knowledge of language and its conventions when writing, speaking, reading, or listening. Expand, combine, and reduce sentences for meaning, reader/listener interest, and style. Compare and contrast the varieties of English (e.g., <i>dialects, registers</i>) used in stories, dramas, or poems. | Lesson 50: Realistic Fiction Lesson 51: Historical Fiction Lesson 52: Science Fiction Lesson 53: Fables Lesson 54: Tall Tales Lesson 55: Myths/Legends Lesson 56: Nonfiction Lesson 57: Autobiographies/Biographies Lesson 58: Drama Lesson 59: Poetry |

| Vocabulary Acquisition and Use | |
|--|--|
| <p>4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 5 reading and content, choosing flexibly from a range of strategies.</p> <p>Use context (e.g., cause/effect relationships and comparisons in text) as a clue to the meaning of a word or phrase.</p> <p>Use common, grade-appropriate Greek and Latin affixes and roots as clues to the meaning of a word (e.g., <i>photograph</i>, <i>photosynthesis</i>).</p> <p>Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key words and phrases.</p> | <p>Lesson 4: Context Clues Lesson 6: Homophones Lesson 7: Homographs Lesson 9: Dictionary Lesson 10: Thesaurus</p> |
| <p>5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.</p> <p>interpret figurative language, including similes and metaphors, in context.</p> <p>Recognize and explain the meaning of common idioms, adages, and proverbs.</p> <p>Use the relationship between particular words (e.g., synonyms, antonyms, homographs) to better understand each of the words.</p> | <p>Lesson 5: Synonyms and Antonyms Lesson 6: Homophones Lesson 7: Homographs Lesson 8: Connotations/Denotation Lesson 45: Similes and Metaphors</p> |
| <p>6. Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases, including those that signal contrast, addition, and other logical relationships (e.g., <i>however</i>, <i>although</i>, <i>nevertheless</i>, <i>similarly</i>, <i>moreover</i>, <i>in addition</i>).</p> | <p>Lesson 1: Prefixes and Suffixes Lesson 2: Root Words Lesson 3: Word Origins Lesson 4: Context Clues Lesson 22: Compare and Contrast Lesson 23: Cause and Effect</p> |

| Correlation to the Common Core State Standards for English Language Arts, Grade 6 | SB-Student Book TG-Teaching and Assessment Resources |
|--|---|
| | |
| b. Support claim(s) with clear reasons and relevant evidence, using credible sources and demonstrating an understanding of the topic or text. | TG: 274-275 |
| c. Use words, phrases, and clauses to clarify the relationships among claim(s) and reasons. | TG: 274-275 |
| d. Establish and maintain a formal style. | TG: 274-275 |
| e. Provide a concluding statement or section that follows from the argument presented. | TG: 274-275 |
| 2. Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. | TG: 64; 82; 260-264; 267-269 |
| a. Introduce a topic; organize ideas, concepts, and information, using strategies such as definition, classification, comparison/contrast, and cause/effect; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. | TG: 260-264; 267-269 |
| b. Develop the topic with relevant facts, definitions, concrete details, quotations, or other information and examples. | TG: 260-264; 267-269 |
| c. Use appropriate transitions to clarify the relationships among ideas and concepts. | |
| d. Use precise language and domain-specific vocabulary to inform about or explain the topic. | TG: 260-264; 267-269 |
| e. Establish and maintain a formal style. | TG: 260-264; 267-269 |
| f. Provide a concluding statement or section that follows from the information or explanation presented. | TG: 260-264; 267-269 |
| 3. Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. | TG: 32; 36; 57; 72; 77; 82, et al. |
| a. Engage and orient the reader by establishing a context and introducing a narrator and/or characters; organize an event sequence that unfolds naturally and logically. | TG: 32; 36; 57; 72; 77; 82, et al. |
| b. Use narrative techniques, such as dialogue, pacing, and description, to develop experiences, events, and/or characters. | TG: 32; 36; 57; 72; 77; 82, et al. |
| c. Use a variety of transition words, phrases, and clauses to convey sequence and signal shifts from one time frame or setting to another. | |
| d. Use precise words and phrases, relevant descriptive details, and sensory language to convey experiences and events. | TG: 32; 36; 57; 72; 77; 82, et al. |
| e. Provide a conclusion that follows from the narrated experiences or events. | TG: 32; 36; 57; 72; 77; 82, et al. |

Many Voices Literature
Themes: An Introduction to Literature

| Correlation to the Common Core State Standards for English Language Arts, Grade 6 | SB-Student Book TG-Teaching and Assessment Resources |
|--|---|
| Production and Distribution of Writing | |
| 4. Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.) | TG: 263-266; 269-271; 274-277 |
| 5. With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach. | TG: 263-266; 269-271; 274-277 |
| 6. Use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type a minimum of three pages in a single sitting. | |
| Research to Build and Present Knowledge | |
| 7. Conduct short research projects to answer a question, drawing on several sources and refocusing the inquiry when appropriate. | 58; 95; 140; 178; 220; 259 |
| 8. Gather relevant information from multiple print and digital sources; assess the credibility of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and providing basic bibliographic information for sources. | 58; 95; 140; 178; 220; 259 |
| 9. Draw evidence from literary or informational texts to support analysis, reflection, and research. | |
| Apply grade 6 Reading standards to literature (e.g., “Compare and contrast texts in different forms or genres [e.g., stories and poems; historical novels and fantasy stories] in terms of their approaches to similar themes and topics”). | |
| Apply grade 6 Reading standards to literary nonfiction (e.g., “Trace and evaluate the argument and specific claims in a text, distinguishing claims that are supported by reasons and evidence from claims that are not”). | |

| Range of Writing | |
| 10. Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences. | TG: 32; 36; 57; 64; 72, 77; 82; 260-264; 267-269 |
| Speaking & Listening | |
| Comprehension and Collaboration | |
| 1. Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 6 topics, texts, and issues, building on others' ideas and expressing their own clearly. | SB: 43; 113; 200; 239; 300; 324; 344; 363, et al. TG: 58; 95; 140; 178; 220; 259 |
| a. Come to discussions prepared, having read or studied required material; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. | SB: 43; 113; 200; 239; 300; 324; 344; 363, et al. TG: 58; 95; 140; 178; 220; 259 |
| b. Follow rules for collegial discussions, set specific goals and deadlines, and define individual roles as needed. | |
| c. Pose and respond to specific questions with elaboration and detail by making comments that contribute to the topic, text, or issue under discussion. | |
| d. Review the key ideas expressed and demonstrate understanding of multiple perspectives through reflection and paraphrasing. | TG: 78 |
| 2. Interpret information presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how it contributes to a topic, text, or issue under study. | TG: 78 |
| 3. Delineate a speaker's argument and specific claims, distinguishing claims that are supported by reasons and evidence from claims that are not. | TG: 78 |
| Presentation of Knowledge and Ideas | |
| 4. Present claims and findings, sequencing ideas logically and using pertinent descriptions, facts, and details to accentuate main ideas or themes; use appropriate eye contact, adequate volume, and clear pronunciation. | TG: 58; 95; 140; 178; 220; 259 |
| 5. Include multimedia components (e.g., graphics, images, music, sound) and visual displays in presentations to clarify information. | |
| 6. Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. | TG: 58; 95; 140; 178; 220; 259 |
| Language | |
| Conventions of Standard English | |
| 1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. | TG: 265-266; 270-271; 275-277 |
| a. Ensure that pronouns are in the proper case (subjective, objective, possessive). | |
| b. Use intensive pronouns (e.g., myself, ourselves). | |
| c. Recognize and correct inappropriate shifts in pronoun number and person.* | |
| d. Recognize and correct vague pronouns (i.e., ones with unclear or ambiguous antecedents).* | |

|---|---|
| e. Recognize variations from standard English in their own and others' writing and speaking, and identify and use strategies to improve expression in conventional language.* | TG: 265-266; 270-271; 275-277 |
| 2. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. | TG: 265-266; 270-271; 275-277 |
| a. Use punctuation (commas, parentheses, dashes) to set off nonrestrictive/parenthetical elements.* | TG: 265-266; 270-271; 275-277 |
| b. Spell correctly. | TG: 265-266; 270-271; 275-277 |
| Knowledge of Language | |
| 3. Use knowledge of language and its conventions when writing, speaking, reading, or listening. | TG: 265-266; 270-271; 275-277 |
| a. Vary sentence patterns for meaning, reader/listener interest, and style.* | |
| b. Maintain consistency in style and tone.* | |
| c. Vocabulary Acquisition and Use | |
| 4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 6 reading and content, choosing flexibly from a range of strategies. | SB: 286 |
| a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a sentence) as a clue to the meaning of a word or phrase. | SB: 222-224 |
| b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., audience, auditory, audible). | |
| c. Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. | |
| d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary). | |
| 5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. | TG: 36; 38; 43; 45; 168; 203 |
| a. Interpret figures of speech (e.g., personification) in context. | TG: 43; 45 |
| b. Use the relationship between particular words (e.g., cause/effect, part/whole, item/category) to better understand each of the words. | |
| c. Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., stingy, scrimping, economical, un wasteful, thrifty). | |
| 6. Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases; gather vocabulary knowledge when considering a word or phrase important to comprehension or expression. | |

|---|---|
| <p>Students' narrative skills continue to grow in these grades. The Standards require that students be able to incorporate narrative elements effectively into arguments and informative/explanatory texts. In history/social studies, students must be able to incorporate narrative accounts into their analyses of individuals or events of historical import. In science and technical subjects, students must be able to write precise enough descriptions of the step-by-step procedures they use in their investigations or technical work that others can replicate them and (possibly) reach the same results.</p> | |

| | |
|--|---|
| Correlation to the Common Core State Standards for English Language Arts, Grade 7 | SB-Student Book TG-Teaching and Assessment Resources |
| Reading: Literature | |
| Key Ideas and Details | |
| 1. Cite several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 12-24; 26-30; 31-40; 93-99; 76-82; TG: 38; 43; 47; 89; |
| 2. Determine a theme or central idea of a text and analyze its development over the course of the text; provide an objective summary of the text. | SB: 62, #1, 5 & 6; 112, #1 & 5; 178, #1, 3, & 7; 244, #5 & 6; 292, #5; 346, #4, 5, 6 TG: 32; 56-57; 67; 96-97; 98; 106; 132-133; 142; 169-170; 179; 213; 203-204; 240-241 |
| 3. Analyze how particular elements of a story or drama interact (e.g., how setting shapes the characters or plot). | SB: 36-53; 73-75; 122-134; 309-315 TG: 51; 76; 116; 143; 224 |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative and connotative meanings; analyze the impact of rhymes and other repetitions of sounds (e.g., alliteration) on a specific verse or stanza of a poem or section of a story or drama. | TG: Examples from Units One and Two - all units follow this format: 33; 35; 39; 40; 43; 44; 48; 59; 68; 70; 73; 74; 77; 81; 86; 90; 91; 95; 99 |
| 5. Analyze how a drama's or poem's form or structure (e.g., soliloquy, sonnet) contributes to its meaning. | SB: 53 |
| 6. Analyze how an author develops and contrasts the points of view of different characters or narrators in a text. | SB: 26-30; 162-177 TG: 42; 130 |
| Integration of Knowledge and Ideas | |
| 7. Compare and contrast a written story, drama, or poem to its audio, filmed, staged, or multimedia version, analyzing the effects of techniques unique to each medium (e.g., lighting, sound, color, or camera focus and angles in a film). | |
| 8. (Not applicable to literature) | |
| 9. Compare and contrast a fictional portrayal of a time, place, or character and a historical account of the same period as a means of understanding how authors of fiction use or alter history. | |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literature, including stories, dramas, and poems, in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range. | SB: The reading levels of the fiction, poetry, and drama in the text range from grades 6 to 10. Scaffolding: 9; 63, #9; 113, #9; 179, #9; 246, #9; 293, #9; 346, #9; 328-364 TG: Scaffolding: 20-26; 34; 69; 108; 144; 181; 215 |
| Reading: Informational Text | |
| Key Ideas and Details | |
| 1. Cite several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 31-34; 66-72; 73-75; 153-161; 231-234 TG: 47; 73; 76; 125; 163 |
| 2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text. | SB: 62, #1, 5 & 6; 112, #1 & 5; 178, #1, 3, & 7; 244, #5 & 6; 292, #5; 346, #4, 5, 6 TG: 32; 56-57; 67; 96-97; 98; 106; 132-133; 142; 169-170; 179; 213; 203-204; 240-241 |
| 3. Analyze the interactions between individuals, events, and ideas in a text (e.g., how ideas influence individuals or events, or how individuals influence ideas or events). | SB: 73-75; 153-161 TG: 76; 125 |

| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone. | TG: Examples from Units One and Two - all units follow this format: 33; 35; 39; 40; 43; 44; 48; 59; 68; 70; 73; 74; 77; 81; 86; 90; 91; 95; 99 |
| 5. Analyze the structure an author uses to organize a text, including how the major sections contribute to the whole and to the development of the ideas. | SB:73-75; 231-234 TG: 76; 163 |
| 6. Determine an author's point of view or purpose in a text and analyze how the author distinguishes his or her position from that of others. | SB: 153-161 TG: 125 |
| Integration of Knowledge and Ideas | |
| 7. Compare and contrast a text to an audio, video, or multimedia version of the text, analyzing each medium's portrayal of the subject (e.g., how the delivery of a speech affects the impact of the words). | |
| 8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims. | |
| 9. Analyze how two or more authors writing about the same topic shape their presentations of key information by emphasizing different evidence or advancing different interpretations of facts. | |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literary nonfiction in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range. | SB: The reading levels of the nonfiction selections in the text range from grades 6 to 10. Scaffolding: 9; 63, #9; 113, #9; 179, #9; 246, #9; 293, #9; 346, #9; 328-364 TG: Scaffolding: 20-26; 34; 69; 108; 144; 181; 215 |
| Writing | |
| Text Types and Purposes | |
| 1. Write arguments to support claims with clear reasons and relevant evidence. | TG: 262-274 |
| a. Introduce claim(s), acknowledge alternate or opposing claims, and organize the reasons and evidence logically. | TG: 262-274 |
| b. Support claim(s) with logical reasoning and relevant evidence, using accurate, credible sources and demonstrating an understanding of the topic or text. | TG: 262-274 |
| c. Use words, phrases, and clauses to create cohesion and clarify the relationships among claim(s), reasons, and evidence. | |
| d. Establish and maintain a formal style. | TG: 267-265 |
| e. Provide a concluding statement or section that follows from and supports the argument presented. | TG: 267-265 |
| 2. Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. | TG: 249-256; 257-261 |

| a. Come to discussions prepared, having read or researched material under study; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. | SB: Discussing sections on pages 63, 113, 17, 245, 293, 347 TG: 57; 97; 133; 170; 204; 241 |
| b. Follow rules for collegial discussions, track progress toward specific goals and deadlines, and define individual roles as needed. | |
| c. Pose questions that elicit elaboration and respond to others' questions and comments with relevant observations and ideas that bring the discussion back on topic as needed. | SB: Discussing sections on pages 63, 113, 17, 245, 293, 347 TG: 57; 97; 133; 170; 204; 241 |
| d. Acknowledge new information expressed by others and, when warranted, modify their own views. | SB: Discussing sections on pages 63, 113; 179; 245; 293; 347 TG: 57; 97; 133; 170; 204; 241 |
| 2. Analyze the main ideas and supporting details presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how the ideas clarify a topic, text, or issue under study. | TG: 275 |
| 3. Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and the relevance and sufficiency of the evidence. | TG: 275 |
| Presentation of Knowledge and Ideas | |
| 4. Present claims and findings, emphasizing salient points in a focused, coherent manner with pertinent descriptions, facts, details, and examples; use appropriate eye contact, adequate volume, and clear pronunciation. | TG: 275 |
| 5. Include multimedia components and visual displays in presentations to clarify claims and findings and emphasize salient points. | |
| 6. Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. | TG: 275 |

Many Voices Literature
Snapshots: Literature for Young Adults

| Correlation to the Common Core State Standards for English Language Arts, Grade 7 | SB-Student Book TG-Teaching and Assessment Resources |
|--|---|
| Language | |
| Conventions of Standard English | |
| 1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. | TG: 235-256; 259-261; 265-267 |
| Explain the function of phrases and clauses in general and their function in specific sentences. | |
| Choose among simple, compound, complex, and compound-complex sentences to signal differing relationships among ideas. | |
| Place phrases and clauses within a sentence, recognizing and correcting misplaced and dangling modifiers.* | |
| 2. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. | TG: 235-256; 259-261; 265-267 |
| a. Use a comma to separate coordinate adjectives (e.g., <i>It was a fascinating, enjoyable movie</i> but not <i>He wore an old[,] green shirt</i>). | |
| b. Spell correctly. | |
| Knowledge of Language | |
| 3. Use knowledge of language and its conventions when writing, speaking, reading, or listening. | TG: 235-256; 259-261; 265-267 |
| Choose language that expresses ideas precisely and concisely, recognizing and eliminating wordiness and redundancy.* | TG: 235-256; 259-261; 265-267 |
| Vocabulary Acquisition and Use | |
| 4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on <i>grade 7 reading and content</i> , choosing flexibly from a range of strategies. | |
| a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a sentence) as a clue to the meaning of a word or phrase. | |
| b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., <i>belligerent</i> , <i>bellicose</i> , <i>rebel</i>). | |
| c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. | |
| d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary). | |
| 5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. | TG: 80; 94; 148 |
| a. Interpret figures of speech (e.g., literary, biblical, and mythological allusions) in context. | TG: 112; 153 |

Many Voices Literature
Snapshots: Literature for Young Adults

| Correlation to the Common Core State Standards for English Language Arts, Grade 7 | SB-Student Book TG-Teaching and Assessment Resources |
|---|---|
| b. Use the relationship between particular words (e.g., synonym/antonym, analogy) to better understand each of the words. | |
| c. Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., refined, respectful, polite, diplomatic, condescending). | |
| 6. Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases; gather vocabulary knowledge when considering a word or phrase important to comprehension or expression. | |

| Reading: Literature | |
| Key Ideas and Details | |
| 1. Cite the textual evidence that most strongly supports an analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 21-35; 49-59; 60-71; 76-77; 82-83; 118-125; 151-164; 212-213; 268-272; 273-275; 312-313; 320-324 TG: 43; 55; 59; 77; 83; 100; 132; 168; 209; 212; 247; 256 |
| 2. Determine a theme or central idea of a text and analyze its development over the course of the text, including its relationship to the characters, setting, and plot; provide an objective summary of the text. | SB: 72-73; 126-127; 182-183; 248-249; 294-295; 330-331 TG: 43; 72; 114; 157; 194; 234 |
| 3. Analyze how particular lines of dialogue or incidents in a story or drama propel the action, reveal aspects of a character, or provoke a decision. | SB: 126, #4; 182, #1; 248, #3; 294, #3; 330, #2 & 4 |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative and connotative meanings; analyze the impact of specific word choices on meaning and tone, including analogies or allusions to other texts. | SB: 36-37; 118-125; 145-150; 215-227 TG: 36; 46; 64; 74; 100; 105; 116; 129; 148; 159; 170; 185; 196; 226; 236; 266 |
| 6. Analyze how differences in the points of view of the characters and the audience or reader (e.g., created through the use of dramatic irony) create such effects as suspense or humor. | SB: 146-150; 212-213 TG: 129; 168 |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literature, including stories, dramas, and poems, at the high end of grades 6–8 text complexity band independently and proficiently. | SB: The reading levels of the fiction, poetry, and drama in the text range from grade 6 to 10. TG: scaffolding on pages 24-25; 20-30 |
| Reading: Informational Text | |
| Key Ideas and Details | |
| 1. Cite the textual evidence that most strongly supports an analysis of what the text says explicitly as well as inferences drawn from the text. | SB: 38-45; 109-112; 113-117; 140-145; 177-181; 268-272; 286-293; 314-318 TG: 49; 92; 96; 125; 144; 209; 220; 250 |
| 2. Determine a central idea of a text and analyze its development over the course of the text, including its relationship to supporting ideas; provide an objective summary of the text. | SB: 72-73; 126-127; 182-183; 248-249; 294-295; 330-331 TG: 43; 72; 114; 157; 194; 234 |
| Craft and Structure | |
| 4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of specific word choices on meaning and tone, including analogies or allusions to other texts. | SB: 109-112; 140-145; 177-181; 286-293; 327-329 TG: 36; 64; 74; 92; 105; 116; 125; 144; 148; 150; 220; 185; 194; 226; 236; 261; 266 |
| 6. Determine an author's point of view or purpose in a text and analyze how the author acknowledges and responds to conflicting evidence or viewpoints. | SB: 38-45; 215-227 TG: 49; 173 |

| Integration of Knowledge and Ideas | |
| 8. Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced. | SB: 314-318; 327-329 TG: 250; 261 |
| Range of Reading and Level of Text Complexity | |
| 10. By the end of the year, read and comprehend literary nonfiction at the high end of the grades 6–8 text complexity band independently and proficiently. | SB: The reading levels of the nonfiction selections in the text range from grade 6 to 10. TG: scaffolding on pages 24-25; 20-30 |
| Writing | |
| Text Types and Purposes | |
| 1. Write arguments to support claims with clear reasons and relevant evidence. | TG: 283-285 |
| a. a. Introduce claim(s), acknowledge and distinguish the claim(s) from alternate or opposing claims, and organize the reasons and evidence logically. | TG: 283-285 |
| b. Support claim(s) with logical reasoning and relevant evidence, using accurate, credible sources and demonstrating an understanding of the topic or text. | TG: 283-285 |
| d. Establish and maintain a formal style. | TG: 283-285 |
| e. Provide a concluding statement or section that follows from and supports the argument presented. | TG: 283-285 |
| 2. Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. | SB: 146 TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| a. Introduce a topic clearly, previewing what is to follow; organize ideas, concepts, and information into broader categories; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| b. Develop the topic with relevant, well-chosen facts, definitions, concrete details, quotations, or other information and examples. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| c. Use appropriate and varied transitions to create cohesion and clarify the relationships among ideas and concepts. | |
| d. Use precise language and domain-specific vocabulary to inform about or explain the topic. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| e. Establish and maintain a formal style. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| f. Provide a concluding statement or section that follows from and supports the information or explanation presented. | TG: 68; 109; 152; 189; 230; 270; 272-277; 278-282 |
| 3. Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. | SB: 73, Telling Your Own Story; 104; 127, Creative Craft, Telling Your Own Story; 183, Creative Craft, Telling Your Own Story; 249, Creative Craft, Telling Your Own Story; 295, Telling Your Own Story; 331, Creative Craft, Telling Your Own Story TG: 68; 109; 152; 189; 230; 270 |

| 9. Draw evidence from literary or informational texts to support analysis, reflection, and research. | TG: 69; 110; 153; 190; 231; 271; 290 |
| Apply <i>grade 8 Reading standards</i> to literature (e.g., "Analyze how a modern work of fiction draws on themes, patterns of events, or character types from myths, traditional stories, or religious works such as the Bible, including describing how the material is rendered new"). | TG: 68; 109; 152; 189; 230; 270; 272-277 |
| Apply <i>grade 8 Reading standards</i> to literary nonfiction (e.g., "Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced"). | TG: 68; 109; 152; 189; 230; 270; 272-277 |
| Range of Writing | |
| 10. Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two). | See Test Types and Purposes and Research to Build, numbers 1-3. and Present, Knowledge, numbers 7-9 above. |
| Speaking & Listening | |
| Comprehension and Collaboration | |
| 1. Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 8 topics, texts, and issues, building on others' ideas and expressing their own clearly. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| a. Come to discussions prepared, having read or researched material under study; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| b. Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed. | |
| c. Pose questions that connect the ideas of several speakers and respond to others' questions and comments with relevant evidence, observations, and ideas. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| d. Acknowledge new information expressed by others, and, when warranted, qualify or justify their own views in light of the evidence presented. | TG: Discussion and Activities on pages 61, 102, 145, 182, 223, 263 |
| 3. Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and relevance and sufficiency of the evidence and identifying when irrelevant evidence is introduced. | SB: 314-318; 327-329 TG: 250; 261 |
| Presentation of Knowledge and Ideas | |
| 4. Present claims and findings, emphasizing salient points in a focused, coherent manner with relevant evidence, sound valid reasoning, and well-chosen details; use appropriate eye contact, adequate volume, and clear pronunciation. | TG: 69; 110; 153; 190; 231; 271; 290; 292 |
| 6. Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. | TG: 69; 110; 153; 190; 231; 271; 290; 292 |

Characteristics and Processes of Science Standards

NS.1.5.1

Make accurate observations

NS.1.5.2

Identify and define components of experimental design used to produce empirical evidence:

- hypothesis
- replication
- sample size
- appropriate use of control
- use of standardized variables

NS.1.5.3

Calculate mean, median, mode, and range from scientific data using SI units

NS.1.5.4

LRPA 5th Grade
Natural World Curriculum Map

Interpret scientific data using

- data tables/charts
- bar graphs
- circle graphs
- line graphs
- stem and leaf plots
- Venn diagrams

NS.1.5.5

Communicate results and conclusions from scientific inquiry

NS.1.5.6

Develop and implement strategies for long-term, accurate data collection

SLE's

2. Identify and define components of *experimental design* used to produce *empirical evidence*:

- *hypothesis*
- replication
- sample size
- appropriate use of control
- use of standardized *variables*

3. Calculate mean, median, mode, and range from scientific data using *SI units*.

4. Interpret scientific data using

- data tables/charts
- bar graphs
- circle graphs

LRPA 5th Grade
Natural World Curriculum Map

- line graphs
 - *stem and leaf plots*
 - Venn diagrams
5. Communicate results and conclusions from scientific inquiry.
 8. Explain the role of observation in the development of a theory.

