Statement from ADE Commissioner Johnny Key

"This announcement by Mr. Kurrus represents two significant milestones for the Little Rock School District. Having a modern education facility in southwest Little Rock that will provide 21st Century learning opportunities should create excitement for the students and families in that part of the city. At the same time, this agreement on the former Leisure Arts facility will allow us to determine the feasibility of converting this building to meet the educational needs of students in a rapidly growing part of the city. I fully support moving to the next steps of both of these initiatives."