|----------|--|--|
| 2 | Solve word problems involving addition and subtraction of fractions referring to the same whole, including cases of unlike denominators, e.g., by using visual fraction models or equations to represent the problem. Use benchmark fractions and number sense of fractions to estimate mentally and assess the reasonableness of answers. <i>For example, recognize an incorrect result $2/5 + 1/2 = 3/7$, by observing that $3/7 < 1/2$.</i> | Lessons 23, 41, 43, 59, 60, 63, 75, 91, 39, 116 |
| 3 | Apply and extend previous understandings of multiplication and division to multiply and divide fractions. Interpret a fraction as division of the numerator by the denominator ($a/b = a \div b$). Solve word problems involving division of whole numbers leading to answers in the form of fractions or mixed numbers, e.g., by using visual fraction models or equations to represent the problem. <i>For example, interpret $3/4$ as the result of dividing 3 by 4, noting that $3/4$ multiplied by 4 equals 3, and that when 3 wholes are shared equally among 4 people each person has a share of size $3/4$. If 9 people want to share a 50-pound sack of rice equally by weight, how many pounds of rice should each person get? Between what two whole numbers does your answer lie?</i> | Lessons 26, 28, 31, 32, 66, 67, 72, 86, 87, 94, 99, 101, 107, 110, 112, 113, 114, 116, 118 |
| 4 | Apply and extend previous understandings of multiplication to multiply a fraction or whole number by a fraction. Interpret the product $(a/b) \times q$ as a parts of a partition of q into b equal parts; equivalently, as the result of a sequence of operations $a \times q \div b$. <i>For example, use a visual fraction model to show $(2/3) \times 4 = 8/3$, and create a story context for this equation. Do the same with $(2/3) \times (4/5) = 8/15$. (In general, $(a/b) \times (c/d) = ac/bd$.)</i> | Lessons 41, 42, 44, 46, 47, 49, 53, 57, 58, 59, 61, 62, 66, 67, 68 |
| 4a | | Lessons 40, 43, 58 |
| 4 | | Lessons 40, 43 |
| 4 | | Lessons 46, 76, 86 |
| 4 | | Lessons 48, 49, 50, 53, 54, 55, 56, 57, 58, 65, 76, 88, 89, 96, 104, 111, 115, 117, 118 |
| 4 | | Lesson 76 |

| 7 | <p>Apply and extend previous understandings of division to divide unit fractions by whole numbers and whole numbers by unit fractions.¹</p> <p>[¹ Students able to multiply fractions in general can develop strategies to divide fractions in general, by reasoning about the relationship between multiplication and division. But division of a fraction by a fraction is not a requirement at this grade.]</p> | N/A |
| 7a | <p>Interpret division of a unit fraction by a non-zero whole number, and compute such quotients. <i>For example, create a story context for $(1/3) \div 4$, and use a visual fraction model to show the quotient. Use the relationship between multiplication and division to explain that $(1/3) \div 4 = 1/12$ because $(1/12) \times 4 = 1/3$.</i></p> | <p>Lessons 87, 95</p> <p>Lessons 87, 92, 93, 95, 96, 97</p> <p>Lessons 87, 95</p> |
| 7b | <p>Interpret division of a whole number by a unit fraction, and compute such quotients. <i>For example, create a story context for $4 \div (1/5)$, and use a visual fraction model to show the quotient. Use the relationship between multiplication and division to explain that $4 \div (1/5) = 20$ because $20 \times (1/5) = 4$</i></p> | <p>Learning Stations</p> <p>Lessons 87, 95</p> <p>Lessons 87, , 96</p> <p>Lessons 90, 93, 96</p> |
| 7c | <p>Solve real world problems involving division of unit fractions by non-zero whole numbers and division of whole numbers by unit fractions, e.g., by using visual fraction models and equations to represent the problem. <i>For example, how much chocolate will each person get if 3 people share 1/2 lb of chocolate equally? How many 1/3-cup servings are in 2 cups of raisins?</i></p> | <p>Lesson 87</p> <p>Lessons 92, 93, 94, 95</p> |

Measurement and Data 5.MD
Convert like measurement units within a given measurement system.

Saxon Math Intermediate 5 ©2008
correlated to the
Common Core States Standards for Mathematics (June 2010)
Grade 5

| Standard | Descriptor | Saxon Math Intermediate 5 Citations <i>Italic references indicate foundational.</i> |
|----------|--|--|
| 1 | Convert among different-sized standard measurement units within a given measurement system (e.g., convert 5 cm to 0.05 m), and use these conversions in solving multi-step, real world problems. | <p>Instruction: New Concept Lessons 44, 46, 47, 65, 66, 74, 77, 85</p> <p>Maintenance:</p> <p>Power Up Lessons 76, 78, 91, , 99, 100, 106, 107, 110, 111, 112, 114, 117, 118</p> <p>Written Practice Lessons 44, 45, 46, 47, 50, 65, 67, 74, 75, 77, 85, 86, 89, 90, 97</p> <p>Learning Stations Lessons 47, 65, 66, 74, 77, 85</p> |
| 2 | Represent and interpret data. Make a line plot to display a data set of measurements in fractions of a unit ($\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$). Use operations on fractions for this grade to solve problems involving information presented in line plots. <i>For example, given different measurements of liquid in identical beakers, find the amount of liquid each beaker would contain if the total amount in all the beakers were redistributed equally.</i> | <p>Instruction: New Concept Lesson 74</p> <p>Investigation 5</p> <p>Maintenance: Written Practice Lessons 52</p> |
| 3 | Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition. Recognize volume as an attribute of solid figures and understand concepts of volume measurement. | <p>Instruction: New Concept Lesson 103</p> |
| 3a | A cube with side length 1 unit, called a “unit cube,” is said to have “one cubic unit” of volume, and can be used to measure volume. | <p>Maintenance: Written Practice Lessons 103, 104, 105, 106, 107, 108, 109, 113, 117, 119, 120</p> <p>Learning Stations Lesson 103</p> |

|--|--|--|
| 5b | Apply the formulas $V = l \times w \times h$ and $V = b \times h$ for rectangular prisms to find volumes of right rectangular prisms with whole-number edge lengths in the context of solving real world and mathematical problems. | Lessons 103, 104, 114 |
| | <u>Instruction:</u> New Concept | |
| | <u>Maintenance:</u> Problem Solving | Lessons 105, 108 |
| | Written Practice | Lessons 103, 104, 105, 106, 107, 108, 109, 113, 117, 119, 120 |
| | Learning Stations | Lesson 104 |
| 5c | Recognize volume as additive. Find volumes of solid figures composed of two non-overlapping right rectangular prisms by adding the volumes of the non-overlapping parts, applying this technique to solve real world problems. | Lessons 103, 104, 114 |
| | <u>Instruction:</u> New Concept | |
| | <u>Maintenance:</u> Problem Solving | Lesson 118 |
| Geometry 5.G | | |
| Graph points on the coordinate plane to solve real-world and mathematical problems. | | |
| 1 | Use a pair of perpendicular number lines, called axes, to define a coordinate system, with the intersection of the lines (the origin) arranged to coincide with the 0 on each line and a given point in the plane located by using an ordered pair of numbers, called its coordinates. Understand that the first number indicates how far to travel from the origin in the direction of one axis, and the second number indicates how far to travel in the direction of the second axis, with the convention that the names of the two axes and the coordinates correspond (e.g., x -axis and x -coordinate, y -axis and y -coordinate). | 8 Lessons 101, 103, 104, 105, 107, 112 |
| | <u>Instruction:</u> Investigation | |
| | <u>Maintenance:</u> Written Practice | |

| Standards for Mathematical Practice | 1. | Make sense of problems and persevere in solving them. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 11, pp. 58-61, Example 1-2; Lesson 13, pp. 68-70, Examples 1-3; Lesson 15, pp. 78-79; Lesson 22, pp. 117-119, Examples 1-4; Lesson 36, pp. 187-189; Lesson 50, pp. 259-261; Lesson 66, pp. 342-344; Lesson 68, pp. 349-351; Lesson 77, pp. 399-401; Lesson 105, pp. 548-550; Lesson 111, pp. 582-584</p> <p>Investigation(s): Investigation 9, pp. 470-473; Investigation 10, pp. 524-527</p> <p>MAINTENANCE:</p> <p>Power Up: Lesson 18, p. 93; Lesson 27, p. 141; Lesson 37, p. 191; Lesson 44, p. 231; Lesson 54, p. 280; Lesson 70, p. 358; Lesson 87, p. 452; Lesson 92, p. 479; Lesson 110, p. 573</p> <p>Problem Solving : Lesson 3, p. 18; Lesson 36, p. 187; Lesson 44, p. 231; Lesson 49, p. 254; Lesson 55, p. 285; Lesson 62, p. 324; Lesson 74, pp. 385; Lesson 83, p. 431; Lesson 105, p. 548</p> <p>Written Practice: Lesson 11 (#1, #4), Lesson 24 (#1, #2, #3), Lesson 38 (#2, #3, #28), Lesson 50 (#3, #5), Lesson 69 (#4, #7, #24), Lesson 78 (#4, #16), Lesson 94 (#18), Lesson 110 (#13)</p> <p>Performance Activity: 2</p> | <p>Problem solving is integrated into the <i>Saxon Math</i> program every day. Focusing on a four-step problem solving process, which guides students to understand, plan, solve and check, <i>Saxon Math</i> teaches students a consistent process for evaluating different problem solving situations and persevering in solving them. The four steps closely mirror the different aspects of this Standard for Mathematical Practice, encouraging students to understand the problem and make a plan before solving. Students also end by checking their solutions, providing opportunities to ask, “Does this make sense?” and re-direct if necessary.</p> <p>In <i>Course 1</i>, students begin the year by focusing on problem solving in the Problem-Solving Overview on page 1 of the Student Edition. They use the four-step problem solving process outlined in the overview on daily problem solving opportunities in the Power Up. These build in complexity throughout the year. There is also a problem solving discussion guide for the teacher to guide students to make sense of the problems and use efficient strategies to persevere in solving them. Additional problem solving opportunities occur in the cumulative written practice every day. There are additional Investigations and Performance Tasks for focused activities and applications of complex problems. Many of these are hands-on and explorative in nature. The Teacher’s Manual provides support with questioning prompts, math conversations, and checks for understanding. On page 117B in the Teacher’s Manual Volume 1, you will find one example of a modeled dialogue that highlights the understand, plan, solve and check process. These types of modeled dialogues are provided throughout the program to ensure teachers can support students as they become successful problem solvers.</p> |

| Standards for Mathematical Practice | 2. | Reason abstractly and quantitatively. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 3, pp. 18-21, Examples 1-4; Lesson 4, pp. 24-26, Examples 1-4; Lesson 16, pp. 82-84, Examples 1-5; Lesson 18, pp. 93-96, Examples 1-4; Lesson 59, pp. 306-307, Examples 1-2; Lesson 77, pp. 399-401, Examples 1-2; Lesson 95, pp. 493-494, Examples 1-2; Lesson 103, pp. 538-540; Lesson 118, pp. 617-618</p> <p>Investigation: Investigation 10, pp. 524-527</p> <p>MAINTENANCE: Problem Solving: Lesson 13, p. 68; Lesson 36, p.187; Lesson 44, p. 231; Lesson 49, p. 254; Lesson 54, p. 280; Lesson 70, p. 358; Lesson 92, p. 479; Lesson 107, p. 557</p> <p>Written Practice: Lesson 3 (#17, #18, #21, #24), Lesson 5 (#5, #22, #24), Lesson 16 (#7, #8, #9), Lesson 25 (#2, #23), Lesson 36 (#18, #21, #22, #23, #24), Lesson 43 (#18), Lesson 77 (#4), Lesson 78 (#4), Lesson 118 (#30)</p> | <p>The goal of <i>Saxon Math</i> is to produce mathematically proficient students – including fluency with computational and conceptual understanding. The distributed nature of <i>Saxon Math</i> lends itself naturally to developing abstract and quantitative reasoning. Because students are exposed to different concepts at the same time through incremental instruction and mixed practice, review, and assessment, they learn the importance of making sense of quantities and their relationships and of carefully considering the units involved. Problems do not focus simply on one concept, but rather may involve multiple concepts just as they would in real-world situations. Therefore, it is essential that students are able to make connections, think about what the quantities actually mean in a specific context, and solve appropriately.</p> <p>For example, in the New Concepts portion of Lesson 4, students consider multiplication facts and how they could still be solved if one of the factors were unknown. This requires students to pause to consider how each number is being used and what it means in that particular context.</p> |

|-------------------------------------|----------|--|--|--|
| Standards for Mathematical Practice | 3. | Construct viable arguments and critique the reasoning of others. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 16, pp. 82-84, Examples 1-5; Lesson 51, pp. 268-270, Examples 1-3; Lesson 64, pp. 333-334; Lesson 89, pp. 460-462, Examples 1-4; Lesson 93, pp. 484-485; Lesson 97, pp. 503-505; Lesson 109, pp. 566-569, Examples 1-3</p> <p>MAINTENANCE:</p> <p>Problem Solving: Lesson 3, p. 18; Lesson 5, p. 28; Lesson 7, p. 36; Lesson 15, p. 78; Lesson 18, p. 93; Lesson 26, p. 136; Lesson 28, p. 145; Lesson 34, p. 178; Lesson 43, p. 225; Lesson 56, p. 289; Lesson 64, p. 333; Lesson 72, p. 375; Lesson 83, p. 431; Lesson 99, p. 513; Lesson 103, p. 538; Lesson 110, p. 573; Lesson 117, p. 612</p> <p>Written Practice: Lesson 17 (#3, #4, #12, #13), Lesson 22 (#3, #8, #13, #22), Lesson 53 (#5, #12, #13), Lesson 59 (#6, #7, #24, #25), Lesson 62 (#7, #8, #9, #10, #11), Lesson 91 (#9), Lesson 93 (#15, #25)</p> <p>Performance Activity: 2, 8, 14</p> | <p><i>Saxon Math</i> is based on the belief that people learn by doing. Students learn mathematics not only by watching or listening to others, but by communicating and solving the problems themselves and with their classmates. <i>Saxon Math</i>'s incremental and distributed structure enables students to view the big picture of mathematics and therefore make viable arguments between and among all of the math strands. Additionally, Math Conversations in the Teacher's Manuals provide discussion questions that help students construct viable arguments and critique the reasoning of others in a constructive environment. For example, on page 11 of the Teacher's Manual Volume 1, several Math Conversations are provided. Teachers ask students questions like "Why was addition used to find the answer?" This gives students the opportunity to express their reasoning and respond to the reasoning of others.</p> |

| Standards for Mathematical Practice | 4. | Model with mathematics. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 1, pp. 8-10, Examples 1-6; Lesson 26, pp. 136-139, Examples 1-5; Lesson 83, pp. 431-433, Examples 1-3; Lesson 98, pp. 508-510; Examples 1-2; Lesson 117, pp. 612-614, Examples 1-2</p> <p>Investigation(s) Investigation 2, pp.109-111; Investigation 6, pp. 314-319; Investigation 11, pp. 578-581</p> <p>MAINTENANCE:</p> <p>Problem Solving: Lesson 10, p. 50; Lesson 17, p. 87; Lesson 24, p. 127; Lesson 30, p. 156; Lesson 34, p. 178; Lesson 39, p. 200; Lesson 70, p. 358; Lesson 78, p. 404; Lesson 98, p. 508; Lesson 117, p. 612</p> <p>Written Practice Lesson 28 (#9, #10, #16, #22, #24, #25, #27), Lesson 31 (#4, #5, #8, #17, #28, #29), Lesson 43 (#27, #29, #30), Lesson 52 (#19, #20, #25, #27, #30), Lesson 69 (#1, #17, #26, #30), Lesson 77 (#4, #5, #19, #20), Lesson 81 (#7, #8, #21, #22, #30), Lesson 90 (#4, #9, #10, #23, #30), Lesson 110 (#3, #4, #8, #23, #24, #30)</p> <p>Performance Activity: 6, 10</p> | <p>Students use many different types of models throughout <i>Saxon Math</i> to analyze mathematical relationships and solve problems. Models serve as visual aids to help make sense of situations so students truly understand the problem at hand and both how and why their solutions work.</p> <p>For example, in Lesson 26, students use fraction manipulatives to model fractions. This allows them to concretely see and experience the fractions and gain a better understanding of what they mean.</p> |

Common Core State Standards for Mathematics, Grade 6

| Domain | Text of Objective | Saxon Math Course 1 Citations | Description |
|-------------------------------------|-------------------------|---|---|
| Standards for Mathematical Practice | 6. Attend to precision. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 7, pp. 37-39, Examples 1-3; Lesson 8, pp. 42-44, Examples 1-2; Lesson 10, pp. 50-52, Examples 1-3; Lesson 28, pp. 145-148, Examples 1-2; Lesson 31, pp. 164-166, Examples 1-3; Lesson 32, pp. 169-171, Examples 1-4; Lesson 60, pp. 310-312, Examples 1-3; Lesson 69, pp. 353-355, Examples 1-2; Lesson 78, pp. 404-405, Examples 1-2; Lesson 81, pp. 421-423, Examples 1-4; Lesson 90, pp. 465-467, Examples 1-3; Lesson 102, pp. 533-535, Examples 1-2; Lesson 113, pp. 592-594, Examples 1-4; Lesson 120, pp. 626-627</p> <p>Investigation(s): Investigation 3, pp. 161-163; Investigation 11, pp. 578-581; Investigation 12, pp. 630-636</p> <p>MAINTENANCE: Written Practice: Lesson 8 (#4, #16, #25), Lesson 10 (#1, #3, #4), Lesson 11 (#1, #4, #5), Lesson 12 (#1, #2, #3, #5), Lesson 13 (#12, #18, #22), Lesson 15 (#8, #9, #22), Lesson 31 (#4, #5, #6), Lesson 36 (#8, #10), Lesson 45 (#23), Lesson 71 (#24, #30)</p> | <p>Saxon students are encouraged to attend to precision throughout the program, both directly in their student materials and indirectly through teacher tips in the Teacher's Manual.</p> <p>Additionally, because practice, review and assessment are mixed, it is especially important that students precisely identify units and symbols to accurately assess how to solve the problem correctly. Not all questions will cover the same concept, so students learn to look carefully at each situation and attend to precision in their answers.</p> <p>For example, in Lesson 7, students measure with both inches and centimeters and must attend to precision to apply the appropriate units to their solutions. Example 3 explicitly addresses this concept, pointing out how different units can be used to measure the same things but certain units are more appropriate than others.</p> |

|-------------------------------------|----------|--|---|--|
| Standards for Mathematical Practice | 7. | <p>Look for and make use of structure.</p> | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION: New Concept: Lesson 5, pp. 29-30, Examples 1-3; Lesson 12, pp. 64-66, Examples 1-5; Lesson 21, pp. 112-114, Examples 1-3; Lesson 24, pp. 127-129, Examples 1-5; Lesson 25, pp. 132-134, Examples 1-5; Lesson 32, pp. 169-171, Examples 1-4; Lesson 34, pp. 178-180, Examples 1-2; Lesson 43, pp. 225-228, Examples 1-4; Lesson 44, pp. 231-233, Examples 1-3; Lesson 46, pp. 239-242, Examples 1-5; Lesson 52, pp. 272-273, Examples 1-2; Lesson 65, pp. 337-340, Examples 1-2; Lesson 67, pp. 346-347; Lesson 72, pp. 375-376; Lesson 84, pp. 437-438; Lesson 92, pp. 479-481, Examples 1-3; Lesson 113, pp. 592-594, Examples 1-4</p> <p>MAINTENANCE: Written Practice: Lesson 5 (#9, #10, #11, #12), Lesson 15 (#23), Lesson 46 (#4, #10, #12), Lesson 48 (#4, #5, #13), Lesson 52 (#4), Lesson 85 (#23), Lesson 90 (#27), Lesson 93 (#10, #26), Lesson 94 (#8, #14)</p> | <p><i>Saxon Math</i> emphasizes structure throughout the program, explicitly teaching number properties as well as how concepts connect. A strong focus on number properties also prepares students to utilize structure in problem-solving situations. Because the fundamentals of numbers and operations are highlighted in every lesson through mixed review, students develop a strong sense of mental math and comfort composing and decomposing numbers.</p> <p>For example, in the problem solving section of Lesson 12, students are asked to consider ways to calculate the sum of the first ten natural numbers. Going through the four-step problem solving process, they identify the need to make the problem simpler. Students then discover that adding certain pairs of numbers together uncovers a pattern that helps solve the problem. For example, 1 plus 10, 2 plus 9, 3 plus 8, and so on all equal 11. This allows students to see that adding the first ten natural numbers is the same thing as multiplying 11 times five, uncovering how structure can be used to make problem solving easier.</p> |

| Standards for Mathematical Practice | 8. | Look for and express regularity in repeated reasoning. | <p>This standard is covered throughout the program; the following are examples.</p> <p>INSTRUCTION:</p> <p>New Concept: Lesson 10, pp. 50-52, Examples 1-3; Lesson 22, pp. 117-119, Examples 1-5; Lesson 25, pp. 132-134, Examples 1-5; Lesson 29, pp. 150-154, Examples 1-7; Lesson 33, pp. 174-175, Examples 1-2; Lesson 35, pp. 182-185, Examples 1-6; Lesson 42, pp. 222-223, Examples 1-2; Lesson 46, pp. 240-242, Examples 1-5; Lesson 55, pp. 285-287; Lesson 56, pp. 289-292, Examples 1-4; Lesson 57, pp. 295-296, Examples 1-2; Lesson 63, pp. 329-330; Lesson 74, pp. 385-387, Examples 1-4; Lesson 75, pp. 390-392, Examples 1-6; Lesson 76, pp. 395-396, Examples 1-2; Lesson 85, pp. 441-443, Examples 1-4; Lesson 94, pp. 488-490, Examples 1-4; Lesson 99, pp. 513-514; Lesson 112, pp. 587-589; Lesson 115, pp. 602-603; Lesson 116, pp. 606-608; Lesson 117, pp. 612-614, Examples 1-2</p> <p>MAINTENANCE:</p> <p>Problem Solving: Lesson 1, p. 7; Lesson 4, p. 23; Lesson 11, p. 58; Lesson 12, p. 63; Lesson 16, p. 82; Lesson 80, p. 413; Lesson 94, p. 488; Lesson 102, p. 533; Lesson 109, p. 566</p> <p>Written Practice: Lesson 10 (#1, #3, #4), Lesson 22 (#4, #5, #6), Lesson 23 (#2, #5, #6, #13), Lesson 31 (#1, #3, #8), Lesson 43 (#4, #5, #17), Lesson 48 (#2, #13, #14), Lesson 117 (#21, #25), Lesson 118 (#3, #11, #26)</p> | <p>Regularity and repeated reasoning are supported throughout <i>Saxon Math</i> program to ensure students understand their importance and how they can be used to solve problems. Repeated reasoning scenarios allow students to make better sense of number and operations.</p> <p>In <i>Course 1</i>, the daily Power Up provides practice and support with mental math, problem solving, and number sense. Students build strong generalization, problem solving strategies, and reasoning skills with this daily reinforcement. They are able to see patterns and connections between number concepts through an algebraic perspective, particularly with ratios, algebraic expressions, and proportions. Concepts are introduced through examples and explanation, connecting back to previous mastered concepts. This aids in students' ability to look for repeated reasoning and maintain an oversight of processes. This guides student's conceptual understanding and facilitates deep connections between all math strands. There are further Investigations and Performance Tasks giving students additional opportunities for seeing and communicating reasonableness of solutions.</p> <p>An example of expressing regularity in repeated reasoning can be found in Lesson 46. Students explore the idea that whenever they multiply by a power of ten, it corresponds to a shift in the decimal point. This repeated reasoning can be simplified into a rule that aids in problem solving.</p> |

| 6.RP Ratios and Proportional Relationships | | Understand ratio concepts and use ratio reasoning to solve problems. | <p>In <i>Course 1</i>, students learn how to solve to a wide variety of ratio and rate problems. In the beginning of the book in Lesson 23 the students are introduced to the basics of a ratio or rate problem so that by Lesson 80 they are able to solve real world mathematical problems and can describe the relationship between the two quantities. As the year progresses students are able to find the missing values in tables, (Lesson 88) they can plot pairs of values on a coordinate plane, (Lesson 96) are able to work with Unit Multipliers (Lesson 114) and can solve problems to find the percent of a quantity as a rate (Lesson 119). Students are able to practice solving rate or ratio problems in the mental math portion of the power-up, the problem solving problems, the frequent practice sets, and are given cumulative assessments throughout the year to ensure mastery.</p> |
| | 6.RP.1 | Understand the concept of a ratio and use ratio language to describe a ratio relationship between two quantities. | <p><u>INSTRUCTION:</u> New Concept: Lesson 23, pp. 122-123, Examples 1-2</p> <p><u>MAINTENANCE:</u> Problem Solving: Lessons 36, 57, 87, 91, 118</p> <p>Written Practice: Lesson 23 (#26, #30); Lesson 24 (#9); Lesson 25 (#17); Lesson 28 (#28); Lesson 30 (#6); Lesson 31 (#22); Lesson 32 (#23); Lesson 35 (#30); Lesson 39 (#30); Lesson 44 (#23); Lesson 54 (#19, #23); Lesson 57 (#18); Lesson 61 (#19); Lesson 82 (#21); Lesson 84 (#1, #30); Lesson 90 (#26); Lesson 98 (#29); Lesson 103 (#5); Lesson 104 (#3); Lesson 109 (#3); 118 (#6)</p> |
| | 6.RP.2 | Understand the concept of a unit rate a/b associated with a ratio $a:b$ with $b \neq 0$, and use rate language in the context of a ratio relationship. ¹ Expectations for unit rates in this grade are limited to non-complex fractions. | <p><u>INSTRUCTION:</u> New Concept: Lesson 23, pp. 123-124, Examples 3-4</p> <p><u>MAINTENANCE:</u> Problem Solving: Lessons 78, 91</p> <p>Written Practice: Lesson 23 (#4); Lesson 24 (#18); Lesson 26 (#23); Lesson 28 (#13); Lesson 30 (#3); Lesson 32 (#3, #30); Lesson 98 (#29); Lesson 107 (#3)</p> |

|------------------------|----------|---|---|
| 6.NS The Number System | | Apply and extend previous understandings of multiplication and division to divide fractions by fractions. | The groundwork that <i>Saxon Math</i> laid in earlier grade levels in multiplication, division, and working with fractions creates a straightforward transition for the students to be able to divide fractions by fractions. In <i>Course 1</i> , students are shown, using visual fraction models, how to divide using fractions and are able to interpret and compute quotients of fractions (Lesson 54). Throughout the school year, the students are able to practice word problems about dividing fractions by fractions in the written practice problems and the teacher can ensure mastery by the results of the cumulative assessments. |
| | 6.NS.1 | Interpret and compute quotients of fractions, and solve word problems involving division of fractions by fractions, e.g., by using visual fraction models and equations to represent the problem. | <p>INSTRUCTION: New Concept: Lesson 54, pp. 280-283, Examples 2-3</p> <p>MAINTENANCE: Written Practice: Lesson 54 (#22), Lesson 55 (#24), Lesson 56 (#28), Lesson 57 (#57), Lesson 58 (#19), Lesson 59 (#10), Lesson 60 (#8), Lesson 62 (#1), Lesson 69 (#2), Lesson 72 (#27)</p> |
| | | Compute fluently with multi-digit numbers and find common factors and multiples. | Learning how to find the Greatest Common Factor and Least Common Multiple is a tool that students will need for Algebra. Lesson 20 teaches the students how to find the greatest common factor of any two numbers and how to use the distributive property to express the sum of two whole numbers with a common factor with a sum of two whole numbers without a common factor. In Lesson 30, students are taught how to find the least common multiple of any two numbers. <i>Saxon Math</i> uses the standard algorithms to teach students addition, subtraction, multiplication, and division. In <i>Course 1</i> , students are immersed in working with multi-digit decimal problems for each operation and are giving ample practice problems in both power-up and written practice to ensure mastery. This standard is repeatedly practiced in the practice set and assessed in the cumulative assessment throughout the year to ensure a deep level of mathematical understanding. |

|--------------------------------|----------|---|---|
| 6.EE Expressions and Equations | 6.EE.3 | Apply the properties of operations to generate equivalent expressions. | <p>INSTRUCTION: New Concept: Lesson 1, pp. 7-10, Example 5; Lesson 2, pp. 12-16, Example 4; Lesson 5, pp. 29-30 Standards Success Activity : Activity 10A</p> <p>MAINTENANCE: Problem Solving: Lesson 114, p. 597; Lesson 116, p. 606 Written Practice: Lesson 2 (#21, #22, #23, #26), Lesson 3 (#25, #26, #28), Lesson 6 (#27, #28, #29), Lesson 7 (#23, #26), Lesson 8 (#14, #15), Lesson 11 (#26, #29), Lesson 13 (#23, #26), Lesson 19 (#18)</p> |
| | 6.EE.4 | Identify when two expressions are equivalent (i.e., when the two expressions name the same number regardless of which value is substituted into them). Reason about and solve one-variable equations and inequalities. | <p>INSTRUCTION: Standards Success Activity: Activity 10A</p> <p>Throughout <i>Course 1</i>, students are able to work with solving equations using the order of operations. Students are able to name all parts of an equation using mathematical terms, (sum, difference, product, and quotient) and are able to evaluate variables in mathematical expressions. Starting in Lesson 3, students are able to solve simple one step equations with one variable in the question. In Lesson 9 students are able to write, solve and graph inequalities and in Lesson 15 the student can solve real world mathematical problems that have one variable in the problem. With Saxon's cumulative review each day the students are able to practice past concepts learned throughout the year and teachers can easily monitor student progress with Power Up, cumulative review and cumulative tests included in the program, again ensuring that students develop a high level of mathematical understanding.</p> |

|--------------|----------|---|---|
| | | Solve real-world and mathematical problems involving area, surface area, and volume. | In <i>Course 1</i> students are able to apply the techniques taught on area, surface area, and volume to solve real world mathematical problems. In Investigation 6, students learn how to break apart polygons and three dimensional shapes to be able to find the area and surface area. In Investigation 7, students are able to plot polygons on coordinate planes and work towards construction of scale drawings for seventh grade. Throughout the school year the students are able to discuss, develop and justify formulas used to find the area and volume of shapes by completing the written practices, extension activities, and investigations. The teacher can ensure mastery by having the students complete the cumulative and benchmark assessments |
| 6.G Geometry | 6.G.1 | Find the area of right triangles, other triangles, special quadrilaterals, and polygons by composing into rectangles or decomposing into triangles and other shapes; apply these techniques in the context of solving real-world and mathematical problems. | <p><u>INSTRUCTION:</u> New Concept: Lesson 71, pp. 368-372, Example 2; Lesson 79, pp. 408-410, Examples 1-2; Lesson 107, pp. 557-558 Standards Success Activity: Activity 11</p> <p><u>MAINTENANCE:</u> Power Up: Lesson 32, p. 169; Lesson 33, p. 174; Lesson 45 p. 235 Problem Solving: Lesson 41, p. 216; Lesson 69, p. 353 Written Practice Lesson 79 (#7), Lesson 80 (#4, #5), Lesson 81 (#7), Lesson 83 (#23), Lesson 84 (#5, #6, #9), Lesson 89 (#9, #10), Lesson 90 (#9), Lesson 94 (#23), Lesson 100 (#22), Lesson 106 (#27), Lesson 113 (#17, #24), Lesson 115 (#18, #27), Lesson 116 (#1, #18), Lesson 118 (#18), Lesson 119 (#17)</p> |

|---------------------------------|----------|--|--|
| 6.SP Statistics and Probability | | Develop understanding of statistical variability. | In Investigation 1 of Course 1, students study the process of data collection. Through this investigation students are able to answer a statistical question and are able to describe the distribution by its center, spread and overall shape. In Investigation 5, students are able to recognize the difference between the measure of center and measure of variability. Statistical variation questions are continuously practiced and reviewed throughout the year and appear both on the practice sets and cumulative tests to ensure deep and long-lasting understanding. |
| | 6.SP.1 | Recognize a statistical question as one that anticipates variability in the data related to the question and accounts for it in the answers. | <p>INSTRUCTION: Investigation(s): Investigation 4, pp. 211-215; Investigation 5, pp. 264-267 Standards Success Activity: Activity 4A</p> <p>MAINTENANCE: Written Practice: Lesson 89 (#23, #24, #25)</p> |
| | 6.SP.2 | Understand that a set of data collected to answer a statistical question has a distribution which can be described by its center, spread, and overall shape. | <p>INSTRUCTION: Investigation(s): Investigation 1, pp. 54-57; Investigation 4, pp. 211-215; Investigation 5, pp. 264-267 Standards Success Activity: Activity 5B</p> <p>MAINTENANCE: Written Practice: Lesson 16 (#30), Lesson 24 (#30), Lesson 56 (#17, #23, #24)</p> |

| Standards for Mathematical Practice | 1. | Make sense of problems and persevere in solving them. | <p><u>INSTRUCTION:</u> New Concept: Lesson 1, pp. 7-10; Lesson 11, pp. 75-79; Lesson 14, pp. 93-98; Lesson 22, pp. 157-159; Lesson 28, pp. 194-197; Lesson 41, pp. 296-299; Lesson 50, pp. 352-355; Lesson 52, pp. 369-372; Lesson 55, pp. 386-389; Lesson 81, pp. 562-565; Lesson 106, pp. 739-741 Investigation: Investigation 4, pp. 293-295; Investigation 8, pp. 558-561; Investigation 11, pp. 773-777</p> <p><u>MAINTENANCE:</u> Problem Solving: Lesson 1, p. 6; Lesson 14, p. 93; Lesson 20, p. 134; Lesson 28, p. 194; Lesson 30, p. 208; Lesson 34, p. 241; Lesson 45, p. 323; Lesson 56, p. 393; Lesson 68, p. 480; Lesson 74, p. 518; Lesson 81, p. 562; Lesson 100, p. 693; Lesson 109, p. 759; Lesson 117, p. 817 Written Practice: Lesson 3, pp. 24-25 (#1, #2, #15); Lesson 14, pp. 98-99 (#1, #2, #5); Lesson 17, pp. 118-119 (#2, #13, #20); Lesson 24, pp. 172-174 (#3, #5); Lesson 31, pp. 225-227 (#1, #2, #16); Lesson 54, pp. 382-385 (#9, #16, #24); Lesson 71, pp. 504-506 (#2, #3, #20); Lesson 87, pp. 600-603 (#2, #17, #18); Lesson 96, pp. 664-667 (#1, #3); Lesson 107, pp. 751-753 (#3, #16, #24); Lesson 115, pp. 806-808 (#1, #9, #12); Lesson 120, pp. 841-843 (#1, #11)</p> <p>Standards Success Activity: Activity 7, pp. 13-14, Activity 9, pp. 17-18, Activity 10, pp. 19-20, Activity 11, pp. 21-22, Activity 12, pp. 23-24, Activity 17, pp. 33-34, Activity 26, pp. 51-52</p> | <p>Developing enthusiastic, independent, and proficient problem solvers is the focus of the <i>Saxon Math</i> series. To reinforce this commitment from day one, <i>Course 2</i> opens with a “Problem-Solving Overview” on pages 1 - 5. Working from Polya’s classic four-step problem solving process, and beginning with ten general strategies, students are guided to understand the information that has been provided and the question being asked, to plan accordingly, to use their plan to solve the problem while remaining open to re-direction, and to check their solution for reasonableness and possible extensions.</p> <p>The process and strategies outlined in the overview are discussed daily in the Problem Solving portion of the daily Power Up, and practiced daily in the integrated Written Practice, where students are not only expected to solve, but to also formulate problems. All problems build in complexity throughout the year, and to support good questioning, teacher materials include a “Problem Solving Discussion Guide” for each Power-Up, and “Math Conversation” prompts for each Lesson and Written Practice.</p> <p>Saxon’s pedagogy of daily integrating and gently evolving domains simultaneously naturally promotes perseverance. Students are provided both the time to master and the material to maintain skill sets. This avoids the current phenomenon of students learning enough to get by on the next test but forgetting those skills shortly thereafter, forcing them to be reviewed again the following year.</p> |

| Standards for Mathematical Practice | 2. | Reason abstractly and quantitatively. | <p><u>INSTRUCTION:</u> New Concept: Lesson 3, pp. 21-23; Lesson 12, pp. 83-85; Lesson 14, pp. 93-98; Lesson 79, pp. 545-546; Lesson 96, pp. 660-663; Lesson 100, pp. 693-696 Investigation: Investigation 8, pp. 558-561</p> <p><u>MAINTENANCE:</u> Problem Solving: Lesson 2, p. 13; Lesson 5, p. 34; Lesson 6, p. 40; Lesson 15, p. 100; Lesson 34, p. 241; Lesson 38, p. 273; Lesson 45, p. 323; Lesson 56, p. 393; Lesson 64, p. 453; Lesson 66, p. 466; Lesson 79, p. 545; Lesson 90, p. 618 Written Practice: Lesson 3, pp. 24-25 (#2, #7, #9); Lesson 4, pp. 32-33 (#7, #9, #10); Lesson 13, pp. 90-92 (#1, #3, #7); Lesson 14, pp. 98-99 (#2, #5, #30); Lesson 16, pp. 111-113 (#1, #4, #14); Lesson 90, pp. 621-623; Lesson 96, pp. 664-667 (#14, #27); Lesson 100, pp. 696-698 (#2, #11, #18); Lesson 101, pp. 707-709 (#7, #10, #28); Lesson 102, pp. 714-716 (#1, #18, #24)</p> <p>Standards Success Activity: Activity 16, pp. 31-32, Activity 17, pp. 33-34, Activity 22, pp. 43-44, Activity 23, pp. 45-46, Activity 26, pp. 51-52, Activity 27, pp. 53-54</p> | <p>The foundation of the <i>Saxon Math</i> series is mathematically proficient students, as measured by computational fluency, effective modeling of conceptual understanding, and meaningful application of concepts. Daily Written Practice does not focus simplistically on one standard at a time, but involves multiple domains just as real-world situations require. Examples and Practice Problems in the student text are marked with blue icons signifying to students the need to coherently “Generalize,” “Represent,” “Formulate,” and “Model” their work. Students develop habits of fluency and flexibility in both contextualizing (generating models of their understanding) and decontextualizing (simplifying a problem into symbolic form).</p> |

The <i>Saxon Math</i> series seeks to produce mathematically proficient students who can then use the quantitative skills they have honed to create solutions, and apply quantitative methods to practical challenges. Examples and Practice Problems in the student text are marked with blue icons signifying to students the need to “Represent,” “Formulate,” and “Model” their work. Visual support throughout the program ensures that students are able to represent mathematical situations using charts, tables, and other graphic organizers to guide their understanding of increasingly complex problems.</p> <p>One key example in <i>Course 2</i> involves the ratio box. First introduced in Lesson 53, this problem-solving tool serves as an important middle step that allows students to model a concrete mathematical problem before making the leap to an abstract proportional relationship. It is first used for straightforward ratio word problems but gradually builds towards more complicated problem-solving situations, including (but not limited to) percent of change, scale models, and successive discounts.</p> |

This begins with concrete models at the primary level, regularly includes representational tools such as graphs, charts, tables and diagrams, and moves to more sophisticated tools like geometry software at the secondary level. Saxon offers instruction and guidance for appropriate use of tools throughout the program, and has compiled a complete manipulative set for grades 6–8. Icons in the margins of the textbook indicate to students appropriate places for use of scientific calculators, and graphing calculator icons indicate related/extension activities available on-line.</p> <p>Alongside the standard use of tools, “Alternate Approach with Manipulatives” notes in the Teacher Manual and the “Adaptation Teaching Guide” provide additional techniques for working with at-risk students via standard manipulatives, reference guides, and adaptation prompts. Students learn how these tools and resources can support them in solving problems without over-relying on them or letting them impede their ability to solve problems independently.</p> |

| Standards for Mathematical Practice | 6. | Attend to precision. | <p>INSTRUCTION: New Concept: Lesson 8, pp. 54-58; Lesson 15, pp. 100-104; Lesson 17, pp. 115-118; Lesson 20, pp. 134-139; Lesson 32, pp. 228-231; Lesson 34, pp. 241-244; Lesson 35, pp. 247-251 Investigation: Investigation 2, pp. 143-148; Investigation 3, pp. 216-220; Investigation 10, pp. 699-703; Investigation 11, pp. 773-777</p> <p>MAINTENANCE: Problem Solving: Lesson 69, p. 485; Lesson 79, p. 545; Lesson 80, p. 550; Lesson 82, p. 569 Written Practice: Lesson 15, pp. 105-106 (#3, #5, #8); Lesson 16, p. 112 (#5, #6, #9); Lesson 21, pp. 154-156 (#3, #4, #25); Lesson 22, pp. 160-161 (#7, #11, #28); Lesson 32, pp. 233-234 (#15, #29, #30); Lesson 34, pp. 245-246 (#12, #14, #27); Lesson 35, pp. 252-253 (#9, #11, #14); Lesson 37, pp. 270-272 (#3, #16, #28); Lesson 66, pp. 468-471 (#3, #18, #30); Lesson 86, pp. 595-597 (#15, #20)</p> <p>Standards Success Activity: Activity 2, pp. 3-4, Activity 3, pp. 5-6</p> | <p>To ensure students calculate accurately and efficiently, and then maintain that proficiency, 30 fully integrated and evolving Written Practice problems have been designed to daily guarantee students' minds do not go on autopilot, which is the brain's natural tendency when presented with too many of the same thing in a single sitting. Conscientious effort has been made by author Stephen Hake to guarantee that if, for example, a proportional reasoning problem is to be posed daily, that it be presented from different perspectives so as to very naturally require and instill attention to detail. Students may simply define the process on one day, represent the problem symbolically the next day, formulate their own problem, or generate a solution – but for different components each time. Each practice and assessment question is referenced to its lesson of initial instruction to encourage students to reference rather than guess when in doubt.</p> <p>Automaticity of basic skill sets is promoted with a 2-3 minute timed practice set that opens the Power-Up portion of each lesson.</p> <p>Parallel to the student textbook, the “Student Adaptation Workbook” provides additional starting points, hints/tips for progressing, and reminders to label to encourage and reinforce precision with special needs and at-risk students.</p> |

| Standards for Mathematical Practice | 7. | Look for and make use of structure. | <p>INSTRUCTION: New Concept: Lesson 2, pp. 14-18; Lesson 9, pp. 60-63; Lesson 15, pp. 100-104; Lesson 19, pp. 128-131; Lesson 41, pp. 296-299; Lesson 52, pp. 369-372; Lesson 81, pp. 562-565; Lesson 85, pp. 586-589; Lesson 101, pp. 704-707; Lesson 106, pp. 739-741; Lesson 108, pp. 754-755 Investigation: Investigation 11, pp. 773-777</p> <p>MAINTENANCE: Written Practice Lesson 3, p. 24 (#3, #5, #6); Lesson 7, pp. 51-52 (#2, #23, #24); Lesson 14, p. 99 (#8, #21, #22); Lesson 19, pp. 131-133 (#4, #8, #30); Lesson 27, pp. 191-193 (#9, #6, #16); Lesson 41, pp. 299-301 (#9, #14, #29); Lesson 42, pp. 305-308 (#8, #19, #21); Lesson 59, pp. 417-419 (#14, #28); Lesson 60, pp. 423-426 (#21, #22); Lesson 81, pp. 565-568 (#10, #16, #26); Lesson 85, pp. 585-591 (#17, #28); Lesson 101, pp. 707-709 (#5, #11, #13); Lesson 107, pp. 751-753 (#11, #16, #30)</p> <p>Standards Success Activity: Activity 20, pp. 39-40, Activity 21, pp. 41-42, Activity 27, pp. 53-54</p> | <p><i>Saxon Math</i> builds solid structure throughout the program first by explicitly teaching number properties and how concepts connect, and then by encouraging students to use both problem solving strategies and their skill fluency to notice possible patterns and apply basic structures to new or unique challenges. Saxon’s program gradually evolves from these particulars to the deeper structures inherent in the discipline.</p> <p>The integrated Written Practice takes this one step further by forcing students to develop flexibility in their mathematical understanding. Rather than presenting 20 identical problems with slightly different numeration side-by-side, <i>Saxon Math</i> asks students to practice a myriad of concepts from different strands on a daily basis, ensuring that their use of structure is not simply a function of the problem type.</p> <p>Author Stephen Hake is careful to phrase examples and practice problems of a single concept in a variety of ways to assure flexibility of student thinking exists within the fluency. “What is NOT?” is a frequent form of questioning, and blue icons identify “Connect,” “Classify,” and “Analyze” questions within the Written Practice that require students to step back, get an overview of the problem at hand, and shift their perspective if necessary.</p> |

| Standards for Mathematical Practice | 8. | Look for and express regularity in repeated reasoning. | <p><u>INSTRUCTION:</u> New Concept: Lesson 4, pp. 29-31; Lesson 6, pp. 40-43; Lesson 24, pp. 169-172; Lesson 27, pp. 188-191; Lesson 115, pp. 804-806 Investigation: Investigation 8, pp. 558-561, Investigation 11, pp. 773-777</p> <p><u>MAINTENANCE:</u> Problem Solving: Lesson 1, p. 6; Lesson 12, p. 82; Lesson 16, p. 107; Lesson 21, p. 149; Lesson 42, p. 302 Written Practice: Lesson 4, pp. 32-33 (#4, #5, #17); Lesson 5, pp. 38-39 (#2, #6, #28); Lesson 8, pp. 58-59 (#1, #4, #26); Lesson 25, pp. 179-181 (#9, #13, #30); Lesson 26, pp. 185-187 (#9, #14, #21); Lesson 28, pp. 197-199 (#7, #8, #15); Lesson 31, pp. 225-227 (#21, #29); Lesson 117, pp. 821-824 (#2, #13, #19); Lesson 119, pp. 834-836 (#8)</p> | <p>Distributing the instruction of key concepts over the course of the school year allows Saxon curriculum to daily visit the ever increasing “big picture,” while attending to finer and finer detail. The development of regularity and repeated reasoning in Saxon students happens over the entire year rather than “cramming” repeated exposures to skills and concepts into a massed practice set or a three-week chapter or unit. This is a much more natural progression of skills, allowing students to discover these patterns and develop a deeper mathematical understanding at their own pace.</p> <p>“Shortcuts” are not introduced or utilized in Saxon until students exemplify proficiency with all subskills of the skill set. For instance, in Lesson 16 of <i>Course 2</i> students revisit function tables, and in Investigation 3 the coordinate plane. They proceed to plotting (Lesson 56) and graphing (Investigation 9) functions, solve and transform literal equations (Lesson 106), and define slope (Lesson 107), but not until Lesson 116 is the “aha” – the shortcut - of using the slope-intercept method of graphing linear equations utilized. Frequently in Saxon, the shortcut has already been discovered and utilized by students themselves by the time it is formally introduced.</p> |

| Standards for Mathematical Practice | 1. | Make sense of problems and persevere in solving them. | <p><u>INSTRUCTION:</u> New Concept: Lesson 3, pp. 19-22; Lesson 4, pp. 27-28; Lesson 34, pp. 223-226; Lesson 87, pp. 580-582; Lesson 89, pp. 593-596; Lesson 105, pp. 697-699 Investigation: Investigation 2, pp. 132-138; Investigation 7, pp. 476-478; Lesson 10, pp. 670-674; Lesson 12, pp. 782-784</p> <p><u>MAINTENANCE:</u> Power Up: Lesson 2, pp. 11-12; Lesson 8, pp. 47-48; Lesson 13, p. 85; Lesson 23, pp. 153-154; Lesson 40, p. 264; Lesson 56, p. 382; Lesson 73, p. 491; Lesson 85, p. 568; Lesson 98, p. 651 Problem Solving: Lesson 1, p. 6; Lesson 12, p. 78; Lesson 23, p. 153; Lesson 35, p. 229; Lesson 45, p. 308; Lesson 53, p. 360; Lesson 64, p. 435; Lesson 76, p. 507; Lesson 83, p. 557; Lesson 92, p. 617; Lesson 102, p. 681; Lesson 115, p. 754 Written Practice: Lesson 3, pp. 23-24(#1, #2, #3, #4, #5, #6, #7); Lesson 4, pp. 28-30(#1, #2, #3, #4, #5, #25); Lesson 5, pp. 33-35(#1, #2, #3, #4, #6, #9, #17); Lesson 6, pp. 38-40 (#1, #2, #3, #11); Lesson 7, pp. 45-46 (#4, #5, #7); Lesson 18, pp. 117-119 (#26, #27); Lesson 26, pp. 174-175; Lesson 37, pp. 248-249 (#11); Lesson 38, pp. 254-256 (#5-#8); Lesson 39, pp. 261-263 (#28); Lesson 40, pp. 268-270 (#4, #5, #27); Lesson 87, pp. 582-583 (#2, #7); Lesson 90, p. 603 (#1); Lesson 91, pp. 603-604 (#1, #16); Lesson 94, p. 631 (#3); Lesson 105, pp. 699-700 (#4, #12); Lesson 106, pp. 704-705 (#2, #5, #9); Lesson 108, pp. 715-716 (#7, #12, #13, #14)</p> <p>Standards Success Activity: Activity 16, pp. 31-32</p> | <p>Developing enthusiastic and proficient problem solvers is the focus of the <i>Saxon Math</i> series. To reinforce this commitment from day one, <i>Course 3</i> opens with a “Problem-Solving Overview” on pages 1 - 5. Working from Polya’s classic four-step problem solving process, and beginning with ten general strategies, students are reminded to understand the information that has been provided and the question being asked, to plan accordingly before beginning, to solve the problem while remaining open to re-direction, and to check their solution for reasonableness and possible extensions. Additional emphasis is placed at this level of problem solving on solving most efficiently, and the ability to effectively communicate in writing a process and results.</p> <p>The process and strategies outlined in the overview are discussed daily in the Problem Solving portion of the daily Power Up, and practiced daily in the integrated Written Practice, where students are not only expected to solve, but to also formulate problems. All problems build in complexity throughout the year, and to support good questioning, teacher materials include a “Problem Solving Discussion Guide” for each Power-Up, and “Math Conversation” prompts for each Lesson and Written Practice.</p> <p>Saxon’s pedagogy of daily integrating and gently evolving domains simultaneously naturally promotes perseverance. Students are provided both the time to master and the material to maintain skill sets. This avoids the current phenomenon of students learning enough to get by on the next test but forgetting those skills shortly thereafter, forcing them to be reviewed again the following year</p> |

|-------------------------------------|----------|---------------------------------------|--|---|
| Standards for Mathematical Practice | 2. | Reason abstractly and quantitatively. | <p>INSTRUCTION: New Concept: Lesson 3, pp. 19-23; Lesson 17, pp. 108-111; Lesson 59, pp. 401-403; Lesson 89, pp. 593-596 Investigation: Investigation 7, pp. 476-478; Investigation 9, pp. 606-609</p> <p>MAINTENANCE: Power Up: Lesson 20, p. 126; Lesson 21, p. 139; Lesson 25, p. 163; Lesson 29, p. 186; Lesson 33, p. 218; Lesson 44, p. 300; Lesson 61, p. 415; Lesson 66, p. 446; Lesson 75, p. 502; Lesson 90, p. 599 Problem Solving: Lesson 12, p. 78; Lesson 15, pp. 97-97; Lesson 17, p. 108; Lesson 25, p. 163; Lesson 37, p. 245; Lesson 45, p. 308; Lesson 54, p. 367; Lesson 61, p. 415; Lesson 72, p. 486; Lesson 79, p. 525; Lesson 94, p. 629; Lesson 99, p. 658; Lesson 109, p. 717; Lesson 118, p. 768 Written Practice: Lesson 17, pp. 111-113 (#27, #28); Lesson 18, pp. 117-119 (#26, #27); Lesson 21, pp. 144-145 (#6, #8, #11, #12, #20); Lesson 24, pp. 161-162 (#4, #5,); Lesson 26, pp. 174-175; Lesson 59, Lesson 89, p. 597 (#19); Lesson 93, p. 628 (#17)</p> <p>Standards Success Activity: Activity 6, pp. 11-12; Activity 14, pp. 27-28; Activity 20, pp. 39-40</p> | <p>The foundation of the <i>Saxon Math</i> series is mathematically proficient students, as measured by both computational fluency and in modeling conceptual understanding with numbers and variables in expressions, equations, and inequalities. Daily Written Practice does not focus simplistically on one standard at a time, but rather involves multiple domains just as real-world situations require. Examples and Practice Problems in the student text are marked with blue icons signifying to students the need to coherently “Generalize,” “Represent,” “Formulate,” and “Model” their work. Students develop habits of fluency and flexibility in both contextualizing (generating models of their understanding) and decontextualizing (simplifying a problem into symbolic form).</p> |

The <i>Saxon Math</i> series seeks to produce mathematically proficient students who can then use the quantitative skills they have honed to create solutions, and apply quantitative methods to practical challenges. Examples and Practice Problems in the student text are marked with blue icons signifying to students the need to “Represent,” “Formulate,” and “Model” their work. Activities in the Student Edition and active learning prompts in the margin of the Teacher’s Edition highlight opportunities for students to apply their mathematical understanding as they model real-world situations.</p> |

| Standards for Mathematical Practice | 5. | Use appropriate tools strategically. | <p>INSTRUCTION: New Concept: Lesson 16, pp. 103-105; Lesson 18, pp. 114-117; Lesson 28, pp. 181-183; Lesson 30, pp. 192-194; Lesson 38, pp. 251-254; Lesson 73, pp. 491-494, Lesson 87, pp. 580-582 Investigation: Investigation 2, pp. 132-138</p> <p>MAINTENANCE: Written Practice: Lesson 39, pp. 261-263 (#28); Lesson 43, pp. 297-299 (#5, #30); Lesson 76, pp. 512-513 (#10, #13, #24)</p> <p>Standards Success Activity: Activity 10, pp. 19-20</p> | <p>Saxon Math requests and requires the use of grade level appropriate tools for instruction and problem solving. This begins with concrete models at the primary level, regularly includes representational tools such as diagrams, graphs and tables, and moves to more sophisticated tools like geometry software at the secondary level. Saxon offers instruction and guidance for appropriate use of tools throughout the program, and has compiled a complete manipulative set for the middle school. Icons in the margins of the textbook indicate to students appropriate places for use of calculators, and formal instruction in the use of graphing calculators is part of Course 3. Graphing calculator icons in the textbook indicate additional related/extension activities available on-line.</p> <p>Alongside the standard use of tools, “Alternate Approach with Manipulatives” notes in the Teacher Manual and the “Adaptation Teaching Guide” provide additional techniques for working with at-risk students via standard manipulatives, reference guides, and adaptation prompts.</p> |

| Standards for Mathematical Practice | 6 | Attend to precision. | <p>INSTRUCTION: New Concept: Lesson 8, pp. 48 – 51; Lesson 18, pp. 114 – 117; Lesson 42, pp. 287-290; Lesson 43, pp. 294-297; Lesson 76, pp. 507-511, Lesson 86, pp. 574-578; Lesson 87, pp. 580-582; Lesson 91, pp. 610-613; Lesson 117, pp. 763-766</p> <p>MAINTENANCE: Power Up: Lesson 1, pp. 6-7; Lesson 4, pp. 26-27; Lesson 6, p. 36; Lesson 8, p. 47; Lesson 10, p. 60; Lesson 18, p. 114; Lesson 32, p. 210; Lesson 38, pp. 250-251; Lesson 42, p.287; Lesson 49, p. 330; Lesson 61, p. 415; Lesson 79, p. 525; Lesson 95, p. 634</p> <p>Problem Solving: Lesson 32, p. 210</p> <p>Written Practice: Lesson 8, pp. 51-53 (#1-4); Lesson 10, pp. 66-67 (#5-9, #19, #22); Lesson 12, pp. 83-84 (#6-8, #21, #23); Lesson 13, pp. 90-91 (#4, #6-14.); Lesson 22, pp. 150-152 (#8-11, #13); Lesson 26, pp. 174-175; Lesson 42, pp. 290-293 (#3); Lesson 43, pp. 297-299 (#5, #30); Lesson 45, pp. 310-312 (#1, #3, #4); Lesson 47, pp. 324-325; Lesson 77, p. 518 (#22); Lesson 78, p. 523 (#19, #20); Lesson 86, pp. 578-579 (#4, #25); Lesson 87, pp. 582-583 (#1, #2, #5, #7); Lesson 91, pp. 614 (#4, #6, #9, #15); Lesson 94, pp. 631, 633 (#3, #22)</p> <p>Standards Success Activity: Activity 8, pp. 15-16; Activity 9, pp. 17-18; Activity 13, pp. 25-26</p> | <p>To ensure students use appropriate terminology correctly, communicate precisely, calculate accurately and efficiently, and then maintain that proficiency, 30 fully integrated and evolving Written Practice problems have been designed to daily guarantee students' minds do not go on autopilot, which is the brain's natural tendency when presented with too many of the same thing in a single sitting. Conscientious effort has been made by author Stephen Hake to guarantee that if, for example, a function is to be posed daily, that it be presented from different perspectives so as to very naturally require and instill the practice of attention to detail. Students may simply define a function on one day, evaluate or compare functions the next day, and/or use a function to model a relationship between quantities the following day. Each practice and assessment question is referenced to its lesson of initial instruction to encourage students to reference rather than guess when in doubt.</p> <p>Automaticity of basic skill sets is promoted with a 2-3 minute timed practice set that opens the Power-Up portion of each lesson.</p> <p>Parallel to the student textbook, the "Student Adaptation Workbook" provides additional starting points, hints/tips for progressing, and reminders to label to encourage and reinforce precision with special needs and at-risk students.</p> |

| Standards for Mathematical Practice | 8. | Look for and express regularity in repeated reasoning. | <p>INSTRUCTION: New Concept: Lesson 15, pp. 98-101; Lesson 21, pp. 140-143; Lesson 61, pp. 415-418; Lesson 73, pp. 491-494; Lesson 97, pp. 646-648; Lesson 102, pp. 681-683 Investigation: Investigation 10, pp. 670-674</p> <p>MAINTENANCE: Problem Solving: Lesson 26, p. 169; Lesson 37, p. 245; Lesson 40, p. 264; Lesson 42, p. 287; Lesson 44, p. 300; Lesson 48, p. 326; Lesson 51, p. 346; Lesson 59, p. 400; Lesson 103, p. 686; Lesson 107, p. 707; Lesson 111, p. 731; Lesson 116, p. 758 Written Practice: Lesson 22, pp. 150-152 (#8-11); Lesson 23, pp. 156-158 (#12, #13, #20); Lesson 26, pp. 174-175; Lesson 29, pp. 189-191; Lesson 73, p. 495 (#11); Lesson 74, pp. 500-501 (#7, #13, #15); Lesson 76, p. 513 (#13, #14); Lesson 97, p. 650 (#12, #23); Lesson 98, p. 655 (#6, #18); Lesson 102, pp. 683-684 (#4, #15, #16, #19); Lesson 108, p. 715 (#10)</p> <p>Standards Success Activity: Activity 2, pp. 3-4</p> | <p>Distributing the instruction of concepts over the course of the year allows Saxon curriculum to visit the ever-increasing “big picture” on a daily basis while attending to finer and finer detail. Multiple opportunities are provided over the course of the school year for students to solve and model like problems to ensure they are developing connections, cohesiveness, and flexibility in their work within the grade level standard.</p> <p>“Shortcuts” are not introduced or utilized in Saxon until students exemplify proficiency with all subtasks of the skill set. For instance, in Investigation 1 of <i>Course 3</i> students revisit graphing points on the coordinate plane, and in Lesson 41 define functions, describe their rules, and identify their graphs. In Lesson 44 they define the slope of a line, and in Lesson 47 graph functions, but not until Lesson 56 is the “aha” – the shortcut - of using the slope-intercept method of graphing linear equations utilized. Frequently in Saxon, the shortcut has already been discovered and utilized by students themselves by the time it is formally introduced.</p> |

|---------------------------------|----------|---|---|
| 8.SP Statistics and Probability | 8.SP.1 | Construct and interpret scatter plots for bivariate measurement data to investigate patterns of association between two quantities. Describe patterns such as clustering, outliers, positive or negative association, linear association, and nonlinear association. | <p>Students in <i>Course 3</i> will build upon basic plotting of data points (Investigation 1) to begin determining relationships between two sets of data points: is the association negative or positive, and to what degree? Were “outlier” data points valid or a measurement error? Students begin working with two sets of data points in Investigation 6 of <i>Course 3</i> and provide opportunities to practice on a daily basis throughout the remainder of the course. Concepts regarding bivariate data for 8th grade are built upon at the following points within <i>Course 3</i>:</p> <p>Investigation 1 Graphing on a Coordinate Plane Investigation 6 Collect, Display, Interpret Data Extension Activity 13 Two-way Tables Investigation 8 Scatter Plots Extension Activity 16 Scatter Plots and Model Fit Lesson 113 Using Scatter Plots to Make Predictions Extension Activity 23 Patterns in Scatter Plots</p> <p>INSTRUCTION: New Concept: Lesson 113, pp. 742-745 Investigation: Investigation 8, pp. 538-544</p> <p>MAINTENANCE: Written Practice: Lesson 97, p. 650 (#25); Lesson 101, p. 680 (#24) Graphing Calculator Activities: Activity 16 (Investigation 8), pp. 538-544</p> <p>Standards Success Activity: Activity 23, pp. 45-46</p> |
| | 8.SP.2 | Know that straight lines are widely used to model relationships between two quantitative variables. For scatter plots that suggest a linear association, informally fit a straight line, and informally assess the model fit by judging the closeness of the data points to the line. | <p>INSTRUCTION: New Concept: Lesson 113, pp. 742-745 Investigation: Investigation 8, pp. 538-544</p> <p>MAINTENANCE: Written Practice: Lesson 97, p. 650 (#25); Lesson 101, p. 680 (#24) Graphing Calculator Activities: Activity 16 (Investigation 8), pp. 538-544</p> <p>Standards Success Activity: Activity 16, pp. 31-32</p> |

| RI.3.5 | Use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently. | Reading Presentation Book A: (Lesson Exercise) 28.3, 34.4, 35.3, 47.3, 55.4, 66.3 Reading Presentation Book B: (Lesson Exercise) 74.4, 79.4, 81.3, 89.5 Reading Textbook 1: Lessons 28.B, 34.C, 35.B, 47.B, 55.B, 66.B Reading Textbook 2: Lessons 74.B, 79.C, 81.B, 89.C Research Projects Activities Across the Curriculum: Activity 24 |
| RI.3.6 | Distinguish their own point of view from that of the author of a text. | This concept is not covered at this level. |
| Reading Standards for Informational Text: Integration of Knowledge and Ideas | | |
| RI.3.7 | Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur). | Reading Presentation Book A: (Lesson Exercise) 2.2, 3.3, 4.3, 5.3, 6.3, 7.2, 8.2, 8.3, 9.3, 11.2, 12.3, 13.3, 13.4, 15.3, 17.3, 19.3, 21.3, 22.3, 23.3, 24.4, 25.3, 26.3, 27.3, 33.4, 34.3, 43.4, 44.3, 45.3, 46.4, 53.4, 53.5, 54.3, 54.4, 56.4, 57.3, 59.4, 61.4, 67.5 Reading Presentation Book B: (Lesson Exercise) 74.4, 78.3, 79.3, 79.4, 81.3, 82.3, 83.4, 86.4, 87.4, 89.4, 89.5, 91.3, 92.3, 93.3, 97.3, 98.3, 98.4, 115.3, 116.3, 117.4, 119.3, 121.4, 122.3, 125.3, 126.2, 126.3, 127.3, 129.3, 131.3, 133.3, 133.4, 135.3, 138.2, 139.2 Reading Textbook 1: Lessons 2.B, 3.B, 4.B, 5.B, 6.B, 7.B, 8.B, 8.C, 9.C, 11.B, 12.B, 13.B, 13.C, 13.D, 15.B, 17.B, 19.B, 21.B, 22.B, 23.B, 24.C, 25.C, 26.B, 27.B, 33.B, 34.B, 43.B, 44.B, 45.B, 46.B, 53.B, 53.C, 54.B, 54.C, 56.B, 57.B, 59.B, 61.B, 67.B Reading Textbook 2: Lessons 74.B, 78.B, 79.B, 79.C, 81.B, 82.B, 83.B, 86.B, 87.B, 88.B, 88.C, 91.B, 92.B, 93.B, 97.B, 98.B, 115.B, 116.B, 117.B, 119.B, 121.B, 122.B, 125.B, 126.B, 126.C, 127.B, 129.B, 131.B, 133.B, 1333.C, 135.B, 138.B, 139.B Language Presentation Book B: (Lesson Exercise) 82.2, 83.2, 84.2, 87.2, 89.3, 91.1, 92.2, 93.2, 94.2, 95.2, |

3rd Grade CCSS ELA Monthly Map

| Reading Foundational Skills: Phonics and Word Recognition | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| Know and apply grade-level phonics and word analysis skills in decoding words. a. Identify and know the meaning of the most common prefixes and derivational suffixes. | x | | | | | | | | | |
| Read with sufficient accuracy and fluency to support comprehension. Use context to confirm or self-correct word recognition and understanding, rereading as necessary. | | x | | | | | | | | |
| Know and apply grade-level phonics and word analysis skills in decoding words. b. Decode words with common Latin suffixes. | | x | | | | | | | | |
| Know and apply grade-level phonics and word analysis skills in decoding words. c. Decode multisyllabic words. | | | x | | | | | | | |
| Know and apply grade-level phonics and word analysis skills in decoding words. d. Read grade-appropriate irregularly spelled words. | | | | x | | | | | | |
| Reading Foundational Skills: Fluency | | | | | | | | | | |
| Read with sufficient accuracy and fluency to support comprehension. a. Read on-level text with purpose and understanding. | | | | | | | | x | x | x |
| Read with sufficient accuracy and fluency to support comprehension. b. Read on-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings. | | | | | | | | x | | |

| Reading for Literature Key Ideas and Details | S | O | N | D | J | F | M | A | M | J |
|--|---|---|---|---|---|---|---|---|---|---|
| Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers. | x | x | x | | x | | | | | |
| Describe characters in a story (e.g. their traits, motivations, or feelings) and explain how their actions contribute to the sequence of events. | x | | | | | | | | | |
| Recount stories, including fables and folktales from diverse cultures determine the central message, lesson, or moral and explain how it is conveyed through key details in the text. | | | | x | | | | | | |
| Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text, using language that pertains to time, sequence, and cause/effect. | | | | | | | x | | | |

| Reading for Informational Text: Range of Reading and Level of Text Complexity | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 2-3 text complexity band independently and proficiently. | x | | | | | | | | | |
| By the end of the year, read and comprehend informational texts, including history/social studies, science, and technical texts, at the high end of the grades 2-3 text complexity band independently and proficiently. | x | | | | | | | | | |

| Reading for Informational Text: Craft and Structure | S | O | N | D | J | F | M | A | M | J |
|--|---|---|---|---|---|---|---|---|---|---|
| Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area. | | x | x | | x | | | | | |
| Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language. | | | | x | | | | | | |
| 3. Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers. | | | x | | | | | | | |
| Distinguish their own point of view from that of the author of a text. | | | | | | x | | | | |

| | | | | | | | | | | | | |
|---|--|--|--|--|--|--|---|--|---|--|--|--|
| Distinguish their own point of view from that of the narrator or those of the characters. | | | | | | | x | | | | | |
| Refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza; describe how each successive part builds on earlier sections. | | | | | | | | | x | | | |

| Reading for Informational Text: Integration of Knowledge and Ideas | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where when, why, and how key events occur). | | | | | x | | | | | |
| Describe the logical connection between particular sentences and paragraphs in a text (e.g., comparison, cause/effect, first/second/third in a sequence). | | | | | x | | x | | | |
| Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting). | | | | | x | | | | | |
| Compare and contrast the most important points and key details presented in two texts on the same topic. | | | | | | x | | x | | |
| Compare and contrast the themes, settings, and plots of stories written by the same author about the same or similar characters (e.g., in books from a series). | | | | | | x | | | | |
| Report on a topic or text, tell a story, or recount an experience with appropriate facts and relevant, descriptive details, speaking clearly at an understandable pace. | | | | | | | | | x | x |

| Speaking and Listening: Comprehension and Collaboration | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 3 topics and texts, building on others' ideas and expressing their own clearly. a. Come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion. | x | | | | | | | | | |
| b. Follow agreed-upon rules for discussions (e.g., gaining the floor in respectful ways, listening to others with care, speaking one at a time about the topics and texts under discussion). | x | | | | | | | | | |
| c. Ask questions to check understanding of information presented, stay on topic, and link their comments to the remarks of others. | x | | | | | | | | | |
| d. Explain their own ideas and understanding in light of the discussion. | x | | | | | | | | | |
| Determine the main ideas and supporting details of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally. | | x | | | | | | | | |
| Ask and answer questions about information from a speaker, offering appropriate elaboration and detail. | | | | | x | | | | | |

| Speaking and Listening: Presentation of Knowledge and Skills | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| Create engaging audio recordings of stories or poems that demonstrate fluid reading at an understandable pace; add visual displays when appropriate to emphasize or enhance certain facts or details. | | | | | | | | x | | |
| Speak in complete sentences when appropriate to task and situation in order to provide requested detail or clarification. (See grade 3 Language standards 1 and 3 for specific expectations.) | | x | | | | | | | | |

| Language: Vocabulary Acquisition and Use | S | O | N | D | J | F | M | A | M | J |
|--|---|---|---|---|---|---|---|---|---|---|
| Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 3 reading and content, choosing flexibly from a range of strategies. c. Use a known root word as a clue to the meaning of an unknown word with the same root (e.g., company, companion). | x | | | | | | | | | |
| Acquire and use accurately grade-appropriate conversational words and phrases | x | | x | | | | | | | |
| Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 3 reading and content, choosing flexibly from a range of strategies. b. Determine the meaning of the new word formatted when a known affix is added to a known word (e.g., agreeable/disagreeable, comfortable/uncomfortable, care/careless, heat/preheat). | | x | | | | | | | | |
| Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 3 reading and content, choosing flexibly from a range of strategies. a. Use sentence-level context as a clue to the meaning of a word or phrase. | | | x | | | | | | | |
| Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 3 reading and content, choosing flexibly from a range of strategies. d. Use glossaries or beginning dictionaries, both print and digital, to determine or clarify the precise meaning of key words and phrases. | | | | x | | | | | | |
| Demonstrate understanding of word relationships and nuances in word meanings. Distinguish the literal and nonliteral meanings of words and phrases in context (e.g., take steps). | | | | x | | | | | | |
| Acquire and use accurately grade-appropriate conversational, and domain-specific words and phrases, including those that signal spatial and temporal relationships (e.g., After dinner that night we went looking for them). | | | | | | | | x | | x |

| Language: Conventions of Standard English | S | O | N | D | J | F | M | A | M | J |
|--|---|---|---|---|---|---|---|---|---|---|
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Explain the function of nouns and pronouns. | | | x | | x | | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. b. Form and use regular and irregular plural nouns. | | | x | | | | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. c. Use abstract nouns (e.g., childhood). | | | x | | | | | | | |
| Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. b. Use commas in greetings and closings of letters. | | | | x | | | | | | |
| Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. c. Use commas in addresses. | | | | x | | | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. d. Form and use regular and irregular verbs. | | | | | x | | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. e. Form and use the simple (e.g., I walked; I walk; I will walk) verb tenses. | | | | | x | | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. f. Ensure subject-verb and pronoun-antecedent agreement. | | | | | x | | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Explain the function of adjectives and adverbs in general and their functions in particular sentences. | | | | | | x | | | | |
| Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. g. Form and use comparative and superlative adjectives and adverbs, and choose between them depending on what is to be modified. | | | | | | x | | | | |
| Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. g. Consult reference materials, including beginning dictionaries, as needed to check and correct spellings. | | | | | | | x | | | |
| Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. d. Form and use possessives. | | | | | | | x | | | |

| | | | | | | | | | | | | |
|--|--|--|--|--|--|--|--|--|--|--|---|---|
| Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Capitalize appropriate words in titles. | | | | | | | | | | | x | x |
| Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. e. Use conventional spelling for high-frequency and other studied words and for adding suffixes to base words (e.g., sitting, smiled, cries, happiness). | | | | | | | | | | | x | x |
| f. Use spelling patterns and generalizations (e.g., word families, position-based spellings, syllable patterns, ending rules, meaningful word parts) in writing words. | | | | | | | | | | | x | x |

| Knowledge of Language | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| Use knowledge of language and its conventions when writing, speaking, reading, or listening. | | | x | | | | | | | |
| Recognize and observe differences between the conventions of spoken and written standard English. | | | x | | | | | | | |
| Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Choose words and phrases for effect. | | | | | | | | | x | x |

| Writing: Text Types and Purposes | S | O | N | D | J | F | M | A | M | J |
|--|---|---|---|---|---|---|---|---|---|---|
| Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences. a. Establish a situation and introduce a narrator and/or characters; organize an event sequence that unfolds naturally. | x | | | | | | | | | |
| b. Use dialogue and descriptions of actions, thoughts, and feelings to develop experiences and events or show the response of characters to situations. | x | | | | | | | | | |
| c. Use temporal words and phrases to signal event order. | x | | | | | | | | | |
| d. Provide a sense of closure. | x | | | | | | | | | |
| Write informative/explanatory texts to examine a topic and convey ideas and information clearly. a. Introduce a topic and group related information together; include illustrations when useful to aiding comprehension. | | | x | | | | | | | |
| b. Develop the topic with facts, definitions, and details. | | | x | | | | | | | |
| c. Use linking words and phrases (e.g., also, another, and, more, but) to connect ideas within categories of information. | | | x | | | | | | | |
| d. Provide a concluding statement or section. | | | x | | | | | | | |
| With guidance and support from peers and adults, develop and strengthen writing as needed by revising | | | x | | | | | | | |
| Write opinion pieces on topics or texts, supporting a point of view with reasons. a. Introduce the topic or text they are writing about, state an opinion, and create an organizational structure that lists reasons. | | | | | x | | | | | |
| b. Provide reasons that support the opinion. | | | | | x | | | | | |
| c. Use linking words and phrases (e.g., because, therefore, since, for example) to connect opinion and reasons. | | | | | | x | | | | |
| d. Provide a concluding statement or section. | | | | | | x | | | | |

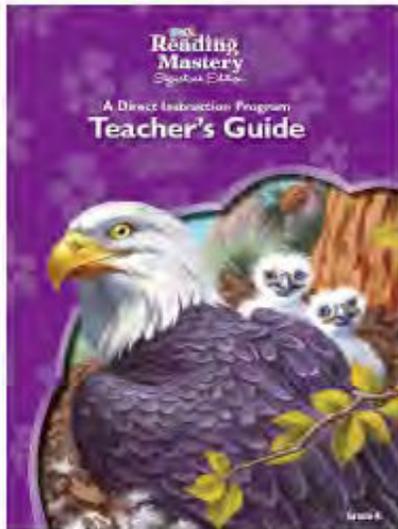

| Writing: Production and Distribution of Writing | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| With guidance and support from peers and adults, develop and strengthen writing as needed by planning. | | x | | | | | | | | |
| With guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose. (Grade-specific expectations for writing types are defined in standards 1-3 above.) | | | | x | | | | | | |
| With guidance and support from peers and adults, develop and strengthen writing as needed by editing. (Editing for conventions should demonstrate command of Language standards 1-3 up to and including grade 3). | | | | x | | | | | | |
| With guidance and support from adults, use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others. | | | | | | | x | | | |

| Range of Writing | S | O | N | D | J | F | M | A | M | J |
|---|---|---|---|---|---|---|---|---|---|---|
| Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences. | | x | | | | | | | | |

| Writing: Research to Build and Present Knowledge | S | O | N | D | J | F | M | A | M | J |
|--|---|---|---|---|---|---|---|---|---|---|
| Conduct short research projects that build knowledge about a topic. | | | | | | | x | | | |
| Use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently. | | | | | | | x | | | |
| Recall information from experience or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories. | | | | | | | | x | | |
